### Section 1131

He didn't even need to make a move, he didn't even need to make a look.

It can deter countless powerful forces.

There is such a ruthless person sitting in the sect.

God King Yuanhe naturally has no worries anymore.

He can rest assured and sit back and watch Duan Changqing break through to the God King realm.

Sit back and watch the sect rise.

...

### Chapter 794 The Master of Evergreen Palace

Zhang Yuhe and Divine King Yuanhe stood in the air, while countless Donghua Palace disciples went out to guard.

Everyone was excited while looking at the vast spiritual energy craze.

And I can't help but yearn for it.

This is the aura of the Supreme God King.

Wan Fenghai, Fu Feixue, and Sun Zhenshan stood quietly outside the mountain gate.

Seeing the spiritual tide surging in the distance, the three of them couldn't help but feel fascinated.

There were once four pillars of Donghua, but now there are only three of them left.

As the senior brother of Donghua Palace.

Duan Changqing finally took this step and left them far behind.

Wan Fenghai said with emotion.

"I don't know when we will reach this point."

Fu Feixue shook her head and said leisurely.

"too difficult."

"Not to mention that the bottleneck of the God King is as difficult as climbing to the sky, even if the rules are completed, I don't know how long it will take."

Sun Zhenshan next to him also followed suit.

"yes."

"Countless years have passed since our practice."

"Just the completion of the rules has been stuck for hundreds of billions of years."

"Speaking of which, Senior Brother Duan's circumstances are truly enviable."

"When he went out to introduce the Lord of the Galaxy Palace, he was intercepted and killed by an alien evil god on the way."

"With the assistance of the Lord of the Galaxy Palace, Senior Brother Duan killed the monk outside the realm of the God King in one fell swoop."

"Finding an opportunity from it, we finally pushed the Sky-Splitting Rules to the realm of great success."

"Later, it was the Lord of the Galaxy Palace who helped him get the Divine Flower."

"Senior Brother Duan finally took this crucial step."

Speaking of which.

Sun Zhenshan looked at the two people next to him and asked hesitantly.

"You guys think, can we go find a god king monk to challenge him?"

"See if we can speed up the progress of understanding the rules?"

Wan Fenghai sneered and responded lightly.

"Don't seek death."

"Have you forgotten the original mine dispute, when you faced Tianyang Sect Liu Yuanguang?"

"With our current strength, it is simply a fool's errand to think about attacking the Supreme God King."

Hear this.

Sun Zhenshan couldn't help but fell into silence.

He just said that.

He knows the power of the Supreme God King better than anyone else.

If any True God cultivator can perform two moves in the hands of the Supreme God King.

That can be regarded as an unparalleled talent.

Although their talents are not bad, their cultivation has already reached the peak of the True God Realm.

But compared to the God King monks, it was far behind.

When he first faced Liu Yuanguang.

The three of them didn't even have any ability to resist.

Liu Yuanguang only used this amount of energy to crush them to death.

Only Duan Changqing, with all his strength to activate the law, could barely withstand a few moves.

In the end, if it weren't for Zhang Yuhe, timely support would be in place.

They may have perished long ago.

Think of this.

Sun Zhenshan said with emotion.

"Tell me, Master of the Galaxy Palace, why you can practice so fast and burst out with such strong strength."

"When he was at the eighth level of the True God Realm, he could easily suppress the God King monks."

Hear this.

Wan Fenghai, who was next to him, said leisurely.

"How can the Lord of the Galaxy Palace be a genius who is comparable to ordinary people?"

"I advise you not to think too much about the Lord of the Galaxy Palace."

"Otherwise, I'm afraid you will despair."

Wan Fenghai finished speaking.

The three of them couldn't help but look silent.

yes.

Duan Changqing broke through to the God King Realm. It can be said that they have accumulated enough.

It's a coincidence.

It's good luck.

If they are so lucky.

Maybe he can also break through to the God King realm.

But Zhang Yuhe, that's completely different.

Zhang Yuhe didn't seem to have any special opportunity.

People do that every day, staying in the sect and practicing quietly.

He can still soar into the sky and be promoted to the Supreme God King early.

Such an incredible talent.

Just thinking about it makes people despair.

I simply don't dare to compare it to it.

On the contrary, Duan Changqing's growth can be traced.

Seems more real.

...

Duan Changqing sat cross-legged on the training platform and slowly operated the exercises.

The aura of divine power surged around him.

The majestic spiritual energy formed a huge vortex in the sky above Changqing Mansion.

The spiritual energy frenzy centered on Changqing Mansion and quickly spread to the surrounding areas.

It soon swept across the entire Donghua world and continued to spread into the distant void.

The vision of the God King covers the sky and the sun.

Although the vision of Duan Changqing's breakthrough cannot be compared with Zhang Yuhe's.

But the huge spiritual energy frenzy still caused huge shocks in Donghua Territory.

Looking into the distance, the spiritual tide fills the sky.

Everybody knows.

There is another Supreme God King in Donghua Palace who is about to be born.

It has only been 50 billion years since Zhang Yuhe's last breakthrough.

A new god king monk was born.

A God King appears every 50 billion years, even more powerful than the Desert Court.

Everyone understands.

With the Galaxy Palace Master in charge.

The rise of the Donghua Palace in the future is unstoppable.

Time passes slowly.

Section 1132

The sweeping tide of spiritual energy became more and more violent.

It was not until a hundred years later that it slowly stabilized.

Zhang Yuhe stood quietly in the sky, his expression indifferent.

Duan Changqing was in the process of breaking through the Divine King Realm.

He naturally could not continue to retreat.

He needed help to protect the law.

But it didn't matter.

It took a normal cultivator a few hundred years to break through the Divine King Realm.

This time was nothing.

And now the spiritual tide was surging.

Not only Zhang Yuhe could not continue to practice, but even the surrounding half of the Donghua Realm.

All the cultivators could no longer attract spiritual energy.

All the spiritual energy around was converging towards Duan Changqing.

When the cultivators broke through, they were so domineering.

If it was a breakthrough to the Eternal Realm.

Even the cultivators in the entire realm would be disturbed by the spiritual energy frenzy.

It might last for tens of thousands of years, and no one else could practice peacefully.

Another two hundred years passed.

The spiritual tide gathered quickly, and then slowly dissipated.

The wind and clouds dissipated, and the sky became clear again.

A strong aura spread quickly from Changqing Mansion to the surroundings.

Yuanhe God King said excitedly.

"Success."

"Finally, the fifth God King cultivator appeared in our Donghua Palace."

Zhang Yuhe smiled and nodded.

He responded with emotion.

"Yes, it is indeed not easy."

"The bottleneck of God King is like a natural moat. Those who can cross this step are completely one in ten thousand."

"Brother Duan can reach this step because he has accumulated enough in his daily life."

"Otherwise, it would definitely not be so smooth."

"Haha, Brother Yuhe is modest."

"If it weren't for you to exchange the Divine Flower for him."

"Whether Changqing can take this step is hard to say."

Yuanhe God King laughed, and then he waved his sleeves.

Then he said to Zhang Yuhe.

"Let's go, let's go over to congratulate Changqing."

After saying this.

Yuanhe God King took off into the air and flew quickly towards Changqing Mansion.

Zhang Yuhe followed closely.

The two flew and landed outside Changqing Mansion.

When Duan Changqing walked out of the mansion.

Yuanhe God King immediately shouted happily.

"Changqing, congratulations."

Zhang Yuhe also smiled and said.

"Senior Brother Duan, congratulations."

Duan Changqing hurriedly bowed to the two.

Then he walked in front of Zhang Yuhe and said solemnly.

"The Palace Master gave me the divine flower before, and Changqing didn't have time to thank me."

"Thank you for the support of the Palace Master, Changqing can get to this point."

Zhang Yuhe responded with a smile.

"Senior Brother Duan, you don't have to be polite. We are all in Donghua Palace, and we should support each other."

"Besides."

"If it weren't for Senior Brother's guidance, I don't know where I would be wandering now, haha."

The three had a good chat outside the mansion.

Soon.

Donghua Palace came out with news.

A celebration of the God King will be held for Duan Changqing in 100,000 years.

Taoist friends from all sides are invited to participate.

...

Chapter 795 Nine-step God King

Duan Changqing broke through to the God King realm, and the whole Donghua Palace was in jubilation.

The faces of the disciples were all filled with excited smiles.

Including Duan Changqing, the newly promoted Changqing Palace Master.

From now on.

Donghua Palace has five God King Palace Masters.

The sect where the five supreme God Kings sit in the entire desert heavenly realm.

No matter how you count it, it is a large force at the upper level.

What's more.

They also have a mighty Galaxy Palace Master.

Donghua Palace has such a momentum.

Everyone feels very proud.

The sect is strong, which means that they can get better benefits.

A new God King Palace Master was born, how can everyone not be excited.

Zhang Yuhe stood on the training platform, silently looking into the distance.

Duan Changqing's successful breakthrough also relieved some of the pressure on him.

Not counting the two God Kings Donghua and Duantian,

Now except himself.

There are also Duan Changqing and Yuanhe Palace Master, two God King cultivators sitting in the sect.

Zhang Yuhe believes.

Even if he is not there in the future.

Duan Changqing and Yuanhe God King can fully protect the safety of the sect.

He no longer needs to worry about the affairs of the sect.

He only needs to practice with peace of mind and pursue the path of the great way in his heart.

Zhang Yuhe slowly sat down and silently circulated the Chaos God and Demon Heavenly Scripture.

The divine power around him quickly swarmed towards him.

Zhang Yuhe silently felt himself while circulating the exercises.

In the past 50 billion years.

The original body and the clone practiced together.

Now, it is only a hair's breadth away from the nine-step God King.

Zhang Yuhe plans to use this time to break through to the nine-step God King realm as soon as possible.

In addition to cultivation.

In the understanding of the rules of the great way.

Zhang Yuhe has made great progress.

The clone in the Desert Courtyard has been quietly reading in the Taoist world for more than 40 billion years.

Finally, I have read all the classics in the entire Daozang world.

With this huge amount of knowledge,

Zhang Yuhe's understanding of the Chaos Sea has reached another level.

Now he can clearly sense the origin of the Chaos Sea.

He can comprehend countless rules of the Great Dao from the origin.

Section 1133

By reading a large number of classics.

The rules of the great road that Zhang Yuhe has understood over the years.

There are more than two thousand kinds.

And all the power of these rules has been advanced to the level of perfection.

Three thousand avenues.

He already has more than half of it.

Zhang Yuhe believes it.

When he will reach the peak of God King in cultivation, he will make some corresponding preparations.

You can succeed at any time.

Throughout the ages.

A person like him who can master so many rules of the avenue.

There must be none.

Zhang Yuhe is looking forward to it very much.

The world that will evolve after he successfully merges with the Tao.

What exactly will it be like?

Is it as vast and boundless as the Sea of Chaos, or as vast and endless as the long river outside the territory?

But that's all in the future.

Zhang Yuhe has no plans to join forces for the time being.

Even if he advances his cultivation to the peak of the God King Realm, he will not be able to achieve eternity easily.

Because he still has dreams.

He wanted to try.

See if you can understand all the legendary three thousand avenues.

Just with his incredible understanding and the Enlightenment Tree by his side.

Zhang Yuhe thinks.

This is not just a dream, but something to look forward to.

Maybe it will succeed.

...

Time passes slowly.

Zhang Yuhe sat cross-legged on the training platform, with the small purple tree swaying gently behind him.

The aura of divine power filled the sky, sweeping and rising over Bibo Lake.

Whenever there are Donghua Palace disciples passing by nearby.

Everyone can't help but stop and watch.

everybody knows.

In the middle of the Bibo Lake, lived the legendary Lord of the Galaxy Palace.

The place is shrouded all year round with a vast aura of divine power.

It seemed like some kind of terrifying giant beast that was constantly breathing in its breath.

this day.

Ye Zhiqiu flew past Bibo Lake, and he couldn't help but turn around and look into the distance.

About 40 billion years ago.

He finally accepted the invitation from King Yuanhe and joined Donghua Palace as an elder.

Once upon a time, Ye Zhiqiu only wanted to practice freely without any restrictions.

Even though Donghua Palace invited him many times, he never agreed.

However, with the rise of Zhang Yuhe.

Ye Zhiqiu finally realized.

No matter how much I want to be a solitary cultivator, that won't work.

In the territory of Donghua Domain, where is there any living space for casual cultivators like them?

And Ye Zhiqiu also understands.

Relying on the big tree of Donghua Palace, the path of spiritual practice will definitely be easier in the future.

He had already reached the ninth level of the True God Realm, and he had to make some preparations to prove himself to the God King.

If you don't rely on a big force from above.

Just by himself.

It would be too difficult to break through to the God King realm.

more importantly.

Ye Zhiqiu wanted to see it.

The guardian envoy of Tianfeng back then, now the Lord of Galaxy Palace.

How far can it go?

He is the eternal emperor, and he will also be the ethereal invincible supreme being.

If you can join an emperor force in advance, or even a supreme force.

Then he would make a lot of money.

Ye Zhiqiu looked into the distance silently.

Just at this time.

Suddenly, a powerful aura swept across from the direction of Bibo Lake.

The aura is vast and boundless, and the pressure envelopes all directions.

Ye Zhiqiu didn't pay attention, and was immediately knocked down from the air by the terrifying pressure.

He stood up in shock.

He muttered to himself.

"Has the Lord of Galaxy Palace made another breakthrough?"

"What time is this?"

Ye Zhiqiu calculated silently.

Is this the fifth time since he joined Donghua Palace?

It has only been 50 billion years since the Lord of the Galaxy Palace was promoted to the God King Realm.

He was still able to keep making progress bravely and diligently.

If you count him not yet, when he joined Donghua Palace.

The Lord of Galaxy Palace is sure that he has achieved breakthroughs many times.

This is not meant.

Today's Galaxy Palace Master may have reached the level of the Eight-step God King or even the Nine-step God King.

Think of this.

Ye Zhiqiu couldn't help but be shocked.

Isn't this too fast?

Could it be that the obstacles in the God King Realm couldn't stop the Lord of the Galaxy Palace just a little bit?

It is said that the path of spiritual practice becomes more difficult the further you go.

Especially after being promoted to God King, every step forward is as difficult as reaching the sky.

Just like Yuanhe Shenwang.

He was already in the God King realm countless epochs ago.

But after so many years.

I haven't heard of any further progress from him.

It seems that he is still at the five-step god king level.

Zhang Yuhe was able to make consecutive breakthroughs.

This is simply incredible.

When that vast breath swept across the world.

Countless Donghua Palace disciples walked out of the cave at the same time.

Everyone looked towards the Bibo Lake in the distance with infinite emotion in their hearts.

Everyone has a strange feeling.

It was as if the Lord of the Galaxy Palace was not in the same world as them.

Why is it so easy for others to practice cultivation?

Could it be that they are playing the genuine version, while Galaxy Palace Master is playing the private server?

This gap is too big.

When they were in the True God Realm or even the False God Realm, they felt it was difficult to move forward.

However, when the Lord of the Galaxy Palace was in the God King Realm, he could still advance by leaps and bounds.

This is simply unscientific.

Section 1134

Every now and then I break through.

Cultivation with him is as simple as eating and drinking.

Just outrageous.

...

Chapter 796 Want to go to the long river

Zhang Yuhe slowly stood up from the training platform.

Feel the majestic divine power in the dantian.

A faint smile couldn't help but appear on his face.

Practice for 50 billion years.

Now we have finally reached the nine-step divine king realm.

This can be regarded as the end point that can be reached in the Chaos Sea.

As for the eternity of Hedao that follows, it is not that simple.

In addition to reaching the peak of the God King Realm, all nine avenue rules must reach the Perfect Realm.

The god king monk wants to successfully merge with the Tao and evolve his own universe.

You also need to use a crucial auxiliary item.

That is the boundary stone.

Only by using the boundary stone can the world evolved by the God King monks be transformed from virtual reality to reality.

Only when it becomes a real world can the union be successful in the end.

But such things as boundary stones are extremely rare.

The Chaos Sea has no output at all.

Only in the vast river outside the territory can you occasionally find this rare Hedao divine object.

And even in the long river outside the territory.

Boundary stones are still very rare.

in the Legends.

Only when one side of the universe finally dies.

Only in the core of the universe can the boundary stone evolve.

That is to say.

Even a universe like the Sea of Chaos, if it eventually dies.

That can only produce one boundary stone.

It can be seen from this.

How scarce this thing is.

Fortunately, the river is vast and endless.

In the long years, countless universes have been born.

There are also countless universes destroyed.

Otherwise.

If the God King cultivator wants to unite with the Tao for eternity, there may really be no way out.

Zhang Yuhe looked into the distance.

He was not very anxious about Hedao matters.

No matter how scarce the boundary stones are.

Sooner or later he would be able to find it.

For Zhang Yuhe.

The main thing now.

It is still necessary to understand the remaining rules of the avenue as soon as possible.

Especially the nine supreme rules.

Zhang Yuhe had a premonition.

If he wants to evolve the most perfect chaotic universe when he joins the Tao in the future.

You must master all three thousand avenues.

Especially the nine supreme rules, each of which is indispensable.

That should be the most critical factor in constructing the real world.

Now he has mastered it, a kind of time avenue.

The remaining eight supreme avenues include space, cause and effect, reincarnation, soul, power, life, death, and yin and yang.

Zhang Yuhe hasn't found any way yet.

Even though he once arranged for a clone to travel to almost all the well-known secret places in the Sea of Chaos.

Still haven't realized anything yet.

Zhang Yuhe guessed.

Maybe the Chaos Sea is not strong enough.

Those supreme rules are temporarily hidden deep in the origin.

It's simply impossible to touch and feel.

It is estimated that only by going to the vast river outside the territory can he find the corresponding opportunity.

Only then can we understand those illusory and supreme rules.

Think of this.

Zhang Yuhe muttered to himself.

"It's time for me to find a chance to visit the legendary long river."

There is only one exit from the Sea of Chaos to the Long River.

That is the extraterritorial gate.

As the gateway to the Sea of Chaos.

Those eternal emperors sit in Tianguan almost all year round.

There are a total of twenty eternal emperors in the nine heavens and ten lands of the Chaos Sea.

At least half of them remain at the gate of heaven.

If they leave for something.

Other eternal emperors will be needed to replace him.

To ensure the safety of Tianguan.

For this heavenly gate that protects the sea of chaos for endless years.

Zhang Yuhe has always been yearning for it.

He really wanted to see how magical that legendary Tianguan was.

The Eternal Emperor of the Chaos Sea can conquer those supreme beings from outside the realm.

All are blocked from the universe.

Tianguan is located at the entrance of the Changhe River, and its location is extremely special.

That is the connection between the Sea of Chaos and the long river outside the territory.

In a strict sense.

That place does not belong to the scope of the Sea of Chaos.

Zhang Yuhe once used teleportation powers and searched for it many times.

The location of Tianguan was not found.

The god king monk wants to go to the outer heaven.

It can only be teleported directly through the super formations in each realm.

And such a teleportation formation can only be arranged by the overlord forces in each realm.

The entire desert heaven realm.

Only the Eternal World of the Desert has such a large formation.

According to Zhang Yuhe's understanding.

Unless encountering special circumstances

The great formation in the Eternal World of the Desert will only be activated once every million years.

For the God King monks to travel between the Sea of Chaos and the Long River.

Even if it is the God King of the Desert Courtyard.

If there is nothing urgent.

Don't even think about opening that teleportation array alone.

As for other people.

Then there is no need to think about it.

I can only wait slowly.

Zhang Yuhe did some calculations.

## Section 1135

It will probably take about a hundred thousand years before the next big formation opens.

Just the right time.

Wait until Duan Changqing's God-King celebration is over.

He can go to the extraterritorial gate to have a look.

...

One hundred thousand years later.

The entire Donghua world is filled with purple energy and auspicious clouds fill the sky.

Donghua Palace once again opened its gates to welcome guests from all walks of life.

Fifty billion years ago.

They once held a celebration of the God-King.

Now the celebration is held again.

There is even a feeling that everyone in the sect is familiar with the road.

Moreover, now there are more disciples in Donghua Palace, and the pomp and ceremony is even bigger.

As for the others, there isn't much difference.

If I must say, there is any difference.

That is.

Duan Changqing, who was once responsible for welcoming guests at the teleportation hall.

Now he has become the protagonist of this celebration.

Outside the gate of Donghua Palace.

Two rows of magnificent palaces stretch into the distant void.

Sitting cross-legged in each palace were guest representatives from one power or another.

As the protagonist of this scene.

Duan Changqing was in the first palace on the left, frequently toasting to the guests.

Zhang Yuhe and Shenwang Yuanhe sat beside him with smiles.

Opposite them.

Qi Feilong led a group of monks from the Desert Academy, their faces full of envy.

Another god king monk came out of Donghua Palace.

How could this not make them envious?

even though.

There is no shortage of divine kings in the Desert Courtyard.

The total number of their God King monks scattered across various places is probably in the thousands.

But this is the result of endless years of accumulation in their desert courtyard.

In normal times.

If the Desert Academy could give birth to a god king monk every 100 billion years.

They are very satisfied.

Only 50 billion years have passed since Donghua Palace came to Zhang Yuhe.

The birth of a new Supreme God King is simply unbelievable.

Of course Qi Feilong understands.

The reason why Duan Changqing was able to achieve a successful breakthrough was probably related to that divine flower.

In order to obtain the Supreme God Statue from Zhang Yuhe.

Desert Courtyard took out a divine flower.

despite this.

Qi Feilong has no regrets.

The spirit flower only has a supporting role.

It does not mean that every cultivator at the peak of the True God can achieve a successful breakthrough with the help of the Divine Flower.

If that's the case.

The God King monks of the Desert Courtyard are probably gone all over the place long ago.

Although the Divine Flower is precious, it depends on the strength of the Desert Academy.

You can still get some.

According to statistics from the Desert Academy.

After taking the Spirit Flower, the True God Monk has a chance of success in breaking through.

At most it will not exceed 30%.

Even if the remaining people had help from the gods and flowers, they still failed in the end.

Duan Changqing's breakthrough success relies more on his own accumulation.

Even if there is no god flower.

Maybe after some time, Duan Changqing can still break through to the God King realm.

But for Qi Feilong.

It doesn't matter how Duan Changqing broke through.

He's coming this time.

I have other important matters to discuss with Zhang Yuhe.

Otherwise.

Naturally, there was no need for him to personally lead the celebration of the God King like this.

...

## Chapter 797 Qi Feilong's purpose of coming

Looking at Qi Feilong sitting opposite, Zhang Yuhe and Shenwang Yuanhe actually had some doubts in their hearts.

Qi Feilong was able to lead the team in person at Zhang Yuhe's last celebration of the God King.

That makes sense.

After all, this is the Desert Courtyard, so Zhang Yuhe is the one who needs it.

Moreover, Zhang Yuhe has already shown his strength and is indeed worthy of the attention of the Desert Academy.

But why did Qi Feilong come again to Duan Changqing's celebration this time?

This is a little strange.

Could it be that there is something going on in the Desert Courtyard this time that needs to be brought to Donghua Palace?

This shouldn't be the case.

Although I have some doubts in my heart.

However, Zhang Yuhe and Shenwang Yuanhe did not ask.

Everyone who comes is a guest.

not to mention.

As the master of the Deacon Hall of the Desert Courtyard.

Qi Feilong's ability to come to the celebration in person also gave Donghua Palace a lot of face.

They just feel happy.

As for Qi Feilong, did he come with a mission?

That will be discussed after the celebration is over.

...

The guests toasted to each other, drank water, and talked about the great road.

The celebration lasted for half a month before finally dispersing.

Yuanhe Shrine.

Zhang Yuhe, Yuanhe Divine King, and Duan Changqing accompanied Qi Feilong and took their seats in the hall again.

It was the same as they had guessed before.

After the celebration.

Qi Feilong did not leave, but stayed until the end.

After sitting down in the main hall.

Zhang Yuhe said with a smile.

"Thank you, Palace Master Qi, for taking time out of your busy schedule to attend Senior Brother's celebration."

"I wonder if the master of the palace has anything else to discuss?"

"If there's something wrong, please tell me."

"As long as our Donghua Palace can do it, we will do it without any hesitation."

Qi Feilong pondered for a while before speaking slowly.

"That's what it is."

"There is an elder of the God King in our desert courtyard who found a special secret realm in the long river outside the territory."

Section 1136

"After investigation, I discovered that the secret realm actually contains a large vein of red gold sacred sand."

Hear this.

Zhang Yuhe and the three of them couldn't help but look at each other.

Your Desert Courtyard has discovered a mineral vein, that's a good thing.

As a top divine material, red gold divine sand is the core material for refining eternal artifacts.

Not to mention the entire mine.

Even if it is just a few scattered squares of red gold sacred sand, it is extremely precious.

But what does this matter have to do with our Donghua Palace?

You can't tell us.

Could it be that the Desert Court can still invite us to dig in the secret realm together?

Are you not so generous?

Seeing the confused looks on the three people's faces, Qi Feilong sighed helplessly.

Then he continued to speak slightly embarrassed.

"It's a pity that our elder God King discovered the mineral vein."

"People from Mingxuan Realm happened to appear there."

"The opponent has a large number of people, so they are obviously prepared."

"It is estimated that they have discovered the veins long ago and are preparing to mine them."

"He just happened to be hit by our God King Elder."

"In other words, it was actually the people from Mingxuan Realm who discovered the mineral veins first."

After listening to Qi Feilong's narration.

Next to him, King Yuanhe asked in a deep voice.

"Mingxuan Realm? Is it the Mingxuan Realm where Emperor Kongyuan lives?"

Qi Feilong nodded slightly and responded slowly.

"That's right, it's Emperor Kongyuan."

"Our God King Elder saw the figure of Emperor Kongyuan at the scene."

"Fortunately, he brought an extremely mysterious concealment talisman."

"Otherwise, we won't be able to escape under the eyes of Emperor Kongyuan."

Upon hearing Emperor Kongyuan's name, the scene fell into silence.

After a while.

King Yuanhe murmured to himself.

"If it is Emperor Kongyuan, it will not be easy to handle."

Now he finally understood why Qi Feilong stayed after the celebration.

I'm afraid he wants to drag Zhang Yuhe along with him to deal with the monks in Mingxuan Realm.

The problem however is.

Emperor Kongyuan is not an easy character to deal with.

The Divine King Yuanhe once lived in the long river outside the territory for a long time.

He was also very familiar with the title of Emperor Kongyuan.

In an area surrounding the Sea of Chaos.

The overall strength of Mingxuan Realm is not too strong.

Not to mention those Chaos Holy Realms where the Invincible Supreme sits.

Even the Sea of Chaos is far stronger than the Mingxuan Realm.

There are more than twenty eternal emperors in the nine heavens and ten lands of the Chaos Sea.

That is a huge force.

In the surrounding area, except for those in the Supreme Holy Realm.

There are really few cosmic worlds that can compare to the Sea of Chaos.

However, although the overall strength of Mingxuanjie is not strong.

But they have Emperor Kongyuan, a ruthless man with a long-lasting reputation.

Legend has it long ago.

Emperor Kongyuan once blocked the attack of Supreme Bolin with his own strength.

Guarding the entrance to the Changhe River in Mingxuan Realm.

Although he achieved this step with the help of part of the world origin of Mingxuan Realm.

But a ruthless person who can stand up to the Invincible Supreme cannot be easily provoked.

King Yuanhe guessed.

Even if the Master of the Desert Academy takes action himself, he will probably be defeated by Emperor Kongyuan.

Since the mineral vein has been occupied by the opponent.

I'm afraid it won't be that easy for Desert Court to get it back.

Unless the owner of the Desert Academy is willing to share most of the proceeds from the mineral veins.

Invite other eternal emperors of the Chaos Sea to take action together.

But now it seems.

The Master of the Desert Academy obviously has no plans in this regard.

Otherwise.

Qi Feilong doesn't know how to come to Donghua Palace.

Invite one more Eternal Emperor.

This means that an extra portion of the income needs to be allocated.

If you invite too many people, no matter how much red gold sacred sand you give, it won't be enough.

It is estimated that the master of the Desert Academy wants to ask Zhang Yuhe to take action.

Although Zhang Yuhe is still in the God King realm.

But after all, he had killed the Eternal Emperor.

The strength is definitely much stronger than that of ordinary eternal monks.

If Zhang Yuhe is invited to take action, the price may be lower than those of the Eternal Emperors.

But the strength is stronger.

Why would the Master of the Desert Academy not do this?

But the problem is.

Emperor Kongyuan was far from being comparable to Lu Yuan back then.

What if something happens to Zhang Yuhe?

Think of this.

King Yuanhe couldn't help but feel a little worried in his heart.

really.

Qi Feilong quickly looked at Zhang Yuhe, and then said solemnly.

"Brother Yinhe, the master of the hospital specially confessed."

"If Brother Yinhe is willing to take action this time, we can give up 30% of the profit from the mineral vein."

Hearing Qi Feilong's words.

Zhang Yuhe couldn't help but feel a little moved.

The red gold sacred sand is a good thing.

And he needs it too.

After the success of Hedao in the future.

Zhang Yuhe promoted all his natal divine swords into eternal artifacts.

Red gold divine sand is a core material necessary to advance to the Nine Heavens Hunyuan Sword.

Although there are many kinds of materials required.

But it would be good if we could get one first.

not to mention.

Zhang Yuhe has long thought of going to the long river outside the region to experience it.

Isn't this the right opportunity now?

The only thing that needs to be considered is.

The enemy this time seems a bit fierce.

You may not be able to do it yourself.

The reputation of Emperor Kongyuan is even though Zhang Yuhe has never been to the Changhe River outside the territory.

It has also been seen in many classics.

He didn't have much confidence in this fierce man with a long-standing reputation.

Looking at Zhang Yuhe, he seemed a little moved.

Section 1137

King Yuanhe's mouth opened slightly, but he hesitated to speak.

He wanted to speak out to dissuade him.

But I don't know how to say it.

A peerless genius like Zhang Yuhe has walked his own path.

As long as something has been decided, how can you easily listen to others' advice?

not to mention.

God King Yuanhe also didn't know how strong Zhang Yuhe was now.

He just knows.

Zhang Yuhe's strength has already surpassed the level of a god king.

Comparable to those ethereal eternal emperors.

And so many years have passed.

Zhang Yuhe's strength will definitely make great progress.

I no longer know how strong it is.

He is just an ordinary five-step god king.

The gap in strength between the two is too big.

How could he persuade him?

I can't speak at all.

...

Chapter 798 Who can do anything to me?

Hearing the conditions offered by Qi Feilong, Zhang Yuhe couldn't help but fall into silence.

It's not that the conditions are not good enough.

The owner of the Desert Hospital can give away 30% of the income, and the price is already very high.

Even if you invite other Eternal Emperors, it will probably be at this price.

Zhang Yuhe is very satisfied with this condition.

He wasn't worried about danger either.

to be honest.

Although Emperor Kongyuan is famous throughout the world.

But Zhang Yuhe is really not that scared.

What is he afraid of?

He has nine clones.

As long as there is one clone left, hidden in a corner of the Chaos Sea.

No one can beat him to death.

Even if the Invincible Supreme takes action.

It is impossible to destroy all his clones across the endless river.

The Sea of Chaos is guarded by its origin.

The power of those extraterrestrial supremes, after penetrating the origin of the Chaos Sea.

There isn't much left at all.

It's impossible to beat him to death.

As for the Eternal Emperor, even he is as ruthless as Emperor Kongyuan.

There is nothing he can do to his clone.

So there is definitely no need to worry about safety issues.

not to mention.

Zhang Yuhe is very confident in his own strength.

If you really want to do it.

Whether Emperor Kongyuan can beat him remains to be seen.

Now Zhang Yuhe has broken through to the nine-step god king level.

Moreover, there are more than 2,000 avenue rules and blessings.

If the Hunyuan Guiyi magical power is activated again.

Under the Supreme.

He was not afraid at all.

Zhang Yuhe is just worried if he takes action with all his strength.

Will the limelight be too great? Don't scare your own people.

Seeing Zhang Yuhe still silent.

Qi Feilong couldn't help but feel a little anxious.

The head of the Desert Hospital specially told him that Zhang Yuhe must be invited to take action.

This is not him. He doesn't want to spend a higher price to invite other eternal emperors.

In fact.

In the eyes of the Desert Master.

Zhang Yuhe's strength is far more powerful than the average Eternal Emperor.

Back then, he had seen the picture of Zhang Yuhe taking action on the photo stone.

The vast avenue of time, and the sword light across the sky.

It left a deep impression on the heart of the Desert Master.

And that was 50 billion years ago.

Now the long years have passed.

Zhang Yuhe's strength must still be greatly improved.

If Zhang Yuhe can be invited to take action.

So this time, we have to compete with Mingxuanjie for mineral veins.

The owner of the Desert Courtyard will have greater confidence.

To know.

The Mingxuan Realm does not only have the Eternal Realm of Emperor Kongyuan.

Red gold veins are so important.

Even Emperor Kongyuan showed up in person, and there must be other eternal cultivators nearby.

The Master of the Desert Academy is very confident in his own strength.

He was confident that he could stop Emperor Kongyuan.

But other eternal realms.

There is no one in their desert courtyard who can stop them.

The Master of the Desert Academy does not want to invite other Eternal Emperors to the Sea of Chaos.

Because asking for one or two eternal emperors may not be useful.

What if there are many eternal emperors coming to Mingxuan Realm?

With fewer people, they still suffer.

If there are too many people, the mineral veins will not be enough.

Therefore, it is most reliable to ask Zhang Yuhe to take action.

Because Zhang Yuhe's strength is not only comparable to the Eternal Emperor.

But he could kill the Eternal Emperor with just a few swords.

The master of the desert hospital believed it.

Even in Mingxuan Realm, many eternal monks really came.

Zhang Yuhe can still block it.

Then he himself stopped Emperor Kongyuan again.

Then we have enough confidence in this battle for the mineral veins.

Thinking of the hospital master's explanation.

Qi Feilong took a deep breath, looked at Zhang Yuhe, and spoke seriously.

"Brother Yinhe, you don't have to worry about Emperor Kongyuan."

"The master of the hospital specially told me that he will take action personally this time."

"Emperor Kongyuan will leave it to the master of the hospital to deal with it."

"You just need to stop the other Eternal Emperors of Mingxuan Realm."

Seeing Qi Feilong looking so eager.

Zhang Yuhe pondered for a while, then slowly asked.

"How many eternal emperors are there in Mingxuan Realm?"

"How many people do you think they will come this time?"

Section 1138

Qi Feilong thought for a while, then responded.

"According to the information we have, there are nine Eternal Monarchs in Mingxuan Realm."

"As for the competition for the mineral vein this time, the number of Eternal Monarchs that can participate in it."

"No more than five people at most."

"Because they still need to arrange enough forces to guard the long entrance."

"Otherwise."

"They are busy competing with us for the mineral vein, but they lost their home base."

"That's a loss."

Zhang Yuhe thought silently.

The other side has at most five Eternal Monarchs.

Among them, Emperor Kongyuan will be dealt with by the Desert Dean himself.

In other words.

I only need to deal with the other four Eternal Monarchs.

Maybe there may be only one or two.

Zhang Yuhe thought.

This doesn't seem to be too difficult.

As early as 50 billion years ago.

When I was still in the One-Step God King Realm, I could beat Lu Yuan to death.

Now I have been promoted to the Nine-Step God King.

Even if I don't consider the rules, my current strength.

It has at least increased by more than ten times.

It's not difficult to deal with two Eternal Emperors.

Maybe.

He doesn't even need to activate the Hunyuan Guiyi magical power, nor does he need to summon his clone to come.

It can be easily solved.

Thinking of this.

Zhang Yuhe no longer hesitated.

He looked at Qi Feilong in front of him and responded solemnly.

"Since the Dean invited me, how can I not accept it?"

"When will we set off?"

Hearing that Yuhe finally agreed.

Qi Feilong couldn't help but breathe a sigh of relief, and he responded excitedly.

"In ten days."

"This time, our Desert Academy is almost the elite."

"The Dean has summoned all the God King elders from all over the place."

"Just wait for Brother Yinhe to arrive, and we will set off in ten days."

Zhang Yuhe nodded gently.

He spoke slowly.

"Okay, then ten days later, I will definitely arrive at the Desert Academy by then."

Qi Feilong carefully explained some other details to Zhang Yuhe.

Then he left Donghua Palace with satisfaction.

Looking at the direction of Qi Feilong in the distance, Yuanhe God King said worriedly.

"Junior Brother Yuhe, you must be careful."

"Emperor Kongyuan is not an ordinary person."

"When I was in Changhe, I heard countless legends about this person."

"It is rumored that ordinary Yongheng Emperors can't even take a single move from him."

"It is really unnecessary to be enemies with such a ruthless person."

"In fact, you can just shirk it just now. I believe that the head of the Desert Academy will not blame you."

Hearing this.

Zhang Yuhe responded with a smile.

"Brother Yuanhe, don't worry."

"You forgot that I have multiple clones."

"Just leave one clone in the Chaos Sea."

"Who can do anything to me?"

Hearing Zhang Yuhe's words, Yuanhe God King couldn't help but look slightly stunned.

He almost forgot that Zhang Yuhe had mastered the clone magic.

There are multiple clones.

As long as not all the clones follow the original body out.

It is indeed safe and worry-free.

Thinking of this.

Yuanhe God King said with a smile.

"Look at me, I really can't calm down and have forgotten about this matter."

"It seems that there is really no danger for Junior Brother on this trip."

At this point.

Yuanhe God King paused for a while, and then spoke solemnly.

"But Junior Brother can't be too careless."

"There are countless universes in the outer long river, and each universe has some of their own unique magical powers."

"It is difficult to explain that Xuanjie has no magical powers specifically for clones."

"You know."

"In the history of the Chaos Sea, there were people who mastered the magical power of clones."

"But those people eventually fell into the long river due to various accidents."

"So Junior Brother must not be careless."

Zhang Yuhe nodded gently, and he responded solemnly.

"Don't worry, Senior Brother, I will be careful."

Seeing Zhang Yuhe's serious expression.

Yuanhe God King finally breathed a sigh of relief and didn't say anything else.

His own strength is not strong.

Among the Divine King cultivators, they are all relatively weak.

Zhang Yuhe's level of strength is simply beyond his comprehension.

No matter how much he said, it would be meaningless.

He could only give Zhang Yuhe some reminders based on his own knowledge and experience.

...

## Chapter 799 The Expectation of the Desert Dean

Ten days later.

A strange particle vortex slowly appeared outside the Desert Dean.

Zhang Yuhe showed up and slowly stepped out of the vortex.

Qi Feilong, who had been waiting for a long time, immediately came up to him.

He spoke enthusiastically.

"Brother Yinhe, you are finally here."

"The Dean is waiting in the teleportation formation, come with me."

Zhang Yuhe said with a little apology.

"I'm really sorry, some things took a little longer and kept you waiting for a long time."

"It's okay, the Dean has just arrived."

After saying this.

Qi Feilong turned around and led the way.

The two of them quickly passed the mountain gate and flew all the way to the depths of the desert courtyard.

After a while.

A tall mountain appeared in the distance between the two of them.

Zhang Yuhe looked around.

Section 1139

I saw a huge formation standing on the top of the mountain.

All kinds of mysterious and profound talismans kept flashing on the formation platform.

The vast surrounding area is all covered by various formations.

The security is extremely tight.

obviously.

There is the super teleportation formation leading to the outer world.

The two quickly flew up to the top of the mountain.

Zhang Yuhe glanced around.

I saw hundreds of God King monks standing beside the formation waiting.

Every Divine King cultivator exudes an aura as deep as the deep sea.

Astonishingly, they are all in the nine-step divine king realm.

There were more than three hundred nine-step god kings present.

See this situation.

Zhang Yuhe couldn't help being shocked.

He had only heard of it before.

There are many divine kings in the desert courtyard, probably more than a thousand people.

However, I saw the scene in front of me.

Zhang Yuhe knew it.

The information I knew before obviously had great limitations.

The Desert Academy can summon more than 300 Nine-Step God Kings in one go.

That explains it.

Their overall strength must have exceeded this number.

And this is only the Nine-Step God King.

So how many people are under nine steps?

According to normal proportions.

I'm afraid there are probably thousands or even tens of thousands of God King cultivators, right?

In normal times, Da Moyuan does not show much power.

What ordinary people know about them is just a concept.

Everyone knows it anyway.

It's okay that Da Mo Yuan is very strong.

As for how strong it is, few people can tell clearly.

Now I see the more than three hundred nine-step god kings in front of me.

Zhang Yuhe couldn't help but sigh.

The desert courtyard is really hidden deep.

Normally, he doesn't show off his appearance.

At the critical moment, his terrifying strength was revealed.

These are more than three hundred nine-step god kings.

It is estimated that in the entire realm, except for the Desert Courtyard.

All the nine-step god kings from other major forces were added together.

There shouldn't be that many.

No wonder the Desert Courtyard has been able to dominate the realm for countless years, and no one has ever been able to shake it.

Just with this kind of strength.

Even if the Master of the Desert Academy disappears for countless years.

No one dares to stab the head of the Desert Courtyard.

The terrifying background of the Desert Courtyard.

Who dares to provoke?

Just when Zhang Yuhe was filled with emotion.

Qi Feilong walked quickly to the front of the formation and shouted respectfully.

"Master, the Master of Galaxy Palace has arrived."

Until this time.

Zhang Yuhe suddenly discovered it.

Above the huge formation, there is still a vast figure standing.

The figure's aura was restrained, as if he were a mortal without any cultivation.

But the vast aura of rules is constantly interweaving around the figure.

It seems like the incarnation of the great road.

Even if Qi Feilong didn't speak, Zhang Yuhe could tell with just one look.

This must be the master of the Desert Academy.

Think of this.

He quickly stepped forward and shouted respectfully.

"Disciple Zhang Yuhe, pay homage to the senior master."

Although his own strength is not bad, as a younger generation.

And he also has the identity of guest minister of the Desert Courtyard.

It is obviously appropriate to call him a senior.

Looking at the handsome young man in front of him, the Master of the Desert House couldn't help but marvel.

Although Zhang Yuhe's aura was extremely restrained.

But the Desert Master can still sense it.

Zhang Yuhe's body contains majestic power.

It was hard for him to believe it.

Some people can reach such a terrifying state after just cultivating for tens of billions of years.

Is this already the Nine-Step God King?

When Zhang Yuhe first broke through to the God King realm, he was able to beat Lu Yuan to death.

Now that we have reached the nine-step divine king realm, how strong should we be?

Moreover, he sensed countless rules and regulations from Zhang Yuhe.

The power of rules is vast and endless, as if it contains thousands of creations.

Zhang Yuhe has mastered it, how many rules of the great road?

The Master of the Desert Academy simply didn't dare to think about it.

Anyway, the power of rules he knows is except for the Five Elements Rules.

You can almost feel it from Zhang Yuhe.

This is too exaggerated.

The owner of the Desert Courtyard was even a little suspicious.

The current self may not necessarily be Zhang Yuhe's opponent.

A god king monk may be even more powerful than him.

This is simply incredible.

But that's just right.

Zhang Yuhe's strength is so terrifying.

So this time the battle for the mineral veins with Mingxuan Realm is almost a sure thing.

Think of this.

The head of the Desert Academy looked at Zhang Yuhe and responded with a smile.

"Master Galaxy Palace, you don't have to be polite."

"With your current accumulation, there is no doubt that you will be promoted to the eternal realm in the future."

"We should be equals."

Hear this.

The surrounding God-Kings of the Desert Court could not help but be stunned.

They knew that Zhang Yuhe was very powerful.

And he is very valued by the hospital owner.

But there is no need, let the master of the hospital be equal to his peers.

If this is the case.

Wouldn't that be embarrassing for them?

Zhang Yuhe is equal to the master of the hospital.

Then they are not.

Section 1140

Do you have to call Zhang Yuhe senior?

This is a bit difficult to adapt to.

Fortunately at this time.

Zhang Yuhe still said modestly.

"The master of the hospital has given you the award. This disciple's cultivation is still shallow and he still has a long way to go in the future."

"As for the eternal realm, my disciples don't even dare to hope for it."

The Desert Master smiled slightly and did not dwell on these falsehoods.

He could see it too.

Although Zhang Yuhe was respectful and humble, his words were filled with strong confidence.

There is a very strong and indomitable momentum.

It seemed that all the difficulties and obstacles on the path of cultivation were not taken into consideration by Zhang Yuhe.

This is good.

Practitioners should have such confidence.

If you are timid when things happen, you probably won't be able to get far.

Look at Zhang Yuhe's majestic vitality.

The master of the desert courtyard seemed to think of himself when he was young.

Back then, he was like Zhang Yuhe, always moving forward without fear.

Unfortunately.

Since being promoted to the eternal realm, the way forward has been almost cut off.

There is no supreme inheritance in the Chaos Sea.

They, the Eternal Emperors, can only fumble forward on their own.

After eating and drinking all the way, I slowly cultivated to the current state.

However, Zhang Yuhe's potential is obviously stronger than his own.

Maybe he will go further than him in the future.

I just don't know, in the distant future.

Can Zhang Yuhe open a path to heaven for the monks in the Chaos Sea?

The road to the invincible supreme.

...

## Chapter 800 Zhenshi Tianguan

The head of the Desert Academy looked at Zhang Yuhe, he smiled and said.

"This time we are fighting for the mineral veins with Mingxuanjie."

"I'm afraid the main one has to rely on you."

"I can block that Emperor Kongyuan."

"Even if he is stronger, he may be better than me."

"But there shouldn't be much of a problem in stopping him."

"It's just that in addition to Emperor Kongyuan, there will definitely be other eternal realms in Mingxuan Realm."

"According to my estimation, they should have at most four emperors."

"These emperors can only rely on you to take action, and others will definitely not be able to stop them."

"I wonder if you are sure?"

Zhang Yuhe pondered for a while, and then slowly asked.

"I wonder what the specific strength level of the other Eternal Emperors in Mingxuan Realm is?"

"I don't have a clear understanding of the strength of the Eternal Monk."

"So I don't dare to guarantee it."

"But if their strength is similar to Lu Yuan."

"Then it won't be a big problem, I should be able to take it."

Hearing Zhang Yuhe's words.

The master of the desert courtyard couldn't help but laugh.

"Ha ha."

"You're thinking too much."

"Lu Yuan is a well-known figure outside the region."

"Except for Emperor Kongyuan in Mingxuan Realm, the other eternal realms are not worth mentioning at all."

"There is no comparison with Lu Yuan."

"Then there's no problem."

Hearing what the Desert Master said.

Zhang Yuhe nodded lightly.

Now he felt confident.

Not even comparable to Lu Yuan.

So what are you worried about?

At first, he only used a few swords to chop Lu Yuan into ashes.

Now his strength has increased at least ten times.

It is estimated that there is no need to activate the Hunyuan Guiyi magical power.

He can easily wipe out those eternal emperors of Mingxuan Realm.

Hearing Zhang Yuhe's affirmative response.

A faint smile couldn't help but appear on the face of the Desert Master.

He rolled up his sleeves and shouted to the people below the formation.

"Set off."

Qi Feilong and other nine-step god kings quickly rushed onto the battlefield.

As the Master of the Desert Academy used the magic formula.

A dazzling light pierced the sky.

The figures of everyone disappeared from the teleportation array in an instant.

...

Zhenshiguan.

Also known as Zhenshi Tianguan.

This is the Sea of Chaos, the gateway to the long river outside the realm.

As long as you step out of Tianguan, you are no longer within the scope of the Sea of Chaos.

same.

If monks from outside the territory pass through Tianguan, they can invade the Sea of Chaos area.

For the monks in the entire Chaos Sea.

This is everyone's destiny.

As long as the life gate is not broken, their foundation will be there.

No matter how big the disaster happens.

The Sea of Chaos can still rise again.

But once Tianguan is lost.

That means.

The vast universe in the Sea of Chaos will no longer belong to them.

Maybe the world was destroyed, or maybe the origin changed hands and belonged to someone else.

It is precisely because of this.

There are more than twenty eternal emperors in the nine heavens and ten lands of the Chaos Sea.

At least half of the manpower will be maintained in Tianguan all year round.

And the number of God King monks summoned from all realms is even more numerous.

Except for those god king monks who went to Changhe to explore the secret realm.

There are at least one million Divine King monks who have been stationed at Tianguan all year round.

Within the entire Zhenshi Tianguan.

Apart from the Eternal Emperor, there is only the Supreme God-King.

As for the God King, there is none.

Because the cultivation level is not at the level of the God King, there is no way to stop the erosion of the vast aura of the long river.

It is completely impossible to gain a foothold in Tianguan.

To the north of Tianguan.

There stands a tall formation.
