Section 114

At this moment, Wang Hui had an impulse to turn around and run.

"Wu Tian exploded and fell, the other party should also be seriously injured, maybe we can go over and take a look."

After some entanglement, Wang Hui eliminated his inner fear and continued to fly quickly towards this side.

He wondered if he could pick up a loophole.

Seeing another Mahayana demon appear, Zhang Yuhe was shocked.

But when he felt Wang Hui's breath from a distance.

He breathed a sigh of relief.

It turned out to be just an early Mahayana.

Isn't this a gift?

At this time, his mana was almost exhausted, but it didn't take much to kill an early Mahayana.

As long as the other party didn't run, he might be able to kill him with one punch.

Not every demon Mahayana is as tough as Wu Tian.

Thinking of this.

Zhang Yuhe exuded a violent aura all over his body.

Rush towards Wang Hui quickly.

Chapter 107 Double Kill

Seeing Zhang Yuhe, exuding a violent aura all over his body, he rushed towards him quickly.

Wang Hui was completely stunned.

Originally, he thought that Zhang Yuhe should at least fight with Wu Tian and both sides would be injured.

Now that Wu Tian is dead, Zhang Yuhe must not be much better.

He has a chance to take advantage of a big loophole.

However, Wang Hui did not understand one thing.

The tiger's power remains after death.

Not to mention, Zhang Yuhe is still a long way from death.

If he rushes over now, he will just be sending his head.

He found that he made a mistake in judgment.

Wang Hui turned around and ran without thinking.

"Humph, don't you think it's too late to run now?"

Zhang Yuhe rushed forward quickly and punched Wang Hui who was turning around.

The huge fist shadow, shining with nine-color light, tore through the void and rushed straight to Wang Hui's back.

Seeing this, Wang Hui was shocked.

He didn't expect Zhang Yuhe to come so quickly.

He quickly offered a black bead.

The bead turned into a circle of light, protecting him in it.

Boom.

The nine-color fist shadow hit the black light circle, making a loud noise.

The black light circle didn't even last for a moment, and was smashed to pieces in an instant.

Wang Hui didn't even have time to scream.

He was smashed into ashes by his Galaxy Dragon Fist.

The demons in the early stage of Mahayana couldn't withstand Zhang Yuhe's punch at this time.

With the blessing of the Hunyuan Guiyi magical power, his strength is completely comparable to that of the late stage of Mahayana.

Coupled with the terrifying lethality of the Galaxy Dragon Fist, killing a Mahayana in the early stage is no problem at all.

Zhang Yuhe quickly flashed and picked up the items scattered on the ground.

This time, two Mahayana demons were killed, plus the leader of the Demon God Cult, Zhao Mingyue.

There should be a big harvest.

Compared with ordinary demons.

These Mahayana demons are the real rich.

Killing one at random will gain more than killing hundreds of millions of demons.

Just finished all this.

The aura on Zhang Yuhe's body began to slip rapidly, and the mana in his dantian was almost exhausted.

He quickly fell to the ground, his body swayed a few times, and he almost couldn't stand still.

He felt that his whole body was hollowed out.

Zhang Yuhe barely sat cross-legged on the ground, intending to recover some mana first.

Suddenly, he felt another strong aura flying towards him quickly.

"Fuck, this is not over yet."

At this time, the blessing effect of Hunyuan Magical Power has ended, and more importantly.

His mana, which is like the sea, has also been basically exhausted.

If there is another demon Mahayana, let alone fighting.

I'm afraid I can't even run away.

Zhang Yuhe took out a shining talisman, struggling whether to use it immediately.

This is the life-saving item that Feng Xiaotian gave him when he left the Demon City.

Qiankun Positioning Talisman.

As long as you use it, you can ignore all constraints and return to the ancestral hall of Daosheng Peak in an instant.

This is a truly invincible life-saving trump card.

He estimated that the entire Daosheng Sect should only have this last one left.

"Hey, it seems to be one of our own."

Just as Zhang Yuhe was struggling, a voice came from a distance.

"Junior Brother Zhang, are you okay?"

After a while, Feng Xiaotian appeared from a distance and quickly landed beside him.

Seeing that Zhang Yuhe was weak and bleeding from the corners of his mouth.

He asked anxiously.

"Junior Brother, how are you injured?"

"It's okay, thank you for your concern, the Sect Master, it's just that my mana is exhausted, and the injury is not serious."

Seeing Feng Xiaotian appear, Zhang Yuhe finally breathed a sigh of relief.

Fortunately, it was one of his own.

If it was the demons, he could only use the Qiankun Positioning Talisman.

There was no way, if he didn't use it.

If he was killed by the demons, it would be aiding the enemy.

The demons would naturally touch the corpse.

If the demons got the Qiankun Positioning Talisman, they would be directly teleported to the Daosheng Peak Patriarch Hall.

The consequences of that were simply unthinkable.

Feng Xiaotian carefully checked Zhang Yuhe's injuries and found that what he said was true.

He was not seriously injured, but his mana was exhausted.

There was nothing else wrong.

Feng Xiaotian couldn't help but breathe a sigh of relief.

He was afraid that Zhang Yuhe would have an accident.

Now that the war was underway, without Zhang Yuhe's help, the situation of Daosheng Sect would be much more difficult.

After confirming that Zhang Yuhe was fine, Feng Xiaotian said hurriedly.

"Brother, let's go quickly. I just received news that several demons from the Mahayana realm are rushing here quickly."

Mo Yuetian and other demon guards are flying at full speed to support Wu Tian as soon as possible.

They are full of demonic energy and run through the world.

Even if they are thousands of miles away, they will be discovered by the guards of Daosheng Sect.

Feng Xiaotian received a report that several demons from the Mahayana realm have been found and are rushing to Dingzhou City.

He doesn't know what happened here just now.

But it is obvious.

This is not a place to stay for a long time. Let's go back to Zhenmo City first.

"Okay, let's go quickly."

Zhang Yuhe also knew that he had stirred up a hornet's nest this time.

Killed two demons from the Mahayana realm in a row, including Wu Tian, who was in the late Mahayana stage.
