

Top talent 1171

Section 1171

Countless red light spots shine like stars in the pagoda space.

See this situation.

Zhang Yuhe finally nodded with satisfaction.

The entire secret space was packed up and taken away by him.

Now there is no need to worry, no one will come to grab the red gold veins again, right?

Everything is in his hands.

Who has the ability to snatch it away?

Although I want to sift out all those red gold divine sands.

That will take a lot of effort.

But Zhang Yuhe was not in a hurry.

Let's do it slowly when needed in the future.

Anyway, I already have the stuff in my hands.

Can't run.

Think of this.

Zhang Yuhe turned back to look at Nangong Damo next to him, he smiled and said.

"Master, let's go back quickly."

"Mingxuan Realm is publicizing this matter, and we in the Chaos Sea will probably be in a lot of trouble in the future."

"We'd better return to Tianguan as soon as possible to prevent any unexpected events."

"Yes, let's go back quickly."

Nangong Damo waved his right hand.

A huge chaos boat slowly appeared in front of everyone.

Everyone flew up.

The Chaos Boat turned into a stream of light and disappeared from sight in an instant.

The scene became silent again.

Except for those sword marks and Daoyun that crisscrossed the four directions, nothing was left.

...

half year later.

The first batch of monks rushed over quickly according to the coordinates provided by Mingxuanjie.

Yet they looked ahead.

Apart from those terrifying sword marks, nothing could be seen.

"Where's the secret realm?"

"Didn't the people in Mingxuan Realm say that there is a secret realm here that contains a vein of red gold?"

"This place is completely empty. How can there be any secret realm?"

"Isn't it fake news?"

"Hard to say."

"Maybe it's a half-truth."

"At least there was a fierce battle here."

"It is very possible that Wan Kongyuan has really fallen."

"As for the so-called red gold veins, maybe they were fabricated by Mingxuan Realm."

"Damn it, what's in it for them?"

"My trip was in vain."

"Hey, I don't know if people in Mingxuan Realm are exaggerating."

"Was Wan Kongyuan really killed by a nine-step god king of the Chaos Sea?"

"This shouldn't be possible, right?"

"How is it possible that such a powerful nine-step god king can kill Wan Kongyuan?"

"Let him be."

"This matter is for those supreme beings to take care of. It has nothing to do with us at all."

"The Sea of Chaos killed Wan Kongyuan, and I don't know whether it was a blessing or a curse."

"I guess those three invincible supreme beings will keep their eye on the Sea of Chaos in the future."

"I'm afraid they will be in trouble, hehe."

"Let's stay out of this matter."

"Whether it's the Sea of Chaos or the three holy realms, we can't afford to offend them."

"It's better to hide as far away as possible."

"Let them fight to the death."

"That's right, let's leave quickly."

"Don't wait to be bumped into by those supreme beings. That would be extremely unlucky."

Groups of monks kept arriving, and then left disappointed.

We are not just melon-eaters.

They just heard from people in Mingxuan Realm that there was a red gold vein here.

Then I came over to try my luck.

Now everyone has not even seen a hair in the secret realm, let alone a vein of red gold.

Naturally, just take a turn and quickly leave this place of right and wrong.

Everyone understands.

Ever since the news spread in Mingxuanjie.

This matter will definitely not end so simply.

A nine-step god-king has risen from the Chaos Sea, who can kill the top emperor.

Can those three invincible supreme beings still be able to sit still?

Everyone understands.

No matter if something is true or false.

The three holy realms will use this to suppress the Chaos Sea.

If not, a war might break out that would shock the entire Three Holy Heavens.

Originally, the Chaos Sea was very powerful, with more than twenty Eternal Emperors.

If another ruthless person emerges.

Isn't it possible that it will become the fourth holy world?

I believe that such a result is definitely not what the three supreme beings want to see.

They are bound to suppress it.

I just don't know how far things will develop in the end.

Will a new war break out?

Monks kept coming over, and after searching around for a while, they left in a hurry.

this day.

A majestic figure suddenly appeared in the secret location.

"No, it's Taihua Supreme."

"Run quickly."

Saw the Supreme appear.

The monks who were still around originally planned to continue searching for the secret realm.

They immediately turned around and ran away like birds and beasts.

The Supreme is invincible.

Whether it is a god king monk or an eternal emperor.

The first time I saw Taihua Supreme, I didn't dare to stay any longer.

Everyone seemed to have seen something terrible.

They all ran wildly.

...

Chapter 820 This child must not be kept!

Taihua Supreme stands quietly in the void.

He didn't even look at the monks who were running away.

How could the lions on the grassland care about these fly-like characters?

in his eyes.

There was only the sword mark Daoyun that crisscrossed the four directions.

Although things have passed, more than half a year has passed.

Section 1172

But the sword marks made by Zhang Yuhe still had a clear Taoist charm.

Feeling the vast Taoist aura around him, Taihua Supreme remained speechless.

Just at this time.

Another terrifying figure quietly appeared in the distance.

Taihua Supreme turned around to look, and he said calmly.

"Tianguang, you came very quickly."

The person coming from a distance is none other than Supreme Heavenly Light.

Same as Taihua Supreme.

After receiving the news spread by Mingxuanjie.

He immediately set off from the Holy World and rushed over as quickly as possible.

A nine-step god king who can kill top emperors has appeared within the scope of the Three Holy Heavens.

Although Tianguang Supreme feels that this matter may be deliberately exaggerated by Mingxuanjie.

The authenticity has yet to be verified.

But whether it was true or false, he had to come and see it for himself.

Only then can you rest assured.

It's just that the Tianguang Holy Realm is very far away from here.

He will be one step later than Taihua Supreme.

Tianguang Supreme looked at the sword mark Daoyun in the distance and quietly realized it for a while.

He looked back at Taihua Supreme and asked slowly.

"Taihua, you saw something."

Taihua Supreme responded calmly.

"Don't you already have the answer in your mind? Why bother asking me?"

Supreme Heavenly Light said leisurely.

"Yes, what a terrifying swordsmanship."

"Even after half a year, it can still be clearly presented."

"The key is."

"In this terrifying sword mark Daoyun, there is no power of the world."

"That is to say."

"The monks who use the magical power of swordsmanship are indeed not yet in harmony with the Tao."

"The highest level of cultivation is no more than the Nine-Step God King."

"It's really hard to imagine that a nine-step god king can be so powerful that it's so terrifying."

"No wonder Wan Kongyuan fell into his hands."

"Such magical sword skills, such terrifying Taoist rules."

"I'm afraid no one can stop me in the eternal realm."

Speaking of which.

He looked at Taihua Supreme in the distance and asked with some uncertainty in his heart.

"Do you think this person really comes from the Sea of Chaos?"

"How could such a terrifying peerless talent be born in a place like the Sea of Chaos?"

"Even in the Dao Alliance, it is probably difficult for such a person to appear."

Taihua Supreme pondered for a while, and then responded slowly.

"Whether this person comes from the Sea of Chaos, it's really hard to say."

"Based on the portraits that came out of Mingxuan Realm, I asked people to get to know them carefully."

"There were no traces of this person's activities within the scope of the Three Holy Heavens before."

"But even if this person does not come from the Sea of Chaos, he must be related to the Sea of Chaos."

"We really should treat it with caution and not take it lightly."

Supreme Supreme Taihua has not spoken yet.

Just at this time.

A distant voice came faintly.

"Stop guessing."

"This person's name is Zhang Yuhe, and he comes from the Chaos Sea, Desert, and Heaven Realm."

"People in Mingxuan Realm may just talk casually."

"But this time, they were indeed right."

A vast figure slowly appeared in the distance.

Taihua and Tianguang, the two Supremes, turned back and looked into the distance.

Tianguang Supreme asked in surprise.

"Pauline, I didn't expect you to arrive last."

"This isn't like your style."

The person coming was none other than Supreme Paulin.

Paulin Holy World is the closest to this place.

Logically speaking.

Everyone received the news almost at the same time.

Paulin Supreme should be the first one to come here.

How could it be later than them?

It's just weird.

Looking at the confused expressions of the two people in the distance.

Supreme Paulin responded calmly.

"Some things were delayed, so I came a step late."

Supreme Tianguang asked curiously.

"How are you sure that that person is from the Sea of Chaos?"

"Could it be that you, Paulin Holy World, have known about this man's existence for a long time?"

Supreme Paulin looked slightly depressed, and he responded slowly.

"It wasn't known for sure before."

"But after seeing the portrait spread in Mingxuan world, I can be sure."

"As early as 50 billion years ago, I placed those dark particles in the Sea of Chaos."

"Suddenly, they were all wiped out."

"Through the information sent back by the statue, I saw the scene when the man took action."

"The man's name is Zhang Yuhe, and he is exactly the same as the portrait spread in the Mingxuan world."

"It's just that at that time, that person was only at the level of God King."

"I can't believe that only 50 billion years have passed."

"He has grown to the point where he can kill top emperors."

Speaking of which.

Supreme Bolin paused for a moment.

He looked at the two supreme beings Taihua and Tianguang in the distance.

Then he said solemnly.

"Zhang Yuhe has risen so quickly, maybe he will be on par with me before long."

"This child must not be kept, and must be dealt with as soon as possible."

"I believe you don't want a fourth Supreme to appear within the scope of the Three Holy Heavens."

Hearing the words of Supreme Bolin.

The two of them were silent.

Of course they don't want new competitors to appear within the Three Holy Heavens.

Although the Chaos River is vast and boundless, and its territory is so huge that it is unimaginable.

But who among them does not want a new rival to rise up around them?

Although the Three Holy Heavens are vast, they have three supreme beings.

It is already crowded.

They absolutely do not want a fourth one to appear.

As long as there is a chance.

Any newly rising genius in the surrounding area.

They will do everything they can to suppress them.

They will never give the other party any chance to grow.

It has been like this for so many years.

Section 1173

Otherwise.

In the surrounding area, there may be more than just the three supreme beings.

Maybe it had already appeared, the fourth, or even the fifth.

The scene was silent for a while.

Supreme Heavenly Light asked.

"Paulin, I wonder what your plan is?"

"Are we just going to force our way into the Sea of Chaos?"

"That World-Suppressing Heaven Pass is not that easy to fight."

"More than twenty eternal emperors in the Chaos Sea."

"They are guarding the Tianguan and are suppressed by the source of the Chaos Sea."

"There's absolutely nothing we can do."

"Huh, that was us before and we didn't take it seriously."

"As long as the three of us join forces, no matter how strong the original suppression is."

"So what?"

"With the Sea of Chaos, can those twenty dozen Eternal Emperors be able to stop it?"

"And we can also mobilize armies from all worlds."

"As long as the three of us get serious."

"It's not that difficult to win just one chaotic universe."

Supreme Paulin snorted coldly, looked at the two of them and said calmly.

"This time is different from before."

"That Zhang Yuhe has risen too quickly."

"If we don't do it quickly."

"If you give him some time to grow, maybe he won't be able to suppress it anymore."

Hearing the words of Supreme Bolin.

The two Supremes, Tianguang and Taihua, looked at each other and then spoke at the same time.

"Just follow what Brother Dao said."

"We will go back and mobilize our armies. We will attack the Sea of Chaos in a hundred years."

"This time it is necessary to break through the world-defying gate and completely suppress that peerless genius."

"We must never give him any chance to grow."

"Okay, it's settled."

The three Supremes discussed some more details and then flew away.

In their view.

Breaking through a chaotic universe is not too difficult.

In fact.

There is not only one holy world under the three of them.

in the long years.

The three supreme beings invaded everywhere, and each captured many cosmic worlds.

And transform those worlds into their own territory.

Only relatively speaking.

The strength of the Chaos Sea is too strong.

They didn't want to consume too much strength before.

So after Paulin Supreme failed once, others also failed.

Let's try to cross the Sea of Chaos again.

Anyway, there are many worlds in the universe around us.

They have no need at all and just stare at the Sea of Chaos.

But this time it's different.

Now they felt a deep threat from Zhang Yuhe's sword marks.

A nine-step god king was actually able to kill the top emperor.

Then when he succeeds in joining the Way in the future, wouldn't he be able to overpower the Supreme Being?

At least he can be on par with the Supreme.

This is something that Paulin Supreme and others absolutely do not want to see.

In their view.

There is still a chance.

While Zhang Yuhe has not grown up yet.

As long as they break through Zhenshi Tianguan, they can easily suppress Zhang Yuhe.

Eliminate threats into the invisible.

...

Chapter 821 Return to Zhenshi Tianguan

Two streaks of light streaked across the sky, quickly passed by Shang Yunfang, and flew towards the distance.

Zhang Yuhe and Nangong Damo's faces looked a little solemn.

On the way back.

As all kinds of news continue to come.

Only then did they discover the consequences of Mingxuanjie spreading news wantonly.

It might be countless times more serious than they thought before.

Even on the way back.

They also encountered multiple interceptions and killings by the three holy monks.

to this end.

Nangong Damo had no choice but to collect all the nine-step god kings who were traveling with him behind the cave.

Then he and Zhang He changed their bodies and restrained their auras.

Passing the Dao Alliance's teleportation array, he quickly flew toward the Sea of Chaos.

Zhang Yuhe originally thought that.

Didn't he just kill Wan Kongyuan?

It's not like it's a big deal.

The strength of Mingxuanjie is not too strong.

It's all supported by Wan Kongyuan alone.

Now Wan Kongyuan has fallen, and there are still four eternal emperors.

He was beaten back and resurrected.

In the entire Mingxuan world, there is truly a person with some strength.

That means there are only four eternal emperors left.

Just that little strength.

In Zhang Yuhe's view.

Whether it is for himself or for the Chaos Sea.

Mingxuanjie cannot pose a threat.

But what he didn't expect was.

Those monks in Mingxuan Realm actually publicized the fact that he killed Wan Kongyuan.

Even deliberately exaggerated.

Finally attracted the attention of the three supreme beings.

have to say.

Mingxuanjie's move to divert disaster to the east is indeed very effective.

Nangong Damo has received the news.

The three holy realms are gathering strength and preparing to launch a large-scale attack.

Even on their way back, they accidentally met monks from the three holy realms.

The other party suddenly killed him.

If Zhang Yuhe hadn't responded quickly,

They would have lost a lot before.

Not only that.

According to the news coming from Zhenshi Tianguan.

Many Chaos Sea monks who ventured in the Changhe River were also inexplicably intercepted and killed by the three holy realms.

That is to say.

Section 1174

The war has actually begun.

The three holy realms are now targeting the Sea of Chaos with all their strength.

Think of this.

Zhang Yuhe's face became even colder.

The three holy realms are too overbearing.

Just because he showed great strength.

They will suppress them with iron blood.

Even targeting the entire Sea of Chaos.

Are these three holy heavens really their three supreme heavens?

Not allowing any genius to rise?

Do you want this long river area to become the backyard of the three of them forever?

"Hmph, just wait."

"When I succeed in joining the Way in the future, I will let you know."

"Who is the leader of this chaotic river?"

Zhang Yuhe was thinking silently while flying quickly.

Looking at his face, there was a gloomy look.

Nangong Dasho next to him said comfortingly.

"Don't put too much psychological pressure on yourself."

"This has nothing to do with you."

"Even if you didn't kill Wan Kongyuan."

"Those three invincible supreme beings will still target our Sea of Chaos."

"In this long river, they are three cancers."

"There's no air of superiority or power."

"As long as a talented person rises up, they will suppress them vigorously."

"You're not the first, and you won't be the last."

"In the eyes of those three supreme beings, they are the sky of this long river."

"No one is allowed to threaten their existence."

"As for the safety of the Chaos Sea, you don't have to worry too much."

"It's not the first time that the three invincible supremes have taken advantage of the Chaos Sea."

"But haven't we all lived well for so many years?"

"As long as the origin of the Chaos Sea is still there, they can't even think about stepping into the Tianguan."

"Even the Invincible Supreme will not be an exception."

"When they find that they can't do anything to us, they will naturally retreat."

Zhang Yuhe took a deep breath and responded calmly.

"Don't worry, they won't be arrogant for long."

"Sooner or later, I will sweep these three immortals into the dustbin of history."

to be honest.

It is really difficult for Zhang Yuhe to understand what the mentality of the three invincible supreme beings is.

Do you want to kill it in advance just because you have great potential?

Those invincible supreme beings don't want to carve out their own way forward and constantly strengthen themselves.

But he was worried that he would be surpassed by the younger generation of monks, so he did this.

It's simply unreasonable.

Since embarking on the path of spiritual practice.

Zhang Yuhe has never encountered such a shameless senior expert.

Whether it is in Yu Fantian, the Immortal Realm, or the Sea of Chaos.

Whenever a younger talent rises up, those powerful seniors will do their best to support them.

Even if you don't want to support, you won't deliberately target it.

How can it be like the three supreme beings?

Just hearing a hint of wind made me want to destroy the entire Chaos Sea.

For such a narrow-minded person, no wonder he has always been a pseudo-supreme.

Even if countless epochs pass by.

I haven't heard of any progress.

Those who rely on suppressing younger generations to consolidate their position are destined to have no future.

Such behavior will lead to destruction sooner or later.

...

Zhang Yuhe and the two of them focused on flying all the way.

Half a month later.

The outline of a vast city slowly appeared in front of them.

The sea of chaos, the gate of heaven.

They are finally back.

At this time, there are longing figures above Tianguan.

Countless God King monks are patrolling back and forth above Tianguan.

Dozens of figures with vast auras stood in front of Tianguan.

I saw Zhang Yuhe and two people appearing.

A hearty voice came from a distance.

"Haha, the desert, let you eat alone."

"This is going to cause trouble."

Zhang Yuhe and Nangong Damo flew down in front of Tianguan.

Looking at the tall monk in front of him.

Nangong Damo responded slightly embarrassed.

"Beiyuan, don't laugh either."

"I don't see you taking me with you when you have a good time."

"Haha, just kidding, don't pay attention."

Emperor Beiyuan turned around and looked at Zhang Yuhe beside him.

He said in amazement.

"This must be the Lord of Galaxy Palace."

"A long time ago, after I first heard about your situation."

"I knew that your future would be limitless."

"It's just something I didn't expect."

"This is the first time you came to the Chaos River, and you killed that pretentious Wan Kongyuan with one sword strike."

"What a terrifying life."

"Haha, very good."

"The rise of talented young people like you in the Chaos Sea finally allows us old guys to see hope for the future."

Just at this time.

The dozens of Eternal Emperors around them also quickly gathered over.

Everyone looked at Zhang Yuhe with admiration on their faces.

It is already very rare for a god king monk to go against the odds and reach the realm.

In the area of Sanshengtian, it has been a long time since we heard of such a person being born.

And Zhang Yuhe didn't just simply go against the odds and reach the realm.

With the nine-step divine king cultivation, he was able to kill the top eternal emperor.

Let Wan Kongyuan be such an arrogant and peerless strong man.

He was immediately killed.

This is simply a legend.

Anyway, they have lived for countless years and have never heard of it.

There are terrifying peerless geniuses like Zhang Yuhe.

Even the most outstanding figure in the world can compare with Zhang Yuhe's record.

It will become silent in an instant.

It's simply a myth.

...

Section 1175

Chapter 822: One Hundred Years

A group of Eternal Emperors came forward to greet him enthusiastically.

"Master of the Galaxy Palace."

Zhang Yuhe responded politely.

"Hello, seniors."

The Emperors smiled and said.

"Haha, I don't deserve the title of senior."

"With your current power, even if we are of the same generation, we are taking advantage."

"Who said it wasn't."

"I didn't expect that a big man like the Master of the Galaxy Palace would finally rise in our Chaos Sea."

"Even Wan Kongyuan was killed by a few swords from you."

"I remember that I met him several times before."

"Wan Kongyuan is arrogant, as if he doesn't take anyone seriously except the Supreme."

"Very arrogant."

"I didn't expect that this time he finally fell into the hands of the Master of the Galaxy Palace."

"He deserves it, hehe."

Everyone surrounded Zhang Yuhe and praised him.

Zhang Yuhe's record was really amazing to them.

If it hadn't been confirmed again and again,

Everyone simply couldn't believe it, this was true.

A Nine-Step God King could actually kill a ruthless person like Wan Kongyuan directly.

And this Nine-Step God King was the younger generation cultivator of their Chaos Sea.

At this time.

Nangong Dame smiled and said.

"Everyone, don't stand outside."

"The three holy realms are attacking in large numbers, this matter is no small matter."

"Let's go back and discuss it first, and see how to deal with it."

"How else can we deal with it?"

"When the enemy comes, the general will stop, and when the water comes, the earth will cover it."

"With the suppression of the Chaos Sea Origin, I don't think the three supremes can break in."

"Let's go back and discuss it first."

"Let's go."

The group quickly passed the Heavenly Gate and soon sat down in the Ten Directions Hall on the north side of the gate.

Chaos Sea Nine Heavens and Ten Earths.

The name of the Ten Directions Hall on the north side of the Heavenly Gate represents the determination of all parties in the universe to protect it together.

At the same time, this is also the place where a group of eternal emperors discuss matters.

After sitting down in the hall.

Zhang Yuhe took a quick look.

Including Nangong Damao, there were a total of 19 Eternal Emperors at the scene.

According to his understanding.

There were a total of 21 Eternal Realms in the entire Chaos Sea.

There were also two Emperors who should have gone out and not returned.

However, as the news spread.

I believe that the two Emperors will receive the information and rush back sooner or later.

This is a world war.

It is to protect the common Chaos Universe for everyone, and no one can stay out of it.

Zhang Yuhe silently sensed the cultivation aura of everyone in the hall.

In addition to Nangong Damao, the auras of the two Emperors Beiyuan and Heihe were the most powerful.

The cultivation of these three people has already reached the peak of the Eternal Realm.

As long as enough avenue rules are integrated into their own world.

They may be able to take that critical step.

Promoted to the Supreme Realm.

Of course.

This step is also the most difficult.

And there is no way forward.

There is no Supreme inheritance in the Chaos Sea, and they have no reference.

It all depends on their own slow exploration.

To be honest.

If there is no chance to defy the heavens.

They have almost no chance to take that step.

Despite this.

The strength of these three people is still very terrifying.

For example, Nangong Damu.

Even a ruthless person like Wan Kongyuan, when he has not integrated the power of the world.

Nangong Damu can fight back and forth with Wan Kongyuan.

Not inferior at all.

The two emperors Beiyuan and Heihe are probably about the same.

When Supreme Bolin attacked.

It was the three of them who joined forces to block Supreme Bolin from the gate of heaven.

It can be seen how strong they are.

After everyone sat down in the hall.

Nangong Damu looked at Emperor Beiyuan and asked solemnly.

"Beiyuan, how long do you think the three holy realms will launch an attack."

"What is the estimated scale of this attack?"

"Will the three supremes take action?"

Supreme Beiyuan pondered for a while, then slowly responded.

"It's really hard to say when they will launch the attack."

"According to my estimation, it will take at least a hundred years for the three holy realms to gather all the forces."

"So the real attack should come a hundred years later."

"As for the scale of the attack, there's no need to think about it."

"They will definitely come out in full force."

"I'm sure everyone knows about the three invincible supremes."

"Every time a genius rises, they will do their best to suppress him."

"This time, the Lord of the Galaxy Palace has shown such terrible strength."

"The three supremes will definitely not be able to sit still, and they will definitely attack together."

Hearing the narration of Emperor Beiyuan, everyone fell into silence.

Although everyone seemed to not care at all on the surface.

But how could it be possible?

These are the three invincible supremes.

Back then, only one Supreme Bolin was enough to suffocate them.

If it weren't for Nangong Damao, who had already comprehended the rules of the earth.

Mastered the immortal body of the earth.

Relying on the characteristics of immortality, he tightly entangled Supreme Bolin.

Even if he joined forces with the two emperors Beiyuan and Heihe, they might not be able to defeat Supreme Bolin.

But this time was different.

Except for Bolin Supreme this time.

The two supreme beings Taihua and Tianguang are also very likely to appear.

How to do it?

Nangong Damo and the three of them joined forces and could only stop an invincible supreme being.

Who should deal with the two supreme beings left?

Section 1176

There was silence in the hall.

Everyone understands.

Except for the three people from Nangong Damo.

No one else could block the supreme blow.

Even if it is suppressed by the origin of the Chaos Sea, the Supreme's attack is extremely terrifying.

It is simply not something that an ordinary Eternal Emperor can take on.

They are not afraid of death.

Anyway, everyone has already successfully joined forces and evolved their own world.

Even the dead can be resurrected.

Although it will be very troublesome to restore your cultivation later.

It takes a long time.

If something unexpected happens again midway.

There may never be a chance to return to peak strength.

But in order to protect the Sea of Chaos.

No one is afraid of sacrifice.

It's just that this sacrifice must be meaningful.

Think of this.

Everyone unanimously looked at Zhang Yuhe beside them.

Nangong Damo asked solemnly.

"Fellow Daoist Zhang, I saw you suddenly use explosive magical powers before, raising your cultivation level to the peak of eternity."

"I don't know if you have such an outburst, but what are the limits?"

"The next time the three holy realms attack, your magical power will explode. Can you still use it?"

Nangong Damo saw with his own eyes that Zhang Yuhe unleashed that terrifying momentum with all his strength.

In his opinion.

As long as Zhang Yuhe can still do it, just like he did when he dealt with Wan Kongyuan.

Raise your cultivation to the peak of eternity.

Then there will be no problem at all in dealing with the three supreme beings.

No one else even needs to take action.

Zhang Yuhe alone can repel the three supreme beings.

After all, Zhang Yuhe still has many clones.

And his clone can also explode with powerful strength.

If his true form and clone burst out with strength at the same time.

Then under the suppression of the origin of the Chaos Sea.

Coupled with Zhang Yuhe's, the terrifying sword light fusion magical power.

The three supreme beings can never hope to gain any advantage in his hands.

If not, you might even end up in disgrace.

Hearing Nangong Damo's words.

Everyone looked at Zhang Yuhe expectantly.

Everyone understands.

Can they block the attacks from the three holy realms this time?

The key lies in Zhang Yuhe.

As long as Zhang Yuhe can, he can hold back or even repel the three supreme beings.

So no matter how many people are mobilized in the three holy realms.

It's all in vain.

These people are not just for a living.

If there is no threat from the Supreme.

No matter who comes or how many people come.

Don't even think about stepping into Tianguan even half a step.

Looking at the expectant eyes of everyone.

Zhang Yuhe pondered for a while, and then responded lightly.

"Hundred years of time."

"My explosive magical power only needs a hundred years of recovery time before it can be used normally."

...

Chapter 823 It's incredible, it's incredible

Hearing Zhang Yuhe's words.

Everyone couldn't help but let out a sigh of relief.

A hundred years is not a long time.

Moreover, it will take a lot of time for the three holy realms to gather their strength.

A war does not mean that you can start it immediately if you want to.

Even if the three supremes move quickly.

They want to gather all the forces under their respective banners together.

It will take at least a hundred years.

It might actually be longer.

After all, they don't only control one side of the holy world.

In addition to their respective holy world base camps.

Under the banner of the Three Supreme Beings, they also control a large number of chaotic universes.

This is all the result of their continuous aggression over the long years.

After conquering these chaotic universes.

They will immigrate in large numbers from the Holy World.

For so many years.

The chaotic universe under the three supreme powers has already spawned many strong men.

There is no shortage of eternal realms among them.

In fact.

In the chaotic universe controlled by the Supreme, the god king and the powerful man of eternity were born.

Even more than their own holy world.

This is the most important power under the three supreme banners.

Since they want to attack the Sea of Chaos.

Naturally, all these forces must be mobilized.

It's just that the river of chaos is vast and endless.

Even if the Dao Alliance's teleportation array is available, it will be more convenient for all parties to gather their strength.

But it still takes a lot of time.

Wait until the three holy realms are assembled.

It is estimated that Zhang Yuhe's explosive magical power has already returned to normal.

By that time.

What else are you afraid of?

With full force.

Zhang Yuhe was able to kill Wan Kongyuan with just a few sword strikes.

If there is suppression from the origin of the Chaos Sea.

The strength that those three invincible supreme beings can exert is probably not stronger than Wan Kongyuan.

Even if it is stronger, it is still only too strong.

Zhang Yuhe can definitely stop it.

All the emperors in the hall finally breathed a sigh of relief.

As long as the three invincible supreme beings can be blocked, the remaining enemies will be defeated.

Not worth mentioning at all.

They guard the world-defying Tianguan and are suppressed by the source of the Chaos Sea.

No matter how many enemies come, it is impossible to change the situation.

After all, they, the Eternal Emperors, are not just for a living.

They guard Zhenshi Tianguan.

Within the radiation range of the source of Chaos Sea.

Section 1177

Facing the eternal monks of the three holy realms, they were completely crushed.

Each of them could easily deal with a large group of eternal realms.

Emperor Beiyuan stood up suddenly.

He said excitedly.

"In this case, I, Damo, and Beihe will join forces to deal with Supreme Bolin."

"The remaining two Supremes, Taihua and Tianguang, will be dealt with by the Lord of the Galaxy Palace."

Zhang Yuhe pondered for a while, then said lightly.

"No need to be so troublesome."

"Leave the three Supremes to me."

"You just take care of the others."

Hearing Zhang Yuhe's words, Emperor Beiyuan was completely stunned.

He looked at Zhang Yuhe and asked with a puzzled look.

"Are you sure this is not a joke."

"The strength of the Invincible Supreme is definitely not as simple as imagined."

"Even under the suppression of the Chaos Sea Origin, their magical powers are still very terrifying."

Before Zhang Yuhe responded.

Nangong Damao, who was standing next to him, smiled and said to Emperor Beiyuan.

"Beiyuan, don't worry."

"The strength of the Galaxy Palace Master is not as simple as you think."

"He has mastered a very powerful clone ability."

"He can summon multiple clones."

"And the strength of these clones is exactly the same as his own."

"If multiple clones attack at the same time."

"As long as they don't come, ten or eight invincible supremes."

"I believe that the Galaxy Palace Master can deal with it."

Hearing this.

Everyone was shocked.

Is it so against the sky?

It's okay that he is strong, but he also mastered the clone ability.

And the clone's strength is as strong as his own.

This is too outrageous.

Everyone looked at Zhang Yuhe at the same time, wanting to get a definite answer.

Zhang Yuhe nodded gently.

He spoke slowly.

"As long as the strength that those invincible supremes can exert is not much greater than Wan Kongyuan."

"I will let them know."

"This vast Chaos Sea is not a place they can touch."

"If they dare to force their way in."

"I will leave them a lesson they will never forget."

"Okay."

Everyone's blood was boiling, and they all stood up suddenly.

This is called momentum.

From Zhang Yuhe's words.

Everyone heard the contempt for the invincible supreme.

It is obvious.

Zhang Yuhe is confident enough.

The supreme is invincible.

But that depends on the situation.

Under the suppression of the origin of the Chaos Sea.

A dragon has to coil, and a tiger has to lie down.

Even the invincible supreme.

Cannot be presumptuous around the Chaos Sea.

The hall was heated.

Everyone seriously discussed the next preparations.

The three holy realms are attacking in a big way.

It is naturally impossible for Zhang Yuhe to deal with it alone.

The power of the entire Chaos Sea needs to be mobilized.

Very quickly.

One after another, the conscription orders quickly spread throughout the Chaos Sea.

No matter which force, no matter who.

As long as the cultivation reaches the God King realm, you must respond to the call.

If there are those who do not obey.

They will be killed immediately.

The entire Chaos Sea quickly took action.

Countless God King monks rushed to the teleportation arrays in various realms.

Then soon, they were teleported to the outer heaven gate.

...

Donghua Palace, Yuanhe Hall.

Yuanhe God King held a golden book in his hand, and was stunned.

Duan Changqing, who was sitting next to him, had already been overwhelmed.

Just now.

The Desert Academy issued a conscription order.

The outer heaven gate is about to break out in a war, and all God King monks must fight.

Both of them are among the conscription.

Even Duan Changqing, who has just been promoted to the God King realm not long ago.

He must also respond to the conscription.

This is the common will of all the Eternal Emperors in the entire Chaos Sea.

No one can disobey.

But this is not the main reason for their stunned state.

When the Desert Academy sent the conscription order,

it also brought a shocking news to them.

Zhang Yuhe showed his divine power in the outer river and killed Wan Kongyuan in one fell swoop.

It is precisely because of this.

That made the three supreme beings unable to sit still and triggered the war that was about to break out.

When they heard the news.

Yuanhe God King and Duan Changqing almost thought they had heard it wrong.

How could this be possible?

Although they all knew that Zhang Yuhe was very powerful.

He was much stronger than ordinary God King cultivators.

He might even be stronger than many Eternal Emperors.

But who is Wan Kongyuan?

He was a truly ruthless man who was famous in the long river.

As early as countless years ago.

When Yuanhe God King first set foot in the Chaos Long River.

He had heard of Wan Kongyuan's reputation.

He was a peerless great power who could fight against the Invincible Supreme for a few moves.

However, such a person had actually died at the hands of Zhang Yuhe.

If it had not been confirmed again and again.

They couldn't believe it at all, this was true.

Yuanhe God King slowly stood up.

Section 1178

He muttered to himself.

"It's incredible, it's incredible."

"I didn't expect that a big dragon would finally appear in our Donghua Palace."

"Maybe from now on."

"Our Donghua Palace is one of the top holy places in the entire Chaos Sea."

...

Chapter 824 God King Millions

In the view of King Yuanhe.

Zhang Yuhe, even Wan Kongyuan, could beat such a top emperor to death.

Then there is no doubt about it.

He is already the number one person in the Chaos Sea.

Even Zhang Yuhe's current cultivation level is still only at the God King level.

But his strength must have surpassed all the eternal emperors in the Chaos Sea.

Wan Kong has a long-standing reputation.

Even the most powerful Eternal Emperor in the Sea of Chaos cannot compare with Wan Kongyuan.

Zhang Yuhe can beat Wan Kongyuan to death.

Then the throne of the number one person in the Chaos Sea must be secure.

No one dares to dissent.

A deity makes a mountain, not its altitude.

Water does not have to be deep.

Zhang Yuhe is the big dragon.

Even now, the overall strength of Donghua Palace is still not too strong.

There are only four god king monks in the entire sect.

Even the two divine kings Donghua and Duantian were trapped in the Taijin Mysterious Realm.

Whether it can come out or not is a matter for two people.

But even so.

Donghua Palace will still be one of the top holy places in the entire Chaos Sea.

As long as Zhang Yuhe is here.

Donghua Palace is enough for everyone to look up to.

In the desert courtyard just now, the face of the God King monk who came to distribute the recruitment order.

God King Yuanhe saw the other party's deep respect.

The god king monks counterattacked the eternal realm.

And he is also the top eternal emperor.

Such a terrible record is enough to awe anyone.

Facing such a peerless genius.

Who dares not to admire it?

Think of this.

King Yuanhe couldn't help but feel excited.

He didn't expect it at all.

His unintentional move actually attracted a peerless blue dragon to Donghua Palace.

Think back to the beginning.

The moment Zhang Yuhe entered the sea of chaos.

God King Yuanhe sensed the aura of the reception order through the formation disk.

Then Duan Changqing was sent to bring Zhang Yuhe in.

Now, only 50 billion years have just passed.

Zhang Yuhe has grown to a point where he cannot look up to him.

From now on, the entire Donghua Palace will be under the protection of Zhang Yuhe's reputation.

It will surely develop to an unimaginable height.

Think of this.

How could God King Yuanhe not be excited?

Maybe this is it.

Some kind of providence.

Just at this time.

Duan Changqing, who was next to him, said leisurely.

"I'm afraid it's not just the Sea of Chaos."

"Perhaps it won't be long before Junior Brother Zhang succeeds in joining the Tao."

"It is estimated that even those invincible supreme beings must be his opponents."

"That's when the time comes."

"Our Donghua Palace is not just a sacred place in the Sea of Chaos."

"But the holy land of the entire Chaos River."

"Maybe our Donghua Palace should prepare to change its name."

"How can these three words Donghua Palace be worthy of my junior brother's soaring reputation?"

"It should be renamed Galaxy Holy Land, it would be more appropriate."

"And Junior Brother Zhang is the Lord of the Holy Land."

Hearing Duan Changqing's words.

King Yuanhe couldn't help but be stunned.

After a while.

He took a deep breath and then spoke slowly.

"You're right."

"From now on, the entire Donghua Palace will have to rely on Yuhe's reputation."

"Even if he doesn't care, others will not see it."

"But it's best to wait until Donghua and the others come back."

"Let's wait for a while."

...

As the recruitment orders were distributed in various places, the prestige of the Lord of the Galaxy quickly spread throughout the Sea of Chaos.

Everyone was shocked to find out.

I don't know when, the Sea of Chaos actually rose up, an unprecedented and astonishing genius.

Zhang Yuhe used the power of the nine-step god king to kill a top foreign emperor.

Such a terrifying achievement.

Even the most ignorant monk knows the weight of it.

All of a sudden.

The reputation of the Lord of the Galaxy Palace has surpassed almost all the Eternal Emperors.

...

Zhenshi Tianguan, in a quiet manor in the north of the city.

Zhang Yuhe sat cross-legged on the training platform silently.

As the Chaos Gods and Demons Scripture circulated, the vast aura of divine power around him quickly gathered towards him.

Relative to the sea of chaos.

The aura of divine power in the long river seemed even purer.

Zhang Yuhe discovered.

In this World-Suppressing Heaven Pass, his cultivation speed seemed to be a little faster.

If the clones practice at the same time.

It is estimated that it will not take tens of billions of years for him to reach the nine-step divine king perfection.

This was much earlier than he had expected.

Zhang Yuhe closed his eyes slightly and silently operated his skills.

for the coming war.

He didn't take it too seriously.

Not to mention that Hunyuan Guiyi's magical power can be used again after a hundred years.

Even those three supreme beings are coming here now.

Zhang Yuhe is also not worried.

Section 1179

In the last war.

He only used four clones.

Plus the clone hidden in the Sea of Chaos.

He also has five clones, which can activate the magical power of Hunyuan Guiyi.

That being the case.

Then what are you worried about?

If those invincible supreme beings want to come over early to make themselves uncomfortable.

He can use his clone at any time to activate the magical power of Hunyuan Guiyi.

Five clones erupted at the same time.

Even the Invincible Supreme cannot take a step beyond the realm of possibility.

for this.

Zhang Yuhe was completely confident.

...

At this time, countless God King monks quickly gathered in Tianguan.

A large number of supreme god kings formed various battle formations.

A strict cordon was set up along the city wall of Tianguan.

Divine King Yuanhe and Duan Changqing, together with eight other Divine King monks, formed a fighting group.

Patrolling back and forth on the city wall.

After arriving at Tianguan.

They quickly visited Zhang Yuhe.

Divine King Yuanhe once vaguely proposed the renaming of Donghua Palace.

To this.

Zhang Yuhe did not object.

This is not a question of humility or lack of humility.

Rather, it is a matter of virtue and position.

With his current power.

If Donghua Palace does not change its name, it will only embarrass everyone.

Donghua Palace is named after the Divine King Donghua.

Even if they don't bring it up.

I will also feel very embarrassed when God King Donghua comes back.

Zhang Yuhe proposed.

Wait until this war is over.

He will personally go to the Taijin Mysterious Realm and bring back the two god kings Donghua and Duantian.

We will then make a decision after discussing with God King Donghua.

As time goes by slowly.

Heroes gathered in Tianguan.

In the entire Chaos Sea, except for a few casual cultivator god kings, they escaped into the void.

Almost all the God King monks have been recruited and in place.

Nearly a million supreme god kings gathered together, and their momentum was as vast as the sky.

This is the foundation of the Chaos Sea.

Compared with other cosmic worlds, the overall strength of the Chaos Sea is much stronger.

In addition to the twenty-one eternal emperors, the number of god king monks.

That's enough to be daunting.

In the surrounding long river area, except for the three holy realms.

There will no longer be any other universe.

It can be compared with the Chaos Sea.

It is precisely because of this.

Zhang Yuhe's sudden rise made the three supremes pay special attention to him.

The strength of Chaos Sea is already very strong.

There is a faint tendency to become a holy world.

If there is another leader.

Then in the future, in this long river area, maybe there will be four pillars.

This is definitely not something the three supreme beings want to see.

So they must do it before Zhang Yuhe has truly grown up.

Completely destroy the Chaos Sea.

This opportunity was missed.

If they still want it, they will turn around and deal with the Sea of Chaos.

That would be even harder.

...

Chapter 825 Follow me to level the sea of chaos

Outside Shangyunfang.

Countless chaos boats gathered in the void.

This time the three supreme beings are serious.

In order to completely destroy the Sea of Chaos, Zhang Yuhe, the peerless genius who suddenly appeared.

Nipped in the bud.

The three supreme beings have mobilized almost all the available power under their respective banners.

Countless god kings and eternal powers passed through the teleportation array of the Tao Alliance.

Quickly gather towards Shangyunfang.

Because this is the teleportation array closest to the Sea of Chaos.

After walking out of Shangyunfang.

It only takes less than half a year for the Chaos Boat to reach Zhenshi Tianguan.

Deacon Wu stood under the teleportation array.

Watching people keep teleporting over.

A faint smile couldn't help but appear on his face.

As the Dao Alliance here, I am responsible for guarding the deacon.

Of course he knew what happened recently.

But this matter has nothing to do with their Dao Alliance.

The Tao Alliance stands erect in the long river of chaos, transcending all forces.

They never intervene in the internal disputes in various regions.

There was no reason to intervene.

The river of chaos is vast and endless.

Even if they wanted to, they couldn't.

not to mention.

In the philosophy of Daomeng.

Only with competition can there be development.

If everywhere was a pool of stagnant water, everyone would be content.

So how can the strength of the monks in the river improve?

If the monk stays where he is.

So how should we survive the epochal catastrophes that are coming one after another?

The vision of the nine great lords of the Dao Alliance has already transcended the river of chaos.

They would never take a look at the internal battles in Changhe.

They just want to go to the end of the long river and see if there is another world there.

Look at the monks from the Holy World who are being teleported one after another.

Wu Yuxi looked indifferent.

As the deacon of the Tao Alliance here.

His main task is to maintain the normal operation of the teleportation array.

A delivery fee will also be charged.

He also wished that the greater the movement within the Three Holy Heavens, the better.

The more lively the fight is, the more teleportation fees he can earn.

Chapter 1180

"I don't know if the rumors are true?"

"Is that peerless prodigy from the Sea of Chaos really that magical?"

"Can you kill the top eternal emperor with the power of a nine-step god king?"

Wu Yuxi looked in the direction of the Sea of Chaos, silently muttering to himself.

to be honest.

Regarding the news spread in Mingxuan world.

He didn't want to believe it.

How is this possible?

How could a small place like Sanshengtian produce such an exaggerated genius?

It is not that unusual for the God King monks to counterattack the Eternal Realm.

Similar talented people can be found everywhere in the Dao League.

But Wan Kongyuan is not an ordinary eternal emperor.

Will he really die at the hands of a god king monk?

Wu Yuxi expressed some doubts.

Even within the Taoist Alliance.

It is also extremely rare for a nine-step god king to reversely kill a top emperor.

At least he has never seen such a person.

Even the Holy Son of the Nine Holy Temples doesn't seem to have such a record.

"Forget it, why are you thinking about this?"

"Anyway, I have already reported the news."

"All that's left is to see if the big shots above are interested in this person."

Think of this.

Wu Yuxi couldn't help but shook her head.

In addition to guarding the teleportation array, he also has another task here.

That is to always pay attention to the talented people everywhere.

Once an outstanding genius emerges, he must report it immediately.

The Taoist League has been standing for endless years, so it naturally needs fresh blood.

As long as outstanding talents are born, they will try their best to get them into the Taoist Alliance.

The nine great lords of the Dao League are not like the pseudo-supreme lords of the Three Holy Heavens.

Afraid of the rise of the geniuses of the younger generation, worried about the surpassing of the monks of the younger generation.

Daomeng is just afraid that you are not good enough.

The more outstanding the talented person is, the more the Taoist League will like him.

They will spare no resources to support the rapid rise of the next generation of geniuses.

Because the Dao League's vision is no longer limited to the Chaos River.

But beyond that long river.

The nine great lords all hope that outstanding enough people will be born among the younger generation of monks.

Being able to explore the end of the long river with them.

Unfortunately.

Even after countless epochs.

The Taoist Alliance still has only nine lords.

There was no waiting until the tenth Lord was born.

...

Outside Shangyunfang.

The three supreme beings stand in the void.

behind them.

Countless chaos boats filled the entire void, extending to the far end.

The three supreme beings all know it in their hearts.

The overall strength of the Chaos Sea is very strong, and it is not that easy to attack.

If they don't mobilize enough strength, they may just retreat.

This is not the result they want to see.

We must break through the Sea of Chaos this time.

the most important is.

Zhang Yuhe, this terrifying peerless talent, must be killed in his infancy.

in order to achieve this goal.

Even if they pay a heavy price, they will not hesitate.

Taihua Supreme looked into the distance.

He asked calmly.

"Now that a hundred years have passed, what do the two Taoist brothers say?"

Supreme Bolin glanced back, then responded calmly.

"Wait a minute, everyone hasn't arrived yet."

"When everyone is here, just flatten the Sea of Chaos with one wave."

Supreme Heavenly Light in the distance also smiled and said.

"That's right, this time we must accomplish everything in one battle."

"If we don't beat the Galaxy Palace Master to death completely this time."

"Once he succeeds, we will never have another chance."

"Okay, then just wait."

Taihua Supreme nodded slightly.

In fact, he knew it very well.

They only have this one chance.

If Zhang Yuhe cannot be beaten to death this time.

Then wait until the future, if Zhang Yuhe succeeds in joining the Tao.

There is nothing they can do.

Eternal monks evolve the world and can be resurrected infinitely in their own world.

It was simply impossible for them to beat Zhang Yuhe to death completely.

so.

This time is the only chance.

Must be cautious.

And it must be successful.

The three supreme beings stood quietly in the void, and at the same time continued to issue orders.

Let the god kings and emperors from all over the place quickly gather at Shangyunfang.

Time passed slowly.

Another two hundred years passed.

The size of the chaos boats gathered around them has become larger and larger.

Chaos boats are densely packed throughout the void, with no end in sight.

The forces under the three holy realms are all extremely terrifying.

The number of God King monks that all parties can mobilize exceeds tens of millions.

The three holy realms added together amount to nearly 40 million.

As for the eternal emperors from all parties, there are also many in number.

There are as many as two thousand eternal emperors in the three holy realms.

There are now nearly 40 million supreme god kings and more than 2,000 eternal emperors.

All gathered outside Shangyunfang.

In the eyes of the three supreme beings.

Such a huge scale.

Not to mention a sea of chaos.

Even if it is a long river that flattens the entire area, it is still enough.

Supreme Bolin looked behind him at the vast army of Chaos Boats.

Finally nodded with satisfaction.

He waved his right hand.

Then he spoke calmly.

"Let's go and follow me to flatten the Sea of Chaos."
