### Section 124

Now that he has broken through to the middle stage of Mahayana, there is no problem at all in killing Mo Yuetian.

Furthermore, the Heaven-Sealing Forbidden Spirit Formation covers hundreds of thousands of miles around.

It even extended tens of thousands of miles outside the Demon City.

Just lure the demons into the area covered by the formation.

The demon's strength will be weakened by 30%, or his strength will increase accordingly.

There's no reason why he can't beat him.

As for the other nine demon guards, he doesn't take them seriously now.

They are all goods that can be killed with one punch.

The only thing to worry about now is how to lure Mo Yuetian and Demon God Guard to the Demon Suppressing City.

And then you can't let them run away.

After all, there are still ten people in the Mahayana realm of the opponent.

Once he escapes, the most he can do is chase one of them.

If a few of them were lost, wouldn't that be a source of trouble?

Zhang Yuhe wanted to finish his work in one battle and did not want to have to hunt down the demons every day in the future.

That would be so annoying.

Therefore, they have to plan carefully first.

"Okay, then let's discuss how we can annihilate all the Mahayana realm demons."

Hearing Zhang Yuhe's confident answer, Feng Xiaotian didn't hesitate.

He made the decision with firm eyes.

In fact, the problem of the demons cannot be delayed any longer.

Once the demons are allowed to gain a firm foothold in Yu Fantian, it will only become more and more difficult in the future.

Since Zhang Yuhe is confident, he can solve all the demons in Mahayana.

Then he would take a gamble.

The two slowly discussed some details.

For example, how can we draw out both Mo Yuetian and Demon God Guard?

How to arrange it so that the other party will not run away.

After all, those Demon God Guards are just doing their jobs right now.

They were not very active in attacking the Demon City.

Only every once in a while, when the demon army attacks the city, there will be demon guards behind them.

That's all.

They will not all dispatch at once, only two or three Demon Guards will be dispatched at most each time.

As for Mo Yuetian, the master of the Demon God Palace, he has not shown his face for a long time.

How to draw out all the demon guards is indeed a thorny problem.

As for how to trap the other party and prevent them from escaping.

This is easy to do.

Zhang Yuhe had already thought of a solution.

That is to arrange the Nine Heavens Hunyuan Sword Formation in front of the Demon Suppressing City in advance.

It's just that the sword array is hidden but not released.

When all the demons arrived, he activated the sword formation.

Once the sword array is closed, the opponent should not try to run out again.

He is now in the middle stage of the Mahayana, and is blessed by the magical power of Hunyuan Guiyi.

Those demons and Mahayana could not break his sword array.

Once you enter his sword formation, there is only one way to die.

Just how can we draw out all the demons and prevent anyone from slipping through the net?

For a moment, they really didn't think of any good solution.

Suddenly, Feng Xiaotian stood up and said with a determined expression.

"Senior Brother Zhang, when the demon army attacks the city next time, I will rush out of the city directly. All those demons will definitely be dispatched."

Zhang Yuhe couldn't help but be shocked when he heard Feng Xiaotian's words.

"Sect Master, isn't this bad?"

He was a little worried. Don't squat down to the Demon Clan Mahayana, but Feng Xiaotian, the leader of the Tao Sheng Sect, died outside.

That would be funny.

Feng Xiaotian naturally knew what Zhang Yuhe was thinking, and he said with a smile.

"Brother, don't worry about me."

"Although my magical powers are not as good as those of my senior brother, it is not that easy for those demons and Mahayana to kill me."

"All right."

Zhang Yuhe nodded and agreed.

They really have no other way to lure all the demons over.

And Feng Xiaotian is indeed a good bait.

It would be strange if those demon clan Mahayana didn't rush forward when they saw Feng Xiaotian rushing out of the city.

After all, in the other party's opinion, all he had to do was kill Feng Xiaotian, the leader of the Dao Sheng Sect.

Then it might be time for this war to end.

And with him hiding by the side, I think I can keep Feng Xiaotian safe.

After the plan was agreed upon, Feng Xiaotian flew away from Galaxy Peak.

Quietly waiting for the arrival of the demon army.

Chapter 116 The fish has been caught in the net

Half a month later.

The demon army routinely attacks the city.

Countless demons were divided into tens of thousands of detachments and launched a ferocious attack on the Demon City.

Ren Tong and Anlan were at the rear of the team, tens of thousands of miles away.

For ordinary demons, although every siege operation will cause countless casualties.

But it's also an opportunity for them to make a mark.

If they perform well when attacking a city.

Not only will the Demon God Palace give generous rewards, but their own family power will also be given key support.

You can get a large piece of territory in the world of Yu Fantian.

Therefore, no matter how dangerous it is, the demon army still fights bravely.

They braved the artillery fire on the city and rushed forward bravely.

Compared with the bravery and fearlessness of ordinary demon monks.

A group of demon guards can only be regarded as soy sauce at best.

Because they know that the Demon Suppressing City is not that easy to capture.

Every time they attack the city, it has more symbolic meaning.

In order to drag Dao Shengzong's energy into Demon Suppression City, he was unable to take care of other things.

They thought, if things continue to develop like this.

Maybe in tens of thousands of years.

The strength of Daosheng Sect will weaken rapidly.

At that time, it will be much easier for them to attack the city.

The demon army faced the artillery fire on the top of the city and rushed to the city wall bravely.

Ren Tong and An Lan supervised the battle expressionlessly in the rear.

For routine sieges like this, they usually don't need to take action.

Anyway, they can't bring too much threat to the defense of Zhenmo City if they rush up.

That's why Mo Yuetian always arranges the Demon Guards to raid the rear.

Mainly to prevent the Mahayana monks of Daosheng Sect from rushing out.

Although in their opinion, this possibility is almost non-existent, they have to guard against it.

Feng Xiaotian stood on the city wall, looking at the surging demon army.

"Humph."

Suddenly he snorted coldly, stood up, and rushed directly to the demons outside the city.

Feng Xiaotian waved his hand, and a giant palm covered thousands of miles.

Countless demon armies were instantly beaten to pieces by him.

"Oh no, the Mahayana cultivators from the Daosheng Sect have rushed out."

Seeing Feng Xiaotian rushing out of the Demon Suppression City, Ren Tong and An Lan were greatly surprised.
