Section 1241

Zhang Yuhe and Wu Yiyi soon appeared outside the Dao League station.

He glanced into the distance.

Then he turned back to Wu Yiyi and said.

"Come on, over there."

After saying this.

Zhang Yuhe pulled Wu Yiyi and flew quickly towards the Dao League station.

It's different from what ordinary people imagine.

The Dao League station is not heavily guarded.

It can even be said that there are no defensive measures.

Dao League disciples are not only allowed to travel to and from the station at will.

And if you bring people in, you won't be rejected in any way.

Except for the Nine Halls and Wanfa Tian.

Dao League disciples can bring outsiders and walk around the station at will.

There won't be too many restrictions.

The Taoist Alliance stands tall in the river and is very tolerant of both its own disciples and other monks.

Wu Yiyi followed Zhang Yuhe.

She looked into the distance curiously.

I saw only a square of chaotic universe, showing some strange rules.

Neatly arranged throughout the station.

Countless stars in the vast world are reflected in the sky above the entire long river.

See this situation.

Wu Yiyi asked strangely.

"Are these chaotic universes a world where monks evolve on their own?"

"yes."

Zhang Yuhe nodded lightly.

Although it's not the first time I've been here.

But I saw countless worlds, neatly arranged throughout the dojo.

Zhang Yuhe still felt a little shocked.

This is the power of a monk.

The monks ask the heaven to guide the creation of all things.

After they come together.

A vast world can be evolved.

Zhang Yuhe even had some doubts.

This vast and endless river of chaos.

Could it be that this is also a world evolved by a certain powerful monk?

And these people.

Just living in other people's world.

In fact, Zhang Yuhe is not the only one who has such speculation.

The nine great lords of the Tao Alliance have always thought so.

This vast and endless river of chaos is most likely a world created by a certain peerless power.

But maybe that peerless power may have died unexpectedly.

That's why people like them will always be trapped in the river of chaos.

It is precisely because of this.

Only the nine great lords are anxious to find a way out of the long river.

It's too dangerous to stay in other people's world.

more importantly.

This person may have died long ago.

That would be even more dangerous.

What if other monks discover this world by accident?

Who knows what will happen.

So the best way is to open a way quickly.

Go to the wider sky and break away from the constraints of this world.

The Nine Lords believe it.

This path must exist.

Maybe they are not strong enough now, or maybe this road is too secretive.

So that no one has found it yet.

Anyway.

They all had to get out quickly.

...

Looking at the stars in the distance, Wu Yiyi couldn't help but fell silent.

Of course she could tell.

Those little stars in the distance represent an eternal emperor, or even an invincible supreme being.

The sky above the entire station is vast and endless, with countless stars.

There must be how many eternal emperors there are, and how many invincible supreme beings there must be.

It's simply unthinkable.

Although Wu Yiyi had heard Zhang Yuhe say it a long time ago.

The Dao League has thirty million emperors and hundreds of thousands of supreme beings.

But when she saw such a scene with her own eyes, she was still extremely shocked.

...

The two flew quickly over the station.

Soon we arrived outside the vast chaotic universe.

Just at this time.

A hearty voice came from the distant universe.

"Haha, brother Yinhe, you are so fast."

"You have just been summoned."

"I didn't expect it to arrive so soon."

Li Minghao flew out of the universe quickly.

And the universe behind him is exactly the world that evolved when he joined the Tao.

Just like the rest of the Tao League.

Li Minghao also placed his world within the Taoist Alliance's residence.

There is no other reason.

Safety.

Li Minghao flew down in front of Zhang Yuhe.

He looked at Wu Yiyi slightly next to him.

Then he asked Zhang Yuhe with a smile.

"This must be the goddess Yitian."

"Brother Yinhe is so lucky to have a goddess by his side."

Zhang Yuhe took Wu Yiyi to travel across the Yangtze River, which took more than a day or two.

Many people in the Dao League know about their deeds.

Li Minghao looked at Zhang Yuhe, his expression full of envy.

Although Wu Yiyi's aura was restrained.

But as the Invincible Supreme.

Li Minghao could naturally feel the vague Taoist aura on Wu Yiyi's body.

The goddess Yitian turned out to be transformed from the tree of enlightenment.

How could he not be envious of this?

The Enlightenment Tree only exists in legends.

Even though the Dao Alliance has been standing for countless years, no one has ever encountered the Enlightenment Tree.

And Zhang Yuhe actually brought a tree of enlightenment with him.

Could it be that the Taoist aura in him is so strong?

With the Enlightenment Tree by your side, wouldn't it be countless times easier to understand the rules of the Great Dao?

Section 1242

Li Minghao thought silently and said to Zhang Yuhe with a smile.

"The others are waiting. Brother Yinhe, please come with me."

"Senior, please lead the way."

Li Minghao turned around and flew away quickly.

Zhang Yuhe pulled Wu Yiyi and followed closely.

Although Li Minghao's world is right in front of him.

But the place where everyone gathers will naturally not be in his world.

The world evolved by monks generally does not allow outsiders to enter.

No one can easily enter other people's world.

The world is full of other people's rules.

Once inside.

It is tantamount to letting others slaughter you.

...

Chapter 866: Vow to Kill Chaos Creatures

Zhang Yuhe pulled Wu Yiyi and flew quickly behind Li Minghao.

Of course he knows.

Wu Yiyi's Enlightenment Tree itself cannot be hidden from the Invincible Supreme's perception.

But Zhang Yuhe didn't care.

Li Minghao was not the first person to discover the details of Wu Yiyi.

It won't be the last either.

But what does it matter?

Is there anyone else who dares to challenge Wu Yiyi?

With Zhang Yuhe's current strength.

He could take Wu Yiyi with him and walk around Changhe openly.

Even if other people see Wu Yiyi's true nature, they can only be envious at most.

Never dare to think otherwise.

Because Zhang Yuhe's deeds of slashing the three supreme beings with his sword have long been deeply engraved in everyone's hearts.

Although over the years.

Zhang Yuhe's cultivation level has not changed much.

It is still only the God King realm.

But there was an unnaturally rich aura around him.

Ordinary people would not dare to feel even the slightest bit of hostility if they took one look at it.

Even the Invincible Supreme is deeply afraid of Zhang Yuhe.

This is an absolute strength.

It is precisely because of this.

Only Zhang Yuhe dared to be upright and take Wu Yiyi to travel freely in the long river of chaos.

Everyone understands.

Although the Enlightenment Tree is good, if it is not your own opportunity, don't touch it.

Even many powerful and powerful experts hold various valuable treasures.

But no one dared to take their ideas.

Same thing.

With Zhang Yuhe and Wu Yiyi by his side, naturally no one dared to have any strange thoughts.

Unless he completely falls.

...

The three of them quickly flew over the Dao League.

soon.

A magnificent void island appeared in front of them.

Li Minghao flew across Void Island and arrived outside a huge courtyard.

Just at this time.

Five figures walked out of the house.

An old man with white beard said with a smile.

"Holy Lord Minghao, are you ready to set off now?"

The white-bearded old man's eyes passed over Li Minghao and soon landed on Zhang Yuhe.

he asked in surprise.

"Could this be the Holy Lord of the Galaxy?"

"Minghao, you are really talented. You actually invited the Holy Lord of the Galaxy here."

Hear this.

Zhang Yuhe bowed his hands towards everyone, and then spoke politely.

"I'm Zhang Yuhe, I've met all of you seniors."

"Haha, seniors don't dare to take this on."

"Looking at the entire river of chaos now, everyone knows the reputation of the Galaxy Holy Lord, and who doesn't know it?"

"Except for the nine great lords, who dares to be worthy of the title of senior in front of you."

At this time Li Minghao stood up.

He looked at Zhang Yuhe, smiled and said.

"Brother Yinhe, let me introduce you."

He pointed to the white-bearded old man next to him and introduced him.

"This is Liu Chengjiang, Fellow Daoist Liu."

"Brother Liu has been practicing for a long time. He may be one of the earliest invincible supreme beings in this long river of chaos."

"His sharp golden magical power is really sharp."

"We dare to attack the chaotic creatures because we have Brother Liu as our main attacker."

"Otherwise, I wouldn't dare to have such an idea."

Hear this.

Liu Chengjiang waved his hand quickly and said.

"Brother Minghao, please don't make fun of me again."

"We have done many operations before, but in the end we found nothing."

"I was even so tired that two fellow Taoists were accidentally injured by chaotic creatures."

"Speaking of which, the defense and vitality of chaotic creatures are indeed incredibly strong."

"If you don't have super powerful attack methods, it's almost impossible to kill him."

Speaking of which.

Liu Chengjiang paused for a moment and glanced at Zhang Yuhe next to him.

Then he said with a slightly excited expression.

"But this time it's completely different."

"This time, if fellow Daoists from Galaxy join us, we will definitely succeed."

"I have also seen the terrifying magical swordsmanship of Fellow Daoist Galaxy."

"It can definitely be regarded as the number one killing move in the entire Chaos River."

"It's truly unmatched."

"Even with the chaotic creatures, the powerful defense and vitality."

"I guess I can't stop fellow Daoist Yinhe with a few swords."

"Haha, that's natural."

Li Minghao laughed.

Then he pointed to a tall and invincible Supreme Being next to him, and then introduced him to Zhang Yuhe.

"This is Duguyin, fellow Taoist Dugu."

"I've met fellow Taoist Dugu."

Zhang Yuhe cupped his hands towards Duguyin and shouted politely.

Dugu Yin nodded gently and responded seriously.

"Meet the Lord of the Galaxy."

Li Minghao pointed to the other three people and introduced them to Zhang Yuhe one by one.

The other three were named Chen Changqin, Lin Luoshui, and Xia Yuanji.

Zhang Yuhe was surprised to find out.

Section 1243

Lin Luoshui and Xia Yuanji were actually a holy Taoist couple.

Taoist companions who are both invincible and supreme are really rare in the entire Chaos River.

At least I had never heard of Zhang Yuhe before.

Including Li Minghao himself, the six of them have joined forces many times.

Trying to hunt down the creatures of chaos.

Unfortunately, due to various reasons, it was not successful in the end.

Lin Luoshui and Xia Yuanji even died unexpectedly once.

despite this.

Everyone's enthusiasm for hunting chaotic creatures has not diminished at all.

no way.

In order to create the supreme artifact, they risked their lives completely.

They are the invincible supreme beings.

Even Liu Chengjiang, who has been practicing for a long time, does not have a supreme artifact with him.

The materials for refining the supreme artifact are really hard to find.

To be precise.

In the entire river of chaos, there is almost no core material that can be used to refine the supreme artifact.

Accessories are easy to find.

The core material is simply not there.

The currently known supreme artifacts are basically made from the skeletal trunks of chaotic creatures.

There is no other way.

Originally they were not too anxious.

Anyway, there are not many supreme artifacts in the entire Chaos River.

Everyone uses eternal artifacts, so they can barely cope with it.

But since the rise of Zhang Yuhe.

Everyone can vaguely feel that a new era is coming.

If we can catch the wind of the new era.

Maybe they will have the opportunity to go further in the future.

Of course.

There is a premise here.

That is to improve your own strength as much as possible.

Otherwise.

Even if there is a chance to appear in front of him, he is not strong enough.

That's helpless.

It is precisely because of this.

Even in the face of repeated failures, Li Minghao and others still did not give up.

They hope to kill a chaotic creature and then refine a supreme artifact.

Use this to quickly improve your own strength to a higher level.

In fact, except for them.

There are many people in the Dao Alliance who are also joining forces with each other.

Just so far.

I haven't heard of anyone succeeding.

Chaos creatures are indeed difficult to kill.

That terrifying defense and incredible vitality.

It almost makes one despair.

Looking at the entire history, there are examples of truly successful hunting of chaotic creatures.

There wasn't much to begin with.

Except for the nine great lords of the Taoist Alliance, the others are almost incapable of beating chaotic creatures to death.

In the past, few people would provoke chaotic creatures.

But it's different now.

No matter how difficult it is.

There are still many people like Li Minghao in the Dao League.

Various plans are going on.

Everyone vowed to kill the chaotic creatures and use them to build supreme artifacts to enhance their own strength.

...

Chapter 867 Target

After everyone exchanged pleasantries, they entered the manor together.

Sit in a spacious pavilion in the middle of the lake.

As the owner of this estate.

Liu Chengjiang waved his right hand.

Various tea sets and delicacies soon covered the table.

Liu Chengjiang picked up an exquisite teapot and poured a cup for each person in front of everyone.

The refreshing aroma instantly filled the entire manor.

Put down the teapot.

Liu Chengjiang stretched out his right hand and said to everyone with a smile.

"Come on, let's try how this tea tastes."

"This is the tea I took the risk to pick from the Wuyi Secret Realm."

"The total amount is only half a tael, so I won't drink it easily."

"If the Holy Lord of the Galaxy hadn't arrived this time, you wouldn't have even thought about drinking it."

"Haha, then we can only thank Brother Yinhe."

Li Minghao laughed.

He picked up the teacup and took a sip, a look of intoxication on his face.

"It's really good tea."

Liu Chengjiang responded proudly.

"That's natural."

"The tea tree in Wuyi Secret Realm has become a spirit."

"I have entered the secret realm many times, but I have never found the tea tree."

"Only one time of great luck did I encounter that tea tree by chance."

"It's a pity that in the blink of an eye, the tea tree disappeared."

"I only picked a small handful of tea leaves."

"After drinking this pot, it will be gone."

Listen to Liu Chengjiang's narration.

Zhang Yuhe couldn't help being surprised.

He has heard about Wuyi Secret Realm for a long time, and he has even entered it.

It's just that he didn't encounter the legendary tea tree.

Legend has it that a strange tea tree grows in the secret realm of Wuyi.

The tea tree was transformed from the origin of the secret realm.

Normally completely invisible.

The tea leaves produced on that tea tree have endless uses.

Just take a sip.

Not only can it strengthen the soul, expand the soul sea, and increase the monk's divine aura.

And it can easily resolve all bottlenecks under eternity.

It is definitely one of the rarest spiritual objects in the long river of chaos.

Zhang Yuhe didn't expect it at all.

Liu Chengjiang was actually so generous and took out such rare tea to entertain him.

Wu Yiyi next to her quickly picked up the teacup and took a sip.

After a while.

She blinked her eyes and whispered to Zhang Yuhe.

"This tea smells so good. You should try some of it too."

Hear this.

Section 1244

Zhang Yuhe was speechless.

Such a good thing.

How come it is only worthy of the word "sweet" in your mouth?

It's a waste of natural resources.

Li Minghao picked up the teacup and said to everyone cheerfully.

"Haha, it's rare for Old Liu to be generous."

"Let's drink together."

Zhang Yuhe picked up the teacup and took a sip gently.

The charming tea fragrance instantly penetrated into the heart.

The comfortable feeling seemed to make people's souls leave their bodies.

It's completely indescribable.

"Good tea."

Zhang Yuhe couldn't help but admire.

To be honest.

With his current strength, he has seen all kinds of good things.

But this Wuyi Lingcha is really unique.

Just taking a sip.

Zhang Yuhe felt that his soul sea power had increased slightly.

You know.

He had already reached the perfection of the God King.

Unless the integration of the Dao succeeds and breaks through to the eternal realm.

Otherwise.

Whether it is the power of the soul in the sea of consciousness or the divine power in the dantian.

It should not be able to increase by half a point.

But Liu Chengjiang's tea has such a magical effect.

Under impossible circumstances, it made his soul sea power rise a little.

This made Zhang Yuhe a little tempted.

Should he find another opportunity to try in the Wuyi Secret Realm again?

See if he can find that tea tree.

...

Everyone was in the pavilion in the middle of the lake, drinking the refreshing spiritual tea while talking happily.

After a long time.

Zhang Yuhe put down the teacup, he looked at Li Minghao next to him, and slowly asked.

"I wonder where the senior is going to hunt the chaotic creatures, but have you found the target?"

Except for the Return to Void Land.

Chaos creatures are extremely rare.

It is extremely difficult to find one at ordinary times.

Zhang Yuhe took Wu Yiyi and traveled in the long river for tens of millions of years.

He didn't encounter even one.

If you don't get the information in advance, you will want to look for it blindly.

I'm afraid you may not be able to find it even if you look for the end of the world.

But Zhang Yuhe believes it.

Since Li Minghao initiated the action, he must have been prepared.

He can't find it himself.

But relying on the power of the Dao League, it's not a problem at all.

Dao League disciples are widely distributed everywhere.

As long as there is a place where there is a cultivation civilization, there are almost disciples of the Dao League.

It can be said that.

In the entire Chaos River, any movement.

It can't be hidden from the eyes of the Dao League.

Although Chaos creatures are extremely rare.

But looking at the entire Chaos River, there are still many.

And Chaos creatures are huge, and it is almost impossible to hide their bodies.

The scattered Dao League disciples are naturally easy to find.

As long as the Dao League issues a task, it is not a problem to find the remains of Chaos creatures.

Li Minghao put down the teacup, he looked at Zhang Yuhe, and responded solemnly.

"We'll go to Ronghuatian this time."

"There's a snake-shaped chaotic creature there."

"We fought it last time, but we were too careless."

"It caused the Dharma bodies of Fellow Daoist Lin and Goddess Yuanji to fall unexpectedly."

Hearing Li Minghao's words.

Zhang Yuhe couldn't help but look a little stern.

Being able to kill two invincible supreme beings in a row, the strength of that chaotic creature must be very terrifying, right?

Thinking of this.

Zhang Yuhe asked hurriedly.

"Since that chaotic creature is so powerful."

"Why don't we change our target?"

"There are quite a few chaotic creatures in the Changhe River, so we don't need to focus on killing one."

Hearing Zhang Yuhe's words.

Li Minghao responded helplessly.

"That's true."

"There are indeed quite a few chaotic creatures in the Changhe River."

"But none of those chaotic creatures are easy to deal with."

"Rong Huatian's chaotic creature is indeed quite powerful."

"But as a snake creature, it is not covered with scales."

"The defensive power is relatively weak."

"It is considered to be a relatively easy type to kill."

Hearing this.

Zhang Yuhe nodded gently.

He finally understood.

Why he failed many times in a row and lost two invincible supreme beings.

Li Minghao still locked his target on the chaotic creature.

The reason is very simple.

That is, this chaotic creature is relatively easier to kill.

Although this chaotic creature is very powerful, its defense is a bit weak.

For the invincible supreme.

The biggest difficulty in hunting chaotic creatures is how to break the defense.

As for the strength of the chaotic creatures themselves, whether they are strong or weak.

That is not too critical.

After all, except Zhang Yuhe, everyone is the Invincible Supreme.

As long as you are a little careful, it is not so easy to be killed by the Chaos Creatures.

The key is to be able to kill.

There are indeed many Chaos Creatures with weaker strength in the Changhe River.

But those are covered with thick scales.

Even if the Invincible Supreme activates the Eternal Artifact, it may not be able to break the defense.

It is completely unbeatable.

They naturally have no interest.

Facing those guys who were killed.

Everyone has no desire at all.

Don't want to make things uncomfortable.

Section 1245

...

Chapter 868 Don't bother, I'll send you there

Zhang Yuhe has also been to Ronghuatian.

It's just that he has never seen the shadow of chaotic creatures there.

To be precise.

Zhang Yuhe took Wu Yiyi almost throughout the entire Chaos River.

But he has never seen any chaotic creature.

The entire river is really too vast and boundless.

Even though the chaotic creatures are incredibly big.

Even comparable to those vast cosmic worlds.

But in the context of the entire river, it seems a bit insignificant.

Zhang Yuhe has never seen a chaotic creature.

He didn't know where there were chaotic creatures.

But since Li Minghao said, there is Ronghuatian over there.

Then there must be.

After all, they had organized many hunting operations.

Even Lin Luoshui and Xia Yuanji died unexpectedly once.

You can't go wrong.

The goal is now set.

I drank almost the same amount of Wuyi Lingcha.

It's time to set off.

Think of this.

Zhang Yuhe looked at Li Minghao and asked slowly.

"Senior Li, when will we set off?"

"I need to prepare other things."

Li Minghao stood up.

He waved his right hand and said with a smile.

"Everyone has nothing to prepare, let's go now."

After saying this.

Li Minghao waved his sleeves.

A vast map of the long river was clearly presented in front of everyone.

He pointed to another light spot, then turned back and said to Zhang Yuhe.

"This is the glorious sky."

"To go from the Dao Alliance to Ronghuatian, you need to continuously convert tens of thousands of teleportation arrays."

"In addition, some remote areas are not connected to the teleportation array, so we need to fly there by ourselves."

"If we want to reach the Prosperous Heaven, it will probably take nearly a million years."

Li Minghao just finished speaking.

Liu Chengjiang, who was next to him, immediately interjected.

"Ronghuatian is indeed a bit far away, it is almost close to the land of Guixu."

"Let's leave quickly."

"Over the years, we have spent too much time hunting down chaotic creatures."

"Hopefully this time it will be a success."

Li Minghao looked around at everyone, nodded slightly, and then waved his right hand.

"Set off."

"Let's go to the teleportation array outside the Dao League first and teleport there as quickly as possible."

After saying this.

Everyone stood up together and prepared to rush to the teleportation formation.

Just at this time.

Zhang Yuhe glanced at the Changhe map next to him, and then said calmly.

"No need to bother."

"As long as you leave the Dao Alliance station, I can send everyone there directly."

"Well....."

Hear this.

Everyone was a little confused.

What does this mean?

Send them there with you?

Where to go?

Are you going to Ronghuatian?

The Chaos River is vast and boundless. Shouldn't the fastest way to travel be by taking the teleportation array?

Could it be that Zhang Yuhe has a faster way.

Can they reach the Prosperous Heaven in an instant?

No way.

Looking at everyone's confused looks.

Zhang Yuhe said calmly.

"Let's go out first."

"You will naturally know by then."

After saying this.

Zhang Yuhe pulled Wu Yiyi, quickly jumped into the air, and soon disappeared in the distance.

Looking at the direction Zhang Yuhe left.

Everyone looked at each other.

They had no idea what Zhang Yuhe's words just meant.

Everyone looked at Li Minghao.

Hope he can give the answer.

However, Li Minghao shook his head gently and said helplessly.

"I don't know what special means Brother Yinhe has that can help everyone reach Ronghuatian quickly."

"But since he said that, he must be somewhat confident."

"Let's go out first, and we'll find out naturally then."

"Right."

With curiosity, everyone quickly followed Zhang Yuhe.

After a while.

Everyone flew out of the Dao Alliance station and came to the outer void.

Zhang Yuhe stood with his hands behind his hands, looking quietly into the distance.

There are many ways for monks to travel in the long river of chaos.

Everyone is either flying in the air, or using divine weapons, Chaos Divine Boats, and the like.

However, if you want to travel across regions, it is naturally most convenient to take the Dao Alliance's teleportation array.

There are 30 million deacons in the Dao League, of which the deacons guarding Void Palace in various places account for nearly half.

That is to say.

There are tens of millions of teleportation arrays deployed by the Dao League in various places.

As long as there is a cultivation civilization, there will be a teleportation array from the Tao Alliance.

But for Zhang Yuhe.

Although Dao Meng's teleportation is easy to use, it is not as good as his own infinite magical power.

That's almost meaningless.

Ever since I realized that all three thousand avenues are perfect.

Zhang Yuhe's teleportation range was greatly improved by activating the infinite magical power of heaven and earth.

Now the distance of one teleportation can cover almost half of the Chaos River.

He only needs to activate his magical power three or five times in a row to reach the other end from one end of the river in an instant.

This is much more convenient than taking the Dao Alliance's teleportation array.

The only trouble is.

The boundless divine power of heaven and earth will be subject to certain restrictions in certain special places.

Section 1246

It cannot be used at will.

For example, the Alliance Station.

There was a vast and endless Dao Yun there, suppressing the power of all kinds of magical powers to the limit.

Even if Zhang Yuhe exerts all his strength to activate the Wuji Divine Power of Heaven and Earth, he still cannot stay in the Dao Alliance.

Open even a small transmission channel.

So there is no way.

He could only help everyone and come to the void outside the Dao Alliance.

This place is far away from the station, and there is no heavy Taoist atmosphere to suppress it.

It allows him to freely use teleportation powers.

Li Minghao and others quickly came to Zhang Yuhe, and they were about to ask.

Just at this time.

I saw Zhang Yuhe making a stroke with his right hand.

A huge vortex of particles suddenly appeared slowly in the void.

The vortex passage is mysterious and deep, as if it leads to the endless future.

See this situation.

Everyone couldn't help being shocked.

Liu Chengjiang murmured to himself.

"Space Avenue..."

"This is the rule of the Space Avenue."

"It is the supreme rule that Lord Void relies on to achieve enlightenment."

Among all the people, Liu Chengjiang has been practicing for the longest time.

He could tell at a glance.

The magical power Zhang Yuhe used just now used the rules of the great avenue of space.

Only this supreme rule of the avenue can open a passage for people to walk through in the void.

"Is this the rule of space?"

After Liu Chengjiang's reminder, everyone immediately woke up.

Each of the nine great lords of the Taoist Alliance has mastered a supreme rule.

But there are really not many people who have actually seen the nine great lords use their magical powers.

Except Liu Chengjiang.

No one else had seen the scene where the Nine Lords took action.

But looking at the vast vortex hanging in the void in front of me.

Even those who were slow to react now understand.

This is the power of space rules.

Use the power of rules to break through the void and travel across the river instantly.

Apart from the supreme space rules, there is no other means.

Able to do this.

...

Chapter 869 What a big snake

Looking at the vast whirlpool of passages in front of them, everyone couldn't help but secretly marvel.

No wonder Zhang Yuhe was able to continuously kill the invincible Supreme with the power of the God King.

It is estimated that a large part of it is based on this supreme space avenue.

Normally.

There are three thousand avenues, each with its own characteristics.

It's hard to say which avenue is more powerful.

But among them.

There are nine great rules, which are recognized as the strongest supreme rules.

Time, space, soul, reincarnation, power, cause and effect, life, death and the rules of yin and yang.

the reason is simple.

The nine great lords of the Taoist Alliance achieved enlightenment based on these nine rules.

Finally break the shackles of heaven and earth and strive for the true supreme state.

These nine supreme rules are not only extremely powerful but also extremely terrifying.

And each has its own uses.

For example, the rules of life can bring the dead back to life.

Even people who have been dead for many years can be resurrected and reborn.

Another example is the rules of time, which allow people to cross the long river of time and step into the past and future.

In simple terms.

It allows people to directly travel through the past.

You can also quickly reach a future that has never appeared before.

Of course.

These are just legends.

Except for those Dao Alliance Lords who master the supreme rules.

Others don't know the specific magical effects of these supreme rules.

But for the application of space rules, it is easy for everyone to understand.

Just like Zhang Yuhe is now.

You can directly open a passage in the void and reach where you want to go in an instant.

This direct method is simply the magical power that monks dream of.

Unfortunately.

The long river has gone through countless years.

Except for the Lord of the Void, no monks have the opportunity to touch the rules of space.

Now Zhang Yuhe is the second person to master this supreme rule.

"Maybe he can really become the tenth Lord of this river."

Think of this.

Everyone couldn't help but feel excited.

If.

In the past, everyone was just guessing.

With the rise of Zhang Yuhe, a new era will surely come.

Then look at the vortex channel in front of you.

Everyone was completely convinced.

The curtain of the era has begun.

As long as he can follow Zhang Yuhe's footsteps.

Maybe in the distant future, they will have the opportunity to take that crucial step.

That is the supreme rule.

Mastered the supreme rules.

This means.

Zhang Yuhe has already mastered the ticket to be promoted to the Lord Realm.

The rest is just a matter of time.

He just needs to polish it slowly.

Sooner or later, one day, everyone will break through to the true supreme state.

Became the tenth Lord of the Tao Alliance.

Think of this.

Everyone looked at Zhang Yuhe in the distance, and their hearts could not help but be filled with reverence.

Although they have already been the invincible supreme beings who have been famous for many years.

And Zhang Yuhe's cultivation level is only at the level of God King.

But no one at the scene dared to treat him as an ordinary god king monk.

Looking at the vortex channel hanging high in the void.

Li Minghao took a deep breath.

He looked at Zhang Yuhe in the distance and asked expectantly.

"Brother Yinhe, can we reach Ronghuatian directly after passing through this vortex channel?"

Zhang Yuhe shook his head lightly and responded indifferently.

Section 1247

"My strength is still a little bit behind. I estimate that I need to teleport about three times in a row."

"Only then can we successfully reach Ronghuatian."

Hear this.

Everyone couldn't help but be speechless.

Look what are you saying?

Are you still weak?

The vortex channel you open can span half of the long river of chaos.

Is this also called poor strength?

So who are we people?

Although everyone present is an invincible supreme being who has been famous for many years.

But let alone let them open a vortex that is enough to pass through in the long river of chaos.

Even if they try their best, they can't shake the void in the long river.

Looking at everyone's daze.

Zhang Yuhe said with a smile.

"Everyone, let's go first."

"It is estimated that we can reach the Prosperous Heaven with just two more visits."

"Okay, I'll go first."

Li Minghao rolled up his sleeves and quickly rose into the air, flying towards the vortex channel in the void.

soon.

His figure disappeared from everyone's eyes.

Others also flew up one after another and quickly passed through the vortex channel.

I no longer know how far away the other side is.

Watch everyone teleport over.

Zhang Yuhe took Wu Yiyi's little hand and spoke softly.

"Yiyi, let's go there too."

"Um."

Wu Yiyi responded softly.

As the vortex channel slowly closed, the two people disappeared from the scene in an instant.

...

After three consecutive transmissions.

Zhang Yuhe and others gathered in the deserted void.

Zhang Yuhe looked into the distance and could not help but frown slightly.

He looked at Li Minghao next to him and asked with some confusion.

"Senior Li, this place has reached the glory days."

"I wonder where exactly the chaotic creatures that senior mentioned are?"

The river of chaos is vast and endless.

Even if it's just one area, it's so big that you can't see the edge.

Just like the scope of the Three Holy Heavens back then, there were hundreds of thousands of chaotic universes just born.

To be able to carry so much chaotic universe, how big is the visible range?

If you just fly alone.

It is impossible for the God King monks to fly out of the scope of the heaven for the rest of their lives.

The scope of Ronghuatian is also very large.

If there are no accurate coordinates.

In such a vast sky, I want to find a chaotic creature.

It's like looking for a needle in a haystack.

Seeing Zhang Yuhe's confused look, Li Minghao responded with a smile.

"Brother Yinhe, please don't worry."

"When the last hunt failed, I wanted to leave a mark on the chaotic creature."

"As long as this beast doesn't leave the scope of Ronghuatian, I can easily find him."

After saying this.

Li Minghao flipped his right hand.

A silver array disk appeared in his hand.

As the magic formula continues to be played.

A bright spot of light on the array disk began to flash continuously.

Li Minghao controlled the array while silently comparing the maps.

After a while.

He stretched out his hand and pointed toward the northwest.

Then he smiled and said.

"Found it, it's in that direction."

"It's just a little far away."

"Tens of billions of years have passed, and that beast has been moving in the void."

"I almost walked out of the Prosperous World."

Zhang Yuhe glanced at the formation disk in Li Minghao's hand.

Then he looked at the map next to him.

He said calmly.

"As long as we determine the direction."

After saying this.

I saw him making a stroke with his right hand.

One after another, huge particle vortices slowly appeared in the void.

Through these particle vortices.

Zhang Yuhe kept checking the situation on the other side of the passage.

Sudden.

A terrifying figure appeared opposite the particle vortex.

The figure stretched across the sky, covering the sky and the sun.

Like an ancient giant beast, it slowly wandered across the void.

See this situation.

Zhang Yuhe couldn't help being stunned.

He muttered to himself.

"What a big snake."

...

Chapter 870 The snake dances and the world is turned upside down

Through the vortex channel, he looked at the chaotic creatures on the other side that looked like a cosmic world.

Zhang Yuhe couldn't help but feel shocked.

Although he heard about it early.

The size of every chaotic creature is extremely huge.

It is almost equivalent to the cosmic world where monks live.

But Zhang Yuhe had never seen it before.

This was the first time that he saw the complete picture of chaotic creatures.

Even across an endless distance.

Zhang Yuhe could feel the powerful oppression brought by the chaotic creatures.

It was really hard for him to imagine.

How could there be such an exaggerated species in the world?

Let's not talk about the magical powers of chaotic creatures.

The exaggerated size alone is enough to scare everyone.

Such a big size.

Can anyone really be beaten to death?

Compared to Zhang Yuhe.

Several other invincible supreme beings at the scene have long been accustomed to it.

They are all old monsters who have lived for countless years.

Section 1248

They have seen a lot of Chaos creatures.

Especially the snake-shaped Chaos creature on the other side of the vortex channel.

They have fought many times.

Although they have never succeeded, and have not even seriously injured this Chaos creature.

But at least they have dealt with it many times.

These invincible supreme beings are very familiar with this Chaos creature.

Seeing the shock on Zhang Yuhe's face.

Li Minghao next to him smiled and said.

"Brother Yinhe has never seen a Chaos creature before."

"No."

Zhang Yuhe shook his head gently.

Although he is quite strong.

Even if he fights the invincible supreme head-on, he is not at all inferior.

To be precise.

In the entire Chaos River.

There are probably not many invincible supreme beings who can beat him.

But strength is strength, and experience is experience.

After all, Zhang Yuhe has not been practicing for a long time, and he has indeed never seen a Chaos creature.

Seeing such a terrifying species for the first time, it is inevitable that he will be a little shocked.

Li Minghao said with a smile.

"In fact, the Chaos Creatures are nothing special except that they are a bit exaggerated in size."

"This thing is very stupid. As long as we are careful, we will generally not be injured."

"The only trouble is."

"This thing's defense and vitality are really too exaggerated. It is extremely difficult to kill it."

Speaking of this.

Li Minghao paused for a while.

He turned his head to look at Zhang Yuhe, and then spoke expectantly.

"Can we kill this big guy this time?"

"It depends on Brother Yinhe's magical power."

"To be honest."

"Our group has fought with it many times."

"So far, we haven't found a way to kill it."

"I hope Brother Yinhe's sharp sword magic can give it a fatal blow."

Zhang Yuhe looked into the distance and responded lightly.

"Let's give it a try."

"I've never fought with a chaotic creature, and I don't know how strong their defense and vitality are."

"I hope I can beat them to death."

"Okay, let's go first."

Li Minghao rolled up his sleeves and quickly stepped into the vortex channel in the air.

The others jumped up one by one.

Everyone passed through the vortex channel and instantly crossed endless time and space.

Zhang Yuhe pulled Wu Yiyi and teleported over.

It was not until this time.

He saw the whole picture of the chaotic creature in front of him.

The appearance of the chaotic creature was not too strange.

It was no different from common snakes.

This is an oversized snake.

And it was a bit exaggerated.

The huge body of the chaotic creature passed across, almost covering the entire void.

Everyone watched from a distance as the chaotic creature wandered forward.

Everyone was not in a hurry to take action.

At this time.

Li Minghao spoke slowly.

"This snake-shaped chaotic creature in front of us has been active in the long river for countless years."

"In addition to us, there have been other people who have tried to take advantage of it."

"But no one has ever succeeded."

"Everyone calls it [Teng Snake]."

"Teng Snake..."

Zhang Yuhe muttered to himself.

In the mythology of Blue Star, there is a legend about Teng Snake.

When Teng Snake dances, the world turns upside down.

But Zhang Yuhe believes it.

No one on Blue Star has ever seen Teng Snake.

At least no one has ever seen this exaggerated Teng Snake in front of them.

This Teng Snake is not to be compared with Blue Star.

Even the entire fairy world is as small as dust in front of Teng Snake.

After all, this guy's size is almost comparable to the entire Milky Way Saint Realm.

It is a truly chaotic universe.

Everyone looked at the huge Teng Snake beast in the distance quietly.

After a long time.

Zhang Yuhe looked at Li Minghao next to him and asked slowly.

"Senior Li, do you have any plans?"

"How to deal with this big guy?"

Li Minghao pondered for a while, then responded solemnly.

"Teng Snake is hard to kill."

"This guy not only has strong defense, but also has extremely strong vitality."

"And he has a terrifying magical power."

"Once Teng Snake gets angry, it can shatter the surrounding long river void by swinging its tail."

"That terrifying destructive power is enough to be comparable to the nine great masters."

"To be honest."

"If it weren't for the fact that Teng Snake is too large and not flexible enough."

"We really don't dare to attack it."

Speaking of this.

Li Minghao paused for a while.

Then he continued.

"Let's do this."

"The six of us will take action first, and Brother Yinhe will watch the battle on the side for the time being."

"When the time is right, you can activate the sword magic and try to make a fatal blow."

In Li Minghao's plan.

Zhang Yuhe is the key to this action.

Because only Zhang Yuhe's God and Demon Sword has a chance to kill the Teng Snake.

As for the invincible supremes, although their magical powers are not bad.

Especially Liu Chengjiang's sharp gold magical power, it is also an extremely sharp killing method.

But facing the huge Teng Snake, it is completely not enough.

In the past few actions.

When Liu Chengjiang tried his best, he could only attack Teng She.

Make small cuts.

Compared to the huge size of Soaring Snake.

Liu Chengjiang's attack was not fatal at all.

Apart from angering Soaring Snake, there is no real threat.

Section 1249

As for the other invincible supreme beings, that's even worse.

Their killing methods were far less sharp than Liu Chengjiang's.

Every time they used their magical powers with all their strength, they hit Soaring Snake.

It's almost like scratching an itch.

Even the Soaring Snake's skin defense couldn't break through.

It makes absolutely no sense.

Li Minghao looked at Zhang Yuhe and said solemnly.

"Brother Yinhe, this time it's up to you."

"I hope I can beat this big guy to death."

"If we can succeed this time."

"We will continue to find a few chaotic creatures and try to let everyone get a complete body."

"At that time, let Lao Liu take action and refine a supreme artifact for everyone."

"Ha ha."

Hearing Li Minghao's words, everyone looked at Zhang Yuhe and couldn't help but become a little eager.

Zhang Yuhe responded lightly.

"I'll try my best. I hope I can succeed."

...

Chapter 871 Battle with Soaring Snake

Everyone continued to discuss for a while.

Plan the final attack.

Li Minghao took a deep breath.

He looked around at the crowd and then spoke loudly.

"Action, we must kill this big guy."

After saying this.

Li Minghao took out a huge ax and rushed towards Tengxun in the distance.

Others also took action one after another.

Liu Chengjiang held out a black spear, and the tip of the spear flashed across the sky, faintly shaking.

Duguyin, Chen Changqin, Lin Luoshui and Xia Yuanji also jumped up at the same time.

He pounced directly towards Soaring Snake in the distance.

In an instant.

The shadow of the ax fills the sky, and its edge flashes.

The light of swords and shadows shook the river.

Roar.....

Soaring Snake, which was wandering quietly in the void, finally reacted.

Only a violent roar was heard.

The endless river of void instantly became a little stagnant.

Liu Chengjiang swung his spear and plunged it into Teng She's huge body.

A terrifying wound appeared on Soaring Snake's body instantly.

Blood rained across the sky.

The scene seemed extremely shocking.

But compared to Soaring Snake's huge body.

Liu Chengjiang struck hard, piercing the gap in Teng She's body.

It seems a bit insignificant.

Roar.

Soaring Snake let out a violent roar.

I saw it swinging its terrifying tail and sweeping towards Liu Chengjiang quickly.

The huge snake's tail swept across the void, as if the world was overturned.

Liu Chengjiang quickly dodged and turned into a stream of light to avoid it.

He didn't dare to force the snake's tail to sweep.

The last time Lin Luoshui and Xia Yuanji met, it was because they didn't pay attention.

The Teng Snake swung its tail and was directly slapped into ashes.

With the experience of many previous failures.

Everyone was extremely cautious when facing Soaring Snake.

Don't seek merit, but seek no faults.

Their main purpose is to consume Teng She's energy.

At the same time, look for Soaring Snake's weaknesses.

As for the real fatal attack, leave it to Zhang Yuhe.

Although this is Zhang Yuhe's first time working with them.

And no one has ever seen Zhang Yuhe take action.

But Wu Yuxi uploaded a photo and video in the discussion area.

It has long been widely circulated throughout the Taoist League.

Several of the Invincible Supremes at the scene had carefully watched the video of Zhang Yuhe's battle at Zhenshi Tianguan.

Zhang Yuhe's amazing swordsmanship left a deep impression on everyone.

They agreed.

If Zhang Yuhe displays his magical sword power again.

Then there is a complete chance of injuring the huge Soaring Snake in one fell swoop.

Even beaten to death directly.

So no one is in a hurry now.

What they have to do is to constantly consume Teng She's energy.

At the same time, Teng Snake was exposed to more weaknesses.

So that Zhang Yuhe can kill him smoothly.

...

As all the invincible supremes took action together.

The war broke out instantly.

The terrifying sound spread throughout most of the glorious sky.

Teng Snake's huge body moved a few times casually.

It will cause huge momentum.

Now it is besieged by many invincible supreme beings, and its body is covered with wounds of various sizes.

It even made Teng She become extremely violent.

It kept flicking its tail.

Every blow seemed like a cosmic explosion, or like the heaven and earth collapsing.

The terrifying momentum even made Wu Yiyi, who was standing far away, feel a little depressed.

Zhang Yuhe gently held Wu Yiyi's little hand and asked with gentle concern.

"Yiyi, are you okay?"

"How about we retreat further."

"Need not."

Wu Yiyi took a deep breath and shook her head gently.

This place is far enough away from the battlefield.

If you continue to retreat.

It will be inconvenient for Zhang Yuhe to take action later.

Wu Yiyi silently used her divine power to relieve the depressing atmosphere brought by Soaring Snake.

Zhang Yuhe glanced with concern.

I saw him wave his right hand.

Nine divine swords appeared in a flash.

The divine sword surrounded the two people, slowly unfolding layers of sword energy light curtains.

Zhang Yuhe attached the power of various rules to the sword energy light screen.

The terrifying coercion of the Soaring Snake in the distance finally no longer made Wu Yiyi feel uncomfortable.

Zhang Yuhe unfolded his sword formation and stood quietly watching the battle from a distance.

He was not in a hurry to act.

Section 1250

The strength of the chaotic creatures is indeed very strong.

Especially the soaring snake in front of him, with its terrifying power.

It really surprised Zhang Yuhe.

Could it be that Li Minghao and others failed to capture this big guy despite many actions?

to be honest.

Looking at the soaring snake rolling wantonly in the distance, Zhang Yuhe didn't have much confidence.

Although after comprehending all three thousand avenues perfectly.

His current strength has already made a qualitative leap.

But how strong are you specifically?

Can you beat this huge Soaring Snake to death?

Zhang Yuhe didn't feel confident.

He wanted to wait a little longer.

Look again.

See if Soaring Snake has any weaknesses.

Only by finding Soaring Snake's weakness.

Only then did he have the confidence to take action.

Otherwise.

The Soaring Snake has such a huge body.

Even if Zhang Yuhe activates the magical power of Hunyuan Guiyi, he also activates the Gods and Demons Killing Heaven Sword.

It's impossible to split such a big guy in half, right?

This is simply impossible.

Now Zhang Yuhe has not yet joined the road.

His natal divine sword is still only at the God King level.

Compared to such an invincible supreme being.

The attack power of Zhang Yuhe's natal artifact was far behind.

He just relied on the magical power of Hunyuan Guiyi and the terrifying power of the Gods and Demons Killing Heaven Sword.

Only then can a terrifying lethality be unleashed.

But due to the limitations of realm.

Zhang Yuhe's explosive strength is not unlimited.

With the blessing of various rules.

Zhang Yuhe was confident that he could break through Teng She's defense.

But this is not enough.

Just breaking through the defense is not enough.

What he wants is a sure hit.

Completely kill the Soaring Snake.

This requires looking for opportunities.

Zhang Yuhe is patient.

He is in no hurry.

Not only was he in no hurry.

Even Li Minghao and others who were fighting in the distance were not in a hurry.

Because everyone knows it very well.

It is not that easy to kill the chaotic creatures.

Even if it takes hundreds or thousands of years.

There's nothing strange about that.

Everyone is patient.

As long as he can finally kill this flying snake in front of him.

No matter how long you wait, it doesn't matter.

Li Minghao swung the sky-opening giant axe.

The shadow of the ax in the sky shrouded down towards Soaring Snake.

The vast shadow of the ax seemed to be able to split the heaven and earth.

However.

When the shadow of the ax crossed over the snake, its huge body passed by.

It only left white marks.

As a super powerful and invincible supreme being.

Naturally, Li Minghao couldn't break through the defense.

In fact.

Not only was he unable to break through Soaring Snake's defense.

There are five other invincible supreme beings around.

Except for Liu Chengjiang, no one could break Teng She's defense.

Their attacks struck the Soaring Snake, leaving only white dots.

Totally unbeatable.

despite this.

Everyone still didn't stop.

They can't hit Teng She, but Liu Chengjiang's spear can.

Whenever he wields his spear.

They can even poke holes in Teng She's huge body.

Although this is still not fatal, the damage is still considerable.

Before Zhang Yuhe joined the team.

Their group had Liu Chengjiang as the main attacker.

It is hoped that with Liu Chengjiang's sharp spear, Teng She can eventually be consumed to death.

But this time except Liu Chengjiang.

They also have a more reliable insurance.

That is Zhang Yuhe.

Zhang Yuhe's swordsmanship is sharper than Liu Chengjiang's spear.

Everyone launched an attack.

While waiting quietly, Zhang Yuhe struck with thunder.

...

Chapter 872 Kill the Soaring Snake with Three Swords

The six of them, Li Minghao, each showed their magical powers.

However, the damage they inflicted on Soaring Snake was pitifully little.

Except Liu Chengjiang.

Others couldn't even break through Soaring Snake's surface defense.

They weren't attacking so much as they were showing their presence.

At most, it has a little restraint effect.

That's all.

If we follow the current progress.

Even during their fight, nothing would go wrong.

I want to really beat Soaring Snake to death.

I'm afraid it will take hundreds of millions of years to calculate.

But this is obviously impossible.

No one can keep fighting for such a long time.

Even Li Minghao and others are veteran invincible supremes.

The breath of divine power is vast and long.

Can support long-term combat.

But that's impossible, there is no limit.

If it takes too long.

Even if no accident happens.

They will also have to withdraw from the battle because their divine power is exhausted.

That is to say.
