

Top talent 1251

Section 1251

Only relying on the strength of six people, Li Minghao.

It was simply impossible for them to successfully hunt down the Soaring Snake.

Even if it's only a theoretical possibility.

nothing.

despite this.

They still have no intention of giving up.

Because everyone understands.

The key to this hunting operation is Zhang Yuhe.

As long as Zhang Yuhe hasn't taken action yet.

Then there is always hope of success.

Everyone at the scene was completely confident in Zhang Yuhe.

Even if Zhang Yuhe's current true cultivation level is only at the God King level.

But so what?

Can a god-king monk who killed three supreme beings be treated as an ordinary god-king?

Although no one has seen with their own eyes the magical power of Zhang Yuhe.

But through the photos and videos, as well as Zhang Yuhe's previous achievements.

It's enough to make people have confidence in him.

Li Minghao swung the sky-opening giant axe.

The shadow of the ax in the sky shrouded down towards Soaring Snake, and the terrifying divine power shook the river.

The giant ax struck Soaring Snake's huge body, leaving a faint trace of blood.

Roar.....

Teng She let out a thundering roar.

The huge snake body rolled up and down as if the heaven and earth were overturned.

Zhang Yuhe stood tall in the sky and watched the battle silently.

When the snake rolled, its entire abdomen was unnaturally exposed.

A white spot the size of half an acre stood out on the belly of the snake.

See this situation.

Zhang Yuhe's eyes couldn't help but light up.

He muttered to himself.

"Is this white spot the Soaring Snake's weakness?"

The war has been going on for a long time.

But from beginning to end, Zhang Yuhe had no intention of taking action.

He is waiting for an opportunity.

Wait for Soaring Snake to reveal its weakness.

Although Zhang Yuhe thinks so.

Even if it's just with brute force.

In the state where Hunyuan Guiyi's magical power is activated, he relies on the terrifying power of God and Demon Zhutian.

It should be enough to kill Soaring Snake.

There is no need to deliberately look for any weaknesses.

But just to be on the safe side.

Zhang Yuhe has been waiting for the opportunity.

After all, this was his first time fighting against chaotic creatures.

He didn't want any surprises.

When Soaring Snake's huge body rolled in the void.

Revealing that prominent white spot.

Zhang Yuhe knew it.

The opportunity he had been waiting for had come.

A white spot the size of half an acre, compared to the huge body of the entire Soaring Snake.

It is indeed so small that it is inconspicuous.

But Zhang Yuhe discovered.

Whenever the Soaring Snake rolls, it swings its huge tail.

Try to cover the location of the white spots.

If it hadn't been for Li Minghao's ax just now, it would have caused excruciating pain to the Teng She.

The white spot on Soaring Snake's belly probably won't even be exposed.

"Try it."

Regardless of whether the white spot that was exposed just now is Soaring Snake's weakness.

Zhang Yuhe plans to give it a try.

After watching it for so long, it was time for him to take action.

Think of this.

Zhang Yuhe's expression moved slightly.

Two identical clones quickly appeared next to him.

Ever since he walked out of the holy world and entered the long river of chaos.

Zhang Yuhe left behind only one of his original avatars, sitting outside the holy world.

The other eight clones are always carried with him.

In case of emergency.

With the help of the original body and the eight clones, he is enough to protect himself.

But facing the Soaring Snake rolling up and down in the distance.

Zhang Yuhe did not summon all the eight clones.

Totally unnecessary.

In Zhang Yuhe's view.

Although the Soaring Snake is indeed extremely powerful.

Even Li Minghao and others were unable to break through Teng She's superficial defense.

But Zhang Yuhe believed it.

Once you activate the magical power of Hunyuan Guiyi, you can rely on the power of the Gods and Demons Killing Heaven Sword.

No matter how strong the Soaring Snake's defense is, no matter how powerful its vitality is.

Still unable to stop the power of the Heaven-Destroying Sword.

Zhang Yuhe stood with his hands behind his back.

The divine power of the Nine Swords surrounds the body, flowing slowly.

Follow him silently.

Vast momentum rose in the original body and the two clones at the same time.

Zhang Yuhe has not taken action yet.

The terrifying power has completely enveloped the surrounding void for hundreds of millions of miles.

Li Minghao and others, who were enduring the battle, felt the sudden terrifying power.

Everyone moved in unison to distance themselves from Soaring Snake.

Everyone turned around and looked at Zhang Yuhe in the distance.

Only three terrifying sword lights were seen quietly appearing in the void.

The sword light spread across the sky.

The terrifying power made the surrounding void freeze.

It was as if everything had become still.

See this situation.

Li Minghao couldn't help but be overjoyed, and murmured to himself.

"Finally I saw with my own eyes that Fellow Daoist Galaxy took action."

"These golden sword light magical powers are indeed terrifying."

"There will definitely be a chance this time to successfully kill Soaring Snake."

Liu Chengjiang put away his gun and stood up.

Looking at the sword light across the sky, he also said excitedly.

"Definitely."

"Fellow Daoist Galaxy's sword-light magical power has not yet been fully formed."

"It has already shown such terrifying power."

"Once the golden giant sword strikes down."

Section 1252

"It's really hard to imagine what kind of strength it takes to be able to stop it."

"At least I certainly can't."

"I believe that the Soaring Snake in front of me must be unstoppable."

"That's right."

"Back then, Fellow Taoist Master Yinhe could kill three supreme beings in a row with one sword."

"With his current power, it will not be a problem to kill Soaring Snake."

Everyone quickly retreated and distanced themselves from Soaring Snake.

To avoid being accidentally killed by that terrifying sword light.

While looking forward to the distance expectantly.

Zhang Yuhe put his left hand behind his back, and quickly pinched the magic formula with his right hand.

I saw him waving his sleeves and shouting softly.

"Gods and demons kill the sky, kill..."

The three vast sword lights seemed to span endless time and space.

Instantly appeared around Soaring Snake.

Feel the terrifying power of the golden giant sword.

Soaring Snake's lake-like eyes couldn't help but flash a hint of fear.

It swung its tail vigorously, trying to swat away the rapidly coming sword light.

However, the sword light came too quickly.

And Soaring Snake's huge body is indeed not very flexible.

Boom...

As three sword rays struck down in succession.

The sound was so loud that it shook the heaven and the earth.

The sword light flashed past.

It hit the white spot on the Soaring Snake's belly with precision.

The sword light cut open the Teng Snake's abdomen.

Its huge body was almost cut in half.

Roar.....

Feeling the rapid passing of life force.

Soaring Snake let out a shocking roar and swung its body wildly at the same time.

Wanting to break free from the sword light.

Unfortunately.

After being struck into the abdomen by sword light.

The terrifying divine power was acting freely in Teng She's body.

Almost just for a moment.

Soaring Snake's huge body began to hang down weakly.

There is no more breath.

died.

Zhang Yuhe only used three swords.

He killed many chaotic creatures that the invincible supreme beings could not do anything about, directly killing them on the spot.

Three swords kill the flying snake.

The process seems relaxed and freehand.

It takes no effort at all.

...

Chapter 873 What kind of bicycle do you want?

Looking at Teng Snake's huge body, it began to slowly fall.

Everyone at the scene couldn't help but be stunned.

Everyone knows that Zhang Yuhe is very strong.

But they never thought about it.

Zhang Yuhe could actually be so strong.

Only three swords were released.

Just kill a powerful chaotic creature like Soaring Snake.

Almost split in half.

To know.

Even among the chaotic creatures, Soaring Snake is one of the more powerful ones.

If it weren't for that, Soaring Snake's defense might be slightly weaker.

It is impossible for them to come here to take advantage of Teng She.

However, such a powerful Soaring Snake.

He couldn't even hold Zhang Yuhe's three swords.

How terrifying must that vast sword light be?

What would be the consequences if they were shrouded in sword light?

Everyone simply didn't dare to think about it.

Looking at Zhang Yuhe standing quietly in the distance in the distance.

A feeling of reverence suddenly rose in everyone's hearts.

It's too strong.

Zhang Yuhe is still only in the God King realm, but he has such terrifying strength.

Not to mention compared with the God King monks of the same level.

Even these invincible supreme beings, in front of Zhang Yuhe,

It's also completely inadequate.

It was completely unimaginable to everyone.

Once Zhang Yuhe succeeds in combining the Tao, he will be promoted to the eternal realm.

How strong should it be?

Will he go straight to the Tao Alliance Lord?

If one's cultivation has not reached the Supreme Realm, the strength may be comparable to that of the Lord.

Then wait until Zhang Yuhe breaks through to the supreme realm.

Wouldn't he want to leave all the nine great lords of the Tao Alliance behind?

Think of this.

Everyone couldn't help but be a little confused.

Is it possible that Zhang Yuhe will grow into a being that surpasses the Lord of the Dao Alliance?

This is unlikely.

When this idea came to mind, everyone felt very incredible.

But thinking about it carefully, it seems very possible.

Because the strength displayed by Zhang Yuhe is really too powerful.

It is so powerful that it surpasses everyone's knowledge.

Even the nine great lords of the Dao Alliance were definitely not so fierce back then.

Even if you see it with your own eyes.

It is difficult for everyone to imagine what Zhang Yuhe relies on.

Only then can he display such terrifying strength.

Is it just magical power?

Obviously not.

There must be other reasons.

It would be impossible to be that strong just relying on magical powers.

It almost split the powerful chaotic creatures in half.

To know.

Chaos creatures not only have super strong defense power.

Their huge size is enough to make the monks despair.

To kill a chaotic creature is almost equivalent to destroying a cosmic world.

throughout the chaos.

Except for the nine great lords.

How many people can destroy a universe?

Section 1253

Not to mention the universe in the long river, there are strong origins to protect it.

Even if there is no origin.

There are not many people who can destroy a universe.

Although the monks are powerful.

But facing the entire universe, it is not enough.

The Divine King monks can destroy a continent by using their magical powers.

But how many continents are there in a universe?

Just like the Milky Way Holy Realm, it is divided into nine heavens and ten earths.

Each earth has countless continents.

Even the eternal monks fighting in the Holy Realm cannot shake it at all.

As for destroying the Holy Realm, it is even more impossible.

Even the Invincible Supreme cannot destroy a universe.

Otherwise.

At that time, Supreme Bolin and others would not have to spend so much effort to attack the world-suppressing heavenly gate.

Wouldn't it be easier to blow up the entire Milky Way Holy Realm directly?

It's just that they are not strong enough.

With Supreme Bolin and others, let alone completely destroying the Milky Way Holy Realm.

If the origin of the Holy Realm is not wiped out.

They can't even hurt a hair of the Holy Realm.

The universe is vast and boundless, and it is really not something that anyone can destroy.

Similarly.

The size of the body of the Chaos Creature is almost the same as that of the universe.

Even if we put aside the Chaos Creature, the super strong defense and vitality.

Just the huge size is not something that everyone can deal with.

But Zhang Yuhe can.

Zhang Yuhe slashed down with three swords.

Almost split the huge body of Tenshe in half.

To be honest.

Even if they saw it with their own eyes.

Li Minghao and others still didn't understand.

What exactly did Zhang Yuhe rely on to enable him to exert such terrifying divine power?

Could it be the rules of the Great Dao?

When he came over just now.

Zhang Yuhe displayed the infinite magical power of heaven and earth.

Everyone saw it at a glance, that was the supreme space rule.

But the problem is.

Just relying on a space rule is not enough to make Zhang Yuhe so powerful.

Which of the nine great masters back then didn't master the supreme high rules?

But I haven't heard of it.

Who can be so powerful?

The God King Realm can kill chaotic creatures, and it's so easy.

It feels like killing an ordinary monster.

It's hard to understand.

Could it be that Zhang Yuhe has mastered other supreme rules besides the space rules?

What kind of great rule is that?

Could it be the time rule?

Recalling the vast sword light just now.

Li Minghao quickly remembered.

When the sword light appeared just now, everything around seemed to be completely still.

And from the appearance of the sword light to the chopping of the Teng Snake.

The whole process seemed to be only in the blink of an eye.

Even now, looking back.

Li Minghao didn't figure out what this process was.

It seemed like there was no time interval.

The sword hit the target immediately.

It directly chopped the Teng Snake.

"It must be the rule of time."

"The rule of time plus the rule of space."

"Only in this way can we ignore the barriers of time and space and hit the target as soon as the sword is out."

Thinking of this.

Li Minghao couldn't help but take a breath of cold air.

Mastering a supreme rule will give you a chance to reach the realm of the Lord in the future.

Now Zhang Yuhe has mastered two supreme rules in a row.

That is so amazing.

No wonder his strength is so strong.

"If that's the case."

"Then Zhang Yuhe's future achievements may really surpass the nine Lords."

Thinking of this.

Li Minghao's heart couldn't help but be hot.

Originally, he thought.

Zhang Yuhe must have a bright future in the future, and may be the tenth Lord of the Dao League.

Now it seems.

He still underestimated it a little.

Maybe in the future, Zhang Yuhe will open more than just a new era.

Maybe he really has the possibility of creating a new world.

Leading everyone out of the long river of chaos and towards a new and higher level of heaven and earth.

In addition to Li Minghao.

Liu Chengjiang and others present at the scene obviously thought they had found the key.

Everyone looked at Zhang Yuhe with a burning look.

Even the extremely precious Teng Snake body in the void.

They didn't even take a look.

Although the Teng Snake body is precious and can be used to refine the Supreme Artifact.

But for Zhang Yuhe,

it's not even worth a hair.

As long as he can hold the thigh of Zhang Yuhe, what else do he need a bicycle for.

...

Chapter 874: Give in

As the Teng Snake fell.

Li Minghao and others looked at Zhang Yuhe with a burning look.

This is a super big and thick leg.

If it can be kept steadily.

Then there will be nothing to worry about in the future.

Let alone the Supreme Artifact.

Even if it is asked about the real Supreme Realm, it is completely possible.

What if Zhang Yuhe creates a new world and leads everyone out of the long river of chaos.

What a scene it will be.

In everyone's opinion.

Zhang Yuhe mastered two supreme rules, it was entirely possible to do so.

Although for so many years.

Section 1254

The Dao League has worked together, and the nine great lords have been searching for and exploring the land of Guixu.

They haven't found the exit out of the long river of chaos.

But maybe Zhang Yuhe can.

After all, this is the first monk to master two supreme rules at the same time in the history of Chaos River.

Those who can break the rules will surely create different miracles in the future.

Think of this.

Everyone's excitement was completely uncontrollable.

In fact, they all thought wrong.

Zhang Yuhe not only mastered the rules of time and space.

After hundreds of millions of years of enlightenment.

Zhang Yuhe has already fully understood all three thousand avenues.

This includes all nine supreme rules.

And three thousand avenues is not Zhang Yuhe's limit.

This is just the limit of the long river of chaos.

Because in the world of Chaos River, there are only three thousand avenues.

There are no additional avenue rules.

Otherwise.

With Zhang Yuhe's incredible understanding, he might be able to comprehend more.

The rules of the road that others find difficult to get into.

For Zhang Yuhe.

As long as the opportunity is right, you can easily understand it.

No difficulty at all.

"It seemed like I used too much force just now."

Looking in the distance, the huge soaring snake body is almost broken in two.

A faint smile couldn't help but appear at the corner of Zhang Yuhe's mouth.

to be honest.

He didn't think of it himself.

When the Three Thousand Avenues are perfected, such terrifying divine power can be unleashed.

Although before that.

Zhang Yuhe always felt that.

With your own strength.

Killing a chaotic creature should not be a big problem.

But when he actually took action, he didn't expect it to be so simple.

Only three swords were released.

He immediately chopped Teng She to death on the spot.

And tell the truth.

This is all a bit too much.

In fact.

I probably didn't even need to summon a clone just now.

Only this deity can activate the magical power of Hunyuan Guiyi, coupled with the terrifying lethality of the Gods and Demons Killing Heaven Sword.

It was enough to beat Soaring Snake to death.

The two swords slashed out from behind the clone are actually a bit redundant.

Zhang Yuhe waved his right hand.

The two clones next to him slowly disappeared.

Nine divine swords flew back in the distance and slowly circulated around him.

Wu Yiyi stood behind her, her expression sweet and calm.

Compared to Li Minghao and others, there were expressions of surprise and shock.

Seeing Zhang Yuhe, he easily chopped the powerful Teng She into pieces.

Wu Yiyi didn't think there was anything surprising about this.

In her mind.

Zhang Yuhe has always been that miraculous boy who can do anything.

As long as Zhang Yuhe takes action, there is no problem that cannot be solved.

Although the power shown by Soaring Snake just now was indeed outrageous.

But facing Zhang Yuhe, a miracle boy, it was naturally impossible to make waves.

Destined to die.

It's nothing more than a way to die.

Looking at the tall and straight figure of the young man next to her, Wu Yiyi couldn't help but have a sweet smile on her face.

...

With the fall of Soaring Snake.

Li Minghao quickly flew through the void and landed in front of Zhang Yuhe.

he shouted excitedly.

"Haha, Brother Yinhe's swordsmanship is indeed extraordinary."

"Three swords kill the Soaring Snake. This proud achievement will surely be recorded in the annals of history."

Liu Chengjiang, who was next to him, also echoed.

"yes."

"Teng Snake is so powerful, but it still can't stop Brother Yinhe's three swords."

"Except for the nine great lords of the Tao Alliance, this astonishing achievement can be achieved."

"I guess no one can do it anymore."

"That's natural."

"In the long river of chaos, there are hundreds of thousands of Invincible Supreme Beings."

"But those who can truly kill the chaotic creatures on their own will probably not be able to kill more than two hands."

"In the past, other people used special terrain to hunt chaotic creatures and deployed a large number of formations."

"But if we launch a siege with numerical superiority, we can kill the chaotic creatures."

"Like Brother Yinhe, he just slashed three swords and successfully hunted down the chaotic creatures."

"Such an astonishing achievement is unprecedented."

"Anyway, I have never heard of anyone being so relaxed as to kill a chaotic creature."

"Yes, Brother Yinhe is really too strong."

"Even if he is not as good as the Nine Lords now, it probably won't be too far behind."

Hearing the compliments from everyone, Zhang Yuhe couldn't help but look a little embarrassed.

The praise is a bit outrageous.

Although Zhang Yuhe thinks he is pretty good.

But he knew it very well.

There is still a considerable gap between himself and the nine great lords of the Dao Alliance.

After all, that is the true supreme state.

Far from being comparable to those pseudo-supreme beings who are integrated into the universe.

The nine great lords of the Dao League are famous throughout the ages, and they do not rely on mere boasting.

And it is the reputation of killing with one sword.

To say that he can now compare with the Nine Lords is indeed an exaggeration.

Ahem...

Zhang Yuhe coughed lightly to resolve the embarrassment caused by the crowd.

He looked at the huge body of Soaring Snake in the distance, pointed at it, and said to Li Minghao with a smile.

"Senior Li, I'll leave Teng She's body to you."

"All I need is the Chaos Core."

Hearing this.

Everyone immediately said in unison.

"Brother Yinhe, how can this be possible."

"You killed the Teng Snake, and we hardly did anything."

"How dare we take such a big advantage."

"It is a great honor for us to accompany Brother Yinhe to hunt Chaos creatures together."

"We can never take the body of this Teng Snake."

Section 1255

Without thinking, everyone rejected Zhang Yuhe's kindness at the same time.

Although Soaring Snake's Chaos Core is indeed very precious.

But compared to the whole body, that's nothing.

After all, a complete body of a chaotic creature is enough to refine a supreme artifact.

Relative to the supreme artifact.

Just a chaotic core, how big a deal is that?

Hearing that Zhang Yuhe only wanted the Chaos Core, he gave up the most important Soaring Snake body.

No matter how thick-skinned they are, no matter how longing they are.

Then I don't dare to accept it.

Zhang Yuhe glanced at everyone, smiled and said.

"Seniors, there is no need to refuse."

"Anyway, I won't be able to use the Supreme Artifact for the time being."

"This body of a flying snake is completely useless to me."

"And with my current strength."

"I believe it is not difficult to hunt down a few chaotic creatures."

"Just keep it for now."

"When we find a few more chaotic creatures, we will strive to allow each of our seniors to create a supreme artifact."

"In order to prepare for future epochal disasters."

"All right."

"Since Brother Yinhe said this, I would be disrespectful to him."

...

Chapter 875 But if there is a call, there is nothing you can do

Seeing Zhang Yuhe give in again and again, Li Minghao did not refuse again.

After all, Zhang Yuhe was right.

With his current level of cultivation at the God King Realm, he really cannot use the Supreme Divine Artifact.

The main purpose of the body of a chaotic creature is to refine supreme artifacts.

This thing is basically of little use to Zhang Yuhe.

At least for now.

more importantly.

With such strength as Zhang Yuhe.

Will he still lack the supreme artifact when he needs it?

Now Zhang Yuhe can hunt chaotic creatures easily.

Not to mention when he breaks through to the Supreme Realm in the future.

It is estimated that at that time, Zhang Yuhe would not find it much more difficult to kill a chaotic creature than to kill a chicken.

That being the case.

Why should Li Minghao refuse?

After all, they really desire the supreme artifact.

Once you have the supreme artifact in hand.

Their strength will inevitably rise to a big level.

The body of a chaotic creature is the key material for refining the supreme artifact.

As long as there is a complete body of a chaotic creature, it can basically be refined into a supreme artifact that is handy.

Think of this.

Li Minghao cupped his hands towards Zhang Yuhe, and then flew back.

From Teng She's body, he took out a purple bead and handed it to Zhang Yuhe.

Then he quickly pinched the magic formula to shrink the huge body of the soaring snake.

Zhang Yuhe took the purple bead and silently sensed the Taoist aura on it.

This is Soaring Snake's chaotic core.

Theoretically speaking.

The core of a chaotic creature is actually equivalent to the function of the universe.

It's just that the origin of the universe is scattered in various corners of the world, everywhere.

They won't come together at all.

Moreover, chaotic creatures condense their own origins into a core.

It is precisely because of this.

Only Zhang Yuhe would plan to use the core of chaos as a carrier.

Used to carry the rules of the avenue.

Let the world in which you evolve in the future be able to grow and expand rapidly.

Feeling the vast original breath in the core of the heart.

A faint smile couldn't help but appear on Zhang Yuhe's face.

His previous assumption was correct.

The vast original aura in the core of chaos is indeed enough to carry the rules of the avenue.

Just keep collecting Chaos Cores.

Zhang Yuhe believes it.

Wait until he joins the path in the future.

Three Thousand Avenues merge into the world.

Every law of the great avenue is carried by the core of chaos.

It will inevitably make Dao Rules grow and succeed quickly in its own world.

maybe one day.

The rules of the great road will grow beyond the level of perfection in your own world.

Reach another level.

Think of this.

Zhang Yuhe couldn't help but yearn for it.

He muttered to himself.

"Looks like I have to speed up a little bit."

"Collect the Chaos Cores as soon as possible so that you can prepare for the Hedao as soon as possible."

Think of this.

Zhang Yuhe turned around.

He asked Li Minghao with a smile.

"Senior Li, let's go, we will rush to the next target immediately."

"good."

Li Minghao and others didn't talk nonsense.

Zhang Yuhe is willing to take them with him to hunt chaotic creatures.

Naturally, there is no reason for anyone to refuse.

not to mention.

As long as Zhang Yuhe kills a chaotic creature.

This means that they can harvest a complete corpse.

After all, Zhang Yuhe would give it to them if he didn't need it.

more importantly.

Zhang Yuhe has a bright future.

In everyone's opinion.

It is their supreme honor to be able to follow Zhang Yuhe.

Maybe after a few years.

This is all their false capital.

...

Li Minghao waved his right hand.

A vast map of the long river was clearly presented in front of everyone.

The map is dotted with stars.

Each point of light represents the position of a chaotic creature.

over the years.

In order to hunt the chaotic creatures, Li Minghao had already done enough homework.

Section 1256

He already knew the distribution of the Chaos Creatures in the entire Changhe River.

Naturally, there was no situation where he could not find the Chaos Creatures.

Li Minghao pointed to one of the light spots and then spoke slowly.

"There is a Chaos Black Turtle here, and its strength is not very strong."

"It's just that the Black Turtle's defense is a bit hard, so no one has ever thought of attacking it."

"But with Brother Yinhe's sword light, it should be enough to break the Black Turtle's defense."

"Our next target is this Black Turtle."

"What do you think, Brother Yinhe?"

Zhang Yuhe glanced at the map and responded lightly.

"Okay, let's take it."

Zhang Yuhe didn't care too much.

As long as it is a Chaos Creature, it will be fine.

As for whether it is a defensive type, a power type, or other types of Chaos Creatures.

It doesn't matter.

Anyway, as long as he activates the Hunyuan Guiyi magical power and then uses the God and Demon Zhutian Sword.

It should be able to kill it.

After killing the Teng Snake with three swords.

Zhang Yuhe has a rough judgment of his current strength.

As long as it is a chaotic creature, he can kill it.

Thinking of this.

Zhang Yuhe made a stroke with his right hand.

A huge vortex channel slowly appeared in the void.

Everyone passed through the channel and disappeared from the scene in an instant.

...

Time passed slowly.

Zhang Yuhe took Li Minghao and others to travel around Changhe.

One by one, chaotic creatures continued to fall in his hands.

When fighting Tengshe.

In addition to his original body, Zhang Yuhe also summoned two clones.

Because the Hunyuan Guiyi magical power has a certain cooling time.

Zhang Yuhe's original body and these two clones are temporarily unable to fight.

But it doesn't matter.

He also brought six clones with him, all in perfect condition.

Having had previous experience.

Zhang Yuhe naturally wouldn't use too much force again.

Relying on six clones to attack.

Zhang Yuhe hunted six chaotic creatures in a row.

The clone activated the explosive magical power and urged the God and Demon Sword.

Only one sword is needed to kill a Chaos creature.

It was even easier than hunting Teng Snake.

...

In a manor in Taimingfang.

Zhang Yuhe, Li Minghao and others gathered together.

Everyone drank and talked happily, and their faces showed excitement.

Under the leadership of Zhang Yuhe.

They hunted seven Chaos creatures in succession.

And Zhang Yuhe did what he said.

Let each of them get a complete Chaos creature corpse.

How can everyone not be excited?

Now that the corpse of the Chaos creature is in hand, we only need to collect some more materials.

Then ask a skilled refiner to make a supreme artifact.

Thinking of this.

Everyone couldn't help but get excited.

Liu Chengjiang picked up the wine glass and shouted respectfully to Zhang Yuhe.

"Brother Yinhe, I won't say much about gratitude."

"In the future, if there is a call, I will definitely do everything."

Compared with others.

Liu Chengjiang has been practicing for the longest time.

Then in the long years.

He still didn't get one, his own supreme artifact.

As a veteran invincible supreme.

Because he didn't have a supreme artifact in his hand.

The strength he could exert was not much stronger than other invincible supremes.

This made Liu Chengjiang always feel uneasy.

Now with the support of Zhang Yuhe, he finally saw the hope of the supreme artifact.

Liu Chengjiang's gratitude arose spontaneously.

Others also shouted at the same time.

"As long as there is a call, everything will follow."

...

Chapter 876 Daoyou is right, let's go together

After saying goodbye to Li Minghao and others, Zhang Yuhe took Wu Yiyi and embarked on the journey again.

He still had to continue hunting chaotic creatures.

After all, Zhang Yuhe needed a lot of chaotic cores.

Not just one or two.

But a full three thousand.

And Li Minghao and others, each person only needed a complete chaotic creature corpse, which was enough.

No matter how many more they were given, they would not be able to use them.

The Supreme Artifact is not an ordinary thing.

For pseudo-Supremes like them who took shortcuts and were promoted,

they have great innate defects.

It is already very difficult to activate a Supreme Artifact.

It is impossible to control multiple Supreme Artifacts at the same time.

For Li Minghao and others,

Zhang Yuhe can help them obtain a corpse of a Chaos Creature each.

It is already a great favor.

They dare not expect more.

...

As time slowly passed.

Relying on the guidance of the map.

Zhang Yuhe has been wandering around Changhe.

Every hundred years.

As long as the Hunyuan Guiyi magical power cools down, he will act immediately.

Together with the eight clones, the original body can successfully hunt nine Chaos Creatures every time.

Just like that.

The Chaos Creatures hunted by Zhang Yuhe gradually increased.

And the Chaos Heart Cores he harvested also increased.

The number of three thousand is gradually approaching.

...

After Li Minghao and others returned to the Dao League headquarters.

Section 1257

The six of them collected auxiliary materials while looking for a highly skilled weapon-refining master.

Soon everyone in the Dao League knew.

A group of six of them actually succeeded in hunting down the chaotic creatures.

And everyone has a corpse of a chaotic creature.

obviously.

The chaotic creatures they hunted were not just one or two.

There are at least six of them.

When the news spread, it quickly caused a huge shock within the Dao League.

It is a recognized fact that chaotic creatures are difficult to kill.

Except for the nine great lords.

Perhaps there are only a small number of invincible supreme beings who hold the supreme artifact.

There is only a slight chance to beat the chaotic creatures to death.

This requires a lot of manpower, and the success rate is not very high.

But Li Minghao and six people, in a short period of time.

He actually successfully hunted many chaotic creatures.

This made the rest of the Dao League feel very incredible.

How is this possible?

Could it be that the current chaotic creatures have suddenly become weaker?

Otherwise.

How could the six of them, Li Minghao, defeat the chaotic creatures to death?

This is simply impossible.

If the chaotic creatures are so easy to kill, then they are the invincible supreme beings.

Everyone already has a supreme artifact.

How could it be like now, still like those eternal emperors?

Likewise, only eternal artifacts can be used.

Faced with everyone's confused looks.

Li Minghao didn't hide it.

He quickly uploaded a video in the discussion area.

At the same time, there is a paragraph of text.

[Fellow Taoists, a miracle has arrived. Let's all prepare to welcome the arrival of a new era.]

The video clearly recorded the scene of Zhang Yuhe killing the snake with three swords.

After seeing the video uploaded by Li Minghao.

The entire Dao League was silent.

Very early on.

Everyone knows that Zhang Yuhe is very strong.

But no one ever thought about it.

How could he be so strong?

Those are chaotic creatures.

Sometimes dozens of invincible supreme beings working together may not be able to kill a chaotic creature.

However, Zhang Yuhe only used three swords.

He easily killed a powerful soaring snake.

The sword light across the sky showed great strength.

It completely subverted everyone's understanding.

Is this really the height that a God King monk can reach?

Something that none of them, the invincible supreme beings, can do.

Zhang Yuhe could handle it easily.

Doesn't this mean.

Zhang Yuhe's strength.

Have you left them far behind?

Is this still the realm of the God King?

No one doubts that Zhang Yuhe is truly at the supreme level.

It's just terrible.

Following Li Minghao, he uploaded the video of Zhang Yuhe killing the flying snake with three swords.

The entire discussion area was instantly shocked.

"Damn, is that really a chaotic creature?"

"It can't be fake, right?"

"Chaos creatures are so fierce, how could they be killed so easily?"

"It's just unscientific."

"Brother, hold on tight, don't let jealousy affect your Taoist heart."

"It's obvious."

"The Soaring Snake's body in the video is comparable to the universe. It can be anything but a chaotic creature."

"And I also saw Ronghuation's chaotic creature back then."

"It's the one in the video, it's absolutely unmistakable."

"Hey, the Holy Lord of Galaxy is indeed a celestial being."

"It's surprising that with the power of the God King, you can kill such a powerful chaotic creature."

"He didn't even put much effort into it."

"It's really hard to imagine."

"Once the Galaxy Holy Lord becomes serious, how powerful he will be."

"Perhaps he has already reached the point where he is approaching the nine great lords."

"impossible."

"The strength of the nine great lords has already reached the limit of this world."

"Although the Holy Lord of the Galaxy is incredibly powerful, it is still compared to the nine great Lords."

"There's still a pretty big gap."

"Hey, even if that's the case, it's not too far off."

"After all, the Holy Lord of the Galaxy is still only in the God King realm."

"Once he succeeds in joining the path, he will be promoted to the eternal realm."

"At that time, he will definitely be no worse than the Nine Lords."

"yes."

"The Eternal Realm can rival the Lord. Why is the Galaxy Lord's strength so exaggerated?"

"I watched the video above carefully several times."

"But I still don't see what exactly the Holy Lord of the Galaxy relies on to explode such terrifying strength."

"Don't think about it, it must be the supreme rule."

"Only the supreme Dao rules can allow the monk's strength to touch the limits of this world."

"It shouldn't be."

"When it comes to the supreme rules, each of the nine great lords has mastered one."

"But the Lord and the others were not so fierce back then."

"Perhaps the Galaxy Holy Lord has mastered more than one supreme rule."

"Zhoucao, is it so scary?"

"The rules of the Supreme Avenue, and there are more than one."

"Is he still a human?"

"He can understand many kinds of rules that are so difficult to understand."

"This is too exaggerated."

"Then tell me, what else could it be?"

"Besides mastering multiple supreme rules, I can't think of any other possibility."

"It can make the Galaxy Saint Lord burst out with such terrifying strength."

"Don't look at the Galaxy Saint Lord, such a peerless genius, with your scumbag eyes."

"Perhaps for us, it is as difficult as ascending to heaven to comprehend the rules of the avenue."

"The supreme rules are even more out of reach."

"But for the Galaxy Saint Lord, such a peerless genius."

"Perhaps it doesn't take too much effort to comprehend a supreme rule."

Section 1258

"Is that so?"

"Maybe."

"Hey, the gap between geniuses and ordinary people is really wider than the gap between humans and dogs."

"It would be great if one day I could be as talented as the Galaxy Holy Lord."

"Stop dreaming."

"just you?"

"Even if he is reincarnated and reincarnated for eternity, he is still just an ordinary monk."

"You are lucky enough to be able to cultivate to the level of invincibility in this life, so don't have sweet dreams anymore, hehe."

"I don't know how the nine great lords will feel after knowing this news."

"What can this mean? I must be overjoyed."

"There is a genius rising in the world, this means."

"Our hope of getting out of the long river will be one more point."

"Yes, a new era will surely come."

"With such strength as the Galaxy Holy Lord, he may really be able to lead us out of this world."

"I won't say anything anymore. I'm going to hunt the chaotic creatures."

"Strive to create a supreme artifact."

"So that when the new era comes, we can keep up with the pace of the Galaxy Holy Lord."

"Fellow Taoist is right, let's go together."

...

Chapter 877 Lord of the Void

The video uploaded by Li Minghao caused a huge sensation not only in the Dao League.

And it quickly spread throughout the Chaos River.

Only then did everyone suddenly realize.

Zhang Yuhe, the peerless talent, had been silent for hundreds of millions of years.

Although Hedao Eternal is not yet there, his strength has still made a huge leap forward.

If.

Back then, Zhang Yuhe killed three invincible supreme beings, which made everyone feel incredible.

Then the thing about him killing the Soaring Snake with three swords is even more incomprehensible.

Everyone thought before.

Zhang Yuhe should have reached the limit of the God King Realm long ago.

Without Hedao Eternal, the strength cannot be greatly improved.

After all, he can beat the Invincible Supreme to death, which is extremely unbelievable.

It's simply impossible to improve.

However, things completely subverted everyone's understanding.

Zhang Yuhe's cultivation realm has not changed, he is still only at the God King realm.

But his strength has once again improved by leaps and bounds.

Even a terrifying chaotic creature like Soaring Snake can be easily killed.

This is an existence that surpasses the Invincible Supreme and is as close to the Lord of the Tao Alliance.

It's really hard for everyone to understand.

How did Zhang Yuhe do it.

Doesn't he need to break through the realm to continue to improve infinitely?

This is impossible.

Is there no limit to the way of heaven in this world?

Nobody knows.

Zhang Yuhe has successfully understood all three thousand avenues.

And they have all advanced to the level of perfection.

Throughout the ages.

Throughout history, he is definitely the first person.

Nobody knows.

After the three thousand avenues are completed, the strength will undergo earth-shaking changes.

No one even dared to think so.

After all, in the eyes of normal people.

This is simply impossible to do.

Not to mention all the three thousand avenues.

Just those nine supreme rules are enough to make everyone despair.

The nine great lords of the Tao Alliance only master one supreme rule.

You can reach the limit of this world and achieve ceiling-like combat power.

As for mastering all nine supreme rules, and even all three thousand avenues.

No one dared even think about it.

I wouldn't even dare to dream about it.

Because this is too exaggerated.

With the fame of Zhang Yuhe, it quickly spread in the long river of chaos.

Everyone understands.

Maybe in the near future, the tenth Lord will appear in the Tao Alliance.

for this.

Everyone is convinced.

Because Zhang Yuhe only needs to take a step forward gently.

It will be the eternal harmony.

When he was in the God King Realm, his strength was already so incredible.

Once the union is successful, he will definitely not be weaker than the nine great lords.

In everyone's opinion.

Zhang Yuhe didn't even need it to break through to the true supreme realm.

It is enough to firmly sit as the leader of the Tao Alliance.

Become the number one in the Taoist League and a peerless figure who can aspire to become the Lord in the Eternal Realm.

As for Zhang Yuhe, can he successfully merge with the Tao and break through to the eternal realm?

No one would doubt this at all.

Although the eternal bottleneck of Hedao will indeed block countless god king monks.

But Zhang Yuhe will definitely not be among them.

A person like him who defies heaven.

If they can't all succeed, it's simply unreasonable.

...

Somewhere far away in the river of chaos.

You can't see any heaven and earth around you, and you can't even feel the concepts of time and space.

Complete nothingness.

This is the place of return to the void.

The Tao League unanimously agreed.

If there is a limit to this world.

Then the limit of this world has always been the place of Guixu.

Only in the land of Guixu can one have a chance to find a way out of the long river.

All the time.

The nine great lords of the Dao Alliance have been exploring the land of Guixu for a long time.

Unless the era is coming, in order to withstand the impact of the destroying monsters.

They will return collectively.

In the land of Guixu, everything is dead, and there is almost no life left.

But in this void.

However, a large number of chaotic creatures still exist.

In the Changhe world, it is rare to see chaotic creatures.

In this Return to the Void Land, they can be seen everywhere.

There are even often a large number of chaotic creatures gathering together.

Section 1259

Forming a large community.

It is precisely because there are so many chaotic creatures.

The land of Guixu is so dangerous.

Except for the nine great lords.

Even the invincible Supreme of the Dao League did not dare to go deep into it.

Otherwise.

Once you are surrounded by chaotic creatures.

Even the invincible Supreme One would still be devastated on the spot.

No luck at all.

At this time, somewhere in the land of Guixu.

A vast figure stood in the sky, surrounded by countless huge beasts looking around.

The figure waved his right hand.

A dazzling light flashed across the sky.

The light seemed to be like the rising morning glow, instantly filling the surrounding vast area.

As the morning glow spread across the sky and earth, the huge chaotic creatures around them appeared.

They all fell down so silently.

Even after struggling for a while, I couldn't do it at all.

Chaos creatures are extremely powerful.

Even the weakest chaotic creature is much stronger than the ordinary invincible supreme being.

Even Zhang Yuhe.

You also have to activate the magical power of Hunyuan Guiyi, and then use the Gods and Demons Killing Heaven Sword.

Only then can he be beaten to death.

But in front of this vast figure.

Those powerful chaotic creatures are like the first snow in winter.

As the morning glow falls, it melts instantly.

If anyone could see such a scene.

It will definitely come as a shock.

This is the limit of heaven and earth.

Only the Lord of the Dao Alliance can have such terrifying power.

Killing chaotic creatures is as easy as killing chickens and dogs.

The vast figure looked around.

A silver spear flew back.

I saw him stretching out his right hand.

The chaotic creatures on the ground shrank rapidly in an instant, and they were all put into his sleeves.

After everything is done.

The vast figure looked into the distance, frowning slightly.

He muttered to himself.

"This world is really strange."

"There are so many chaotic creatures, and there are also those annoying monsters of destruction."

"It's like there's no way to kill them all."

"I really don't know where these things come from."

"Is it really just the creation of this world itself?"

"How do these things grow so fast?"

"The nine of us have been killing for countless years, why can't we stop killing them all?"

"Could it be that these chaotic creatures and destructive monsters come from outside the world?"

"Otherwise, it would be really difficult to explain."

"Hey, I just don't know where the entrance to this world is."

"We've been looking for it for so many years."

"Other than these inexplicable chaotic creatures, it is impossible to find the source of heaven and earth."

"Is it really limited by the way of heaven that us monks who were born in the long river will never be able to get out?"

Think of this.

The vast figure could not help but fall into silence.

Just at this time.

A stream of light quickly crossed the sky in the distance.

at the same time.

A cheerful voice came over.

"Haha, Void, it turns out you are here."

"I've been looking for you for many years."

It turns out that this person is the Lord of the Void Palace, one of the nine great Lords of the Tao Alliance.

Lord of the Void.

...

Chapter 878 Could it be from outside the world?

Lord Void looked at the person in front of him with a slightly surprised expression.

He asked in confusion.

"Samsara, how did you find this place?"

"Did something happen?"

It turns out that the person in front of him is the Lord of Samsara.

One of the nine great lords of the Tao Alliance.

After the disaster of the last era ended.

The nine of them left the Dao Alliance one after another and re-entered the Land of Guixu, looking for the possible source of the long river.

To increase the probability of finding the source.

They always operate separately.

Unless the next era comes.

Otherwise.

The chance of everyone meeting in Guixu is almost zero.

After all, the land of Guixu is vast and has a special terrain.

There is no concept of time and space at all here.

Even if they want to contact each other, it is quite difficult.

As for making an appointment to meet, that's even more difficult.

This requires a certain amount of luck.

There is still a long time before the next era comes.

It's not time for them to return to the Dao Alliance.

Why did Lord Samsara come here?

And from the words just now, Lord Void can hear it.

Lord Samsara has been looking for him for a long time.

Is there something urgent?

But there are so many invincible supreme beings sitting in this vast river of chaos.

Even if all nine of them are not here.

Nothing big should happen, right?

"Haha, it seems that after you entered the Land of Guixu, you really didn't pay attention to the outside world at all."

Seeing Lord Void's puzzled expression, Lord Samsara laughed.

He then asked.

"Have you never looked at the information on the discussion area in the past few years?"

"Although it is inconvenient to contact Guixu, the information on the discussion area can still be seen occasionally."

Hear this.

Lord Void couldn't help but frown slightly.

The Taoist discussion area of the Tao League was jointly built by several of them.

The function can be said to be very powerful, almost covering the entire Chaos River.

Even in this Return to the Void Land.

Section 1260

Occasionally, communication in the discussion area can be connected.

This is also the main means of communication among them in Guixu Land.

Just in recent years.

Lord Void has been busy exploring and has not even glanced at the discussion area.

I heard Lord Samsara say this.

He immediately took out a golden token.

After playing a magic formula.

The information on the discussion forum began to appear intermittently.

But he looked at it carefully for a while and didn't see anything special.

Still the same as usual.

They are all Dao League disciples, bragging and spanking in the communication area.

I didn't see anything big happening.

wrong.

If there is anything special I must say.

Even now in the Dao Discussion Area, these Dao Alliance disciples seem to have become more active.

And they seem to be becoming more positive.

Many people are discussing how to hunt chaotic creatures.

See this situation.

Lord Void subconsciously touched his chin.

It's really strange.

Are chaotic creatures so easy to kill?

Now even those invincible supreme beings in the Dao Alliance are launching large-scale hunting operations.

Are these people tired of living?

Want to experience the feeling of death?

even though.

After the death of the Invincible Supreme, he can still be quickly resurrected by relying on the origin of the universe.

And it can also restore strength normally.

But there is no need, just go and seek death like this.

After all, in his impression.

There are only a few invincible supreme beings in the entire Dao Alliance who can defeat chaotic creatures.

It's really strange that these people have suddenly become so active.

It has to take this time.

Something must have happened outside.

Otherwise.

Nor would these people suddenly experience such a big change.

correct.

Could it be that Lord Samsara came here because of this matter?

Think of this.

Lord Void asked quickly.

"Reincarnation, what on earth did you just say?"

"I didn't see anything big happening in the discussion area."

"Except those boys seem to have become more diligent."

"Isn't everything else the same as usual?"

"There are no special changes."

Lord Samsara smiled slightly, and then slowly responded.

"Void, don't you wonder what happened to stimulate these people."

"Did it make them more diligent?"

Lord Samsara shook his head.

"have no idea."

He was in the discussion area and read carefully for a long time.

I haven't seen the specific reason.

It is estimated that a long time has passed.

He didn't pay attention at the time.

It is indeed a bit difficult to look through the previous records now.

But he believed it.

Lord Samsara must know what happened.

Otherwise.

He won't come here specifically.

Think of this.

Lord Void raised his head and looked at the opposite side, and he said with some displeasure.

"Reincarnation, stop showing off."

"If you have anything to say, say it quickly."

"If it weren't for the fact that this place is too far away from the Dao Alliance, I would just go back and have a look."

Lord Samsara pondered for a while.

Then he spoke slowly.

"I'm afraid you don't know yet."

"In recent years, a peerless genius has appeared in your Void Palace."

"That person's potential is even stronger than ours back then."

"Based on the information I saw in the discussion area."

"That person actually mastered more than two supreme rules at the same time."

"There may even be more."

"This person is still in the God King realm, but he has already killed many chaotic creatures in succession."

"And judging from the videos uploaded by others, he takes action very easily every time."

"It only takes three swords at most to kill a chaotic creature."

"Even under normal circumstances."

"He only needs one sword to deal with the chaotic creatures."

"What did you say?"

"Only in the God King realm, can you kill chaotic creatures with one sword?"

"Reincarnation, are you kidding me?"

"Stop talking about people like you and me."

"Even when Yuan Zun was in the God King Realm, he was no match for the chaotic creatures."

"No matter how talented this person is, he can't be so strong, right?"

"Are you sure you're not mistaken?"

"What's his name? Is he really from our Void Palace?"

"It can't be from beyond the river."

"That's right."

"I still have that video."

"You'll know just by looking at it."

Speaking of which.

Lord Samsara waved his right hand.

A large video scroll slowly unfolded in front of the two people.

Only seen in the video.

Several figures with powerful auras were surrounding a huge chaotic creature and attacking fiercely.

Just at this time.

A magnificent sword light passed across from a distance.

The sword light passed between heaven and earth.

It hit the head of the chaotic creature in an instant.

The terrifying sword light flashed across the belly of the chaotic creature.

It almost split the huge chaotic creature into two.

Soon a handsome young man appeared in the photo scroll.
