### Section 127

"Hmph, it turns out to be a trick to escape."

It turns out that after seeing no hope of escape, Mo Yuetian decisively exploded his body.

It is unknown what secret method he used to split his Nascent Soul into nine, and quickly fled in all directions.

Eight of the Nascent Soul clones were crushed by the invisible sword energy as soon as they appeared.

It is also unknown why one of the Nascent Souls ignored the obstruction of the sword energy light curtain.

It passed through the sword energy light curtain directly and turned into a stream of light and fled into the distance.

Mo Yuetian's secret method is obviously extraordinary and is an extremely powerful escape skill.

"Still want to run."

Zhang Yuhe quickly took off and chased after the stream of light in the distance.

### Chapter 118 Counterattack on the Demon Realm

Seeing that Mo Yuetian used his secret technique, he actually escaped a Nascent Soul.

Zhang Yuhe quickly chased forward.

He used all his strength to activate the Tianhuang Feixian technique, and with the blessing of the Hunyuan Guiyi magical power.

The speed was increased to the extreme.

Soon, he saw the aura of Mo Yuetian's Nascent Soul.

Zhang Yuhe casually swung out a sword light.

The sword light crossed the sky and directly chopped the fleeing Nascent Soul into ashes.

At this point, Mo Yuetian's aura finally dissipated completely.

...

Feng Xiaotian stood on the city wall and saw Mo Yuetian explode and escape.

Then Zhang Yuhe killed his Nascent Soul with a sword.

He shouted excitedly.

"Senior Brother Zhang has killed all the demons in the Mahayana realm. Let's rush out together and wipe out the remaining demon army."

After saying that, Feng Xiaotian turned into a stream of light and rushed towards the demon camp in the distance.

The monks on the city wall burst into a passionate roar.

After defending the Demon City for hundreds of years, it is finally time for them to counterattack.

Everyone jumped out of the city wall and headed straight for the demons in the distance.

Zhang Yuhe took the lead.

He soon arrived above the demon camp.

At this time, there were at least 7 billion demons left in the camp.

Seeing Mo Yuetian and a group of demon guards fall one after another, the whole camp immediately fell into chaos.

Some high-level demons still wanted to control the situation.

However, Zhang Yuhe arrived soon.

He waved his right hand.

Nine flying swords quickly fell to the surroundings.

Soon, a light curtain with a radius of hundreds of thousands of miles completely covered the entire camp.

Zhang Yuhe pinched the magic formula, and the invisible sword energy quickly swept through the camp.

The sword energy was like a raging tide, instantly destroying all the demon army.

At this time, Feng Xiaotian brought people to rush over.

He came to Zhang Yuhe and said excitedly.

"Brother, we won."

Zhang Yuhe also breathed a sigh of relief.

Although he killed the demon Mahayana like cutting melons and vegetables.

But for this day.

He has waited for a hundred years.

Now the matter is finally resolved.

Oh, no.

It should be only half resolved.

He looked into the distance.

He saw that to the east of the Liuyun Corridor, the demonic energy was rising and the spiritual energy was extinguished.

In the past hundred years, the demons have relocated people and planted demon trees.

Most of Yufantian has been transformed into a demon domain.

They also need to wipe out all the invading demons and eradicate the demon trees.

Only in this way can Yufantian be restored to a complete spiritual world.

However, Zhang Yuhe does not need to worry about these things.

The main forces of the demons have all died under the Demon Suppression City.

Although the remaining demons are numerous, they are completely insignificant without the leadership of high-level demons.

I believe that under the leadership of the elders of the Daosheng Sect, they will be gradually eliminated.

Zhang Yuhe looked up at the sky and suddenly said to Feng Xiaotian.

"Master, let's go to Tianxing Sea and see the passage between the two worlds?"

"Okay, Senior Brother, please wait a moment. I'll set off immediately after making arrangements."

Feng Xiaotian quickly sent a message to Lu Mingfang and others. After arranging things, he took out a golden flying boat and threw it out.

Dutian Boat.

This is the treasure of the sect left by the founder. It flies very fast.

The Tianxing Sea is hundreds of millions of miles away from here.

The teleportation array east of the Liuyun Corridor has long been demolished.

Now they go to Tianxing Sea, but there is no teleportation array to sit on. They can only fly by themselves.

Even if they are all Mahayana cultivators, they want to fly to Tianxing Sea.

It will take at least half a year.

But with the Dutian Boat, it will be much faster.

After Feng Xiaotian threw the Dutian Boat, he spoke.

"Senior Brother, let's take the Dutian Boat."

"Okay."

The two stepped onto the flying boat.

Feng Xiaotian pinched the magic formula, and the Dutian Boat turned into a stream of light and quickly disappeared in the distance.

Three months later, a golden stream of light passed over the Tianxing Sea.

An exquisite flying boat suddenly stopped in mid-air.

Feng Xiaotian reached out to the sea and a black jade card appeared in his hand.

Looking at the jade card in his hand, Feng Xiaotian's face was full of sadness.

After a long time, he choked up and said.

"This is the identity jade card of Senior Brother Wu. I think Senior Brother Wu died here."

Zhang Yuhe was silent.

He had no friendship with Wu Yuemin, and he had never even met him.

He had only heard of his name.

However, he still admired Wu Yuemin.

When the sect was in danger, this Mahayana ancestor of the Daosheng Sect stepped forward.

He took the initiative to investigate the passage, but unfortunately he was besieged by the demons.

He fell here.

The two continued to move forward.

After a while, a huge black city appeared on the sea.

Zhang Yuhe swept his consciousness and found that there was no one in the city.

They flew into the city.

The city was in a mess.

Obviously, the demons in the city evacuated in a hurry.

The news of the fall of Mo Yuetian and others spread quickly throughout the world.

I think the demons who stayed here also got the news early, so they hurriedly withdrew to the demon world.

"Hey, the space channel is still there."

Zhang Yuhe quickly came to the center of the city.

I saw a huge black hole still standing in the air.
