

Top talent 1291

Section 1291

Everyone was sipping the tea carefully and feeling silently at the same time.

While laughing and chatting.

A long time passed.

Wait until the tea is finished.

Yuan Zun put down the teacup in his hand.

He looked at Zhang Yuhe beside him and asked solemnly.

"Fellow Daoist Galaxy, when you evolved the world, a portal shadow once appeared."

"I wonder if you've seen it."

"I saw it."

Zhang Yuhe nodded lightly.

Evolving the world is not a closed door to death, nor does it block the six senses.

He naturally sees all the changes in the outside world.

not to mention.

At that time, the shadow of the tall portal hung in the sky.

Divine power covered the entire river of chaos.

Such a huge momentum.

Even if Zhang Yuhe wanted not to see it, it was impossible.

"Then do you know what that portal shadow is?"

Yuan Zun then asked.

"have no idea."

Zhang Yuhe shook his head.

He pondered for a moment, and then spoke slowly.

"If I guessed correctly, that portal should be related to the outer world."

"Perhaps through that tall portal, we will have a chance to get out of the long river of chaos."

"Yes, you guessed it right."

Yuan Zun responded solemnly.

"That tall portal is called the Gate of Creation."

"When I first entered the river of chaos from the universe world."

"I once sensed the reminder of the voice of heaven in the dark."

"The door of creation is us, the only way out of the long river of chaos."

"Only through the door of creation can we have the opportunity to go to a wider world."

"Unfortunately."

"For so many years."

"Even if we travel all over the river of chaos, we still can't find the shadow of the Gate of Creation."

"Until this time when you evolved the world, the Gate of Creation suddenly appeared phantom."

"I think you should be the key to triggering the door of creation."

"Only you can open the door to creation."

"Open this road to heaven."

...

Chapter 900 Why don't we go over and take a look first?

"So that's the door of creation."

Zhang Yuhe muttered silently to himself.

to be honest.

Hearing Yuan Zun's narration, he was actually a little surprised.

When I saw the portal ghost before.

Zhang Yuhe had an intuition.

As long as you pass through that portal, you should be able to get out of the long river of chaos.

That is a road to heaven.

That seems to be the case now.

What he didn't expect was.

Yuan Zun had actually heard the reminder from the voice of heaven.

This is a bit high-end.

Hundreds of millions of years have passed since Zhang Yuhe practiced cultivation.

It has been a smooth journey, and I have never encountered any hardships or hardships.

Originally he thought.

He is the protagonist of this world.

However, he never knew that there was such a thing as a reminder from heaven.

Now it seems.

Yuan Zun is also the protagonist.

Able to sense hints from heaven.

Isn't that a proper protagonist?

He is simply a son of heaven.

But there is one thing.

Zhang Yuhe still felt very strange.

Since Yuan Zun has known for a long time that there is a Gate of Creation.

Then why don't they go through the Gate of Creation and head outside the territory.

Could it be that they couldn't find the location of the Gate of Creation before?

Or is it.

They simply cannot open the door of creation.

Maybe a little bit of both.

Yuan Zun also mentioned it just now.

This is the door of creation, manifested for the first time in the long river.

It was because he evolved the world that he inspired the Gate of Creation to appear.

This indicates that.

Although Yuan Zun knew before that there was a Gate of Creation.

But they have never seen it.

Another point.

Why would Yuan Zun say that.

Only you can open the door of creation?

To this.

Zhang Yuhe felt very puzzled.

Can't other people open it?

What is the principle?

Is there anything else that should be done to open the door to creation?

Think of this.

Zhang Yuhe looked at Yuan Zun and asked with a somewhat puzzled expression.

"Senior Yuan Zun, you said before that only I can open the door of creation?"

"Where did this come from?"

"Junior really doesn't understand."

Facing the problem of Zhang Yuhe.

Yuan Zun did not respond directly.

He looked up into the distance.

After a while.

Only then did he respond leisurely.

"This is just speculation on our part."

"Because for endless years, the Gate of Creation has never appeared."

"Although I have known for a long time that there is a Gate of Creation."

"But in the past few years, we have traveled through the river of chaos, and we have never seen the shadow of the Gate of Creation."

"Until you show up."

Section 1292

"When you are evolving the heaven and earth, your Taoist aura reflects the heavens."

"This finally inspired the Gate of Creation to appear."

Speaking of which.

Yuan Zun paused for a while.

He turned to look at Zhang Yuhe and said with a melancholy expression.

"Do you know that we were excited when we saw the Gate of Creation appearing?"

"However, when we calculated the true location of the Gate of Creation based on the phantom of the portal."

"Everyone was almost dumbfounded."

"Because that place is the birthplace of the Destruction Monster."

"We've all been there multiple times."

"There were even many battles with the Destruction Monster there."

"But for countless years, we have never seen any sign of the existence of the Gate of Creation there."

"The door to creation is there, but we can't see it."

"Do you know what this means?"

Yuan Zun looked at Zhang Yuhe and asked depressedly.

"have no idea."

Zhang Yuhe shook his head.

Although there are some guesses in my mind.

But he wasn't sure, so he could only shake his head silently.

"Why."

Yuan Zun sighed softly.

Then he spoke slowly.

"That's because we people have simply not met the conditions for the door of creation to open."

"Perhaps the great power that created this world had set some conditions."

"Only when these conditions are met can the Gate of Creation be triggered to appear."

"Only those who meet the conditions can open the door to creation."

"Lord Yin Yang once speculated."

"If you want to open the door to creation, you must achieve the perfection of the three thousand avenues."

"In the entire Chaos River for countless years, only people have met this condition."

"And I believe it."

"Even if the world is destroyed in the future, there will not be another one."

"It's really difficult to achieve the three thousand avenues perfectly."

After listening to Yuan Zun's narration.

Zhang Yuhe was speechless.

Now he finally had a rough idea.

The door of creation has always existed.

But it was never discovered.

If certain conditions are not met.

Even if you pass by the Gate of Creation, you probably won't be able to see it.

As for opening the door to creation.

That's even more impossible.

Can't even see it.

How to open the door then?

It's completely impossible.

Zhang Yuhe also felt that Lord Yin Yang's speculation made sense.

For countless years.

In the long river of chaos, all kinds of talented people have appeared.

Whether it is a special physique or an extremely talented monk, there have been many.

But after so many years.

Indeed, no one can inspire the Gate of Creation to appear in this world.

This is very telling.

Zhang Yuhe thought silently for a while.

he was thinking.

What are the differences between you and other monks?

The first is understanding.

As far as understanding is concerned.

In the entire history of Chaos River, there has definitely never been anyone stronger than him.

The second is the Scripture of Chaos Gods and Demons.

Zhang Yuhe possesses an innate Taoist body.

But he didn't think so.

in the long years.

In the entire Chaos River, there is only one Hunyuan Taoist like him.

It is estimated that people with the same Hunyuan Dao body may have appeared before.

Maybe there are still.

But they are different from themselves.

Others are not as lucky as him.

You can get a heaven-defying technique that perfectly suits your physique.

Zhang Yuhe firmly believed.

The Scripture of Chaos Gods and Demons is the only one in eternity.

There is no way there will be a second part with the same heaven-defying skills.

But in Zhang Yuhe's opinion.

Although the Scripture of Chaos Gods and Demons is indeed very unusual.

It was as if it was tailor-made for him.

But having skills and talent does not mean that you will reach the end.

Obviously it is not the condition for opening the door of creation.

Because these things are neither unique.

Nor does it represent absolute strength.

Zhang Yuhe thought carefully for a while.

Only when the three thousand avenues are complete and unified can they represent absolute strength.

The road is boundless.

He completely mastered the three thousand avenues and brought them all to himself.

This is the real limit of heaven and earth.

The ultimate that this monk can achieve in this world.

Unless it is beyond heaven and earth.

if not.

It is impossible for anyone to achieve higher achievements in the rules of the great road.

This is what really sets him apart from others.

Zhang Yuhe guessed.

This should be the prerequisite for opening the door of creation.

Think of this.

Zhang Yuhe turned around.

He looked at everyone, smiled and said.

"In that case, let's go over and take a look first."

"Let's see what the real Gate of Creation looks like."

"I'll also give it a try to see if I can open the portal to the sky."

...

Chapter 901 The Source of the River of Chaos

Hearing Zhang Yuhe's words.

Yuan Zun and others nodded lightly.

Section 1293

Of course you have to go and take a look first.

As for whether it can open the door of creation, that is a matter for later.

You have to at least watch it first to know.

If it hadn't been for this, Zhang Yuhe's evolution would not have ended.

They need to be there to observe the changes.

Otherwise.

When Lord Yin Yang calculated the specific location of the Gate of Creation.

They had already rushed there.

Why wait until now?

Yuan Zun took a deep breath, and then spoke slowly.

"You have to go and take a look first."

"We have been to the location of the Source of Destruction many times."

"I've never noticed anything unusual before."

"This time, Taoist Fellow Galaxy evolves the world and inspires the phantom of the Gate of Creation to appear."

"Perhaps the real door of creation has manifested itself at this time."

Speaking of which.

Yuan Zun paused for a while.

Then he continued to speak.

"Even people like us still can't see the real door of creation."

"I believe."

"Fellow Daoist Galaxy can definitely inspire the Gate of Creation to manifest again."

"Because of the great power that created this world and the purpose of setting up the gate of creation."

"Maybe it's just to find a peerless talent like Taoist Fellow Galaxy."

"As long as the threshold set by the Almighty is reached."

"It can activate the door of creation."

Speaking of which.

Yuan Zun looked at Lord Void next to him, and then said calmly.

"Void, it's up to you to open the transmission channel."

"The source of destruction is very far away from here."

"If we had to rush there, it would probably take hundreds of thousands of years."

"With the help of the transmission channel you opened, we can also save a lot of time."

"Okay, I'll do it."

Lord Void doesn't talk nonsense either.

I saw him activating the power of rules and quickly swiping towards the void.

The peaceful void seemed to be split in half in an instant.

A wide passage slowly unfolded in front of everyone.

See this situation.

Zhang Yuhe couldn't help but frown slightly.

Because he finally saw it.

The teleportation channel created by the Lord of the Void cannot teleport too far.

At most, it can be teleported to one or two heavens away.

Although this is definitely much faster than a monk's normal flight.

But it's transmitted like this.

How many times do they have to teleport before they can reach the location of the Gate of Creation?

I'm afraid it's not necessary to send it nearly a million times in a row.

This is too much trouble.

Zhang Yuhe originally thought that.

The Void Lord also masters the rules of the void.

He should also be able to teleport over long distances like himself.

Now it seems.

Apparently not.

Maybe it's because of the difference in magical powers.

The teleportation channel opened by the Lord of the Void can teleport the distance.

It's not even enough to protect yourself.

A little bit.

Zhang Yuhe thought.

If you follow the Lord of the Void and teleport there like this.

Then how long will it take for them to see the Gate of Creation?

I'm afraid it will take tens of thousands of years?

It's too slow.

Just do it yourself.

Think of this.

Zhang Yuhe said calmly.

"I'll do it."

Without waiting for everyone to react.

I saw him making the same stroke with his right hand.

A huge vortex channel slowly appeared in the void.

The transmission channel is mysterious and deep, as if it spans time and space.

Able to teleport to endlessly distant places.

Seeing the void passage hanging high in the sky, everyone was stunned for a moment.

Through the vortex channel, everyone can clearly see that the opposite side is nothingness.

They responded quickly.

Yuan Zun shouted in shock.

"Is that the source of destruction and the true location of the Gate of Creation?"

"how can that be possible?"

Although they already knew it.

Zhang Yuhe also mastered the rules of the void and could also use teleportation powers.

But no one ever thought about it.

Zhang Yuhe's magical power of teleportation is so incredible.

It can actually cross the entire river of chaos and teleport to any location instantly.

This is really an exaggeration.

To know.

The location of the Gate of Creation is suspected to be the source of the Chaos River.

I don't know how far away it is from the Dao League station.

If they were flying at full power, it would probably take them hundreds of thousands of years.

Even the Void Lord needs to teleport millions of times in a row.

to finally arrive.

However, the transmission channel opened by Zhang Yuhe could directly locate the destination.

How outrageous is this?

Until this time.

Everyone finally understood.

Zhang Yuhe's magical powers are powerful and his understanding of the rules of the great road is deep.

I'm afraid it's still far beyond their imagination.

No wonder Zhang Yuhe had so many incredible achievements in the past.

And it can also activate the Gate of Creation.

Now it seems.

The talents and talents of a peerless person like Zhang Yuhe are really beyond their comprehension.

While everyone was still stunned.

Zhang Yuhe said with a smile.

"Seniors, let's go there together."

Section 1294

"Okay, let's go together."

Only then did everyone come back to their senses.

Everyone did not hesitate anymore and jumped into the vortex channel in mid-air.

He disappeared from the scene in an instant.

Zhang Yuhe held Wu Yiyi's right hand and spoke softly.

"Yiyi, let's go there too."

"Um."

The two of them jumped up at the same time and fell into the vortex channel in an instant.

...

The source of the long river of chaos.

Zhang Yuhe stood tall in the sky, and he looked into the distance.

All he saw was nothingness around him.

I can't feel any vitality here.

Even the long river of chaos and common divine aura appear to be very thin.

It's almost impossible to feel it.

And there is.

The vast surrounding area is filled with endless aura of destruction.

It makes people feel very uncomfortable.

Silently feeling the situation in front of him.

Zhang Yuhe couldn't help but frown slightly.

He looked at Yuan Zun and the others next to him and asked with a somewhat puzzled expression.

"Senior Yuan Zun."

"There should be billions of years left before the end of the era, right?"

"Why is this place still filled with the aura of destruction?"

"Are those destroying monsters not completely dead?"

"But hiding around here?"

"It's hard to say."

Yuan Zun shook his head.

He pondered for a moment, and then spoke slowly.

"Since I entered the River of Chaos, I have experienced the end of eras countless times."

"Whenever an era comes, there will be massive amounts of destructive monsters that appear inexplicably in the river."

"We used to follow the direction where those destroying monsters appeared."

"Tracked it all the way here."

"But the massive amount of destruction monsters seems to be inexhaustible."

"No matter how many we kill, more monsters of destruction will continue to appear."

"Until the last era ends and a new era begins."

"Those destroying monsters will suddenly disappear."

"It's like it never happened."

"I had my doubts back then."

"I feel like there might be some kind of higher-level dimensional space nearby."

"And the arrival of the Age of Chaos is the moment when the barriers in dimensional space are loosened."

"That's why there are so many destructive monsters rushing into the river."

"However, we have been searching carefully around here for a long time."

"We even deployed various boundary-breaking formations here."

"But no matter what we tried, we still found nothing unusual."

"The space here is very stable. It is no different from other places in the Chaos River."

Speaking of which.

Yuan Zun paused for a while.

He took a deep breath and looked up at Zhang Yuhe.

Then he said with emotion.

"to be honest."

"If it hadn't been for the phantom of the Gate of Creation appearing this time, we wouldn't have even thought of coming here."

"Because in the entire Chaos River, there are many more wonderful places than here."

"But now it seems."

"We did think too much before."

"The door to creation is right here."

"And those destroying monsters must have passed through the Gate of Creation and then entered the River of Chaos."

"Perhaps because of the advent of the era, the door of creation has become somewhat loose."

"It allows the destruction of monsters to cross dimensions, time and space, and enter our world."

"Stop talking about this."

"Fellow Daoist Galaxy, please sense him carefully."

"Let's see if we can discover the existence of the Gate of Creation."

Yuan Zun looked up at Zhang Yuhe, his expression full of expectation.

"Yes, Fellow Daoist Galaxy, please sense it carefully."

"I hope to be able to inspire the Gate of Creation to manifest again."

Several other Lords also echoed.

Despite repeated calculations.

They're totally set.

The true location of the Gate of Creation is nearby.

But when they came again.

There was still nothingness around him.

Nothing can be seen.

It seems that the previous calculation was completely an illusion.

Now everyone can only place their hopes on Zhang Yuhe.

I hope Zhang Yuhe can make the Gate of Creation appear again.

And it must be a real door of creation, not an illusion like before.

...

Chapter 902 The First Person in Heaven and Earth

Zhang Yuhe looked at the nothingness in front of him and couldn't help but frown slightly.

He naturally understood what the Lords meant.

Everyone hopes.

He can find the real door of creation, and it is best to be able to open the door of creation on the spot.

Even if it can't be turned on now.

Then we must also test out the conditions for opening the door to creation in the future.

After all, countless years have passed since the Taoist Alliance Lords were promoted to the Supreme Realm.

They are trapped in this vast world, unable to see the way forward.

Now that they saw the hope of transcendence, they were naturally excited and anxious.

To this.

Zhang Yuhe also understood it very well.

But the problem is.

It had been a while since he arrived at the source of the long river.

During this time.

He has been sensing carefully, hoping to pull out the Gate of Creation.

Yet so far.

Zhang Yuhe, like others, did not notice anything unusual.

There was nothingness all around.

He also didn't see any trace of the Gate of Creation.

"Did I see it wrong before?"

Zhang Yuhe thought silently.

Section 1295

"impossible."

"The shadow of the previous Gate of Creation reflected in the heavens, I can see it very clearly."

"The corresponding location of that portal is near here."

"It can't be wrong."

"Where is the Gate of Creation hidden?"

"What should I do to pull out the Gate of Creation again?"

"Is it necessary to activate the rules of the avenue?"

"With the power of rules as a traction, can the real door of creation be manifested again?"

Zhang Yuhe quickly remembered.

The reason why he was able to summon the phantom of the Gate of Creation was when he was evolving the world.

I'm afraid it has something to do with the rules of the avenue.

During the evolution of heaven and earth.

His vast power of rules permeated every corner of the entire Chaos River.

The rules are perfect and consistent, reflecting the heavens.

Maybe that's why.

Only then will the phantom of the Gate of Creation suddenly appear.

Think of this.

Zhang Yuhe stared into the distance while silently twisting the magic formula in his hand.

The vast aura of the great avenue emanated from him instantly.

The power of rules is like a tide, shaking the vast surrounding world.

Look at the movements of Zhang Yuhe's hands.

Feel the power in him that is as vast as the sky.

The faces of Yuan Zun and others around him showed shock at the same time.

Although it was near Chengtiantai before.

They have already felt Zhang Yuhe's perfect Taoist aura.

But they were far away at that time.

The feeling is not that clear.

Now Zhang Yuhe is standing beside everyone.

The terrifying power of the avenue swept across all directions like a frenzy.

It's frightening to watch.

Yuan Zun murmured to himself.

"What a terrifying power of the avenue."

"Is this the perfect power of the Three Thousand Avenues?"

"It's really quite scary."

Hearing what Yuan Zun said.

Everyone nodded silently.

At this time, everyone looked at Zhang Yuhe with awe.

Although they have not yet seen Zhang Yuhe's true power.

But just relying on this vast rule of Tao Yun.

Everyone knows it very well.

Zhang Yuhe's strength may have surpassed all of them.

Including Yuan Zun is no exception.

Even if Zhang Yuhe's current cultivation level is still in the Eternal Realm.

There is still a long way to go before the true supreme realm.

But in terms of strength.

Zhang Yuhe has already surpassed them.

not to mention.

They know it too.

Zhang Yuhe also mastered an extremely powerful explosive magical power.

With full force.

Zhang Yuhe's strength can rise to a great level almost instantly.

Terrifying bursts of magical power, coupled with such vast rules and rhythms.

Everyone was thinking.

I'm afraid that all of them together may not be Zhang Yuhe's opponent.

At this time, everyone no longer dared to treat Zhang Yuhe as a talented young man.

in their hearts.

Now Zhang Yuhe has replaced Yuan Zun and become the number one person in this world.

Even if Zhang Yuhe has not really made a move in front of them.

Just by virtue of this vast Taoist power.

It is enough to impress everyone.

As the aura of the avenue filled the sky, everyone held their breath and stared at the void in front of them.

They all know it.

Now has reached the most critical moment.

Can we pull out the real door of creation?

Just this once.

If Zhang Yuhe exerts all his power of rules, he will not be able to pull the Gate of Creation into manifestation.

Then everyone will doubt whether their previous judgment was wrong?

Maybe the Gate of Creation is not here at all.

Or.

There is no such thing as the Gate of Creation.

Except that Yuan Zun once sensed the reminder from the voice of heaven.

In fact, all this is based on their speculation.

There is no real evidence.

Maybe they guessed wrong before?

At this time, everyone looked at the void in the distance.

My heart is almost hanging.

They are both looking forward to it and worrying about it.

Everyone is looking forward to the real door of creation appearing in the world.

I worry that all this will be in vain in the end.

Zhang Yuhe kept pinching the magic formula in his hand, and the divine power of the avenue quickly spread towards the surroundings.

However, a long time passed.

There was still no movement around.

Except for the empty nothingness.

I didn't see any traces of the Gate of Creation.

"Is it the wrong way?"

"The shadow that pulled the Gate of Creation back then was not because of the power of rules?"

"But something else?"

"impossible."

"It must be the power of rules."

"The perfection of the three thousand avenues is the biggest difference between myself and other monks."

"Perhaps the power of the rules I am stimulating now is not strong enough?"

"Maybe I should think of a way to continue to strengthen it a little bit more."

"Try to activate the Hunyuan Guiyi magical power and see if there are any changes."

"If that doesn't work."

"Then there's really nothing we can do."

Think of this.

Zhang Yuhe really unlocked the magical power of Hunyuan Guiyi.

A powerful divine power soared from his body into the sky.

Divine power surrounds all directions.

Time and space stopped momentarily.

Section 1296

The whole world seemed to have come to a standstill.

"Rewind."

"Let's retreat further so that we won't affect fellow Taoists from the Galaxy."

Seeing Zhang Yuhe, a terrifying divine power suddenly burst out.

Yuan Zun and others couldn't help being shocked.

Although they already knew it.

Zhang Yuhe also mastered an extremely powerful explosive magical power.

But when faced with it.

Everyone felt it clearly.

Zhang Yuhe was so powerful after he activated his magical power.

That terrifying power could not even stop them.

Let alone taking action at this time.

They even had the aura exuding from Zhang Yuhe.

It's almost too much to bear.

Just relying on momentum and coercion.

Zhang Yuhe suppressed them until it was hard to breathe.

It's really hard for everyone to imagine.

Once you really get started.

The strength that Zhang Yuhe unleashed must be so powerful.

When Zhang Yuhe activated the magical power of Hunyuan Guiyi.

Wu Yiyi followed the Dao Alliance Lords and retreated quickly.

It wasn't until he was hundreds of millions of miles away that he slowly stopped.

...

Chapter 903 The sound of the great road spreads throughout the heavens

Hunyuan Guiyi's magical power is not just a short-term improvement, Zhang Yuhe's cultivation realm.

But to improve his overall strength in all aspects.

When the level of cultivation is improved.

His mastery and application of the Dao rules will also be greatly enhanced.

If.

Before turning on the magical power of Hunyuan Guiyi.

Zhang Yuhe is already the number one person in the entire Changhe world.

Then when he explodes with all his strength.

It is already time to transcend this world.

With the return of Hunyuan, the magical power is opened.

The aura of Taoism permeates the surroundings, and the rules of Taoism shake the world.

The vast divine power seemed to exceed the carrying limit of the Chaos River.

Click...

A crisp sound suddenly reached everyone's ears.

The surrounding void began to shatter inch by inch.

"this....."

See this situation.

Yuan Zun and others next to him were completely stunned.

Zhang Yuhe didn't even display any magical powers.

Just relying on the power of rules can shatter the void of the Chaos River.

How terrible this must be.

To know.

The Chaos River space is stable.

Unless you master the rules of the void.

Otherwise.

Even these Dao Alliance Lords have already reached the true supreme realm.

It can't be shaken even half a cent.

Seeing the surrounding space shattering, Yuan Zun was stunned.

He muttered to himself.

"Is this the perfect power of the great avenue?"

"It's really too strong."

Lord Yin Yang next to him also echoed.

"yes."

"It never occurred to me."

"Someone can easily break the void as stable as the Chaos River."

"Now it seems."

"I still have too little experience."

"Fellow Daoist Galaxy's strength is probably more than just a step or two away from us."

"It's really hard for me to imagine."

"If you wait until he is promoted to the Supreme Realm, how powerful will he be?"

"Can this Changhe world really be able to bear such a powerful force like his?"

Everyone looked at Zhang Yuhe in the distance in silence, their hearts filled with infinite shock.

The great road fills the heavens.

The power of the surrounding rules gradually became stronger and stronger.

The vast rules of the avenue seem to break the constraints of time and space.

Heading towards the unknown.

Zhang Yuhe was activating the power of rules with all his strength while silently comprehending the changes around him.

As the surrounding void shattered inch by inch.

He suddenly raised his head and looked in a certain direction in the distance.

"Is that where the Gate of Creation is located?"

After the void shattered, the surroundings were filled with darkness.

It's like you can't feel any existence.

But Zhang Yuhe's eyes were still staring in a certain direction.

Because he has sensed it.

in that direction.

There is a vast divine power, as if it is awakening from a deep sleep.

Think of this.

Zhang Yuhe pushed with his right hand.

The power of rules that permeated the sky quickly swarmed in a certain direction.

Zhang Yuhe stared in a certain direction.

Under his focused guidance.

The vast power of rules launched wave after wave of impacts in this direction.

At this time, Zhang Yuhe already had a clear understanding in his heart.

The door to creation must be right here.

The reason why until now, he has not been able to summon the Gate of Creation.

That's because he's not strong enough.

Perhaps the great power at the beginning created the conditions for the Gate of Creation to appear in this world.

It is set up so that in addition to the perfection of the avenue, it also requires cultivation to reach the supreme state.

He has just been promoted to the Eternal Emperor, and is still very far away from the Supreme Realm.

Even if it is to activate the magical power of Hunyuan Guiyi.

He could only barely raise his cultivation level to the ninth level of eternity.

It still hasn't reached the conditions set by the Almighty.

despite this.

He remained undeterred.

If your realm is not enough, you have to use your strength.

Section 1297

Zhang Yuhe believes it.

With full force.

His current strength must have surpassed the ordinary supreme realm.

And it's not even a little bit more than that, it's a lot more.

Just because of his current strength.

Even if it is far from the conditions set by that powerful person, it is still far behind.

Zhang Yuhe is also confident.

It can forcefully break the void and pull out the door of creation.

As long as the door of creation is indeed still here.

Then it would be impossible to hide it.

As the power of rules continues to pour in.

The breath of the avenue shook the void.

Boom...

Just at this time.

A dull sound suddenly came from the void.

The sound was not too loud, but it spread clearly throughout the entire chaotic river.

No matter it is the God King and the Eternal Monk who are adventurously traveling in the long river.

They are still those low-level monks who are in the cosmic world and have not entered the river of chaos.

Everyone was instantly awakened by the sound.

Countless monks walked out of the cave at the same time.

Everyone looked into the void, their hearts filled with doubts.

No one knows where that sound came from.

It seems to come from outside the world, but also seems to be very close.

Everyone quickly activated their consciousness to find out if something was wrong.

However, no matter how hard they searched, they could not find the source of the sound.

"How is this going?"

"Where did the noise just come from? It scared me."

"I thought it was an enemy who came looking for me."

"Yeah, that's weird."

"Why is there such an inexplicable sound when the sky is clear for thousands of miles?"

"It's not like thunder."

"Huh, you guys are really ignorant."

"The sound just now was like the sound of the great road. It could wake everyone up, so how could it be thunder."

"yes."

"When the voice sounded just now, I seemed to feel that my mind suddenly became ethereal."

"Some of the confusions that were previously incomprehensible suddenly became clear to me somehow."

"It's really like the voice of heaven, touching the depths of the soul."

"Ah, Brother Dao, do you feel the same way?"

"The bottleneck was suddenly resolved just now. I thought I had a flash of inspiration and got lucky."

"Now it seems that it must be related to the noise just now."

"But the problem is."

"What was that noise just now, and where did it come from?"

"have no idea."

"I just communicated with many old friends."

"I discovered that it wasn't just us who heard the inexplicable noise."

"It was like the entire river of chaos, everyone heard the sound at the same time."

"No matter where you are in the long river, everyone hears the inexplicable voice of heaven almost at the same time."

"The voice of heaven spreads throughout the heavens, what is going on?"

"Is something big and big about to happen?"

"What do you care about that?"

"Even if the sky falls, a tall man will hold it up."

"As long as the seniors from the Dao Alliance are here, we can just practice."

"It just so happened that the voice of heaven just opened the bottleneck that had been troubling me for many years."

"I must seize the time and practice in seclusion."

Everyone was talking quietly.

The same thing happens in every corner of the Chaos River.

The sound of the great road spread throughout the heavens, awakening everyone.

Whether it is the river of chaos, the cosmic world, or the mortal world of lower dimensions.

Whether you are practicing in retreat or traveling outside.

The sound of the avenue is as clear as if it is in the ears, hitting the depths of everyone's soul.

...

Chapter 904 Golden light shines on the bullfight, and the door of creation appears

Yuan Zun and others stood nearby, quietly looking at Zhang Yuhe in the distance.

Sudden.

A dull sound came from the depths of the void.

The sound seemed to come from eternity, but also seemed to come from the endless future.

When the sound reaches the ears.

Everyone felt like they were enlightened, and their bodies and minds instantly became ethereal.

That feeling.

Indescribably comfortable.

Yuan Zun looked into the void in the distance with an unusually excited expression.

He muttered to himself.

"The door of creation is indeed right here."

Hear this.

The Yin Yang Lord next to him immediately asked excitedly.

"Yuanzun, are you saying that the ethereal voice just now is a sign that the Gate of Creation is about to appear?"

Several other Dao Alliance Lords also looked at Yuan Zun.

The sound just now came a little too suddenly.

Although each of them has a rough guess in their mind.

But not sure.

Yuan Zun stared into the distance.

After a while.

He spoke slowly.

"It can't be wrong."

"The door to creation is here, and it will soon be revealed."

"The sound of the great road spreads throughout the heavens."

"This should be a sign that the Gate of Creation is about to appear."

Hearing what Yuan Zun said.

Everyone was stunned at first, and then turned into ecstasy.

Lord Void asked excitedly.

"Is that sudden sound just now the sound of the great avenue?"

Yuan Zun nodded gently.

He took a deep breath and then spoke calmly.

"It is indeed the sound of the avenue."

"It's very similar to what I heard when I first entered the River of Chaos."

"The sound is ethereal and deep, making it impossible to find the source, but it can be clearly transmitted to the ears."

"The only difference is."

"This time the sound of the avenue is just a sound, and no other prompts are sent out."

"But in my opinion."

Section 1298

"This needs no prompting."

"When the Gate of Creation appears, everything will naturally be revealed."

"Let's wait patiently."

Everyone nodded slightly.

Everyone looked up and looked into the void in the distance.

I saw that under Zhang Yuhe's full urging.

The vast power of rules shines with all kinds of brilliance.

In a form visible to the naked eye.

Launching rounds of impacts towards a specific location in the void.

Under the impact of the power of rules.

Bursts of dull sounds continued to come from the void.

It was as if some kind of terrifying giant beast was about to awaken.

Everyone looked at the void in the distance, expecting in their hearts, but also secretly raising their vigilance.

After all, this is also the origin of the Destruction Monster.

They were a little worried.

In case the rules activated by Zhang Yuhe are too powerful.

Accidentally penetrated the heaven and the earth.

Especially the Gate of Creation, which has not been pulled out.

On the contrary, if the destroying monsters from outside are brought in, it will be a big trouble.

Although every time the era ends.

The destructive monsters that poured into the river of chaos were not too powerful.

At least it was manageable for them, the Dao Alliance Lords.

But the number of those destroying monsters is really too many.

The tide of monsters.

If you don't prepare in advance.

They will also be in a hurry to deal with it.

It's a bit awkward.

Compared to other Dao Alliance Lords, Zhang Yuhe looked indifferent.

He was seen with his right hand behind his back.

Use your left hand to quickly pinch the magic formula.

Use all your strength to activate the power of rules and continue to attack the void in the distance.

Zhang Yuhe never worried about any accidents happening.

In his opinion.

As long as you are there, no accidents will happen.

With his current strength.

Looking at the entire Chaos River, what existence can threaten him?

Whether it is destroying monsters or other unknown existences.

Zhang Yuhe was fearless.

Since Yuan Zun entered the river of chaos, the destruction of the era has occurred countless times.

But those tidal waves of destructive monsters never gave way to the long river of chaos.

Caused too much damage.

When the Dao Alliance was established in the later period, the major lords rose up.

Under their leadership.

It even easily blocked the tide of destroying beasts at the upper reaches of the river.

In Zhang Yuhe's view.

Problems that even those Dao Alliance Lords can solve.

Do you still need to take him seriously?

No need at all.

Even if there is really a destroying monster, take advantage of the situation and rush into the river of chaos.

So what.

It is estimated that he only needs a few rounds of sword formation to kill them all.

There is no need to be so nervous at all.

Not to mention those destroying monsters.

Even the one who created the long river of chaos suddenly appeared in front of him.

Zhang Yuhe will not be afraid.

Although he doesn't know.

What is the specific strength of that powerful person?

But Zhang Yuhe is confident.

I can definitely handle it myself.

Since Hedao Eternal, successfully evolved the world.

Zhang Yuhe has a mysterious confidence in his own strength.

The Milky Way Heaven he evolved.

Except for not being able to grow up in the end due to lack of spiritual energy.

In fact, it is not much different from the current Chaos River.

Even in Zhang Yuhe's view.

The world of my own evolution may be more perfect than this long river of chaos.

That being the case.

Why should he be nervous and afraid?

He is already invincible.

What's there to be afraid of?

Now Zhang Yuhe just wants to take a look.

What is that thing hidden deep in the void that keeps making roaring sounds?

Is it the door of creation?

Can we let them get out of the long river of chaos from here?

Toward a broader world?

Zhang Yuhe only cares about this.

As for other things, he didn't pay attention at all.

...

As the power of rules continues to pour in.

The roaring sound in the depths of the void gradually became more and more intense.

Boom...

Sudden.

There was a loud noise.

A dazzling golden light shot straight from the depths of the void.

The golden light shines directly into the sky, as if it can melt everything in the world.

Zhang Yuhe's eyes narrowed slightly.

He looked up into the void in the distance.

I saw a tall portal rising slowly from the depths of the void.

The portal is mysterious and profound, as if it runs through eternity and the future.

That vast divine power swept across the world.

When people take one look at it, they can't help but want to worship.

See this situation.

Zhang Yuhe's face finally showed a faint smile.

He muttered to himself.

"Is this the Gate of Creation?"

"It's indeed a bit mysterious."

"This is not a portal. It is clearly the source of creation of the entire Chaos River."

Zhang Yuhe just glanced at it.

He got a rough idea.

The so-called door of creation.

Section 1299

But this is just the origin of heaven and earth.

The only thing that surprised him was.

This Changhe world is obviously complete.

And the origin is still there.

Why does the great power who created the world never show up?

Did he really fall?

This shouldn't be the case.

Even the Eternal Emperor can be resurrected in his own world after death.

Why didn't the great one resurrect?

Could it be that there are other reasons for this?

"I hope that powerful person won't be playing some ancient conspiracy."

Zhang Yuhe looked directly at the Gate of Creation and thought silently in his heart.

Although I am thoughtful.

He still looked calm.

Regardless of whether there is a conspiracy or not, he doesn't care.

In the face of absolute strength.

The so-called conspiracy.

But it's all a joke.

What's there to worry about?

...

Chapter 905 Hongmeng Yuantian, Qingyangzi

Zhang Yuhe looked into the distance.

Quietly looking at the tall portal that was rising slowly.

The Gate of Creation hangs high in the sky, and endless pressure permeates all directions.

Feel the vast Taoist aura above the Gate of Creation.

Zhang Yuhe couldn't help but feel a little confused.

Because he clearly felt it.

The aura of the Gate of Creation is exactly the same as the origin of Tao Yun in the Chaos River.

It is as if the source of the entire chaotic river is this Gate of Creation.

"Could this Gate of Creation be the origin of the Tao Yun of the Chaos River?"

"Turning the source into a portal to block the entrance and exit channels of heaven and earth?"

"Why did the big bear who created the river of chaos do this?"

"Does he want to prevent the monks in this world from going out, or does he not want people from outside to come in?"

"Or maybe it's both possible?"

Think of this.

The expression on Zhang Yuhe's face gradually turned slightly cold.

If.

That great power wanted to imprison them all in the river of chaos.

That's so wrong.

Ever since a monk embarked on the path of spiritual practice, who has not yearned for freedom?

Even if they were born in someone else's world.

I also don't want to be restricted by others.

"I hope my guess is wrong."

"It's been brewing for so long, it's time for you to come out, right?"

Just at this time.

Yuan Zun and others also flew over quickly.

I happened to hear Zhang Yuhe's words.

Everyone was stunned at first.

follow closely.

There were incredible expressions on all their faces.

Yuan Zun looked at Zhang Yuhe and asked in shock.

"Fellow Daoist Galaxy, are you saying there is someone inside the Gate of Creation?"

"Is someone coming out soon?"

Yuan Zun raised his head and looked at the Gate of Creation in the distance.

However, apart from the endless divine power of Dao Yun, he did not feel any other aura.

How could there be someone?

If there really is anyone.

Who could it be?

Zhang Yuhe looked into the distance and responded calmly.

"Of course it's the powerful senior who created the world of Changhe."

Hear this.

Everyone couldn't help but be shocked.

Lord Void exclaimed loudly.

"How can it be?"

"Is that powerful senior still alive?"

However, Lord Void quickly came to his senses before he finished speaking.

The powerful senior who created the long river of chaos is indeed probably alive.

It would be strange to say that he had completely fallen.

After all, even the Eternal Emperor can be resurrected indefinitely in his own world.

The power that can create a long river of chaos, such a vast world.

It was really hard for him to imagine.

How powerful the opponent will be.

How could such a powerful terrifying power completely fall?

No matter how big the accident is.

At least there will be a glimmer of hope left.

It is impossible to die completely.

Think of this.

Everyone was secretly on guard and quietly retreated behind Zhang Yuhe.

They are a little scared.

If it is true as Zhang Yuhe said.

The great power that created the river, heaven and earth is hidden inside the Gate of Creation.

Then it's hard to guess.

Does the other party have any malicious intentions?

What if the other party has ulterior motives and suddenly comes out of the Gate of Creation.

How to do that?

They don't have the confidence to stop it.

Facing unknown and powerful existence, everyone will inevitably feel fear.

After all, we are in each other's world.

It's not even possible to think about it or not.

See this situation.

Zhang Yuhe just smiled slightly and didn't pay much attention.

He was just guessing.

When the Gate of Creation first appeared.

Zhang Yuhe vaguely sensed that there was a weak aura hidden inside.

It should be the one who created the world.

It's just that so many years have passed.

The mighty one didn't make any move.

Presumably even if he is still alive, he may not have much strength left.

That being the case.

Section 1300

Then there is nothing to be afraid of.

not to mention.

Everyone just thinks of the worst.

Maybe they are overthinking it.

Maybe that powerful senior didn't have any malicious intent.

He has just been hiding in the Gate of Creation to recuperate.

Everyone stood silently, watching the Gate of Creation in the distance with vigilance.

Time passed slowly.

The golden light blooming from the Gate of Creation also began to become more and more intense.

Sudden.

A faint shadow slowly appeared on the Gate of Creation.

The figure's aura is weak.

But the vast power still makes people want to worship him.

Zhang Yuhe's eyes narrowed slightly.

He could feel it.

This figure is the same as myself, all three thousand avenues are perfect.

But compared to myself.

The opponent's level of cultivation is obviously several levels higher.

Therefore, even if his aura is weak, he can still exude a power that dominates the world.

"This should be the powerful senior who created the long river of chaos."

Think of this.

Zhang Yuhe bowed slightly and shouted respectfully.

"I'm Zhang Yuhe, paying my respects to senior."

"Greetings, senior."

Behind Zhang Yuhe, several other Dao Alliance Lords quickly followed suit and shouted respectfully.

The figure's aura slowly rose.

His eyes swept across everyone and finally landed on Zhang Yuhe.

After a long time.

He said with a sigh.

"After so many years, I didn't expect that someone in this world would actually reach the point of perfecting the great road."

"It looks like I might be saved."

The figure looked around.

Looking at the Dao Alliance Lords, they looked wary.

he said with a smile.

"You don't have to be too nervous."

"I have died many times, even if I am resurrected from the origin again."

"I guess my strength is not as good as yours."

Hear this.

Everyone looked at each other and couldn't help but let out a sigh of relief.

Yuan Zun looked at the illusory figure and asked respectfully.

"I don't know what you call it, senior. Is there another world beyond this long river?"

The illusory figure looked up into the sky, then smiled and said.

"I, Qingyangzi, came from the sage of the Shangqing Dynasty."

"As for whether you said there is another world beyond this long river."

"That's natural."

"Everything in the world, when traced to its origin, comes from Hongmeng."

"When you leave this world, there is the boundless Hongmeng Yuantian outside."

"Hongmeng has no beginning and no boundaries."

"No one knows when Hongmeng started, and no one knows where its boundaries are?"

"Even the omnipotent saint has never reached the end of Hongmeng."

"The vast Hongmeng has nurtured countless civilizations."

"There are thirty-three holy lands there, a demon world, a ghost realm, and an abyss that even saints can't cross."

"Hongmeng Avenue is everywhere."

"The monk is in Hongmeng and is bathed in the aura of the avenue all the time."

"It will be much easier to practice."

Speaking of which.

Qingyangzi paused for a while.

He looked towards the land of Guixu in the distance, and then said with emotion.

"The world in front of me is what I call Qingyang Realm."

"Due to my lack of strength back then, the evolution of Qingyang Realm was not perfect enough."

"In such a world, you can all cultivate to the supreme state."

"It's beyond my expectation."

"As for this little friend Zhang, that's even more remarkable."

"It's surprising that in such an acquired world, one can achieve the perfection of the Great Way."

"It's really surprising."

"If you can get out of this world and enter Hongmeng Yuantian."

"I believe it, with your talent."

"It is impossible to become a saint, but it is entirely possible to reach the semi-saint realm in the future."

Listen to Qingyangzi's narration.

Everyone couldn't help but be overjoyed.

Yuan Zun asked excitedly.

"Senior, can we go out?"

"Leave this world and go to Hongmeng Yuantian?"

...

Chapter 906 The Realm Above the Supreme

Listen to Qingyangzi's narration.

Everyone immediately became excited and excited.

Beyond the long river of chaos, there is indeed another world.

According to Qingyangzi.

The Hongmeng Yuantian beyond the long river seems to be endless, and the aura of the avenue is very thick.

Countless civilizations have been nurtured there.

It is the best holy place for spiritual practice.

Since cultivating to the Supreme Realm, they have been trapped in the river of chaos for countless years.

Everyone has long been bored.

If there is a broader world, there is an opportunity to pursue a higher realm.

Who wouldn't want to go out?

Why are you staying here in this chaotic river?

Moreover.

As Qingyangzi appeared.

This has clearly shown that there is a Lord for this heaven and earth.

It's okay for them to stay in other people's territory for a long time.

What if Qingyangzi fully recovers one day?

Maybe we can wipe them all out easily.

After everyone has cultivated to the Supreme Realm, they have already become mature with age.

I still understand this.

In short, it's just one sentence.

Just leave if you can.

If you can leave early, leave early.

As long as we can escape from the long river of chaos.
