

## Top talent 1331

Section 1331

"in my opinion."

"A peerless figure like the Holy Lord of the Galaxy can even be placed in Hongmeng Yuantian."

"I guess he is also a rare genius in the world."

Hear this.

Everyone nodded silently.

Lord Void smiled and said.

"We can no longer call him the Holy Lord of the Galaxy."

"It probably won't take long."

"We have to change our name to Lord of the Galaxy."

"That's right, you have to call him Lord of the Galaxy."

...

Chapter 927: Give other people more opportunities.

As time slowly passed, the vast spiritual energy craze became more and more violent.

The aura exuding from Zhang Yuhe's body gradually became stronger and stronger.

Boom...

Sudden.

A silent roar shook the world.

follow closely.

The aura on Zhang Yuhe's body began to sublimate rapidly.

The endless power of the great avenue is centered on the Wan Yuan Gui Formation.

Quickly sweep across the entire chaotic river.

At this time, all the monks in the river seemed to have a clear understanding in their hearts.

This world was born again, a supreme being.

The Supreme is the limit of the long river of chaos.

It is also the ultimate goal of countless monks.

Once you reach the supreme realm, you will have to transcend the long river of chaos.

if not.

There is no way forward.

Just like the nine lords of the Tao League.

Countless years have passed since they were promoted to the Supreme Realm.

But never heard of it.

They have taken even a small step on the road to the Supreme.

The Supreme is the end.

It is the end of this world.

This is the consensus that the monks have gradually formed through countless years of exploration.

And from the Hongmeng inheritance disclosed by Qingyangzi.

I think so too.

In an acquired world like the Chaos River.

The Supreme Realm is the final limit.

No matter how high your talent is, it is impossible to break through this limit.

But now Zhang Yuhe has reached this limit.

Sensing Zhang Yuhe's vast power on the high platform in the distance.

Yuan Zun and others finally breathed a sigh of relief.

Although they already knew

Zhang Yuhe's breakthrough should not cause any surprises.

But not before the final success.

No one dares to guarantee it.

Now I see the vast divine power on Zhang Yuhe.

Everyone understands.

Zhang Yuhe has already crossed the threshold that makes countless monks despair.

Entered the supreme realm.

Yuan Zun looked around at everyone, smiled and said.

"It's finally done."

"Fellow Daoist Galaxy has succeeded in breaking through. We will be sure to break out of the abyss of destruction in the future."

The Yin Yang Lord next to him echoed.

"yes."

"With the divine power of fellow Daoist Galaxy, even if you can't kill all those destroying monsters."

"At least I can lead everyone to fight out of the abyss."

"With him as the Optimizing Pillar, we finally have enough confidence."

After hearing the words of Lord Yin Yang, everyone nodded silently.

Although long before.

No one ever said anything discouraging.

But in their hearts, they actually know it very well.

Once the door of creation is opened, it will be a shocking battle.

Life and death are unpredictable.

After all, Lian Qingyangzi, a powerful person in the Yin and Yang realm, was in his prime.

They are unable to escape safely from the abyss of destruction.

And these people are still in the Supreme Realm.

Compared with Qingyangzi at his peak, his strength is much weaker.

The certainty of being able to successfully break out of the abyss of destruction is really not very high.

Otherwise.

They will not announce to the world and summon the eternal emperors of the entire Chaos River to act together.

But it's fine now.

Now Zhang Yuhe has successfully broken through to the Supreme Realm.

According to their speculation.

After the breakthrough, Zhang Yuhe was at least as strong as Qingyangzi at his peak.

Maybe even stronger.

Everyone is thinking.

With Zhang Yuhe as the pillar standing in front, plus them and Chaos River, there are hundreds of millions of eternal emperors.

The strength is far from comparable to that of Qingyangzi alone.

Their overall strength is definitely much stronger.

...

Some time passed.

Zhang Yuhe stood up slowly.

He clenched his fist gently and waved it a few times.

Boom...

He saw several big holes blasted out of the originally stable void in an instant.

To know.

The void of the Chaos River is far from comparable to the ordinary cosmic world.

The void here is extremely stable.

Unless you master the rules of Void Avenue.

Otherwise.

Even a few Dao Alliance Supremes would be hard-pressed to sway the slightest bit.

But he just waved a few punches lightly and did not activate the power of the rules.

It easily penetrates the void.

See this situation.

Zhang Yuhe nodded with satisfaction.

Feel the vast power around you.

He muttered to himself.

Section 1332

"Is this the power of the Supreme Realm?"

"It's really strong."

"It will be at least four to five times stronger than when there was no breakthrough."

Think of this.

A faint smile couldn't help but appear on his face.

Zhang Yuhe felt that his strength might have surpassed the Supreme Realm.

The carrying limit of the Chaos River has been exceeded.

As long as he wants.

It can even destroy the entire Chaos River.

Destroying heaven and earth is no longer a myth.

...

Seeing Zhang Yuhe gradually calm down, Yuan Zun and others immediately flew forward.

Everyone smiled and congratulated.

"Congratulations to Fellow Daoist Galaxy, for breaking the shackles of heaven and earth and becoming the supreme being."

"From now on, there is nothing to worry about in heaven or on earth."

Zhang Yuhe bowed his hands towards everyone, then responded with a smile.

"Several seniors are too polite."

"I've only made a small breakthrough, but I'm still far from being able to achieve the ultimate goal."

Hear this.

Everyone nodded slightly.

Indeed.

What everyone just said was just polite words.

The road is boundless.

This is not just talk.

To say that there is no scruple is of course impossible.

Above the Supreme there is the realm of Yin and Yang, as well as the ethereal and supreme saints.

Everyone's eyes are not just on the Chaos River.

But beyond the long river, the vast and endless Hongmeng Yuantian.

over there.

They still need to continue to fight for life in pursuit of the road.

With Zhang Yuhe's breakthrough completed.

The spiritual tide calmed down, and the world returned to peace.

...

The world of the early Yuan Dynasty, the lake in the sky.

Zhang Yuhe and a group of Dao Alliance Lords came to sit on the pavilion in the middle of the lake.

Yuan Zun took out Chaos Spirit Tea again and poured it for everyone one by one.

The fragrance of tea is wafting, intoxicating.

Wait until the spiritual tea is finished.

Yuan Zun put down the tea cup.

He pondered for a moment, then slowly asked.

"Now fellow Daoist Galaxy, the breakthrough has been successful."

"And we are all about the same, and have completed the modification of the technique."

"It can be said."

"Now is our Chaos River, its most powerful state."

"Even if we continue to wait, we probably won't see much improvement."

"I'm thinking."

"Should we inform Senior Qingyangzi to advance the plan?"

"Open the door of creation now and kill directly."

Hear this.

Everyone looked silent, and no one responded.

Although everyone wants to escape from the Destruction Abyss as soon as possible and enter the legendary Hongmeng Yuantian.

It's just that if the plan is brought forward, everyone will not be able to make a decision for a while.

Everyone turned their attention to Zhang Yuhe beside them.

In everyone's opinion.

Now Zhang Yuhe is their backbone.

As long as Zhang Yuhe speaks.

Just do it.

Facing everyone's expectant eyes, Zhang Yuhe pondered for a long time.

Then he spoke slowly.

"Let's stick to the original plan and wait until the end of this era."

"This is not only to give us more time to prepare."

"the most important is."

"We should also give other people more opportunities."

Hearing Zhang Yuhe's words.

Everyone suddenly woke up.

Yuan Zun said with a sigh.

"Fellow Taoist Galaxy is right."

"I didn't think well just now."

"Now throughout the Chaos River, there are countless God King monks who are working hard to impact the eternity of Hedao."

"If we move the plan forward, they won't be able to catch up."

"For these people, that's just cruel."

"Let's prepare as planned."

"We will try our best to bring more people out then."

"Beyond the long river of chaos is not only our dream."

"It is also the dream of other monks."

...

Chapter 928 Another secluded creek path

Zhang Yuhe didn't want to advance his plan, except for the sake of the God King monks who were working hard to join the Tao.

Leave more time aside.

In fact, he had other ideas.

Zhang Yuhe wanted to give it a try.

Let's see if we can improve our strength a little more.

even though.

In the long river of chaos, the monks cultivate to the supreme state, which is the end.

No matter how hard you try, you can't break through to the second level of supreme or higher.

no way.

As the world opened up by Qingyangzi the day after tomorrow, the limit of the long river of chaos is clearly there.

No matter how talented you are, you can't break this limit.

despite this.

Zhang Yuhe still wants to give it a try.

Because he is different from others.

He has long mastered the three thousand avenues and evolved a perfect world.

If it weren't for the divine power in the chaotic river when they first joined forces, it would not have been enough.

Perhaps the world he evolved would be even more vast and perfect than the Chaos River.

In Zhang Yuhe's view.

Although the world of his own evolution is now much smaller than the Chaos River.

But everything that should be there is there, and the rules are clearer.

Spiritual energy grows in heaven and earth, and Taoism arises by itself.

Zhang Yuhe thought.

Section 1333

If he stays in his own world, is that equivalent to a different kind of detachment?

No longer restricted by the rules of the Chaos River.

In the world he created, he should be able to continue practicing.

Just like Qingyangzi before.

Could it be that Qingyangzi is still unable to cultivate in the long river of chaos?

This is certainly illogical.

Therefore.

When Yuan Zun proposed that he wanted to advance the plan.

Zhang Yuhe quickly objected.

The current situation is not very urgent.

Why are they moving their plans forward?

Leave a little more time so that everyone can be more prepared.

Wouldn't that be better?

Although Zhang Yuhe thinks.

After being promoted to the Supreme Realm.

With his current strength.

Not to mention sweeping across the abyss of destruction.

At least he could fight his way out of the abyss safely.

This confidence.

Zhang Yuhe still exists.

despite this.

He still hopes, if possible.

Try to improve your strength as much as possible.

After all, in addition to Destruction Jueyuan, there is also Hongmeng Yuantian.

There are saints in Hongmeng Yuantian.

Although Zhang Yuhe doesn't know.

How powerful is a true saint?

But from Qingyangzi's few words.

Zhang Yuhe could clearly feel Qingyangzi's reverence and fear for the saint.

Qingyangzi described the saint's strength as omnipotent.

This made Zhang Yuhe a little worried.

What if they just happened to encounter the Saint appearing when they came out of the Abyss of Destruction?

What to do?

Zhang Yuhe is not unfounded.

Because the Scripture of Chaos Gods and Demons he learned has some extraordinary origins.

There is no guarantee that he will not be targeted by those saints in Hongmeng.

Moreover, Qingyangzi was a disciple of the Sage Shangqing.

He has been missing for so many years.

I must have been looking for the Shangqing Holy Land.

Qingyangzi originally tracked down Hongmeng's innate energy.

Does the Shangqing Holy Land already know about it?

for these things.

Zhang Yuhe was not sure.

But he has been practicing to this day.

I always overestimate the risk.

He never thought that just because he was invincible in the river of chaos, he could be arrogant and arrogant.

It's still very early.

He can ignore the Yin Yang monks.

But what about Hongmeng Saint.

Zhang Yuhe didn't think that he could beat the saint now.

Not to mention beating a saint.

With his current strength, he probably wouldn't even be able to escape from the hands of a saint.

This is not okay.

This makes him very insecure.

The best way is to improve your strength as much as possible.

If you can cultivate to the ninth level of supreme.

Then Zhang Yuhe would be confident that he could compete with those legendary Hongmeng saints.

It is precisely because of this.

He would directly reject Yuan Zun's proposal without any hesitation.

He planned to find another way and try to practice in his own world for a while.

What's the rush?

Let's cultivate to the peak of the Supreme Realm first.

...

Everyone in the pavilion carefully discussed the follow-up preparations and plans.

Then they dispersed.

As for specific matters, of course there is no need for big guys like them to do it.

There are countless Dao League disciples.

There are more than 30 million Eternal Emperors alone.

They just need to plan and give orders.

The subsequent specific work will naturally be handled by those Dao Alliance disciples.

There is a no-man's land somewhere in the Dao League's headquarters.

Zhang Yuhe stood quietly in the void.

I saw him making a stroke with his right hand.

A huge vortex of particles began to slowly appear in the void.

Zhang Yuhe looked around, then suddenly flew up and fell into the vortex channel.

Downstream of the Chaos River, the place of return to emptiness.

A group of huge chaotic creatures were wandering around aimlessly.

Just at this time.

A dark passage suddenly appeared in the void.

follow closely.

A delicate figure shuttled out of the passage.

The figure's aura was restrained, as if he couldn't feel any cultivation.

Roar.....

I saw a monk intruding into my territory.

Hundreds of huge chaotic creatures let out earth-shattering roars at the same time.

Then he ran towards the figure in the distance.

See this situation.

Zhang Yuhe looked calm, with no trace of worry on his face.

He muttered to himself.

"I was just thinking about where to go to find some chaotic creatures to kill."

"I didn't even think about it and it was delivered to my door."

Chaos creatures are powerful.

Each one is equivalent to the invincible supreme being integrated into the universe.

In fact, it is even more powerful.

However.

Facing hundreds of chaotic creatures rushing toward them, Zhang Yuhe didn't worry at all.

Just chaotic creatures.

When he was still in the God King Realm, he could easily sweep across a large area.

Not to mention.

Now that he has broken through to the Supreme Realm, his strength has long been unknown, how many times stronger than before.

Section 1334

How could he be afraid?

In Zhang Yuhe's view.

The group of chaotic creatures in front of me are just here to deliver food.

He was still thinking about it.

Where can he find some Chaos Beast creatures to kill so that he can upgrade all his divine swords?

Isn't it just right now?

There was no need for him to look for it anymore.

This is all delivered to your door automatically.

Looking at the chaotic creatures running wildly in the distance.

Zhang Yuhe's expression moved slightly.

A vast divine power suddenly rose up in his body.

The divine power of the rules shrouded all directions, quickly passing by the chaotic creatures running wildly in the distance.

Boom...

In an instant.

Those Chaos Beasts that seemed to be powerful and invincible fell in large swaths like this.

Zhang Yuhe did not sacrifice his natal divine sword, nor did he activate any magical powers.

He only showed a little bit of the power of the rules.

He easily swept away a group of powerful chaotic creatures.

Invincible.

This is true invincibility.

In this world of Chaos River.

Zhang Yuhe has achieved true invincibility.

Even if Qingyangzi returns to his prime, he will never be able to stop him from casually attacking him.

As for the group of chaotic creatures in front of us, it was a no-brainer.

It can be swept easily.

...

Chapter 929 The Ninth Level of the Supreme

Looking at the corpses of chaotic creatures on the ground, Zhang Yuhe looked indifferent.

In terms of strength.

In the long river of chaos.

Except for the nine lords of the Tao Alliance.

Chaos creatures are definitely considered second-tier existences.

Even those invincible supreme beings who are integrated into the universe are basically no match for chaotic creatures.

To know.

Back then, Lu Minghao and others were hunting chaotic creatures.

Many operations had been organized, but the final result was that the two invincible supreme dharma bodies fell.

And they didn't even hurt a single hair of the chaotic creatures.

It can be seen from this.

The strength of chaotic creatures must be so powerful.

However.

These powerful chaotic creatures can't even stop Zhang Yuhe from showing off a trace of his divine power at will.

You can see it from here.

After breaking through to the Supreme Realm.

How strong must Zhang Yuhe be now?

It is simply an inhuman existence.

Zhang Yuhe stands in the void.

I saw him wave his hand casually.

Collect the corpses of chaotic creatures on the ground.

He had just broken through to the Supreme Realm and was about to be promoted to the Nine Heavens Hunyuan Sword.

Originally he had planned.

Where can I find some chaotic creatures to kill?

After all, in this Fang Changhe world, there are only corpses of chaotic creatures that can be used to refine supreme artifacts.

it's good now.

There was no need for him to go looking for it.

As soon as he teleported to the Land of Return to the Void, he encountered a large group of chaotic creatures.

have to say.

There are indeed many chaotic creatures here in Guixu Land.

No wonder Yuan Zun and others never sat in the Dao League before.

Instead, he has been exploring the land of Guixu.

Because this is also a treasure land.

For them monks.

Chaos creatures are full of treasures.

...

After putting away the corpses of the chaotic creatures, Zhang Yuhe looked into the distance.

After observing carefully for a while, he muttered to himself.

"Just here."

"The scope of Guixu Land is large enough, and it should be able to fully expand the Milky Way Sky."

Zhang Yuhe came to the land of Guixu and killed the chaotic creatures just casually.

His main purpose was to find a place that was open enough.

Release the Galaxy Heaven you created.

After all, he still plans to try to enter the Galaxy Heaven to practice.

Elsewhere in the Chaos River, less empty locations can be found.

Enough for the Milky Way to fully unfold.

Zhang Yuhe thought carefully for a while, then waved his right hand.

A vast world slowly appeared before our eyes.

The Milky Way sky expanded rapidly, and soon covered less than half of Guixu Land.

"Try it. I hope you can continue to practice and improve in your own world."

When the Milky Way sky unfolds.

Zhang Yuhe did not hesitate any longer.

He took one step forward and quickly plunged into the vast world.

The center of the Milky Way sky.

A towering tree takes root in the void, and its boundless crown seems like a huge continent, standing between heaven and earth.

The vast Dao Yun aura around him continues to gather and rise in the Dao Enlightenment Tree.

This makes the center of the entire world look like a realm of immortals.

Sudden.

The tall enlightenment tree began to shake violently, and then quickly turned into a beautiful silhouette.

Sensing Zhang Yuhe entering the world.

Wu Yiyi quickly transformed into a human form and looked at the handsome young man who appeared next to her.

She stepped forward quickly and asked in a soft voice.

"You came."

"Um."

Zhang Yuhe held Wu Yiyi's delicate hand and responded softly.

The two of them stood side by side in the void, graceful like a couple of gods and immortals.

After a while.

Zhang Yuhe looked at Wu Yiyi and asked in a gentle voice.

"How are you lately? Have you made any progress in understanding the rules of the avenue?"

Hear this.

Wu Yiyi's face quickly fell.

She responded gloomily.

Section 1335

"I'm so stupid."

"Over the years, in addition to understanding a few ordinary Dao rules."

"But I have no clue about those nine supreme rules."

"I don't even know where to start."

Zhang Yuhe said with a smile.

"Don't be anxious, take your time."

"If it really doesn't work, wait until you get to Hongmeng Yuantian and continue to understand the rules of the great road."

"Try to understand a supreme rule first, and then start to combine it."

"Um."

Wu Yiyi nodded gently.

Now she is no longer the ignorant girl she was before.

Wu Yiyi already has a comprehensive understanding of the common sense of cultivation.

Let's talk about normal.

If you want to successfully break through to the supreme realm in the future, it is best to do it before joining the path.

Just master a supreme rule first.

That way, when you break through to the Supreme Realm in the future, there will be fewer obstacles.

Just like the nine lords of the Dao League.

They all mastered the supreme rules before joining the Tao.

That's why we can break the shackles of heaven and earth and successfully advance to the supreme realm.

Of course.

This is not to say.

Without mastering the supreme rules, you will not be able to break through to the supreme realm in the future.

In Hongmeng Yuantian, there are many ways for the Eternal Emperor to break through to the Supreme Realm.

It's just that each of those methods is extremely difficult to implement.

Relatively speaking.

Before joining the Tao, be the first to understand a supreme rule.

On the contrary, it is the simplest way.

It is precisely because of this.

Even though Wu Yiyi had already broken through the eternal bottleneck, Zhang Yuhe suggested that she stop joining the Tao first.

There's no rush anyway.

...

Time passes slowly.

Another forty trillion years have passed.

In the center of the Milky Way sky.

A vast lake floats quietly in the void.

As the breeze blows, the blue waves of the lake ripple.

In the middle of the lake.

It is located in a wide pavilion.

Zhang Yuhe sat cross-legged in the middle of the pavilion, surrounded by divine power and mist.

Not far from him.

Wu Yiyi sat next to the stone table, holding her chin with her right hand.

He stared blankly in a daze.

At this time, Zhang Yuhe's aura was already at the ninth level of the Supreme Realm.

The limits of the Chaos River have long been broken by him.

To be precise.

He should not be considered dead now, he is in the river of chaos.

Zhang Yuhe relied on the power of his own world to continue to improve his cultivation.

The reason why the other nine Dao Alliance Supremes have been unable to continue to improve their cultivation.

That's because they don't understand the rules of the great road enough.

The world that has evolved is far from perfect.

Not even yet, free from the shackles of the long river of chaos.

The rules of Tao Yun in their world are not enough to support the cultivation of the Supreme Realm.

But Zhang Yuhe is different.

Zhang Yuhe evolved the most perfect world based on the three thousand avenues.

The rhythm of the Tao in heaven and earth arises by itself, and it has already transcended the long river of chaos.

It can be regarded as an independent world.

It can attract those higher levels of spiritual energy into the world.

It is precisely because of this.

He was able to continue to practice in his own world, and he also improved to his current state.

...

Chapter 930 The teleportation array leading directly to the gate of creation

Trillions of years passed.

Zhang Yuhe restrained his breath and slowly stood up.

Looking at the lake, mountains and rippling blue waves in the distance.

He muttered to himself.

"I have been practicing hard for hundreds of millions of years, just to ask the way of heaven."

"The day is finally coming."

Although it is still a little short of the peak of the Supreme Realm.

But Zhang Yuhe had to stop the process of cultivation.

Because the destruction of this era is coming soon.

He also needs to make some preparations.

Seeing Zhang Yuhe wake up from practice, Wu Yiyi jumped up happily.

She walked quickly to Zhang Yuhe and asked excitedly.

"Are we going out?"

"Um."

Zhang Yuhe responded with emotion.

"It's time to get ready to go out."

"Prepare to leave the Chaos River and head to Hongmeng Yuantian, the source of the avenue."

"I don't know what Hongmeng Qingyangzi is talking about."

"It shouldn't disappoint me."

Zhang Yuhe gently held Wu Yiyi's delicate hand, and then continued to smile.

"Let's go, let's go meet some Dao Alliance Lords first."

"Um."

Wu Yiyi nodded obediently.

The two stepped out gently and appeared outside the Milky Way sky in an instant.

Zhang Yuhe stood quietly in the place where he returned to the void, and couldn't help but look slightly stunned.

He could clearly sense that the Chaos River at this time had some unusual aura.

The aura is violent and restless, as if it wants to destroy everything in the world.

Zhang Yuhe thought for a long time, and then said to himself with emotion.

"Is this the aura of destruction? It is indeed something special."

"Now it seems that Qingyangzi was indeed right."

"The sealing ability of the Gate of Creation has become weaker and weaker."

"The destruction of the era has not yet come, but the aura of destruction has already filled the entire river of chaos."

"Even the Guixu Land downstream can clearly feel the erosion of the aura of destruction."

"It seems that the Gate of Fortune can't hold out for much longer."

"In that case, let's just kill our way out."

Thinking of this.

Zhang Yuhe stretched out his hand and retracted the Milky Way Sky that spanned the Land of Return to Void.

Then he made a stroke with his right hand.

Section 1336

A huge vortex channel slowly appeared in the void.

"Let's go."

Zhang Yuhe took Wu Yiyi's right hand, and the two of them quickly stepped into the vortex channel and disappeared in an instant.

On the scene, there was only an endless Guixu.

...

The Yuanchu World.

The Dao Alliance Lords gathered together again.

Zhang Yuhe sensed it slightly.

After tens of trillions of years of cultivation, and they all turned to practice Hongmeng inheritance.

Although the cultivation of the Dao Alliance Lords did not improve, the aura on their bodies has increased significantly.

This made him a little surprised.

It seems.

Everyone is not idle.

But relatively speaking.

The others looked at Zhang Yuhe next to them, and they were even more surprised and speechless.

Because now, they can't accurately sense Zhang Yuhe's cultivation level from the aura.

How is this possible?

Everyone is at the first level of the Supreme Realm.

No Dao Alliance can't sense it.

Could it be that Zhang Yuhe has made new improvements in recent years?

This is impossible.

In the Chaos River, the Supreme Realm is the limit.

No matter how hard they try, they can't take even a small step further.

Everyone looked puzzled, but no one asked.

Because everyone understood.

Everyone has their own secrets.

Maybe Zhang Yuhe really found a way to continue to improve his cultivation in a different way.

But this is not something they can ask conveniently.

After everyone sat down in the pavilion in the middle of the lake.

Yuan Zun said with a smile.

"Now that fellow Taoist Yinhe has come out of retreat, we can really start preparing."

"Everyone, tell us where to start first."

Yin Yang Zun responded.

"First, issue a notice to let all the cultivators above the Eternal Realm who are willing to go with you in the Chaos River immediately start to gather at the Dao Alliance."

"Now it's getting closer and closer to the end of the era."

"And the Chaos River is so vast, if we don't gather soon."

"I'm afraid it will be too late."

Hearing what Void Zun said, Yuan Zun nodded gently.

He pondered for a moment, then slowly spoke.

"There is still an endless distance from the Dao League headquarters to the Gate of Fortune."

"In the entire Chaos River, there are probably hundreds of millions of cultivators above the Eternal Realm."

"And I believe that most of these people are willing to go with us."

"But here comes the problem."

"It is definitely not easy to get so many people to the Gate of Fortune at the same time."

"Even if we use the teleportation array in the middle and teleport forward alternately."

"That can only be teleported to the edge of the Return to Void Land."

"After entering the Return to Void Land, there will be no teleportation array available."

Hearing what Master Yuan said, everyone looked at each other in surprise.

The plan has not yet started, and it is facing such a huge problem.

How can this be done.

Are we going to let hundreds of millions of cultivators fly over like this?

This is obviously unrealistic.

This is not a few hundred or a few thousand people.

If hundreds of millions of people act at the same time and are not coordinated well.

I am afraid there will be a big mess.

And there is no time.

By the time these people fly over, the era of destruction may have already arrived.

Just as everyone was scratching their heads.

Zhang Yuhe said lightly.

"This is not difficult."

"As long as we can set up a teleportation array that leads directly to the Gate of Fortune."

"Let the Eternal Army that has gathered here teleport directly over, then it will be fine, right?"

Hearing Zhang Yuhe's words, everyone was stunned at first.

Then they smiled bitterly.

Lord Void said helplessly.

"Fellow Daoist Galaxy, I'm afraid we can't do this."

"With my current strength, even with the help of Yin and Yang."

"The teleportation array set up can only cross several domains at most."

"And the Gate of Fortune is at least hundreds of millions of domains away from here."

"A teleportation array that spans such a long distance is simply not something we can arrange."

Zhang Yuhe waved his hand and said lightly.

"It doesn't matter, I'll do it."

"You help me collect materials, and I'll be responsible for arranging the teleportation array."

Hearing this.

Everyone was stunned.

Yin Yang Lord frowned and said.

"Fellow Daoist Yinhe, this is not a joke."

"The teleportation array wants to be teleported farther, and the distance is increased."

"The difficulty of its arrangement must be doubled."

"The Gate of Fortune is so far away from here, and it is difficult to arrange such a super teleportation array."

"Unless Senior Qing Yangzi takes action."

"Otherwise, it will not be so easy to do."

Zhang Yuhe looked around at everyone and responded lightly.

"Don't worry, I am sure."

"It is recorded in the inheritance left by Senior Qing Yangzi."

"In Hongmeng Yuantian, the teleportation arrays arranged by those holy places can even cross the endless territory, and the teleportation range is far beyond the Chaos River."

"Since they can arrange such a long-distance teleportation array, we can naturally do it too."

Seeing Zhang Yuhe so confident, everyone fell into silent contemplation.

Zhang Yuhe was obviously not joking.

Maybe he really has confidence.

Thinking of this.

Yuan Zun slowly stood up and said solemnly.

"Let's do it."

"Daoyou Yinhe will be responsible for setting up the teleportation array, and we will help collect materials."

"Also, let all the monks above eternity who are willing to go with you gather at the Dao League immediately."

"Wait for Daoyou Yinhe to finish setting up the teleportation array."

"Everyone will teleport directly."

Section 1337

After everyone discussed and confirmed, they soon issued a joint announcement in the Dao League exchange area.

[The destruction of the era is coming, and the sealing ability of the Gate of Fortune will soon be invalid. ]

[According to the appointment of Senior Qingyangzi, the Dao League will go to the source of the Chaos River, which is the location of the Gate of Fortune, in 100,000 years. ]

[At that time, Senior Qingyangzi will completely open the Gate of Fortune and fight together to break out of the Chaos River and the vast Hongmeng Source Heaven. ]

[The Dao League now calls on the world, all Daoists who are willing to work together, as long as their cultivation reaches the Eternal Realm. ]

[Please be sure to rush to the Dao League headquarters within 100,000 years. ]

[The Galaxy Lord will set up a super teleportation array directly to the Gate of Fortune at the Dao League headquarters. ]

[At that time, everyone can go directly to the Gate of Fortune through the teleportation array. ]

[Daoists who are willing to transcend the Chaos River, please hurry up and deal with the affairs at hand. ]

[Once the agreed time comes, we will set off immediately. ]

【No time to wait. 】

...

When the news spread.

The entire Chaos River quickly began to move.

Countless Eternal Emperors and Invincible Supremes summoned their disciples and followers.

After settling the affairs of the sects, everyone did not hesitate.

They embarked on the journey to the Dao League without hesitation.

Because everyone understood.

This may be their only chance to transcend the Chaos River.

If they miss this opportunity, there will be no chance in the future.

So.

Even if the road ahead is difficult, they still have to face countless terrible destructive monsters.

They need to kill through the entire Destruction Absolute Abyss to have a chance to reach the real Hongmeng Source Heaven.

Maybe on the way forward.

Many of them may fall.

It may even fail in the end, and everyone will be destroyed in the hands of the Destruction Monster.

Despite this.

In the entire Chaos River, there are millions of Invincible Supremes and hundreds of millions of Eternal Emperors.

Everyone basically did not hesitate and embarked on an unknown journey.

The monk Zhan Tian asked.

They are not afraid of difficulties, but they are afraid of no way forward.

Now the Dao League has found the way forward.

Then what else do they have to consider?

Of course, they will charge forward.

Even if they die, they will not be afraid.

Whether it is the Eternal Emperor or those invincible supreme beings.

They have lived for endless years in the Chaos River.

To be honest.

Everyone has lived enough.

As long as the passage is opened, everyone can rush forward without hesitation.

As the saying goes, if you hear the truth in the morning, you can die in the past.

The road is ahead.

They have no reason to retreat.

...

In a corner of the Chaos River.

Three vast figures stood quietly in the void, silently.

After tens of trillions of years, the three invincible supreme beings, Bolin, Taihua, and Tianguang, gathered together again.

Back then, they were afraid of Zhang Yuhe's power and left their homeland with their own fused universe.

They once thought.

They would hide in a corner and never come out again.

Even if there is a big commotion in this chaotic river, they will not come out.

But now it is not possible.

Now the Dao League and Qing Yangzi are going to open an unprecedented road.

This road leads directly to the Hongmeng Source Heaven.

There are clearer rules of the Dao and a higher realm of cultivation.

There are powerful yin and yang and omnipotent saints.

Now the action is about to begin.

How can they sit still?

Are they just going to watch others walk on the bright road?

And can they only hide in the corner of the river and live a miserable life?

Will they become thugs kept by others here?

What's the point of living like that?

They also yearn for freedom and look forward to the bright road.

If this step is right.

Maybe one day in the future, they may be able to prove the Dao and become saints.

If that is the case.

Why should they be afraid of Zhang Yuhe?

It is precisely because of these thoughts that Bolin Supreme and the other two will gather together again.

The three of them were silent.

After a long time.

Supreme Bolin suddenly spoke.

"Do you think that the Galaxy Lord will let us go? Does he still remember the grudge we had?"

"If we go there now, will we just fall into his hands?"

"What if the Galaxy Lord sees us after the army gathers? Will he kill us directly?"

There was silence at the scene.

Supreme Taihua hesitated for a long time before speaking hesitantly.

"It shouldn't happen."

"After all, it's been so many years since the incident."

"And to be honest."

"We were the ones who suffered the loss, and the Galaxy Lord didn't suffer the loss."

"There's no need for him to hold a grudge until now."

At this time.

Supreme Tianguang also echoed.

"That's right."

"It's been so long, maybe the Galaxy Lord has forgotten it."

"As long as we don't take risks and blend into the large group."

"I'm sure the Galaxy Lord won't look for us on purpose."

"Besides."

"This is a joint operation between the Dao League and Senior Qingyangzi."

"As long as we hide in the large group, I'm sure the Galaxy Lord won't dare to act arbitrarily."

"Senior Qingyangzi is the legendary Yin-Yang realm master."

"How could he let the Galaxy Lord do whatever he wants?"

Hearing what Supreme Tianguang said, the eyes of Supremes Bolin and Taihua lit up.

Although on the surface, this operation has been presided over by several Supremes of the Dao League.

But in their opinion.

The Qingyangzi who has never appeared is the real leader.

After all, Qingyangzi is the Lord of Heaven and Earth, and a great man in the Yin-Yang Realm.

Even if he is seriously injured, he can't be just a bystander.

In the eyes of Supreme Bolin and the other two.

As invincible supremes, they are also the main force of this operation.

Section 1338

Qing Yangzi couldn't just watch them being beaten to death by Zhang Yuhe.

After weighing the pros and cons.

Supreme Bolin took a deep breath and shouted.

"Don't think about it anymore."

"We'll set off immediately."

"This is our last chance."

"Once we miss it, we will regret it."

"Okay, let's set off together."

Supreme Taihua and Tianguang also echoed loudly.

The three of them were excited, as if they had made some kind of decision.

At this moment.

A cold voice came faintly from the distant sky.

"You don't have to go anywhere."

"This vast chaotic river is your burial place."

Hearing the cold voice in the distance, the three of them were frightened and their faces turned pale.

The three of them looked up into the distance.

They saw a black vortex channel hanging in the void of the long river.

A beautiful figure slowly walked out of the channel.

When they saw the person clearly,

Bolin Supreme and the other two were completely paralyzed.

"Zhang Yuhe, why are you here?"

"Of course I'm here to send you off."

Zhang Yuhe looked at Bolin Supreme and the other two in the distance and responded indifferently.

...

Chapter 932 Zhang Yuhe, you can't kill me

Hearing Zhang Yuhe's cold voice, Bolin Supreme and the other two were completely panicked.

They originally thought that so many years had passed.

Maybe Zhang Yuhe had forgotten it long ago.

However, it seems now that they were obviously taking it for granted.

Back then, they tried to occupy the Chaos Sea by force, which was a revenge that destroyed the world.

Even if it ended in failure.

But this revenge.

How could Zhang Yuhe forget it?

Bolin Supreme resisted the urge to turn around and run.

Because he knew.

They couldn't outrun Zhang Yuhe.

In the entire Chaos River, any cultivator who was slightly informed knew it.

Zhang Yuhe mastered the three thousand great ways and moved freely in the void.

Even if they turned around and ran, where could they run to?

Fortunately, the three of them were invincible supreme beings, and had already merged into the Chaos Universe.

As long as the universe is not destroyed.

They will not die completely.

Zhang Yuhe can kill them once or twice.

He can't destroy their Chaos Universe together.

The Chaos Universe is protected by the origin.

In the long history, there has never been a precedent of the universe being destroyed by humans.

Thinking of this.

Supreme Bolin took a deep breath.

He looked up at Zhang Yuhe in the distance and said hatefully.

"Zhang Yuhe, you can't kill me."

"At worst, I will stay in the Chaos River."

"When you all leave, I can still roam freely in this Chaos River."

Seeing the stern look of Supreme Bolin.

Zhang Yuhe couldn't help but smile.

He asked lightly.

"Do you think you are invincible just because you have merged into the universe?"

"No one can do anything to you?"

Bolin Supreme was afraid, but still responded calmly.

"So what?"

"Can you destroy a chaotic universe?"

"Just try and you'll know."

Zhang Yuhe didn't waste words.

He just waved his right hand.

A ray of sword light flashed across the sky and earth.

Bolin Supreme and the other two didn't even have time to say a few more harsh words.

They were instantly drowned by the sword light and completely turned into ashes.

Zhang Yuhe stood with his hands behind his back, looking into the distance quietly.

Of course he knew.

Bolin Supreme and the other two were not dead.

The Invincible Supreme merged into the universe and could be resurrected infinitely by relying on the origin of the universe.

But what can he do?

Does the other party think that.

Can the pseudo-supreme who achieved this by taking shortcuts be truly immortal?

As long as the other party's chaotic universe is destroyed together.

See how they can be resurrected.

Zhang Yuhe stood quietly in the void.

A huge invisible wave instantly rose around him.

The invisible wave passed the place where Bolin Supreme and the other two fell, and then split into three strands, spreading quickly to the distance.

A moment later.

A faint smile appeared on Zhang Yuhe's face.

He murmured to himself.

"So you hid the Chaos Universe so far away."

"No wonder I haven't found it after so many years of searching."

"Now let's see where you can hide."

After locating the location of Bolin Supreme and the other three and the Chaos Universe.

Zhang Yuhe did not hesitate at all.

He only saw his right hand continuously passing through the void.

Three huge particle vortices slowly appeared in the void.

Immediately following.

Three vast sword lights quickly passed through the vortex channel and rushed to the endless distance.

Zhang Yuhe looked up at the sky.

He did not chase after them directly.

Let alone the small Chaos Universe.

If he really wanted to be ruthless.

Even a vast world like the Chaos River could be completely destroyed.

Bolin Supreme thought that he had already integrated the Great Dao into the chaotic universe, so no one could kill him?

It was simply ridiculous.

He was really a frog in the well, not knowing the vastness of the world.

After shooting out three sword lights.

Section 1339

Zhang Yuhe stood there without moving another step.

...

The center of Paulin's holy world.

A majestic sacred mountain towers into the clouds.

At the top of the sacred mountain, there is a strange lake.

Various ethereal Taoist auras are constantly rising and rising over the lake.

Just at this time.

An illusory figure slowly walked out of the lake.

Supreme Paulin's face was gloomy.

There is a lot of anger in my heart, but I don't know who to express it to.

He was still thinking about it.

In that war, the Galaxy Holy World took a big advantage.

And so many years have passed.

Zhang Yuhe should have forgotten it long ago.

Even Zhang Yuhe still remembers this.

You shouldn't pay any attention to it.

As long as you don't seek death, run to the opponent and jump around.

Zhang Yuhe may not even remember him.

However.

Now Pauline Supreme knows.

I was wrong.

And it couldn't be more wrong.

Zhang Yuhe still keeps a small notebook to remember what happened back then.

And remember it clearly.

So much so that he has just emerged.

Zhang Yuhe immediately came to the door.

Thinking of Zhang Yuhe's terrifying power.

Just randomly swaying a ray of sword light.

He easily wiped out the three of them.

Such a huge gap in strength.

Supreme Bolin Xie felt powerless just thinking about it.

He didn't even dare to think about revenge.

Because Zhang Yuhe is really too strong now.

It was so strong that he couldn't understand it at all and didn't even dare to think about it.

"Hey, I will stay in the Chaos River from now on."

"There is no need to think about transcending and entering Hongmeng Yuantian."

Pauline Supreme thought feebly.

As long as Zhang Yuhe is around, he can't go anywhere.

Even if he continues to pass now, it is nothing more than letting the other party kill him again.

Fortunately, he has already integrated into the chaotic universe and is an immortal existence.

No one can kill him completely.

As long as Zhang Yuhe leaves the Chaos River, he will be free.

Although not as good as detachment.

But that can be considered a kind of freedom.

Paulin Supreme comforted himself silently.

He slowly walked to the training platform next to the lake, preparing to resume his cultivation as soon as possible.

Sudden.

Paulin Supreme's pupils shrank slightly.

I saw a magnificent sword light, crossing many space barriers and appearing outside the holy world.

The sword light seemed to come from the nine heavens, heading straight towards the holy world.

See this situation.

Supreme Paulin was completely panicked.

He originally thought.

Since he was protected by the origin of the universe, Zhang Yuhe must have given up long ago.

But now it seems.

He was obviously wrong.

Zhang Yuhe did not give up, and actually went straight to kill him outside the universe.

When he saw the sword light coming.

Supreme Paulin was really anxious.

Because the vast and magnificent sword light was so powerful and terrifying.

It was so terrifying that he lost faith in the origin of the universe.

"Block it, you must block it for me."

Supreme Bolin roared.

He quickly gathered the origin of the universe and frantically faced the sword light that was coming straight at him.

I hope to rely on the profound origin of the universe to resist the world-destroying sword light.

However.

All the efforts of Pauline Supreme are destined to be in vain.

I saw the sword light quickly splitting the membrane of the universe and hitting the core of the holy world.

Boom...

A huge vibration spread throughout the void.

The originally vast Bolin Holy World instantly lit up this remote world like a lit firework.

at the same time.

In the distant sky, two loud noises were heard one after another.

Three dazzling fireworks illuminated all directions, as if celebrating the end of an era.

It seems to herald the beginning of a new era.

"it's over."

Zhang Yuhe stands in the void.

Sensing the destruction of the three holy realms in the distance, he silently muttered to himself.

...

Chapter 933 As long as I am here, there will be no danger

"It's finally over."

Look at the dazzling fireworks in the distance.

Zhang Yuhe sighed softly.

Naturally, he has never forgotten the hatred that destroyed the world back then.

Although in the end Pauline Supreme did not succeed.

But this big feud.

Zhang Yuhe still remembers it in his heart.

Paulin Supreme did not succeed that year, not because the other party was kind-hearted.

But because I am strong enough.

In Zhang Yuhe's view.

As long as you have evil thoughts towards yourself and the people around you.

Then they all deserve to die.

The reason why the three of Paulin Supreme are alive today.

That's because they're secretive.

In fact.

Since the eternity of Hedao.

Zhang Yuhe has been there, inquiring about the whereabouts of the three supreme beings.

I just haven't found it yet.

Now the era is approaching, and the door of creation is about to open.

Section 1340

Zhang Yuhe expected it.

The three Supreme Bolins will definitely not miss this opportunity.

The other party will definitely show up this time.

That's exactly what it is.

Zhang Yuhe announced the reward mission in the discussion area early.

At the cost of three supreme artifacts, he offered a reward for the whereabouts of the three supreme Bolin people.

Not true.

When Zhang Yuhe had just completed the arrangement of the teleportation array.

I received a summons from the Dao League.

Someone discovered the traces of Supreme Bolin and roughly calibrated the other party's position.

In order to prevent the three of Paulin Supreme from escaping.

Zhang Yuhe didn't dare to delay for a moment and teleported over directly.

They just blocked the three people of Paulin Supreme.

Watching the fireworks rising in the distance.

Zhang Yuhe remained silent.

After a while.

He just muttered to himself.

"Now that the grudges are over, there is nothing left in this chaotic river worthy of my nostalgia."

Think of this.

Zhang Yuhe made a stroke with his right hand.

A huge vortex channel slowly appeared in the void.

Zhang Yuhe took one step forward and quickly disappeared from the scene.

...

The Holy World of the Milky Way, the Heavenly Pass that controls the world.

At this time, there was silence in Tianguan.

There was no one in the originally bustling Tianguan.

It seems as if this magnificent Tianguan has been abandoned.

In the void outside Tianguan.

The Master of the Desert Academy and other Eternal Emperors stood quietly in the sky above Tianguan.

They did not rush to the Dao Alliance station like other Eternal Emperors.

And waiting quietly outside Tianguan.

As early as tens of thousands of years ago.

They received a notice from Zhang Yuhe.

Inform all the monks in the Holy World.

If you want to follow us and escape from the long river of chaos.

It is necessary to return to the Holy Realm as soon as possible within the specified time.

The appointed day has now arrived.

The monks in the holy world told each other.

Those God King monks traveling in the Changhe River also quickly returned to the Holy World with the help of the Dao Alliance's teleportation array.

Only the Master of the Desert Academy and other eternal emperors are waiting for the arrival of the Holy World outside Tianguan.

Everyone was talking quietly while looking into the void.

"You said that the Holy Lord asked everyone to return because he wanted to bring the entire Holy World's monks to transcendence together?"

"probably."

"But the Holy World is vast and endless, and there are so many monks in the entire Holy World."

"What can the Holy Master do to take everyone away?"

"It's impossible to pack up the entire Galaxy Holy Realm and take it away together."

"Why do you think so much?"

"The Holy Lord is unparalleled in power, and his methods are beyond our imagination."

"Even if he moves the entire Galaxy Holy Realm away, I won't be surprised at all."

"Right."

"Indeed."

While everyone was discussing in low voices.

Suddenly, a huge vortex channel slowly appeared in the void.

soon.

A delicate figure stepped out of the passage.

See this situation.

Everyone shouted excitedly in unison.

"Meet the Holy Lord."

Zhang Yuhe looked around at everyone and nodded gently.

He asked calmly.

"Everything is ready."

The Master of the Desert Academy immediately bowed and responded.

"Reply to the Holy Lord."

"We have already informed all parties."

"After counting and verification, all the God King monks have returned to the Holy Realm."

"No one is left out."

Zhang Yuhe nodded lightly.

As long as all the God King monks come back.

As for the monks under the God King, he didn't have to worry.

Because the monks under the God King cannot leave the holy world at all.

Naturally, they all stay in the holy world.

Zhang Yuhe looked at the vast Milky Way Holy World in the distance.

After a while.

He spoke slowly.

"You must all know."

"Now the gate of heaven is about to open, and the road to heaven is right in front of us."

"This is the last chance to transcend, I hope you don't miss it."

"Yes, Holy Lord."

Everyone excited Subaru to respond.

Just at this time.

An Tianzuo suddenly asked in a low voice.

"Holy Lord, will this operation be dangerous?"

"I heard that those destructive monsters in the Jue Abyss cannot even be stopped by Yin-Yang realm masters like Senior Qingyangzi."

"Been killed countless times by the Destruction Beast, even until his origin was injured."

"Would it be too risky for us to go all-in now?"

Hear this.

Zhang Yuhe smiled lightly.

"Don't worry, just go ahead."

"As long as I'm here, there won't be any danger."

Zhang Yuhe's voice was not loud, but his heroic words contained infinite confidence.

It's like this world.

Nothing can stop him.

Hear this.

Everyone couldn't help but get excited.

Originally everyone was still thinking about it.

This time, entering the abyss of destruction may lead to a narrow escape from death.

After all, even a powerful person like Qingyangzi in the Yin-Yang realm couldn't do anything to destroy the monster.

Even after being beaten to death countless times, he could not break out of the abyss of destruction.

And now in the long river of chaos.

Apart from Qingyangzi, only the nine lords of the Dao Alliance can be considered reliable in combat.
