Section 1351

Qing Yangzi couldn't help but frown.

He wanted to say something several times but stopped.

He wanted to remind Zhang Yuhe.

The destruction beasts in the Absolute Abyss can't be killed.

If they keep killing like this,

there might be a big mess.

Qing Yangzi doesn't believe it.

The thirty-three Hongmeng saints couldn't solve it at the beginning.

Zhang Yuhe can solve it.

This is impossible.

Boom...

At this moment.

A shocking roar came from the depths of the distant Absolute Abyss.

Everyone looked up.

They saw a terrifying nest suddenly hanging high in the sky.

Endless and terrifying aura of destruction continued to emanate from the nest.

"What is that?"

"Destruction Demon Nest?"

Seeing this situation, Qing Yangzi couldn't help but be shocked.

The reason why the war ended so hastily that year.

That's because.

The saints saw the Destruction Demon Nest, and then they couldn't do anything.

The Demon Nest seemed to absorb power, no matter how the saints attacked.

The demon nest was not damaged at all.

On the contrary, because of the attack of the saints, the destructive beasts bred in the demon nest became stronger and stronger.

Finally, they had no choice.

The saints had to order the troops to withdraw and put Jueyuan into the forbidden area.

Now the demon nest of destruction has appeared.

Doesn't that mean that a large number of golden destructive beasts will be born soon?

If that time really comes.

No matter how powerful Zhang Yuhe is, he probably can't stop it.

Thinking of this.

Qingyangzi shouted loudly.

"Fellow Daoist Yinhe, retreat quickly."

"The demon nest of destruction is invincible, and it can't be hit at all."

"The more you hit, the more destructive beasts there will be, and they are all golden destructive beasts."

"Oh, is that so?"

Zhang Yuhe stood with his hands behind his back, looking at the terrifying demon nest in the sky.

He didn't believe that anything would be invincible.

The so-called invincibility.

It's just that the attack power is not enough.

As long as the attack is strong enough.

The world can be destroyed.

What else can be immortal?

"I want to see if this Destruction Demon Nest is really invincible."

Thinking of this.

Zhang Yuhe's expression moved slightly.

The nine clones returned instantly.

The original body and the clones stood in the void, facing the terrifying Demon Nest in the distance.

Suddenly.

The aura of Zhang Yuhe's original body and clones began to rise rapidly.

The seventh, eighth, and ninth levels of the Yin-Yang Realm.

The original body and the clones activated the Hunyuan Guiyi magical power at the same time.

The terrible might covered the sky and the sun.

Even the destructive aura of the Demon Nest in the distance seemed to be suppressed by something.

From the Chaos River to the Destruction Abyss.

Zhang Yuhe has been fighting for a long time.

But he has not activated the Hunyuan Guiyi magical power.

Neither the original body nor the clones.

Because there is no need.

Those Destruction Monsters are not as strong as imagined.

Without an explosion, he can easily kill them.

Now facing the Destruction Monster, Zhang Yuhe finally opened fire.

With the blessing of the Hunyuan Guiyi magical power, the might increased rapidly.

Boom...

Suddenly.

Zhang Yuhe's might seemed to have broken through some extreme.

Reached an incredible realm.

Seeing this situation.

Qingyangzi seemed to have seen a ghost.

He muttered to himself.

"Holy might."

"This is the might of a saint."

"Fellow Daoist Yinhe can actually burst his strength to the level of a saint?"

...

Zhang Yuhe looked into the distance.

At this time, golden destruction beasts were constantly born from the demon nest.

Then they quickly killed him.

As for these golden destruction beasts.

Zhang Yuhe didn't even look at them.

He just stared at the destruction demon nest hanging high in the sky in the distance.

"Let's give it a try."

"If you really can't kill it, you can only retreat first."

Thinking of this.

Zhang Yuhe's original body and clones pinched the magic formula almost at the same time.

Nine vast golden giant swords suddenly appeared in the void.

The giant swords emitted a dazzling light, and the mighty power enveloped the four directions.

It seemed to split the world apart.

"Gods and demons, kill the sky."

Zhang Yuhe waved his right hand.

Nine giant swords crossed the sky and quickly chopped towards the demon nest in the distance.

Facing the giant sword attack.

The Destroyer Demon Nest seemed to feel a great crisis and was actually spiritual.

Suddenly turned around and ran towards the depths of the abyss.

"Humph."

"Isn't it too late to run now?"

Zhang Yuhe snorted coldly.

Boom...

I saw the golden giant swords slashing towards the Destroyer Demon Beast one by one.

There were bursts of earth-shattering roars.

Section 1352

The sound spread throughout the world.

Countless monks in Hongmeng Yuantian seemed to sense some kind of vibration.

Everyone walked out of the cave one after another and looked towards the Jueyuan in the distance.

"What's happening here?"

"The Jue Abyss exploded. Could it be that the Destruction Monster is going to come out again?"

"I don't know. Please contact all the holy places quickly and go there to have a look together."

"If the Destruction Monster comes out again, we will be in big trouble."

One after another, figures flew out from the major holy places and quickly flew towards the direction of Jueyuan.

The abyss of destruction at this time.

Everyone was completely stunned.

Especially Qingyangzi.

The demonic nest of destruction that even the saints could do nothing about was actually chopped into pieces by Zhang Yuhe.

Zhang Yuhe only fired ten swords.

Or.

His original form and his clone just struck out with a sword each.

Will he completely bulldoze the abyss of destruction that plagues the entire Hongmeng?

As the magic nest shatters.

At this time, the unique aura of destruction in the Jue Abyss was quickly dissipating.

The abyss no longer exists.

From now on.

Hongmeng no longer needs to be troubled by the destroying monsters.

Zhang Yuhe's ten swords crossed the air and completely leveled the Destruction Abyss.

If you haven't seen it with your own eyes.

Who dares to believe this?

...

Zhang Yuhe stood quietly in the void.

Endless special airflow quickly gathered towards him.

At this time, the Milky Way sky above him was expanding rapidly.

The world extends to far away places, as if it is endless.

Zhang Yuhe put away Hunyuan Guiyi's magical power, and the aura on his body quickly slipped away.

However, under Tiandao's feedback, it immediately began to rise rapidly again.

I don't know how much time has passed.

An awe-inspiring power suddenly rose from Zhang Yuhe.

It is different from relying on the burst of magical power to forcibly raise the level of cultivation.

This time, Zhang Yuhe's power clearly carried a certain aura of awe.

This is the real Holy Power.

Ordinary monks would know at a glance that it was the arrival of a saint.

The holy power is centered on Jueyuan and spreads rapidly towards the distance.

Soon it spread throughout Hongmeng Yuantian.

In major holy places.

One after another, vast figures looked silently into the distance.

At this point everyone understands.

This is the birth of a new saint in Hongmeng.

The thirty-fourth saint was born.

...

?? 【Volume 2: Extra】 ??

Extra: Li Tian Gaiden

Hongmeng, Nanzhou, Huangfeng Valley.

This was originally the ancestral land of the Liu family.

Look at the entire Hongmeng Continent.

The Liu family is naturally not considered powerful.

But they took root in the Yellow Wind Valley for tens of thousands of epochs of chaos.

There are hundreds of millions of monks in the clan.

There are also many eternal emperors sitting in charge.

in the vast surrounding area.

The Liu family can be considered a big force.

However.

At this time, the demonic energy was everywhere in the sky above Huangfeng Valley.

The terrifying divine light of the avenue shattered the originally magnificent family ancestral land into pieces.

Countless powerful demon monks rushed into the valley and started killing people.

See this situation.

Liu Wangcheng felt sad.

While activating the four-sided divine light mirror, he struggled to resist the attacks of the three eternal demons on the opposite side, while shouting sadly and indignantly.

"Demon spirit, our Liu family is a subordinate force of the Galaxy Holy Land."

"You crossed the line and entered human territory to kill people."

"Aren't you afraid of the thunderous wrath of the Galaxy Holy Lord?"

Hear this.

A tall demon across from him laughed loudly.

"Liu Wangcheng, please stop dreaming."

"How can the Galaxy Holy Land take a small family like yours seriously?"

"Do you think the Galaxy Holy Land will care about your life and death?"

"I'm talking."

"The Holy Lord of the Galaxy is just a newly promoted saint."

"Our demon clan also has seven holy demons sitting here."

"Does he still dare to come to our demon clan's territory and cause trouble?"

The demon laughed triumphantly.

There are countless races in Hongmeng.

There are even more conflicts between various ethnic groups.

Especially the demons and humans have been fighting each other for countless years.

Although under the suppression of saints on both sides.

A large-scale racial war will definitely not be fought.

But conflicts between the following small forces are inevitable.

The demon spirit is not worried, Galaxy Holy Land will send people to support him.

The Liu family is just a small eternal family.

Affiliated forces like this.

There are countless holy places in the galaxy.

How could it possibly be managed?

They just need to move faster.

Destroy the Liu family, then plunder all kinds of resources and run away.

Even if you want to come to the Galaxy Holy Land, you won't be able to chase them.

Just as the demon was laughing triumphantly.

Sudden.

A huge vortex channel slowly appeared in the void.

at the same time.

A vast figure stepped out of the vortex passage.

See this situation.

The demon spirit couldn't help but turn pale with fright.

"No, this is a teleportation talisman unique to the Galaxy Holy Land."

Section 1353

"How could Lord Li Tian come so quickly?"

Thinking of this.

The demon spirit no longer had the arrogance it had before.

He didn't even have time to call his demon clan.

He turned around and ran away in a stream of light.

Li Tian stood in the void.

Looking at the demon monks fleeing below, he couldn't help but snorted coldly.

"Hmph, it's already this time, where can you run to?"

He just slapped out with one palm.

The surrounding sky and earth instantly lost color.

Endless flames poured down from the sky, covering the entire Huangfeng Valley.

Ah ah ah...

The screams of the demon monks came one after another.

However, the monks of the Liu family of Huangfeng Valley were safe and sound in this sky full of flames.

After breaking through to the Supreme Realm.

Li Tian's mastery of the flame magic has long reached the realm of transformation.

After a while.

The screams gradually stopped.

Li Tian rolled up his sleeves.

The sky full of flames dissipated instantly.

Liu Wangcheng stood in the ruins.

Looking at the demons around him, all of them turned to ashes.

He shouted excitedly to the sky.

"I am Liu Wangcheng, and I meet the Lord."

"The Liu family will never forget the Lord's help."

Li Tian stood in the void.

Looking at the broken Yellow Wind Valley around him.

He spoke lightly.

"Master Liu, you don't have to be polite."

"Your Liu family is attached to the Holy Land."

"The Holy Land naturally has the responsibility to rescue."

Having said that.

Li Tian paused for a while.

He glanced at the demons who had long turned to ashes, and then slowly spoke.

"Recently, there have been frequent intrusions of demons."

"We have reported this to the Holy Lord."

"Just wait for the Holy Lord to come out of retreat, and there will definitely be an explanation."

"If the demons want war."

"Maybe there will be no more demons in Hongmeng Yuantian in the future."

Li Tian's tone was full of endless confidence.

Thinking of his own Saint Master, his mind gradually flew away.

Thinking back to the past.

He was still the eldest brother of Yufan Tiandao Saint Sect, only one step away from the Refining Void Realm.

And the Saint Master had just joined the sect.

He was just a junior brother who had just entered the Refining Qi Realm.

However.

When he finally entered the Refining Void Realm, he suddenly found that the junior brother had caught up with him.

From then on.

The junior brother was unstoppable.

Refining Void, Fusion, Mahayana...

Destroyed the demons and entered the demon world.

Ascended to the fairy world, and then opened the way to the Chaos Sea...

Thinking of Zhang Yuhe's past.

Li Tian had no reason not to be proud.

Especially after entering Hongmeng Yuantian.

Zhang Yuhe was even more powerful.

With his own strength, he cleared the Destruction Absolute Abyss that had harmed Hongmeng for countless years.

Completely flattened this forbidden area of Hongmeng Yuantian.

After that.

Zhang Yuhe led everyone to build the current Galaxy Holy Land on the site of the Destroyed Absolute Abyss.

In Li Tian's opinion.

The Lord Saint has not taken action for many years.

The major races of Hongmeng Yuantian may not know how powerful he is.

In recent years.

The demons have been jumping up and down, and they really have a way to die.

Wait.

Wait until the Lord Saint comes out.

This vast Hongmeng Continent is expected to change.

Thinking of this.

Li Tian couldn't help but look forward to it.
