Section 150

This is exactly where the gate of the Taoist Sect of the Immortal Realm is located.

The flying boat landed on a peak in the center of Yunfei Island.

Zhang Yuhe looked up.

Under the peak, there stood a tall gatehouse with three large characters of the Taoist Sect written on it.

The two of them passed through the gatehouse and entered the mountain gate.

Zhang Yuhe suddenly discovered that a huge stone tablet was standing in the center of the square inside the mountain gate.

Looking at the stone tablet on the square, he was stunned.

Isn't this the stone tablet that he saw in the Sutra Building, which recorded the Hunyuan Heavenly Scripture?

Could it be that the stone tablet recorded the second volume of the Hunyuan Heavenly Scripture?

Thinking of this, Zhang Yuhe was extremely excited.

Originally, what he was most worried about was that he could not find the subsequent exercises of the Hunyuan Heavenly Scripture.

However, he never expected.

The Taoist Sect actually placed this exercise in the square inside the mountain gate.

This nerve is too big.

But he reacted quickly.

The conditions for practicing Hunyuan Tianjing are extremely harsh.

Moreover, the first volume is hidden in the Yufan Tiandao Shengzong Sutra Building, and only the second volume is placed here.

Except for the cultivators who have practiced the first volume, no one can understand it.

It is indeed not afraid of being robbed, because it is useless if robbed.

In the eyes of ordinary people, this is just a stone tablet with a special Taoist rhyme.

No one will associate it with the skills and magical powers.

...

Chapter 139 Sect Master Lian Zhengyu

Looking at the huge black stone tablet standing in the square, Zhang Yuhe was extremely excited.

Now that the skills have been settled, the things that follow will be much easier.

However, he did not release his spiritual consciousness and immediately began to comprehend the skills.

He had just entered the sect and had not yet reported.

Strictly speaking, he could not be considered a formal disciple of the Xianjie Dao Shengzong.

Anyway, the stone tablet is here and it will not run away.

Come back later to slowly comprehend.

I hope he is not mistaken.

Let's ask Xie Mingyuan first.

Thinking of this.

Zhang Yuhe turned to Xie Mingyuan and asked.

"Brother, this stone tablet looks exactly like the one on the ninth floor of the Yufan Tiandao Shengzong Sutra Building. Is it the second volume of the Hunyuan Tianjing?"

Xie Mingyuan nodded and said.

"Yes, but this thing is placed here, and no one can understand it. I believe you have also seen the stone tablet in the Yufan Tianjing Building. No one can understand it at all."

Zhang Yuhe continued to ask.

"Brother, do you know the origin of these two stone tablets?"

He did not say that he was practicing the Hunyuan Tianjing. If this matter can be kept secret, it is better to keep it secret as much as possible.

However, he was very curious about the origin of the stone tablet.

Such an awesome technique, I don't know where the Shengzong got it from.

It feels like this technique is specially made for him.

Except for himself, others can't understand it at all.

Xie Mingyuan didn't know why Zhang Yuhe was so interested in this stone tablet.

But he didn't care too much. After thinking for a while, he said slowly.

"It is said that these two stone tablets were obtained by the ancestors in a dangerous place in the Chaos Continent. I don't know the specific situation."

"Let's go, let's go to see the sect master first."

Zhang Yuhe nodded, and didn't ask any more questions.

Except for Lu Yunfei himself, other people probably don't know much about this kind of thing.

The two of them quickly came to the outside of a hall.

Xie Mingyuan took out the Immortal Mirror, cast a spell, and then spoke.

"Let's go, the sect master is waiting inside."

They walked into the hall quickly.

An old man with green clothes and white hair was standing in the center of the hall waiting.

Seeing the old man, Xie Mingyuan shouted respectfully.

"Disciple Xie Mingyuan, meet the sect master."

Zhang Yuhe also hurriedly shouted.

"Disciple Zhang Yuhe, meet the sect master."

Xie Mingyuan told him on the way here.

The leader of the Daosheng Sect in the Immortal Realm, Lian Zhengyu, is in the middle stage of the Golden Immortal and is one of the only two Golden Immortals left in the sect.

After Lu Yunfei disappeared, it was because of Lian Zhengyu that the Daosheng Sect could barely maintain its status as one of the five major forces.

Lian Zhengyu turned around, looked at the two of them with a smile on his face, and said happily.

"Very good, Yufantian is worthy of the Taoist tradition passed down by Senior Brother Lu. Four ascended monks have appeared in a row in the past million years."

He asked Zhang Yuhe with a smile.

"How is Yufantian developing now? There are no difficulties, right?"

Zhang Yuhe replied respectfully.

"Thank you for your concern, Sect Master. Yufantian's immortal path is prosperous and there are no difficulties at present. I believe that there will be more monks ascending in the future."

"Very good."

Hearing this, Lian Zhengyu was very happy.

No one would dislike a lower world that can continuously provide fresh power for the sect.

He looked at Zhang Yuhe and asked after a moment of silence.

"All true immortal disciples must accept corresponding positions. I wonder what kind of job you want to accept?"

Zhang Yuhe didn't have time to respond.

Xie Mingyuan next to him immediately said.

"Master, can you let Junior Brother Zhang go with me to Ji'an Market to take charge? It's good to have someone to take care of it. There is a need for manpower there."

After losing the Immortal City in Chaos Continent, Ji'an Market is one of the most important sources of income for Daosheng Sect.

Ji'an Market was initiated by Lu Yunfei and jointly established with other four forces.

It is the largest trading place in the entire Ji'an Sea.

In order to protect the interests of the sect, another Golden Immortal Patriarch has been in charge of the market for a long time.

In addition, there are several True Immortal disciples who have also stayed in Ji'an Market for a long time.

To maintain the sect's income in the market.

Lian Zhengyu turned his head to look at Zhang Yuhe, obviously wanting to ask for his own opinion.

Zhang Yuhe responded quickly.

"I will follow the arrangements of the sect."

"Okay, then you go to Ji'an Market."

After Lian Zhengyu finished speaking, he handed over a black jade card and continued.

"According to the sect's regulations, newly joined True Immortal disciples can enter the treasury and take any first-level immortal materials to upgrade their natal magic weapons."

"Thank you, Sect Master."

Zhang Yuhe took the jade card and said with joy on his face.

He had just ascended to the fairyland and was completely a pauper. He was worried about how to upgrade the Nine Heavens Hunyuan Sword to an immortal weapon.

I didn't expect the sect to have such benefits.

That would save a lot of trouble.

After the two of them left the hall, Xie Mingyuan asked Zhang Yuhe.

"I wonder if you need to make any other preparations, Junior Brother?"

"It's a long way to Ji'an City, and it's not safe on the road. We'd better set off together."

Zhang Yuhe thought for a while, then spoke.

"Senior Brother, can you wait for me for a while? I want to check some books in the library first, and then set off."

"Okay, then we'll set off in three months."
