### Section 160

Although Xie Mingyuan thought he was quite strong.

In the Ji'an Sea, there were not many True Immortals who could threaten him.

Despite this, he was still not careless.

He kept changing directions and flew quickly towards the sect's headquarters, Yunfei Island.

Just as the flying boat passed over a deserted island.

Suddenly, a dazzling blue light rose from the deserted island.

"Not good, there is an ambush."

Xie Mingyuan put away the flying boat, took off into the air, and flew quickly to the left.

However, the blue light rising from the deserted island instantly turned into a huge light curtain.

It completely enveloped the sea area of hundreds of thousands of miles.

More than a dozen True Immortals, exuding a powerful aura, surrounded them from all sides.

Xie Mingyuan quickly took out the Immortal Mirror and wanted to ask for help from the sect.

However, there was no response on the Immortal Mirror.

That blue light curtain was obviously not an ordinary formation.

In addition to being able to temporarily trap him here.

The blue light curtain also has the effect of isolating the communication.

Xie Mingyuan stopped, put away the Immortal Mirror, and looked at the enemy in front of him with an indifferent expression.

"Ouyang Lihe."

The people who came were all True Immortal cultivators of the Ouyang family, and the leader was Ouyang Lihe.

Although Xie Mingyuan had been prepared and even kept changing the direction of flight.

But he still fell into the opponent's trap.

It is obvious that the Ouyang family has been thinking about him for a long time.

Otherwise, it would not be so easy to capture his exact location.

And they can also set up a trap in advance.

Ouyang Lihe showed up, looked at Xie Mingyuan in the distance, and said with a smile.

"Brother Xie, we meet again. It's really not easy to see Brother Xie. I have been waiting here for half a year."

"Humph, you are so deliberate. Do you think you can keep me here with just these people?"

Xie Mingyuan's consciousness swept around and found no new enemies.

Although the opponent had a large number of people, and each of them was in the True Immortal Realm.

But except for Ouyang Lihe, who is in the late stage of True Immortal.

Most of the others are only in the middle stage of True Immortal, and there are even a few early stage True Immortal cultivators.

If they want to keep him with just this lineup,

then it can only be said that the Ouyang family is a bit presumptuous.

At this moment, a voice came from a distance.

"What about me?"

Hearing the voice from afar, Xie Mingyuan's heart trembled, and he muttered to himself with a solemn expression.

"Ouyang Lishan?"

He looked up at the horizon.

I saw a stream of light, quickly crossing the sky, and soon appeared in front of everyone.

Ouyang Lishan's figure now, the powerful aura spanned the world.

He looked at Xie Mingyuan and said lightly.

"With me, I wonder if Brother Xie can be kept."

Xie Mingyuan was silent and alert.

No matter how many True Immortal cultivators the Ouyang family had, he was not afraid, and he was confident that he could kill them.

But with Ouyang Lishan, it would be completely different.

Ouyang Lishan had already reached the Great Perfection of True Immortal 20,000 years ago.

If he hadn't lost confidence, he could have survived the great tribulation of the Golden Immortal.

Maybe Ouyang Lishan had already tried to break through the Golden Immortal Realm.

Not only that, Ouyang Lishan opened the three orifices many years ago and comprehended the rules.

As for which rules he comprehended, it is not known yet.

Because this person has not fought in front of outsiders for many years.

Facing such an opponent, Xie Mingyuan had no confidence that he could escape.

In addition, the other party had arranged a formation here in advance, and there were more than ten true immortals to help.

He wanted to escape, but his chances were slim.

Xie Mingyuan quietly took out a jade talisman and crushed it gently.

He didn't expect Zhang Yuhe to come to support him.

He just didn't want to die here silently.

I hope Junior Brother Zhang can avenge me in the future.

Xie Mingyuan thought of Xiong Yuanzhong.

This senior brother who had helped him so much must have been ambushed and killed by the Ouyang family in the same way, right?

Thinking of this, Xie Mingyuan silently became fierce.

Even if he died, he would drag a few people with him.

He quickly jumped into the air and punched Ouyang Lihe fiercely.

...

## Chapter 147 Rescue

Xie Mingyuan raised his fist and rushed towards Ouyang Lihe quickly.

His idea was very simple, to beat Ouyang Lihe back first, and then deal with Ouyang Lishan.

As for the other Ouyang family cultivators present, he didn't take them seriously at all.

With his entry into the law, plus the opening of the two orifices of the Nascent Soul, ordinary True Immortals can't resist his attack at all.

As long as he can seriously injure Ouyang Lihe and beat him back, then he still has a chance to break through the siege and escape.

"Humph."

Seeing Xie Mingyuan, who regarded him as a breakthrough, Ouyang Lihe snorted coldly.

As a late True Immortal as well.

He didn't think his strength would be weaker than Xie Mingyuan.

Ouyang Lihe didn't even think about it, and also threw a punch to meet the opponent's fist shadow.

Seeing this, Ouyang Lishan next to him shouted loudly.

"Be careful."

After saying that, he clapped his right hand.

The sea under his feet suddenly surged wildly.

The huge waves rushed up to the sky, turning into countless golden sword lights, rushing towards Xie Mingyuan quickly.

Introduction to the Law of Gold.

Seeing Ouyang Lishan take action, you know that this person has comprehended the Law of Gold.

Xie Mingyuan offered a blue shield.

The shield spun and turned into a blue light, facing the opponent's sword light.

At the same time, his forward momentum did not change at all.

The huge fist shadow, carrying an inexplicable aura, rushed straight to Ouyang Lihe.

Boom...

The fist shadows of both sides collided with each other, and Ouyang Lihe spit out blood and quickly retreated backwards.

At the same time, he shouted in fear.

"Be careful, it's the law of penetration."

Xie Mingyuan's fist shadow carried the power of the law, not only directly defeated the opponent's fist shadow.

And the law of penetration also penetrated the opponent's defense and hit Ouyang Lihe directly.

At this time, one of Ouyang Lihe's arms had been completely shattered.

As a special law, the law of penetration is extraordinary.

Especially when the opponent is not prepared, it often works wonders.

Xie Mingyuan fought back and was the first to seriously injure Ouyang Lihe under the opponent's siege.

At the same time, the golden sword light transformed from the seawater was already rushing towards Xie Mingyuan.

He quickly pinched the magic formula, and the blue shield burst out with a strange aura,

forming a powerful barrier that blocked all the sword lights.
