Chapter 163

Just now, Ouyang Lihe recognized Zhang Yuhe's incarnation, so he could recognize it as well.

As long as Zhang Yuhe could come to support him, he would have a chance to break through the siege and escape.

In Xie Mingyuan's view, as an ascended cultivator, Zhang Yuhe must have some real skills.

And he didn't need Zhang Yuhe to do too much for him.

As long as he could help him break the outer trap array.

If it weren't for the array array arranged in advance, the people of the Ouyang family would never have trapped him.

...

Zhang Yuhe used all his strength to activate the Tianhuang Feixian technique and rushed forward quickly.

After a while, he saw a huge blue light curtain.

In the light curtain, more than a dozen true immortals of the Ouyang family were surrounding Xie Mingyuan and attacking fiercely.

"Humph."

Zhang Zhuhe snorted coldly.

Directly activated the Hunyuan Guiyi magical power, and his aura instantly rushed to the late stage of the true immortal.

He waved his right hand, and nine flying swords fell quickly into the distance.

Outside the blue light curtain, a larger array sword was formed.

After doing everything.

Zhang Yuhe offered a long black stick.

The innate treasure, the Nine Heavens Flying Spirit Stick.

He swung the long stick and rushed over directly.

Boom...

The Nine Heavens Flying Spirit Stick, with a mysterious aura, quickly grew larger and turned into a giant stick.

It directly bombarded the blue light curtain.

The blue light curtain did not even last for a second and was instantly shattered.

The Nine Heavens Flying Spirit Stick, in conjunction with the law of power, broke the array set up by the Ouyang family with just one blow.

Zhang Yuhe quickly pinched the magic formula.

Countless sword qi wrapped in an inexplicable aura quickly swept across the entire battlefield.

All the true immortals of the Ouyang family present seemed to be cast into a fixed body spell.

They were completely motionless.

Zhang Yugang attached the law of time to the sword array, covering the entire battlefield.

Under the erosion of the law of time, the opponent had no power to resist at all.

Soon, he was cut into ashes by the endless sword energy.

Even Ouyang Lishan, who was a great perfection of the True Immortal, could not hold on for even a second.

They did not use the defensive immortal weapon in advance, and could not stop the attack of the invisible sword energy at all.

Before they cultivated into immortal bodies.

Any True Immortal cultivator could not rely on the strength of his physical body to withstand the attack of the immortal weapon.

Zhang Yuhe opened fire at full power and instantly wiped out more than ten True Immortals of the Ouyang family.

...

Chapter 149 The reaction of the Ouyang family

Zhang Yuhe waved his right hand, and nine immortal swords quickly fell into his sleeves.

The time law shrouded in the surroundings dissipated instantly.

He quickly came to Xie Mingyuan and asked with concern.

"Brother, are you okay?"

"It's okay, thank you for coming to rescue me."

At this time, Xie Mingyuan was still confused.

He still didn't understand what happened just now.

He only knew that Zhang Yuhe suddenly burst out with powerful power and instantly raised his strength to the late stage of the True Immortal.

Then he used a long stick immortal weapon to break the trap set by the Ouyang family.

As for what happened next, he couldn't understand.

In just a blink of an eye, those Ouyang family's true immortals seemed to be suddenly dumbfounded.

They stood there stupidly, and were cut into ashes by Zhang Yuhe's sword formation.

They neither dodged and fled, nor did they use immortal weapons for defense.

As if they were possessed by evil spirits, they suddenly stopped moving.

They stood there quietly waiting to die.

Xie Mingyuan didn't think about the law of time.

Because the law of time is too advanced, even among the nine supreme laws.

The law of time is also the most mysterious existence among them.

Zhang Yuhe ascended to the immortal world for only more than two thousand years. How could he comprehend the law of time?

Xie Mingyuan would rather believe that Zhang Yuhe used some special magical power.

He controlled the minds of Ouyang Lishan and others, and then killed them all in one fell swoop.

Thinking of this, he couldn't help but secretly admire him.

...

Seeing that Xie Mingyuan was just over-consumed and had no other problems.

Zhang Yuhe couldn't help but breathe a sigh of relief.

He said to Xie Mingyuan.

"Brother, let's go back to the market first."

"Okay."

Zhang Yuhe waved his hand and put away all the items left by Ouyang Lishan and others.

Killing more than ten True Immortals in one wave should make a small fortune.

But he didn't check carefully.

Now is not the time.

Who knows if there are still people in the Ouyang family nearby?

If a Golden Immortal boss comes over, they will be completely wiped out.

The Hunyuan Guiyi magical power has been used just now and needs to cool down for a hundred years.

Without this trump card, he doesn't want to face the Golden Immortal cultivator at all.

Go back to the market and live for a hundred years.

For now, it is still safe to stay in the market.

Ji'an Market was jointly established by five major forces.

Unless the other four forces attack Daosheng Sect at the same time.

Otherwise, everyone wouldn't have started a war in the market.

Zhang Yuhe released the flying boat and took Xie Mingyuan to the market quickly.

After taking a blue pill, Xie Mingyuan's face gradually regained its rosy color.

In the previous battle, he didn't suffer much damage.

With the penetration law, this special law exists, the people of the Ouyang family can't do anything to him for a while.

Of course.

If Zhang Yuhe hadn't come to support them in time, it would be hard to say.

The two of them quickly entered the market and landed outside the house.

Zhang Yuhe asked Xie Mingyuan.

"Brother, how should the sect respond?"

Xie Mingyuan was originally going to escort the supplies back to the sect.

But now that this has happened, it is obviously impossible to go again.

Who knows if the Ouyang family will continue to ambush outside?

Ancestor Song Heguang is not in the market, and they don't have a strong backer, and they don't even dare to go out of the market easily.

Not to mention returning to the sect.

Xie Mingyuan said after thinking for a while.

"This matter is not simple, I will send a message to the sect master later."

"By the way, brother, it's better not to mention me."

As if he suddenly remembered something, Zhang Yuhe immediately reminded Xie Mingyuan.

At present, he is still a little transparent in the fairy world, and no one will pay attention to him.

But if Xie Mingyuan reports his affairs to the sect.
