Chapter 167

Zhang Can thought silently.

He really didn't want to change a master from time to time.

His little heart couldn't stand it.

...

Chapter 152 Earth Spirit Holy Fruit, Immortal Body Begins

Zhang Yuhe's spiritual sense swept across the entire space and found that some places were covered by restrictions.

Presumably, those places should be planted with more precious spiritual medicines.

This space is not small, and he is too lazy to check everywhere.

Anyway, he has Zhang Can, the butler.

If there is anything, just ask the ginseng spirit.

Thinking of this, he asked Zhang Can.

"Are there any rare spiritual medicines here?"

Zhang Can has lived in the Ten Thousand Spirits Map for tens of thousands of years.

The spiritual medicines and fruits here were all planted by him.

He naturally knew what good things were in it.

Hearing Zhang Yuhe's question, he immediately answered.

"Among the spiritual medicines and spiritual fruits here, the most precious one is the Earth Spirit Fruit Tree?"

"The previous owner transplanted an Earth Spirit Fruit Tree from the outside world, but he died before the Earth Spirit Fruit matured."

"However, under my careful care for millions of years, those Earth Spirit Fruits are almost ripe recently."

Hearing this, Zhang Yuhe couldn't help but be overjoyed.

He said loudly.

"Take me over to have a look."

The Earth Spirit Fruit is an important natural treasure that assists the cultivation of the immortal body.

It's a pity that the maturity period of the Earth Spirit Fruit is too long.

It takes 15 million years from fruiting to maturity.

With such a long time, not to mention the True Immortal Cultivator, even the Golden Immortal Cultivator can't wait.

Despite this, there are still many major forces that will plant Earth Spirit Fruit Trees.

If one generation can't use it, then leave it for the next generation.

As for the wild Earth Spirit Fruit, there is almost no need to think about it.

It has long been consumed by the predecessors.

Lucky people like He Xingfa who can find the Earth Spirit Fruit in the wild secret realm.

It is extremely rare in the entire Ji'an Sea.

Under the leadership of Zhang Can, the two soon came to a valley.

Zhang Yuhe looked into the valley.

I saw a light blue light curtain covering the entire valley.

Zhang Can quickly pinched the magic formula, and the blue light curtain soon dissipated.

In the shadow of the valley, there grew a small tree about ten feet high.

Five purple fruits, emitting rich spiritual light, were hanging on the branches of the small tree.

"Earth Spirit Holy Fruit."

Looking at the small tree in front of him, Zhang Yuhe recognized it at a glance.

It was the Earth Spirit Fruit Tree.

Under Zhang Can's careful care, the Earth Spirit Fruit Tree grew very well.

It actually bore five fruits at a time.

You know, the Earth Spirit Fruit Trees growing in the wild usually only bear one or two fruits.

Seeing the Earth Spirit Holy Fruit in front of him, Zhang Yuhe couldn't help but be very happy.

He turned to Zhang Can and asked.

"How long will it take for these Earth Spirit Holy Fruits to mature?"

Although Zhang Shen had said before that the Earth Spirit Holy Fruits would mature soon.

But Zhang Shen had lived for tens of thousands of years, so he said it very quickly, maybe millions of years.

Zhang Yuhe couldn't wait that long.

Fortunately, Zhang Shen's next answer did not disappoint him.

"In ten years at most, these five fruits will be ripe."

"Very good, you don't have to worry about anything in these ten years, just take good care of the Earth Spirit Fruit trees for me."

"Yes, sir."

Ten years is not a long time, he can wait for it.

Ouyang Lishan is really unlucky.

It was only ten years before the Earth Spirit Holy Fruits would mature, but he was killed by him.

If Ouyang Lishan had cultivated his immortal body, it would not be so easy, and he was beaten to death by him.

It can only be said that Ouyang Lishan is not so lucky.

Things in the world are so wonderful.

After telling Zhang Shen, Zhang Yuhe took a tour in the Ten Thousand Spirits Map and soon returned to the cave.

Although there are some other spiritual medicines in the Wanlingtu, they are also relatively precious.

However, with the Earth Spirit Holy Fruit in front of him, he didn't pay much attention to other spiritual medicines.

After returning to the cave, Zhang Yuhe's face was still full of joy.

With the Earth Spirit Holy Fruit, there would be no problem for him to cultivate into an immortal body.

Once the immortal body is initially formed, his strength will be greatly improved.

Apart from anything else, the immortal body can withstand the attack of immortal weapons, which is incomparable to other means.

"This wave is really a big profit."

Thinking of this, Zhang Yuhe couldn't help but smile.

He took a deep breath and tried to calm his excitement.

"Hurry up and practice to calm down."

Zhang Yuhe walked up to the practice platform and sat cross-legged, slowly running the Hunyuan Tianjing.

Countless immortal spirits instantly gathered in his dantian.

The rules of the immortal world are different from Yu Fantian.

Zhang Yuhe once tried to arrange the Five Elements Gathering Spirit Array to increase the speed of practice.

The result disappointed him greatly.

The Five Elements Spirit Gathering Formation was completely ineffective and did not play the role of gathering the spirit energy.

In this case, he could only endure it slowly like other True Immortal cultivators.

Fortunately, after opening the two orifices, his current cultivation speed has increased a lot.

In addition, he was originally gifted.

Zhang Yuhe made an estimate.

It would take about three thousand years to cultivate to the middle stage of True Immortal.

If he could open the third orifice, the time could be shortened a lot.

Three thousand years may seem long, but it is actually very fast.

You know, Xie Mingyuan took 200,000 years to cultivate to the late stage of True Immortal.

...

Ten years later, Zhang Yuhe sacrificed the Ten Thousand Spirits Map and flashed into it.

Seeing him come in, Zhang Can shouted respectfully.

"Hello, sir."

Zhang Yuhe nodded.

He looked up at the Earth Spirit Fruit Tree in the valley.

He saw the five fruits on the tree emitting a faint halo.

This is the sign that the Earth Spirit Holy Fruit is ripe.

Seeing this, Zhang Yuhe breathed a sigh of relief.

He took out a jade knife and walked quickly to the bottom of the fruit tree.

As the knife flashed, five Earth Spirit Holy Fruits slowly fell.

Zhang Yuhe immediately took out five jade boxes and caught the fallen Earth Spirit Holy Fruits.

Then he took out five talisman papers and pasted them on the surface of the jade box.

The Earth Spirit Holy Fruit is extremely precious.
