Chapter 170

He may not be able to defeat the Golden Immortal cultivator for the time being.

But after opening the magical power of Hunyuan Guiyi, he should be able to escape if he wants to.

...

The next day.

Zhang Yuhe came to the outside of a magnificent house.

Seeing him coming, Liu Haitao hurriedly went out to greet him, and said politely.

"Brother Zhang can come to my house, I am honored. Last time, I was shortsighted."

"I didn't expect Brother Zhang to have such a high attainment in the way of refining weapons."

Zhang Yuhe hurriedly replied modestly.

"Senior Brother Liu is polite, just a few tricks, not worth mentioning."

After the two of them exchanged some polite words, they soon came to a small pavilion on the lake.

At this time, many True Immortal cultivators had gathered in the pavilion, including He Xingfa.

Seeing Zhang Yuhe coming, He Xingfa immediately stood up and shouted politely.

"Daoyou Zhang is here too, come and sit here."

The others also stood up, and everyone was very polite to him.

"It turns out to be Master Zhang from the Daosheng Sect. Please take a seat."

"Master Zhang is attending this gathering. I believe everyone will gain something."

"Of course. Master Zhang must have a lot of good things. I'm just afraid that we can't afford them. Hehe."

"Haha, I've made special preparations for this trade fair. I'm sure I can get a good immortal weapon."

...

With the arrival of Zhang Yuhe, the atmosphere on the scene became extremely warm.

Who wouldn't want to make friends with a skilled weapon refiner?

Even if there is no demand for the time being, there is no guarantee that you won't ask Zhang Yuhe for help in the future.

So everyone was very polite to him.

This made Zhang Yuhe, who always liked to keep a low profile, feel very uncomfortable.

When the monks attending the meeting were basically all present, everyone began to discuss enthusiastically.

It has been more than two thousand years since the last gathering, but there has been no abnormality in the Chaos Continent.

The imagined Chaos Beast Tide has not appeared yet.

As for the terrifying Immortal Falling Catastrophe, there was no movement at all.

Therefore, everyone involuntarily focused the discussion on the death of Ouyang Lishan and others.

After all, this happened only a hundred years ago, and it happened near the market.

Everyone couldn't help but pay attention.

"It's a pity for Ouyang Lishan. I didn't expect that he, a great immortal, would also die."

"Yes, the relationship between the Ouyang family and the Daosheng Sect was extremely tense, but after this incident, they seemed to have become more cautious."

"Hmph, if you ask me, the Ouyang family deserves it."

"When Patriarch Lu was here, they were as obedient as a dog. Now that they see Patriarch Lu has not appeared for hundreds of thousands of years, they have become arrogant."

"Yes, I don't know what Ouyang Tianchen thinks. If Patriarch Lu appears, how can they end it?"

"Is Patriarch Lu really dead?"

"Who can say for sure about this matter?"

"Do you think that the one who killed Ouyang Lishan and others is Lu Yunfei? Ancestor?"

"Impossible."

"It's hard to say."

"That's right, it's a pity that Brother Xie didn't come this time. Otherwise, I would have known by asking Brother Xie."

"Haha, Brother Xie has had a hard time recently. Ouyang Tianyue, the Golden Immortal Ancestor of the Ouyang Family, is watching at the door every day, and he doesn't even dare to go out."

"The people of the Ouyang Family are really too much."

"They tried to intercept Brother Xie, but were killed in return. They even wanted to hold Brother Xie accountable."

"Alas, what can we do about it? Who made the Daosheng Sect weak now?"

"I hope there will be no chaos in the Ji'an Sea Area."

"I hope so."

...

Most of the people present were disciples of the Jiuxian Sect and the Wanshou Sect.

There were also a few people who were scattered immortals in the activity market.

So, when it came to the death of Ouyang Lishan and others, everyone had no scruples.

They even secretly looked at Zhang Yuhe's expression while chatting.

After all, Zhang Yuhe is also a disciple of Daosheng Sect, and is half a party involved.

In their opinion, Zhang Yuhe should be aware of this matter.

However, Zhang Yuhe behaved like an outsider.

Listening to the discussion of the crowd, he just smiled and nodded, and did not speak.

He even had some feelings.

These people's imaginations are really extraordinary.

They can actually associate it with the ancestor Lu Yunfei.

This is too far-fetched.

If the ancestor Lu Yunfei really returns.

How could he target small shrimps like Ouyang Lishan?

I'm afraid he would have attacked the Ouyang family's base and Tianchen Island long ago.

Eight hundred thousand years ago, the ancestor Lu was a golden immortal.

After so many years, even if he didn't break through.

He can easily suppress the Ouyang family.

Why do you need to hide behind and do things like this?

Just rush over, isn't it over?

...

Chapter 155 Exchange of the Linglong Tower

The gathering continued in a heated discussion.

When it came to the Ouyang family.

Everyone present was not too polite.

Especially the disciples of the Nine Immortal Sect, led by Liu Haitao, were very dissatisfied with the behavior of the Ouyang family.

The reason was very simple.

The Ouyang family was ambitious and wanted to unite with the Qian family to annex the Daosheng Sect in one fell swoop.

As a disciple of Jiuxianmen, Liu Haitao was naturally very unhappy.

Once the Ouyang family and the Qian family successfully destroyed Daoshengzong.

Then will they set their sights on Jiuxianmen in the future?

You know, people's ambitions are unlimited.

Although Jiuxianmen is powerful and is the first force in Ji'an Sea.

But who can guarantee that the Ouyang family will not be inflated and crazy?

For Liu Haitao and these disciples of Jiuxianmen, maintaining the status quo in Ji'an Sea is the best choice.

They will not have a good impression of any force that wants to break the status quo.

Of course, although they don't have a good impression of the Ouyang family, they will not lend a helping hand to Daoshengzong.

Friendship is friendship.

Major events between sects will not be affected by personal friendship.

Unless the Golden Immortal Patriarch of the sect gives an order.

Otherwise, they will only be spectators.

...

The party was carried out in a lively atmosphere, and everyone talked about everything.

Some people shared their cultivation experience, and some talked about their recent adventures.

Time passed quickly.

Three days later.

Liu Haitao stood up and said loudly to everyone.

"This discussion ends here. Thank you all for sharing your experiences. Now let's start the trade fair."

After saying this, he waved his right hand.
