Chapter 172

Chapter 156 Three-star crystal core is in hand

Everyone at the scene was excited when they saw the Zhenshi Linglong Tower displayed by Zhang Yuhe.

However, Zhang Yuhe only wanted the three-star chaos beast crystal core, and he would not exchange it for other items no matter how precious they were.

This made many people at the scene feel very disappointed.

They had a treasure they loved in front of them, but they could not get a three-star crystal core.

This feeling was so uncomfortable.

Some people even kept sending messages to Zhang Yuhe, wanting to increase the price to exchange the Zhenshi Linglong Tower.

The exchange price they proposed was much higher than the three-star crystal core.

But Zhang Yuhe was unshakable.

He would not exchange it unless it was a three-star crystal core.

The value of an item varies according to personal needs.

For Zhang Yuhe, the three-star chaos beast crystal core is his most urgent need now.

No matter how precious other things are, they are of little use to him.

Seeing Zhang Yuhe so determined, everyone at the scene was very helpless.

They could only watch the treasure pass by them.

Everyone had to settle for the next best thing and look at other immortal artifacts.

In addition to the Zhenshi Linglong Tower, Zhang Yuhe also displayed 27 low-grade immortal artifacts.

Although these immortal artifacts cannot be compared with the Zhenshi Linglong Tower.

But the exchange conditions given by Zhang Yuhe were very generous.

As long as the value is equal, whether it is spiritual medicine, spiritual grass, or immortal materials, they can be exchanged.

Even using immortal stones, it is OK to buy directly.

Everyone sent messages to Zhang Yuhe, and more than half of the 27 low-grade immortal artifacts were quickly exchanged.

"Are there any fellow Taoists who want to exchange?"

Looking at the remaining five low-grade immortal artifacts, Zhang Yuhe swept his eyes around everyone and asked with a smile.

After several inquiries, seeing that no one wanted to exchange, he put away the remaining immortal artifacts.

All those who came today were true immortal cultivators.

And there were not many of them.

Including himself, there were less than 30 people in total.

At such a small trade fair, he was able to throw out more than 20 low-grade immortal artifacts.

It was beyond his expectation.

As for the remaining five immortal artifacts, it doesn't matter if they can't be sold for the time being.

You can put them up in the sect's shop next time and sell them slowly.

As one of the initiators of Ji'an Market, Daosheng Sect naturally has shops in the market.

And the number is not small.

The sect arranged some disciples below the level of True Immortal to be responsible for the operation of these shops.

After the trade fair, Zhang Yuhe put away the immortal artifacts that were not exchanged.

Everyone began to leave one after another.

At this time, Liu Haitao suddenly sent a voice message to him.

"Brother Zhang, can you wait for a moment? I have applied to the old ancestor Wuhua for a three-star crystal core, and someone will send it to me soon."

"Oh, sure, then I'll wait a little longer."

Hearing that Liu Haitao could get a three-star crystal core, Zhang Yuhe couldn't help but feel a little happy, so he agreed.

Just say it, as a core disciple of Jiuxianmen, how could Liu Haitao not get a three-star crystal core?

Even if he doesn't have it himself, there must be other ways to get it.

The Wuhua Patriarch mentioned by Liu Haitao is the Golden Immortal cultivator Liu Wuhua who is in charge of the Nine Immortal Sect in the market.

The Nine Immortal Sect has nine Golden Immortal Patriarchs, and is the first force in the Ji'an Sea Area.

They have two Golden Immortal Patriarchs who have been in charge of the market for a long time.

Liu Wuhua is one of them.

Ordinary True Immortal cultivators cannot defeat the three-star Chaos Beast, and it is difficult to get the three-star crystal core.

But for the Golden Immortal cultivators, getting the three-star crystal core should not be too difficult.

After everyone dispersed, there were only two of them left in the pavilion in the lake.

Liu Haitao asked him tentatively.

"Can I ask, did Brother Xie deal with these immortal artifacts of Daoyou?"

"Yes, Brother Xie is not convenient to go out now, so let me help him deal with these immortal artifacts so that he can collect more cultivation resources."

"Brother Xie was targeted by the Golden Immortal of the Ouyang family, and he planned to simply stay in the market and retreat for tens of thousands of years."

Zhang Yuhe made up a lie.

But Liu Haitao didn't think this was wrong.

He nodded thoughtfully.

Everyone knew Xie Mingyuan's situation.

If it were someone else, they would definitely do the same.

Being targeted by a Golden Immortal cultivator, wouldn't he have to practice honestly?

But practice requires resources.

Without the support of resources, practicing by oneself would be pitifully slow.

So, in Liu Haitao's opinion.

Xie Mingyuan asked Zhang Yuhe to trade all the immortal tools he had seized before.

Exchange for a large amount of practice resources, and then he could practice for tens of thousands of years.

This is a very reasonable choice.

The two sat in the small pavilion and chatted casually.

After a while.

A disciple of the Nine Immortal Sect hurried to the pavilion and handed a delicate jade box to Liu Haitao.

Looking at the jade box in his hand, Liu Haitao took a deep breath.

In order to apply for this three-star crystal core from the Wuhua Patriarch, he spent a lot of money.

Although he is a true core disciple in the Nine Immortal Sect.

But any sect has its own rules.

It is impossible for the Golden Immortal Patriarch to provide him with resources for no reason.

If you want to exchange good things from the sect, you naturally need to pay a certain price.

Either you have made a great contribution to the sect, or you have to exchange with items of equal value.

He was able to apply for a three-star crystal core from the Golden Immortal Ancestor, which was already a great honor.

Liu Haitao carefully opened the jade box, and a black crystal core with a murderous aura appeared in front of the two of them.

He handed the jade box to Zhang Yuhe, and then said.

"Brother Zhang, please check it. If there is no problem, let's exchange it as we said before."

Zhang Yuhe took the jade box and carefully checked it, confirming that it was a three-star crystal core.

In fact, the Chaos Beast Crystal Core did not need to be checked at all.

Crystal cores of different levels not only have some subtle differences in color.

Just the aura emitted from the crystal core, everyone can tell it at a glance.

After confirming that it was correct, Zhang Yuhe took out the Zhenshi Linglong Tower and threw it over, and then said to Liu Haitao.

"This middle-grade immortal weapon will be yours in the future. Happy cooperation."

After saying that, he put away the jade box.

Zhang Yuhe was very happy to get the three-star Chaos Beast Crystal Core.

Liu Haitao took the Zhenshi Linglong Tower and examined it carefully in his hand.

It was like looking at a peerless beauty.

When he touched the Zhenshi Linglong Tower and the cracks on it, he even felt a little distressed.

"It's really a good thing, but it's a pity that it's damaged a little bit."

Looking at the Zhenshi Linglong Tower in his hand, Liu Hai couldn't help but sigh.

Despite this.

At this time, a happy smile still appeared on his face.

A complete middle-grade immortal weapon would not fall into the hands of a true immortal cultivator like him.

Although the Zhenshi Linglong Tower was seriously damaged, it was just right for him to use.

With this treasure, his strength will be greatly improved in the future.

Whether it is going out for adventure or going to the Chaos Continent.

With the Zhenshi Linglong Tower, safety is greatly guaranteed.
