Chapter 173

Liu Haitao put away the Linglong Tower of Zhenshi, and then said to Zhang Yuhe with a smile.

"It's a pleasure to cooperate. If Brother Zhang has any good things in the future, you can come to me to exchange them. I guarantee Brother Zhang will be satisfied."

"Next time I have something good, I will come back to Brother Liu."

"The matter is over, I'll take my leave now."

"Brother Zhang, walk slowly."

The two got up and chatted while walking outside the door.

Zhang Yuhe jumped into the air and quickly flew towards his house.

Liu Haitao stood at the door, looking at Zhang Yuhe's disappearing figure, thoughtfully in his heart.

He always felt that something was wrong with today's incident.

But for a while, I couldn't figure out what the problem was.

"Forget it, just switch to the World-Zhen Linglong Tower."

Liu Haitao shook his head and did not continue to think further.

For him, being able to exchange for the World-Zhen Linglong Tower is a big gain.

As for today's matter, what is wrong and what does it have to do with him.

As a disciple of Daosheng Sect, Zhang Yuhe would definitely not have trouble with him.

The Daosheng Sect obviously showed signs of failure in dealing with the Ouyang family and the Qian family.

It is impossible to provoke their Nine Immortals Sect again.

...

Chapter 157 Planning to fight again after ten thousand years

What happened at the fair soon spread in the market.

Zhang Yuhe would directly trade the immortal weapons captured from the true immortals of the Ouyang family.

No cover at all.

He did not quietly sell the stolen goods, but openly took out all the magical weapons at the trade fair and traded them with everyone.

This is like pressing the Ouyang family's face to the ground and rubbing it hard.

Although everyone speculates that Zhang Yuhe is nothing more than a white glove at most.

In everyone's opinion, he was just helping Xie Mingyuan and disposing of the loot.

But such a move still aroused the interest of many people.

In their view.

Zhang Yuhe handled the loot in public without any scruples.

Obviously he is very confident.

So where does his confidence come from.

Many people believe that Daosheng Sect should have found a strong helping hand.

He is no longer afraid of the challenges from the Ouyang family and the Qian family, so Zhang Yuhe has no scruples.

If Zhang Yuhe knew what everyone was thinking.

He will definitely cry out loudly.

The conscience of heaven and earth.

He really didn't want to slap the Ouyang family in the face.

It doesn't mean that at all.

The reason why I chose to throw out all the immortal weapons in my hands was at the trade fair.

He just finds it convenient.

Isn't that what everyone does by replacing things they don't need with things they need?

The most important thing is that Ji'anfang City is only so big.

Apart from the major forces, there are no super large chambers of commerce.

Even if he wants to find a big customer, he can quietly sell all the fairy weapons.

I can't find it either.

He can't go to other sea areas just to sell the fairy weapon in his hand.

It's totally unnecessary.

...

Tianchen Island, meeting hall.

Ouyang Tianchen sat in the upper position, tapping his fingers lightly on the table.

Ouyang Tianwu, who was at the bottom, was reporting the latest investigation results to him.

"For more than a hundred years, we have activated the secrets lurking among the major forces."

"After detailed investigation, during the period when Mr. Tateyama fell, none of the Golden Immortal monks from the major forces had any records of going out."

"However, our secret agent does not have a high status among the major forces, so the investigation results may not be credible."

"Furthermore, the Golden Immortal monks come and go like the wind. Even if they have been out, it is difficult for ordinary people to detect them."

"The location of the incident is very close to Ji'anfang City. All major forces have Golden Immortal monks stationed in Fang City."

"Especially the Nine Immortals Sect, there are a total of two Golden Immortal monks stationed in Fang City."

"Even if they go out quietly, no one will notice."

Ouyang Tianchen listened to the report quietly.

After a while, he said slowly.

"That is to say, there is still no result yet. It is impossible to determine which force's Golden Immortal monk took action?"

"Yes, Master."

Ouyang Tianwu replied helplessly.

There is no way, there is really no way to check this kind of thing.

He had personally visited the scene of the incident and found that there was no trace of the Golden Immortal monk left at the scene.

Although the traces of the battle at the scene were very obvious.

But those are the auras of true immortal monks.

As for the aura of the Golden Immortal monk, he didn't feel it at all.

Ouyang Tianwu even wondered whether Ouyang Lishan and others were really killed by Xie Mingyuan.

Maybe Xie Mingyuan has some kind of powerful trump card in his hand.

It can kill more than ten true immortal monks instantly.

Thinking of this, he couldn't help but shake his head secretly.

It's not like there are no true immortal cultivators who can instantly kill Ouyang Lishan and others.

The fairy world is vast and boundless, and there is no shortage of amazing geniuses.

It is rumored that some of the most powerful geniuses among the super powerful forces can even be in the true fairyland.

You can defeat the Golden Immortal.

But this is Ji'an waters.

In such a small pond, it is impossible for such a peerless genius to exist.

He also investigated Xie Mingyuan carefully.

Although this ascended monk from the lower realm is quite talented.

Within 200,000 years, he will be able to cultivate to the late stage of True Immortal, and there is hope for Golden Immortal.

But that's all.

In his opinion.

Among the True Immortal cultivators, Xie Mingyuan can only be considered very good, at most he is equal to Ouyang Lishan.

To say that Xie Mingyuan can instantly kill more than ten True Immortals including Ouyang Lishan.

He doesn't believe it.

There must be a key point that they haven't figured out.

Suddenly, Ouyang Tianwu frowned slightly.

He took out a Transmission Mirror and cast a spell.

Looking at the information in the Transmission Mirror, he couldn't help but be a little surprised.

He hurriedly said to Ouyang Tianchen.

"Master, just received news from Ji'an Market."

"A True Immortal disciple of Daosheng Sect took out the immortal tools of Lishan and others and put them on sale at a small trade fair."

"Oh, that person is not Xie Mingyuan?"

Hearing this, Ouyang Tianchen couldn't help but become interested.

In his opinion, the killing of Ouyang Lishan and others must be related to Xie Mingyuan.

The immortal weapons they left behind were either on Xie Mingyuan or on the Golden Immortal behind the scenes.

Why did another person suddenly appear?
