### Section 175

Zhang Yuhe nodded, and the two of them quickly flew to the main hall next to them.

When they arrived outside the main hall, a voice came from the main hall.

"Come in."

The two looked at each other and then walked into the hall.

I saw a tall figure, exuding an aura as deep as the sea, standing in the center of the hall.

They immediately shouted in unison.

"Disciple Xie Mingyuan, pay homage to our ancestor."

"Disciple Zhang Yuhe, pay homage to our ancestor."

Song Heguang turned around and looked at the two of them, his face full of approval.

he said with a smile.

"I have heard about the matter. You have done a good job and have suppressed the arrogance of the Ouyang family."

Xie Mingyuan responded immediately.

"This is what a disciple should do."

When I first reported to the sect.

Xie Mingyuan just said that when he returned to the sect, he was intercepted and killed by Ouyang Lishan and others.

In the end, he used a Thunder Annihilation Talisman to kill all the opponents.

The Thunder Annihilation Talisman is a second-level immortal talisman, which is not only extremely difficult to draw.

Moreover, the materials are also extremely precious, requiring the skin of a special six-star chaos beast as the main material.

Immortal grade talisman seals are very rare in Ji'an waters.

Not to mention second-level immortal talismans, even first-level immortal talismans are rare.

Otherwise, Liu Haitao's Wanli Escape Talisman wouldn't have been so popular last time.

Xie Mingyuan just said that he accidentally obtained a Thunder Annihilation Talisman when he went out on an adventure.

The Dao Sheng Sect had no doubts about this statement and did not delve into it further.

After all, everyone has his or her own opportunities.

It is a taboo for monks to inquire about other people's opportunities. Even the seniors of the sect would not do such a thing.

Besides, Xie Mingyuan killed more than ten true immortal monks from the Ouyang family in one go.

This was a great achievement, and it made the disciples of the sect who were killed in the past get angry.

For this kind of thing, Dao Sheng Sect has always only rewarded it without delving into it.

As for outside speculation.

There is a certain Golden Immortal monk hidden behind Xie Mingyuan's background.

Lian Zhengyu and Song Heguang completely sneered at this statement.

Some people actually believe such nonsense.

Take the current situation of Dao Sheng Sect.

If a new Golden Immortal monk joins, will it still be hidden?

It must be displayed generously to strengthen the sect's momentum.

The same thing, from different standpoints, will lead to different conclusions.

Regarding the rumors from the outside world, Dao Shengzong has never thought of refuting them.

This is good, making the Ouyang family suspicious and buying more time for the development of the sect.

Song Heguang looked at the two of them with very satisfied expressions.

Only with the rise of younger monks can the sect have hope for development.

With a wave of his right hand, a jade bottle slowly flew towards Xie Mingyuan.

Song Heguang said.

"This is the Yun Shen Immortal Pill, which can improve the true immortal monks and has a certain cultivation effect."

"Thank you ancestor for the reward."

Xie Mingyuan reached out to take the jade bottle and responded with excitement.

The elixir that can accelerate the effects of true immortal cultivation is extremely rare in the Ji'an sea area.

It is estimated that Song Heguang specially obtained it from the Tiangong sea area.

You know, this elixir is only effective for true immortals.

Song Heguang himself, as a Golden Immortal monk, has no use for himself.

It was obvious that he bought the Yunshen Immortal Pill from the Tiangong Sea for the sake of the descendants of the sect.

Take care of future generations and ensure orderly inheritance.

This is a basic operation that can be passed down forever by a sect force.

## Chapter 159 Si En Returns

Zhang Yuhe, who was standing nearby, couldn't help but be a little surprised to see Song Heguang being so generous.

He had only heard of the Yun Shen Immortal Pill, but had never seen the real thing.

I heard that to refine this elixir, you need to add Chaos Beast Crystal Core.

Even in those large sea areas, this kind of pill can increase the speed of cultivation.

It is also extremely precious.

He does not have the corresponding elixir recipe, nor does he have the Chaos Beast Crystal Core, so he cannot refine this elixir for the time being.

Song Heguang was able to come up with the Yunshen elixir, which was obviously his intention to take care of his younger generation.

"This Song Ancestor is pretty good."

Zhang Yuhe quickly made an evaluation of Song Heguang.

Right now.

Song Heguang took out a jade slip, turned around and said to Zhang Yuhe.

"You have just joined the sect, so I can't give you too many things. This is what I learned from my cultivation in the True Immortal Realm. I hope it will be helpful to you."

After saying that, the jade slip in his hand slowly flew towards Zhang Yuhe.

Zhang Yuhe took the jade slip and responded respectfully.

"Thank you, ancestor."

The cultivation experience of a Golden Immortal Ancestor is definitely not simple.

It will definitely have some reference significance for his future cultivation.

Next, Song Heguang asked Xie Mingyuan about the current situation in the city.

At the same time, he pointed out the confusion they encountered on the path of spiritual practice.

After a long time, Song Heguang spoke.

"Let's stop here today. You can walk around the city with confidence in the future."

"With me here, Ouyang Tianyue, that old immortal, doesn't dare to make any mistakes."

"yes."

The two of them bowed in response, their faces showing joy.

No one wants to practice cultivation every day.

Taking the initiative to practice in seclusion on one's own initiative, and being blocked or forced into seclusion by others are completely different things.

When the two of them walked out of the hall, they both breathed a sigh of relief.

With the return of Patriarch Song, they have a backbone, and it is much easier to do things.

Zhang Yuhe asked Xie Mingyuan.

"Brother, are you free? Why don't you come to my place and sit down?"

Xie Mingyuan glanced at him, and felt that he had something to say, so he nodded and responded.

"Okay, let's go to your place and talk."

After returning to the house, the two sat down in a small pavilion on the lake.

Zhang Yuhe waved his right hand.

A jade pot and two exquisite wine glasses appeared on the stone table.

He reached out and filled the wine glasses.

The aroma of wine instantly filled the whole house.

Zhang Yuhe smiled and said to Xie Mingyuan.

"Brother, how does this three-color fairy wine taste?"

The three-color fairy wine is similar to the Yunshen Xiandan, and it has the effect of improving the immortal power for the true immortal cultivators.

It is an extremely precious fairy wine.

This was exchanged with a certain scattered immortal at the last trade fair with a low-grade fairy weapon.

The only pity is that the quantity is too small.

There were only two cups of wine in the small jade pot.

Zhang Yuhe had never been willing to drink it before.

"Oh, Junior Brother actually has such a good thing, I will be disrespectful to refuse it."
