### Chapter 179

His and Xie Mingyuan's original mission was to stay in Fangshi.

Maintain the sect's interests in Fangshi.

Now that the war is about to begin, all interests no longer matter.

Regardless of the outcome of the war, the division of forces in the entire Ji'an Sea Area will definitely be reshuffled.

What he has to do now is to choose a key point and deliver a fatal blow to the Ouyang family or the Qian family.

In order to reduce the pressure on the sect.

Zhang Yuhe believes that with the foundation of Dao Sheng Sect.

Yunfei Island, where the mountain gate is located, is not so easy to be breached.

As for returning to Shanmen now?

Obviously not an option.

Yunfei Island is too far away from Fangshi.

Even if he flies at full strength, it will still take him less than half a year.

If he rushes back, the cucumbers and vegetables will be cold.

...

## Chapter 162 Crazy Idea

After receiving the news from Lian Zhengyu.

Zhang Yuhe stood up and quickly came to the side hall.

He slowly walked up to the high platform, stretched out his hand and gently stroked the Jiutian Feiling Root.

He muttered to himself.

"It seems like we are going to go on a killing spree again this time. I hope this innate treasure will not disappoint me."

The Nine Heavens Flying Spirit Root is a heavy-weight innate treasure that matches his immortal body and the law of power.

It must be able to exert great power.

Zhang Yuhe is confident.

Even if you don't need to activate the Hunyuan Guiyi magical power, you can rely on the power of the Nine Heavens Flying Spirit Stick.

It should also be possible to knock the weaker Golden Immortal to death.

What's more, he has other means.

He waved his hand.

The Nine Heavens Flying Spirit Stick emitted a faint golden light and instantly disappeared into his sleeves.

"Hey, Senior Brother Xie is here?"

Zhang Yuhe's consciousness swept over and found that Xie Mingyuan had arrived outside the house.

Presumably he also received the message from Lian Zhengyu.

At this time, Dao Sheng Sect was the only two true immortals left in Fang City.

We should really discuss the next countermeasures carefully.

Zhang Yuhe opened the door and welcomed Xie Mingyuan into the courtyard.

The two of them didn't have time to be polite.

Xie Mingyuan asked anxiously.

"Junior brother, have you received the summons from the sect master?"

"received."

Zhang Yuhe nodded in response.

"The Ouyang family and the Qian family have joined forces to attack the sect. How do you think we should respond?"

Although he ascended two hundred thousand years earlier than Zhang Yuhe, in the world of cultivation.

Always respecting strength.

As early as ten thousand years ago, Zhang Yuhe could instantly kill Ouyang Lishan.

Now that tens of thousands of years have passed, the strength must have improved a lot.

Therefore, Xie Mingyuan felt that Zhang Yuhe still had to make the decision on this matter.

Seeing Xie Mingyuan's anxious look.

Zhang Yuhe was not in a hurry to answer.

After he pondered for a while, he asked.

"Senior brother, do you know that Ouyang Tianyue is still in Fangshi at this time?"

Ouyang Tianyue represents the Ouyang family and has been in Ji'anfang City for a long time.

Zhang Yuhe felt that if this person was still in Fangshi, then they would choose to leave.

Ouyang Tianyue will probably chase him out.

But that's best.

Zhang Yuhe was about to operate on Ouyang Tianyue to test his current strength.

However, Xie Mingyuan shook his head and said.

"As early as three months ago, Ouyang Tianyue had left Fangshi and his whereabouts are unknown."

"But now it seems that he should have gone to join the coalition forces of the two families."

Hearing this, Zhang Yuhe nodded silently.

"Pity."

Originally, he wanted to find Ouyang Tianyue, the lone golden immortal, to test his firepower.

Now it seems that the other party does not give him this opportunity.

But it's normal to think about it.

Ouyang Tianchen wanted to deal with Dao Sheng Sect, so he naturally had to concentrate all his efforts.

Otherwise, what would they use to attack Dao Sheng Sect's mountain gate formation?

There are only nine golden immortals in the two families, excluding the golden immortals who stay in their hometown.

At most, there are only seven Golden Immortals left.

If we further disperse our forces, how can we attack the mountain gate of Dao Sheng Sect?

"What about Qian Hongyi? Has he left Fangshi too?"

Zhang Yuhe was still unwilling to give up and asked Xie Mingyuan again.

Qian Hongyi represents the Qian family and has been in charge of Ji'anfang City for a long time.

Since Ouyang Tianyue was not here, he set his sights on the Qian family.

Anyway, these two snakes and rats are in the same nest.

For him, it doesn't make any difference whichever company he attacks.

Xie Mingyuan didn't know why Zhang Yuhe kept asking about the golden immortal monks from the other family.

But he didn't think too much and answered directly.

"Qian Hongyi is not here either. He left Fangshi half a year ago."

Hearing this, Zhang Yuhe felt helpless.

Is it so difficult to find a single target?

They can't just return to Yunfei Island, right?

There were a lot of golden immortals there, and there were plenty of targets for him to choose from, but there were so many golden immortals.

I'm afraid he can't beat him.

And Yunfei Island is so far away.

By the time he runs over, it might be a little too late.

Thinking of this, Zhang Yuhe asked Xie Mingyuan.

"Senior Brother Youzhi, do you have any suggestions?"

Xie Mingyuan thought for a while and then said firmly.

"There is absolutely no point in returning to the sect at this time."

"But when our sect is in crisis, we can't do nothing."

"I suggest that we go directly to the vicinity of Tianchen Island and harass the Ouyang family's base to achieve the purpose of restraining the other party."

Hearing Xie Mingyuan's suggestion, Zhang Yuhe's eyes lit up.

Tianchen Island is not too far from the market.

If they fly at full speed, they can arrive in half a month at most.

Of course.

As Xie Mingyuan said, harassment is completely unnecessary.

Zhang Yuhe thought.

Don't you Ouyang family want to attack Daosheng Sect?

Then I will destroy your nest first.

He believed that as long as the Ouyang family's base was broken.

I think Ouyang Tianchen will no longer have the heart to fight with Daosheng Sect.
