### Chapter 183

The silver bracelet emitted a faint shimmer, instantly immobilizing him in place, unable to move.

"not good."

Ouyang Tianyue couldn't help but feel anxious when he found that he was suddenly frozen.

He frantically activated his immortal energy, trying to break free from the confinement of the silver bracelet.

At the same time, he shouted to Ouyang Tianchen.

"Master, save me quickly."

When Ouyang Tianchen heard the cry for help, he quickly swung his huge hammer shadow and hit the silver bracelet.

But at this moment.

A breath that frightened him came from the mountain gate of Dao Sheng Sect.

He dodged and quickly flew back.

Boom...

Three hot yellow rays of light shot straight out from the mountain gate of Daosheng Sect.

One of the yellow rays of light directly bombarded Ouyang Tianyue.

Because he was imprisoned by the silver bracelet, he couldn't escape for a while.

He could only watch helplessly as the yellow light blasted his body into pieces.

Not only that.

When Ouyang Tianyue's Nascent Soul flew out from the shattered body.

The violent aura around him instantly turned the Nascent Soul into ashes.

The other two yellow rays of light were locked on Ouyang Tianchen.

But he reacted quickly and quickly got out of the attack range of the yellow light.

The yellow light lost its target and directly bombarded the deserted sea.

In an instant, huge waves arose.

Faced with the sudden change, the monks of the Ouyang family and the Qian family couldn't help but be frightened.

They all dispersed like birds and beasts, quickly flying back away from the mountain gate of Dao Sheng Sect.

Hundreds of thousands of miles away from Yunfei Island.

Ouyang Tianchen stopped.

At this time, his face was gloomy and scary.

He muttered through gritted teeth.

"Mid-grade immortal-killing cannon?"

"How is this possible? Why does Dao Sheng Sect have a middle-grade immortal-killing cannon?"

Thinking of being attacked by the middle-grade Immortal-Destroying Cannon just now, he couldn't help but feel a little scared.

If he hadn't reacted quickly, he might have followed in Ouyang Tianyue's footsteps.

But, why does Dao Sheng Sect have middle-grade immortal-killing cannons, and there are as many as three of them.

This made him feel very incredible.

The preciousness of the middle-grade immortal-killing cannon is far beyond the imagination of ordinary people.

The Ouyang family, after countless years of accumulation, finally managed to obtain five low-grade immortal-killing cannons.

However, in front of the middle-grade immortal cannon.

The low-grade Immortal-killing Cannon is a scumbag.

The Golden Immortal cultivator will instantly turn into ashes after receiving a hit from the middle-grade Immortal-Destroying Cannon.

Ouyang Tianyue is the best example.

He couldn't even escape from Nascent Soul.

Why did such a powerful weapon appear in the waters of Ji'an?

Why did it appear in Daosheng Sect.

Ouyang Tianchen couldn't understand it at all.

As far as he knows.

Even the Nangong Immortal Clan does not have many middle-grade immortal cannons.

Moreover, these immortal cannons are basically arranged in the fairy cities of Chaos Continent.

Where did the Dao Sheng Sect get these three middle-grade immortal-killing cannons?

Could it be that Lu Yunfei got it from Chaos Continent before?

Thinking of Lu Yunfei's legend, Ouyang Tianchen couldn't help but beat a drum in his heart.

"Lu Yunfei doesn't know how. Is he not dead yet?"

Thinking of this, Ouyang Tianchen felt the urge to retreat.

He was really scared.

As soon as the Dao Sheng Sect took action, it used three mid-level cannons to kill Ouyang Tianyue instantly.

This asks them to continue, how to fight?

Who dares to withstand the attack of the middle-grade immortal-killing cannon and attack the mountain gate of the Dao Sheng Sect.

Unless Taiyi Immortal takes action.

Otherwise, whoever goes will die.

He was able to avoid it in time just now, but this does not mean that he will have such good luck every time.

Just when Ouyang Tianchen wanted to quit.

Qian Mu flew from a distance and quickly landed beside him.

The two looked at each other and didn't know what to say for a moment.

Their original high spirits did not last for half a quarter of an hour before they were shot down by the middle-grade immortal-killing cannon.

After being silent for a while, Qian Mu asked slowly.

"I hope Brother Ouyang can come up with an idea about what to do next."

Ouyang Tianchen said silently.

"How about we just retreat?"

He really didn't want to fight.

The power of the middle-grade immortal-killing cannon is really terrifying.

Although the reaction speed of the Golden Immortal monk is extremely fast, you just need to pay attention.

Generally speaking, it is not that easy to be hit by the immortal cannon.

But who can guarantee that he will not make any mistakes?

Once you make a mistake, it will cost you your life.

Moreover, Dao Sheng Sect is not a dead target.

There are also two golden immortal monks, Lian Zhengyu and Song Heguang, present inside the mountain gate.

Just now, Ouyang Tianyue was immobilized by Lian Zhengyu using an immortal weapon.

That's why he was beaten to ashes by the middle-grade immortal-killing cannon.

Since Lian Zhengyu can immobilize Ouyang Tianyue, he can immobilize others.

Faced with such a situation, who would dare to step forward.

If you go up there, you will die.

Whoever is immobilized will be shot and left to die.

Whether it is the middle stage of Golden Immortal or the early stage of Golden Immortal.

In front of the middle-grade immortal-killing cannon, there is no difference.

They all die in one shot.

If no one dares to step forward, it will be impossible to destroy the Dao Sheng Sect.

This is a complete dead end.

Therefore, Ouyang Tianchen did not want to fight.

One golden immortal in the Ouyang family has died, and he does not want to lose the second golden immortal.

...

Chapter 166 Killing a few Golden Immortals is not a difficult task

Seeing Ouyang Tianchen wanting to retreat, Qian Mu couldn't help but get anxious.

If you don't kill the tiger, you will suffer.

Now they have torn their faces with the Daosheng Sect, and there is no room for maneuver.

Once the Daosheng Sect recovers, how will they deal with themselves in the future.

Thinking of this, Qian Mu said loudly.

"Brother Ouyang, we must not retreat."

"The middle-grade Immortal-killing Cannon is not unmovable, if we each retreat."

"What if Lian Zhengyu comes to our door with the middle-grade Immortal-killing Cannon, what should we do?"

"The mountain gate formation of our two families can't withstand the bombardment of the middle-grade Immortal-killing Cannon."
