### Chapter 167 Supreme Prodigy

Seeing Zhang Yuhe so confident, Xie Mingyuan stopped trying to persuade him.

He knew that some geniuses were beyond his imagination.

Although there had never been a record of a True Immortal cultivator defeating a Golden Immortal in the Ji'an Sea.

But this does not mean that no one can do it.

In fact, in some seas.

Occasionally, some peerless prodigies would appear who could defeat Golden Immortal cultivators in the True Immortal Realm.

In his opinion, Zhang Yuhe might be even stronger than those so-called peerless prodigies.

Because last time, when facing Ouyang Lishan and others.

Even though he saw it with his own eyes.

Still didn't understand how Zhang Yuhe did it, killing more than a dozen True Immortal cultivators on the other side in an instant.

You know, there was also Ouyang Lishan, the True Immortal Great Perfection.

Despite this.

More than a dozen True Immortal cultivators on the other side seemed to be suddenly stupid.

They didn't make any resistance at all, and were killed by Zhang Yuhe in one move.

Looking back now, Xie Mingyuan is still confused.

I don't know what happened at that time?

The mystery of the law of time is not something he can understand.

In his opinion, Zhang Yuhe is even more mysterious than those Golden Immortal ancestors.

Thinking of this, Xie Mingyuan couldn't help but feel excited.

If Ouyang Tianwu could be killed.

Then the crisis faced by Daosheng Sect would be resolved immediately.

The old nest was stolen.

Can the Ouyang family continue to fight?

If that happens, they are afraid that they will not be able to continue to gain a foothold in the Ji'an Sea.

...

The two hid their bodies and flew quickly to Tianchen Island.

They flew over the outer islands of the Ouyang family all the way.

But they were not discovered.

In order to attack the gate of Daosheng Sect, Ouyang Tianchen drew out all the elite forces in the family.

Now there is not even a true immortal cultivator left in various places.

The weak children of the Ouyang family who stayed behind could not find the traces of Zhang Yuhe and the others.

Half a day later.

An island with a radius of hundreds of thousands of miles appeared in their sight.

It was Tianchen Island.

Zhang Yuhe looked around.

He saw streams of light coming in and out of Tianchen Island from time to time.

As the mountain gate station of the Ouyang family.

Tianchen Island is very prosperous with constant flow of people.

The Ouyang family has been passed down on Tianchen Island for more than three million years.

The number of family children is extremely large.

There are five Golden Immortals and hundreds of True Immortals.

As for the family children below the True Immortal, there are tens of billions.

A large number of family children live scattered on various small islands outside.

Those who can stay in Tianchen Island for a long time are all elite children of the Ouyang family.

...

In a hall somewhere on Tianchen Island.

Ouyang Tianwu was sitting cross-legged on the practice platform, but his mind could not calm down at this time.

I received the news from the head of the family before.

Their attack on Daosheng Sect was not smooth.

No one could have imagined that Daosheng Sect would have a mid-grade Immortal-Destroying Cannon.

Frightened by the power of the Immortal-Destroying Cannon.

The Golden Immortal cultivators of the two families did not dare to step forward at all.

They could only slowly fight against Daosheng Sect.

After receiving this news, Ouyang Tianwu has been distracted.

He has an indescribable feeling.

It seems that something big is going to happen.

The elite forces of the Ouyang family are all concentrated on Yunfei Island.

Except for him, the Golden Immortal ancestor, there is not even a True Immortal left in the family residence.

This makes him very anxious.

In his opinion, the longer things drag on.

The more disadvantageous it will be for them.

Because in the Ji'an Sea, there are not only Daosheng Sect and their two family forces.

There are also the more powerful Wanshou Sect and Jiuxianmen.

Now they are in a stalemate with Daosheng Sect.

Will these two major sects take the opportunity to launch a sneak attack?

Ouyang Tianwu felt that if he were the leader of these two forces.

Then he would definitely seize this rare opportunity to launch a sneak attack.

And it was to sneak attack their Ouyang family or Qian family.

Who left them with an empty rear?

Who else to attack?

For this reason, after the news from the head of the family came back, Ouyang Tianwu secretly raised his guard.

"Hey, where did the two True Immortals come from?"

His spiritual sense swept across the periphery of Tianchen Island, and suddenly found Zhang Yuhe and Xie Mingyuan outside.

Ouyang Tianwu stood up, immediately opened the defense formation, and then quickly flew out of the island.

Although he only found two True Immortal cultivators, he still did not dare to be careless.

Who knows if there will be other Golden Immortal cultivators hiding nearby.

Ouyang Tianchen asked him to stay at the family residence because he saw his cautious character.

A faint light curtain slowly rose on Tianchen Island.

Ouyang Tianwu passed through the light curtain and flew towards this side quickly.

A strong breath was seen flying out of Tianchen Island.

Xie Mingyuan was secretly on guard.

From the aura, he knew that the other party was a Golden Immortal cultivator.

He turned back to look at Zhang Yuhe.

Zhang Yuhe looked indifferent, as if he didn't notice the other party.

Seeing Zhang Yuhe so calm, Xie Mingyuan gradually put his mind at ease.

This time he was just a bystander, and everything was based on Zhang Yuhe.

Soon, Ouyang Tianwu showed up.

When he saw that there were only Zhang Yuhe and Xie Mingyuan.

He couldn't help but feel a little confused.

He opened his spiritual sense to scan the surroundings, and indeed found no enemies hiding nearby.

Ouyang Tianwu was furious.

This was too much of a disregard for him, two True Immortal cultivators dared to go wild on Tianchen Island.

He snorted coldly.

"Hmph, you two dare to come to Tianchen Island, are you here to die?"

Ouyang Tianwu was in charge of the specific affairs of the family, so he naturally recognized Zhang Yuhe and Xie Mingyuan.

Zhang Yuhe glanced at Tianchen Island in the distance, then turned back and said lightly.

"Tianchen Island is not Chaos City, why don't we dare to come?"
