Chapter 186

"It's not like I'm sending you to death, but I'm interested in sending you to death."

"Arrogant."

Ouyang Tianwu was completely furious.

Zhang Yuhe, a little immortal who had just ascended to heaven and was only ten thousand years old, was so arrogant.

He couldn't stand it.

Ouyang Tianwu slapped out with one palm.

The huge palm shadow instantly enveloped the two of them.

Feeling the terrifying pressure of the Golden Immortal cultivator, who was doing his best.

Xie Mingyuan next to him almost felt a little unstable.

"Hmph."

Zhang Yuhe snorted coldly.

He stretched out his right hand.

A golden long stick instantly appeared in his hand.

The Nine Heavens Flying Spirit Stick shone with a faint golden light, but its aura was ordinary and without substance.

It was impossible to tell what grade of magic weapon it was.

Zhang Yuhe did not activate the Hunyuan Guiyi magical power.

He wanted to see if he could kill a Golden Immortal under normal circumstances.

Zhang Yuhe waved the Nine Heavens Flying Spirit Stick, and the majestic law of power instantly surged from the stick.

He ignored the giant palm that was pressing down, and directly swung the Nine Heavens Flying Spirit Stick, rushing towards Ouyang Tianwu.

The Nine Heavens Flying Spirit Stick carried a force of ten thousand kilograms and quickly smashed towards Ouyang Tianwu.

The shadow of the stick had not yet reached him.

Ouyang Tianwu suddenly felt his whole body stagnate.

The strong gravity made him fall to the sea surface involuntarily and quickly.

"No, it's the law of power."

Thinking of this, Ouyang Tianwu was shocked.

He was a golden immortal cultivator, but he was suppressed by the breath of a true immortal.

That can only be the supreme law.

According to the characteristics of gravity, he quickly thought of the law of power.

This made him startled.

There has been such a saying in the fairy world.

The cultivators who master the supreme law can be called the supreme Tianjiao.

The supreme Tianjiao has unparalleled combat power, far exceeding the cultivators of the same level.

Even if it is a reverse attack on the upper realm, it is not impossible.

Thinking of this.

Ouyang Tianwu's heart sank.

Dao Sheng Zong actually showed up, a person like Zhang Yuhe who defied the heavens.

Their Ouyang family, this time, was afraid that they had really hit a wall.

...

Chapter 168 The Fall of Ouyang Tianwu

Ouyang Tianwu's mind was working fast.

When he saw Zhang Yuhe displaying the law of power, he secretly made up his mind.

He must solve the opponent as soon as possible before he rises.

Now Zhang Yuhe is only in the late stage of True Immortal.

Once he successfully advances to the Golden Immortal Realm, it will be the end of the Ouyang family.

Thinking of this.

Ouyang Tianwu shouted loudly.

A light yellow halo spread from his body.

The Law of Earth is a small success.

Ouyang Tianwu rarely takes action, and few people know that he has already comprehended the law to the small success level.

The law comprehension is very time-consuming, in order not to delay the progress of cultivation.

Many Golden Immortal cultivators only comprehend the law.

The small success of the Law of Earth is Ouyang Tianwu's trump card.

But now, he couldn't care about hiding any trump cards.

He only wanted to get rid of Zhang Yuhe as soon as possible.

With the activation of Xiaocheng's Law of Earth.

The gravity surrounding him disappeared in an instant.

Ouyang Tianwu raised his palm and slapped Zhang Yuhe.

However, Zhang Yuhe's action did not change at all, and he still swung the Nine Heavens Flying Spirit Stick and smashed it down.

The heavy Nine Heavens Flying Spirit Stick instantly broke the palm shadow and continued to smash towards Ouyang Tianwu.

"Not good."

Seeing this situation, Ouyang Tianwu was shocked.

After fully activating the Law of Earth, he was no longer affected by Zhang Yuhe's Law of Power.

But the Nine Heavens Flying Spirit Stick, carrying a force of ten thousand kilograms, was completely irresistible.

Ouyang Tianwu quickly offered a yellow shield.

He didn't even have time to inject immortal energy.

He just barely blocked the yellow shield in front of him.

Boom...

The Nine Heavens Flying Spirit Stick hit the shield, instantly knocking the yellow shield away.

Ouyang Tianwu vomited blood, and flew back quickly with a pale face.

Soon he fell into the light curtain of Tianchen Island.

At this time, he couldn't help but feel lucky.

Fortunately, he opened the defense formation in advance.

Otherwise, he might have been killed by the opponent just now.

Seeing his ancestor spitting blood and flying down.

The Ouyang family members on Tianchen Island were shocked.

They came forward one after another and asked anxiously.

"Ancestor Tianwu, what happened?"

Just now, Ouyang Tianwu suddenly opened the defense formation, and then a war broke out outside.

Immediately afterwards, the ancestor returned with serious injuries.

Even now, they still don't understand what happened.

After all, the highest cultivation level of these children who stayed behind is only the Mahayana realm.

With their spiritual sense, they can't see the situation in the distance at all.

Ouyang Tianwu took a deep breath and shouted loudly.

"There is an invasion by foreign enemies. You should quickly return to the key points to guard them."

After saying this, he felt a little helpless.

How could these disciples below the level of True Immortals defend anything?

Fortunately, he had activated the formation in advance.

The mountain gate formation of the Ouyang family is a genuine second-level defensive formation.

Even for a Golden Immortal cultivator, it is not so easy to break through.

However, thinking of Zhang Yuhe and his terrifying strength, he felt very worried.

Zhang Yuhe severely injured him with a stick.

If there is no support.

Even with the help of the formation, he is afraid that he can't hold on for long.

Thinking of this.

He quickly took out the Immortal Mirror and sent a distress message to Ouyang Tianchen.

...

Zhang Yuhe stood on the outskirts of Tianchen Island.

Seeing Ouyang Tianwu escaping into the formation, he did not stop him.

Anyway, he wanted to catch them all in one fell swoop.
