Chapter 188

It's not just about defeating the Golden Immortal monk.

Instead, he directly beat Ouyang Tianwu to death.

The whole process was painless.

Ouyang Tianwu was beaten to death with one stick.

The situation is more like Zhang Yuhe is a golden immortal, while Ouyang Tianwu is a true immortal.

The contrast made Xie Mingyuan feel very shocked.

Zhang Yuhe ignored Xie Mingyuan, who was still in a daze beside him.

He quickly pressed the magic formula, and three thousand incarnations rushed towards Tianchen Island in an instant.

As the mountain gate residence of the Ouyang family.

Tianchen Island is vast in area, with a radius of hundreds of thousands of miles.

The two of them searched slowly.

I want to plunder all the resources on the island.

I'm afraid it will take a long time.

They don't have that much time to stay here and search slowly.

Although the incarnation is not strong.

But for searching for resources, there is no problem at all.

Anyway, he has killed all the monks in the Ouyang family.

Seeing Zhang Yuhe leaving, Xie Mingyuan did not delay any longer.

He chose a direction and flew over quickly.

The Ouyang family's three million years of accumulation are basically all on Tianchen Island.

Any rare resources he could find were enough for him to cultivate to the Golden Immortal Stage.

This opportunity cannot be missed.

...

The outskirts of Yunfei Island.

Nearly a thousand True Immortal monks are storming the gate of Dao Sheng Sect.

They either used fairy weapons or used magical powers to continuously attack the mountain gate formation.

The two families had a total of ten low-grade immortal-killing cannons, and they were also firing continuously.

The Daosheng Sect disciples guarding the mountain gate also used their own methods.

Intercepted a small part of the opponent's attack.

However, due to the huge disparity in strength.

There were still a lot of attacks, and they finally landed on the defensive light curtain of the mountain gate formation.

The light blue light curtain was hit with ripples.

But that's about it.

Without the help of the Golden Immortal monks, they would rely solely on the two True Immortals.

It was completely unable to break the Dao Sheng Sect's defensive formation.

They can only suppress the Dao Sheng Sect inside the mountain gate, unable to go out.

At this time.

Ouyang Tianchen, who was standing far away, suddenly frowned slightly.

He just received the news from Ouyang Tianwu.

Two True Immortal disciples of Dao Sheng Sect fought outside Tianchen Island.

Originally this was not a big deal.

After all, Ouyang Tianwu stayed on Tianchen Island.

Two True Immortal disciples collided with the Golden Immortal monk's gun.

Logically speaking, he should have been shot to death long ago.

However, according to Ouyang Tianwu's summons.

Zhang Yuhe of Dao Sheng Sect actually understood the law of power.

He was so powerful that he was seriously injured with just one stick.

Absolutely not, treat him like a normal true immortal monk.

At this time, Ouyang Tianwu had been forced to retreat to Tianchen Island, and he was using the island's defensive formation to hold on.

Ouyang Tianwu hoped that he would take people back immediately.

Otherwise, the family residence that has been inherited for three million years may soon be lost.

Faced with this situation, Ouyang Tianchen once again thought of quitting.

He doesn't know what's going on on my island in Tianchen.

But based on his understanding of Ouyang Tianwu.

If it wasn't an emergency, you would definitely not call him for help one after another.

Qian Mu, who was standing next to him, saw that something was wrong with Ouyang Tianchen's expression.

He asked immediately.

"Brother Ouyang, what happened?"

Ouyang Tianchen organized his thoughts before speaking slowly.

"I just received a message from Tianwu that two True Immortal disciples from Dao Sheng Sect have attacked outside Tianchen Island."

Hearing this, Qian Mu couldn't help but breathed a sigh of relief.

He thought something big had happened.

How big a deal do two true immortal disciples count?

The number of true immortal monks gathered here from both sides is almost over a thousand.

Moreover, Ouyang Tianwu is staying on Tianchen Island at the moment.

The two true immortal disciples of the Saint Sect must have been dead for a long time.

Thinking of this, he smiled and said.

"Brother Tianwu must have captured those two people, right?"

However, Ouyang Tianchen shook his head and said.

"No, according to Tianwu, one of the True Immortal monks understood the law of power."

"It only took one move to seriously injure him."

"Now Tianwu has activated the defensive formation and retreats to Tianchen Island."

Hearing this, Qian Mu couldn't help but be shocked.

The law of power is the supreme law.

He even doubted whether Ouyang Tianwu had seen it wrong.

Mistaking other laws for the law of power.

But thinking about Ouyang Tianwu, he was seriously injured by the opponent's blow.

He also believed that this might be true.

The true immortal monk reverses the golden immortal.

In addition to the Supreme Law, it is indeed difficult to have other means to achieve this.

But how is this possible?

When did such a heaven-defying person appear in the small sea area of Ji'an?

Thinking of this, he quickly asked Ouyang Tianchen.

"Brother Tianwu read it right, who is that person?"

Ouyang Tianchen said with a sad face.

"It's impossible for Tianwu to be wrong about this kind of thing. The name of the true immortal monk who understands the law of power is Zhang Yuhe."

"He is an ascended monk who has just come up from the lower world in the past ten thousand years."

"Zhang Yuhe..."

Hearing this name, Qian Mu silently recalled it.

Soon he figured out who this person was.

Ten thousand years have passed, and Zhang Yuhe has become slightly famous for his weapon-refining skills.

Although he did not enter Qian Mu's key observation target, he also knew this person.

At this time, Ouyang Tianchen spoke again.

"Brother Qian, I plan to return to Tianchen Island first. That is where the mountain gate of our Ouyang family is located. No accidents can happen."

Hearing this, Qian Mu fell into silence.

If Ouyang Tianchen took people away, then their action this time would be a complete failure.

Their Qian family had no confidence that they could deal with Daosheng Sect alone.

However, he also knew that in the case of Tianchen Island being attacked.

Ouyang Tianchen could not continue to stay.
