### Chapter 190

Ouyang Tianchen looked up at Yu Liwei and asked with a gloomy face.

"What does Sect Master Yu mean? Do you want to intervene in the dispute between us and Daosheng Sect?"

Yu Liwei smiled beautifully and replied lightly.

"Whatever you think, we are all going to die anyway."

Hearing this, Ouyang Tianchen and Qian Mu knew that today's matter might not end well.

Although they didn't know why, Yu Liwei was determined to be their enemy.

Then they had to fight.

They had seven Golden Immortals, and there were nearly a thousand True Immortals around.

If they really had to fight, they were not afraid.

The only trouble was that they wanted to go back as soon as possible, which might be a bit difficult.

Once Yu Liwei held them back for too long, who knew what else Zhang Yuhe would do?

Ouyang Tianchen said with a gloomy face.

"Master Yu is so confident? We have seven Golden Immortals here?"

"As long as Master Yu does not interfere in this matter, we promise that we will never step into the territory of Daosheng Sect again."

Yu Liwei stood on the top of the flying boat, and the sea breeze blew across her beautiful figure.

Her dress fluttered, as if she were a goddess in the world.

She swept her eyes across the crowd and said lightly.

"What's the use of having so many people? They are just a group of ants who have never seen the world."

Her words were full of domineering, and she did not take Ouyang Tianchen and others seriously at all.

## Chapter 171 The Power of the Dream Law

"Arrogant."

Hearing Yu Liwei's words, Ouyang Tianchen could not help but get angry.

This is completely ignoring them.

You know, they have seven Golden Immortal cultivators.

And Yu Liwei is only one person.

Even if Lian Zhengyu and Song Heguang from Daosheng Sect come out, it is still seven to three.

Although Yu Liwei is a late Golden Immortal, her strength should be much stronger than theirs.

But Ouyang Tianchen thought.

Relying on the advantage in numbers, even if they can't win, they will definitely not suffer too much.

Ouyang Tianchen turned his head and looked at Qian Mu, and the two nodded silently.

It's not that they want to be enemies with Jiuxianmen, but Yu Liwei won't let them go.

In this case, there is nothing to say.

This fight, they don't want to fight, but they have to fight.

Ouyang Tianchen sacrificed a sledgehammer, and Qian Mu took out a pair of ring-shaped immortal weapons.

The two looked at each other, and then quickly pounced on Yu Liwei.

At the same time, Ouyang Tianchen said loudly.

"Together, kill her."

The other golden immortals at the scene also quickly sacrificed immortal weapons, turning into countless lights and attacking Yu Liwei.

They all understood.

This place is not far from Daosheng Sect.

Once it takes too long, Lian Zhengyu and Song Heguang will definitely come out to support.

They thought that if they could seriously injure Yu Liwei before Lian Zhengyu arrived.

Then the following things would be much easier.

Watching everyone rushing over.

Yu Liwei looked calm.

A jade-colored seven-stringed harp suddenly appeared in front of her.

Yu Liwei gently plucked the strings.

Ding Dong...

The crisp sound reached everyone's ears.

Everyone at the scene couldn't help but be stunned, as if immersed in a dream.

"No, it's the law of dreams."

Ouyang Tianchen shouted.

An inexplicable breath surged from his body.

He quickly woke up.

However, before he could make any other moves.

Yu Liwei waved her right hand.

Five long gun barrels suddenly stretched out from the flying boat.

"Middle-grade Immortal-destroying Cannon?"

Seeing this situation.

Ouyang Tianchen wanted to curse.

This is too bullying.

Dao Sheng Sect has three middle-grade immortal-destroying cannons, so that's fine.

After all, it can be said that it was the trump card left by Lu Yunfei in the past.

But why, Yu Liwei also has a mid-grade immortal-destroying cannon, and there are five of them.

How can we fight this?

It is said that the mid-grade immortal-destroying cannon is extremely precious, and even the Nangong Immortal Clan does not have many.

But why, when it comes to their opponents, it becomes like cabbage.

In just a few days, they have encountered eight mid-grade immortal-destroying cannons.

However, Ouyang Tianchen could not think too much at this time. He quickly urged the power of the law to keep himself awake.

Then he quickly flew back.

At this time, Qian Mu also woke up.

Seeing the five huge gun barrels on the flying boat.

He didn't even think about it, and immediately flew back.

He really couldn't afford to mess with the mid-grade immortal-destroying cannon.

Boom...

With Yu Liwei's right hand waved.

Five mid-grade immortal-destroying cannons fired at the same time.

The scorching light instantly rushed towards the five golden immortal cultivators on the opposite side.

Now they are still immersed in the dream law, completely unable to extricate themselves.

When the light approached, they woke up.

However, it was too late.

As the light flashed.

The five Golden Immortals didn't even have time to scream.

They were turned into ashes by the Immortal-Destroying Cannon.

The middle-grade Immortal-Destroying Cannon can even kill a six-star Chaos Beast.

It can be said that it is a bit of a waste of talent to use it against Golden Immortal cultivators.

As long as it can hit, the Golden Immortal cultivator will definitely die.

Ouyang Tianchen and Qian Mu looked at each other.

Their two major family forces originally had nine Golden Immortal cultivators.

Now there are only two of them left.

The two of them were filled with grief, but they didn't dare to think about it anymore.

They are only thinking about how to get out.

On Daosheng Peak.

Lian Zhengyu saw Yu Liwei coming and killed five of the other side's Golden Immortal cultivators in an instant, and he couldn't help but be overjoyed.

He quickly took Song Heguang and flew out of the mountain gate.

They had been holding their breath when they were blocked by the other side before.

Now that there are strong reinforcements, won't Ouyang Tianchen and Qian Mu be left behind?

Lian Zhengyu stood on the flying boat, with three huge gun barrels pointing straight to the sky.

Under normal circumstances, even if he brought a mid-grade Immortal-killing Cannon, he couldn't deal with Ouyang Tianchen and others.
