Chapter 193

Because there were so many things seized, he didn't even have time to sort them out.

They were all thrown into the Wanling Map.

Let Zhang Shen inside slowly help him sort it out.

Anyway, Zhang Shen, the ginseng doll, stayed in the Wan Ling Tu all day long and had nothing to do.

Just looking for something to enrich him.

Xie Mingyuan next to him also closed his mouth with a smile.

Although his gains are far less than Zhang Yuhe's.

But after all, he didn't do anything, he just followed behind to make soy sauce.

Being able to get such a windfall made him a little embarrassed.

Xie Mingyuan initially planned to hand over all the harvested resources to Zhang Yuhe.

However, Zhang Yuhe refused.

No need.

He doesn't lack that much either.

...

The worries about the sect that originally appeared on their faces had long since been wiped away.

Not long after they conquered Tianchen Island, news came from Lian Zhengyu.

The leader of the Nine Immortals Sect, Yu Liwei, took action and had already killed all the Golden Immortal monks from the Ouyang family and the Qian family.

Not only that, the true immortal monks from the two families were basically wiped out.

Now the Nine Immortals Sect and Dao Sheng Sect are making every effort to eliminate the remaining forces of the two families everywhere.

You can say that.

From then on, there were no more Ouyang family and Qian family in the Ji'an sea area.

They couldn't help but breathe a sigh of relief as the sect's crisis was lifted.

Lian Zhengyu informed Zhang Yuhe and Xie Mingyuan.

Let them ignore other matters for the time being and quickly return to the sect's headquarters.

...

Three months later.

A stream of light streaked across the horizon.

Zhang Yuhe drove a flying boat and appeared outside Yunfei Island.

He looked around and saw people coming and going on Yunfei Island, which had restored its former prosperity.

The original traces of the war have long been cleaned up.

They quickly flew into the mountain gate.

Soon we arrived at the meeting hall.

At this time, in the main hall, Lian Zhengyu and Yu Liwei were drinking tea and talking and laughing.

After Zhang Yuhe and Xie Mingyuan entered the hall, they shouted in unison.

"Disciple Zhang Yuhe has met the sect master."

"Disciple Xie Mingyuan, meet the master of Yuan Sect."

Seeing the two people coming in, Lian Zhengyu stood up with a smile on his face and introduced them.

"This is Master Yu of the Nine Immortals Sect. Come and meet him."

"Meet Master Yu."

Zhang Yuhe and Xie Mingyuan immediately bowed to pay homage.

Yu Li nodded slightly.

Lian Zhengyu called them over.

Asked carefully how Zhang Yuhe broke through the Tianchen Island defense formation and killed Ouyang Tianwu.

Zhang Yuhe didn't hide it either.

It's just that, with the blessing of the law of power, it took almost no effort.

He broke through the defensive formation on Tianchen Island and killed Ouyang Tianwu.

He didn't say much.

For example, the Law of Time and the Nine Heavens Flying Spirit Stick.

It would be very troublesome to explain these things one by one.

Just don't bother to say it.

Lian Zhengyu listened quietly and nodded in response from time to time.

After a long time, he said happily.

"Very good. With your presence, Dao Sheng Sect will definitely develop and grow in the future."

"When Senior Brother Lu comes back, I will definitely feel relieved."

They chatted for a while, and Zhang Yuhe and Xie Mingyuan were about to turn around and leave.

"Wait a moment."

At this moment, Yu Liwei, who was sitting next to him, suddenly called Zhang Yuhe to a stop.

Then he turned to Lian Zhengyu and asked.

"I would like to have a chat with this disciple alone, is that possible?"

Hearing this, Lian Zhengyu couldn't help but be stunned.

He didn't know what Yu Liwei wanted to talk to Zhang Yuhe alone.

But he didn't refuse, he just looked at Zhang Yuhe.

Zhang Yuhe nodded and did not object.

He didn't know what Yu Liwei wanted to say to him, so much so that she wanted to push Lian Zhengyu and others away.

But as long as there is no malice, it doesn't matter.

I'll find out later by asking.

Lian Zhengyu led Xie Mingyuan out of the hall.

There were only two people left in the hall, Zhang Yuhe and Yu Liwei.

Yu Li stood up slightly and asked with a smile.

"The technique you practice is the Hunyuan Heavenly Scripture, right?"

Hearing this, Zhang Yuhe couldn't help but be stunned.

Originally, he thought that after arriving in the immortal world, no one would be able to see the techniques he practiced.

When Yu Fantian was there, someone in the sect knew that he was practicing the Hunyuan Heavenly Scripture, so that made sense.

After all, the process of entering the Sutra Pavilion and choosing the exercises could not be concealed from the top management of the sect.

But after arriving in the fairy world, no one should know.

He just observed the stone tablet in Zongmen Square for a while.

Has this been discovered too?

Seeing Zhang Yuhe's expression, Yu Liwei knew that she had guessed correctly.

She said slowly.

"Although the Supreme Law is strong and can indeed defeat the Golden Immortal, it will never be so easy."

"If the technique you practice is the Hunyuan Heavenly Scripture, then it makes sense."

After a pause, Yu Liwei continued to ask Zhang Yuhe.

"Do you know the origin of the Hunyuan Scripture?"

Zhang Yuhe shook his head.

He only knew that the two stone tablets were obtained by Lu Yunfei from the Chaos Continent.

As for where it came from, he really didn't know.

Yu Liwei sat there quietly, as if recalling something.

After a while, she said slowly.

"About a million years ago, when Lu Yunfei and I were exploring the Chaos Continent, we accidentally discovered a cave where Taiyi Immortal was seated."

"We obtained a lot of resources for cultivating immortals from that cave."

"Those middle-grade immortal-killing cannons were obtained there."

"But the biggest gain is the two stone tablets recording the Hunyuan Scripture."

"According to the jade slip left by the deceased Taiyi Immortal."

"He lurked into the center of Chaos Continent and found two stone tablets on an altar."

"After stealing the stone tablet, he was chased by the Chaos Beast."

"In the end, he had no choice but to die because of the power of the curse."

"According to the speculation of the Great Yi Immortal, those two stone tablets should record the techniques passed down by the Supreme Chaos."

Hearing this, Zhang Yuhe couldn't help but ask.

"What is Chaos Supreme? Chaos beasts, except for one star to nine stars, are above Chaos King Beast and Chaos Beast Lord."

"Is there any existence more powerful than the Chaos Beast Lord?"
