Section 261

And every kind of explosive magical power will have great sequelae.

Seeing Zhang Yuhe suddenly burst out.

Everyone felt it was a pity.

It's totally unnecessary.

Zhang Yuhe didn't care about other people's thoughts.

He just silently felt the powerful strength brought to him by Hunyuan Guiyi's magical power.

"Hurry up and quickly clear out the low-level chaos beasts outside the city."

"Then look for opportunities to see if we can kill a few seven-star chaos beasts."

After activating the magical power of Hunyuan Guiyi.

When Zhang Yuhe saw the seven-star chaotic beasts outside the city, he couldn't help but be eager to try.

These are all existences that can rival Taiyi Immortal Lord.

Each one has the ability to destroy heaven and earth.

But he still has confidence.

At least you can kill one or two.

Zhang Yuhe waved his right hand.

The nine flying swords quickly fell towards the outside.

Follow the magic formula and pinch it.

A magnificent sword energy curtain slowly rose outside the Tiangong City.

All the chaotic beasts on the scene were shrouded in the sword energy light curtain.

Whether it's the nine-star Sand Demon Sky or those one-star cannon fodder.

All of them were trapped by the Nine Heavens Hunyuan Sword Formation.

"not good."

Saw the sword array fall.

Sha Motian couldn't help being surprised.

Although it has not yet seen the specific power of this sword formation.

But intuition tells it.

This sword formation is not simple.

We must find a way to break this sword formation as soon as possible.

Otherwise, we don't know what unexpected things will happen.

However.

Sha Motian is currently fighting with Nangong Tianming.

It is completely inescapable.

However, he couldn't escape for a while, but other high-level chaos beasts could.

This time to deal with Tiangong City.

A total of thirty-eight Taiyi realm chaos beasts were dispatched from Mingsha Ridge.

It can be said that this is a killing of chickens with a bull's-eye.

In terms of combat power, they have always had surplus.

They are now completely suppressing the Nangong Immortal Clan and fighting.

In addition to Nangong Tianming, Nangong Tianxin and Nangong Tianyu, the two Taiyi Immortal Lords.

At present, it can only be barely supported.

Therefore, there is no problem at all if you draw out a few seven-star chaos beasts and break the sword array first.

Think of this.

Sand Demon shouted loudly.

"Two of you, first break the sword array, and then kill that Golden Fairy boy."

do not know why.

Sha Motian always felt that Zhang Yuhe was a bit unpleasant to look at.

After the monks reach the True Immortal level, they occasionally feel a little bit vigilant.

The same goes for Chaos Beasts.

Although Zhang Yuhe doesn't seem to be a big threat now.

But Sha Motian always felt a little weird.

It would be better to get rid of such people as early as possible.

But it didn't think too much about it.

Anyway, arrangements have been made for two seven-star chaos beasts to deal with Zhang Yuhe.

As a golden immortal monk.

Let two seven-star chaos beasts deal with it.

It's already taken quite seriously.

Sha Motian didn't think there would be any more accidents.

Zhang Yuhe stood on the city wall.

I saw two seven-star chaos beasts escaping from the battle group.

He was preparing to attack the sword array light curtain on the outside.

"snort."

See this situation.

Zhang Yuhe couldn't help but snorted coldly.

He just pulled out two seven-star chaos beasts to deal with him. Who are you looking down on?

He quickly pressed the magic formula.

Boundless sword energy instantly formed at the edge of the light curtain.

The sword energy quickly swept across the sky and earth, sweeping towards the Chaos Beast outside the city.

Countless monks who were fighting discovered it.

His opponent suddenly disappeared.

Cut into pieces by countless sword energies.

Zhang Yuhe controls the sword formation.

Let the invisible sword energy quickly shuttle and cut between the monks and the chaos beast.

The monk's supernatural power naturally has the ability to distinguish between ourselves and the enemy.

It's just a need for fine control.

...

Chapter 224 Suppression

Zhang Yuhe stood on the city wall and activated the Nine Heavens Hunyuan Sword Formation with all his strength.

He integrated all three supreme laws into the sword formation.

The boundless sword energy is like a life-threatening scythe, quickly harvesting the lives of the Chaos Beast.

The most rubbish one-star chaos beasts can't even withstand a round of sword light.

It was cut into ashes in an instant.

Except for a translucent crystal core, nothing was left at the scene.

The other Chaos Beasts are not much better.

Whether it's a two-star, a six-star, or even a mutated six-star chaos beast.

Under Zhang Yuhe's sword formation.

There isn't much difference.

They were all suppressed and unable to move.

The only difference is that the lower the level of the Chaos Beast, the faster it will die.

And those more advanced Chaos Beasts can live a little longer.

But the end result must be the same.

That is death.

Except for those Chaos Beasts with seven stars or above, they are not affected by the sword formation.

None of the other Chaos Beasts can survive.

See this situation.

Both the monks and the Chaos Beasts present were stunned.

Zhang Yuhe suddenly burst out with terrifying strength and reversed the situation in an instant.

As long as the sword formation can be maintained for a while.

He will probably kill all the millions of Chaos Beasts here.

Such a loss, even for Mingshaling.

Section 262

It is also absolutely unbearable.

The two seven-star chaos beasts quickly ran towards the edge of the sword formation after breaking away from the battle group.

They swung the weapons in their hands, trying to break the sword array light curtain.

Only by breaking the sword array can those low-level chaos beasts be rescued.

"snort."

See this situation.

Zhang Yuhe couldn't help but let out a cold snort.

He quickly rose into the air and rushed towards the two seven-star chaos beasts.

We can't let these seven-star chaotic beasts attack the sword array light curtain with all their strength.

Although the Nine Heavens Hunyuan Sword Formation is a perfect magical power capable of both offense and defense.

It's just that the scope of the sword array is a bit too big now.

The expansion of the range is equivalent to weakening the offensive and defensive capabilities of the sword formation in disguise.

In the current state of the sword formation, it is very easy to be breached.

Not to mention a seven-star chaos beast, even a six-star chaos beast could break through the sword formation from the outside.

So, from the beginning.

Zhang Yuhe simply enveloped all the chaos beasts in the sword formation.

Thus.

Don't worry, there will be chaos beasts attacking the sword formation from the outside.

As for the chaos beast in the sword formation.

Don't worry about that.

All Chaos Beasts below six stars were suppressed and imprisoned by the sword array.

As for the Chaos Beasts with seven stars or above.

Then there is no other way.

No matter what tricks he thought of, it was impossible to control and imprison the Seven-Star Chaos Beast.

He could only rely on his temporarily improved strength to directly confront the Seven-Star Chaos Beast head-on.

And he's not alone.

Isn't it the Nangong Immortal Clan? There are also three Taiyi Immortal Lords?

He believes it.

Nangong Tianming and the others were able to hold back most of the high-level chaos beasts.

Even if something is omitted, it will be within his tolerance.

Zhang Yuhe's figure flashed, and soon a seven-star chaos beast appeared behind him.

He waved the long stick in his hand.

The Nine-Tian Flying Spirit Stick exuded a frightening coercion and fell rapidly towards the Seven-Star Chaos Beast.

The seven-star chaos beast felt its body suddenly stagnate.

It immediately let out a thundering roar.

At the same time, seven colors of light kept flashing on his body.

This special light is the Chaos Beast's natal magical power.

It is also a Chaos Beast that is immune to the magical powers and laws of monks.

As the seven-color light flashed, the seven-star chaos beast immediately regained its freedom of movement.

However, the golden stick shadows all over the sky were already slamming towards it.

Boom...

A loud noise spread.

This seven-star chaotic beast was knocked thousands of miles away by Zhang Yuhe with a stick.

Just as he was preparing to continue chasing the Chaos Beast.

Another seven-star chaos beast had quietly appeared behind him.

The Chaos Beast swung a huge mountain-breaking ax and struck at it swiftly.

"snort."

Zhang Yuhe snorted coldly.

I saw him stepping slightly with his left foot, and his figure quickly merged into the void and disappeared in an instant.

The Chaos Beast lost its target, and its powerful ax struck directly into the air.

Zhang Yuhe appeared from behind the Chaos Beast.

The golden stick shadows filled the sky, quickly falling towards the Chaos Beast.

Relying on the Galaxy Wandering Dragon body technique and the laws of space, he easily toyed with the two seven-star chaos beasts in the middle of his applause.

And because his strength at this time has been upgraded to the Golden Immortal Great Perfection.

Now the Nine Heavens Flying Spirit Stick in his hand can exert super power.

Although they cannot completely suppress and imprison these two seven-star chaos beasts.

But it is still possible to seriously injure them and knock them away.

As long as I can do it a few more times.

It's probably enough to beat these two seven-star chaos beasts to death.

Seeing Zhang Yuhe displaying his power, he suppressed two seven-star chaos beasts with his golden immortal cultivation level.

The monks present all shouted excitedly.

In the South China Sea Immortal Realm, it has been a long time since I have seen a genius who can leap up to challenge the Chaos Beast.

not to mention.

Zhang Yuhe is not just a simple step-up challenge.

He first used explosive magical powers to temporarily upgrade his cultivation to Golden Immortal Dzogchen.

Then he used a sword array magical power to suppress and imprison all the low-level chaos beasts.

In such a situation.

He could still free his hands and easily suppress the two seven-star chaos beasts.

What kind of genius this is, no one can even imagine it.

In contrast to the excited chants of the monks.

The Chaos Beast at the scene had a look of shock and disbelief.

How could there be such a powerful Golden Immortal monk?

They are completely incomprehensible.

I saw a large number of chaos beasts, cut into gray types by the invisible sword energy.

Sha Motian couldn't help but feel anxious.

It kept making loud roars, trying to rush over and kill Zhang Yuhe.

But next to him, Nangong Tianming, how could he let it go as he wished?

Although the Chaos Beast has a special mutated Chaos Beast.

There is actually a strange accompanying tipping bucket, the Tianke Immortal Cannon.

As long as the top-grade immortal cannon on the fairy ship fires.

The opponent uses a tipping bucket to attack.

That strange tipping bucket can absorb and dissipate the power of the top-grade immortal cannon into the invisible every time.

But Nangong Tianming has been in the immortal world for hundreds of millions of years, so naturally he does not rely solely on the three top-grade immortal-killing cannons.

As an old monster who has lived for hundreds of millions.

Nangong Tianming's own strength is very terrifying.

He activated a jade plate-shaped fairy weapon to firmly drag the surrounding Chaos Beasts.

Whenever there is a Chaos Beast, it wants to escape.

The Jade Pan Immortal Weapon will emit a ray of light and pull the Chaos Beast back.

He faced more than ten Chaos Beasts from the Taiyi Realm at the same time.

There is also a nine-star and two eight-star chaos beasts among them.

despite this.

There was still no fear on Nangong Tianming's face.

Even judging from the situation, he is still the one taking advantage.

More than a dozen chaos beasts were actually kept suppressed and beaten by him.

Nangong Tianming used the jade plate immortal weapon to contain the Chaos Beast.

At the same time, he kept pinching the magic formula in his hand.

Various powerful magical powers were constantly blasted towards the Chaos Beast in front of them.

even though.

Chaos beasts are immune to most of the monk's magical powers and legal damage.

But that also depends on who exerts the magical power.

Section 263

With Nangong Tianming's cultivation level.

Every time he uses a magical power, the Chaos Beasts on the opposite side, except Sand Demontian, will be attacked.

Others dare not take the initiative at all.

All they could do was jump and dodge.

As a great perfect Taiyi Immortal, Nangong Tianming is only half a step away from entering the Great Luo Realm.

Even a Chaos Beast would not dare to look down on such a character.

It is precisely because of this.

The Sand Demon Genius is determined to uproot Tiangong City.

Otherwise.

Once you wait until Nangong Tianming, you will break through to the Daluo realm.

That was the end of their Mingsha Ridge.

Whenever a powerful person is born among the monks, they will expand their territory in the Chaos Continent.

Mingsha Ridge is close to Tiangong City.

It must be the development goal of the Nangong Immortal Clan.

...

Chapter 225 The First Kill of the Seven-Star Chaos Beast

Sha Motian originally wanted to take advantage of the opportunity of this sacrificial ceremony to completely uproot Tiangong City.

To avoid future troubles.

To this end, it has made many plans.

In the end, the current situation of oppression with more and less was formed.

The nearby monarch-level immortal cities are completely unable to provide support to Tiangong City at this time.

Originally Sha Motian thought.

As long as they try harder.

Maybe we can defeat Tiangong City.

Thus.

Not only can they obtain a large number of sacrifices, but they can also solve a major problem.

However, it can't be imagined.

Monster-like Golden Immortal monks like Zhang Yuhe will appear here.

With just one person, he suppressed and imprisoned the entire army of Chaos Beasts.

Even those one-star Chaos Beasts are now dead.

The remaining Chaos Beasts are still alive for the time being.

But for now, it's just a living target.

Under the attack of the monk and the invisible sword energy, he died very quickly.

Sand devil god knows

If no further measures are taken.

Maybe except for these, Taiyi Realm Chaos Beasts with seven stars or above.

The remaining chaos beasts below six stars must be killed by the monks.

Although they are all low-level chaos beasts, there are so many of them.

Mingsha Ridge really can't afford such a big loss.

Once these low-level chaos beasts are all dead.

Then Mingsha Ridge's sphere of influence will be reduced by at least half.

so.

No matter what, Sand Demon Tian must rescue these chaotic beasts.

Of course.

Thinking about it is one thing, whether you can do it is another.

Under the constant roar of Sand Demon Sky.

Two more seven-star chaos beasts escaped from the battle group.

no way.

The same Immortal Lord Taiyi also has strengths and weaknesses.

Among the three Taiyi Immortal Lords of the Nangong Immortal Clan, Nangong Tianming is the strongest.

He alone held back the strongest wave of combat power in Mingsha Ridge.

But Nangong Tianxin and Nangong Tianyu, who are also Taiyi Immortal Lords, are a little less interesting.

Faced with the siege of nearly twenty, seven-star chaos beasts.

The two of them could only barely protect themselves, but how about holding back all the Chaos Beasts?

That's true, it's a bit difficult for the two of them.

The number of seven-star chaos beasts surrounding Zhang Yuhe increased from two to four.

But he was not afraid at all.

On the contrary, the more he fights, the braver he becomes.

Relying on the speed advantage of Galaxy Wandering Dragon Body Technique.

These four chaotic beasts seemed extremely powerful, but they couldn't even touch the corners of his clothes.

Zhang Yuhe restrained four seven-star chaos beasts by his side.

Don't let the opponent have a chance to attack the peripheral sword energy light screen.

While controlling the sword formation, he quickly swept away those low-level chaos beasts.

Under the siege of invisible sword energy and monks.

A large number of Chaos Beasts were quickly wiped out by them.

Not only that.

Facing the four seven-star chaos beasts around him.

Zhang Yuhe was also targeted, staring at one of them and smashing it.

he thought.

There are a total of thirty-five seven-star chaos beasts that appeared today.

It's impossible for him to kill them all.

Moreover, the duration of Hunyuan Guiyi's magical power is limited.

We must take advantage of this explosive magical power to kill as many Taiyi realm chaos beasts as possible while it is still there.

In this case, just stare at one of them and smash it with all your strength.

Come one by one.

As the stick shadow continued to fall.

One of the seven-star chaos beasts has shown signs of failure.

It even wanted to break away from the battle group and run away.

But how could Zhang Yuhe give it a chance?

As the golden stick shadow filled the sky, it fell quickly.

The seven-star chaos beast slowly and finally lost its breath.

Roar.....

The three seven-star chaos beasts next to them roared in panic.

They are really scared.

They have never heard of such a perverted Golden Immortal monk.

One against four, and even more challenges.

He actually let him kill one first.

To know.

Zhang Yuhe is still controlling the peripheral Nine Heavens Hunyuan Sword Formation.

The rhythm of the sword array harvesting low-level chaos beasts was not interrupted at all.

That is to say.

Zhang Yuhe was dragging four seven-star chaos beasts while harvesting a large number of low-level chaos beasts.

In this situation.

He also killed a seven-star chaos beast.

Facing such a ruthless person.

Can you not be afraid of these chaotic beasts?

Sand Demon Sky in the distance saw this situation and couldn't help but let out a roar.

"Quickly break the sword formation and retreat together."

At this moment, it no longer had the same high spirits as before.

Section 264

Sha Motian is only thinking about how to kill the remaining Chaos Beasts.

Bring back as much as you can.

To know.

Of the millions of Chaos Beasts that were originally there, not many are left now.

Under the sweep of the monks and invisible sword energy.

Chaos beasts below three stars are basically dead.

Currently, there are only a few thousand Golden Fairy Realm Chaos Beasts with four stars or above left alive.

These Chaos Beasts in the Golden Fairy Realm are slightly stronger due to their defensive abilities.

So I held on for a while longer.

But there is no doubt about it.

If this deadlock cannot be broken as soon as possible.

These Chaos Beasts in the Golden Fairy Realm cannot last long.

Maybe they would all be trapped and die under the sword formation.

What frightened Sand Motian even more.

Zhang Yuhe also killed a seven-star chaos beast.

The Golden Immortal monk counterattacked the Seven-Star Chaos Beast and killed it directly.

This is something I haven't seen in many years.

Moreover, if Zhang Yuhe can kill the first seven-star chaos beast, he will soon kill the second one.

Think of this.

Sha Motian couldn't help but feel anxious.

From the very beginning.

It was held tightly by Nangong Tianming using a jade plate fairy weapon.

But that doesn't mean it can't get out.

Just in the beginning.

Sha Motian felt that even if he fought out, it would not make much sense.

Because Nangong Tianming will soon be able to continue to use the jade plate fairy weapon.

Pull it back again.

But now Sha Motian doesn't care so much anymore.

No matter what, it has to break the outer perimeter first, this damn sword formation.

Sand Demon Sky let out a thunderous roar, and his whole body shone with nine colors of light.

As the light flashed.

It quickly broke away from Nangong Tianming, the battlefield here, and headed straight for Zhang Yuhe.

"Hmph, you don't want to go anywhere today."

Nangong Tianming snorted coldly.

I saw him flashing and quickly chasing behind Sha Motian.

Sand Motian also knows.

He would soon be caught up, and then he would have to be held back by Nangong Tianming.

But it only takes a little time.

Sand Demon believes it.

Just give it, even for a moment.

It can kill the golden immortal genius who used the sword formation.

As long as Zhang Yuhe is beaten to death, this damn sword formation will naturally be lifted.

Sand Demon Tian ran at full speed, his body shape was like lightning.

So much so that Nangong Tianming, who was following it, couldn't catch up for a while.

Seeing Sha Motian, he was almost running behind Zhang Yuhe.

Nangong Tianming reminded loudly.

"Zhang Xiaoyou, be careful, Sand Demon Sky is coming, it's the Nine-Star Chaos Beast."

...

Chapter 226 Pursuit

Hearing Nangong Tianming's reminder, Zhang Yuhe couldn't help but feel a chill in his heart.

Although with the blessing of Hunyuan Guiyi's magical power, his current strength is not inferior to the normal Taiyi Immortal Lord.

But Sha Motian, as the high priest of Mingsha Ridge, is a nine-star chaos beast.

Obviously it is not comparable to ordinary Taiyi Immortal Lord.

Zhang Yuhe observed the situation, but his hand movements did not stop for a moment.

Because there is another seven-star chaos beast that is about to be killed by him.

As the golden stick shadows filled the sky, they continued to fall.

The aura on the seven-star chaos beast was slipping away quickly.

The Chaos Beast looked at the Sand Demon Sky running towards him in the distance, and roared unwillingly.

As long as it persists for a while longer, it can wait for Sand Demon Sky's rescue to arrive.

However, it obviously couldn't hold on any longer.

Zhang Yuhe smashed the stick down again, immediately knocking the life out of the chaotic beast.

He glanced back and saw Sand Motian, who was almost running behind him.

With an indifferent expression, he put away the seven-star chaos beast's body on the ground.

Then he stepped on his left foot, and his body quickly merged into the void.

With the teleportation function of the Galaxy Wandering Dragon Body Technique, Zhang Yuhe didn't take Sha Motian, the nine-star chaos beast, seriously at all.

"If I can't beat you, why can't I run away?"

Seeing Zhang Yuhe teleport away, Sha Motian's eyes flashed, with no disappointed expression on his face.

In fact.

It had never targeted Zhang Yuhe in the first place.

Sand Demon God knows.

A peerless genius like Zhang Yuhe, who is extremely powerful, will definitely have some means to save his life.

It's definitely not that easy to kill.

The reason why it came straight to Zhang Yuhe was.

Just to attract everyone's attention.

When everyone looked at Zhang Yuhe.

Sha Motian vigorously waved the mace in his hand, and hit the outer light screen with a stick.

The Nine-Star Chaos Beast strikes with all its strength, and its power is extraordinary.

The light curtain that was originally stable shook violently for an instant, and then shattered suddenly.

Sha Motian broke through the sword array arranged by Zhang Yuhe with just one strike.

Those chaotic beasts that were suppressed by the sword formation and imprisonment immediately woke up.

The monk who was happily killing the target saw the Chaos Beast suddenly counterattack.

They couldn't help but be shocked.

After Sha Motian broke the sword formation, he immediately shouted loudly.

"Retreat, return to the tribe."

After saying this, it waved the mace in its hand and hit Nangong Tianming.

Seeing this situation, the other chaos beasts no longer wanted to fight.

For them, there is really no need to continue fighting.

After millions of troops went out to fight, only a thousand Chaos Beasts survived.

However, those who survived until now were at least five-star Chaos Beasts.

These Chaos Beasts were the real elite forces of the Mingshaling Tribe.

Although this operation failed.

But as long as they could preserve this force, they could accept this result.

After all, the war between monks and Chaos Beasts was never smooth sailing.

Both monks and Chaos Beasts had records of major defeats.

Like Mingshaling this time, it can only be regarded as a minor defeat at most.

As long as the elite forces are still there.

After resting for millions of years, they will still be the overlords in the vicinity and within a radius of hundreds of millions of miles.

With Sha Motian's order.

More than a thousand Chaos Beasts immediately threw away the monks in front of them and ran wildly into the wilderness.

Section 265

When they saw the Chaos Beast escaping, everyone naturally wouldn't let it go and chased it all the way.

Many monks may not encounter this kind of opportunity in their lifetime.

This must not be let go.

The monks at the scene used various methods to intercept some lone Chaos Beasts.

As long as a Chaos Beast is held back.

Everyone will soon swarm him with all kinds of magical powers and weapons, and beat him to death with random punches.

Zhang Yuhe stepped on his left foot and quickly appeared behind one of the seven-star chaos beasts.

Immediately afterwards, stick shadows fell all over the sky.

He could feel that the duration of Hunyuan Guiyi's magical power was almost over.

So, take advantage of this last bit of time.

Zhang Yuhe wanted to try to see if he could kill another seven-star chaos beast.

He kept waving the long stick in his hand.

The golden stick shadow was like raindrops, quickly falling towards the Chaos Beast.

The Chaos Beast that was left behind was already in despair.

Now the other chaos beasts are all running away.

No one cares about anyone else.

As long as he is left behind by the monks, it means death.

Even if you don't die for the time being.

After others finish off the opponent, it will still die.

Maybe this is what I thought of.

This chaotic beast became extremely crazy.

It waved a huge hammer in its hand and kept hitting Zhang Yuhe.

However, at this time, Zhang Yuhe used all his strength to activate the Galaxy Wandering Dragon Body Technique.

His figure kept flickering and teleporting in the void.

The Chaos Beast couldn't even touch the corners of his clothes.

No matter how ferocious the counterattack was, in the end it was nothing more than hitting the air.

But Zhang Yuhe's stick shadow did not miss even a single stick.

Each stick hit the Chaos Beast's fatal part hard.

This seven-star chaotic beast kept flying forward while letting out a sky-shattering roar.

Want to catch up with the other teams of Chaos Beasts.

However, the shadow of Zhang Yuhe's stick became heavier and heavier.

The running speed of this chaotic beast became slower and slower.

Following Zhang Yuhe, continuous stick shadows fell.

The injuries on its body became more and more serious.

Although the Seven-Star Chaos Beast has strong defensive capabilities.

Zhang Yuhe's Nine Heavens Flying Spirit Stick did not cause any injuries on the surface of the Chaos Beast.

But the Chaos Beast's internal organs had already been shattered to pieces, and it was not far from death.

After a while.

Perhaps this chaotic beast knew that its life was coming to an end.

It simply stopped running.

Staying where he was, he bravely waved the giant hammer in his hand and made a final death struggle.

Zhang Yuhe's face was expressionless.

He quickly moved his body to avoid the Chaos Beast's hammer, and then held the Nine Heavens Flying Spirit Stick in his hand.

The sticks were still as tight as sticks, and they continued to hit the Chaos Beast.

Boom...

There was a loud noise.

Zhang Yuhe quickly struck out a stick.

This seven-star chaos beast finally roared.

Then unwillingly, he fell to the ground and left on the street.

Zhang Yuhe retracted his figure and fell towards the ground.

Saw the corpse of the Chaos Beast on the ground.

He took a deep breath.

This was the third seven-star chaos beast he had killed today.

It can be said that it is full of gains.

Zhang Yuhe raised his head and looked into the distance.

I saw the Chaos Beast running away, with the monks chasing after it.

Nangong Tianming chased Sha Motian all the way, already tens of millions of miles away.

Zhang Yuhe stood on the ground, and he did not continue to pursue.

Because at this time, the aura on his body was already slipping away rapidly.

Not a little while later.

It has returned to the middle stage of Golden Immortality.

Without the blessing of Hunyuangui's supernatural power, he can only bully the Chaos beasts below six stars now.

As for those Chaos Beasts in the Taiyi Realm, he definitely couldn't defeat them.

Anyway, he has gained a lot this time.

There is no need to be greedy anymore.

Under the sword formation just now, the number of chaos beasts wiped out by the invisible sword energy.

At least a million or more.

Although these are just some low-level chaos beasts.

But I can't stand it, there are so many of them.

One million Chaos Beast Crystal Cores is definitely a huge sum of money.

Moreover, he also killed three seven-star chaos beasts.

To know.

Every seven-star chaotic beast is equivalent to a Taiyi Immortal Lord.

The corpses of three seven-star chaos beasts were also a big harvest.

Zhang Yuhe thought.

Just accept it as you see fit.

...

Chapter 227 Shocking News

Zhang Yuhe quickly moved his body and put away the trophies on the ground.

He returned to the city wall and quietly waited for the other monks to return.

no way.

He is not familiar with Tiangongtian.

Alone, there really is no place to go.

When he was in Yingyue City, the Nangong Immortal Clan gave him a cave mansion.

But in this Tiangong City, there is no such thing.

After all, his mission this time is to cooperate with others to guard Yingyue City.

Coming to Tiangong City is just for temporary support.

After a while.

The pursuing monks began to return one after another.

Once the Chaos Beast starts running, it is extremely fast, even faster than the flying speed of monks of the same level.

Much faster.

Therefore, there were only the Chaos Beasts that were intercepted at the beginning.

Only then were they caught up and beat him to death.

As for those Chaos Beasts that had already run a distance, they were lucky enough to save their lives.

People gathered in groups of three or five, excitedly discussing something, while quickly returning to Tiangong City.

When passing by Zhang Yuhe.

Everyone would greet him respectfully.

Because everyone knew.

They were able to gain something in this beast tide, all because of Zhang Yuhe's advantage.

Section 266

If it weren't for Zhang Yuhe, he would have deployed a huge sword array to control and imprison all the chaotic beasts.

Let everyone hit the dead target for a while.

Where could they go to kill so many chaos beasts?

The most likely possibility is that they were not killed by the Chaos Beast, but were killed by the Chaos Beast.

in a sense.

Zhang Yuhe is their savior.

So, when everyone passes by.

Everyone will say hello respectfully.

Zhang Yuhe also nodded.

He didn't know these people.

To be precise.

He didn't know many people at all.

Apart from the monks who came out of the Ji'an sea area together, he only knew a few monks from the Nangong Immortal Clan.

As for other people.

Basically, he couldn't recognize a few of them.

There is no way, who told him to cultivate Taoism for a short time.

And he still stayed in the waters of Ji'an to practice.

This time, it was his first time to respond to the call from the Nangong Immortal Clan.

Take a long journey in the fairy world.

Another moment passed.

Yu Liwei and others, the monks from the Ji'an sea area finally returned from a distance.

Everyone's faces were full of excitement.

Compared to other monks.

They obviously have a bigger harvest.

After all, everyone has seen Zhang Yuhe use the Nine Heavens Hunyuan Sword Formation before.

So in the beginning.

They had already chosen the Chaos Beast to fight against.

Just wait for Zhang Yuhe to use the magical power of the sword array to imprison the chaos beast.

Then he quickly kills the target.

I have to say, this feeling is really cool.

Everyone came forward one after another and greeted him respectfully.

Zhang Yuhe nodded in response.

At this time, Nangong Youxi stepped forward.

She saluted Zhang Yuhe, and then said solemnly.

"Thank you Daoist Zhang for your help, otherwise the consequences for Tiangong City would be unimaginable."

Zhang Yuhe responded with a smile.

"Fairy Nangong, you're welcome. This is what I should do."

"And I believe that even without me taking action, several seniors will definitely find a way to deal with the beast tide."

He would not believe that the Nangong Immortal Clan had already reached the point where it was at the end of its rope.

If Tiangong City was so easy to be breached by Chaos Beasts.

It would not have stood on the Chaos Continent for hundreds of millions of years.

Zhang Yuhe thinks.

The Nangong Immortal Clan must have a backup plan.

It's just that they won't use it until it's critical.

After everyone exchanged pleasantries, under the leadership of Nangong Youxi, they came to a manor and settled down.

Nangong Youxi said to everyone.

"Everyone, let's rest here for a while. After the ancestor comes back, we will determine the follow-up arrangements."

Everyone nodded in response.

After all, it is still during the beast tide, and they can't go anywhere except staying in Tiangong City.

Nangong Tianming and the other two Taiyi Immortal Lords have been chasing the Chaos Beast and have not returned yet.

Especially Nangong Tianming.

I was so disgusted by the Chaos Beast that used the Tumble Bucket before.

The three top-grade immortal-killing cannons on his immortal ship were completely unable to exert their due power.

But now the Chaos Beasts are running away separately.

He just needed to avoid the Chaos Beast that would only cause him to tumble.

Other Chaos Beasts are not killed casually.

Nangong Tianming drove the fairy ship and chased behind the Chaos Beast.

The top-grade immortal cannon on the fairy ship occasionally shoots out deadly rainbow light.

Whenever the rainbow light flashes, a Chaos Beast will inevitably fall.

And those who were killed were all seven-star chaos beasts.

Chaos beasts below seven stars cannot use the immortal cannon at all. Nangong Tianming can kill them with just a flip of his hand.

After chasing for hundreds of millions of miles, he saw that he was getting closer and closer to his old nest in Mingsha Ridge.

Nangong Tianming had no choice but to return with unfinished thoughts.

But what he gained this time was pretty good.

When we were in Tiangong City, due to the large number of Chaos Beasts and their close cooperation.

He was not given the opportunity to kill any of them.

But in the process of pursuit.

Nangong Tianming relied on the sharpness of the fairy ship to kill a total of five seven-star chaos beasts.

It's a big gain.

After today's battle.

Mingshaling's vitality was severely damaged.

Eight of the seven-star chaos beasts alone were killed.

As for those low-level chaos beasts, they are too numerous to count.

Nangong Tianming believed it.

Faced with such a great loss.

Mingsha Ridge probably doesn't dare to have any more ideas about Tiangong City.

Suddenly Nangong Tianming frowned.

An immortal mirror appeared in his hand.

After playing a spell and checking the information above.

He couldn't help being shocked.

"Go back quickly."

...

The monks who came from all over to support were all settled in an orderly manner by the Nangong Immortal Clan.

It's just because the three ancestors have not returned yet.

No one is clear about the next task.

Although the beast tide here in Tiangong City has been driven back by everyone.

But the tide of beasts in other places is still continuing.

Therefore, everyone followed their respective commanders and stayed in various manors.

Quietly waiting for follow-up arrangements.

Zhang Yuhe and a group of monks from the Ji'an sea area were sitting in a small pavilion on the lake, discussing something heatedly.

At this moment, Zhang Yuhe discovered.

Nangong Youxi, who was sitting next to him, suddenly changed color after taking out the Immortal Mirror.

This made Zhang Yuhe feel strange.

Nothing serious happened again.

He asked Nangong Youxi.

"Nangong Fairy, is there anything wrong?"

Nangong Youxi put away the Immortal Mirror, took a deep breath, and then said slowly.

"I just received news that Niulanshan has successively broken through Xuanyang City and Xuanyin City under the command of Wanxianmen."

When he said this, Nangong Youxi paused for a while and continued to explain.

"Xuanyang City and Xuanyin City are both Jun-level Immortal Cities, and there are many Taiyi Immortal Lords in the city."

Section 267

Hearing this news.

Everyone was shocked and stood up involuntarily.

...

Chapter 228 Wanxianmen Cheng Yuanshan

Hearing that a king-level fairy city was captured by the Chaos Beast, everyone was shocked.

Wanxianmen is one of the three super powers in the South Sea Fairyland.

It is extremely powerful.

There are dozens of Taiyi Immortal Lords in its sect, and there are also many Daluo Immortal Kings.

Wanxianmen built a king-level fairy city in the Chaos Continent, which is Wanxian City.

In addition.

Under Wanxian City, there are dozens of king-level fairy cities.

Among them, twelve king-level fairy cities are managed by Wanxianmen itself.

The remaining king-level fairy cities belong to the subordinate forces.

For example, Tiangong City is one of the king-level fairy cities under the command of Wanxian City.

The two king-level fairy cities that were breached by the Chaos Beast this time are both fairy cities directly under Wanxianmen.

In theory.

The defense force of the Immortal City directly under the Wanxian Sect must be much stronger than that of the affiliated forces.

How could it be breached by the Chaos Beast, and even breached two king-level Immortal Cities in succession?

This made everyone feel very incredible.

Everyone looked at Nangong Youxi with curious eyes, hoping to get more information from her.

Nangong Youxi held the Immortal Mirror and cast spells from time to time.

After a long while, she slowly said.

"It is said that the Niulanshan tribe dispatched a large number of king-level Chaos Beasts to suppress the Wanxian City to the point where it could not move."

"Then they dispatched several nine-star Chaos Beasts to attack Xuanyang City and Xuanyin City in succession."

"That's why they succeeded."

"I don't know how many fellow Taoists will be captured by the Chaos Beast as sacrifices this time."

Hearing Nangong Youxi's words, everyone couldn't help but look silent.

Being beaten to death on the spot by the Chaos Beast was a result that everyone could accept more easily.

But if they are caught by the Chaos Beast and used as sacrifices to worship the Supreme True God.

That would be too tragic.

How desperate it would be.

However, this is the fact.

Whenever an immortal city is breached, there will definitely be many cultivators captured by the Chaos Beast.

Not every cultivator has the courage to self-destruct.

And many times, they can't self-destruct just because they want to.

Sometimes the strength gap is too big.

Maybe there is no chance to self-destruct.

This time, the Chaos Beast broke through two Jun-level immortal cities in succession, and the number of cultivators captured by them must be quite a lot.

I don't know if the Wanxianmen will take other countermeasures.

If they are intercepted halfway, maybe some can be rescued.

After all, Niulanshan is a long way from Wanxian City.

The Chaos Beast wants to transport those cultivators who have just been captured back.

It's not that easy.

A certain hall in Tiangong City.

Nangong Tianming politely welcomed a Taiyi Immortal Lord into the hall.

He said with a smile on his face.

"Fellow Daoist Cheng, we haven't met for many years."

The man who came was the core elder of Wanxianmen, Cheng Yuanshan, Taiyi Immortal Perfection.

After the two sat down in the hall.

Cheng Yuanshan said directly.

"Brother Tianming, I won't say any more polite words."

"I believe you already know what happened in Xuanyang City and Xuanyin City."

"When the beast tide broke out, there were a total of twelve Taiyi Immortals left in the two immortal cities."

"According to the news sent back from the sect."

"Currently, nine people's soul lamps are intact."

"That is to say, these nine people should still be alive, but they were captured by the Chaos Beast."

"We need to rescue these people as soon as possible."

After listening to Cheng Yuanshan's narration, Nangong Tianming stood up and said solemnly.

"Whatever you need us to do, Fellow Daoist Cheng, just tell us."

It is natural for cultivators to rescue each other.

What's more, their Nangong Immortal Clan is still a subsidiary force of Wanxianmen.

Others are talking in a nice way, so he naturally has to be tactful.

He can't wait until the Wanxian Sect gives a death order.

Seeing Nangong Tianming's generous statement, Cheng Yuanshan nodded with satisfaction.

There are indeed many affiliated forces under the Wanxian Sect.

But there are not many who are so tactful as the Nangong Immortal Clan.

Nangong Tianming didn't even ask, and he just agreed.

Cheng Yuanshan took a deep breath and continued to speak slowly.

"According to the information we have obtained, this beast tide should have basically ended."

"The Chaos Beasts of Niulan Mountain are escorting the captured monks back in multiple groups."

"One of the Chaos Beasts is not too far from the direction of Tiangong City."

"I hope Brother Tianming can send people to intercept them with me out of the city."

"Rescue those captured fellows."

Nangong Tianming pondered for a while, then asked seriously.

"The other side won't have a king beast of the Daluo realm, right?"

Although both of them have reached the Great Perfection of Taiyi Immortal Lord.

They are the top masters among the cultivators.

But facing a king beast above the nine stars, they simply have no power to fight back.

If they encounter it, they will almost certainly die.

The Niulanshan tribe is powerful.

There are many king beasts in the tribe.

If they encounter a king-level chaos beast, wouldn't it be no different from committing suicide?

Cheng Yuanshan naturally knew Nangong Tianming's concerns, and he said confidently.

"Brother Tianming, please rest assured that all the king beasts that appeared have been restrained by the Immortal King Ancestor."

"We only need to deal with the Chaos Beasts below the Nine Stars."

"Although there are no king beasts, there are several nine-star Chaos Beasts."

"As for the lower-level seven- and eight-star Chaos Beasts, there are even more."

"Now the Wanxian Sect is attacking everywhere, and it is really hard to spare manpower."

"That's why I hope Brother Tianming can send out elite forces to help intercept the Chaos Beasts in order to rescue the captured Taoist friends."

"Okay, I'll arrange it now."

Nangong Tianming was relieved when he heard that there were no king beasts.

Although the Nine-Star Chaos Beasts are generally stronger than the top Taiyi Immortal Lords.

But he is not afraid.

Nangong Tianming has been roaming the Chaos Continent for countless years, and he is still very confident in his own strength.

As long as he doesn't encounter a king-level Chaos Beast, he has nothing to fear.

...

Zhang Yuhe and others were sitting in a small pavilion in the manor, discussing something in a low voice.

Ever since the news came that the Chaos Beast had broken through two king-level immortal cities.

Everyone has been a little confused about the direction of the beast tide.

Section 268

I don't know what to do next.

at this time.

Next to him, Nangong Youxi suddenly flipped his right hand.

An immortal mirror appeared in his hand.

After playing a magic formula and checking the above content.

She turned to everyone.

"Ancestor Tianming ordered us to gather at the Tiangong Hall as quickly as possible."

"The Wanxian Sect has sent people over, let us help together to rescue the captured monks."

Hearing Nangong Youxi's words, everyone couldn't help but feel excited.

Isn't there another battle to fight?

As long as there is a war, there is a chance to obtain resources.

As for whether they will encounter danger, no one cares too much.

After all, as long as you are in Chaos Continent, danger is everywhere.

Even the Sovereign level fairy city can be breached by Chaos beasts.

Where else is there a truly safe place?

Anyway, that's it.

Even if the sky falls, there will be tall people holding it up.

Everyone quickly rose into the air and turned into streams of light flying towards the Tiangong Hall in the center of the city.

...

Chapter 229 Interception

When Zhang Yuhe and others arrived at the Tiangong Hall.

I saw that the hall was already filled with people.

Two figures with an aura as deep as the abyss were standing quietly at the top of the hall.

One of them, Zhang Yuhe, had met before.

It is Nangong Tianming, the ancestor of the Nangong Immortal Clan.

As for the other person, his aura is comparable to Nangong Tianming.

He has never seen it.

As far as he knew, there should be no such person in the Nangong Immortal Clan.

Maybe this person is from Wanxian Sect.

After a while, everyone arrived.

Nangong Tianming said calmly.

"The Chaos Beasts from Niulan Mountain broke into two fairy cities in succession and captured a large number of monks."

"According to reliable information, the Chaos Beasts escorted the captured monks and are returning."

"There is a chaos beast among them, and it happens to be passing near Tiangong City."

"You will set out with me to intercept the Chaos Beast and rescue the kidnapped fellow Taoists."

"yes."

Everyone responded in unison.

Nangong Tianming waved his right hand.

A huge fairy ship was suspended in mid-air.

he shouted.

"Board aboard and set off."

Everyone jumped into the air and quickly jumped onto the fairy ship.

Nangong Tianming used the magic formula, and the fairy ship turned into a stream of light and quickly disappeared into the distance.

In order to assist Cheng Yuanshan and rescue the captured Wanxian Sect disciples.

Nangong Tianming summoned a total of five hundred Golden Immortal monks.

As for the true immortal disciples, they didn't bring any of them.

Their action this time focused on fast in and fast out.

No matter whether they can save people or not, they will definitely just make a surprise attack and leave.

It is impossible to have a long-term entanglement with the Chaos Beast.

If it takes too long and the king beast is provoked, it will be completely over.

The fairy ship cut through the void and flew quickly towards the established target.

...

In the wilderness hundreds of millions of miles away from Tiangong City.

A large group of densely packed chaos beasts were running forward quickly.

Some Chaos Beasts also have a monk tied to them with a special iron chain.

I don't know what these iron chains are made of.

After being able to tie up the monk, he had no power to resist.

Countless monks were tied to the backs of the Chaos Beasts, with despair on their faces.

everybody knows.

What will be their next result?

The monk is in the eyes of the Chaos Beast.

It's just a special resource.

A kind of sacrifice used to worship the Supreme God.

There was never any talk of surrender between the monks and the Chaos Beasts.

It's not that everyone is not afraid of death.

In fact, some people are afraid of death.

But the other party will not accept surrender.

Chaos beasts only treat monks as precious sacrifices.

Will you accept the surrender of a sacrifice?

It's obviously impossible.

Likewise, the monk will not accept the surrender of the Chaos Beast.

Rumor has it that in ancient times.

There was once a powerful monk who wanted to raise and tame chaos beasts for his own use.

Unfortunately, it eventually suffered a backlash.

Not only was he killed by the Chaos Beast.

Even the sect he belongs to.

Also destroyed by the Chaos Beast.

From now on.

All the monks have a consensus.

That is, Chaos Beasts are violent by nature.

It can only be beaten to death, not tamed.

These captured monks only regretted why they did not have the courage to blow themselves up in the first place.

Now unless a miracle happens.

Otherwise, wait until you reach the Niulan Mountain tribe.

They will become sacrifices in the eyes of the Chaos Beast.

Use it to worship the Supreme God.

Become a Chaos Beast, the material for evolution.

...

The huge team of Chaos Beasts ran all the way towards Niulan Mountain.

However, their forward speed is not too fast.

no way.

The number of Chaos Beasts is really too much.

The number of Chaos Beasts in the entire team is at least three to four million.

Moreover, there were a large number of low-level Chaos Beasts, which slowed down the team's progress.

It was impossible for Niulan Mountain to abandon these low-level chaos beasts.

At the front of the line.

A humanoid Chaos Beast ran quickly and glanced in the direction of Tiangong City.

It said with some concern.

"I don't know if the human monks from Tiangong City will come out to intercept?"

Chapter 269

Hear this.

Another humanoid Chaos Beast next to him responded with some disdain.

"There are only a few old guys in Tiangong City. If we don't fight them, we will burn incense."

"How dare their wives come out and provoke us in Niulanshan?"

Having said that.

But the leading humanoid Chaos Beast was still a little worried.

In its opinion.

It doesn't matter whether the monks in Tiangong City are willing or not.

The key is what Wanxian Sect will do.

As long as Wanxianmen is determined.

Do the Nangong Immortal Clan dare to disobey orders?

In order to avoid the interception of Wanxianmen.

When choosing their routes, they try to stay as far away from the monks' cities as possible.

Because all the monk cities on the Chaos Continent are equipped with teleportation arrays.

The monks of Wanxian Sect can quickly reach the location closest to them through the teleportation array.

The farther away from the city, the safer they are.

For the Chaos Beast.

This sacrificial ceremony has ended.

The remaining question is what they can do to safely bring the sacrifices back to the tribe.

Now it feels like there are different offensive and defensive forces.

Roar.....

Just when this humanoid chaos beast was still struggling in its heart.

Suddenly a beast roar came from the distance.

Immediately afterwards, the roars of beasts came one after another, coming from far to near.

This is a way for Chaos Beasts to communicate with each other.

The humanoid Chaos Beast immediately stopped.

The surrounding Chaos Beasts also stopped.

Because they already know it.

The monks in Tiangong City really came out of the city.

I just don't know how many people came from Wanxian Sect.

If it were just a monk from Tiangong City.

They are naturally not afraid.

Although Niulanshan divided the troops into multiple routes and returned.

But each of their teams has strong strength.

Unless the Ten Thousand Immortals Sect makes a big move.

Otherwise, they really aren't too scared.

If they come less, they will only give them food and supplies.

But they all know it.

Although monks like to take risks.

But at this time, if you still dare to chase him out, you must be somewhat confident.

A stream of light passed from a distance and quickly caught up with the Chaos Beast team.

Nangong Tianming looked at the huge army of Chaos Beasts in front of him and couldn't help but feel a little dizzy.

He glanced briefly.

There are two Nine-Star Chaos Beasts alone.

There are at least hundreds of other Taiyi Realm chaos beasts with seven stars or above.

As for the Chaos Beasts below six stars, they are countless, probably in the millions.

Those captured Wanxian Sect disciples were carried on the backs of Chaos Beasts.

Mixed in with all the troops.

Make them unable to carry out key raids and rescues.

Now it seems that he wants to rescue all the monks who were kidnapped.

It's unlikely.

After all, it was impossible for them to kill all the chaos beasts.

He and Cheng Yuanshan were not so capable.

Just do your best and let fate dictate.

As long as they have worked hard, they will be worthy of Wanxianmen.

Think of this.

Nangong Tianming said loudly.

"Everyone worked together to rescue the kidnapped fellow Taoists as much as possible."

"yes."

Everyone agreed in unison.

Then he quickly jumped out of the airship and rushed towards the massive chaos beasts.

...

Chapter 230 Rescued a Taiyi Immortal Lord

Following Nangong Tianming's order, everyone jumped out of the fairy ship.

The war broke out instantly.

In terms of strength, the Chaos Beast is stronger than the monks in Tiangong City.

The number is incomparable.

But this time, the Golden Immortal monks who came with Nangong Tianming were all elite forces.

Everyone has extraordinary strength.

Moreover, there are two Taiyi Immortal Lords of Dzogchen, Nangong Tianming and Cheng Yuanshan.

Even though there is a big gap between the two sides in terms of absolute strength.

But on the real battlefield, it was the monks who suppressed the Chaos Beasts.

Because there are millions of Chaos Beasts distributed in the vast wilderness.

It is simply impossible to concentrate all the power together.

The total number of monks is only about 500.

In a small-scale battlefield, it occupies an absolute advantage.

They fought as a team and quickly suppressed the momentum of the Chaos Beast.

I saw Cheng Yuanshan offering a disc fairy weapon.

As the magic formula is pinched, the disc fairy weapon rotates slowly, blooming with purple rays of light.

Whenever the glow falls, a seven-star chaos beast can be immobilized.

Nangong Tianming controls the three high-grade immortal-killing cannons on the immortal ship.

As long as a Chaos Beast is immobilized, he will immediately launch a cannon attack.

With the tacit cooperation of the two.

Almost in the blink of an eye, there were five seven-star chaos beasts.

He was killed by a top-grade immortal-killing cannon.

The humanoid Chaos Beasts at the scene couldn't help but be shocked when they saw this situation.

"High-grade Immortal-Destroying Cannon, Dacheng's Law of Suppression?"

Dacheng's law of suppression also has a certain suppressive effect on the seven-star chaos beast.

Combined with the high-grade Immortal-killing Cannon, it is simply a hit.

The seven-star Chaos Beast is completely unable to withstand the attack of the top-grade Immortal-Destroying Cannon.

As soon as the battle started, five seven-star chaos beasts died.

This made the two nine-star chaos beasts leading the team furious.

Roar.....

Among them was a nine-star chaos beast, which let out a thundering roar.

Then the two nine-star chaos beasts looked at each other and quickly rushed towards the direction of the fairy ship.

At this time, they understood in their hearts.

They must not let Nangong Tianming's fairy ship fire recklessly.

Otherwise, the seven-star chaos beasts on the scene must be killed by him.

Only chaos beasts above eight stars can barely withstand the bombardment of the top-grade immortal-killing cannon.

Section 270

As for the Nine-Star Chaos Beast, it is basically not afraid of the high-grade Immortal-Destroying Cannon.

As long as you don't get hit continuously, it won't have much impact.

He saw two nine-star chaos beasts rushing towards him.

Nangong Tianming waved his right hand.

An exquisite jade plate appeared above his head in an instant.

The jade plate bloomed with dazzling light, forming a peculiar field.

Pull several powerful chaos beasts to the same battlefield.

Two Dzogchen Taiyi Immortals and a dozen powerful Chaos Beasts.

A fight broke out in an instant.

...

Zhang Yuhe and others, after jumping out of the fairy ship.

Then they all started to kill the Chaos Beasts.

Their target this time was the Chaos Beasts with monks tied to their backs.

Zhang Yuhe waved his right hand.

The nine fairy swords quickly fell in all directions.

A small-scale sword energy light curtain was formed instantly.

Follow the magic formula and pinch it.

A massive amount of sword energy spread across the world.

The Chaos Beast shrouded in the sword energy light curtain was quickly cut into pieces.

Because of Zhang Yuhe, he deliberately controlled the scope of the sword array.

The smaller the range, the more powerful the sword array is.

In just a moment, he cleared an area of Chaos Beasts.

Several monks who were originally kidnapped by the Chaos Beast.

At this time, he was lying on the ground helplessly.

Although the Chaos Beast carrying them had been cut into pieces by Zhang Yuhe.

But the chains on their bodies were not untied.

Therefore, these monks are still unable to move.

Zhang Yuhe walked quickly and walked to a monk.

Looking at the iron chain on the monk's body, it exuded a strange charm.

He didn't know how to start at the moment.

I was afraid that if I made a move, I would be chained up.

Although these chains look ordinary, they can completely immobilize a powerful monk.

This made Zhang Yuhe feel fearful.

at this time.

Nangong Youxi's voice came from a distance.

"This is the supreme divine chain of the Chaos Beast. You cannot touch it with your body. You can only use the immortal power to cut it off."

"Is that so?"

Hearing Nangong Youxi's words.

Zhang Yuhe waved his right hand.

As the sword light flashed quickly, the iron chain binding the monk was cut into several pieces in an instant.

After the monk broke free from the iron chain, his breath was still weak.

But he still looked excited and thanked Zhang Yuhe.

"I would like to thank Qian Yuanjiang of the Wanxian Sect, little friend, for your help."

Only then did Zhang Yuhe find out.

This Qian Yuanjiang is actually a Taiyi Immortal Lord.

He immediately responded humbly.

"Senior, there is no need to be polite. It is the duty of monks to rescue each other."

Then, he asked with concern.

"How do you feel now, senior?"

Qian Yuanjiang naturally knew what Zhang Yuhe was thinking, but he just shook his head helplessly and said.

"The Chaos Beast's Supreme Divine Chain has already sucked all the immortal energy out of me, and I am still unable to do anything."

Hearing this, Zhang Yuhe couldn't help but frown slightly.

How to do this?

None of the monks who were rescued had any fighting ability.

Doesn't that mean.

As long as they save one more person, is it an extra burden?

At this time.

Qian Yuanjiang next to him sighed.

"It's a pity that all the belongings on my body were taken away by the Chaos Beast."

"Otherwise, I have a space fairy weapon in hand, so I don't need to embarrass my little friend."

Well.

After hearing this, Zhang Yuhe suddenly remembered.

What a tangle.

Don't you have a picture of all souls?

Take all these newly rescued monks into the Ten Thousand Spirits Map.

Isn't it over?

Think of this.

Zhang Yuhe offered the Ten Thousand Spirits Map and then said to Qian Yuanjiang.

"Senior, please stay in this Ten Thousand Spirits Map for a while."

"Wait until we return to Tiangong City before letting senior out."

Qian Yuanjiang's expression was slightly strange when he saw the Ten Thousand Spirits Map presented by Zhang Yuhe.

But he didn't ask anything, but nodded.

Zhang Yuhe took Qian Yuanjiang into Wan Ling Tu.

Then he quickly swept around and rescued several monks lying on the ground.

All included in the Wan Ling Tu.

He flashed again and quickly killed the Chaos Beast.

The sword array was deployed at full strength, killing a large group of chaos beasts in an instant.

Then cut off the iron chains and collect all the rescued monks into the Ten Thousand Spirits Map.

The whole movement was completed in one go, without any sloppiness.

After a while.

There were already dozens of monks rescued by him.

Most of them are Golden Immortal monks, and only a few are True Immortal disciples.

As for those below the True Immortal, there is none.

In the eyes of the Chaos Beast, monks who are under the True Immortal are not worthy of being sacrificed.

Not qualified to be kidnapped.

Zhang Yuhe's movements quickly attracted the attention of the Chaos Beast.

They had a hard time catching these sacrifices, so naturally they would not be easily rescued.

A seven-star chaotic beast let out a thundering roar and then quickly ran towards Zhang Yuhe.

"Grass."

See this situation.

Zhang Yuhe was very helpless.

What the hell, this has just begun and you are already being targeted?

He can't kill the Seven-Star Chaos Beast.

...

Chapter 231 The King Beast Attacks

Seeing a seven-star chaos beast, carrying an oversized hammer, running towards him.

Zhang Yuhe was very helpless.

It was really annoying.
