We can't let him, as a guard, go door to door in person to notify each family to hold a meeting.

Doesn't he want to lose face?

...

Chapter 28 Attitudes of All Parties

The meeting hall of the Yunzhong garrison.

Zhang Yuhe sat at the top, Qian Lingling carefully serving behind him.

Sitting at the bottom were the heads of each family, namely Qian Weiguang, the head of the Qian family, Sun Pengcheng, the head of the Sun family, Li Jiuming, the head of the Li family, He Chifeng, the head of the He family, and Concubine Mingyue, the head of the Fengxin Building.

Everyone looked at the tea cups in front of them in silence, but in private they carefully checked Zhang Yuhe's aura.

Now Zhang Yuhe has learned well. He has already hidden his cultivation level and kept his aura at the early stage of Nascent Soul.

Unless you meet someone with a higher level of cultivation than him, it would be difficult to tell.

Zhang Yuhe's eyes swept across the crowd, and his eyes fell on Concubine Ming Yue, the owner of Fengxin Tower at the back.

This woman was stunningly beautiful, but that was not the focus of his attention.

But Zhang Yuhe felt that this woman's aura was a bit strange.

It seemed that she only had the cultivation level of the early Nascent Soul, but he clearly felt that there was a powerful aura hidden in this woman.

Although I can't see the specific name at the moment, it is obviously not the early stage of Nascent Soul.

"This woman is not simple."

Zhang Yuhe quickly came to a conclusion.

It was obvious that I had made a mistake before I made the payment.

Before Ming Fu, he told him that among the five forces, Fengxin Tower was the weakest, and only the owner was at the early stage of Nascent Soul.

But in Zhang Yuhe's view, the most dangerous thing is the woman named Concubine Mingyue.

Zhang Wuji and his mother were indeed right, beautiful women are the best at lying.

Except for Concubine Ming Yue, the owner of Fengxin Tower, the others are nothing special.

The heads of each family are in the early stage of Nascent Soul.

Of course, as the head of the family, their strength does not necessarily mean that they are the strongest in the family.

In fact, there are quite a few Nascent Soul cultivators from various schools, and there might even be some Divine Transformation cultivators hidden among them.

After sizing each other up, Zhang Yuhe cleared his throat and spoke.

"I have just arrived at Yunzhong Mansion as the guardian envoy. Today I mainly want to meet with everyone so that I can take care of you in the future."

"Your Majesty, you're welcome. Your Majesty, who is in charge of Yunzhong Mansion on behalf of the Dao Sheng Sect, is what we can rely on. If you have anything to do, just give us your orders, and we will definitely handle it properly."

Qian Weiguang smiled and narrowed his eyes, and immediately responded politely.

"Yes, yes, sir, I have a mission, and we and other families will do our best."

The other four also responded one by one.

Zhang Yuhe looked at everyone's expressions and couldn't tell the truth from the lies for a moment.

But to him, these are not important.

Good words are useless even a thousand times. The key lies in actual actions.

Zhang Yuhe picked up the tea cup, took a small sip, and then continued.

"It's like this. As you can see, I don't have many people in the town hall. I would like to borrow some people from you. How about coming to the town house to serve as servants?"

"Let's talk about it first. The people who come to serve me will not pay. I don't have any money."

Zhang Yuhe's tone was deliberately domineering and ignorant. He just wanted others to look down on him and relax their attention, so that he could do things easily.

If these people were staring at him every day, nothing would be accomplished.

Although he didn't have any goals originally, he thought that coming here was just a different place to practice.

But he wanted it to be one thing, and whether it would work was another.

This Yunzhong Mansion is not simple, and he doesn't want to fall into a pit and be unable to get up.

Therefore, before practicing, you must straighten things out, and it is best to eliminate threats in advance.

Although I don't have a clue yet, it doesn't matter, things have to be done step by step.

As soon as Zhang Yuhe finished speaking, He Chifeng spoke calmly.

"No problem, I will arrange for someone to come to the guard house tomorrow to take care of things. However, our He family's disciples are not high in cultivation, and most of them are only in the Qi refining stage. Your Excellency, you won't mind, right?"

Hearing this, Zhang Yuhe was speechless.

You are being ghosted here. The He family has been inherited in Yunzhong Mansion for tens of thousands of years, and its power spreads across dozens of cities.

There are hundreds of thousands of disciples of monks in the family.

You told me to send some qi-training monks over?

Who are you looking down on?

Zhang Yuhe said lightly.

"Forget it, Qi Practitioner, I won't force it, I just say it casually."

After finishing speaking, he glanced at the other four people, and when he saw Li Jiu Ming.

Li Jiu Ming immediately stood up and said politely.

"Hey, our Li family has been greatly weakened in recent years. Sir, do you think I can arrange for some of the foundation-building disciples to come here to serve as servants?"

"never mind."

Zhang Yuhe responded lightly, and then glanced at the remaining three people.

Qian Weiguang immediately stood up and said with his eyes still smiling.

"It is an honor for me to serve you, sir. Tomorrow I will transfer five Jindan disciples from my family."

Zhang Yuhe nodded.

Sun Pengcheng from behind also said in response.

"Five people in the Golden Core realm will be sent over tomorrow."

"good."

Zhang Yuhe finally turned his gaze to Concubine Mingyue in Fengxin Tower.

He can't see through this woman, so he needs to be careful.

Concubine Mingyue stood up slowly and spoke softly.

"We really don't have many people in Fengxin Tower. If you don't mind, sir, how about I come to the town guard mansion to serve as an errand?"

"Forget it, let's stop talking about it today."

Zhang Yuhe brought tea and waved his hand. The five people below looked at each other and then walked out of the meeting hall one after another.

After everyone left, Zhang Yuhe tapped the table lightly with his fingers.

He called them here today to ask for people. He was indeed short of manpower.

But this was not the main purpose.

If he really wanted to find someone, he could just post a notice outside the town guard and a lot of people would come to apply. He didn't have to ask these local snakes for people.

Zhang Yuhe asked for people just to see the attitudes of all parties.

Ming Fuqian was right. There was something wrong with the He and Li families.

It stands to reason that when the inner disciples of the Daosheng Sect go out to guard, even if the local forces don't come up to lick their boots, they should at least be very respectful.

After all, there is no future in going against the Daosheng Sect.

As a town guard, Zhang Yuhe will stay in Yunzhong Prefecture for a hundred years.

As long as he wants, he can always put on eye drops for the He and Li families. Don't these two families worry?

But looking at the arrogance of the He and Li families, it is clear that they do not take him seriously and are not afraid that he will cause trouble in the future.

He just wants to borrow some manpower, but these two families refused so firmly.

If people want to be arrogant, they must have some capital.

The strength of these two families is just that, not enough for them to be arrogant.

In other words, there are people behind these two families, or there are forces to support them, so they dare to be arrogant in front of him.

Is there an elder of the Daosheng Sect who is backing them up?

Or something else?

"This matter is a bit difficult to handle."

Zhang Yuhe fell into deep thought.

...

Chapter 29 The Wu Family is Exterminated

The five family heads walked out of the garrison and returned to their homes.

In a secret place somewhere in Fengxin Tower in Yunzhong City, Mingyue Fei sat at the top, and four men and one woman sat quietly below.

The four men exuded a strong aura, and they were all Divine Transformation cultivators.

If such a scene were spread out, it would definitely shock everyone.

You know, in the open, Fengxin Tower only has one Yuanying-stage master, Mingyue Fei, who hides her cultivation.

However, there are four people in the God-transforming stage gathered here at once, and this is not counting Mingyue Fei, whose depth is unknown.

Once this powerful force moves, it will definitely cause a huge wave in Yunzhong Prefecture.
