Chapter 281

The reputation quickly spread to countless surrounding sea areas.

The surrounding major forces also began to gradually turn their attention to the originally remote Ji'an sea area.

Everyone wants to see what kind of charm Ji'an waters have.

Only then can we give birth to a peerless genius like Zhang Yuhe.

Many big forces also opened their own chambers of commerce into Yinhefang City.

Even the No. 1 Chamber of Commerce in the Immortal Realm, Qixing Tower.

A branch was also established in Yinhefang City.

The wind of immortality in the entire Ji'an sea area began to flourish rapidly.

Due to the large number of chambers of commerce, there was an influx into Yinhefang City.

The original market structure was somewhat inadequate.

For this reason, Daosheng Sect carried out a large-scale expansion of Yinhefang City.

A large number of monks moved mountains and reclaimed the sea, expanding the area of Fang City more than ten times.

Not only that.

Zhang Yuhe also made a request to the Nangong Immortal Clan.

I hope they can help build a teleportation array in the Ji'an sea area.

Faced with Zhang Yuhe's request.

Nangong Tianming didn't hesitate.

Not to mention Zhang Yuhe, who once turned the tide during the beast tide.

Helped the Nangong Immortal Clan to defend Tiangong City and avoid huge losses.

Even if there is no such thing.

Just rely on Zhang Yuhe's talent and terrifying combat power.

The Nangong Immortal Clan will try their best to win over him, and they will definitely not refuse.

Therefore, after receiving Zhang Yuhe's request.

Under the arrangement of Nangong Tianming.

Nangong Tianxin soon arrived at the Ji'an sea area.

Assisted the Daosheng Sect to build a teleportation array in Yinhefang City that connected to Tiangongfang City.

From now on.

The Ji'an sea area finally said goodbye, and there was no history of the teleportation array.

In the past.

In addition to the Golden Immortal monk, other monks in the Ji'an sea area.

Rarely travel to other sea areas.

no way.

Because the distance between the sea areas is really too far.

Even a Golden Immortal monk would have to fly continuously for several years to go to the nearest Tiangong sea area.

Since the source of the novel cannot be verified, if this resource accidentally infringes upon your rights, please trace the original communicator and notify us to delete it promptly. Thank you.

If it were a true immortal monk, he might have to fly continuously for decades, or even hundreds of years.

When flying continuously for a long time, it is difficult to guarantee that there will be no accidents.

When Zhang Yuhe and the others were heading to the Tiangong sea area.

I have encountered evil cultivators like Li Jiuyue.

That is to say, they are powerful.

If it had been anyone else, he might have died silently on the road, and no one would have known about it.

That is why.

For a long time, the waters of Ji'an have been like an independent world isolated from the rest of the world.

Unable to communicate closely with the outside world.

As a result, the Immortal Way in Ji'an Sea Area will naturally not be able to prosper.

Since the teleportation array was established.

Even a monk under a true immortal only needs to pay a sum of immortal spirit stones.

You can pass the teleportation array, go to Tiangongfang City, and move towards a wider world.

Instead of being trapped in the waters of Ji'an like before.

...

Zhang Yuhe used all his strength to activate the Galaxy Wandering Dragon Body Technique.

The body moves quickly in the void, traveling and teleporting forward.

If he wants to go to the Chaos Continent, he must first go to the Tiangong Sea.

Then he borrowed the teleportation array of the Nangong Immortal Clan and teleported to Tiangong City.

And as far as he knew, the Nangong Immortal Clan also had a quota to enter the Taixu Secret Realm.

I heard that this quota was given to Nangong Youxi.

When the time comes, they can go to Ten Thousand Immortals City together.

Then wait for the Taixu Secret Realm to open.

After half a day of continuous flying.

Zhang Yuhe passed through Yinhefang City and soon appeared outside the teleportation hall.

Saw Zhang Yuhe coming.

The sect disciple responsible for guarding the teleportation array immediately shouted respectfully.

"I've met the sect master."

Zhang Yuhe waved his hand, and then said calmly.

"Open the teleportation array, I want to go to the Tiangong sea area."

"Yes, Sect Master."

Zhang Yuhe walked up to the teleportation formation.

Follow the magic formula and pinch it.

A dazzling light flashed.

His whole person disappeared in an instant.

Tiangongfang City, Teleportation Hall.

When Zhang Yuhe stepped down from the teleportation array.

A young man in blue immediately came forward, with a look of admiration on his face, and shouted respectfully to him.

"I've met Sect Master Zhang."

Everyone worships heroes.

This is especially true for young people.

In the view of the boy in blue.

Zhang Yuhe is the superhero in his mind.

It has only been a few tens of thousands of years since he ascended, and he has already broken through to the Golden Fairy Realm.

Moreover, with the cultivation level of Golden Immortal, he can reverse the existence of the seven-star Chaos Beast.

Such a character may have never appeared in the entire history of Nangong Immortal Domain.

How can you tell these young people not to worship them?

Zhang Yuhe smiled and nodded at the boy in blue, and then walked out of the hall.

He passed through several streets along the way.

Soon we arrived, outside a luxurious manor.

He looked up.

I saw the four characters "Yinhe Villa" written on the plaque of the manor.

Today's Dao Sheng Sect is not comparable to the past.

The Galaxy Chamber of Commerce, under the leadership of Long Xingxiu, is developing its presence in various places.

The nearby Tiangong sea area is naturally their top priority.

Therefore, the Galaxy Chamber of Commerce not only opened a huge branch in Tiangong Market.

But also purchased several luxurious manors in Tiangong Market.

To prepare for the sect disciples to stay when traveling.

A middle-aged manager walked out of the manor and shouted respectfully to Zhang Yuhe.

"Meet the Sect Master."

Zhang Yuhe nodded and said.

"I may stay here for a few days, help me arrange it."

"Sect Master, follow me."

...

Nangong Youxi sat cross-legged somewhere in the main hall of the market, with his eyes slightly closed.

Section 282

Suddenly her expression changed.

An immortal mirror appeared in his hand.

After playing a magic formula and checking the above content.

Her face soon showed a look of joy.

He muttered to himself.

"This Sect Master Zhang is finally here."

Nangong Youxi stood up, quickly walked out of the hall, jumped into the air, and flew outside.

The Nangong Immortal Clan also has a quota to enter the Taixu Secret Realm.

And this quota is just for her to use.

So Nangong Youxi naturally had to wait until Zhang Yuhe set off together.

It would be nice for the two of them to go there together so they could take care of each other.

This is a big thick leg.

It would be unreasonable not to hug her.

After a while.

Nangong Youxi came to the Milky Way Villa.

The two of them sat down in a small pavilion on the lake.

Nangong Youxi said with a smile.

"Zhang Daoyou, you are really calm. There are only less than three months left before the Taixu Secret Realm is opened before we start setting off."

Zhang Yuhe touched his chin and responded with some embarrassment.

"There's no need to worry. Anyway, you can teleport to Ten Thousand Immortals City. It doesn't take much time on the way."

"Even if you go early, it won't be of any use."

Hearing this, Nangong Youxi was very speechless.

Others want to enter the secret realm of Taixu.

They usually arrive at Ten Thousand Immortals City decades or even hundreds of years in advance.

In order to make some preparations.

Zhang Yuhe is good.

Almost planning to go over there.

Simply.

If not for waiting for Zhang Yuhe.

She must have arrived at Ten Thousand Immortals City long ago.

...

Chapter 239 Chatting in the Secret Realm

Zhang Yuhe naturally knew why others would go to Wanxian City in advance.

Because whenever the Taixu Secret Realm is about to open, a large number of talented people will gather in the three royal cities.

The Golden Immortal monks who are qualified to enter the Taixu Secret Realm are all elite disciples of major forces.

Usually everyone is scattered in various places.

Before the Taixu Secret Realm opens, everyone can take advantage of this opportunity.

Gather together to discuss and communicate.

Even after entering the Taixu Secret Realm, they compete with each other for opportunities.

May be beaten to death.

But before going in, everyone can still have normal friendly exchanges.

But for this kind of thing.

Zhang Yuhe was generally not very interested.

He might as well practice more if he had time.

The gatherings and exchanges between monks had little effect on him.

What he wants cannot be given by others.

As for discussing the way of cultivation with each other.

That would be even more unnecessary.

In Zhang Yuhe's view.

Isn't it enough to practice cultivation just by immersing yourself in seclusion?

There is no need to communicate.

Isn't this too time consuming?

The two of them sat in a small pavilion on the lake, drinking tea and chatting about the Taixu Secret Realm.

Although Long Xingxiu helped him prepare all kinds of information in advance.

But compared with the Nangong Immortal Clan.

The information collected by Long Xingxiu was obviously a bit too superficial.

Zhang Yuhe asked curiously.

"The Taixu Secret Realm has been opened so many times, haven't the treasures inside been looted yet?"

Nangong Youxi rolled her eyes at him, and then asked.

"Do you know how big a king-level fairy city in the Chaos Continent is?"

Zhang Yuhe shook his head.

He really didn't know this.

Although he has been to Chaos Continent.

But it was only in Yingyue City and Tiangong City.

Needless to say, Yingyue City is just a small acropolis.

The radius is only a few thousand miles.

Not to mention a big city in the fairy world.

Even in the world of Yu Fantian.

There are many cities larger than Yingyue City.

But Tiangong City is completely different.

As a king-level fairy city.

Tiangong City covers an area of at least tens of thousands of miles.

Not even much smaller than some of the main islands in Ji'an waters.

To say it is a small continent is an understatement.

As for the Royal City, which is a level higher than the King-level Immortal City.

Zhang Yuhe has never seen it before.

One can only rely on imagination.

in his consciousness.

Each royal city covers an area of at least hundreds of thousands of miles.

As for the truth, I don't know.

Seeing Zhang Yuhe, he knew nothing about the royal city just like Xiuxian Xiaobai.

Nangong Youxi explained with a smile.

"The exact size of the royal city is indeed difficult to say."

"Because every royal city is a self-city system, which is almost equivalent to an independent world."

"Some larger royal cities even cover an area of hundreds of millions of miles."

"Even the smallest royal city has a radius of tens of millions of miles."

"With such a vast place, it is almost impossible for the Golden Immortal monk to explore it all in a short time."

"What's more, the Taixu Secret Realm is extremely dangerous."

"Golden Immortal monks have to be careful when entering it. They cannot let go to explore at all."

"So, even though the Taixu Secret Realm has been opened many times, it is estimated that not even 1% of the places have been explored by monks."

Hearing this, Zhang Yuhe couldn't help but open his mouth.

A radius of tens of millions of miles, or even hundreds of millions of miles?

Is this still a city?

It's a bit exaggerated.

How terrifying is Da Luo Immortal King.

To build such a huge fairy city?

Thinking of this, Zhang Yuhe couldn't help but fall into deep thought.

He felt like a frog in a well.

He didn't know how big the world was.

Chapter 283

The two chatted for a while, and Zhang Yuhe suddenly asked.

"It is said that there are countless treasures in the Taixu Secret Realm, so what treasures do you mainly look for when you enter it?"

Nangong Youxi thought for a while, and then slowly responded.

"It's hard to say."

"Everyone's chance is different."

"Some people are lucky, and they may just enter the Taixu Secret Realm and just encounter the cave of Taiyi Immortal Lord."

"As long as you can break the cave formation, you may have a chance to obtain the inheritance of Taiyi Immortal Lord."

"There used to be a Golden Immortal cultivator who obtained a top-grade immortal weapon in the Taixu Secret Realm, and some people found a top-grade immortal-killing cannon."

"But for people like us, the most important thing is to find spiritual objects that help break through the Taiyi Realm."

"Whether it is an immortal pill or an immortal medicine or an immortal fruit."

"As long as you can find one, you will be rich."

"Maybe, you can take this opportunity to break through to the Taiyi Realm in one fell swoop."

Speaking of this, Nangong Youxi couldn't help but show a look of longing on his face.

There is a huge threshold for Golden Immortal cultivators to break through the Taiyi Realm.

Not only do they need to face the extremely fierce Taiyi Immortal Tribulation.

More importantly.

The bottleneck of the Taiyi Realm is very difficult.

If there is no spiritual object to assist in the breakthrough.

Even if they want to try the power of the Taiyi Heavenly Tribulation, there is no chance.

If they can't break through at all, where will the Heavenly Tribulation come from?

Once the deadline comes, they can only wait for death and sit in meditation helplessly.

The life span of Golden Immortal cultivators is also limited.

It only has a life span of tens of millions of years.

But those spiritual objects that can assist in breaking through the Taiyi Realm are extremely precious.

Even the three super powers may not have stocks.

Therefore, everyone puts their hopes on the Taixu Secret Realm.

After all, there is a magnificent king-level immortal city.

Maybe someone has cultivated similar spiritual objects there.

In the long river of time.

These spiritual objects have been growing wildly, but no one has collected them.

Compared with the outside world.

In the Taixu Secret Realm, the chance of finding spiritual objects that break through the Taiyi Realm is greater.

But for Zhang Yuhe.

These things don't seem to be very important.

At least he himself shouldn't need them.

I don't know if it's because his aptitude is too amazing.

Anyway, he has never felt the existence of a bottleneck since he started practicing Taoism.

Every time he breaks through the realm, it is a natural thing.

He has never been troubled by bottlenecks.

Compared with the spiritual objects that break through the Taiyi realm.

Zhang Yuhe wants to find some complete inheritance.

The foundation of the Daosheng Sect is really too weak.

The sect has been passed down to this day, and there are not even a few ordinary recipes for immortal pills.

This makes his great alchemy skills completely impossible to display.

If he can find a pill recipe that accelerates cultivation, such as Yunshen Xiandan and Qiyan Yunlingdan.

That would be perfect.

In this way, it will be easier for Daosheng Sect to cultivate Golden Immortal cultivators.

Of course.

If there are other inheritances, he doesn't mind.

For example, the blueprints for refining the top-grade Immortal-killing Cannon.

The blueprints for refining immortal warships.

Zhang Yuhe believes.

These things must be in the Taixu Secret Realm.

After all, there used to be a large number of Taiyi Immortal Lords living there.

There were even several Daluo Immortal Kings in charge.

As long as a few of the Taiyi Immortal Lords' caves are found, it is estimated that there will be good gains.

If the Daluo Immortal King's cave can be found, it will be even better.

According to rumors, the Taixu Immortal King's magical powers are extremely powerful.

His cultivation has reached the perfection of the Tailuo Realm, and he is only half a step away from the realm of Daozu.

If the Immortal City had not been broken by the Chaos Beast.

Maybe the current Nanhai Immortal Realm may be a fairyland with Daozu in charge.

Zhang Yuhe thought.

If the inheritance of the Taixu Immortal King's cave can be found, it would be perfect.

If that is really possible, his future cultivation path will be much easier.

...

Chapter 240 Divine Beast Sect

Thinking of the inheritance of the Taixu Immortal King, Zhang Yuhe couldn't help but look forward to it.

He felt that with his own strength.

In the Taixu Secret Realm, he dare not say that he is invincible.

But at least in terms of safety, it is still guaranteed.

Even if there are things that can threaten him, there will definitely not be too many.

With the Galaxy Dragon Body Skill.

Even if he can't beat him, he can still run away.

Zhang Yuhe planned that after entering the Taixu Secret Realm.

There is no need to search carefully and slowly.

He can quickly wander around and sweep everywhere.

As long as his luck is not too bad.

It shouldn't be a big problem to find a few caves of Taiyi Immortal Lord.

If he is lucky.

Maybe he can really find the cave inheritance of Daluo Immortal King.

Of course.

This is just his current idea.

As for the real situation in the Taixu Secret Realm, what will it be?

You have to go in to know.

After all, no matter how much others say.

It is not as real as your own personal experience.

The two sat quietly in the pavilion.

Nangong Youxi explained to him in detail some of the main dangerous things in the Taixu Secret Realm.

For example, the Chaos Beast.

Generally speaking, where there are cultivators' caves, there will definitely be Chaos Beasts.

The higher the level of the cultivator's cave, the higher the level of the Chaos Beast.

However, Chaos Beasts are relatively easy to deal with.

As long as you are not greedy.

If you see a Chaos Beast that you cannot defeat, just go around and leave.

After all, Chaos Beasts are huge.

Except for a few.

Most Chaos Beasts do not hide their bodies.

So there is no possibility of being attacked by Chaos Beasts.

It's just that you are not too stubborn.

Chapter 284

When I saw the monk's cave, I couldn't walk.

Then the chance of being killed by a Chaos Beast is basically not too great.

Except for the Chaos Beast.

The main danger in the Taixu Realm comes from those remaining formations.

Some formations are not touched before.

It can't be found at all.

By the time the formation is triggered, it's already too late.

Many formations in the Taixu Secret Realm can instantly kill Golden Immortal monks.

After all, it was once a king-level fairy city.

Just a little bit of array power.

Not even the Golden Immortal monks can bear it.

But what surprised Zhang Yuhe the most was.

According to what Nangong Youxi said.

After entering the Taixu secret realm.

The biggest danger actually comes from fellow monks.

Although in the fairy world, everyone seems to be united.

Like the kind in the legend, a conquest war between major forces.

Zhang Yuhe is rarely heard of.

After all, we all have a common enemy.

That is the Chaos Beast.

And there is Daozu pressing on it.

No one dares to engage in excessive internal fighting.

Especially those big forces, they are all peaceful on the surface.

But after entering the Taixu Secret Realm, it is completely different.

In that closed place.

Even if he is killed, no one will know.

And even if someone knew about it, what would happen.

Isn't it normal for monks to compete for opportunities?

When the conversation came to this point, Nangong Youxi said solemnly.

"After entering the Taixu Secret Realm, you must be careful of the disciples of the Divine Beast Sect."

"Mysterious beast disciples always do whatever they want."

"Even if there is no opportunity, the other party may take action."

Zhang Yuhe nodded silently.

He knows about the Divine Beast Sect.

It is one of the three major forces in the South China Sea Immortal Domain.

Wanxianmen, Chaotian Palace, Divine Beast Sect.

These three superpowers have been inherited in the South China Sea Immortal Domain for countless years.

Among them, the Divine Beast Sect is the strongest.

If it weren't for the above, there would still be Taoist ancestors from the outside pressing down.

Maybe the Divine Beast Sect has already begun to use force to unify the entire Nangong Immortal Domain.

There are even rumors.

The Divine Beast Sect was also behind the collapse of the Taixu Sect.

They lured a large number of king beasts and attacked Taixu City.

Including Taixu Immortal King.

Several Daluo Immortal Kings of Taixu Sect all died in that battle.

It didn't take long to follow.

Taixu Sect's sect headquarters in the South China Sea Immortal Territory was attacked by mysterious people.

The Taixu Sect, which had been passed down for a long time, was completely destroyed.

This incident caused huge waves back then.

Even the Dao Ancestor above personally asked about this matter.

However, in the end, I don't know why.

The matter actually went unsolved.

The Divine Beast Sect is still at ease to this day.

Even his arrogance is even worse than before.

Fortunately, the Wanxian Sect and Chaotian Palace were united and could barely resist the arrogance of the Divine Beast Sect.

Maintain the Nangong Immortal Territory in a peaceful situation for the time being.

But in Zhang Yuhe's opinion.

No matter how arrogant those Divine Beast Sect disciples are in the secret realm of Taixu.

He is not afraid.

I really want to piss him off and beat them all to death with a stick.

He can even beat the Seven-Star Chaos Beast to death.

Are you still afraid of those Divine Beast Sect disciples whose cultivation level is only in the Golden Immortal Realm?

Entering the Taixu Secret Realm is subject to cultivation limitations.

After the cultivation level exceeds the Taiyi realm, it is impossible to pass through the space cracks.

Those who can enter the Taixu Secret Realm cannot reach higher than the Golden Fairy Realm.

Zhang Yuhe's only worry is.

I'm afraid that if I beat the younger one, I'll kill the older one.

What if he beats the disciples of the Divine Beast Sect to death in the secret territory of Taixu?

Then after coming out.

It's hard to say whether he will be targeted by the Divine Beast Sect.

"I hope they won't offend me."

Zhang Yuhe thought silently.

He is also not a person who likes to cause trouble.

But once someone else bullies him.

Then there is nothing to say.

He's not someone who doesn't fight back when he's in trouble.

Anyone who dares to cause trouble for him will be beaten to death.

Do we have to let him stand there and be beaten passively?

This is not his character.

As for killing a disciple of the Divine Beast Sect, what will be the consequences?

Will he be sentenced to a physical assault?

He can't control that much.

No matter how powerful the Divine Beast Sect is, it cannot cover the sky with one hand.

Really pissing me off.

Just find a place to hide and practice in seclusion for millions of years.

Wait until you reach the Daluo realm in cultivation before leaving the mountain.

By that time.

He would never take the Divine Beast Sect seriously again.

There is no Taoist ancestor in the Divine Beast Sect.

If he breaks through to Daluoxian.

He must be invincible under Dao Ancestor.

There aren't many that can threaten his existence in the entire fairy world.

...

Zhang Yuhe and Nangong Youxi sat in a small pavilion on the lake and chatted for a long time.

Many things Nangong Youxi said greatly broadened his horizons.

It was the first time for him to hear many secrets that he didn't know before.

The two continued chatting for a while.

Nangong Youxi asked.

"When do you plan to go to Ten Thousand Immortals City?"

"I suggest it's better to go earlier."

Section 285

"Although the opening time of Taixu Secret Realm is currently locked in three months."

"But there's no guarantee that there won't be any accidents."

"It would be a pity if we were late and missed the opportunity to enter the Taixu Secret Realm."

Zhang Yuhe thought for a while, then nodded and responded.

"I don't have anything else to prepare, so let's set off in three days."

"Okay, we will meet at the teleportation hall in three days."

After Nangong Youxi finished speaking, he stood up and left the Galaxy Villa.

...

Chapter 241 Qian Mingshi

Three days later.

After Zhang Yuhe joined Nangong Youxi, they teleported to Tiangong City first.

Then, through the teleportation array of Tiangong City, he was teleported to Ten Thousand Immortals City.

They had just walked out of the teleportation hall of Ten Thousand Immortals City.

A passionate voice came from afar.

"Brother Yuhe, you are finally here. Brother, I have been waiting for you for a long time."

"Knowing that you will come over soon, I specifically asked the disciples guarding the teleportation array to inform me in time when they see you coming."

"I just didn't expect you to come so late, haha."

After seeing the person clearly, Zhang Yuhe shouted helplessly.

"I have met Immortal Lord Yuanjiang."

Next to him, Nangong Youxi also saluted respectfully.

Seeing Qian Yuanjiang being so enthusiastic towards Zhang Yuhe.

She was a little envious.

To know.

Qian Yuanjiang is a real Immortal Lord Taiyi.

Although their Nangong Immortal Clan also has three Immortal Lord Ancestors.

But how could the ancestors be so polite and enthusiastic to the younger generations?

Even those Immortal Lords who are kind-hearted by nature cannot be on an equal footing with the Golden Immortal monks.

But Zhang Yuhe is different.

Don't say anything else.

With his own strength, he is definitely no worse than a Taiyi Immortal Lord.

Maybe even stronger than the ordinary Taiyi Immortal Lord.

What's more, with his incredible qualifications.

Breaking through to the Taiyi realm is only a matter of time.

Therefore, no one dares to underestimate him.

Of course.

the most important is.

Zhang Yuhe is also Qian Yuanjiang's savior.

In front of Zhang Yuhe.

Qian Yuanjiang never regarded himself as a senior.

But the friendship between equals.

As early as 50,000 years ago.

After Qian Yuanjiang recovered, he personally went to the waters of Ji'an to thank Zhang Yuhe in person.

Not only that.

He also used his influence to provide a lot of convenience for the Dao Sheng Sect to expand outward.

Without Qian Yuanjiang's help.

How could the Galaxy Chamber of Commerce, run by Long Xingxiu, be so relaxed?

Just open branches all over the sea.

Qian Yuanjiang stepped forward, took Zhang Yuhe's hand, and said enthusiastically.

"Brother, please come with me. I have already arranged your accommodation for you."

Zhang Yuhe glanced at Nangong Youxi and felt a little hesitant.

The Nangong Immortal Clan also has its own industry among the Ten Thousand City Immortals.

Originally, they planned to settle down in the Nangong Immortal Clan's other courtyard.

Quietly waiting for the secret realm of Taixu to open.

It's just that Qian Yuanjiang is so enthusiastic that he can't refuse easily.

The three of them were flying rapidly through the sky above Ten Thousand Immortals City.

After a while.

They came to a place under the rolling mountains.

Qian Yuanjiang pointed to the mountains in the distance and said.

"This is Wanxian Mountain. Taiyi Immortal Lord, who is usually stationed in Wanxian City, usually lives here."

Under the leadership of Qian Yuanjiang.

They soon landed on a mountain peak.

Zhang Yuhe looked up.

I saw a tall stone tablet standing on the top of the mountain.

On the stone tablet, there are three characters "Jiang Shengfeng" engraved on it.

Obviously, this is Qian Yuanjiang's cave in Wanxian City.

At this time. A fat young monk walked forward quickly.

He shouted respectfully towards Qian Yuanjiang.

"I've met my ancestor."

After saying this, he turned to look at Zhang Yuhe and the other two.

There was a slight hint of surprise in his expression.

He didn't know why his ancestor brought two strange Golden Immortal monks here.

Qian Yuanjiang quickly said to the young monk.

"Akashi, come and meet these two fellow Taoists."

He pointed at Zhang Yuhe, and then said to the young monk.

"This is Zhang Yuhe, Zhang Xiaoyou."

"Brother Zhang is not only my savior, but he also has extraordinary magical powers."

"During the last beast wave, Brother Zhang used his cultivation in the Golden Immortal Realm to kill multiple seven-star chaos beasts in succession."

"This kind of peerless genius is definitely unique in the history of the South China Sea Immortal Territory. You must get closer and closer in the future."

Qian Yuanjiang continued to introduce Nangong Youxi.

Then he pointed at the young monk and said to Zhang Yuhe and the other two.

"This is the next generation of my family, Qian Mingshi."

"He will also enter the Taixu Secret Realm."

"If there is a chance, I hope that I can take care of you as much as possible when I am in the Taixu Secret Realm."

After introducing each other.

The four of them sat down in a small pavilion at the top of Jiangsheng Peak.

Qian Mingshi put down the tea set and looked at Zhang Yuhe curiously from time to time.

He had naturally heard of Zhang Yuhe's name.

As the only genius in the current South China Sea Immortal Realm who understands the Supreme Law.

Moreover, with the cultivation level of Golden Immortal, he can kill the seven-star Chaos Beast in reverse.

Such a legendary figure like Zhang Yuhe.

Even those who are not well-informed will definitely know something.

Moreover, the Taixu Secret Realm is about to open.

The Golden Immortals from all over the world gathered in Wanxian City.

Zhang Yuhe, who will also enter the Taixu Secret Realm, is naturally the focus of everyone's attention.

Every time they get together.

Everyone will ask others about Zhang Yuhe's magical powers.

And the situation when he killed the Seven-Star Chaos Beast.

After all, in the near future.

Everyone may meet in the Taixu Secret Realm.

Section 286

Facing a ruthless person like Zhang Yuhe who can kill the Seven-Star Chaos Beast.

No one dares to despise it.

Everyone wants to know more about Zhang Yuhe's situation.

There will definitely be benefits.

If there is a conflict in the Taixu Secret Realm, they can make some countermeasures in advance.

Zhang Yuhe picked up the teacup, took a sip, and asked Qian Yuanjiang.

"Immortal Lord Yuanjiang, has the time to go to Taixu Secret Realm been decided?"

Although the opening time of Taixu Secret Realm is definitely three months later.

But they were sure that they had to leave early.

The secret realm of Taixu has always been in the void, wandering and uncertain.

The opening position will be different every time.

It takes three major forces to gather together before it can be opened.

Qian Yuanjiang nodded and responded.

"The time has been set. We will set off in one month."

"The location where the secret realm is opened this time is a bit far from the City of Ten Thousand Immortals."

"We need to set off some time early."

...

Under Qian Yuanjiang's warm reception, Zhang Yuhe and Nangong Youxi settled down at Jiangsheng Peak.

They wouldn't be able to stay long anyway.

A month later, they will have to follow the team of Wanxian Sect and head to the Taixu Secret Realm.

Maybe it was because of Qian Yuanjiang's arrangement, or more likely it was to get closer to him.

During this period, Qian Mingshi would come to visit from time to time.

They talked together about the opponents they might encounter during this trip to Taixu Secret Realm.

Through the words of Qian Mingshi.

Only then did Zhang Yuhe know.

It turns out that in recent years, the Divine Beast Sect has also produced a talented Golden Immortal.

This person's name is Long Aotian.

According to what Qian Mingshi said.

Long Aotian had already reached the Golden Immortal Dzogchen as early as 200,000 years ago.

Moreover, he also mastered two special laws and four general laws.

And these six laws have been understood to the level of small success.

Originally, with the background of the Divine Beast Sect, he had every chance to break through to the Taiyi realm.

But Long Aotian never chose to break through.

Just to wait for this trip to Taixu Secret Realm.

I don't know that it's the Divine Beast Sect that has plans for the Taixu Secret Realm.

It was Long Aotian himself who had other ideas.

For the sake of the Taixu Secret Realm, he was able to resist breaking through.

...

Chapter 242 Departure

"I hope that when we are in the Taixu Secret Realm, we won't encounter a bird like Long Aotian."

After hearing Qian Mingshi talk about Long Aotian.

Zhang Yuhe thought silently.

He didn't pay much attention to Long Aotian himself.

Even Long Aotian was already the Golden Immortal Dzogchen as early as 200,000 years ago.

He even mastered six laws and understood all six laws to the state of small success.

despite this.

He didn't take it to heart either.

No matter how strong Long Aotian is, he can't be stronger than the Seven-Star Chaos Beast.

In Zhang Yuhe's view.

It doesn't matter what Long Aotian's strength is.

It's impossible to beat him anyway.

The most critical question is.

Long Aotian's identity is extremely complicated.

He is the leader of the Divine Beast Sect and the only son of Long Yuanguang.

Logically speaking.

As the Great Luo Immortal King, Long Yuanguang should be unable to do so until he gives birth to an heir.

As the cultivation level increases, the possibility of a monk giving birth to an heir becomes smaller and smaller.

Not to mention Daluo Immortal King.

Even true immortal monks are basically unable to give birth to any more offspring.

If you want to continue your bloodline, you have to make arrangements in advance.

It's best to get things right before breaking through to the true wonderland.

But nothing is absolute.

Immortality has infinite possibilities.

Although it is extremely difficult for high-level monks to give birth to children.

But there are some ways to increase your chances.

For example, some special elixirs have this effect.

Of course.

If you want Daluo Immortal King to give birth to offspring, ordinary elixirs obviously won't work.

I heard that Long Yuanguang obtained a Nine-turn Flying Dragon Pill from a certain Taoist ancestor of the Demon Clan.

Later, there was Long Aotian.

The Nine-turn Flying Dragon Pill is extremely precious.

This is a fifth-grade elixir.

Only Tao Ancestor can refine it.

In the immortal world, the fifth-grade elixir refined by Dao Ancestor is also called Dao Pill.

Every Tao elixir contains the creation of the Tao and has incredible effects.

Precisely because it is hard to come by.

Long Aotian's status in the Divine Beast Sect can be imagined from this.

It's hard for Zhang Yuhe to imagine.

What would be the consequences if Long Aotian was beaten to death in the Taixu Secret Realm.

He just hoped.

It would be better if Long Aotian didn't offend him.

Otherwise.

Zhang Yuhe really doesn't know.

Should he endure it or just beat him to death?

...

One month later.

A large number of Golden Immortal monks gathered in the Ten Thousand Immortals Palace.

Zhang Yuhe and Nangong Youxi were also among them.

He looked around.

I saw only three thousand Golden Immortal monks in the main hall.

And judging from the smell.

These people are all powerful men in the Golden Fairy Realm.

A small number of them have reached Golden Immortal Dzogchen.

As long as these people have the right opportunity, they may be able to break through to the Taiyi realm.

Of course.

Breaking through the Taiyi realm is not that easy.

It just means that these people have the conditions to break through.

As for whether they can successfully break through, it is hard to say.

The remaining 2,000 people are all in the late stage of Golden Immortal.

Chapter 287

He didn't even see a mid-stage Golden Immortal.

Seeing so many tyrannical Golden Immortal monks.

Zhang Yuhe couldn't help but sigh.

There are many capable people in the fairy world.

This is just the South China Sea Immortal Domain.

And it's just the forces under the Wanxian Sect.

There are so many golden immortal geniuses.

hard to imagine.

How strong is the overall strength of the monks in the fairy world?

After a while.

Cheng Yuanshan and Qian Yuanjiang walked into the hall.

Everyone shouted in unison.

"I've met the Immortal Lord."

Cheng Yuanshan stretched out his hand to signal, and then said slowly.

"This time I will lead the team to the Taixu Secret Realm."

"I hope everyone can unite and gain good opportunities."

After saying that.

Cheng Yuanshan waved his right hand.

A huge fairy ship appeared in front of everyone.

"Board aboard and set off."

Following Cheng Yuanshan's order.

Everyone quickly boarded the fairy ship.

...

A stream of light quickly passed through the wilderness of Chaos Continent.

Zhang Yuhe and others stood quietly on the fairy ship, looking at the scenery in the wilderness.

Chaos beasts will occasionally be encountered on the road.

But they don't need to take action.

The huge fairy ship rammed directly into it arbitrarily.

It can knock the Chaos Beast into a ball of blood mist.

Chaos beasts below six stars have no ability to resist in front of the fairy ship.

As for the more advanced Chaos Beasts, they are not so easy to encounter.

After all, Chaos Beasts with seven stars and above are also at the top of the major tribes.

They generally don't hang around in the periphery.

The fairy ship flew out of the monk's control area and roamed wildly in the wilderness.

Due to the secret realm of Taixu, he has been wandering in the void.

Even if the three superpowers have mastered the method of opening it.

It is also impossible to fix the open position.

The opening location of Taixu Secret Realm this time is in the area controlled by Chaos Beast.

But fortunately it didn't go too deep.

Otherwise.

This time the opening of the Taixu Secret Realm may be a failure.

To know.

Deep in the Chaos Continent, there are not only a large number of king-level chaos beasts.

There are even many supreme-level Chaos Beasts.

Even the Taoist ancestors of various races, when it is not necessary.

Nor will they enter the depths of the Chaos Continent.

The location where the Taixu Secret Realm was opened this time was in the territory of the Chaos Beast.

But fortunately it's not too in-depth.

Moreover, there are no powerful Chaos Beast tribes around.

So the three major forces decided.

Taixu Secret Realm is still opened normally.

Wanxianmen is in order to prevent accidents.

Cheng Yuanshan and Qian Yuanjiang were specially arranged to lead the team, and they also traveled on fairy ships.

Such a travel lineup.

As long as you don't encounter a king-level chaos beast, you can be sure that nothing will go wrong.

To know.

Cheng Yuanshan is the top expert in the Taiyi Realm.

It was outside Tiangong City.

Nangong Tianming and Cheng Yuanshan, with their cooperation, were able to contain more than twenty high-level chaos beasts.

He even killed a few.

The fairy ship was in the wilderness after flying continuously for more than a month.

Finally landed on a tall mountain peak.

Cheng Yuanshan said to everyone.

"This is it. Let's wait here for the others to come."

Zhang Yuhe raised his head and looked around.

I saw that there is not much difference between this place and other places.

"Is the Taixu Secret Realm opened here? I don't see anything special about it."

Think of this.

He silently pinched the magic formula, and a slight fluctuation slowly spread to the surroundings.

Space laws.

Zhang Yuhe thought.

Since the secret realm of Taixu has been flowing in the void.

Then he should be able to see some tricks in using the law of space.

Sure enough, after a while.

He found some abnormalities in the northwest corner.

There seems to be something wrong with the spatial fluctuations there.

It feels like the space barrier there is much weaker than in other places.

If not there were many people around.

He even wanted to pick up the Nine Heavens Flying Spirit Stick and try smashing it.

See if you can open the space barrier there.

Of course.

That's what Zhang Yuhe thought.

He had neither the desire to perform nor the thought of seeking death.

It's better to keep a low profile.

Since the last beast wave, he has become very popular.

So that along the way, the golden immortal monks on the immortal ship, when nothing happened.

They would quietly look at him a few times.

obviously.

Most of the monks on the fairy ship.

They all regard him as a powerful enemy after entering the Taixu secret realm.

This made Zhang Yuhe feel very helpless.

As for what?

The Taixu Secret Realm is so big.

As long as everyone looks for opportunities, everything will be fine.

Why should we fight for life or death?

...

Chapter 243 Confident Long Aotian

Zhang Yuhe sat down cross-legged quietly on the fairy ship.

There are still a few days left before the Taixu Secret Realm opens.

Chapter 288

And the people from the other two major forces have not arrived yet.

Everyone can only wait quietly.

But for those who cultivate immortality.

A few days is nothing.

I usually stay in seclusion for tens of thousands of years.

Everyone is not short of such a little time.

Two days later.

A stream of light passed from a distance.

After a while, a huge fairy ship appeared in front of everyone.

A hearty voice came from the fairy ship.

"Haha, brother Dao Cheng should be faster."

Cheng Yuanshan stood up and said with a smile.

"After all, we are closer, so it is normal to arrive first."

"I just didn't expect that your Chaotian Palace is so far away from here, and Brother Li is actually one step faster than the Divine Beast Sect."

It was the team from Chaotian Palace who came up from the fairy ship.

The leader of the team is Li Chengqing, a veteran Taiyi Immortal Lord of Chaotian Palace, who is also a Dzogchen practitioner.

After the two fairy ships approached.

Li Chengqing rose into the air and quickly landed on Cheng Yuanshan's fairy ship.

In the South China Sea Immortal Realm, due to jointly facing the pressure of the Divine Beast Sect.

Wanxian Sect and Chaotian Palace naturally established a stable alliance.

Disciples from the two major sects also often move around and communicate.

They are relatively familiar with each other.

Zhang Yuhe stood up and silently observed the fairy ship opposite.

I saw the number of Jinxian monks who came to Chaotian Palace was exactly the same as them.

There are also a total of three thousand people.

"Is it possible that every time the Taixu Secret Realm is opened, there are only 9,000 places?"

"The three major forces each have 3,000 quotas?"

Zhang Yuhe thought silently.

After the two major sects met, the familiar disciples of the two sects soon started chatting enthusiastically.

"Brother He, I haven't seen you for many years. I didn't expect that you have already reached the level of Dzogchen."

"My little brother is just lucky to have made some progress. I can't compare to you, Brother Wu."

"You have understood the law and reached the realm of small success many years ago."

"I haven't seen him for so many years. I'm afraid his strength has improved a lot."

"Do you know when the Taixu Secret Realm will be opened? How long do we have to wait?"

"Brother He, why are you anxious? The people from the Divine Beast Sect haven't come yet."

"Until the people from the Divine Beast Sect come over, this secret realm cannot be opened."

"Hmph, the power of the Divine Beast Sect is too great."

"We are farther away from Chaotian Palace than they are. We have already arrived, but they haven't come yet."

"Brother Taoist, why bother getting angry over such a trivial matter."

"Isn't the Divine Beast Sect always like this?"

"We just have to wait patiently. Anyway, the Immortal Lord is taking care of us, so we don't have to worry about anything going wrong."

"That's right, don't mention them."

"I hope that by entering the Taixu Secret Realm this time, we can find some opportunities for breakthrough. We don't have much life left."

"Opportunity is a trivial matter. I just hope that I won't meet a disciple of the Divine Beast Sect in the Taixu Secret Realm."

"As for chance or anything like that, it depends on fate."

...

Far away from them, there was a huge fairy ship.

He was flying forward quickly in the wilderness of Chaos Continent.

A large number of golden immortal monks are standing quietly on the immortal ship.

They are the team from the Divine Beast Sect, preparing to enter the Taixu Secret Realm.

A dark-faced young monk stood proudly at the front of the immortal ship.

It was Long Aotian, the peerless genius of the Divine Beast Sect.

The two Taiyi Immortal Lords with powerful auras respectfully followed Long Aotian.

There is absolutely no trace of the power of the Immortal Lord.

These two people are called Wu Tianyi and Wu Tianer respectively.

They are twin brothers.

After practicing in the Divine Beast Sect for countless years, the two brothers were both promoted to the Taiyi realm.

After Long Aotian was born.

Long Yuanguang, the leader of the Divine Beast Sect, specially asked the Wu brothers to take on the responsibility of protecting Long Aotian.

Over the years, under the protection of the Wu brothers.

It is true that Long Aotian has not encountered any danger.

But this time going to Taixu Secret Realm is completely different.

Only Golden Immortal monks can enter the Taixu Secret Realm.

Once Taiyi Immortal Lord steps into the passage, the space crack will collapse immediately.

Therefore, the Wu brothers cannot accompany Long Aotian into the Taixu secret realm.

This made them a little worried.

Wu Tian said to Long Aotian in a low voice.

"Young Master, in fact, you don't have to take risks in the secret realm of Taixu."

"Anyway, there is no shortage of resources within the sect."

"With the talent of the young master, there is no problem at all in cultivating to the Daluo realm."

"In the Taixu secret realm, there are high-level chaos beasts everywhere, and there are also various incomplete formations."

"Once something happens, it will be worth the loss."

Long Aotian responded calmly.

"I have already made full preparations for this trip to the Taixu Secret Realm. What else could happen?"

"Are you still worried that I will be killed by those chaos beasts?"

"As for the remaining formations, there's no need to worry."

"I have a formation-breaking hammer to protect me. Even a complete third-level immortal formation can be broken with two hammers."

"Not to mention those incomplete formations."

"You two seniors don't have to worry at all."

Upon hearing this, Wu Tianyi nodded silently and said nothing more.

In fact, he also knows.

Although the Taixu Secret Realm is very dangerous, it is not a desperate place.

The so-called danger is only for ordinary people and Golden Immortal cultivators.

With Long Aotian's strength, there is really no need to worry too much.

In addition, in order to enter the Taixu Secret Realm.

Long Aotian has already prepared various trump cards.

There are dozens of third-level immortal talismans alone.

Even in order to deal with possible dangerous situations.

Long Aotian also brought a fourth-level immortal talisman.

You know.

The fourth-level immortal talisman is equivalent to a blow from Tai Luo Immortal King.

As the level increases, the difficulty of drawing the immortal talisman becomes greater.

Drawing the fourth-level immortal talisman requires not only superb skills.

And the materials needed for the talisman paper are also extremely precious.

There are only a few fourth-level immortal talismans in the entire Divine Beast Sect.

Only people like Long Aotian can take out a fourth-level immortal talisman from the sect.

With the fourth-level immortal talisman to protect himself.

Even the Nine-Star Chaos Beast can be killed instantly with one talisman.

Wu Tianyi felt that he was indeed a little too worried.

The immortal ship flew quickly all the way.

Chapter 289

The three of them continued to chat quietly.

At this time, Wu Tianer suddenly spoke.

"Young Master should not be afraid of other dangers."

"But there is one person whom I would like to ask Young Master to pay special attention to."

After hearing this, Long Aotian said lightly.

"Oh, could it be that the senior is talking about the Zhang Yuhe who reverse-slayed the Seven-Star Chaos Beast?"

"Yes, this person should not be underestimated. Once the young master encounters this person in the Taixu Secret Realm, try to avoid him."

Hear this.

Long Aotian responded with a sneer.

"Am I afraid of him?"

"He's just the supreme genius, I don't know if he's just bragging."

"A small person in a remote place doesn't know how big the immortal world is, but he still dares to call himself the supreme genius."

"He better pray not to touch me."

"Otherwise, the terror of this so-called supreme genius would end here."

obviously.

Long Aotian did not take Zhang Yuhe seriously.

Although Zhang Yuhe had an amazing record in the last beast wave.

But he still didn't take it to heart.

In Long Aotian's view.

Killing a seven-star chaos beast is no big deal.

He borrowed the talisman and the top-grade immortal-killing cannon to kill the seven-star chaos beast.

What's there to brag about?

If there is a chance.

He doesn't mind getting rid of Zhang Yuhe.

In Long Aotian's heart.

There should not be anyone more awesome than him in this South China Sea Immortal Realm.

If there is, it should be a dead person.

Who dares to steal his limelight from Long Aotian?

...

Chapter 244 The Secret Realm Opens

Zhang Yuhe didn't know.

A person he had never met before would be so hostile to him.

Of course.

If only he knew.

Will definitely respond with two words.

【dumbass】

It was just a brain cramp.

Could it be just because he killed several seven-star chaos beasts in the last beast wave?

Do you just want his life?

What kind of truth is this?

I'm afraid this person can't, he's a lunatic.

...

Five days later.

A stream of light flashed across the horizon in the distance quickly.

Everyone stood up immediately.

Cheng Yuanshan said calmly.

"The people from the Divine Beast Sect are here."

After a while.

A huge fairy ship, with terrifying power, quickly pressed towards them.

"snort."

Seeing the domineering appearance of the Divine Beast Sect, Cheng Yuanshan couldn't help but snorted.

Who is this to show off?

Among all the people present, even the weakest ones have the cultivation level of late Golden Immortal.

Does the Divine Beast Sect want to overwhelm everyone with just the power of the fairy ship?

Just boring.

After the Divine Beast Sect's fairy ship flew over, it stopped directly at the highest peak.

Zhang Yuhe silently looked towards the Divine Beast Sect.

On the immortal ship opposite, there were actually six thousand Golden Immortal monks.

This made him feel a little confused.

Aren't there three major forces, each sending 3,000 people?

Could it be that the Divine Beast Sect was worried about accidents on the road, so they prepared double personnel?

This is impossible.

Think of this.

Zhang Yuhe turned around and asked Qian Mingshi next to him.

"Brother Qian, why are there so many people coming to the sacred beast?"

Qian Mingshi responded helplessly.

"Every time the Taixu Secret Realm is opened, a maximum of 12,000 people can enter."

"In terms of quota allocation, we and Chaotian Palace each have 3,000 quotas."

"But the Divine Beast Sect has only 6,000 places."

"Who makes them stronger?"

Hearing this, Zhang Yuhe was speechless.

Originally he thought.

Even among the three superpowers, there is a gap in strength between them.

That shouldn't be the case, it's too far apart.

Now it seems that is not the case.

The strength of the Divine Beast Sect is obviously superior to that of the Ten Thousand Immortals Sect and Chaotian Palace.

Otherwise.

In the allocation of quotas.

It is impossible for the Divine Beast Sect to monopolize double portions.

Only with absolute strength can there be absolute benefits.

It is said that the Divine Beast Sect has five Taiyi Immortal Kings, and there is also a Divine Beast that protects the sect in the Da Luo realm.

As for the Wanxian Sect, there are only three Daluo Immortal Kings.

As for the strength of Chaotian Palace, it is even weaker.

They only have two Daluo Immortal Kings.

In terms of top-level strength, the two major sects together were still a bit behind the Divine Beast Sect.

But fortunately, Wanshan Immortal King of Wanxian Sect has extremely high magical powers.

It can be suppressed by Long Yuanguang, the leader of the Divine Beast Sect.

Otherwise.

The South China Sea Immortal Territory may not be able to maintain its current situation.

While Zhang Yuhe was still observing these Golden Immortal monks from the Divine Beast Sect.

Suddenly he noticed.

On the fairy ship opposite, a dark-faced young monk was looking at him.

And the man looked at him with a clear look of disdain.

This made Zhang Yuhe feel confused.

"Who is this person?"

"Have I ever offended him?"

Zhang Yuhe was very speechless.

He has always stayed in the waters of Ji'an and rarely traveled far.

It can be said that he is an otaku who cultivates immortality.

Section 290

This is the first time that he has met someone from the Divine Beast Sect.

He couldn't possibly offend him.

Is this person sick?

Why would he be so hostile to him for no reason?

Thinking of this.

Zhang Yuhe turned around and asked Qian Mingshi next to him.

"Brother Qian, who is that black guy standing in front of the Divine Beast Sect's fairy ship?"

Qian Mingshi glanced at the opposite side, then immediately turned back and said in a low voice.

"That person is Long Aotian, don't offend him."

"I heard that this person is very narrow-minded. Someone once just looked at him."

"He killed him and destroyed the other party's entire sect."

Uh.

Hearing this, Zhang Yuhe was very speechless.

Are there still such people in the fairy world?

Originally, he thought that only in the world like the old Blue Star, where there was no fairy inheritance.

There would be such a second-generation ancestor with a nose in the sky.

Now it seems.

No matter where they are, they are all the same.

But he felt strange.

How did Long Aotian, with such a personality, cultivate to the Golden Immortal Realm?

Such a narrow-minded and arrogant person.

Why hasn't he been beaten to death after living for so long?

Are immortal cultivators afraid of the other party's backers?

That shouldn't be the case.

At worst, he can kill the person.

Then he can go far away and practice in seclusion.

The immortal world is so big.

What's there to be afraid of?

Just find a place to hide.

Even if the Divine Beast Sect is powerful, it's not that easy to find.

Maybe this black boy has some tricks in his hands.

After all, I heard Qian Mingshi say it before.

Long Aotian not only has the perfect cultivation of the Golden Immortal, but also has already comprehended all the six laws to the realm of minor success.

Ordinary people may not be able to do anything to him.

That's why he can live so arrogantly until now.

He was really disgusted by Long Aotian's eyes.

Zhang Yuhe was in a bad mood.

He found a place where there was no one.

Then he slowly sat down cross-legged.

Why think so much.

Let's practice.

As for Long Aotian, why can he live until now?

That's because he hasn't been provoked yet.

Otherwise, this black boy would be reborn in a minute.

What peerless genius, what the only son of the sect master.

Zhang Yuhe didn't take it to heart at all.

If he really gets angry, he will beat them all to death.

As for what the consequences will be.

That will be after he is beaten to death.

Why think so much.

...

After the people from the Divine Beast Sect arrived.

The atmosphere at the scene seemed a little dull.

Everyone was no longer chatting enthusiastically in groups of three or five like before.

Instead, they found a place and waited silently for the opening of the Taixu Secret Realm.

Three days later.

A dark crack quietly appeared in the air.

Wu Tianyi took off from the fairy ship.

He looked indifferent and swept across the fairy ships of Wanxianmen and Chaotian Palace.

Then he said indifferently.

"Let's get started."

Cheng Yuanshan and Li Chengqing looked at each other and nodded silently.

"Okay, time is up, open the secret realm."

After saying this.

The three of them each took out a jade talisman.

As the immortal energy was injected.

The surface of the jade talisman burst into dazzling light.

Three beams of light shot up into the sky, pointing to the black crack in the void.

Under the traction of the light beams, the black crack slowly expanded.

After a while.

A huge vortex was formed.

Zhang Yuhe looked up and looked into the sky.

On the other side of the vortex.

Some tall figures suspected to be chaos beasts could be vaguely seen.

One after another magnificent buildings slowly appeared on the opposite side of the vortex.

Zhang Yuhe muttered to himself.

"Is this the Taixu Secret Realm?"

Although the full picture is still not visible.

But just from the corner exposed in the vortex.

It can be seen that the former glory of Taixu Immortal City.

Such a magnificent immortal city.

It was destroyed by the Chaos Beast.

Thinking of this.

Zhang Yuhe couldn't help but sigh.

...

Chapter 245 Entering the Secret Realm

Seeing the space channel gradually formed, everyone at the scene couldn't help but show excitement.

Didn't they come here just to enter the Taixu Secret Realm?

Once in the Taixu Secret Realm, find the corresponding opportunity.

Maybe there is a chance to break through to the Taiyi Realm.

Some people even look forward to it.

What if I am lucky enough to find a cave of the Daluo Immortal King and successfully open it.

Wouldn't it be a soaring flight?

Maybe in the future, I can use this opportunity to break through and become a Daluo Immortal King.

Long Aotian looked up at the vortex channel in the sky that was gradually forming.

He silently clenched his fists.

Unlike others.

His goal for this trip has long been determined.

That is, he must find the inheritance of the cave of the Taixu Immortal King.
