Section 321

Wu Tianyi quickly soared into the air, and he said lightly.

"None of you can leave."

He suddenly took out a golden array plate.

As the spell was pinched.

A huge golden light curtain quickly rose around.

The light curtain was like a golden bowl, covering the area of millions of miles.

Eight Desolate Forbidden Spirit Array.

When he saw Long Aotian did not return immediately.

Wu Tianyi felt something was not good.

So he quietly set up this array around.

He didn't know why Long Aotian couldn't come out in the end.

But he knew.

Whether it had anything to do with other people or not, he had to find a way.

Keep everyone at the scene temporarily.

Otherwise.

Once Long Yuanguang blamed him, he couldn't afford it.

Eight Desolate Forbidden Spirit Array is a powerful forbidden array.

Once trapped by this array, even Taiyi Immortal Lord would find it difficult to rush out.

Of course.

Wu Tianyi also knew that this formation could not keep the other party trapped.

After all, there were three Taiyi Immortal Lords from Wanxianmen and Chaotian Palace.

And there were two yellow-class immortal ships.

Cheng Yuanshan and Li Chengqing were both in the state of perfection.

Although the Eight Desolate Forbidden Spirit Formation was powerful, it could not keep the other party trapped for too long.

However, Wu Tianyi did not plan to keep the other party trapped.

He just needed to drag it until Long Yuanguang came.

The rest of the matter had nothing to do with him.

Long Yuanguang would take care of it.

Seeing the golden light curtain rising around him, Cheng Yuanshan's face was extremely gloomy.

He said angrily.

"You actually set up the formation here in advance. Are you going to start a war between the three major sects?"

Although the relationship between the Divine Beast Sect and the Wanxianmen and Chaotian Palace was indeed very delicate.

There were often some minor frictions between the two sides in private.

But such blatant actions have not happened for many years.

Could it be that the Divine Beast Sect really wanted to keep them all?

It's really arrogant.

The Eight Desolate Forbidden Spirit Formation can indeed trap ordinary Taiyi Immortal Lords, but it can't trap him.

Wu Tianyi responded with a smile.

"Brother Cheng, don't be angry. I am helpless."

"You should also know the position of the young master in the heart of our sect master."

"Such a big thing has happened, so it is natural to investigate it thoroughly."

"Wait until the sect master comes and investigates the matter, and everyone will naturally be at peace."

"Humph, that's your business."

Cheng Yuanshan snorted coldly, obviously very dissatisfied in his heart.

...

Chapter 268 Fight out

Zhang Yuhe stood on the fairy ship and quietly observed the situation around him.

After hearing the conversation between Wu Tianer and Cheng Yuanshan.

He knew that this matter could not be resolved peacefully.

The Divine Beast Sect actually wanted to keep everyone here.

This is very bad.

Zhang Yuhe didn't care what others thought.

He only knew that he must not stay here and wait for Long Yuanguang to come.

Once Long Yuanguang arrives here, he will definitely die.

There is no way.

A guilty conscience.

Long Aotian was beaten by him.

What if Long Yuanguang catches all of them and searches their souls one by one.

Then he will be dead?

Normally.

Wanxianmen will definitely not agree to let Shenshou Sect conduct a soul search.

Because once the soul is searched, the whole person will have no secrets at all.

Not only that.

After the soul is searched, the cultivator will have great sequelae.

It is even possible that the soul will dissipate on the spot.

But Zhang Yuhe dare not gamble.

He doesn't know whether Cheng Yuanshan and other Taiyi Immortal Lords will firmly protect their group of Golden Immortal cultivators.

So it is better to find a way to run away.

However, looking at the golden light curtain around him, Zhang Yuhe has no idea at all.

Although the Eight Desolate Forbidden Spirit Formation is only a third-level immortal formation.

In the Taixu Secret Realm.

He has destroyed several such formations.

But the situation now is completely different.

In the Taixu Secret Realm, those formations were not controlled by anyone, but just operated on their own.

So he could blow up a third-level immortal formation with just a few sticks.

The Eight Desolate Forbidden Spirit Formation in front of him was controlled by Wu Tianyi.

Unless Wu Tianyi was killed.

Otherwise, the formation could continue to operate.

"It's a bit difficult."

Zhang Yuhe thought silently while looking at Cheng Yuanshan.

I hope this Taiyi Immortal Lord who led the team can be tougher.

Cheng Yuanshan stood at the front of the immortal ship with a gloomy face.

He had never expected it.

How could such a big change happen just when the secret realm was opened.

Of course, they couldn't stay and wait for Long Yuanguang.

Long Aotian was trapped in the secret realm, and he didn't know whether he was dead or alive.

But Cheng Yuanshan knew that this matter could only be an unsolved case.

Whether Long Aotian was trapped in the secret realm because of his own death.

Or he was killed by other cultivators.

For Cheng Yuanshan, it was actually not important.

He would never let the people from the Divine Beast Sect to investigate the disciples of his sect.

Besides.

Even if Long Yuanguang came, what could he do?

It would just be a soul search.

How could Cheng Yuanshan let people from the Divine Beast Sect search for the souls of his own sect's disciples?

Everyone has their own secrets.

If a monk is soul-searched, there will be no secrets at all.

not to mention.

Soul Searching will also cause irreversible and permanent damage to the monks.

Section 322

After a monk is soul-searched, he is completely useless.

Moreover.

Even if he doesn't think about these Jinxian disciples, Cheng Yuanshan still has to think about himself.

Long Yuanguang is not an easy talker.

Once Long Yuanguang comes over.

Not only were the Jinxian disciples on the scene unable to escape, but even the Taiyi Immortal Lords who led the team would be angered.

If Long Yuanguang goes crazy and slaps them to death, where will they go to reason with him?

So, there was almost no overthinking.

Cheng Yuanshan made up his mind to fight out as soon as possible.

Moreover, Immortal King Wanshan must be notified immediately.

Since Long Yuanguang is already on his way over.

Then only the Immortal King of Wanshan can intercept the furious Long Yuanguang.

Otherwise.

Even if they fight out, there is a high possibility that they will be caught up by Long Yuanguang.

Think of this.

Cheng Yuanshan took out an immortal mirror.

After casting a spell, the projection of Wanshan Immortal King appeared in the Immortal Mirror.

"Report to the Sect Master..."

Cheng Yuanshan briefly described what happened.

After a while, the Immortal King of Wanshan in the mirror responded calmly.

"I understand, you can come back first."

"As for Long Yuanguang, you don't have to worry at all, he can't go anywhere."

Hearing the words of Wanshan Immortal King, Cheng Yuanshan finally breathed a sigh of relief.

As long as Wanshan Immortal King intercepts Long Yuanguang, the rest of the matter will be easy to solve.

The so-called Eight Wilds Forbidden Spirit Formation.

In Cheng Yuanguang's eyes, it was just a joke.

As long as Wu Tianyi is beaten to death, this formation will naturally be broken.

As for whether they can beat the Wu brothers?

Cheng Yuanshan has never worried about this.

Although the Wu brothers are not bad, Cheng Yuanshan doesn't pay much attention to them yet.

They have three Taiyi Immortal Lords, plus two Huang-level Immortal Ships.

It would be strange not to be able to beat the Wu brothers.

Think of this.

Cheng Yuanshan looked at Wu Tianyi in the distance and said with a cold expression.

"Open the formation, let's go to each side."

"Otherwise, we will have no choice but to fight to the death today."

Hearing Cheng Yuanshan's words, Wu Tianyi was also very helpless.

He didn't want to conflict with Wanxian Sect and Chaotian Palace here.

Because the advantage lies with the other party.

If a fight really breaks out, they will only be the losers.

But they did not dare to disobey Long Yuanguang's order.

Fortunately, Long Yuanguang was on his way over.

It only takes half a day at most to perfect the cultivation of Daluo Immortal with Long Yuanguang.

You can get here.

Therefore, they only need to drag the monks from Wanxian Sect and Chaotian Palace here for half a day.

Wu Tianyi carefully observed the situation and felt that the problem should not be too big.

Although the other party has a numerical advantage.

But these two brothers are not soft persimmons.

It can definitely be done if it takes half a day.

Think of this.

Wu Tianyi responded slowly.

"Brother Dao Cheng, I can only say I'm sorry. You can't leave until the sect leader arrives."

"Then there's nothing more to say."

Cheng Yuanshan glanced at Li Chengqing at Chaotian Palace, and the two parties nodded to each other.

By this time, they couldn't even think about not fighting.

If you continue to wait, you can only sit back and wait for death.

Think of this.

Cheng Yuanshan waved his right hand, and then said loudly to the disciples on the immortal ship.

"Do it, let's fight out together."

After saying these words, three thick gun barrels protruded from the front of the fairy ship.

Three blazing rays of light flashed quickly, heading straight for the Divine Beast Sect's fairy ship in the distance.

Wu Tianyi's face was extremely gloomy.

He didn't expect Cheng Yuanshan to be so decisive.

Without saying a few more words, he just chose to take action directly.

I saw the fairy ship on the opposite side firing.

Wu Tianyi immediately activated the magic formula, and the fairy ship quickly passed through the air.

Avoid the incoming fire.

The power of the top-grade immortal-killing cannon is indeed extremely powerful.

Even if it is the same yellow-level fairy ship.

As long as it takes a few shots, it will be beaten to pieces.

But as long as the opponent is not an idiot, the immortal cannon on the fairy ship will hit the opponent.

It's not that easy either.

...

Chapter 269 Total destruction in an instant

Cheng Yuanshan and Li Chengqing each activated the immortal cannon on the immortal ship.

However, they only attacked for one round and then stopped immediately.

Taiyi Immortal Lord controls the immortal ship to fight, and generally does not rely on firepower to suppress the opponent.

After all, the other party is not stupid either.

It's impossible to stand there and let you hit me.

The main function of the fairy ship is to attack.

The battle between Taiyi Immortal Lord relies more on their own magical powers and immortal weapons.

The fairy ship can only play a supporting role.

Of course.

If you can restrain the other party, then that's another matter.

You really need to be able to imprison the other party.

That's one shot.

Can be solved easily.

It's almost impossible to restrain each other in a battle between monks of the same level.

Not everyone can be like Zhang Yuhe.

Master multiple supreme laws at the same time.

You can use the power of the law to imprison others.

After firing a round of artillery fire.

The three Taiyi Immortal Lords quickly rose into the air.

Cheng Yuanshan and Qian Yuanjiang faced off against Wu Tianyi, while Li Chengqing faced off against Wu Tianer alone.

The five Taiyi Immortal Lords soon engaged in a battle.

The Immortal Lords had already taken action, so naturally the other Golden Immortal disciples were not idle either.

In fact.

When Cheng Yuanshan fired a round of artillery fire.

Zhang Yuhe and other Golden Immortal disciples immediately jumped out of the Immortal Ship and scattered around.

Section 323

They couldn't stop the attack of Taiyi Immortal Lord or the top-grade Immortal-killing Cannon.

If they got too close.

Any aftermath could kill a Golden Immortal disciple.

After all, the Taiyi Immortal Lords present were not simple characters.

Except Qian Yuanjiang, who was in the late stage of Taiyi Immortal.

The other four were all in the perfect stage of Taiyi Immortal.

This kind of confrontation between top cultivators.

Most Golden Immortal disciples didn't even have the qualifications to watch the battle.

They consciously avoided it from a distance.

Not only the Golden Immortal disciples of Wanxianmen and Chaotian Palace were like this.

The Golden Immortal disciples of Shenshou Sect were also like this.

They couldn't intervene in the battle between Taiyi Immortal Lords at all.

As soon as the battle started, the Golden Immortal disciples of both sides scattered.

Because they were surrounded by formations, they couldn't run too far.

The Golden Immortal disciples of both sides naturally encountered each other.

The Immortal Lords fought to the death.

After the encounter, the Golden Immortal disciples of both sides naturally couldn't just chat.

It was all about immortal weapons and magical powers.

The war broke out instantly.

Within the coverage of the Eight Desolate Forbidden Spirit Formation.

More than 5,000 Golden Immortal disciples on both sides quickly divided into countless battle groups.

Fierce battles broke out in various locations.

Zhang Yuhe quietly hid aside, and Qian Mingshi and Nangong Youxi followed him.

For them.

They couldn't get past the Immortal Lord Patriarch.

Going there would be courting death.

In this case.

Then it would be the safest to follow Zhang Yuhe.

Because they had all seen Zhang Yuhe's mighty strength.

Especially Nangong Youxi.

In the last beast tide.

The scene of Zhang Yuhe opening a sword formation and wiping out millions of chaos beasts.

It has always been deeply engraved in her mind.

She believed.

As long as Zhang Yuhe was willing to take action.

The more than 2,000 Golden Immortal cultivators of the Divine Beast Sect would probably be wiped out in an instant.

At this moment, Zhang Yuhe hid aside, his heart was extremely entangled.

He didn't know whether he should take action.

To be honest.

As long as he wants to make a move.

These Golden Immortal disciples of the Divine Beast Sect are not a threat at all.

A few sword lights can wipe them all out.

If the magical power of Hunyuan Guiyi is activated.

He can even intervene in the distant Immortal Lord battlefield.

But if this is the case.

He is afraid that the Divine Beast Sect will target him.

Originally, he had a mortal feud with the Divine Beast Sect after he blew up Long Aotian.

But now the other party may not know about this for the time being.

If the Divine Beast Sect knew that he had blown up Long Aotian and buried the Nascent Soul in the secret realm.

Then the Wu brothers would probably have gone crazy and killed him.

Judging from their current actions.

The other party is obviously unaware.

"Should I continue to hide?"

Zhang Yuhe was extremely entangled in his heart.

He looked up at the distant Immortal Lord battlefield.

He saw that Cheng Yuanshan, with the cooperation of Qian Yuanjiang, had completely suppressed Wu Tianyi.

However, from the current situation.

They want to seriously injure Wu Tianyi or even kill him.

I'm afraid it's not that easy.

It's probably hard to tell the winner without fighting for half a day.

As for Li Chengqing and Wu Tianer, the two sides fought back and forth.

Looking at the situation, Zhang Yuhe estimated.

If these two want to decide the winner, they may have to fight for a hundred or eighty years.

After all, they are all Taiyi Immortal Perfection, and they are all from super powerful forces.

The strength and background of both sides are almost the same.

It's really not easy to tell the winner.

"We can't drag it on, we must break the deadlock as soon as possible."

Zhang Yuhe carefully observed the situation around him.

He made a decision quickly.

No matter what the future will be, he must go all out this time.

Because according to what Wu Tianyi said just now.

Long Yuanguang is now on his way.

Once Long Yuanguang arrives, he will die.

So he must break the current deadlock and kill as soon as possible.

Although in this way.

The Divine Beast Sect may lock its eyes on him in the future.

But now Zhang Yuhe can't care about so much.

Compared with the future risks.

Solving the crisis at hand is the most important thing.

Now he is going all out, the Divine Beast Sect will only regard him as a potential threat.

But once Long Yuanguang arrives and confirms that he was the one who beat Long Aotian.

Then there will be no way out.

Choose the lesser of two evils.

Besides.

The stronger his strength is, the more attention the Wanxian Sect will pay to him.

With the protection of the Wanxian Sect, there is no need to worry too much that the Divine Beast Sect will target him in the future.

After all, strictly speaking.

The Ji'an Sea also belongs to the sphere of influence of the Wanxian Sect.

With the protection of the Wanxian Sect, the Divine Beast Sect can't reach out to the Ji'an Sea.

"No matter what, let's get through this hurdle first."

Zhang Yuhe quickly made up his mind.

Just do it.

Why think so much.

He quickly took off into the air and waved his right hand.

Nine immortal swords fell rapidly towards the surroundings.

Zhang Yuhe pinched the magic formula.

In the light curtain of the Eight Desolate Forbidden Spirit Formation, a huge sword energy light curtain slowly rose.

Seeing such a huge sword energy light curtain.

Whether it is the disciples of the Divine Beast Sect, or the disciples of the Wanxian Sect and Chaotian Palace.

They can't help but be shocked.

Section 324

It's hard for everyone to imagine.

If there is a huge sword array, how much will it consume?

Is this a sword formation that the Golden Immortal monk can sustain?

However, they didn't have to think too much about it yet.

Following Zhang Yuhe, he moved the magic formula.

Massive invisible sword energy swept across the entire battlefield with frightening pressure.

The sword energy carries the powerful power of law and instantly kills the disciples of the Divine Beast Sect.

Suppressed in place, completely unable to move.

After several rounds of sword light sweeps.

Nearly three thousand Divine Beast Sect disciples were all wiped out in an instant.

...

Chapter 270 Wanshan Immortal King and Long Yuanguang

Zhang Yuhe unfolded the Nine Heavens Hunyuan Sword Formation, and only a few rounds of sword light swept across it.

Then all the Golden Immortal disciples of the Divine Beast Sect were wiped out.

So far.

All the disciples of the Divine Beast Sect who entered the Taixu Secret Realm, not a single one was left.

The originally mighty team of six and a thousand people now only has two Wu brothers left.

Seeing this situation, everyone at the scene was shocked.

Everyone knows that Zhang Yuhe is very strong.

After all, the genius who can kill the seven-star chaos beast must be extremely powerful.

It's just that everyone didn't expect it at all.

Zhang Yuhe actually knows how to be so strong.

To know.

Those disciples of the Divine Beast Sect are not cabbages.

All of them have cultivation levels above the late Golden Immortal stage.

As a core disciple of a super powerful force, he is far from comparable to the Golden Immortal monks from the outside world.

However, in front of Zhang Yuhe, there was no difference.

They were all wiped out with one sword.

They had only heard rumors about Zhang Yuhe before, and not many people had seen him take action.

This time Zhang Yuhe wiped out all the more than 2,000 core disciples of the Divine Beast Sect with just a few rounds of sword light.

It opened everyone's eyes.

They had never thought that a true genius could be so strong.

Invincible at the same level can no longer be used to describe the current Zhang Yuhe.

How the hell is this invincible at the same level?

It is simply more exaggerated than Taiyi Immortal Lord.

Everyone was thinking silently.

Even if Taiyi Immortal Lord took action, it would not be so straightforward.

After all, they are more than two thousand powerful Golden Immortal disciples.

It is really impossible for ordinary Taiyi Immortal Lord to kill them all in an instant.

Even the veteran Taiyi Immortal Lord shouldn't be able to do it.

Zhang Yuhe ignored everyone's thoughts.

He looked towards the battlefield in the distance.

At this time, Cheng Yuanshan and Qian Wanjiang had completely suppressed Wu Tianyi.

A golden shield was suspended above Wu Tianyi's head.

The shield bloomed with golden light, forming a solid light curtain to protect him firmly.

At the same time, Wu Tianyi also controlled a wide fairy sword and continued to fight back.

However, under the suppression of Cheng Yuanshan and Qian Yuanjiang, his counterattack posed almost no threat.

despite this.

It is not that easy for Cheng Yuanshan and Qian Wanjiang to take down Wu Tianyi.

The golden shield suspended above Wu Tian's head was obviously not comparable to ordinary immortal weapons.

Cheng Yuanshan and Qian Yuanjiang's attacks hit the golden light curtain.

There were only slight ripples.

In a short period of time, they would definitely not be able to break Wu Tianyi's defense.

Zhang Yuhe took a look at the two Immortal Lord battlefields, and then observed the formation light curtain on the outside.

He had just tried to attack the light curtain of the Bahuang Forbidden Spirit Array.

I want to break the formation and get out.

However, this large-scale formation was much more stable than he imagined.

He couldn't open it at all.

"It seems that we have to beat Wu Tianyi to death first, or at least drive him away?"

Zhang Yuhe thought silently in his heart.

On a distant battlefield.

At this time, Wu Tianyi was as panicked as an old dog.

Long Aotian has disappeared and has not returned. This is already a big deal.

However, what he didn't expect was that all the remaining Divine Beast Sect disciples would be wiped out.

That is to say.

More than 6,000 of them came, and now only two bare commanders, their brothers, are left.

Such a result simply made him collapse.

These Golden Immortal disciples are all the elites of the Divine Beast Sect.

Some of them have found opportunities to break through from the Taixu Secret Realm.

Maybe in tens of thousands of years, it would be possible to be promoted to Taiyi Immortal.

Now they are all dead.

Even the Divine Beast Sect cannot afford such a huge loss.

After this battle, the Divine Beast Sect may have a talent gap.

"No, we must keep all the people from Wanxian Sect and Chaotian Palace."

Wu Tianyi thought silently.

Since so many people from their Divine Beast Sect died.

Then Wanxian Sect and Chaotian Palace should not think about it.

Wait until Long Yuanguang comes.

These people are all going to die too.

Think of this.

Wu Tianyi felt slightly better.

Although he is indeed suppressed by Cheng Yuanshan and Qian Yuanjiang now.

But Wu Tianyi believed that the other party had no way to deal with him.

If he can't beat him, can't he still hold on for a while?

In this regard, Wu Tianyi is very confident.

He believed in himself that he could definitely carry it when Long Yuanguang arrived.

...

In a place far away from them.

A stream of light quickly crossed the sky.

Long Yuanguang mobilized his body skills with all his strength and rushed towards the target location quickly.

After receiving the news that his son was trapped in the secret realm, he rushed over immediately.

Now he didn't know what happened.

But Long Yuanguang couldn't care less.

Since his son was dead, there was no need for other people to live.

Whether or not he could find out the reason why Long Aotian was trapped in the secret realm.

He had no intention of letting the people from Wanxianmen and Chaotian Palace go.

Long Yuanguang thought.

His son was dead, so he suddenly killed people and killed all the people from Chaotian Palace and Wanxianmen.

That was reasonable, right?

Section 325

Neither Wanxian Sect nor Chaotian Palace can find fault.

Even if Wanxian Sect and Chaotian Palace want to take the opportunity to launch an attack, he is not afraid.

The strength of the Divine Beast Sect was originally stronger than the two combined.

He was worried that he couldn't find an excuse.

If Wanxian Sect and Chaotian Palace wanted to start a war, he would be happy to do so.

The purpose of Long Yuanguang's coming this time was to avenge his son.

Secondly, he wanted to take the opportunity to kill all the Golden Immortal disciples from Wanxian Sect and Chaotian Palace who had entered the Taixu Secret Realm.

he thought.

If all the Golden Immortal cultivators from the other side were killed, then there would inevitably be a talent gap between the two sects.

In this case.

The advantage of the Divine Beast Sect will become greater and greater.

Just as Long Yuanguang was thinking about it, he was busy on his way.

He suddenly spotted a figure appearing not far in front of him.

Long Yuanguang stopped and looked at the figure in the distance, and asked with a gloomy expression.

"Wan Shan, why are you here?"

Wanshan Immortal King looked at Long Yuanguang in the distance and responded calmly.

"Why are you here, why am I here?"

Although this sounds convoluted, the meaning is expressed clearly.

I know very well what you are here for.

The purpose of my coming here is to prevent you from going anywhere.

Long Yuanguang asked with a cold expression.

"You want to stop me?"

Immortal King Wanshan responded calmly.

"Go back, you can't go anywhere as long as I'm here."

The words of Immortal King Wanshan were filled with strong self-confidence, which made Long Yuanguang extremely angry.

Is this a sure thing for him?

However, this is indeed the case.

He had many fights with Immortal King Wanshan, and he suffered every time.

He alone could not defeat the Wanshan Immortal King.

Unless they join forces with the Protector Divine Beast, they may still have some advantages.

Otherwise, he would not be able to take advantage of the Immortal King Wanshan.

Only this time it happened suddenly.

The guardian beasts are staying at the mountain gate of the South China Sea Immortal Territory and will not be able to support them for a while.

"Are we going to suffer the loss of being dumb again this time?"

Thinking of this, Long Yuanguang felt extremely aggrieved.

...

Chapter 271 Long Yuanguang retreats

Looking at the Wanshan Immortal King in the distance, Long Yuanguang felt extremely aggrieved.

no way.

He really can't beat him.

Because of the sudden incident, he did not summon the other Daluo Immortal Kings in the sect.

Although the Great Luo Immortal King of the Divine Beast Sect, plus Long Yuanguang himself, there are five people.

If you include the Protector Divine Beast, there are six Daluo Immortal Kings.

But these Daluo Immortal Kings are either guarding each other in various places.

Or he went to other distant fairyland to find friends.

to be honest.

Long Yuanguang really couldn't find a suitable helper for a while.

Originally, he planned to take this opportunity to weaken the strength of Wanxian Sect and Chaotian Palace.

Now it seems that there is probably no chance.

With the Mountain Immortal King here, not only did his plan fail, but even his son's death was considered to be in vain.

Oh, no.

Long Aotian is not dead yet.

For the time being, it can only be regarded as missing.

After all, Long Aotian's soul lamp is still on.

However, he failed to return from the Taixu Secret Realm in time. In fact, it was no different from death.

Thinking that his plan had failed, Long Yuanguang felt extremely depressed.

He gritted his teeth and said to Immortal King Wanshan.

"Wan Shan, do you want to provoke a war between the three major sects?"

Immortal King Wanshan didn't even think about it, but responded calmly.

"Brother Long is too worried. I just hope you won't interfere in the affairs between the juniors."

Long Yuanguang said bitterly.

"My son is dead."

Wanshan Immortal King looked up at the sky, and after a while, he slowly responded.

"No one in this world can die. Brother Long, please express my condolences."

Long Yuanguang was speechless when he saw the Immortal King of Wanshan's state of indifference.

It's not that he's stupid.

In fact.

Long Yuanguang thought that he was eloquent.

However, this time, he was indeed being unreasonable.

So I can't even play lip service.

There has long been an agreement between the three major forces.

After entering the secret realm of Taixu, life and death are determined by destiny, and no one can hold them accountable afterwards.

For so many years.

The Taixu Secret Realm has been opened countless times, and many people have died in it.

Many of them were killed by monks from other sects.

But no one said anything afterward.

In a secret operation like this, it is possible for anyone to die inside.

If we really want to pursue it seriously.

Then everyone, please stop opening the secret realm.

Looking at the Wanshan Immortal King in the distance, Long Yuanguang was extremely unwilling.

He spoke again.

"What if I must go there."

Immortal King Wanshan responded calmly.

"If you can beat me, you can go wherever you want."

"Okay, then let's meet Zhenzhang."

Long Yuanguang was completely angry.

Even if he couldn't beat him, he still had to fight with the Immortal King of Wanshan before he could fight again.

Otherwise.

Just retreating like this, he couldn't feel comfortable with this tone in his heart.

Think of this.

Long Yuanguang waved his right hand.

A black spear, carrying frightening pressure, streaked across the endless sky and headed towards the Immortal King of Ten Thousand Mountains in the distance.

The ultimate immortal weapon, the Divine Dragon World-Destroying Spear.

It is said that this Shenlong World-Destroying Spear was made from the corpse of a supreme chaos beast, combined with other precious materials.

It has extremely powerful destructive power.

It is the treasure of the Shenshou Sect.

The Wanshan Immortal King stood in the distance, watching the black spear rushing towards him.

There was no fluctuation on his face.

He just stood there and punched out directly.

Section 326

The golden fist shadow shattered the void and struck the black spear without any fancy.

Boom...

The fist shadow and the spear collided firmly, making a loud noise.

The surrounding void was like a broken mirror, with cracks appearing in it.

The Shenlong World-Destroying Spear flew back quickly, and the spiritual light on the spear seemed to dim a bit.

After punching out, Wanshan Immortal King still stood there with an extremely indifferent expression.

Long Yuanguang stretched out his hand and put away the Shenlong World-Destroying Spear.

he asked with a gloomy expression.

"Have you already reached the consummation of your immortal body?"

Wanshan Immortal King neither used magical powers nor used immortal weapons.

With just the strength of his body, he was able to push back the Divine Dragon World-Destroying Spear.

Able to hardwire the best immortal weapons.

Then there is no doubt about it.

Immortal King Wanshan must have cultivated his Immortal Body to perfection.

This shocked Long Yuanguang.

The further you go in the cultivation of the Immortal Body, the more difficult it becomes.

exactly.

Without special opportunities, almost no one can cultivate the Immortal Body to perfection.

Long Yuanguang didn't expect that Wanshan Immortal King would arrive at any time.

He actually quietly cultivated his Immortal Body to perfection.

What a profound opportunity.

Thinking of this, Long Yuanguang became a little jealous.

To know.

Compared with himself, Immortal King Wanshan can only be regarded as an underachiever.

He has been practicing for much longer than Immortal King Wanshan.

However, so far, he has not been able to cultivate his immortal body to perfection.

Unexpectedly, Immortal King Wanshan was one step ahead.

Originally, his strength was not as good as the Immortal King of Wanshan, but now he is even more invincible.

more importantly.

The perfection of the immortal body is a key step for Daluo Immortal to be promoted to Taoist Ancestor.

If Daluo Immortal wants to be promoted to Tao Ancestor, the first step is to improve his cultivation to the state of perfection.

Then there is the immortal body and the law, which also need to be cultivated to perfection.

The last thing is to master a Taoist technique.

If all these four aspects are in place, then you can start to try to break through the realm of Tao Ancestor.

Long Yuanguang has been practicing for countless years, but he has only taken two steps so far.

He just raised his cultivation and laws to the state of perfection.

The Immortal Body still remains in the realm of Dacheng, it has been countless years.

As for mastering a Taoist skill, there is no need to think about it.

Before the origin of the avenue is opened, all this is empty talk.

However, Wanshan Immortal King has already taken three steps.

Just find an original thing and then find a way to cultivate a Taoist technique.

Then it is possible for him to be promoted to the realm of Dao Ancestor at some time in the future.

Of course.

This is only theoretically possible.

The realm of Dao Ancestor is not that easy to break through.

But at least Wanshan Immortal King is one step ahead of him.

This made Long Yuanguang extremely afraid.

Immortal King Wanshan responded calmly.

"It's just a lucky success. Brother Long, do you still want to fight?"

After knocking back the Shenlong World-Destroying Spear with one punch, he did not pursue the victory.

Long Yuanguang, who is also the Great Luo Immortal, is not that easy to kill.

Even if he attacks with all his strength, he probably won't be able to kill him.

At most, he would grab Long Yuanguang and beat him up.

Completely meaningless.

Since you can't kill the opponent.

Wanshan Immortal King is just that, he doesn't want to waste his efforts anymore.

It would not be good if the two sides got angry and really triggered a war between the three major sects.

And it's completely unnecessary.

Anyway, his purpose this time was just to drive Long Yuanguang back.

"snort."

Long Yuanguang snorted coldly, then turned and left.

Totally unbeatable.

Originally, his strength was weaker than the Immortal King of Wanshan.

Now that the opponent has cultivated his immortal body to a state of perfection, he is even more unbeatable.

If that's the case, why are you still here?

Is it embarrassing to keep it?

Thinking of this, Long Yuanguang became extremely depressed.

He didn't say a word, just turned around and left.

Not only that.

Long Yuanguang even forgot to inform the Wu brothers and ask them to come back quickly.

...

Chapter 272 Join the Immortal Lord Battlefield

Wu Tianyi wore a golden shield and controlled a wide fairy sword.

Fighting with Cheng Yuanshan and Qian Yuanjiang.

Since it was one versus two, the situation was slowly becoming more and more unfavorable for him.

The light curtain held up by the golden shield was under the continuous attacks of Cheng Yuanshan and Qian Yuanjiang.

It's not as stable as it was at the beginning.

despite this.

Wu Tianyi was still not worried at all.

Because in his opinion.

He only needs to hold on for a while longer, and Long Yuanguang will definitely arrive.

As long as Long Yuanguang comes over, his mission will be completed.

However, Wu Tianyi didn't know at all.

At this time, Long Yuanguang had been forced by the Immortal King of Wanshan to go back the way he came.

What's even more deceiving is.

Long Yuanguang actually forgot and wanted to inform them.

If he knew that Long Yuanguang couldn't come over.

The two brothers must have started running away a long time ago.

As long as they focus on escaping.

Cheng Yuanshan and others must have no intention of continuing the pursuit.

How could two Taiyi Immortal Perfection cultivators who were bent on running away be caught up so easily?

But Wu Tianyi refuses to leave, so the outcome is hard to say.

The five Taiyi Immortal Lords were divided into two battlefields, each fighting in a group.

The remaining Golden Immortals attacked the outer golden light curtain non-stop.

Although everyone knew.

With Wu Tianyi in charge, it was almost impossible for them to break the Eight Desolate Forbidden Spirit Formation.

But they were idle anyway.

Anyway, the Golden Immortal disciples of the Divine Beast Sect had been swept away by Zhang Yuhe.

And they couldn't intervene in the Immortal Lord battlefield over there.

Section 327

That being the case.

Then attack the Bahuang Forbidden Spirit Formation on the outside.

This can at least interfere with Wu Tianyi's performance.

It's better than doing nothing.

Zhang Yuhe stood there, silently watching the battlefield in the distance.

He was thinking about where to start.

There is no need to talk about Wu Tianer and Li Chengqing.

It's just a grinding job over there.

Even if he is included in the past, it is estimated that it will be difficult to open up the situation.

After all, both sides of the battle were top monks from Taiyi Immortal Perfection.

Even if he activates the magical power of Hunyuan Guiyi, it will be difficult to influence the situation of the battle.

But Wu Tianyi seems to have some opportunities.

Wu Tianyi has been suppressed by Cheng Yuanshan and Qian Yuanjiang for a long time.

If he goes up at this time.

Maybe it can be the last straw that breaks the opponent's back.

"First deal with Wu Tianyi, and then run away depending on the situation."

Zhang Yuhe didn't know that at this time, Long Yuanguang had been forced back by the Immortal King of Wanshan.

He was worried that Long Yuanguang might come over soon.

So it must be resolved quickly.

Just beat Wu Tianyi to death or drive him away.

Then they can easily break through this Eight Desolate Forbidden Spirit Formation.

Fuck it.

Think of this.

Zhang Yuhe decisively activated the magical power of Hunyuan Guiyi.

A powerful aura instantly rose from him.

The late stage of Jinxian, the perfection of Jinxian, and the early stage of Taiyixian.

When the breath reached the early stage of Taiyi Immortal, it slowly stabilized.

Hunyuan Guiyi's magical power can instantly increase his strength tenfold.

Based on past experience.

This innate magical power can temporarily improve his cultivation by two small realms.

Zhang Yuhe had never heard of any other magical power that could achieve such terrifying effects.

Hunyuan Guiyi's magical power may be the first burst of magical power in the immortal world.

Once this magical power is turned on, the effect is extremely terrifying.

Seeing Zhang Yuhe's aura, it suddenly rose rapidly and reached the early stage of Taiyi Immortal.

The other Golden Immortal disciples around were completely stunned.

"Zhou Cao, why did you come back? Why did Fellow Daoist Zhang's aura suddenly improve so quickly?"

"Maybe it's some kind of explosive magical power?"

"Impossible. What kind of explosive magical power can have such a strong effect?"

"Is it some kind of explosive elixir?"

"That's impossible. No matter it's magical power or elixir, it can't allow a monk to jump directly to a big realm."

"Yes, Fellow Daoist Zhang's current aura has reached the Taiyi realm, which is simply terrifying."

"Brother Zhang suddenly broke out in cultivation. What is he going to do? Does he want to participate in the battle with the Immortal Lord?"

"It's not necessary. Anyway, Patriarch Cheng and the others already have the advantage. As long as they continue to delay, the two people from the Divine Beast Sect will definitely lose."

"That's not what you said. Didn't you listen to what Wu Tianyi said just now? Long Yuanguang is on his way here."

"If Long Yuanguang is dragged here, we will be completely ruined."

"That's right."

"It's just that even if Fellow Daoist Zhang raises his cultivation level to the early stage of Taiyi Immortal, he still won't be able to influence the situation of the battle."

"The immortal kings over there are almost all in the state of perfection, so he can't get involved at all."

"What do you know? Is the strength of the supreme genius beyond what you and I can guess?"

"That's right. When Brother Zhang is in the Golden Fairyland, he can jump up to challenge the Seven-Star Chaos Beast."

"Now that he has reached the early stage of Taiyi Immortal cultivation, he may really be able to change the situation of the war."

...

Zhang Yuhe didn't care about other people's thoughts.

He quickly rose into the air, and nine swords fell around Wu Tianyi.

A curtain of sword energy, carrying huge coercion, quickly surrounded Wu Tian.

at the same time.

Zhang Yuhe picked up the Nine Heavens Flying Spirit Stick and rushed towards Wu Tianyi quickly.

With full firepower, he quickly beat Wu Tianyi to death.

This is what Zhang Yuhe was thinking at this time.

Seeing Zhang Yuhe rushing over, Wu Tianyi panicked a little.

He is not like other people.

He believed that Zhang Yuhe was weak and unable to change the situation of the war.

In Wu Tianyi's view.

Zhang Yuhe's strength is not weak at all.

Can a ruthless man who can wipe out more than two thousand Golden Immortal monks in an instant still be weak?

not to mention.

At this time, Zhang Yuhe didn't know what special means he used.

He actually raised his cultivation level to the early stage of Taiyi Immortal in an instant.

Although compared to himself, there are still several small realms left.

But Wu Tianyi knew.

No supreme genius can be treated with common sense.

The supreme genius in the early stage of Taiyi Immortal must not be underestimated.

He felt hugely threatened.

"No, I have to find a way to escape quickly."

Seeing Zhang Yuhe rushing towards him, Wu Tianyi immediately wanted to run away.

As for Long Yuanguang's explanation, he had already forgotten it.

My life is at stake.

If someone accidentally beats him to death here, where can he go to reason?

After so many years of training, he finally reached the Taiyi realm.

He became a happy immortal immortal with a long life and no worries.

He doesn't want to die.

Even if Long Yuanguang is blamed, Wu Tianyi doesn't care now.

Compared with his own life, this is nothing.

At worst, he could leave the Divine Beast Sect and become a free and independent cultivator.

With the strength of the two brothers.

How can the world of immortality be so vast?

But there is a prerequisite here, that is, you have to rush out first.

Think of this.

Wu Tianyi shouted loudly towards Wu Tianer in the distance.

"Second brother, come here and join us. We have to rush out as soon as possible."

...

Chapter 273 The Fall of Wu Tianyi

Hearing Wu Tianyi's call, Wu Tianer couldn't help but be stunned.

Isn't it just that there is one more junior from the Golden Fairy Realm? Is there any need to be so panicked?

Even Zhang Yuhe temporarily improved his cultivation to the early stage of Taiyi Immortal.

That is also a parallel import Taiyi Immortal.

No need to worry at all.

Moreover.

The sect leader asked them to leave everyone at the scene behind.

Section 328

Now that they are running away, what does that mean?

Although Wu Tianer thought so in his heart.

But he still decided to follow his elder brother's arrangements.

Although the two brothers are about the same strength, they only have strong eyesight.

Wu Tianer considers himself inferior to his elder brother.

he thought.

You must be right to listen to Big Brother.

But if he wants to lean in at this moment, it depends on whether Li Chengqing agrees.

Everyone can understand the situation at the scene.

Regardless of whether Zhang Yuhe can change the situation of the battle, he still has to give it a try.

Li Chengqing would definitely not let Wu Tianer lean over.

He fully deployed the power of the law and firmly restrained Wu Tian.

Zhang Yuhe swung the Nine Heavens Flying Spirit Stick and quickly flew to Wu Tian's head.

The golden stick shadows in the sky completely enveloped Wu Tianyi in an instant.

The golden stick shadow, carrying the powerful power of law, quickly fell towards Wu Tianyi.

Due to the gap in realm, Wu Tian had already understood the law and reached the state of great success.

Therefore, even if Zhang Yuhe tried his best to activate the power of the law, he could not imprison Wu Tianyi.

After all, the difference in strength is obvious.

despite this.

With the addition of Zhang Yuhe, the situation on the battlefield changed instantly.

The golden stick shadows all over the sky fell quickly.

The shield on Wu Tianyi's head soon showed signs of being unable to hold up.

He shouted anxiously to Wu Tianer.

"Second brother, come here and help me."

Faced with the siege of three people.

At this time, Wu Tianyi was facing tremendous pressure.

Not only was the defense unsupportable, he couldn't even run away if he wanted to.

Zhang Yuhe and three others surrounded him and attacked him non-stop.

And on the periphery, there is a sword array arranged by Zhang Yuhe.

At first glance, that sword formation was very unusual.

To know.

Before Zhang Yuhe broke out, he could use the sword formation to wipe out more than two thousand Golden Immortal disciples in an instant.

Now that his strength has reached the early stage of Taiyi Immortal, the power of the sword array must be extremely powerful.

Wu Tianyi thought to himself.

Even if he breaks out of the three people's surroundings, he still can't get past the sword formation.

Therefore, someone must rescue him.

Otherwise.

He is dead today.

Wu Tianer, who was in the distance, couldn't help but be shocked when he saw this situation.

He didn't expect it at all.

With the addition of Zhang Yuhe, the situation will deteriorate so quickly.

This has just begun, and my eldest brother is about to be unable to hold on any longer.

"No, we must rush over to provide support."

Wu Tianer thought silently while resisting Li Chengqing's attack.

Quickly approach the battlefield on Zhang Yuhe's side.

He knew it very well.

To save my brother now is to save myself.

Once Wu Tianyi was beaten to death by the opponent, he would not be able to escape.

Only by joining forces can the two brothers fight their way out of each other's siege.

What is this all about?

Originally, they wanted to keep the people from Wanxian Sect and Chaotian Palace.

Now it has become that two of his brothers want to break out and fight their way out.

The world is changing so fast.

Think of this.

Wu Tianer felt extremely depressed.

Although Wu Tianer kept struggling to get closer.

However it was already too late.

The Nine Heavens Flying Spirit Stick in Zhang Yuhe's hand carries huge pressure.

It kept falling on Wu Tianyi's shield defense.

It has to be said that the power of the Nine Heavens Flying Spirit Stick is indeed extraordinary when it comes to attacking turtle shells.

It is even much easier to use than the high-grade immortal weapon in Cheng Yuanshan's hand.

Although Wu Tianyi has been trying hard to move and dodge, trying to avoid all kinds of attacks.

But in front of Zhang Yuhe, where could he hide?

Zhang Yuhe used all his strength to activate the Galaxy Wandering Dragon Movement Technique, and his speed was as fast as lightning.

No matter how Wu Tianyi dodges, the Nine Heavens Flying Spirit Stick in Zhang Yuhe's hand remains.

They all landed firmly on Wu Tianyi's head.

After activating the magical power of Hunyuan Guiyi, Zhang Yuhe faced any Taiyi Immortal.

He has no shortcomings.

Whether it's attack, defense or speed.

In any aspect, he is no worse than a real Taiyi.

In other words, Wu Tianyi's strength is slightly stronger.

If you switch to a Taiyi Immortal in the middle stage, or even in the late stage.

He can be beaten to death with a few sticks.

But even so.

Wu Tianyi couldn't hold on for much longer.

As the golden stick shadow kept falling.

Click...

The golden light curtain that had been guarding Wu Tianyi's head was shattered.

See this situation.

Wu Tianyi couldn't help being frightened.

He quickly offered up a brick-shaped defensive artifact.

However, before he could unleash the power of the immortal weapon.

The long stick in Zhang Yuhe's hand hit him hard.

"Ahhhh..."

Wu Tian spit out a mouthful of blood and retreated quickly.

At this time, one of his right arms had been smashed to pieces.

In the critical situation just now, he directly stretched out his hand to block Zhang Yuhe's Nine Heavens Flying Spirit Stick.

Even if he has already cultivated his immortal body to the state of great achievement.

But facing the heavy Jiutian Feiling Stick.

Wu Tianyi's physical strength still couldn't withstand the bombardment of the long stick.

One right arm was directly blasted into blood mist.

Although at the cost of sacrificing an arm, he temporarily withstood a wave of attacks.

But Wu Tianyi understood.

The crisis was not resolved.

He quickly dodged and tried to rush out.

He couldn't fight any more.

If he continued to fight, he would surely die.

As an old monster who had practiced for countless years, he didn't want to die.

However, Wu Tianyi wanted to run away at this time, but it was obviously too much.

Zhang Yuhe used all his strength to activate the Galaxy Dragon Body Skill.

Section 329

His body flashed quickly and he caught up with Wu Tianyi in an instant.

The Nine Heavens Flying Spirit Stick turned into shadows all over the sky, shrouding Wu Tianyi again.

Without the defense of the golden shield.

Wu Tian was as fragile as paper in front of the Nine Heavens Flying Spirit Stick.

It was blown to pieces in an instant.

A mini Nascent Soul flew out from the broken body.

But the moment Nascent Soul flew out.

It was turned into ashes by the boundless sword energy.

Zhang Yuhe never stopped in the Nine Heavens Hunyuan Sword Formation arranged on the periphery.

The sword array not only has the function of siege, but also has powerful attack power.

Only before, Wu Tianyi defended himself with a golden shield.

The invisible sword energy alone cannot pose a threat to him.

But when he only had Nascent Soul left.

But he couldn't withstand the sweep of the sword energy.

As Wu Tianyi's Nascent Soul dissipated.

This veteran Taiyi Immortal from the Divine Beast Sect disappeared from the world.

"Brother..."

Seeing Wu Tianyi's death, Wu Tianer was almost approaching.

Let out a roar of grief and anger.

at the same time.

He was also extremely panicked.

Wu Tianyi died, what if he was left alone?

Run quickly.

Think of this.

Wu Tianer shouldered Li Chengqing's attack and flew away quickly.

...

Chapter 274 Desperate Wu Tianer

Seeing Wu Tianer escaping, Zhang Yuhe couldn't help but be stunned.

Is this guy pretty cool?

The eldest brother was beaten to death by them, but he ran away without any hesitation.

It is also decisive enough.

Although Wu Tianer's behavior shocked Zhang Yuhe, he ignored it.

Anyway, the control array disk of the Bahuang Forbidden Spirit Array is on Wu Tianyi.

As long as Wu Tianyi is killed, this formation will no longer be able to trap them.

Zhang Yuhe thought in his heart.

After finding the control array disk. ,

They don't even need to break the formation, they can just put away the formation and leave.

As for Wu Tianer, he can run away if he wants.

Zhang Yuhe had no desire to continue the pursuit.

He just wanted to run away as soon as possible. After all, he didn't know when Long Yuanguang would come.

I saw him wave his right hand.

The nine fairy swords flashed like a stream of light and quickly fell into his sleeves.

at this time.

Cheng Yuanshan shouted towards him.

"Zhang Xiaoyou, stop Wu Tianer quickly, don't let him escape."

Cheng Yuanshan, Qian Yuanjiang and Li Chengqing, quickly chased Wu Tianer while shouting back.

It's just that Wu Tianer started early, so it won't be easy for them to catch up.

They are not like Zhang Yuhe who has mastered the laws of space.

Under the blessing of the law of space, after the body is fully developed, it can achieve the effect of teleportation.

If we only talk about speed, he is completely invincible under Da Luo Immortal King.

After Wu Tianer started running away, Cheng Yuanshan and others could only follow closely behind.

When you get close to the light curtain held up by the Eight Wilds Forbidden Spirit Formation.

Wu Tianer waved his fist and kept bombarding the light screen.

This formation was originally used to trap the disciples of Wanxian Sect and Chaotian Palace.

Now it has become Wu Tianer's prison.

The control array was placed on Wu Tianyi.

Now Wu Tianyi has fallen.

Wu Tianer was also trapped in the formation.

If he wants to escape, he must first break this formation.

Fortunately, there is currently no one in charge of the formation.

If Wu Tianer wanted to break through this third-level immortal formation, he didn't need to expend too much effort.

It's a pity that Cheng Yuanshan and others followed him closely and didn't give him a chance to break the formation.

After a few consecutive punches, Cheng Yuanshan and others caught up.

Wu Tianer immediately changed direction.

Run all the way along the edge of the light curtain.

He thought very well.

While running away, he took the time to attack the formation light curtain.

As long as he is given some more time, he will definitely be able to break the Eight Desolations Unforbidden Spirit Formation and then take the opportunity to rush out.

At this time, Zhang Yuhe was still standing where he was.

He really didn't understand.

Why did Cheng Yuanshan and others hold on to Wu Tianer?

Isn't this a waste of time?

Long Yuanguang may be arriving soon.

Shouldn't they run away now?

Why should we chase Wu Tianer?

Aren't they worried that they will be beaten to death by Long Yuanguang?

Seeing Zhang Yuhe standing still, Cheng Yuanshan became very anxious.

If Zhang Yuhe didn't take action, they might not be able to catch up with Wu Tianer.

After all, their strength is not much different, and their magical powers are also similar.

If Wu Tianer was determined to escape, it would be difficult for them to catch up.

At this moment, Cheng Yuanshan suddenly remembered.

He seemed to have something that he forgot to tell Zhang Yuhe.

After forcing Long Yuanguang back, Immortal King Wanshan immediately sent a summons to him.

Cheng Yuanshan immediately informed Qian Yuanjiang and Li Chengqing of the content of the summons.

Otherwise, how could they be in the mood to continue chasing Wu Tianer.

If it weren't for Long Yuanguang, he would have been forced back long ago.

They must have run away long ago.

There's no time left to chat here.

It's just that Cheng Yuanshan didn't tell Zhang Yuhe about this before.

Zhang Yuhe thought that Long Yuanguang was on his way over.

How can I still be in the mood to continue chasing Wu Tianer?

Think of this.

Cheng Yuanshan shouted loudly towards Zhang Yuhe.

"Friend Zhang, Long Yuanguang has been forced back by the Immortal King Wanshan and will not come again."

"Let's deal with Wu Tianer together, and then return to the Immortal City."

Hearing Cheng Yuanshan's words, Zhang Yuhe was completely stunned.

"Fuck, why didn't you say it earlier?"

Such a big thing, Cheng Yuanshan didn't notify in time.

It's simply unbelievable.

Section 330

If he had known that Long Yuanguang would not come over, why would he be so desperate?

Wouldn't it be better if you continue to do so?

This time he completely exposed his strength, but ended up doing something completely meaningless.

I should have known this was the case.

He definitely won't take action.

Slowly waiting for Cheng Yuanshan and the others to repel the Wu brothers.

Then everyone returned to Fairy City happily.

Anyway, the three of them can definitely beat the Wu brothers.

It's just a matter of spending more time.

The reason why Zhang Yuhe decided to take action was just to rush for time.

If I had known that Long Yuanguang would not come, there would still be time to catch up.

This Cheng Yuanshan is simply a huge pit.

But he soon understood.

Maybe in Cheng Yuanshan's heart.

These Golden Immortal disciples are just role-playing roles.

Completely insignificant in this battle.

Naturally, he would not specifically tell them about Wanshan Immortal King's defeat of Long Yuanguang.

After all, I was busy just now.

It's not a particularly urgent matter.

How can I care about these golden immortal disciples?

Although the news about Cheng Yuanshan came a little late.

But this is really great news.

There is no longer the threat of Long Yuanguang.

There is only one Wu Tianer left, so don't run away.

Just wait to die.

At this point, I am still struggling.

Think of this.

Zhang Yuhe quickly jumped into the air.

I saw him wave his right hand.

The nine fairy swords flew out again.

The fairy sword fell in the distance, around Wu Tianer who was running for his life quickly.

Follow the magic formula and pinch it.

A huge sword array light curtain slowly rose, directly surrounding Wu Tianer inside.

Seeing the sword energy light curtain rising, Wu Tianer couldn't help but be shocked.

There is also an Eight Desolate Forbidden Spirit Formation on the periphery, and now there is another sword formation.

This doesn't give him a way to survive.

Wu Tianer ran away quickly while holding out a huge mountain-breaking ax.

He thought to himself.

Although Zhang Yuhe used some special means to increase his strength to the early stage of Taiyi Immortal.

But after all, it was only the early stage of Taiyi Immortal, and the sword formation should not be able to stop him.

It can be broken by turning your hand.

Boom...

The giant ax shone with frightening pressure and instantly struck the sword energy light screen.

The powerful impact instantly caused the sword formation's light curtain to fluctuate violently.

despite this.

The sword array light curtain did not exist and was directly broken.

Zhang Yuhe deliberately controlled the scope of the sword array.

After all, he just needed to trap Wu Tianer alone.

No need for a large scope.

The smaller the range, the more powerful the Nine Heavens Hunyuan Sword Formation becomes.

Wu Tianer wanted to easily break the sword formation and rush out.

That's because he's overthinking it.

Zhang Yuhe moved quickly, holding the Nine Heavens Flying Spirit Stick in his hand.

Appeared behind Wu Tianer in an instant.

The long stick in his hand turned into a golden stick shadow that filled the sky, completely covering Wu Tianer.

Wu Tianer yelled crazily while trying to dodge.

"Ah, ah, it's not that easy to kill your second master."

There was a trace of despair in the crazy shouting.

...

Chapter 275 Self-destruction

After being trapped by Zhang Yuhe's sword formation, Wu Tianer was completely desperate.

At this time, Cheng Yuanshan and others were also chasing after them.

Together with Zhang Yuhe, the four people surrounded Wu Tianer and attacked fiercely.

On Wu Tianer's head, there was a black bead, with a faint halo hanging down, guarding him within it.

This black bead is a defensive high-grade fairy weapon.

When activated with full force, it has a strong defensive effect.

Even facing a Taiyi realm monk of the same level, it would be very easy to break Zhuzi's defense.

But Wu Tianer knew.

You can't defend it with defense alone.

Without looking at Wu Tianyi, he was also wearing a high-grade defensive weapon. Wasn't he directly destroyed?

Defense is only relative.

Faced with continuous bombardment, no matter how strong the defense is.

There were also times when it was bombed.

not to mention.

On the opposite side, there is only one Immortal Lord Taiyi.

And there are three in total.

Oh, no.

Counting Zhang Yuhe, there should be four.

In fact.

In Wu Tianer's opinion.

Zhang Yuhe's threat to him was far greater than the other three.

Because Zhang Yuhe not only has a powerful sword formation.

And its own attack ability is also very fierce.

Every bombardment of the Nine Heavens Flying Spirit Stick can cause the black beads to hang down the light curtain.

It shook wildly.

more importantly.

Zhang Yuhe is extremely fast, no matter how he dodges and escapes.

The long stick in Zhang Yuhe's hand could land firmly on his head.

It's like a maggot attached to the bone that can't be shaken off at all.

Faced with the siege of Zhang Yuhe and four others, Wu Tianer was completely desperate.

Other people's attacks are okay.

As long as he tried to move and dodge, he could still avoid most attacks.

But facing Zhang Yuhe's attack, he had no choice at all.

No matter how he dodges, the long stick in Zhang Yuhe's hand remains.

It could all hit him accurately on the head.

Now Wu Tianer finally understands.

Why did Wu Tianyi suddenly lose his ability just now?

Who can withstand this?

Logically speaking.
