Section 37

"Pay attention to the movements around the empty city with a warning mirror. I'll be here right away."

"yes."

After the call ended, Concubine Ming Yue shouted outside.

"Someone's coming."

A man with a scar quickly came in front of her and shouted respectfully.

"What orders does the host have?"

"The passage is about to open. Inform the Li family and we will go to Jingkong City immediately."

"yes."

Scarface responded excitedly.

Soon, Concubine Mingyue led four people and quickly rushed out of the city.

After leaving the city, everyone in the Li family was already waiting outside the city, but the leader was not the head of the family, Li Jiu Ming, but an old man with a ruddy complexion.

The aura exuding from the old man was clearly that of a god-transforming monk.

This person is none other than Li Jiangxiong, the ancestor of the Li family.

More than two hundred years ago, news came out of the Li family that Li Jiangxiong had passed away.

However, no one knows that Li Jiangxiong is not only alive, but has also broken through to the state of becoming a god.

When Li Jiangxiong saw Concubine Mingyue arriving, he quickly stepped forward and shouted respectfully.

"I met the landlord."

Concubine Ming Yue nodded, then waved her right hand, and an exquisite flying boat appeared in the air.

"let's go."

A group of people quickly boarded the flying boat and flew towards Jingkong City.

...

About a thousand miles outside Jingkong City, Zhang Yuhe has been quietly following the monk in green.

The talisman soldiers transformed from the talisman paper were hidden in the shadow of a monk in green.

This group of monks in green flew slowly along the way, stopping from time to time to check the operation status of the warning formation.

Zhang Yuhe was not in a hurry, he just followed unhurriedly.

After almost half a day's work, the group of monks in green finally inspected the last warning formation.

The monk in green clothes at the head breathed a sigh of relief, and then said to the others with a smile.

"Finally everything has been checked. Let's go back."

Seeing the monks in green flying towards Jingkong City, Zhang Yuhe couldn't help but narrowed his eyes.

"Are you finally going back? Now you can finally see the situation in Jingkong City."

He controlled the talisman soldiers and followed closely in the shadow.

Zhang Yuhe hid his figure, separated out a ray of consciousness, and observed the situation around the monk in green through the talisman soldiers.

Less than a quarter of an hour later, the monk in green appeared outside a city.

Zhang Yuhe looked forward through the talisman soldiers and saw the three characters Jingkong City vaguely visible above the city head.

However, he did not see a single figure outside the city.

The phenomenon of people coming and going in other cities did not appear in this empty city.

Not only could no one be seen outside the city, even the gates of Jingkong City were tightly closed.

The entire Jingkong City exudes a strange aura.

When the leading monk in green took out his identity token and sent out a message, the closed city gate slowly opened.

The monk in green passed through the city gate and flew into the city quickly. Zhang Yuhe controlled the talisman soldiers and followed closely in the shadow.

At this time, a middle-aged man with a cold face suddenly appeared.

The monk in green clothes immediately shouted respectfully when he saw the middle-aged man who suddenly appeared.

"I've met Uncle Six."

The middle-aged man nodded and then asked.

"Nothing happened, right?"

The leader, the monk in green clothes, quickly replied.

"Go back to Uncle Six, everything is normal outside, and all the warning formations have not been touched."

"good."

The middle-aged man took out a formation disk, looked at the group of monks in blue, and then spoke.

"It's none of your business, go back and rest."

"yes."

Seeing the monk in green clothes preparing to leave, Zhang Yuhe suddenly had a thought in his mind.

He quietly controlled the talisman soldiers and moved under the shadow of the middle-aged man named Uncle Liu.

Although he was thousands of miles away, Zhang Yuhe could not detect this person's aura through the talisman soldiers.

But it is obvious that this sixth uncle's status in the He family is much higher than that of the previous monks in green.

Zhang Yuhe thought that if he asked Fu Bing to follow this person, he might be able to see more information.

After the monk in green clothes left, the middle-aged man stood up and flew somewhere in the city.

The fu soldiers followed closely behind the middle-aged man's shadow, quietly following behind him.

Zhang Yuhe looked into the city through the talisman soldiers and saw no one at all on the streets of Jingkong City.

The entire Jingkong City is like a dead city.

Countless monks from the He family seemed to be practicing in the cave and did not come out to move around at all when they had nothing to do.

"Huh? What is that?"

Suddenly, Zhang Yuhe discovered that the central area of the city was shrouded in a large black mist.

He looked carefully through the talisman soldiers and saw a huge high platform looming in the middle of the black mist.

One hundred and eight black pillars rising into the sky were arranged around the high platform. .

On the high platform, there is a monster with horns sitting cross-legged.

Seeing this, Zhang Yuhe couldn't help but feel stunned.

"It is indeed a demon."

The Daoshengzong library has a rich collection of books, including many introductions to the demon clan.

Although Fu Bing only saw a rough shadow, Zhang Yuhe could recognize it at a glance. The shadow sitting cross-legged on the high platform was a demon.

According to the introduction in the book, the overall appearance of the demon race is not much different from that of the human race, but there are some more special parts.

For example, this phantom of a monster with horns should be one of the horned demons.

Zhang Yuhe quickly took out his identity jade token.

Since the demons were found, it was natural to report to the sect.

Although only one demon was seen so far, the imagined demon army did not come.

But he did not want to rush over to exorcise the demons by himself.

The talisman soldiers were too far away, and they could not sense the breath of the demons.

Who knows what the strength of this demon is?

What if it is a big boss?

It is more reliable to report to the sect and ask for support.

If there is something, everyone will go together. There is no need to stand out alone.

Zhang Yuhe pinched the magic formula and stretched out his hand to the jade card. After a while, Lu Mingfang's familiar voice came from the jade card.

"What's the matter?"

"Report to the elder, the disciple found a demon in Yunzhong Mansion."

Hearing this, Lu Mingfang stood up solemnly.

"Where did you find the demon? Is it alive or dead? Are you sure you didn't see it wrong?"

This was the first time Zhang Yuhe walked out of the mountain gate. Lu Mingfang was a little worried that he was inexperienced and might recognize the wrong demon.

It's better to confirm it, otherwise, if there is a misunderstanding, it will be funny.

Moreover, not all demons are alive. After all, after 100,000 years, the life span of demons is not infinite.

Even if the original invading demons were not wiped out, most of them have already sat in meditation.

There are really not many demons left in the whole Yufantian.

So he needs to confirm with Zhang Yuhe. If it is a dead demon, just bring the body back.

Hearing Lu Mingfang's continuous questions, Zhang Yuhe answered clearly.

"Alive, I won't be wrong, it's a horned demon, in Jingkong City in Yunzhong Mansion."

"By the way, in addition to the demons, Jingkong City has been arranged by someone at some point. There are 108 black pillars erected around the altar. The demon is sitting cross-legged on the altar. I don't know what the purpose is."

"Tiangang Breaking Realm Array?"

After listening to Zhang Yuhe's description, Lu Mingfang's surprised voice came from the jade card.

Then, Lu Mingfang said seriously.

"Stay where you are and don't act rashly. I will send someone to support you immediately."

...
