Section 39

What's the fear of having more people? Can they compare with Dao Sheng Zong in terms of numbers and strength?

I have just sent a message to Lu Mingfang. I think the large group of people from Dao Sheng Zong will come to support soon.

When the flying boat approached Jingcheng, the city gate opened instantly and the flying boat flew into the city.

Seeing this situation, Zhang Yuhe couldn't help but feel a little strange.

The team of blue-clothed monks entered the city from the city gate.

Now Mingyue Fei and others are coming, and they are also entering the city from the city gate.

Can't they fly over the city wall?

If the blue-clothed monks have a low status, they are not qualified to fly in the city.

But Mingyue Fei is not only powerful, but also obviously the superior of the He and Li families.

Even she has to go through the city gate to enter the city when she comes, which is very strange.

"Could it be that the entire Jingkong City has already opened the defense formation, and the formation has been running, so no matter who wants to enter the city, they can only go through the city gate?"

Thinking of this, Zhang Yuhe couldn't help but feel a little frightened.

If that's the case, things might get a little tricky.

Jingkong City has a defensive formation, and it's always on.

If Mingyue Fei and the others do something big in the city, he won't have a chance to stop them in time.

After all, there is a defensive formation, and it's still unknown what the defensive formation of Jingkong City is like.

If the formation is very high, he can't break it for a while, that would be troublesome.

"Hey, why haven't the sect's support come yet? This will delay things."

At this time, Zhang Yuhe seemed a little anxious, hoping that the support sent by Lu Mingfang would arrive as soon as possible.

After the flying boat entered the city, He Daofan and the He family greeted them at the city gate, and the talisman soldiers controlled by Zhang Yuhe were also hidden in it.

He Daofan shouted to Mingyue Fei respectfully.

"Meet the host."

Mingyue Fei nodded, then asked.

"How are the preparations going?"

"Everything is ready, just waiting for the owner to arrive."

"Very good, let's go find Lord Horned Demon now, and we can start the Tiangang Breaking Realm Array."

After Mingyue Fei finished speaking, she led everyone to fly to the altar in the center of the city.

After arriving near the altar, Zhang Yuhe finally saw the whole picture of this place through the talisman soldiers.

The altar occupies a vast area, hundreds of meters high, and the 108 black pillars around it are even taller and reach the sky.

If it weren't for the cover of the Jingkong City formation, I'm afraid these tall pillars can be seen thousands of miles away.

On the altar, a tall demon with two long black horns on his head, holding a formation plate in his hand, is constantly pinching the magic formula.

Seeing the Horned Demon on the altar, Mingyue Fei shouted respectfully.

"Hello Lord Black Horned."

The Black Horned Demon opened his eyes and glanced at everyone, then said solemnly.

"I have located the coordinates of the Holy Realm and can activate the formation at any time to open the channel connecting the two realms."

"But once the formation is activated, there will inevitably be a lot of noise, and then the cultivators within tens of thousands of miles can feel it. And it takes a certain amount of time from the formation to the channel opening. During this time, I don't want anyone to disturb you. You must guard the periphery and don't let anyone get close."

Seeing the Horned Demon being serious, Mingyue Fei didn't seem to care much. A smile appeared on her beautiful face, and she said softly.

"Don't worry, Lord Black Horned. The Daosheng Sect doesn't have much power in Yunzhong Mansion. When they get the news and rush over, everything will be too late."

"Okay, then I'll start."

The Black Horned Demon didn't waste any words. He pinched the magic formula in his hand continuously, and the black magic energy instantly filled the Mirror Empty City.

Seeing the situation in the city through the talisman soldiers, Zhang Yuhe's heart tightened.

"Why hasn't the sect's support come yet? Do I have to go alone? This is too unreliable."

"I can't wait any longer."

Zhang Yuhe showed up and prepared to go straight up and start fighting.

Although from the previous conversation between Jiao Mo and Ming Yue Fei, it would probably take some time for them to open the passage between the two worlds.

But Zhang Yuhe couldn't wait any longer, because he also needed time.

Once he started, Ming Yue Fei and others would obviously stop him.

At that time, he would have to deal with Ming Yue Fei and countless cultivators from the He and Li families, and he would also have to break the formation of Jing Kong City.

Only by breaking the formation of Jing Kong City first, he would have the opportunity to approach the altar and destroy the altar and the surrounding Tian Gang Breaking Realm Formation.

This is not such an easy task.

Just as Zhang Yuhe was about to kill Jing Kong City, his expression suddenly changed, and an identity jade card appeared in his hand.

Zhang Yuhe stretched out his hand and a strange voice came from the jade card.

"Junior Brother Zhang, I'm Li Tian, where are you?"

Zhang Yuhe was overjoyed when he heard the message from the jade token.

"Has the support finally arrived?"

He knew Li Tian. He had talked about this person with Ming Fuqian before when he talked about some things in the sect.

Li Tian is the eldest senior brother of the inner sect of Daosheng Sect. He is born with a fire spirit body and has a very fast cultivation speed.

This person has only been a disciple for 900 years, and it is said that he has cultivated to the great perfection of the transformation of the spirit.

Except for Zhang Yuhe, Li Tian is the first person in Daosheng Sect in tens of thousands of years.

Zhang Yuhe reported his position through the jade token, and soon saw a stream of light flying from a distance at a high speed.

Looking at the cold young man wearing a golden crown in front of him, Zhang Yuhe shouted respectfully.

"Hello, eldest senior brother."

Li Tian nodded and looked at Zhang Yuhe, with some surprise in his eyes.

As far as he knew, Zhang Yuhe had only been a disciple for a hundred years, how could he have cultivated to the late stage of the Spiritualization?

Such a cultivation speed far exceeded his own.

You know, since entering the Daosheng Sect, Li Tian has been extremely confident in his own talent.

Now seeing that someone is practicing much faster than him, it is obvious that his talent is higher than his, Li Tian can't help but be a little curious.

But now is obviously not the time, although Li Tian can't see the situation in Jingkong City.

But according to the description reported by Zhang Yuhe, the Demon God Cult has arranged the Tiangang Breaking Realm Array here, preparing to open the channel between the two realms and guide the demons to invade Yufantian.

Let's solve the problem first.

Li Tian asked.

"Junior Brother Zhang, what is the situation in the city now?"

Zhang Yuhe did not answer directly, but looked around and did not see other figures.

This made him feel very strange.

"Senior Brother, are you the only one coming to support?"

Hearing this, Li Tian said confidently.

"I am enough."

...

Chapter 40 Nine Pythons Forbidden Spirit Formation

Hearing Li Tian's arrogant answer, Zhang Yuhe felt a little pain.

Damn, although your experience in fighting is definitely much richer than mine.

But your cultivation is only a little higher than mine.

Where do you get the confidence to deal with the He and Li families in the city, plus the cultivators of Fengxin Tower?

And there is also a Horned Demon Clan whose cultivation is unknown on the altar.

Shouldn't this be a crushing game with a large group of people from the Daosheng Sect?

How could there be only one person, and such an arrogant guy.

How did Lu Mingfang become an elder? Isn't he afraid of causing trouble?

What if they can't destroy the altar and let the demon army come, wouldn't it be a big deal?

Zhang Yuhe didn't know that the Tiangang Breaking Realm Formation arranged by the Demon God Cult in the Jingkong City in front of him was not as powerful as he imagined.

Even if the Demon God Cult succeeds, the passage opened can only allow low-level demons to enter, and will not pose a great threat to Yu Fantian.

It is nothing more than triggering a wave of chaos.

But Zhang Yuhe didn't know.

He thought that as long as the passage was opened, countless demon armies would pour in, recreating the catastrophe of 100,000 years ago.

At that time, there might be another war of hundreds of years, and it is uncertain whether the Daosheng Sect can win.

Thinking of this, Zhang Yuhe had to remind Li Tian.

"Big Brother, there are many cultivators in the city, and there are at least seven Transformation cultivators, among whom the owner of Fengxin Tower is a Transformation Great Perfection."

Hearing this, Li Tian was stunned.

Although he was very confident in his own strength, he might not be able to deal with so many Transformation cultivators alone.

Not to mention that there is also a Fengxin Tower owner who has reached the Great Perfection of Transformation.
