Section 411

He had to pay extra attention this time.

After all, materials are hard to find.

The core material for refining the Palm Heaven Bottle is the Time Immortal Crystal from Yu Fantian.

In case the refining fails.

He has no chance to find another piece of Time Immortal Crystal.

So Zhang Yuhe was extra careful this time.

It's not like it used to be.

While refining the immortal weapon, he also found time to practice, and he could even comprehend the power of the law.

Zhang Yuhe focused on the changes in the tripod and was not distracted by other things.

He wasn't in a hurry anyway, he just had some time.

take it easy.

It would only take ten years at most.

...

Just when Zhang Yuhe was focusing on refining the Palm Heaven Bottle.

News of his breakthrough to Immortal Lord Taiyi began to slowly spread in the Ji'an waters.

Although Dao Sheng Sect did not deliberately publicize it.

But when Zhang Yuhe was crossing the tribulation, the shocking vision enveloped the entire Ji'an sea area.

Those who are knowledgeable will naturally understand what is going on.

Although they don't know who was the person who overcame the tribulation in the first place.

But it must be someone from the Dao Sheng Sect.

There was someone from Daosheng Sect who was successfully promoted to Taiyi Immortal Lord.

The news was sensational enough.

Nangong Immortal Clan.

Under the guidance of Nangong Youxi, Li Tian walked through the buildings and pavilions.

Fly quickly towards the main hall at the top of the mountain.

The purpose of his trip was to inform the Nangong Immortal Clan about Zhang Yuhe's promotion.

Naturally, such a major event must be reported directly to Nangong Tianming.

Nangong Youxi led the way.

Li Tian arrived suddenly, saying that he was ordered by Zhang Yuhe to meet Nangong Tianming.

She brought Li Tian here without asking any further questions.

Although the Dao Sheng Sect is nominally a subordinate force of the Nangong Immortal Clan.

But anyone with a brain would not treat Dao Sheng Sect as a subsidiary force.

Nangong Youxi understands very well.

It is absolutely impossible for people like Zhang Yuhe to be trapped in the Golden Fairyland.

Sooner or later, he will be able to break through and become Taiyi Immortal Lord.

It is even possible to be promoted to the Great Luo Immortal King one day.

Moreover.

Even with Zhang Yuhe's current cultivation level, no one dares to look down upon him.

She remembers it clearly.

When I walked out of the Taixu Secret Realm.

Zhang Yuhe showed off his power and beat the Wu brothers to death with two blows in succession.

To know.

The Wu brothers are the top Taiyi Immortal Lords.

Although Cheng Yuanjiang and several other Taiyi Immortal Lords were present at the scene to assist.

But Zhang Yuhe's strength is not inferior to the top Taiyi Immortal Lord.

This is an indisputable fact.

No one dares to look down upon such a person.

So when Li Tian brought Zhang Yuhe's handwriting, he said he wanted to meet Nangong Tianming.

Nangong Youxi didn't hesitate at all and brought him over immediately.

The two flew quickly and soon arrived outside a main hall.

Nangong Youxi took out the Immortal Mirror and cast a spell.

The door slowly opened.

The two of them quickly walked through the door and entered the main hall.

At this time, Nangong Tianming was sitting at the top of the hall.

Just received news from Nangong Youxi.

He said it was Zhang Yuhe and sent someone to pay him a visit.

Nangong Tianming didn't think that he was a veteran Taiyi Immortal Lord, so he was putting on airs.

Instead, let Nangong Youxi bring the people over immediately.

He is extremely optimistic about Zhang Yuhe.

It's not just because Zhang Yuhe has astonishing strength.

more importantly.

He is optimistic about Zhang Yuhe's future.

As far as he knows.

Zhang Yuhe is an ascended monk from the lower realm.

Moreover, it has only been 200,000 years since he ascended to the present day.

The cultivation level is already the Golden Immortal Perfection.

With such a cultivation speed, even if the strength is inferior, the future is limitless.

not to mention.

Zhang Yuhe is not only fast in cultivation, but his strength is also unparalleled.

Even when he was still in the late Golden Immortal stage.

You can challenge Taiyi Immortal Perfection head-on.

And he also beat people to death.

An incredible figure like Zhang Yuhe.

Looking at the entire fairy world, it has probably never appeared before.

At least in Nangong Tianming's hundreds of millions of years of monastic life.

I have never heard of anyone who can rival Zhang Yuhe.

Facing such people.

He didn't dare to put on airs.

Otherwise, maybe we have to follow the old saying.

[Don't bully young people into poverty]

He didn't want to be beaten to death by the back wave.

People like Zhang Yuhe.

Make friends early and show kindness often.

For their Nangong Immortal Clan.

There are only advantages and no disadvantages.

The two walked into the main hall.

Nangong Youxi shouted respectfully.

"Greetings to the ancestor."

Li Tian was behind and shouted after him.

"Dao Shengzong Litian, pays homage to Tianming Immortal Lord."

Nangong Tianming stretched out his hand to signal, and then asked with a smile.

"You're welcome, nephew Li Xian. Zhang Xiaoyou sent someone here, but what's the important matter?"

"If you need help from the Nangong Immortal Clan for anything, just ask."

Seeing Zhang Yuhe sending Li Tian over.

Nangong Tianming thought that Daosheng Sect had encountered some trouble and needed their help.

Of course he would be happy to do anything that could help.

Nangong Tianming thought.

The more you help, the deeper the friendship becomes.

Wait until Zhang Yuhe rises in the future.

Maybe he can also take the Nangong Immortal Clan and take off with him.

Section 412

Hearing Nangong Tianming's words, Li Tian was stunned.

He didn't know how to start.

He just came to report that Zhang Yuhe was promoted to Taiyi Immortal Lord.

This Nangong Patriarch is really good at imagination.

He actually thought that Daosheng Sect encountered some troubles and came to ask for help.

Daosheng Sect is located in the Ji'an Sea, and there are no strong enemies around.

How could there be any trouble?

Besides.

There is Zhang Yuhe in charge of the sect.

Who dares to come and make trouble?

Some people once thought that Daosheng Sect was a weak fat sheep.

They wanted to come and slaughter it.

As a result, they were destroyed by Zhang Yuhe without leaving any residue.

Who would dare to cause trouble for Daosheng Sect now?

Li Tian took a breath and said respectfully.

"Recently, the sect master successfully promoted to Taiyi Realm, but the sect master had no time to split himself, so he specially ordered his disciples to come and pay homage to the senior."

After saying this, he handed over a visiting card.

Nangong Tianming stood up in shock, and he stretched out his hand to take the visiting card.

Nangong Youxi, who was beside him, was so shocked that her mouth opened wide.

Before Nangong Tianming could speak, she asked anxiously.

"What did you say? Your sect master has been promoted to Taiyi Immortal Lord?"

Nangong Youxi simply couldn't believe her ears.

She knew that Zhang Yuhe was extremely talented and would definitely be able to break through to Taiyi Immortal Lord.

But it couldn't be this fast.

If she remembered correctly.

Fifty thousand years ago, Zhang Yuhe was only in the late stage of the Golden Immortal.

He hadn't even reached the state of perfection.

How long has it been?

Breaking through to the perfection of the Golden Immortal is considered fast.

She had never thought that Zhang Yuhe would be promoted to Taiyi Immortal Lord directly?

Didn't he need to prepare for breaking through the Taiyi realm?

Nangong Youxi really wanted to know.

How did Zhang Yuhe break through the bottleneck and how did he survive the Taiyi Heavenly Tribulation.

You have to know.

It has been millions of years since she was promoted to the Golden Immortal Perfection.

It's just that she had never found the elixir to help her break through to the Taiyi Immortal.

So she has been stuck in the bottleneck of the Golden Immortal Perfection for a long time.

When she was in the Taixu realm, she finally found the elixir to help her break through.

But thinking of the terrible Taiyi Heavenly Tribulation, she never dared to try.

She wanted to wait a little longer.

When her lifespan was about to run out, she would fight to the death.

This is also the normal choice of most Golden Immortal cultivators.

When she is not sure, she can delay it for a while.

However, what she didn't expect was.

Zhang Yuhe walked ahead of her so quickly.

This made Nangong Youxi feel a little jealous.

How could there be such a heaven-defying person like Zhang Yuhe in the world?

It was really incredible.

Li Tian glanced at Nangong Youxi, and then responded proudly.

"Yes, it was a few days ago that the sect master just passed the heavenly tribulation and successfully promoted to Taiyi Immortal Lord."

Speaking of his own sect master's successful promotion to Taiyi Immortal Lord.

Li Tian felt extremely proud.

Although this former junior brother had already left him far behind.

But Li Tian did not feel any jealousy in his heart.

Zhang Yuhe's rapid progress has aroused his ambition.

Li Tian thought.

One day, he will definitely be able to follow the sect master's footsteps.

He can also break through to become Taiyi Immortal Lord.

...

### Chapter 333 Nangong Youxi's Thoughts

Nangong Tianming looked at the visiting card in his hand.

He naturally understood the purpose of Zhang Yuhe's sending people here.

Since Zhang Yuhe has been promoted to Taiyi Immortal Lord.

Then the Daosheng Sect is no longer a subsidiary force of the Nangong Immortal Clan.

Their Nangong Immortal Clan does not have such a big face.

A force that can control one side and has Taiyi Immortal Lord sitting in charge.

More importantly.

If it comes to hard power.

The Daosheng Sect is probably now better than the Nangong Immortal Clan.

When he was still in the Golden Immortal Realm, Zhang Yuhe could challenge the top Taiyi Immortal.

Now Zhang Yuhe has successfully broken through.

His strength must have improved by leaps and bounds.

Looking at the entire South Sea Immortal Realm, apart from the three super powers.

Who can suppress Zhang Yuhe?

Nangong Tianming asked himself.

Although he might be stronger than the Wu brothers of the Divine Beast Sect.

But he is also limited.

At the beginning, Zhang Yuhe could beat the Wu brothers to death.

Now it is even easier.

If they fight.

He probably can't take Zhang Yuhe's moves.

In Nangong Tianming's view.

Zhang Yuhe's successful breakthrough is just right.

The two sides communicate on an equal footing, and it will be more convenient to deal with each other in the future.

In fact.

For so many years.

He has been trying to cultivate new talents in the affiliated forces.

He used to be most optimistic about Lu Yunfei.

It's a pity.

After a catastrophe of immortal death.

Lu Yunfei disappeared.

Even till now, he has not returned.

If he had not been in Daosheng Sect and still had the soul lamp.

Nangong Tianming would have thought that Lu Yunfei had died long ago.

But what he did not expect was.

Lu Yunfei did not come back, and characters like Zhang Yuhe would appear in Daosheng Sect.

In just 200,000 years, he broke through to Taiyi Immortal Lord.

Nangong Tianming felt somewhat relieved.

Fortunately, they had not suppressed Daosheng Sect before this.

Section 413

There is even more support.

Now that Zhang Yuhe has soared into the sky, his future will be limitless.

Think of this.

Nangong Tianming smiled and asked Li Tian.

"I wonder when Daoyou Zhang's Immortal Lord Ceremony will be held?"

"I will definitely go over there and ask for a drink."

Hearing this, Li Tian responded with some embarrassment.

"Reporting to the Immortal Lord, the sect master does not plan to hold a celebration for the time being."

to be honest.

Li Tian also didn't understand very much.

What was the reason that made Zhang Yuhe give up holding the celebration.

If it is to keep a low profile.

That's not right either.

When Zhang Yuhe was promoted to Golden Immortal, a celebration was held.

It makes no sense to be promoted to Taiyi Immortal Lord now, but still choose to keep a low profile.

Li Tian thought.

There must be some reason that he doesn't know.

Otherwise.

It makes no sense for Zhang Yuhe to choose to do this.

Hear Li Tian's response.

Nangong Tianming couldn't help but be stunned.

There is still such a thing.

Isn't there a celebration for being promoted to Taiyi Immortal Lord?

But he soon understood what was going on.

When I walked out of the Taixu Secret Realm.

Zhang Yuhe activated the sword formation and swept through the three thousand Golden Immortal disciples of the Divine Beast Sect.

Moreover, with the cooperation of Cheng Yuanjiang and others, they killed the Wu brothers.

Although this matter is secretive.

But everyone who needs to know already knows.

Especially Long Yuanguang of the Divine Beast Sect.

He must have known about this for a long time.

It's just because of Zhang Yuhe that he stays in the waters of Ji'an all year round.

That is the sphere of influence of the Ten Thousand Immortals Sect.

The Divine Beast Sect is not easy to get started with.

Otherwise.

Long Yuanguang must have sent people to kill Dao Shengzong at the mountain gate a long time ago.

Facing a powerful enemy like the Divine Beast Sect.

No wonder Zhang Yuhe chose to keep a low profile.

Even if he is promoted to Taiyi Immortal Lord, he does not want to hold a celebration.

Afraid of attracting the attention of the Divine Beast Sect.

Nangong Tianming smiled and said to Li Tian.

"Since Fellow Daoist Zhang doesn't plan to hold a celebration, it's not convenient for me to interrupt."

"But the congratulatory gifts still have to be sent. I will ask the children of the clan to visit your sect leader another day."

Although Zhang Yuhe does not plan to hold a celebration.

But the etiquette of their Nangong Immortal Clan is indispensable.

And you have to bring heavy gifts to visit.

It is not easy to give birth to a new Immortal Lord Taiyi in the South China Sea Immortal Domain.

What's more, they are neighbors.

It is natural to send someone to congratulate you.

While Nangong Tianming was still talking to Li Tian.

Next to him, Nangong Youxi was still deep in thought.

She really couldn't understand.

Why was Zhang Yuhe promoted to Taiyi Immortal Lord so quickly?

If we say that Zhang Yuhe's qualifications are incredible, he can break through the realm quickly.

She can understand it too.

Moreover, Zhang Yuhe also entered the Taixu Secret Realm.

With Zhang Yuhe's strength.

Find some elixirs in the secret realm to help you break through.

This is nothing strange.

The only thing she couldn't figure out was.

How did Zhang Yuhe survive the Taiyi Heavenly Tribulation?

Logically speaking.

The more unparalleled the genius.

When a breakthrough is made, the calamity faced will be even more powerful.

A peerless genius like Zhang Yuhe.

When he breaks through, the calamity that will follow must be extremely terrifying.

However, Zhang Yuhe withstood the Taiyi Heavenly Tribulation with almost no preparation.

This is something very incredible.

"Did he create some kind of formation to assist in overcoming the tribulation?"

"Can this kind of formation assist the Golden Immortal monks to survive the Taiyi Heavenly Tribulation?"

Think of this.

Nangong Youxi's heart was filled with heat.

When Zhang Yuhe broke through the Golden Immortal Realm, he created a great tribulation formation for himself.

That great formation was extremely mysterious.

She also asked Zhang Yuhe to help the Nangong Immortal Clan and set up a similar formation.

If Zhang Yuhe really creates a formation, it can assist the Golden Immortal monks to survive the Taiyi Heavenly Tribulation.

Then can she borrow it?

Nangong Youxi believes it.

As long as the great tribulation formation has a little auxiliary effect.

She is confident that she can survive the Taiyi Heavenly Tribulation.

After all, for this day.

She has been preparing for this for millions of years.

Although she always felt that she was still a little unsure.

But with the help of the Tribulation Transcendence Formation.

Then there must be no problem, she can definitely handle it.

Think of this.

She quietly sent a message to Nangong Tianming.

"Ancestor, I have something I want to discuss with you."

"This matter is very important, it is related to my breakthrough to the Taiyi realm."

Naturally, it is not that simple to borrow the Dao Sheng Sect's Tribulation Formation.

In the fairyland of the South China Sea.

There has never been a formation that can assist the Golden Immortal monks in overcoming the Taiyi Heavenly Tribulation.

If Zhang Yuhe really builds such a large formation, he will definitely not let others borrow it easily.

Such a large formation is definitely an existence that holds the foundation of Zhenzong.

How could the Dao Sheng Sect lend it to others so easily?

Nangong Youxi understands.

She wanted to borrow the Dao Sheng Sect's formation.

Then it was necessary, Nangong Tianming came forward.

She definitely can't do it on her own.

Even Zhang Yuhe is willing to borrow the formation.

Section 414

Then they have to take out treasures that are enough to satisfy Zhang Yuhe in exchange.

As a descendant of the immortal clan.

Nangong Youxi does have a lot of treasures on her.

But she understands.

Zhang Yuhe will definitely not look down on the things on her.

The ancestor must come forward to make Zhang Yuhe satisfied.

Today is different from the past.

The current Zhang Yuhe is a true Taiyi Immortal Lord.

How can people take ordinary things seriously?

Only if the ancestor comes forward and takes out treasures in exchange.

She will have the opportunity to borrow the Daosheng Sect's tribulation formation.

Otherwise.

Why did Zhang Yuhe let her borrow the tribulation formation.

Is it just based on the meager friendship before?

This is obviously impossible.

There is friendship, but also benefits.

There is no such thing as a free lunch in the world.

...

Chapter 334 Nangong Tianming's guess

Hearing Nangong Youxi's voice transmission.

Nangong Tianming was stunned.

But he soon understood what was going on.

He could think of the problems that Nangong Youxi could think of.

It was just that he was shocked by the news that Zhang Yuhe was promoted to Taiyi Immortal Lord.

He didn't think about this for a while.

Now Nangong Youxi sent a message to discuss something related to her breakthrough.

Nangong Tianming reacted immediately.

This must be about overcoming the Taiyi Heavenly Tribulation.

Nangong Youxi is the most talented core child of the Nangong Immortal Clan.

She has been in the realm of Golden Immortal Perfection for millions of years.

And she found a spiritual object in the Taixu Secret Realm to help break through the bottleneck.

For her.

Breaking through the Taiyi Realm should not be a big problem.

The biggest trouble is how to survive the Heavenly Tribulation.

As long as this problem can be solved.

Then their Nangong Immortal Clan is likely to add another Taiyi Immortal Lord.

However, the Heavenly Tribulation that needs to be faced to break through the Taiyi Immortal Lord is too fierce.

Nangong Tianming has a deep understanding of this.

He succeeded by luck that year.

It is not surprising that Zhang Yuhe can break through the bottleneck of Taiyi Immortal with his peerless talent.

But in such a short time, with almost no preparation.

He can withstand the Taiyi Heavenly Tribulation.

This is very abnormal.

Nangong Tianming guessed.

Zhang Yuhe must have used some hidden means.

Otherwise.

He would never have been promoted to Taiyi Immortal Lord so smoothly.

You know.

Zhang Yuhe has comprehended the Supreme Law.

When the Supreme Tianjiao breaks through the great realm.

The heavenly tribulation he needs to face is far beyond the comparison of ordinary people.

It is definitely much more fierce.

In the long history of the fairy world.

There have been many Supreme Tianjiao.

But there is no one who can make it to the end and become the Daozu Emperor.

It is not that these people are not talented enough.

It is not that the opportunity is not good enough.

It is not that the strength is not strong enough.

But the heavenly tribulation they had to face when they broke through was too fierce.

In the history of the fairy world, all the supreme geniuses.

Without exception, all fell under the heavenly tribulation.

Some people were killed by the heavenly tribulation when they broke through the strength of the Golden Immortal.

More people could not withstand the bombardment of the heavenly tribulation when they broke through the Taiyi Immortal.

Then they were killed.

Only a small number of supreme geniuses were finally promoted to Taiyi Immortal Lord.

But the immortal path of these people basically ended there.

Some supreme geniuses, after being promoted to Taiyi Immortal Lord, still made great progress.

Then they were killed by the Daluo heavenly tribulation.

There are also some supreme geniuses, after being promoted to Taiyi Immortal Lord.

Fearing the power of the subsequent heavenly tribulation, they began to play badly.

They did not want to practice.

Anyway, after becoming Taiyi Immortal Lord, they have unlimited lifespan.

In this case, why struggle?

However, even if they don't want to practice.

Their cultivation will grow slowly.

Even if the growth is slow, the cultivation will not remain unchanged.

In the long years, it will break through to the perfection of Taiyi Immortal.

Then it will encounter the Daluo Heavenly Tribulation.

In the end, it is also impossible to escape the fate of being struck to death.

As far as Nangong Tianming knows.

In the history of the entire fairy world.

There are only three supreme Tianjiao who have successfully survived the Daluo Heavenly Tribulation.

Of course.

These three supreme Tianjiao were eventually killed by the subsequent Dao Heavenly Tribulation.

So far.

No supreme Tianjiao has been able to withstand all the Heavenly Tribulations.

The way of heaven is fair.

The supreme Tianjiao has extraordinary strength.

It can be said that they are invincible at the same level.

But the Heavenly Tribulations they face are also more powerful.

The later it is, the more abnormal the Heavenly Tribulations will be.

It is absolutely terrifying for the supreme Tianjiao to break through the Heavenly Tribulation of Taiyi Immortal.

However, Zhang Yuhe can survive it.

If he did not use special means to deal with the Heavenly Tribulation.

Nangong Tianming does not believe it.

Zhang Yuhe helped the Nangong Immortal Clan to set up the great tribulation formation.

Nangong Tianming also went to see it.

It must be said that it was a very mysterious great tribulation formation.

These years.

Section 415

The Nangong Immortal Clan has a large number of true immortal disciples who take advantage of this formation.

Successfully survived the catastrophe and was promoted to the Golden Fairy Realm.

Nangong Tianming thought.

Since Zhang Yuhe was able to create a great formation to assist the True Immortal disciples in overcoming the Golden Immortal Tribulation.

Then is it possible for him to create a formation that can assist the Golden Immortal monks in overcoming the Taiyi Heavenly Tribulation?

If it were an ordinary person.

Nangong Tianming didn't believe it.

After all, this kind of grand formation is almost exclusively exclusive to Dao Ancestors.

In the entire South China Sea Immortal Realm, there is not even a similar tribulation formation.

Except for those holy places where Tao Ancestors sit.

Others simply couldn't arrange similar formations.

But Zhang Yuhe is different.

Zhang Yuhe is extremely talented and has created countless miracles along the way.

Even if he creates a similar tribulation formation.

It doesn't seem like it's anything strange.

Think of this.

Nangong Tianming asked Li Tian with a smile.

"I wonder if your sect leader was injured after surviving the catastrophe?"

Hearing this, Li Tian was speechless and did not speak.

He was a little surprised, how could Nangong Tianming ask such a question.

Every monk has his own secret.

Ask people if they were injured after going through the tribulation?

This is too presumptuous.

Regardless of whether Zhang Yuhe was injured or not, he would definitely not tell anyone.

Wouldn't it be nonsense to say that Zhang Yuhe was injured and someone took the opportunity to come and cause trouble?

If Zhang Yuhe was not injured, others might use this to estimate Zhang Yuhe's strength.

No matter how he responded, it wasn't appropriate.

He didn't even know why Nangong Tianming would ask such a question.

So Li Tian simply kept silent.

I didn't hear it, okay.

Seeing Li Tian did not respond.

Nangong Tianming couldn't help but feel a little embarrassed, and he said slightly apologetically.

"Niece Li Xian, I'm sorry, I was presumptuous."

"My dear nephew, please take a break first, I will discuss this with You Xi."

Li Tian nodded.

Then, under the leadership of Nangong Youxi, he came to the side hall next to him.

After settling down Li Tian.

Nangong Youxi immediately returned to the main hall, and she said to Nangong Tianming slightly anxiously.

"Ancestor..."

Nangong Tianming waved his hand, and then said slowly.

"The Dao Sheng Sect should have some means that can assist the Golden Immortal monks to survive the Taiyi Heavenly Tribulation."

"Otherwise, it would be absolutely impossible for him to survive the catastrophe so smoothly."

"It may be the formation, or it may be something else."

Although Li Tian didn't respond directly just now.

But Nangong Tianming can guess it.

Zhang Yuhe was definitely not injured, at least not seriously.

Otherwise.

He would definitely not send anyone over to inform him of his promotion to Taiyi Immortal Lord.

Nangong Tianming stopped Nangong Youxi from talking and fell into deep thought quietly.

He's thinking about it.

What is Zhang Yuhe's method of overcoming the tribulation?

Is it a formation or something else?

Can it be reused?

If it is some kind of one-time means, then they have to think more.

That's no use either.

It's just that it's not easy to verify this kind of thing.

If he asked Li Tian.

Li Tian must still be pretending to be stupid.

I don't know if I ask three questions.

Without Zhang Yuhe's approval.

Li Tian will not say anything to them.

So the best way.

It's better to go directly to Dao Sheng Sect.

Only by asking Zhang Yuhe face to face can you get an accurate answer.

If Dao Sheng Sect really has the means to assist the Golden Immortal monks to survive the Taiyi Heavenly Tribulation.

And if it can be reused.

No matter how high the price is, he is still willing to give Nangong Youxi a chance.

For the sake of the Nangong Immortal Clan, there can be one more Taiyi Immortal Lord.

He is willing to pay any price.

...

Chapter 335 Nangong Tianming's visit

Nangong Tianming thought for a while, and then slowly asked Nangong Youxi.

"Do you think Zhang Yuhe used some special means to successfully survive the catastrophe?"

"Yes, ancestor."

"I was asked just now about the disciples in the clan in Ji'anfang City."

"A month ago, there were powerful people who overcame the tribulation in the waters of Ji'an."

"The vision of heavenly tribulation at that time almost enveloped the entire Ji'an sea area."

"Some people even speculated whether someone had broken through to the Great Luo Immortal King somewhere in the Ji'an sea area."

"But looking at it now, there is no doubt that the person who overcame the tribulation was Zhang Yuhe."

"What did you say? The vision of heavenly tribulation enveloped the entire Ji'an sea area?"

Hearing this, Nangong Tianming couldn't help but exclaimed.

He could hardly believe that this was true.

Although the Ji'an sea area is not very eye-catching.

But it is also a large area.

The area is vast and boundless.

What kind of catastrophe can cause a strange phenomenon that covers the entire sea area.

It's incredible.

Nangong Youxi nodded, and then said slowly.

"It is indeed true. I have confirmed it with many disciples in the clan, and it cannot be wrong."

"The vision was so shocking that all the monks in the Ji'an sea area saw it."

"Maybe it won't be long before the news reaches us."

"Such a terrifying vision, the terrifying extent of the catastrophe at that time is completely unimaginable."

"Even so, Zhang Yuhe still managed to carry it through."

"So I guess he must have used some means to help him overcome the tribulation to weaken the power of the tribulation."

"And it's not an ordinary means."

"Such a terrible tribulation cannot be overcome by ordinary means."

"Even if Zhang Yuhe is extremely powerful, he can't withstand the bombardment of the tribulation."

After listening to Nangong Youxi's narration, Nangong Tianming fell into deep thought.

After a long while, he slowly asked.

Section 416

"Then what do you think Zhang Yuhe used, and can this method be reused?"

For them, this is the most critical question.

No matter what method Zhang Yuhe used to survive the heavenly tribulation.

This method must be reusable.

Otherwise.

It is completely meaningless to them.

Nangong Youxi took a deep breath, and then slowly spoke.

"I think it is the formation."

"In fact, only a powerful formation for surviving the tribulation can achieve this effect."

"Other means, even the top-grade Chaos Immortal Armor, or even the innate treasure of defense, are not enough to help Zhang Yuhe survive such a terrible heavenly tribulation."

"The most important thing is that he has a precedent for creating a formation for surviving the tribulation."

"Maybe Zhang Yuhe has received some kind of inheritance and can build a formation for surviving the tribulation at different stages."

Listening to Nangong Youxi's words, Nangong Tianming nodded silently.

He also agreed with this view.

In addition to the formation for surviving the tribulation.

He really couldn't think of any other possibilities.

And this is the best.

The Tribulation Array can be used repeatedly.

Nangong Tianming believes.

As long as they can, and offer enough benefits, they will definitely be able to get a chance to borrow from Zhang Yuhe.

Give Nangong Youxi.

Thinking of this.

Nangong Tianming said with a smile.

"We don't have to guess, let's go directly to Daosheng Sect."

"Thank you, ancestor."

Seeing Nangong Tianming finally willing to come forward.

Nangong Youxi was extremely excited.

In this way, her tribulation will be settled.

After a while.

Li Tian was invited back to the hall.

Nangong Tianming said with a smile.

"Your sect master has successfully promoted to Taiyi Immortal Lord. As a neighbor next door, I should go to congratulate him."

"Nephew Li, let's go together."

Hearing Nangong Tianming's words, Li Tian was completely stunned.

What's going on?

He just came here to communicate, why did Nangong Tianming also go to Daosheng Sect with him?

As for congratulating?

No one would believe this.

Zhang Yuhe didn't plan to hold a celebration for the Immortal King.

Why would Nangong Tianming go to congratulate him?

Besides.

Even if he wanted to congratulate him, Nangong Tianming didn't have to go in person.

Just send someone.

Does the Daosheng Sect have such a big face?

Or.

The Sect Master, does he have such a big face?

Although Li Tian was very puzzled, he didn't refuse.

After sending a message to the sect.

They flew to the Tiangong Market together.

Three days later.

A huge immortal ship landed outside the gate of the Daosheng Sect.

Lian Zhengyu led a group of golden immortal elders and shouted respectfully in unison.

"Greetings to the Immortal King."

Facing Nangong Tianming's visit, everyone was completely confused.

After receiving Li Tian's message.

Lian Zhengyu immediately contacted Zhang Yuhe.

Then the reply he got was.

He is in seclusion and will not see guests for the time being.

Let them be responsible for the reception.

Lian Zhengyu was also very helpless.

Nangong Tianming came to visit, but the master did not show up.

It was really embarrassing.

Nangong Tianming took Nangong Youxi out of the fairy ship.

He looked around and did not see Zhang Yuhe.

At this time, Lian Zhengyu stepped forward and said apologetically.

"The sect master is in retreat. It is not convenient to come out to see the senior. I am really sorry."

Hearing this, Nangong Tianming said with a smile.

"We came too abruptly. I wonder when your sect master will come out of retreat?"

There is no certainty when the cultivators retreat.

If Zhang Yuhe retreated for tens of thousands of years, it would be a bit troublesome.

They can't wait for tens of thousands of years in Daosheng Sect.

Lian Zhengyu responded respectfully.

"It is estimated that the sect master will come out of retreat in about ten years."

Hearing this, Nangong Tianming finally breathed a sigh of relief.

Ten years is not a long time.

Then they will wait here.

He said with a smile.

"I have something important to discuss with your Sect Master. I'm afraid I'll have to bother you for a while."

Hearing Nangong Tianming's words, Lian Zhengyu was flattered.

He hurriedly said respectfully.

"It's our honor that Senior can come to Daosheng Sect."

"Senior, please follow me."

Lian Zhengyu settled Nangong Tianming and the other person at the Yingke Peak.

Then he returned to the Daotang Hall and called Li Tian over.

Nangong Tianming came suddenly and didn't say why.

This made everyone in Daosheng Sect confused.

Lian Zhengyu thought.

Li Tian brought the person back, so he must know something about the situation.

After Li Tian came over, Lian Zhengyu asked.

"Do you know why Senior Nangong came to visit the Sect Master?"

"I don't know."

Li Tian shook his head.

"Senior didn't say it clearly."

"But I guess they should come for the Tribulation Array."

Hearing Li Tian's words, Lian Zhengyu suddenly remembered.

Next to Nangong Tianming, there was also Nangong Youxi.

Nangong Youxi had been stagnant for millions of years at the Golden Immortal Perfection.

It was time for her to break through.

The life span of a Golden Immortal cultivator was limited, so she couldn't keep dragging it out.

Lian Zhengyu thought.

Section 417

Perhaps the Nangong Immortal Clan was promoted from Zhang Yuhe to Taiyi Immortal Lord.

Guess that their Dao Sheng Sect has a large formation that can help the Golden Immortal monks survive the Taiyi Heavenly Tribulation.

So I want to borrow it.

Although I have figured out the reason for Nangong Tianming's visit.

But he can't make the final decision regarding the use of the Tribulation Formation.

Let's wait until Zhang Yuhe comes out of seclusion.

Anyway, Nangong Tianming didn't say anything.

Then just pretend he doesn't know.

Anyway, it's only ten years.

Since Nangong Tianming is willing to wait.

Then they just need to be entertained.

It is said that a top Taiyi Immortal Lord like Nangong Tianming can visit Daosheng Sect.

This is also an honor for Dao Sheng Sect.

If it were the same as before.

It's simply unthinkable.

But now, it doesn't seem to be strange.

Zhang Yuhe was promoted to Taiyi Immortal Lord, and the Dao Sheng Sect was also promoted to a major force.

Maybe in the future, visits from the Immortal Lord will become a common thing.

...

## Chapter 336 Testing the Sky Palm Bottle

Zhang Yuhe sat silently in the weapon refining hall.

He didn't pay much attention to Nangong Tianming's visit.

In fact, he didn't need to think about it, he knew what the purpose of Nangong Tianming's trip was.

It must be for the purpose of borrowing the tribulation formation on Galaxy Island.

Otherwise, how could he come to Dao Shengzong without any problems?

And he also had Nangong Youxi with him.

But if they want to borrow the tribulation formation, it's not that easy.

Although every time the formation is activated, there will be no additional consumption.

But Zhang Yuhe still won't let anyone use it in vain.

In order to build this, an improved version of the Renshui mine-absorbing array.

Dao Sheng Sect, from top to bottom, really spent a lot of effort.

Just to collect materials, hundreds of millions of immortal spirit stones were consumed.

Even the Nangong Immortal Clan has a good relationship with their Dao Sheng Sect.

In the past, the Nangong Immortal Clan had taken great care of the Dao Sheng Sect.

But Nangong Youxi wanted to use the Renshui Thunder Absorbing Formation to be promoted to Taiyi Immortal Lord.

You must take out enough treasures in exchange.

And it's not cheap.

Otherwise.

If this precedent is set.

From now on, people come to Dao Sheng Sect every day to borrow the Renshui Thunder Absorbing Formation to overcome the calamity.

Wouldn't that be troublesome?

Zhang Yuhe just wants to raise the asking price so that ordinary forces will retreat.

Don't be a person, just go to him.

He doesn't have that much time to deal with it.

As a Taiyi Immortal Lord, he is also the supreme genius.

He probably needs some cards.

Zhang Yuhe believes it.

Nangong Tianming must also understand this truth.

Just don't know.

This time, what kind of treasure will Nangong Tianming give in exchange for the opportunity to use the Renshui Thunder Absorbing Formation.

Think of this.

Zhang Yuhe was somewhat looking forward to it.

He really has no shortage of ordinary things.

I hope Nangong Tianming can come up with something that dazzles him.

Zhang Yuhe put away his thoughts and continued to focus on the weapon refining tripod.

This was his first time refining a high-grade immortal weapon.

And it's also the Sky Palm Vase, a crucial time artifact.

But don't make any mistakes.

Just in case something gets messed up.

Then you can no longer find the Time Immortal Crystal to refine the Heavenly Palm Bottle.

Time passed slowly.

Ten years later.

Following Zhang Yuhe, he continued to use the magic formula.

The Zhangtian bottle slowly took shape inside the cauldron.

I don't know how much time has passed.

Zhang Yuhe suddenly waved his right hand.

The tripod lid flew up quickly,

An exquisite long-necked jade bottle appeared slowly inside the cauldron.

Zhang Yuhe reached out and took the jade bottle.

I saw the surface of the jade bottle emitting a faint gleaming light.

An inexplicable aura is slowly gathering towards the jade bottle.

The Sky Palm Vase can automatically condense the Nine Heavens Immortal Dew.

But this takes time.

Follow the description on the drawing.

Every day, the Heaven Palm Vase can condense one drop of Nine Heavens Immortal Dew.

"What a sweet baby."

Looking at the jade bottle in his hand, Zhang Yuhe couldn't help but smile.

"Try the effect of this baby first."

Think of this.

Zhang Yuhe waved his right hand.

A beautiful picture suddenly floated in front of him.

It is the picture of all spirits.

Although he obtained many space fairy weapons in the Taixu Secret Realm.

But Zhang Yuhe still uses the Wanling Diagram as a planting space.

He transplanted all kinds of elixirs, immortal fruits and immortal trees into the Wan Ling Tu.

Then leave it to Zhang Shen to take care of.

Zhang Shen was transformed from a snow ginseng plant and is naturally good at growing various elixirs.

The elixir managed by him grows faster than normal.

There are top spiritual cultivators in the immortal world, but none of them are as good as Zhang Shen.

Follow the magic formula and pinch it.

Zhang Yuhe's figure disappeared into the hall in an instant.

Seeing Zhang Yuhe, he entered the space of all spirits.

Zhang Shen immediately ran over and shouted respectfully.

"I've met the young master."

Zhang Yuhe nodded lightly.

He looked around.

I saw that the entire Wanling Diagram space was filled with various elixirs and fairy fruits.

Zhang Shen took care of the Wanling Space in a tight and orderly manner.

He classified different elixirs and planted them in various places.

Section 418

It is precisely because Zhang Shen takes care of it.

He was able to continuously refine various elixirs for Dao Sheng Sect to assist in cultivation.

Otherwise.

Just rely on the finished elixir brought out from the Taixu secret realm.

It has long been consumed.

How can we still open the supply to the entire sect now?

Looking at the mountain of elixirs and fairy fruits, Zhang Yuhe showed a slight smile on his face.

He smiled and said to Zhang Shen.

"You did a great job."

Hearing Zhang Yuhe's approval, Zhang Shen immediately said happily.

"This is what I should do."

"And when I stay here, I usually don't have much to do."

"Taking care of these flowers and plants is just a good way to pass the time."

Well, Zhang Yuhe was speechless after hearing this.

The thinking of this ginseng essence cannot be treated as an ordinary person.

Zhang Shen thoroughly enjoyed staying in Wanlingtu.

If it were him.

I'm afraid I'll be bored to death a long time ago.

Zhang Yuhe turned his head and glanced at Zhang Shen.

When I first met Zhang Shen, he was still in the late stage of True Immortal.

Now two hundred thousand years have passed.

Even this ginseng essence has broken through to the early stage of Golden Immortality.

In fact, it's no wonder.

Thanks to Zhang Yuhe, he provided a large number of elixirs.

Zhang Shen can steadily improve his cultivation level with almost no training.

It is said that when one person attains enlightenment, chickens and dogs will ascend to heaven.

That's probably it.

Zhang Yuhe glanced into the distance, then turned to Zhang Shen and said.

"You come with me."

After a while.

They came to a tall fruit tree.

This is Zhang Yuhe, the Yunling Fairy Fruit Tree transplanted from the Chaos Continent.

Yunling Fairy Fruit has a very strong improvement effect on the cultivation of Golden Immortal monks.

An ordinary Golden Immortal cultivator only needs to eat ten Spirit-Enriching Immortal Fruits.

You can directly improve a small realm.

At the beginning, he also relied on the Yunling Fairy Fruit to directly ascend to two minor realms.

Otherwise.

He would not be promoted to Taiyi Immortal Lord so quickly.

Zhang Yuhe took out the Zhangtian bottle and placed it on a stone pier in front of him.

Then he stepped aside and waited quietly.

See this situation.

Zhang Shen asked curiously.

"Sir, what is this bottle for?"

Zhang Yuhe said with a smile.

"This thing is called the Heaven Palm Vase. Is it a top-grade time artifact?"

"The Heaven Palm Vase can condense a drop of Nine Heavens Immortal Dew every day."

"A drop of Nine Heavens Immortal Dew can accelerate the growth time of the elixir for ten thousand years."

"Is it really that powerful? Is there such a heaven-defying treasure in the world?"

Hearing this, Zhang Shen was completely stunned.

A drop of Nine Heavens Immortal Dew can enhance the elixir and take ten thousand years to grow.

The Heaven Palm Vase can condense a drop of Nine Heavens Immortal Dew every day.

Doesn't that mean.

If you use this jade bottle neck to cultivate elixir.

One day can be used as ten thousand years.

This is too exaggerated.

Looking at Zhang Shen's expression of disbelief.

Zhang Yuhe said lightly.

"Just wait, we'll find out if we try it tomorrow."

His understanding of the efficacy of Palm Heaven Bottle was only based on the introduction on the drawing.

What is the specific effect?

It remains to be tested.

But Zhang Yuhe believed it.

The function of this Heaven Palm Bottle will definitely not be worse than what is stated on the drawing.

He was full of confidence in the immortal weapon he had refined with his own hands.

...

Chapter 337 One day and ten thousand years

Zhang Yuhe placed the Palm Sky Vase on the stone pier in front of him, and then waited quietly.

He also wanted to see if the Heaven Palm Vase could condense Nine Heavens Immortal Dew.

Are the condensed Nine Heavens Immortal Dew as magical as the description says?

Is it true that a drop of Nine Heavens Immortal Dew can accelerate the growth of the elixir for ten thousand years?

His understanding of the Heaven Palm Vase comes entirely from the descriptions on the drawings.

Although he is very confident in his weapon refining level.

But what is the actual effect of Zhangtian Bottle?

You still need to verify it before you know.

Anyway, just one day.

He was not in a hurry.

As for saying.

Nangong Tianming is still waiting for him at Yingke Peak.

But what does that matter?

Nangong Tianming has been waiting for ten years.

It won't take more than a day or two.

Time passed quickly.

Wait until the next day.

Zhang Yuhe picked up the Zhangtian bottle and shook it gently a few times.

I could only hear bursts of ethereal sounds coming from the Palm Sky Bottle.

He glanced into the bottle.

I saw that there was a drop of crystal dew in the Zhangtian bottle at this time.

See this situation.

Zhang Yuhe couldn't help but smile.

He muttered to himself.

"Is this the Nine Heavens Immortal Dew?"

"Let me try the effect of these fairy dew. How do you think they are?"

Think of this.

Zhang Yuhe picked up the Palm Sky Vase and quickly came to the Yunling Immortal Fruit Tree.

At this time, the Yunling Fairy fruit tree was already covered with some small fruits as big as a thumb.

There are hundreds of these small fruits.

But his last time, before the transplant.

I have already picked a batch of fairy fruits.

in recent years.

Section 419

Under the careful care of Zhang Shen.

This Yunling Fairy Fruit Tree is bearing fruit again.

It's just that these fairy fruits are still far from fully mature.

The maturity period of Yunling Fairy Fruit takes more than 50 million years.

Normally.

It is completely impossible for the Golden Immortal monk to wait until the second batch of immortal fruits matures.

But Zhang Yuhe believed it.

After having the Palm Heaven Bottle.

He can produce these Spirit-Absorbing Immortal Fruits in batches.

With the blessing of Nine Heavens Immortal Dew.

The Yunling Immortal Fruit can grow at a rate of ten thousand years per day.

Fifty million years doesn't seem to be too long.

Zhang Yuhe came to the Yunling Fairy Fruit Tree.

A drop of crystal dew slowly dripped from the mouth of the bottle in the sky.

As the Nine Heavens Immortal Dew pours down.

The Yunling Fairy Fruit Tree exudes a faint luster.

After a while.

Zhang Yuhe discovered it.

The small fruits on the tree seemed to have grown in size in an instant.

See this situation.

Zhang Yuhe couldn't help but smile.

"The effect of Jiutian Jilu is really miraculous."

Zhang Shen, who was next to him, was completely stunned.

Zhang Shen is transformed from Ling Shen.

He has a natural sensitivity to the growth conditions of grass and fairy fruits.

As the dew pours down.

He discovered that the fruit on the tree had grown over ten thousand years in an instant.

The effect of these Nine Heavens Immortal Dew.

It seems to be better than what Zhang Yuhe said before.

A drop of fairy dew goes down.

The fairy fruit grew in an instant, taking fifteen thousand years.

Zhang Shen said excitedly.

"Sir, where did you get this treasure from? It's really amazing."

Zhang Yuhe smiled slightly and handed over the Palm Heaven Bottle in his hand.

Then he said calmly.

"This treasure will be handed over to you from now on. Priority will be given to ripening these Spirit-Absorbing Immortal Fruits."

"Yes, sir."

Zhang Shen took the Zhangtian bottle and was extremely excited.

Although the Heaven Palm Vase is a top-grade immortal weapon.

And Zhang Shen's cultivation level is only at the early stage of Golden Immortal.

Normally.

He cannot activate the high-grade immortal weapon.

But this Palm Heaven Vase is different.

The Sky Palm Vase is just an immortal tool that assists planting.

It does not require a monk to activate it.

You can condense the Nine Heavens Immortal Dew on your own.

Gather one drop of Nine Heavens Immortal Dew every day.

The Heaven Palm Vase can store a total of ten drops of fairy dew.

That is to say.

Zhang Shen only needs to use the Heavenly Palm Bottle to water the fairy grass and fairy fruit in the Wanling Diagram space every ten days.

The process is very simple.

There is no need for him to activate the Heaven Palm Bottle.

Not to mention Zhang Shen, he was still an early stage Golden Immortal.

In fact, even a mortal can do this job.

"Let's get here first today, and I'll leave this place to you from now on."

After finishing speaking.

Zhang Yuhe took a step forward, and his figure instantly disappeared from the space of the Wanling Diagram.

Return to the Weapon Refining Hall.

Zhang Yuhe felt extremely comfortable.

Now there is a Zhangtian bottle.

From now on, the Dao Sheng Sect will no longer have to worry about the fairy grass and elixir.

Wait until the Yunling Fairy Fruit ripens.

People like Li Tian and Wang Guofeng can quickly improve their cultivation.

Without spending a lot of time.

Slowly consumed in the golden fairyland.

This was also the reason why he asked Zhang Shen to give priority to this fruit tree.

Although there are many Golden Immortal monks from Dao Sheng Sect.

But the only one who can be considered a top Golden Immortal monk is Yu Liwei.

This cannot continue.

That's why he asked Zhang Shen to ripen the Yunling Fairy Fruit as soon as possible.

That way, the Dao Sheng Sect can quickly create a group of late-stage Golden Immortal and even Golden Immortal Perfection monks.

Zhang Yuhe stood up and slowly walked out of the weapon refining hall.

Lian Zhengyu flew over quickly.

He said to Zhang Yuhe.

"Sect Master, Senior Nangong is already at Yingke Peak and has been waiting for a long time."

Zhang Yuhe asked with a smile.

"Do you know Nangong Tianming, the purpose of this trip?"

Lian Zhengyu nodded, and then spoke slowly.

"Although Senior Nangong didn't say anything, I think there won't be anything else besides borrowing the Tribulation Array."

Zhang Yuhe nodded lightly.

It was pretty much what he guessed.

he said with a smile.

"Come on, let's go and take a look. It's time to meet her after waiting for so long."

At that time, Nangong Tianming was drinking tea quietly in a small pavilion on Yingke Peak.

Nangong Youxi was waiting behind him.

Since these ten years.

They have always stayed in Dao Sheng Sect and have never gone out.

But that doesn't mean they didn't do anything.

through this period of investigation.

The process of Zhang Yuhe's tribulation has gradually become clearer.

Although Dao Sheng Sect did not publicize it much.

But there was no deliberate attempt to keep it secret.

As long as you are willing to look it up.

Naturally, we can find out exactly what happened.

After all, the shocking vision at the beginning could not be deceived.

Plus.

Dao Shengzong blocked Galaxy Island in advance.

Combine these two situations.

What happened couldn't be clearer.

The person who overcame the tribulation in the first place must have been Zhang Yuhe.

Section 420

And the place where Zhang Yuhe passed the tribulation was on the Galaxy Island.

What is the Galaxy Island?

They knew it very well.

The Daosheng Sect's tribulation platform was set up on the Galaxy Island.

It's obvious.

This time, Zhang Yuhe still set up the tribulation formation on the Galaxy Island.

It's just different from before.

The previous tribulation platform.

It could only assist the True Immortal disciples to pass the Golden Immortal Tribulation.

But now the tribulation formation on the Galaxy Island.

It can assist the Golden Immortal cultivators to pass the Taiyi Tribulation.

Their previous guess was completely correct.

Zhang Yuhe must have set up a more advanced tribulation formation.

And it was on the Galaxy Island.

Otherwise.

He would never be able to pass the Taiyi Tribulation so easily.

After understanding the course of events clearly.

Nangong Tianming took Nangong Youxi and waited quietly on the Yingke Peak.

This was Nangong Youxi's chance to successfully ascend to the Taiyi Immortal Lord.

Even if they had to wait for a while, it was worth it.

They were not in a hurry at all.

In order to break through the Taiyi Immortal Lord, no matter how big the price is, someone is willing to pay.

Besides, it's just a matter of waiting a little longer.

...

Chapter 338: Innate Spiritual Materials for a Chance

Zhang Yuhe came to Yingke Peak.

After seeing Nangong Tianming.

He immediately walked up quickly and said with a slightly apologetic look on his face.

"Brother Nangong, I'm really sorry."

"I was at a critical moment in my cultivation before, and I couldn't split my body to meet you. I was really negligent."

Nangong Tianming stood up.

He smiled and said to Zhang Yuhe.

"Congratulations to Brother Zhang, you have successfully been promoted to Taiyi Immortal Lord, and from now on you will live forever and reach the peak of Taoism."

Zhang Yuhe responded modestly.

"Brother Dao is polite. I just succeeded by chance. I can't compare with you, who has been awe-inspiring in the fairyland for hundreds of millions of years."

After the two exchanged polite words, Nangong Youxi next to him shouted to Zhang Yuhe respectfully.

"Greetings to Yinhe Immortal Lord."

Zhang Yuhe glanced at Nangong Youxi, then smiled and said.

"I haven't seen you for many years. Fairy Youxi is full of perfection and full of energy."

"I think it won't be long before you can break through to Taiyi Immortal Lord."

Hearing this, Nangong Youxi was speechless.

What can I say.

She has been in the Golden Immortal Perfection for millions of years.

She has indeed reached the point where there is no more progress.

As long as there is a little opportunity.

She can break through to Taiyi Immortal Lord.

But the heavenly tribulation is difficult to overcome.

Otherwise.

Why are they still here.

Isn't Zhang Yuhe asking knowingly?

After everyone sat down in the pavilion.

Zhang Yuhe asked tentatively.

"I don't know why Brother Nangong is here."

"As long as there is something I can help with, please tell me directly."

Although he had already guessed that Nangong Tianming brought Nangong Youxi here.

Of course, it was to borrow the great tribulation formation on the Galaxy Island.

But he can't bring this up.

Otherwise.

Wouldn't it be a sign of showing off.

What else.

If he brought it up first.

When it comes to negotiating the price, he will be a little passive.

But the attitude must be made clear first.

As long as he can help, he is willing to help.

But he didn't say that he would help for free.

It costs money.

Zhang Yuhe's words were implicit.

Nangong Tianming naturally understood.

He picked up the teacup, took a sip, and then slowly spoke.

"I really need your help this time."

"Brother Dao, please tell me."

Nangong Tianming asked tentatively.

"I don't know if you used the power of the formation when you were overcoming the tribulation."

Zhang Yuhe nodded gently, and then said lightly.

"That's true."

"In order to ensure the success of the tribulation, the Daosheng Sect used the power of the entire sect to barely build a formation that can be used by Golden Immortal cultivators to overcome the Taiyi Heavenly Tribulation."

"If there is no such formation, I can't survive the heavenly tribulation."

Zhang Yuhe did not hide it.

Because it is completely unnecessary.

And it can't be hidden.

As long as he is willing, Nangong Tianming will naturally be able to find the great tribulation formation on the Galaxy Island.

Hearing Zhang Yuhe's confirmation.

Nangong Tianming asked solemnly.

"I wonder if the great tribulation formation is intact now and can still be used."

"Of course it can."

Zhang Yuhe nodded gently, and then responded lightly.

Hearing this, Nangong Tianming finally breathed a sigh of relief.

Although he had guessed it long ago.

But guesses are always just guesses.

Now he got confirmation from Zhang Yuhe.

He was relieved.

The question to consider now is.

How can Zhang Yuhe lend the great tribulation formation to Nangong Youxi for use?

Is it a question of spending blood or a coffin.

Nangong Tianming knows.

If he doesn't take out something that can satisfy Zhang Yuhe.

Daosheng Sect will definitely not lend the great tribulation formation to Nangong Youxi for use.

Scarcity makes things valuable.

In the entire South China Sea Fairyland, only the Daosheng Sect has built such a great formation for overcoming tribulations.
