Section 431

Zhang Yuhe can find an opportunity to destroy a level 3 Chaos Beast tribe.

Of course.

This is just his personal idea.

It is still difficult to realize it.

In fact, the best way.

It is still led by Wanxianmen, and all major forces will go out together to launch a counterattack against the Chaos Beast.

In that way, Zhang Yuhe can fish in troubled waters.

It is easy to destroy a level 3 Chaos Beast tribe.

But Wanxianmen's ideas will not be influenced by him.

He is not qualified to let Wanxianmen cooperate in the action.

So Zhang Yuhe thought.

Wait until the beast tide breaks out, and then find an opportunity to try.

In normal times.

Relying on the power of Daoshengzong alone.

There is no chance to destroy a level 3 Chaos Beast tribe.

Even if the Chaos Beast tribe is destroyed, they can't stop it.

Other Chaos Beasts will counterattack later.

Wait.

Anyway, it will be soon.

Zhang Yuhe picked up the teacup and drank it all, thinking silently in his heart.

...

Chapter 345 Qian Yuanjiang's Visit

Just as the two were still chatting.

Zhang Yuhe's expression suddenly changed.

"Hey, it seems that a friend is coming. I'll go out to greet him."

After saying this.

Zhang Yuhe took off into the air, his figure turned into a stream of light, and quickly flew out of the mountain gate.

Seeing this situation, Yu Liwei couldn't help but be stunned.

She also stood up, fully expanded her spiritual sense, and scanned the outside of the mountain gate.

As a result, no abnormality was found.

Yu Liwei's heart trembled, and she muttered to herself.

"How strong is the strength of the sect master?"

The person who could make Zhang Yuhe go out to greet him in person was naturally Taiyi Immortal Lord.

However, until now, she had not seen the other party's figure.

Zhang Yuhe could, while drinking tea and chatting.

He could also find someone approaching Daosheng Sect.

They were both Taiyi Immortal Lords, and they were both promoted not long ago.

Yu Liwei deeply felt the gap in strength between her and Zhang Yuhe.

Zhang Yuhe flew out of the mountain gate quickly and passed through Yunfei Island.

He soon appeared on the sea.

After flying for a while.

I saw a huge fairy ship passing by quickly from the horizon.

A figure stood at the front of the fairy ship.

It was Qian Yuanjiang from Wanxianmen.

Zhang Yuhe laughed loudly.

"What wind brought Brother Qian here?"

"Hahaha, I have nothing to do, so I came to see Brother Zhang."

Zhang Yuhe flew onto the fairy ship.

He naturally didn't believe that Qian Yuanjiang was real and came to see him when he had nothing to do.

Although Taiyi Xianjun had an unlimited lifespan, it was normal for him to travel everywhere.

But when he was just promoted to Taiyi Realm, Qian Yuanjiang had come once.

Now it's less than 30,000 years.

Qian Yuanjiang came to visit again.

If there was no important matter to discuss, that would be strange.

Zhang Yuhe boarded the fairy ship and said to Qian Yuanjiang with a smile.

"Let's go to my place and have a cup of tea together."

The fairy ship flew across the sky and soon landed on the top of Daosheng Peak.

Seeing Zhang Yuhe and Qian Yuanjiang coming.

Yu Liwei immediately stepped forward, bowed to Qian Yuanjiang, and then called softly.

"Meet Immortal Yuanjiang."

Qian Yuanjiang was stunned when he felt the breath of Yu Liwei.

If he remembered correctly, the last time he came here.

Yu Liwei was only in the Golden Immortal Realm.

How long has it been?

How come even Yu Liwei has been promoted to Taiyi Immortal Lord?

Is the Feng Shui of Daosheng Sect so powerful?

Can Taiyi Immortal break through at will?

Qian Yuanjiang quickly recovered.

He said to Zhang Yuhe with a smile.

"When did Fairy Mengqin break through to Taiyi Immortal Lord?"

"You didn't inform me in advance, brother Zhang, you are too rude."

Zhang Yuhe responded with a smile.

"Palace Master Yu has just broken through not long ago, and has not had time to inform all parties. I am really sorry."

After the three of them exchanged pleasantries, they sat down in the pavilion on the top of the mountain.

Zhang Yuhe picked up the teacup, took a sip, and then asked.

"Brother Qian, what is the matter with you coming here this time?"

Qian Yuanjiang put down the teacup.

After thinking for a while, he slowly said.

"I wonder if Brother Zhang is interested in building a fairy city in Chaos Continent recently?"

Hearing this, Zhang Yuhe was stunned.

Just now he was talking about this with Yu Liwei.

Why did Qian Yuanjiang mention the fairy city again?

Is there any explanation?

Thinking of this.

Zhang Yuhe asked Qian Yuanjiang.

"Brother Qian, what do you mean by this?"

Qian Yuanjiang stood up and spoke slowly.

"During the last beast tide, the Chaos Beasts successively broke through Xuanyin City and Xuanyang City."

"They captured a large number of cultivators, including Taiyi Immortal Lord who lost as many as eleven people."

"To be honest, if it weren't for Brother Zhang's rescue."

"I would have been taken by the Chaos Beasts to sacrifice to their Supreme True God."

"After this happened, the Wanshan Immortal King was extremely angry."

"Although the Wanshan Immortal King killed two king-level Chaos Beasts in succession afterwards."

"But this matter is not so easy to get over."

"The Wanshan Immortal King decided to launch a major counterattack against the Chaos Beasts before the next beast tide breaks out."

"We must give the Chaos Beast a severe lesson."

"According to the vision of Immortal King Wanshan."

"The goal of this counterattack is to wipe out all the surrounding small tribes."

"At least one or two level three Chaos Beast tribes must be wiped out."

Section 432

"It would be even better if we could take advantage of the opportunity to severely damage the Niulanshan tribe."

After listening to Qian Yuanjiang's narration, Zhang Yuhe fell into deep thought.

The Ten Thousand Immortals Sect launched a counterattack against the Chaos Beast, which was expected.

When facing a Chaos Beast, a monk cannot be passively beaten all the time.

If you suffer a loss, you have to fight back.

Otherwise.

How can the monks gain a foothold in the Chaos Continent?

You can hear it from Qian Yuanjiang's words.

This time Wanshan Immortal King made a big move.

He even wanted to find an opportunity to severely damage the Niulanshan tribe.

To know.

The strength of the Niulan Mountain Tribe far exceeds that of the Wanxian Sect.

It is even stronger than the entire South China Sea Immortal Territory.

After all, they are the more than twenty king-level chaos beasts.

Equivalent to more than twenty Daluo Immortal Kings.

There are only ten Daluo Immortal Kings in the entire South China Sea Immortal Domain.

Facing the Niulanshan tribe, Duoduo was at a disadvantage.

Of course.

The true comparison of strength cannot simply look at numbers.

The Great Luo Immortal King of the South China Sea Immortal Territory, in terms of individual strength.

It is much stronger than those king-level chaos beasts.

After all, Da Luo Immortal King is an old monster who has been practicing for countless billions of years.

Various powerful means emerge in endlessly.

When monks reach a higher level, their overall strength will be stronger than that of Chaos Beasts.

Last time, Wanshan Immortal King killed two king beasts in succession.

Moreover, they successfully intercepted and killed two king beasts at the edge of the Niulan Mountain tribe.

This shows how powerful the Immortal King of Wanshan is.

He alone can suppress less than half of the king-level chaos beasts in the Niulanshan tribe.

If we really want to fight.

The monks really may not necessarily suffer a loss.

Think of this.

Zhang Yuhe asked Qian Yuanjiang.

"I wonder if Brother Qian has any suggestions?"

Qian Yuanjiang thought for a while, and then said slowly.

"Now the Ten Thousand Immortals Sect is issuing summons orders to all major forces."

"It's just Brother Zhang, it hasn't been long since you were promoted to Taiyi Realm."

"So the recruitment order was not sent to Dao Sheng Sect."

"But I know that Brother Zhang, your strength is much stronger than the veteran Taiyi Immortals like us."

"So I suggest that if you don't have anything important to do, you might as well participate in this counterattack."

"At that time, we only need to wipe out one or two of the Level 3 Chaos Beast tribes."

"You, the Dao Sheng Sect, don't have to worry about running out of space to build a fairy city."

"Okay, since Brother Qian mentioned this, I have no reason not to participate."

"I wonder when the counterattack will be scheduled?"

Zhang Yuhe did not hesitate any longer.

This was the opportunity he had been waiting for.

If Wanxian Sect didn't take the lead, he really didn't know where to start.

Just right now.

Take advantage of this opportunity.

Capture a third-level Chaos Beast tribe and build the Tao Sheng Sect's own fairy city.

Hearing Zhang Yuhe's words, Qian Yuanjiang laughed loudly.

"Haha, I know Brother Zhang will definitely not miss this opportunity."

"Three years later, Wanshan Immortal King convened all parties to discuss matters in Wanxian City."

"Brother Zhang, remember to attend on time."

"Okay, three years later, I will definitely lead the sect's elite to the City of Ten Thousand Immortals."

The two continued chatting for a while.

Qian Yuanjiang stood up and left.

Zhang Yuhe sent him outside the mountain gate and fell into deep thought.

...

Chapter 346 Convocation

Wanxianmen launched a counterattack against the Chaos Beast.

Playing into Zhang Yuhe's hands.

Faced with such a good thing, how could he not participate?

As for Qian Yuanjiang, he actually understood the purpose of coming here this time.

Of course Qian Yuanjiang was not as simple as coming over and providing him with information.

Wanxianmen wants to launch a counterattack against the Chaos Beast.

Then it is necessary to integrate the power of its major forces.

All forces are required to send powerful forces to cooperate with the Wanxian Sect's actions.

Otherwise.

How much movement can the Wanxian Sect alone make?

It's just that all forces, although in name, are affiliated forces of Wanxian Sect.

But everyone has autonomy.

If Wanxian Sect wants to recruit people, it must be discussed in advance.

If there is no benefit, everyone may not cooperate.

Qian Yuanjiang said so much.

In fact, there is only one purpose.

That is to hope that Zhang Yuhe can participate in this counterattack.

As for the benefits, it is naturally the territory of the Chaos Beast.

At present, Dao Sheng Sect has not established its own fairy city in Chaos Continent.

Therefore, there is an urgent need for a suitable place to build a fairy city.

But getting a suitable piece of land is definitely not that easy.

If you don't make any effort.

Why would the territory that was conquered by others be given to him?

Only the territory you conquer with your own efforts will be yours.

It is impossible to rely on charity from others.

Think of this.

He turned back and said to Yu Liwei beside him.

"Master Yu, please summon everyone to the Galaxy Hall to discuss matters."

"Yes, Sect Master."

After a while.

One after another, figures quickly flew towards Dao Sheng Peak.

Zhang Yuhe sat at the head of the hall.

As the chief and deputy heads of each hall arrived one after another.

He spoke slowly.

"Today we have called everyone here to discuss an important matter."

As soon as Zhang Yuhe finished speaking, everyone said in unison.

"If the sect master has anything to say, please tell us. We will do our best."

Now Zhang Yuhe's reputation in the Daosheng Sect is at its peak.

Except for a few old people.

The elders and disciples in the sect have even forgotten the former founder Lu Yunfei.

Section 433

Many people even think so.

The current Sect Master Zhang is the founder of the Daosheng Sect.

In fact, they are right to think so.

The current Dao Sheng Sect is indeed not the same thing as the original Dao Sheng Sect.

Before Zhang Yuhe ascended to the immortal world.

Daosheng Sect is only one of the five major forces in Ji'an Sea Area.

Even among the five major forces, Dao Sheng Sect is actually the weakest.

Until Zhang Yuhe rose up and wiped out the Ouyang family and Qian family one after another.

Later, Yu Liwei from the Nine Immortals Sect and Long Xingxiu from the Ten Thousand Beasts Sect.

They each led the entire sect and joined the Tao Sheng Sect as a whole.

Today's Daosheng Sect is formed by the integration of three major forces.

The original Dao Sheng Sect was completely incomparable to what it is now.

After the integration of the three major forces.

Daosheng Sect developed rapidly.

Originally there were only about twenty Golden Immortal monks.

As of now, there are eight hundred golden immortals and tens of thousands of true immortal disciples.

It's a picture of a big power.

Especially in the past tens of thousands of years.

Zhang Yuhe and Yu Liwei were promoted to Taiyi Immortal Lord successively.

Such an achievement is enough for everyone to forget the past history.

Whether it is the original Nine Immortal Sect disciples or the Ten Thousand Beast Sect disciples.

They have long forgotten their previous sect.

Everyone only knows that they are now disciples of Daosheng Sect.

And everyone is happy.

I'm glad I made my choice.

If at the beginning, the whole group did not join Dao Sheng Sect.

How could they be here today?

Especially after Yu Liwei was successfully promoted to Taiyi Immortal Lord.

This made everyone more convinced that the original choice was the right one.

Those veteran Golden Immortal monks are even looking forward to it in their hearts.

Will they one day be like Yu Liwei?

Successfully promoted to Taiyi Immortal and embarked on the true path to immortality.

Everyone knows it.

All this was brought by Zhang Yuhe.

If there is no Zhang Yuhe.

Even if the three major forces were integrated, they would never develop so fast.

At most, it's just a little stronger than before.

Therefore, everyone sincerely respects Zhang Yuhe.

As long as Zhang Yuhe speaks, everyone is obliged to do so.

Zhang Yuhe glanced around and nodded gently.

he said with a smile.

"I know that everyone hopes that our Dao Sheng Sect can establish our own fairy city in Chaos Continent as soon as possible."

"It's just that the opportunity was not ripe before, so I didn't agree with it."

"My idea is, if you want to do it, do it bigger."

"Building a small acropolis would be boring."

"If we want to build, we will build a royal city, or even directly build a royal city."

"I believe that with the current strength of our Dao Sheng Sect, it is not a problem at all to build a monarch-level immortal city and hold it permanently."

"The only thing you need to do is wait for the opportunity."

"Now's your chance."

"Just now, Immortal Lord Qian Yuanjiang of Wanxian Sect brought an important message."

"The Ten Thousand Immortals Sect will launch a counterattack against the Chaos Beasts in three years."

"All major forces will participate then."

"This is our chance."

"As long as we can, we can wipe out a third-level Chaos Beast tribe."

"There is enough land to build a king-level fairy city."

As soon as Zhang Yuhe finished speaking, the scene was filled with excitement.

"Haha, are we finally going to make a big move? After I broke through to the Golden Fairyland, I haven't really made any moves yet."

"I must seize the opportunity this time and find a few chaos beasts to kill."

"Yes, yes, I haven't touched it for many years."

"I stay in seclusion in the sect every day, and I feel like my whole body is going to be useless, hehe."

"Are you content with that?"

"Everyone is able to stay in seclusion within the sect all the time, not because the sect master provides everyone with enough cultivation resources."

"If you don't have the resources, I'll see if you can sit still."

"Hehe, that's true."

...

I saw everyone having a heated discussion.

Zhang Yuhe stretched out his hand and pressed it slightly, and the scene instantly became quiet.

He continued to speak.

"I decided to summon 500 Golden Immortal elders and 10,000 True Immortal disciples."

"Three years later, come with me to the Chaos Continent."

"The master of the palace will lead the remaining personnel and stay behind to guard the sect."

"Okay, let's go down and make arrangements."

"Yes, Sect Master."

Everyone walked out of the Galaxy Hall excitedly.

If the Dao Sheng Sect could build a monarch-level immortal city in the Chaos Continent.

That will surely be a legacy for eternity.

As long as the protection is effective, almost any monarch-level fairy city can be passed down forever.

But everyone understands it.

Building a monarch-level fairy city is not that easy.

I want to find a resource point that can continuously produce rare items.

It is indeed very difficult.

Because that would require annihilating an entire tribe of level three Chaos Beasts.

The third level chaos beast tribe is not that easy to deal with.

Those are all controlled by Chaos Beasts with seven stars or above. The most important thing is that these tribes have backers behind them.

They really need it and make good preparations.

This is the first major action after the merger of Daosheng Sect.

They don't want to tip over.

If that's the case.

Even if he lost his life, it was still a small matter.

It would be bad if it affected the sect leader's plan.

...

Chapter 347 Return to Tiangong City

The chief and deputy heads of each hall, after walking out of the Galaxy Hall.

They all started to take action.

Some of them are responsible for gathering manpower, and some are responsible for preparing supplies.

It is naturally impossible that there are millions of people in Daosheng Sect. All of them are concentrated in the sect to practice.

A large number of elders and disciples are distributed throughout the Ji'an sea area.

According to Zhang Yuhe's request.

They need to summon 500 Golden Immortal elders and 10,000 True Immortal disciples.

Section 434

Such a major operation cannot be done rashly.

It is easy to say about the Golden Immortal Elders.

Dao Sheng Sect has only more than 800 Golden Immortal Elders in total.

According to their cultivation and magical powers, 500 can be selected.

But it is a bit difficult to choose the True Immortal disciples.

It is not that there are not enough people, but that there are too many people.

That is why it is difficult to choose.

There are more than 100,000 True Immortal disciples in Dao Sheng Sect.

Everyone wants to follow the Sect Master to go to the Chaos Continent to mix some experience.

So who to choose and who not to choose are all issues that need to be considered.

There is also the preparation of supplies.

Although the monks do not need to eat.

But they also need supplies.

For example, various healing and recovery elixirs.

There are also various disposable talismans, immortal-killing cannons and the like.

All need to be prepared.

In addition.

After the personnel are gathered, they must undergo some running-in training.

Fighting against Chaos Beasts is different from fighting against monks.

That kind of large-scale battlefield.

If there is no cooperation.

It is easy to cause trouble.

The most important thing is.

The Daosheng Sect is developing too fast.

Many True Immortal disciples in the sect, and even some Golden Immortal elders.

Because their cultivation is improving too fast.

They have not yet had the experience of going to the Chaos Continent.

They have never faced Chaos Beasts.

If they don't undergo some training, they will die.

Chaos Beasts are not that easy to deal with.

With Zhang Yuhe's order.

The Daosheng Sect began to get busy quickly.

...

Three years later.

A huge flying boat flew over the sea, flying quickly towards Ji'an Market.

After careful preparations by various halls.

Five hundred Golden Immortal elders and ten thousand True Immortal disciples quickly gathered in order.

Zhang Yuhe and Yu Liwei stood at the front of the flying boat.

For this operation.

The Daosheng Sect's elite troops were all out.

The two Taiyi Immortal Lords also went out together.

As for the remaining forces, only Lian Zhengyu, a group of Golden Immortal elders, were left.

But it doesn't matter.

The South Sea Fairyland is peaceful now, and there is no sign of chaos.

What's more.

The Ji'an Sea is remote, and there will be no disputes.

Just a few Golden Immortal Elders are enough to control the situation.

There are more than 300 Golden Immortal Elders in the sect now.

It's more than enough to protect the sect.

To be honest.

Although Zhang Yuhe brought more than 10,000 people this time, and even brought Yu Liwei with him.

But he didn't expect these people to play a big role in the battle.

In Zhang Yuhe's view.

He alone is enough to wipe out any third-level chaos beast tribe.

As long as there are no king-level chaos beasts.

Other chaos beasts, no matter how many there are.

That's just to deliver food to him.

But he can conquer the territory by himself.

But defending the territory is not possible.

When it comes to building the fairy city, a large number of people will be needed.

And the Daosheng Sect has been peaceful for a long time.

It is also necessary to pull the disciples of the sect out for some training.

Otherwise.

These people will probably become a bunch of useless people who only know how to take drugs.

The flying boat flew quickly all the way and soon arrived at Ji'an Market.

Through the teleportation array in the market.

Zhang Yuhe and his party were quickly teleported to Tiangong Market.

Seeing Zhang Yuhe coming.

Nangong Tianming quickly stepped forward and said enthusiastically.

"Master Zhang, you are finally here."

Zhang Yuhe bowed and responded a little embarrassedly.

"Is it delayed on the road for some time? Did you make Tianming Xianjun wait for a long time?"

"Shall we set off now?"

"Okay."

Behind Nangong Tianming, a group of blue-clothed disciples quickly walked onto the teleportation array.

With a flash of light.

They were instantly teleported to Tiangong City.

This is the base camp of the Nangong Immortal Clan in the Chaos Continent.

After walking out of the teleportation hall.

Nangong Tianming said to Zhang Yuhe.

"The meeting of Wanxianmen will be held in ten days. Sect Master Zhang will rest in the city for a few days. Then we will go to Wanxian City together."

"Okay, then I will disturb Tianming Xianjun for a while."

"No, no. It is our honor that Sect Master Zhang can come to Tiangong City."

After a pause, Nangong Tianming continued.

"I wonder if Sect Master Zhang is free to have a cup of tea at my house."

Zhang Yuhe thought for a while. He knew that Nangong Tianming should have something to say.

Thinking of this.

He said to Yu Liwei.

"Palace Master Yu, take everyone down to settle down and rest first. I will go there later."

"Yes, Sect Master."

Yu Liwei bowed her hands and saluted, then took everyone away.

Although Daosheng Sect has not yet established its own fairy city in Chaos Continent.

But they have their own industries in various fairy cities.

Tiangong City is an important connection point.

Daosheng Sect has purchased many manors here.

It was more than enough to accommodate more than 10,000 people.

After watching Yu Liwei lead everyone away.

Zhang Yuhe followed Nangong Tianming to a magnificent hall in the city.

After the two sat down.

Nangong Tianming asked Zhang Yuhe.

Section 435

"I wonder what Sect Master Zhang thinks of Wanxian Sect's counterattack this time?"

Zhang Yuhe thought for a while, then slowly spoke.

"It shouldn't be anything special. It's just that the Wanxian Sect suffered a loss during the last beast wave."

"This time we have to get the place back."

Nangong Tianming shook his head and said with a smile.

"This time is not ordinary."

"The Immortal King of Wanshan may have a big plan."

"The Immortal King of Wanshan's targets are not just the peripheral Chaos Beast tribes."

"How can we use such a large array to deal with just a few peripheral tribes?"

"As long as the Wanxian Sect gives the order, everyone will rush forward."

"After all, this is an opportunity to gain ground, and no one wants to fall behind."

Hearing this, Zhang Yuhe nodded silently.

Of course he knows.

The target of Wanshan Immortal King will not be as simple as those third-level tribes.

If that's the case.

At the end of the last beast wave.

Those third-level tribes were wiped out by the Wanxian Sect.

How can we wait until now?

Think of this.

Zhang Yuhe asked Nangong Tianming.

"I wonder what Immortal Lord Tianming thinks the goal of Immortal King Wanshan is?"

Nangong Tianming said with a smile.

"I heard from people that the target of the Wanshan Immortal King this time is the king-level chaos beast of the Niulan Mountain tribe."

"The Immortal King of Wanshan intends to lure out the king beast of the Niulanshan tribe."

"Then kill a few of them in one fell swoop and take the opportunity to weaken the Niulanshan tribe."

"To be honest, the strength of the Niulanshan tribe is indeed too strong."

"More than twenty king-level chaos beasts, this is a huge force."

"Every time the beast tide breaks out, Wanxian Sect is always exhausted to deal with it."

"Last time I was accidentally attacked by a few king beasts."

"It led to the fall of Xuanyin City and Xuanyang City, resulting in heavy losses."

"Wanshan Immortal King wants to kill several king-level chaos beasts through this operation."

"This will reduce the pressure faced by the beast tide in the future."

After hearing Nangong Tianming's narration, Zhang Yuhe nodded silently.

He also felt that Nangong Tianming's guess was correct.

...

Chapter 348 Nangong Tianming's Thoughts

Zhang Yuhe felt that Nangong Tianming's idea was very correct.

Naturally, the target of Wanshan Immortal King cannot be those third-level chaos beast tribes.

Standing at different levels, you will naturally look at the problem differently.

Standing from the perspective of the Immortal King of Wanshan.

He would not take the mere third-level Chaos Beast Tribe seriously.

No matter how many third-level tribes there are, they cannot pose a threat to Wanxian Sect.

Only king-level chaos beasts can arouse the interest of the Immortal King of Ten Thousand Mountains.

King-level chaos beasts are powerful.

Every time a king-level chaos beast appears, for the king-level fairy city.

Those are disasters.

There are more than twenty king-level chaos beasts in the entire Niulan Mountain tribe.

Once these king-level chaos beasts fully press towards the Ten Thousand Immortals Sect.

They really can't stand it.

In addition to guarding the Ten Thousand Immortal City, they could not defend any of the other monarch-level immortal cities.

That's why Immortal King Wanshan was thinking about how to weaken the Niulanshan tribe.

If you can kill a few of them, they will be the king-level chaos beasts of the Niulan Mountain tribe.

Then in the future beast tide, Wanxianmen will be much more relaxed.

Perhaps this is the original intention of Wanshan Immortal King.

But these have nothing to do with Zhang Yuhe.

The King-level Chaos Beast is naturally left to the Great Luo Immortal King to deal with.

He only needs to clean up those Chaos Beasts below nine stars.

This is not too difficult for him.

Think of this.

He smiled and said to Nangong Tianming.

"Xianjun Tianming thinks too far."

"No matter what the goal of Immortal King Wanshan is, we just need to do our own thing well."

"For us, as long as we wipe out one level three Chaos Beast tribe, it will be a big gain."

Hear this.

Nangong Tianming said with a smile.

"Sect Master Zhang is right, I think too much."

"The king-level chaos beast is still too far away from us, and it is not something we can deal with."

"We just need to do our own thing well."

Speaking of which.

Nangong Tianming paused for a moment, and then continued to ask Zhang Yuhe.

"I wonder what Sect Leader Zhang's goals are this time?"

"Your Taoist Sect has not yet established a fairy city in the Chaos Continent."

"I think Sect Master Zhang's goal is to directly build a monarch-level fairy city, right?"

"I wonder which Chaos Beast tribe you want to target, Sect Master Zhang?"

Faced with Nangong Tianming's question, Zhang Yuhe did not answer directly.

Instead he asked rhetorically.

"Isn't Immortal Lord Tianming planning something?"

"Mingsha Ridge is not far from Tiangong City. Does Tianming Immortal Lord plan to take Mingsha Ridge and build a second monarch-level fairy city?"

Hearing this, Nangong Tianming responded helplessly.

"Sect Leader Zhang thinks highly of me."

"I do want to pull out Mingsha Ridge."

"They are really too close to Tiangong City."

"Every time a beast outbreak breaks out, we need to face huge pressure."

"With the strength of the Nangong Immortal Clan, it is already very good to be able to defend Tiangong City."

"I don't dare to think about Mingsha Ling."

"That's hundreds of chaos beasts with seven stars or above."

"I think apart from the Wanxian Sect, only you, Sect Master Zhang, have the strength to wipe out Mingsha Ridge, right?"

Nangong Tianming is very optimistic about Zhang Yuhe's strength.

The Supreme Tianjiao is invincible in the same level, this is not a joke.

In the long history of the fairy world.

This is a truth that has been verified many times.

Zhang Yuhe is a Tianjiao who has comprehended the Supreme Law.

When he was in the Golden Fairyland, he could kill the Seven-Star Chaos Beast.

Nangong Tianming thought.

Now Zhang Yuhe has been promoted to Taiyi Immortal Lord.

Maybe he can wipe out the group of Chaos Beasts in Mingsha Ridge that gave him a headache.

He called Zhang Yuhe over this time.

The other reason is to let Zhang Yuhe set his goal on Mingsha Ridge.

If Zhang Yuhe can really solve Mingsha Ridge smoothly.

Section 436

That is to help their Nangong Immortal Clan get rid of a serious trouble.

From now on.

They will face much less pressure from the beast tide.

Hearing this, Zhang Yuhe was slightly startled.

He originally thought.

Nangong Tianming also wanted to take advantage of Mingsha Ridge.

Although the strength of the Nangong Immortal Clan is not enough to wipe out Mingsha Ridge.

But Nangong Tianming, as the veteran Taiyi Immortal Lord.

Who knows if he has any powerful trump cards?

Now it seems that he is overthinking.

Nangong Tianming just hoped that he could take action and deal with the Mingshaling tribe.

This was used to reduce the defensive pressure on Tiangong City.

But that doesn't matter.

Because Zhang Yuhe's target was originally locked on Mingsha Ridge.

As long as no one robs him.

Then Mingsha Ridge will be destroyed.

Then let's see if it's suitable for building a fairy city there.

If his goals conflict with others.

Then just change the target.

Anyway, there are so many third-level tribes in Chaos Continent.

Just find any unlucky guy to start with.

He's not picky either.

No matter which third-level tribe it is.

For Zhang Yuhe, there is not much difference.

He just took a fancy to the resource points around the Chaos Beast Tribe.

As for the strength of the Chaos Beast Tribe, he didn't take it seriously at all.

Again.

As long as there are no king-level chaos beasts, they can be killed casually.

Think of this.

Zhang Yuhe thought for a while, then slowly spoke.

"I really want to set my target on Mingsha Ridge."

"I just don't know if there are suitable mineral veins or other resource output there."

Having said this, Zhang Yuhe paused for a moment, and then asked Nangong Tianming.

"The Immortal Lord Tianming has been dealing with the Mingsha Ridge tribe for so many years."

"Do you know if there are any special outputs there?"

Nangong Tianming shook his head, and then said helplessly.

"I really don't know this."

"To be honest, I have been fighting against the Chaos Beasts of Mingsha Ridge for hundreds of millions of years."

"But I really don't know what output there is."

"I once sent disciples from the clan to try to sneak into Mingsha Ridge to investigate."

"But every time the manpower sent out, they basically never come back."

"Even if someone returns by chance occasionally, they won't be able to find out any valuable information."

Hearing this, Zhang Yuhe nodded gently.

In fact, this is normal.

If Nangong Tianming really found any particularly precious resources in Mingsha Ridge.

Then Mingsha Ridge will not be left until now.

Even the strength of the Nangong Immortal Clan is not enough to solve Mingsha Ridge.

Then they can also find others to cooperate.

As long as there are precious resources.

Naturally, someone will be willing to take action.

For example, Wanxianmen.

As long as Wanxianmen is willing to take action.

The mere Mingsha Ridge tribe can be destroyed with a flip of the hand.

It's just that I'm not sure now what resources are there.

That's why no one is willing to take action.

to be honest.

There are so many Chaos Beast tribes.

Not every tribe will have precious resources around it.

There will indeed be things.

But generally common resources are not worth everyone's money.

In fact, Zhang Yuhe had no idea in his heart.

He's been thinking about it.

If nothing is found after clearing Mingsha Ridge, it is a particularly precious resource.

Then wouldn't he have to find another target?

Think of this.

He couldn't help but have a headache.

It's difficult.

Maybe he was too demanding.

As long as others have a third-level fairy mine, they can build a king-level fairy city.

After all, third-level fairy mines are all materials that can be used to refine high-grade fairy weapons.

Even the most common third-level fairy mine is equally precious.

But Zhang Yuhe's goal is higher.

He wanted to find a more special resource point.

For example, the Nine Flame Immortal Crystal is used to refine the mid-grade Immortal-Destroying Cannon, or even the Red Cloud Immortal Jade is used to refine the high-grade Immortal-Destroying Cannon.

If such precious mineral veins could be found, it would be a great development.

But he just wanted to think about it.

This requires luck.

And it requires incredible luck.

"Forget it, just let it go and conquer Mingsha Ridge first."

Zhang Yuhe thought silently in his heart.

...

Chapter 349 Wanshan Immortal King

I heard that Zhang Yuhe had indeed set his target at Mingsha Ridge.

Nangong Tianming couldn't help but feel happy.

he knows.

As long as Zhang Yuhe is willing to take action, solving Mingsha Ridge will definitely not be a problem.

And this time, there is the Immortal King of Ten Thousand Mountains sitting behind.

They don't have to worry about counterattack from the Niulanshan tribe.

Only Zhang Yuhe could wipe out the Mingshaling tribe.

That is to help their Nangong Immortal Clan solve a serious problem.

Think of this.

Nangong Tianming asked excitedly.

"Does Sect Leader Zhang need any help from us?"

"As long as we can deal with the chaos beasts in Mingsha Ridge, if Sect Master Zhang needs anything, please feel free to ask for it."

Zhang Yuhe smiled lightly.

"It's too early to say that."

"We don't know yet whether other forces are targeting Mingsha Ridge."

Hear this.

Nangong Tianming said with a smile.

Section 437

"Sect Master Zhang, please rest assured."

"I know those old guys very well. None of them would be willing to come and chew on the hard bones of Mingsha Ridge."

"Even if the Wanxian Sect gives the order, they will just deal with it."

Zhang Yuhe nodded lightly.

that's the truth.

The Chaos Beast in Mingsha Ridge is really too strong.

Even if all the forces under the Wanxian Sect unite.

They may not be able to do it.

Unless Wanxianmen himself is willing to take action.

If you want those big forces to attack Mingsha Ridge, don't even think about it.

No one would do such a thankless thing.

After all, in addition to Mingsha Ridge, there are many third-level tribes to choose from.

There is absolutely no need for them to bite this hard nut.

Zhang Yuhe didn't care.

for him.

Whoever you hit is a hit.

Without knowing what resources those Chaos Beast tribes have.

Everyone seems to be opening a blind box.

Zhang Yuhe only hopes that the blind box he opens will have good resources.

As for the blind box, is it difficult to open it?

He didn't care at all.

Just one set of sword formations is enough.

No matter how strong the Chaos Beast Tribe is, they all have to lie down for him.

Unless there is a king-level chaos beast.

But obviously.

it's out of the question.

Tribes with king-level chaos beasts are all level four tribes.

He had no interest in provoking either.

Thinking of this, Zhang Yuhe said lightly.

"It's better to wait for us to go to Ten Thousand Immortals City and see the arrangements of Ten Thousand Immortals Sect."

"If there are no accidents, let's do the surgery at Mingsha Ridge."

"Okay, then it's settled."

The two continued chatting for a while, and then Zhang Yuhe left the hall.

Walk to the streets of Tiangongtian.

Looking at the prosperous scene in the city.

Zhang Yuhe couldn't help but feel a little envious.

The Nangong Immortal Clan has been operating in the Chaos Continent for hundreds of millions of years.

Tiangong City has long been managed into a blessed place for cultivation.

Except for the Nangong Immortal Clan and his own people.

There are also countless monks from outside who have settled in Tiangong City.

The major forces also moved the Chamber of Commerce to Tiangong City.

Even the Economic and Trade Hall of their Dao Sheng Sect.

Many branches have also been opened in Tiangong City.

Looking at the prosperous scene in Tiangong City.

Zhang Yuhe strengthened his idea.

It's time for them to build a fairy city of their own.

And it needs to be built even more spectacularly and prosperously than Tiangong City.

He walked quickly outside a manor.

Yu Liwei walked out of the manor.

She asked Zhang Yuhe.

"Sect Master, have you heard any news? Does Tianming Immortal Lord have any thoughts on this counterattack of Wanxian Sect?"

Zhang Yuhe said with a smile.

"No valuable news."

"The Immortal Lord Tianming just wants us to help him wipe out the Mingsha Ridge tribe."

Hearing this, Yu Liwei couldn't help but frown slightly.

"The sect leader didn't agree, did he?"

"The Mingsha Ridge tribe is not easy to deal with. There are at least hundreds of Chaos beasts there, seven stars and above."

Zhang Yuhe waved his hand and responded calmly.

"The Chaos Beast is not a problem, it's just that I don't know if there are any suitable resource points in Mingsha Ridge?"

"I hope we won't work in vain, right?"

Seeing Zhang Yuhe being so confident, Yu Liwei did not persuade him.

to be honest.

She also didn't know how strong Zhang Yuhe was now.

Her understanding of Zhang Yuhe's strength.

It's still the same as the last beast wave.

At that time, Zhang Yuhe's cultivation was still in the late Golden Immortal stage.

Now Zhang Yuhe has broken through to Taiyi Immortal Lord.

Moreover, it is still in Taiyi Realm and has been settling for nearly 30,000 years.

The strength is definitely not comparable to the original.

Back then, Zhang Yuhe was able to kill the seven-star chaos beast.

Yu Li thought slightly.

Now Zhang Yuhe should be able to beat the Nine-Star Chaos Beast to death.

Although the number of chaos beasts in Mingsha Ridge is indeed very large.

But Zhang Yuhe's terrifying sword formation was still fresh in her memory.

If that sword formation can also improve with Zhang Yuhe's cultivation.

So those chaotic beasts in Mingsha Ridge are indeed nothing to worry about.

...

Ten days later.

Zhang Yuhe and Nangong Tianming teleported to Ten Thousand Immortals City through the teleportation array.

Qian Yuanjiang stood next to the teleportation array.

See them coming.

Qian Yuanjiang shouted loudly.

"Brother Nangong Dao, brother Zhang, you are finally here."

Zhang Yuhe asked with a smile.

"Brother Qian, have everyone else arrived already?"

"Almost everyone is here."

"You come with me and go to see the Immortal King of Ten Thousand Mountains together."

Hearing this, Zhang Yuhe couldn't help but feel a chill in his heart.

The name of Wanshan Immortal King is like thunder.

During the last beast wave.

The Wanshan Immortal King killed two king-level chaos beasts alone.

And that time in Taixu Secret Realm.

If it weren't for Wanshan Immortal King, he could repel Long Yuanguang of the Divine Beast Sect.

He may have gone to hide somewhere long ago.

How dare you walk around so openly?

Talk about it.

Immortal King Wanshan is still his savior.

At least it helped him solve a big trouble.

Otherwise.

The last time he walked out of Taixu Secret Realm.

Section 438

It is very likely that he will be blocked by Long Yuanguang.

If that's the case.

That's GG.

Under the leadership of Qian Yuanjiang.

Zhang Yuhe and Nangong Tianming soon arrived outside a main hall.

The three of them walked into the hall.

Zhang Yuhe looked around.

At this time, more than ten people were already in the hall.

And these people are all Taiyi Immortal Lord.

I guess it should be from the heads of major forces.

Zhang Yuhe raised his head and looked ahead.

I saw it at the top of the hall.

Sitting there was a handsome young man.

The three of them immediately shouted respectfully.

"Meet the Immortal King of Ten Thousand Mountains."

This person is the sect leader of Wanxian Sect, Wanshan Immortal King.

The Immortal King of Wanshan has practiced Taoism for countless millions of years, but his appearance is as delicate and graceful as that of a young man.

If you haven't seen the portrait before.

Zhang Yuhe couldn't believe it.

The famous Immortal King of Wanshan actually looks like a young man.

However, Immortal King Da Luo has already surpassed the limitation of longevity.

As for the appearance, it can be changed at will.

In the world of monks.

Both men and women.

No one would judge a book by its appearance.

If you only judge a person based on his appearance.

It will definitely fail.

...

Chapter 350 Chaos Beast Tribe Distribution Map

Wanshan Immortal King sat at the head of the hall and nodded gently towards the three of them.

He turned to look at Zhang Yuhe, and then said lightly.

"You are very good."

Zhang Yuhe was a little baffled by these words.

He didn't know what Wanshan Immortal King was referring to.

Is it because he has good strength, or is it something else?

It shouldn't be about strength, right?

In terms of strength.

In the eyes of Wanshan Immortal King.

What does he, the newly promoted Taiyi Immortal Lord, count for?

Zhang Yuhe thought.

Immortal King Wanshan's words may refer to other aspects.

But no matter what Ten Thousand Immortal King meant by his words.

It was not convenient for him to answer the phone.

The three of them bowed and saluted the Wanshan Immortal King.

Then he stepped aside.

After a while.

Two more people entered the hall.

Zhang Yuhe looked around.

I saw sixteen Taiyi Immortal Lords gathered in the main hall at this time.

Except for Qian Yuanjiang, who was originally from the Wanxian Sect.

All the others are from the leaders of the major forces under the Wanxian Sect.

Zhang Yuhe looked at everyone in turn.

Although he has never dealt with these people.

But he had seen portraits of these people before.

After all, these people are all veteran immortals of Nangong Immortal Domain.

Zhang Yuhe naturally did his homework in advance.

It's not that bad, I don't even know anyone.

He looked at everyone in turn.

There are Biyun Immortal Lord from Biyun Sect, Hongyue Immortal Lord from Hongyue Sect, etc.

Together with Dao Sheng Sect.

There are a total of fifteen major forces attached to the Wanxian Sect.

These big forces are all under the command of Immortal Lord Taiyi.

But as far as Zhang Yuhe knows.

The strength of the major forces is also uneven.

The weaker big forces only have one Taiyi Immortal Lord in charge.

Strong ones like Biyun Sect.

There are more than ten Taiyi Immortal Lords in the sect.

The strength cannot be underestimated.

Even the Ten Thousand Immortals Sect must deliberately win over them.

...

See everyone is here.

Immortal King Wanshan stood up.

He glanced at everyone, and then said calmly.

"You must already know the purpose of calling everyone here this time."

"As the Chaos Beasts become more powerful, the pressure on our fairy cities is also increasing."

"During the last beast wave."

"The Chaos Beasts from Niulan Mountain continuously attacked Xuanyin City and Xuanyang City."

"The King-level Immortal City was attacked by a Chaos Beast. This has not happened for many years."

"Moreover, two monarch-level fairy cities were continuously attacked."

"Although there are many reasons for this."

"But in the final analysis, the strength of the Chaos Beasts is much stronger than ours."

"The gap in strength is so great that every time a beast wave breaks out, there will inevitably be defensive failures."

"So we must find a way to weaken the Chaos Beast."

"Otherwise, things will continue like this for a long time."

"There is no place for us in the entire Chaos Continent."

Speaking of which.

Immortal King Wanshan paused for a moment.

His handsome face suddenly showed a solemn expression.

Immortal King Wanshan said solemnly.

"So I decided to launch a counterattack against the Chaos Beasts before the next beast tide comes."

"Clean up all the chaos beast tribes on the periphery."

Speaking of which.

Wanshan Immortal King waved his right hand.

A huge map slowly appeared in front of everyone.

On the map, dots are marked with different colors.

The white light spots represent the monk fairy city, and the green light spots represent the first-level chaos beast tribe.

Yellow indicates the second level Chaos Beast tribe.

Blue represents the third level tribe.

As for the fourth-level Chaos Beast tribe, it is marked in red.

Section 439

However, there is only one red light spot on the entire map.

That represents where the Niulanshan tribe is located.

Because the map displayed by Wanshan Immortal King only showed the chaotic tribes around Wanshan City.

As for the Chaos Beast tribe further away, it is not marked on the map.

Those Chaos Beast tribes that are too far away basically have nothing to do with them.

Unless a super war breaks out.

Otherwise.

Those tribal chaos beasts will not come here.

After all, Chaos Beasts don't know how to build teleportation arrays.

Migrating over long distances takes a long time.

Zhang Yuhe looked at the map.

I saw green light spots on the map so densely packed that I couldn't even count them.

However, although the number of these light spots is large, they are all first-level tribes.

No threat to them at all.

There are also many yellow light spots.

But no one paid attention to it.

The people who can come to this meeting are all Taiyi Immortal Lords.

And except Zhang Yuhe himself.

Everyone else is the veteran Taiyi Immortal Lord who has been practicing for at least hundreds of millions of years.

The Chaos Beasts of the second-level tribe cannot exceed six stars in strength.

Naturally, everyone will not take it seriously.

Relatively speaking, there are much fewer blue light spots.

There are only six places in total.

The blue light spots represent the third-level tribes, all of which are dominated by chaos beasts with seven stars or above.

The strength cannot be underestimated.

Zhang Yuhe knows.

These third-level tribes are the targets of their operation this time.

However, these third-level chaos beast tribes have strong and weak strengths.

The strongest tribe among them is Mingyue Mountain.

According to Zhang Yuhe's understanding.

There are more than a hundred chaos beasts in Mingyue Mountain, with seven stars and above.

Among them, there are more than five nine-star chaos beasts.

Mingyue Mountain is close to the territory of Wanxian Sect.

Every time there is a tide of beasts, it will bring a lot of pressure to the Wanxian Sect.

Zhang Yuhe thinks.

Immortal King Wanshan may want to completely eliminate Mingyue Mountain this time.

Apart from Mingyue Mountain, Mingsha Ridge is the strongest.

Talk about it.

The chaos beasts in Mingsha Ridge are not much weaker than those in Mingyue Mountain.

There are also hundreds of chaos beasts with seven stars and above in Mingsha Ridge.

But compared to Mingyue Mountain.

The number of nine-star chaos beasts in Mingsha Ridge is smaller.

According to the information provided by Nangong Tianming.

There are two in Mingsha Ridge, nine-star chaos beasts.

The other chaos beasts are all below nine stars.

As for the remaining four tribes of level three Chaos Beasts, they are not worth mentioning at all.

In these four third-level tribes, there are Taiyi realm chaos beasts with seven stars or above.

The number is around five to ten, and none of them have nine-star chaos beasts sitting around.

If you don't worry about the existence of Niulan Mountain behind you.

Several major forces nearby had already wiped out these chaos beast tribes.

How could they be allowed to remain until now.

Everyone looked at the map shown by Wanshan Immortal King.

They were all below, discussing something in low voices.

Everyone's words were quite exciting.

In their view.

This is an opportunity.

Not to mention Mingyue Mountain and Mingshan Ridge.

They couldn't chew these two hard bones.

But in the remaining four places, there are three levels of Chaos Beast tribes.

It's just fat.

No matter where they conquer, their mouths will be full of food.

Even if one family can't defeat it, several of them can join forces.

As for the final distribution of the results, we can slowly discuss it at that time.

The only thing that worries everyone is.

If they take action here, will the king beast of Niulan Mountain come to support them?

Although the Immortal King of Ten Thousand Mountains is in charge of this operation.

But there are not just one or two king-level chaos beasts in the Niulanshan tribe.

But there are more than twenty.

Once everyone takes action, there will be such a big movement.

The king-level chaos beasts of Niulan Mountain must not come out in full force.

Although the Wanshan Immortal King is indeed very strong.

But he alone can't stop so many king-level chaos beasts.

If Wanshan Immortal King cannot solve this problem.

Then everyone would definitely not dare to attack the Chaos Beast Tribe with all their hands and feet.

He didn't want to do it while he was sleeping.

A king-level chaos beast emerged from the breakthrough.

If that were the case, it would be a lot of fun.

...

Chapter 351 Assigning Goals

Wanshan Immortal King was sitting at the top of the hall, his face expressionless.

I heard everyone whispering below.

He naturally knows what these people are thinking.

If he can't, give a word of assurance.

Then after these people go back.

I guess it's just a matter of casual dealing.

It would definitely not be a true counterattack against the Chaos Beast Tribe.

For the Great Immortal Lord present.

Randomly ran over, a king-level chaos beast.

That's all a disaster.

King-level chaos beasts are powerful.

Even the top Immortal Lord Taiyi.

He didn't dare to say that he could escape with his life from the king-level chaos beast.

It's about everyone's own life.

They will naturally be cautious.

Don't look at everyone now, they all look excited.

But.

If the Immortal King of Ten Thousand Mountains cannot solve everyone's concerns.

Then they will calm down quickly.

Although fat meat is delicious, it is not as important as your own life.

Section 440

Those present are all Da Yi Immortal Lords, who have infinite lifespans.

They don't want to die.

Wanshan Immortal King felt like a bright mirror in his heart.

But he wasn't angry.

This is also human nature.

No matter how strong the Wanxian Sect is, it is impossible to force them to take risks.

The relationship between the major forces and the Ten Thousand Immortals Sect is at most dependent.

We have to discuss anything.

But fortunately, the target of Wanshan Immortal King has never been on those third-level tribes.

He's not that petty.

How big can those third-level tribes become?

As long as he wants.

He can wipe out all the Chaos Beast tribes around him by himself.

The real target of Wanshan Immortal King is the king-level chaos beast in Niulan Mountain.

There are simply too many king-level chaos beasts in Niulan Mountain.

They must be bled.

It would be better to draw out a group of king beasts and kill them.

Otherwise.

As time goes by, the strength of the Niulan Mountain tribe will only become stronger and stronger.

Just in case wait till someday.

The Niulan Mountain Tribe gave birth to a supreme-level Chaos Beast, which was very important to the Wanxian Sect.

What a disaster.

The idea of Wanshan Immortal King is very simple.

He wanted to use affiliated forces to attack the surrounding Chaos Beast tribes.

Finally, the king-level chaos beast of Niulan Mountain was brought out.

As for those king-level chaos beasts, after they came out.

Can he handle it?

About this question.

Immortal King Wanshan was not worried at all.

He had been preparing for this operation for a long time.

He's not alone.

Immortal King Wanshan also has helpers.

Think of this.

He stretched out his hand and pressed it slightly, and the scene instantly became quiet.

Wanshan Immortal King glanced at everyone, and he said calmly.

"Don't worry, everyone, in addition to us, Chaotian Palace will also take action at the same time this time."

"In addition, before this, I have already paid a visit to Tianxing Taoist Ancestor."

"The Heavenly Star Immortal Realm will send people to support our actions."

"Just relax and attack those Chaos Beast tribes."

"None of the king-level chaos beasts on the other side of Niulan Mountain can get through."

"And the Heavenly Star Dao Ancestor will also pay attention to the situation on our side at any time."

"To make sure there are no surprises."

As soon as Wanshan Immortal King finished speaking, the scene was instantly in an uproar.

No one expected it at all.

Wanshan Immortal King was actually able to invite helpers from the Tianxing Immortal Realm.

Even Tianxing Daozu himself will pay attention to the situation on their side.

Who is Tianxing Daozu?

In the South China Sea Immortal Realm, in the hearts of all monks.

The Heavenly Star Dao Ancestor is a god-like existence.

Although Tianxing Daozu did not come from the South China Sea Immortal Realm.

But he has always been protecting the safety of the South China Sea Immortal Territory.

over countless years of history.

The Heavenly Dao Ancestor has helped the South China Sea Immortal Territory to save the crisis many times.

If that's the case, then there's nothing to worry about.

There is Tianxing Taozu sitting in charge.

Not to mention those king-level chaos beasts in Niulan Mountain.

Even if a few noble-level chaos beasts come, they will never be able to cause trouble.

See how excited everyone is.

A smile finally appeared on the delicate face of Wanshan Immortal King.

He didn't lie.

for this operation.

He did make a special trip to Tianxing City and paid a visit to Tianxing Taoist Ancestor.

According to his request.

Tianxing Daozu sent his eldest disciple, Liuyue Immortal King, to assist in this operation.

It is precisely because of this.

Only the Immortal King of Wanshan will be confident.

Otherwise.

Just rely on him.

Naturally, it is impossible to intercept all the king-level chaos beasts in Niulan Mountain.

Now there is Immortal King Liuyue helping out.

In addition to Wanxian Sect and Chaotian Palace, there are four Immortal Kings.

With this power.

Immortal King Wanshan is not only confident that he can intercept all the king-level chaos beasts in Niulan Mountain.

He even thought about taking this opportunity to kill most of the king beasts.

But the premise for all this is to lure out those king-level chaos beasts first.

If he directly kills the Niulan Mountain tribe, he is not very sure.

After all, in addition to the king-level chaos beasts, there are also a large number of various chaos beasts there.

the most important is.

Once they go deep into the Niulanshan tribe, they may cause a chain reaction.

In case of this, the supreme Chaos Beast deep in the Chaos Continent.

That would be big trouble.

This was not the result he wanted to see.

So now the most important thing is.

How can we attract the king-level chaos beast in Niulan Mountain?

This requires affiliated forces to provide help.

Think of this.

Immortal King Wanshan pointed at the huge map in front of him and spoke slowly.

"Around us, there are a total of six third-level chaos beast tribes."

"Among them, Ming Yue Mountain will be attacked by our Wanxian Sect."

"There are still five Chaos tribes left. You can discuss among yourselves how to distribute them."

"This time, I hope that everyone can go all out and try to wipe out all the chaos beast tribes."

Immortal King Wanshan just finished speaking.

The scene was instantly boiling.

Biyun Immortal Lord stood up immediately and said loudly to everyone.

"We, the Biyun Sect, are responsible for attacking Qingshui Ridge."

The Chaos Beasts in Qingshui Ridge are not weak.

Among them, there are about seven or eight Chaos Beasts in the Taiyi Realm.

However, with the strength of the Biyun Sect, it is indeed possible to take them all.

After the Biyun Immortal Lord took the lead and spoke up.

The others were not willing to lag behind and soon distributed all the remaining three Chaos Beast tribes.
