Section 441

But they are not as domineering as Biyun Sect.

The Biyun Sect can single out a third-level Chaos Beast tribe.

Other major forces naturally do not have such capital.

But they can work together.

There is absolutely no problem for three or five major forces to join forces to deal with a third-level Chaos Beast tribe.

Of the six tribes on the map, five of the third-level Chaos Beast tribes were quickly taken away.

Only Mingsha Ridge was ignored.

Because the Chaos Beasts in Mingsha Ridge are too powerful.

Even if all their major forces join forces, they may not be able to do it.

Now is the time to eat meat.

They have no interest in chewing this hard nut.

Moreover.

There is still some distance between Mingsha Ridge and their fairy city.

There is Tiangong City in front.

Mingsha Ridge's threat to them was not too great.

There is no interest or pressure.

Naturally they have no interest.

Come and touch the hard rock of Mingsha Ridge.

Everyone was thinking.

Let the Nangong Immortal Clan have the headache of Mingsha Ridge.

As for Zhang Yuhezhong next to him, no one paid too much attention.

Although Zhang Yuhe's name is indeed very resounding.

But he was promoted to Taiyi Immortal not long ago.

more importantly.

The Dao Sheng Sect did not establish a fairy city in the Chaos Continent.

Although there is no fairy city, it is on the Chaos Continent and it is difficult to obtain resources.

But it means the same.

No need to face the pressure of Chaos Beast.

In everyone's opinion.

Zhang Yuhe was just here to make soy sauce this time.

Since he was under no pressure, there was no need to fight the Chaos Beast.

...

Chapter 352 Leave Mingsha Ridge to us

Immortal King Wanshan stood in front of the hall with a silent expression.

There are only six in total, level three Chaos Beast tribes.

Among them, the hardest bone to crack has been taken care of by their Ten Thousand Immortals Sect.

The remaining five tribes.

In addition to Mingsha Ridge, it has also been divided up by all major forces.

For no one is willing to provoke Mingsha Ling.

Immortal King Wanshan was not surprised.

In fact.

He is naturally very clear about the strength of each family.

Mingsha Ridge is powerful.

These people can't be dealt with.

And their Ten Thousand Immortal Sect is really helpless to spare more people.

The three Daluo Immortal Kings need to deal with the incoming king beast.

Those Taiyi Immortal Lords from the sect can take care of Mingyue Mountain.

It's already pretty good.

They really don't have the energy to deal with Mingsha Ridge anymore.

But Immortal King Wanshan thought.

It doesn't matter anymore.

Anyway, his main target is the king-level chaos beast in Niulan Mountain.

As long as he can kill a few king-level chaos beasts.

So even if it's for the time being, it doesn't matter if we leave Mingsha Ridge behind.

Wait until they solve the big problem.

It's not too late to go back and take care of Mingsha Ridge.

He didn't believe it.

With all the major forces attacking with all their might.

Those king-level chaos beasts in Niulan Mountain can still sit still.

Will definitely come out to support.

Encirclement and reinforcements are a common method used by monks to deal with chaos beasts.

And this seemingly simple method works wonders every time.

As long as the purpose is achieved.

He didn't bother to pay attention to those chaotic beasts in Mingsha Ridge.

Let alone Mingsha.

Even if the other five third-level tribes were not successfully captured.

That doesn't matter much.

Anyway, these third-level tribes have never been his target.

While the Immortal King of Wanshan was still meditating.

Zhang Yuhe stood up and said calmly.

"Leave Mingsha Ridge to our Dao Sheng Sect to deal with it."

He just finished speaking.

Nangong Tianming, who was next to him, also quickly followed suit.

"We, the Nangong Immortal Clan, are willing to cooperate with the Dao Sheng Sect in their actions."

I saw the two of them singing along.

Everyone in the hall felt a little strange for no reason.

Everyone is thinking.

Dao Sheng Sect and Nangong Immortal Clan alone have only a few Great Yi Immortal Lords in total.

He actually dared to come up with the idea of Mingsha Ling.

This is too courageous.

Even if you want to, show it in front of the Immortal King of Ten Thousand Mountains.

There's no need to be so upright.

But they soon understood what was going on.

Because the other three places are easy to attack level three tribes.

It has been allocated by them.

Zhang Yuhe and Nangong Tianming have arrived at Ten Thousand Immortals City.

Naturally impossible, there is no indication.

Otherwise.

If the Immortal King is displeased, wouldn't it be a big trouble?

Everyone is thinking.

Maybe Zhang Yuhe and Nangong Tianming just dealt with it casually.

He didn't take it seriously and wanted to bite the hard nut of Mingsha Ridge.

And they can't chew it.

The purpose of saying this is just to make the Immortal King look a little better.

Everyone at the scene is mature with age.

Everyone has various ideas.

I think I guessed it right, what Zhang Yuhe and Nangong Tianming thought.

In fact.

Not only other people think so,

Section 442

Even Immortal King Wanshan thinks so.

He complained silently in his heart.

[Two little sliders]

In the view of Wanshan Immortal King.

The facts are there.

With the strength of Dao Sheng Sect and Nangong Immortal Clan, it is impossible to defeat Mingsha Ridge.

What they say is just for show.

Even though I think so.

A faint smile still appeared on Wanshan Immortal King's face.

Just be willing to contribute.

Even if it's just a show, it can still attract some firepower.

Think of this.

Wanshan Immortal King looked at everyone and said calmly.

"In that case, let's go back and prepare."

"In three days, all the forces will be dispatched together to wipe out all the surrounding Chaos Beast tribes."

"Go back and get ready."

After saying this.

Wanshan Immortal King flicked his sleeves and disappeared from the hall in an instant.

"Yes, I respectfully respect the order of the Immortal King."

Everyone stood up quickly and responded respectfully in unison.

Seeing Immortal King Wanshan leaving, the scene immediately became lively.

The Immortal King was here just now, so it was inconvenient for everyone and there was too much communication.

"Brother Hongyue, I haven't seen you for many years. I heard that your sect has gained a new Taiyi Immortal Lord recently. Congratulations."

"Where, where, brother Taoist has given me a reward."

"It's just that one of the juniors in the sect was lucky enough to make a breakthrough by chance."

Everyone at the scene had a lively exchange of ideas.

Everyone is alive. I don't know how many years I have been blamed.

Except for Zhang Yuhe, who is a newcomer.

The other people are all very familiar with each other.

Of course.

Although everyone is smiling and laughing on the surface.

But what I think in my heart, only God knows.

Where there are people, there are rivers and lakes.

Although the South China Sea Fairyland is currently peaceful.

But this doesn't mean.

There is no contradiction between the major forces.

As far as Zhang Yuhe knows.

There is quite a bit of conflict between Biyun Sect and Hongyue Sect.

It was just that Tianxing Daozu was suppressing them, so the conflict between the two sides did not break out directly.

Tianxing Daozu had already issued an order.

The major forces cannot attack each other.

A monk must not collude with a Chaos Beast.

These are two iron rules.

Anyone who dares to violate it.

Tianxing Sect will personally suppress it and will never tolerate it.

Nangong Tianming took Zhang Yuhe to greet everyone present one by one.

For these, they come from the heads of major forces.

Zhang Yuhe had only seen portraits before.

He didn't know him.

Take advantage of this opportunity.

Nangong Tianming introduced Zhang Yuhe to everyone.

This is considered acquaintance.

When they arrived in front of Biyun Immortal Lord.

After some polite exchanges between the two parties.

Biyun Immortal Lord smiled and said to Nangong Tianming.

"Brother Tianming is so brave, he actually wants to attack Mingsha Ridge."

Although there was a hint of ridicule in the words, Nangong Tianming knew it.

Immortal Biyun was not disgusted.

They are also old acquaintances and are very familiar with each other.

In the past, when beast tides broke out, they had supported each other.

Hearing Biyun Immortal Lord, there was a hint of ridicule in his words.

Nangong Tianming said with a wry smile.

"Brother Biyun, it's not like you don't know about my strength."

"It's just that those Chaos Beast tribes that are easy to fight have been picked out by everyone."

"I can't show anything in front of the Immortal King."

"So we can only choose Mingsha Ridge."

"I hope there won't be too much loss in this operation."

Nangong Tianming did not tell the truth.

Because even if he told the truth, no one would believe it.

In fact.

He has great expectations for this operation.

I hope that this time, the Immortal King of Ten Thousand Mountains will be sitting behind.

Mingsha Ridge was wiped out in one fell swoop.

In this case.

Then their Tiangong City would have eliminated a huge threat.

Of course.

Relying on the strength of their Nangong Immortal Clan.

Naturally, it is impossible to solve Mingsha Ridge.

But isn't it, there is Zhang Yuhe?

Nangong Tianming was full of confidence in Zhang Yuhe.

He believes it.

As long as Zhang Yuhe is willing to take action, plus the help of their Nangong Immortal Clan.

Even if Mingsha Ridge cannot be destroyed, it can be completely disabled.

...

Chapter 353 Long Distance Attack

Everyone chatted in the hall for a while, and then left one after another.

Everyone has to go back and prepare.

This operation, which was personally presided over by Immortal King Wanshan, was indeed no small matter.

Although before coming to Ten Thousand Immortals City.

The major forces have already gathered their personnel in order.

But there is always some detailed work that needs to be done.

For example, prepare some escape routes or something.

This is no joke.

Once the Wanshan Immortal King fails to intercept all the king-level chaos beasts.

As long as one king beast is missed.

Then everyone may be in danger at any time.

It will definitely not work if we don't leave some way out.

Zhang Yuhe and Nangong Tianming returned to Tiangong City.

The two said goodbye to each other.

Section 443

Zhang Yuhe came to the manor and sat down cross-legged in his cave.

Quietly waiting for the action to begin.

According to the plan of Wanshan Immortal King.

Three days later, all major forces acted together.

Launch attacks on their chosen targets.

Zhang Yuhe didn't have anything that needed to be prepared.

A mere third-level Chaos Beast tribe.

To him, it didn't matter at all.

It can be wiped out easily.

He even wanted to have a chance with a king-level chaos beast.

I just don't know if there is such an opportunity.

After all, Immortal King Wanshan has already praised Haikou.

It can intercept all the king-level chaos beasts in Niulan Mountain outside.

As for whether it was a surprise, one or two were missed.

That's a bit hard to say.

Zhang Yuhe sat cross-legged in the cave in silence.

Suddenly he stretched out his right hand.

A long golden stick immediately appeared in his hand.

It is the innate treasure, the Nine Heavens Flying Spirit Stick.

Looking at the long stick in his hand.

Zhang Yuhe couldn't help but shake his head.

So many years have passed.

This innate treasure is still only a middle-grade immortal weapon.

Didn't advance.

In order to cultivate this innate treasure, he invested a large amount of fairy materials and fairy mines.

But it is really difficult to improve an innate treasure.

Improving the innate treasure not only requires the consumption of massive resources.

The key is that it takes time.

He has no shortage of resources.

But this Nine Heavens Flying Spirit Stick is absorbed too slowly.

I don't know how many more years it will take.

This innate treasure can be promoted to a top-grade immortal weapon.

With his current cultivation level.

It seems that the innate treasure of the middle-grade immortal weapon level is not enough.

He was completely unable to fully demonstrate his strength.

Looking at the Nine Heavens Flying Spirit Stick in his hand, Zhang Yuhe couldn't help but feel helpless.

Now this innate treasure.

Maybe it's not as good as his natal magic weapon.

Put away the Nine Heavens Flying Spirit Stick.

Zhang Yuhe waved his right hand.

The nine-handled spiritual energy-pressing fairy sword slowly circulated around him with a frightening coercion.

After he was promoted to Taiyi Immortal Lord.

This set of natal immortal swords was also upgraded by him to a high-grade immortal weapon.

And compared to ordinary high-grade immortal weapons.

The power of the Nine Heavens Hunyuan Sword is much more powerful.

Because Zhang Yuhe incorporated two innate spiritual materials into this set of immortal swords.

After the immortal weapon is integrated into the innate spiritual material, its power will be greatly enhanced.

Unfortunately, it is difficult to find innate spiritual materials.

Otherwise.

After he merged each of the nine immortal swords into a piece of nine innate materials.

I'm afraid it won't be much weaker than the innate treasure of the same level.

take it easy.

There's always a chance.

Zhang Yuhe thought silently in his heart.

Put the Jiutian Hunyuan Sword back into Dantian.

He slowly closed his eyes.

...

Three days later.

A huge flying boat was suspended over the manor.

The True Immortal disciples of the Daosheng Sect and the Golden Immortal elders in the manor boarded the flying boat one after another.

Zhang Yuhe glanced at Yu Liwei next to him, and then said lightly.

"It's almost time, let's go."

Yu Li nodded slightly.

Just at this time.

A huge fairy ship quickly sailed through the void and appeared outside the manor.

Nangong Tianming stood in front of the immortal ship.

He asked Zhang Yuhe with a smile.

"Sect Master Zhang, are you all ready?"

"An order has been sent from Wanxian Sect. At noon today, everyone will take action together."

"It has been prepared for a long time."

"Then let's set off together."

Zhang Yuhe nodded lightly.

He took one step forward and landed on the front of the flying boat.

After a while.

Two streams of light flew out of Tiangong City and flew quickly towards the depths of Chaos Continent.

Zhang Yuhe stood on the flying boat.

He took a look at the immortal ship of the Nangong Immortal Clan next to him, and couldn't help but feel a little envious.

Compared to the Fairy Ship.

The spaceship under his feet was simply rubbish.

The fairy ship is not only extremely fast, but it also integrates offense and defense.

Even when faced with the Nine-Star Chaos Beast, the Immortal Ship can face it head-on.

There is no need to worry about being damaged by the Chaos Beast.

most importantly.

The Nangong Immortal Clan's immortal ship is also equipped with three high-grade immortal-killing cannons.

If these three immortal-killing cannons were fired at the same time, they would be enough to severely damage the Eight-Star Chaos Beast.

This is the foundation of great power.

Looking at the fairy ship next to it.

Zhang Yuhe thought silently.

He has the drawings of the fairy ship, and it is also the drawing of the earth-level fairy ship.

Compared with Nangong Tianming's fairy ship, it is several levels higher.

Unfortunately.

Refining a fairy ship not only requires a large amount of rare materials.

And it also requires superb weapon refining skills.

the most important is.

It takes a long time to refine an immortal ship.

Zhang Yuhe had the materials, and his craftsmanship was beyond words.

But he never had time.

After being promoted to Taiyi Immortal Lord.

He spent a lot of time understanding the rules.

I don't have anything else to worry about yet.

Section 444

Zhang Yuhe roughly estimated.

It would take at least tens of thousands of years to successfully refine the earth-level fairy ship.

After this operation.

Then build the fairy city.

Then we can consider the problem of refining the fairy ship.

Zhang Yuhe glanced at the fairy ship of the Nangong fairy clan next to him, thinking silently in his heart.

Daosheng Sect and Nangong fairy clan took the flying boat and the fairy ship respectively.

Flying fast all the way.

From time to time, some chaos beasts can be seen on the road.

However, facing them, such a powerful beast.

Those chaos beasts, even if they are iron fools, dare not come to provoke.

They can only hide far away.

Occasionally, there will be some unlucky chaos beasts, because they fail to avoid in time.

They are directly hit to death by Nangong Tianming, driving the fairy ship.

With the fairy ship in hand, it is so arrogant.

Facing low-level chaos beasts.

You don't even have to do it.

Drive the fairy ship and hit it.

Chaos beasts below seven stars, in front of the fairy ship.

Completely a younger brother.

He will be smashed into a blood mist by the fairy ship in an instant.

Daosheng Sect and Nangong Immortal Clan, together with nearly 30,000 people.

They flew fast all the way.

However, Mingsha Ridge is far away.

They still need to fly for a long time to arrive.

And on their way forward, they will encounter some low-level Chaos Beast Tribes.

But most of them are first-level tribes.

Occasionally, they will encounter second-level tribes.

Under normal circumstances.

No one will easily approach the second-level Chaos Beast Tribe.

To avoid trouble.

As for now, everyone will naturally not worry.

This time, their two families joined forces.

There are as many as six Taiyi Immortal Lords alone.

Whether they encounter a first-level tribe or a second-level tribe.

They have no intention of taking a detour.

All wiped out.

No one left.

Zhang Yuhe has no intention of taking a detour at all.

Taking a detour will waste too much time.

Their goal this time is very clear.

Long-distance raid, directly take Mingsha Ridge.

Mingsha Ridge as quickly as possible.

After he has dealt with all the Chaos Beasts in Mingsha Ridge,

Then observe the situation of this war.

Zhang Yuhe didn't think so.

The facts will go as smoothly as the Immortal King Wanshan planned.

There may be some accidents.

He has to solve the problem as soon as possible.

Then he can free up his hands to deal with possible emergencies.

...

Chapter 354 The restless Sha Motian

In the depths of the Chaos Continent, the mountains are endless and the rivers are crisscrossed.

Chaos Beasts with powerful auras wander among the mountains from time to time.

This is the Mingsha Ridge tribe.

In the center of the tribe, there stands a tall altar.

Sha Motian sat cross-legged on the altar, always feeling a little uneasy.

He stood up suddenly and muttered to himself.

"This is the seventh tribe that has lost contact today."

"Isn't it going to happen?"

Thinking of this,

Sha Motian took out an ancient bell and shook it gently a few times.

The bell made a clear sound that spread quickly to the distance.

After a while.

A tall Chaos Beast, with broad steps, came quickly to the vicinity of the altar.

It was Mingshaling and another nine-star Chaos Beast, Sha Yue.

Mingshaling is powerful.

There are more than a hundred Chaos Beasts above seven stars, equivalent to the Great Yi Realm.

However, in terms of top combat power, Mingshaling can only be considered average.

In the entire Mingshaling tribe.

The only nine-star Chaos Beasts are the high priest Sha Motian and Sha Yue.

The rest of the Chaos Beasts are below nine stars.

As a third-level tribe of the same size as Mingshaling.

There are as many as five nine-star Chaos Beasts in Mingyue Mountain.

It is precisely because of this.

In the previous beast tides.

Mingshaling only dared to bully the big forces such as the Nangong Immortal Clan.

Never dare to go and provoke Wanxian Mountain.

Chaos beasts are just stubborn, not brainless.

They are afraid of angering Wanxianmen and bringing disaster.

...

Sha Yue came to the bottom of the altar.

He looked up at Sha Motian and asked with a somewhat unhappy expression.

“High Priest, I wonder if you asked me to come here, but what is your order?”

He was just making a little chaos beast.

Suddenly, Sha Motian called him over with a bell. It would be strange if he was happy.

And they are both nine-star chaos beasts.

Sha Yue’s status in the Mingshaling tribe is not much lower than Sha Motian.

So he didn’t show much respect in his words.

Sha Motian stood on the altar and looked up into the distance.

He said to Sha Yue solemnly.

“Today, several tribes have suddenly lost contact with us.”

“I guess these tribes may have been destroyed by the monks.”

Hearing Sha Motian’s words.

Sha Yue said indifferently.

"I thought it was a big deal?"

"It's just a few small tribes that were destroyed?"

"This kind of thing happens all the time, why should the high priest be so nervous?"

The monks and the Chaos Beasts have been fighting each other in the Chaos Continent for countless years.

Section 445

Chaos beasts attack the monk's fairy city.

It is normal for monks to attack the Chaos Beast tribe.

Throughout the Chaos Continent, there were countless tribes.

There are countless tribes wiped out by monks every year.

Even in Mingsha Ridge, their subordinate tribes were often wiped out by monks.

for this situation.

They are usually, after receiving the message.

I'll go over and have a look.

If they can be rescued in time, they will naturally do so.

Maybe we can take advantage of the opportunity and capture some sacrifices.

If it is too late to rescue, there is nothing you can do.

Just like Sha Motian said just now.

There are many tribes that have lost contact.

Since that's the case, what else is there to say?

Those tribes that could not be contacted had naturally been wiped out by the monks.

Even if they go to rescue now.

It's totally too late.

Do you still want them to go over and collect the corpses?

wrong.

Even if he wanted to go there and collect the body, he probably wouldn't have the chance.

After the monk kills the chaos beast, he will not leave a corpse behind.

The corpse of the Chaos Beast is for the monks.

There are treasures all over.

Just like monks treating Chaos Beasts as precious sacrifices.

It will be cleaned cleanly, and no residue will be left behind.

Shayue didn't understand very much.

Just for such a trivial matter, Sha Motian had to call him over to discuss it.

It's totally unnecessary.

There are so many tribes under Mingsha Ridge.

Even if some are destroyed by the monks, what does it matter?

Could it be that Sha Motian still wants to take revenge?

If you really want to do that.

That's a big deal.

Maybe we need to notify Niulan Mountain first.

It's just that there are not many years left before the next sacrificial ceremony.

Niulanshan will definitely not ask for permission. They are making too much noise now.

Seeing Shayue's nonchalant look.

Sha Motian was very speechless.

This is a tough guy.

Can't it see that something is wrong today?

But Sha Motian didn't bother to explain too much.

Shayue's brain was like a lump of iron.

Even if it explains more, it is probably a waste of saliva.

Think of this.

Sha Motian said directly.

"I estimate that those monks may be preparing to make some big move."

"We have to defend."

Hearing this, Shayue couldn't help but be stunned.

What big moves can the monks make?

Isn't this nonsense?

In terms of strength.

Even if all the monks from the nearby fairy cities are added together.

That's no match for Mingsha Ridge either.

Could it be that those monks still have the idea of Mingsha Ridge?

If that really happened, it would be too late for Shayue to be happy.

During every sacrificial ceremony, the monks huddled in their turtle shells.

They don't dare to go out of the city and fight them.

If the monks come in force.

Doesn't that mean.

Can their Mingsha Ridge tribe take the opportunity to harvest a wave of precious sacrifices?

As for the safety issue of Mingsha Ridge.

Shayue didn't take it to heart at all.

Unless Wanxianmen takes full action.

Otherwise.

The crooked melons and jujubes around them are completely unable to threaten Mingsha Ridge.

Think of this.

Shayue couldn't help but feel a little excited.

It said confidently.

"What's there to guard against?"

"As long as the monks dare to come here, I will capture them all and use them as sacrifices to the True God Supreme."

Seeing Sha Yue's mind, he was still so confused.

Sha Motian said angrily.

"Okay, don't say any more."

"Send the order and have all the chaos beasts gather towards the tribe."

"In addition, some seven-star chaos beasts were sent to guard the direction of the monks' city."

"Go down and make arrangements."

"yes."

Sha Yue was ordered to retire.

Although it doesn't quite understand why the high priest wants to do so many tricks.

But now that the order has been given.

Then it just does what it's told.

Although Sha Yue's status in Mingsha Ridge is not much lower than Sha Motian.

But it is self-aware.

It cannot understand those twists and turns.

That being the case.

There is nothing wrong with listening to the high priest.

Saw the sand in the distance.

The uneasiness in Sha Motian's heart has not only not improved.

Instead it becomes more intense.

It looked up into the distance and murmured to itself.

"What happened? Do the monks really dare to take action against Mingsha Ridge?"

Think of this.

Sha Motian's mood seemed to be extremely heavy.

It's not as brainless as Sayoshi.

Will he not regard the monks at all?

Although the overall strength of the monks is indeed not as good as that of the Chaos Beasts.

But there are indeed many strong ones among the monks.

For example, there are three Daluo Immortal Kings in Wanxian Sect.

If any Daluo Immortal King comes over, he can wipe them out in Mingsha Ridge.

the most important is.

Section 446

Something is very wrong today.

If there are only one or two tribes, lose contact with them.

That also comes down to accident.

But seven tribes in a row lost contact with them.

This is very abnormal.

"It shouldn't be the Wanxian Sect. I didn't mess with them."

Sha Motian muttered silently to himself.

"Hopefully it was just an accident."

...

Chapter 355 Rampant all the way

The teams of Dao Sheng Sect and Nangong Immortal Clan drove flying boats and fairy ships respectively, flying forward quickly.

Zhang Yuhe stood at the front of the flying boat.

Suddenly, he looked up into the distance.

I saw tall chaos beasts surrounded by mountains in front.

Running around wildly.

This is a second-level chaos beast tribe.

Seeing Zhang Yuhe and the others with such a strong lineup, they pounced directly on them.

These chaos beasts were completely frightened.

They don't care about their own nest at all.

They all ran wildly into the distance, hoping to save a dog's life.

"Huh, we've already entered the gate of hell, so why bother struggling anymore."

See this situation.

Zhang Yuhe couldn't help but snorted coldly.

There is nothing good to say between the monk and the Chaos Beast.

If you encounter them, you will have to fight to the death or run away for your life.

As for whether you can run away, it depends on whether your fate is strong enough.

obviously.

The life of this second-level tribe's Chaos Beast is not that hard.

There are so many people from Dao Sheng Sect and Nangong Immortal Clan.

And there are six Taiyi Immortal Lords.

It would be strange if they could let these chaos beasts run away.

Zhang Yuhe stood at the front of the flying boat.

He stretched out his right hand and slowly slapped the Chaos Beast in the distance with his palm.

A huge palm print, carrying a mysterious and intimidating pressure.

All the chaos beasts were instantly enveloped.

Boom...

With a slap of the palm.

A large number of Chaos Beasts, whether one-star or six-star.

Immediately, they all turned into mini white rabbits.

But the eyes of these little white rabbits still emit a fierce red light.

But no matter how cruel the eyes are, it's all in vain.

The powerful Chaos Beast turned into a little white rabbit in an instant.

The strength was directly knocked into the dust.

This is exactly the effect of the Samsara Seal.

The strange magical power of the Samsara Seal can knock the target into reincarnation.

The originally powerful individual suddenly turned into a little white rabbit that everyone could bully.

There was no resistance at all.

As the palm prints continued to press down.

The little white rabbits all over the mountains and plains were photographed and turned into scum.

See this situation.

Whether it is the Dao Sheng Sect disciples on the flying boat or the Nangong Immortal Clan monks on the immortal ship.

They all felt inexplicably horrified.

What kind of magical power is this?

Can you actually turn powerful Chaos Beasts into little white rabbits in an instant?

This is too weird.

Except for very few people.

The monks from the Dao Sheng Sect and the Nangong Immortal Clan have never heard of the Reincarnation Seal, a magical power.

I have never seen anyone display the magical power of the Reincarnation Seal.

Everyone couldn't help but feel a little weird when they looked at Zhang Yuhe.

Relative to other people.

Nangong Tianming was even more shocked.

He could tell at a glance.

The palm Zhang Yuhe took just now should be the legendary reincarnation seal.

Isn't it just that no one has ever learned this magical power?

Although the inheritance of magical powers is still there.

But except for the reincarnation immortal king who created this magical power.

Later, no one learned this magical power.

Nangong Tianming didn't expect it at all.

Zhang Yuhe actually quietly learned this strange magical power.

have to say.

When dealing with Chaos Beasts.

The reincarnation seal is indeed very useful.

Originally, the Chaos Beast's defense was very abnormal.

Even if the monks are stronger than the Chaos Beasts.

It is also difficult to wipe out a large group of Chaos Beasts at once.

You can only kill them one by one slowly.

But the seal of reincarnation is different.

Once reincarnation is printed and displayed.

No matter how strong the Chaos Beast's defense is, it's all in vain.

They have all turned into little white rabbits. No matter how strong the defense is, what's the use?

It's not like you can kill them all with just one palm.

Zhang Yuhe took a look and saw that the Chaos Beast tribe in front had been flattened.

He said calmly.

"Keep on going, don't miss the time."

"good."

On the fairy ship in the distance, Nangong Tianming responded casually.

Zhang Yuhe wiped out a second-level tribe with one palm of his hand, the Reincarnation Seal.

The flying boat and the fairy ship continued to fly forward quickly.

In fact, this was the eighth Chaos Beast tribe they encountered along the way.

Zhang Yuhe never took action against the Chaos Beast tribe he encountered before.

Originally he was still thinking about it.

With so many people here, is there any need for him to take action?

Those chaos beast tribes were finally eliminated by the disciples of the two families.

Every time they encountered a tribe of Chaos Beasts, they would stop.

The disciples of the two families dispersed and surrounded them, and dealt with the Chaos Beast.

But Zhang Yuhe felt it later.

This is too much of a delay.

They still have to hurry.

According to the order from Wanxian Sect.

Section 447

All major forces must launch attacks on the target before noon.

Everyone attacks at the same time to prevent the Chaos Beasts from communicating with each other.

In order to achieve the effect of surprise.

It's just that Mingsha Ridge is really far away from Tiangong City.

If there is any further delay on the way.

Then they were afraid that they would not be able to reach Mingsha Ridge in time.

So when I met the Chaos Beast Tribe again.

Zhang Yuhe didn't even think about it.

Just wipe it out with one palm.

When facing a large group of Chaos Beasts, the Reincarnation Seal is really useful.

It's simply a magical skill to abuse food.

Of course.

Even without the reincarnation seal.

Zhang Yuhe also has a hundred ways to create a tribe of Chaos Beasts in an instant.

Different from other monks.

The strength of other monks is more demonstrated through immortal weapons and magical powers.

But Zhang Yuhe's strength relies more on the power of laws.

The powerful power of the Supreme Law covers it.

No matter how strong the Chaos Beast's defense is, it's not worth mentioning.

Everyone flew quickly.

On the road, you will still encounter the Chaos Beast tribe occasionally.

However, Zhang Yuhe slapped them all to the ground.

They didn't even let the flying boat stop for half a minute.

The flying boat sailed across the sky, and Zhang Yuhe took a photo with one palm.

No time was wasted at all.

Time passed slowly.

The Daosheng Sect and the Nangong Immortal Clan each control flying boats and immortal ships.

Rampant all the way.

If gods stand in the way, they will kill gods; if they stand in the way of Buddha, they will kill Buddha.

No matter how many chaos beasts there are, they can't stop Zhang Yuhe's palm.

As they continue to penetrate deeper into the Chaos Continent.

It is getting closer and closer to the Mingsha Ridge tribe.

At this time.

Nangong Tianming, who was standing on the fairy ship, whispered to Zhang Yuhe.

"Sect Leader Zhang, Mingsha Ridge is ahead."

"I guess we will encounter Mingsha's warning post soon."

"Should we stop first and then slowly touch over?"

Zhang Yuhe raised his head and glanced at the sky. It was now close to noon.

The other major forces have probably reached their target positions.

Maybe some impatient people are already attacking the Chaos Beast Tribe.

They couldn't waste any more time.

Think of this.

Zhang Yuhe responded calmly.

"No, just kill him."

After hearing what Zhang Yuhe said, Nangong Tianming didn't ask any more questions.

He knows it too.

The protagonist of their operation is Zhang Yuhe.

And it can only be Zhang Yuhe.

If Zhang Yuhe is not here.

He didn't dare to take so many people and swagger deep into the Chaos Continent.

Because that is seeking death.

If he were alone, as long as he didn't encounter a king-level chaos beast.

Then you can escape at any time.

But with so many people, Nangong Tianming didn't dare to rush in.

These are the elite children of the family.

If the loss is too much.

It will seriously affect the development of the Nangong Immortal Clan.

But with Zhang Yuhe here, it's another story.

He was completely confident in Zhang Yuhe's strength.

Since Zhang Yuhe said it was okay, he went straight to kill him.

Then just kill him.

Nangong Tianming thought.

There are still so many people in Daosheng Sect.

It is impossible for Zhang Yuhe to put these elites of Dao Sheng Sect into danger.

And how cool it would be to kill him directly.

In the past, when everyone went deep into the Chaos Continent, they did so secretly.

For fear of attracting the siege of Chaos Beasts.

Now follow Zhang Yuhe.

He also wanted to have fun.

Experience what it's like to roam the Chaos Continent.

...

Chapter 356: Guard Post Exploring Sha Shiba

Zhang Yuhe did not and followed Nangong Tianming's suggestion.

Sneak over there secretly?

Totally unnecessary.

If he hasn't been promoted to Taiyi Immortal Lord yet.

You really have to be careful.

Otherwise, I am afraid that I will be beaten to death by the chaos beasts from Mingsha Ridge.

But now, apparently there is no need to worry.

So what if Mingsha Ridge discovers it in advance?

Are you still afraid that those chaotic beasts can turn the world upside down?

Maybe the Chaos Beast saw them coming.

They will immediately gather together to besiege.

If this is the case.

That would save trouble.

Zhang Yuhe wished that the chaos beasts from Mingsha Ridge could gather together.

That way.

He doesn't have to find just one.

Just one set of sword formations can defeat the entire Mingsha Ridge tribe.

Clean them all.

In fact, Zhang Yuhe thought so too.

They swaggered past like this.

Just want to attract the attention of Chaos Beast.

Let all the chaos beasts in Mingsha Ridge jump out.

Then wipe them all out in one fell swoop.

This is called alerting the enemy.

Zhang Yuhe believes it.

Those mindless things like Chaos Beasts will definitely do this.

So Zhang Yuhe did not hesitate.

Section 448

After approaching Mingsha Ridge.

He still controlled the flying boat, swaggering all the way.

All the Chaos beasts he encountered on the road were killed by him with a backhand slap.

Flying boats and fairy ships flew by quickly, and there were mountains and rivers everywhere.

On a tall mountain peak.

Sha Shiba transformed into a big stone and perfectly blended his figure into the mountain peak.

If not close.

There is simply no way anyone would be able to find it here.

Sha Shiba revealed two huge eyes, looking in the direction of Tiangong City from time to time.

Because of the high priest, I was worried that there would be a surprise attack by human monks.

Therefore, some Chaos Beasts were sent out of the tribe to guard the direction of the human city.

Sha Shiba is also one of them.

to be honest.

It was very resistant to this mission.

Think of it as Sha Shiba, also a majestic eight-star chaos beast.

In the Mingshaling tribe, he is definitely the number one person.

He was actually sent out as an ordinary security sentry.

Isn't this overkill?

However, the high priest personally gave the order, so he could only obey it honestly.

In line with the principle of doing something well, do it well.

Sha Shiba takes advantage of the mountain topography to hide himself perfectly.

Then he kept staring in the direction of Tiangong City.

For Mingsha Ridge.

There are indeed many human cities around.

But except for Tiangong City, the other cities are completely worth mentioning.

Those cities are either too far away to threaten Mingsha Ridge.

Or just some weak acropolis.

In the eyes of Sha Shiba.

Those small acropolis are not enough to fit between its teeth.

It's even a bit doubtful.

Can those monks in the Acropolis get to the vicinity of Mingsha Ridge?

This is all a problem.

After all, there are countless affiliated forces of Mingsha Ridge along the way.

There are these affiliated tribes.

The monks who are less powerful have no chance to reach the vicinity of Mingsha Ridge.

As for Tiangong City.

Sha Shiba didn't pay much attention.

There are only three Great Yi Immortal Lords in the Nangong Immortal Clan in Tiangong City.

Except for Nangong Tianming, who has some strength.

It didn't take the remaining Nangong Tianxin and Nangong Tianwu seriously.

Sha Shiba even felt that the high priest was too nervous.

With the strength of Tiangong City, how could it be possible to come here and provoke them from Mingsha Ridge.

Isn't this seeking death?

Could it be that Tiangong City moved reinforcements from somewhere?

This is unlikely.

Sha Shiba thought.

Even Nangong Tianming, please come to Taiyi Immortal Lord No. 100.

That's not necessarily the case, they are Mingsha Ridge's opponents.

in a large area nearby.

Except for Wanxianmen.

No clan force can threaten Mingsha Ridge.

but.

If the Ten Thousand Immortals Sect were to attack, they would no longer have to struggle.

Hurry and ask for help from Niulan Mountain.

On their own, they would definitely not be able to stop the attack from the Ten Thousand Immortals Sect.

But the problem is.

They have never provoked the Ten Thousand Immortals Sect.

Will Wanxian Sect come and cause trouble for them?

Probably not?

Sha Shiba really didn't understand what the high priest was worried about.

Just the monks from Tiangong City, do they dare to come here?

Just at this time.

A little bird flew over Sha Shiba's head.

What a coincidence.

The little bird dropped a big pile of dung as it passed over its head.

In order to hide his figure, Sha Shiba did not move even half a minute.

I just kept cursing in my heart.

"Damn wild bird, don't let me touch it next time."

"Otherwise, I'll let you know why the flowers are so red."

Sha Shiba hid his figure halfway up the mountain, cursing in his heart.

Actually.

With the tall body of the Chaos Beast.

A mere lump of bird droppings is about the same size as a speck of dust.

Not worth mentioning at all.

But it's disgusting.

"unlucky."

Just as Sha Shiba was still cursing in his heart.

Suddenly, it discovered that there were two streams of light in the distance, flying towards this side quickly.

Sha Shiba quickly concentrated and looked into the distance.

I saw a huge immortal ship flying very fast towards Mingsha Ridge.

Next to the fairy ship, there is also a huge flying boat.

See this situation.

Sha Shiba was completely shocked.

It muttered to itself.

"You're really here. I'm afraid you're not here to die, are you?"

"Six Taiyi Immortal Lords dare to break into our great Mingsha Ridge tribe. You deserve to be damned."

Sha Shiba was carefully confirmed.

It was found that there was only one fairy ship and one flying boat.

The number of monks above is not too many.

It is estimated that there are less than 30,000 people.

the most important is.

It didn't realize how many high-level monks there were.

There are only six Taiyi Immortal Lords in total.

Just that little strength.

Where did these monks get the courage to break into their Mingsha Ridge tribe?

Maybe he got lost.

Of course.

Getting lost is just a joke.

After careful observation.

Sha Shiba has recognized that the immortal ship is the Tiangong Ship of the Nangong Immortal Clan.

Section 449

As for the flying boat, it didn't care at all.

In the fairy world.

Each cultivator has a flying boat.

Who can recognize it?

But it knows one thing.

The one who controls the flying boat must be a weakling.

Maybe not even Taiyi Immortal.

Taiyi Immortal Lords with some strength.

Will find a way to get a fairy ship to show off.

"Since the human cultivators have been discovered, let's quickly notify the high priest."

Thinking of this.

Sha Shiba quickly stood up.

Its huge body, like a pillar of heaven, suddenly stood on the mountain.

Roar...

Sha Shiba roared towards Mingsha Ridge.

There is no way.

Chaos beasts don't have fairy mirrors.

Most of the communication between them is done by roaring.

Not to mention.

This method is indeed effective.

Huge roars came one after another, quickly spreading towards Mingsha Ridge.

After sending the message.

Sha Shiba glanced at the direction of the fairy ship and the flying boat.

Then he quickly turned his body.

Run away.

There are six Taiyi Immortal Lords on the opposite side, and Nangong Tianming is also there.

It is not a fool.

It will not go up to fight head-on.

"Wait for the high priest to lead the team over, and none of these people will think of running away."

"All of them will become sacrifices for me."

Sha Shiba thought silently while running quickly towards the tribe.

...

Chapter 357 The Death of Sha Shiba

Zhang Yuhe stood at the front of the flying boat.

Suddenly, a deafening roar of a beast came from a distance.

He turned his head and looked in the direction where the sound came from.

I saw a tall Chaos Beast, like a pillar supporting the sky, standing on the distant mountain.

That look was very pretentious.

On the fairy ship next to him.

Nangong Tianming saw the Chaos Beast in the distance, and he quickly turned the fairy ship.

He rushed straight towards the Chaos Beast in the distance.

At the front of the fairy ship, three huge gun barrels were immediately extended.

However, due to the distance,

That Chaos Beast was at least a million miles away from them.

And that Chaos Beast was still running away quickly.

The distance was widening quickly.

The Immortal-killing Cannon on the Immortal Ship was completely out of reach.

Nangong Tianming drove the Immortal Ship and chased after it while turning back to shout to Zhang Yuhe.

"Master Zhang, that is an eight-star Chaos Beast."

The meaning of his words was very clear.

Since they saw a lone eight-star Chaos Beast.

What are they waiting for?

Why not kill it directly while they are in large numbers?

Chaos Beast.

Kill one less.

And the eight-star Chaos Beast that appeared here must have come from Mingsha Ridge.

Nangong Tianming thought.

Kill this eight-star Chaos Beast first, and when they attack Mingsha Ridge later.

The pressure they face can also be less.

Nangong Tianming drove the Immortal Ship and chased after it all the way.

But once the eight-star Chaos Beast runs, its speed is incredibly fast.

With the speed of Nangong Tianming's fairy ship, it couldn't catch up for a while.

Even the distance between the two sides didn't get much closer.

"Hey, let me do it."

Seeing this situation.

Zhang Yuhe couldn't help but sigh.

With Nangong Tianming's current speed.

I'm afraid he might not be able to catch up even if he chased to Mingshaling Tribe.

He raised his right hand, slowly extended his index finger, and pointed at the Chaos Beast that was running wildly.

He gently pointed a finger.

A faint black light exuded a terrifying pressure.

Like a black lightning, it rushed straight to the Chaos Beast in the distance.

Sha Shiba ran all the way.

It looked back at the fairy ship that was chasing behind it.

There was a trace of disdain in its eyes.

With this Xuan-level fairy ship, it wanted to catch up with it, Old Eighteen?

Don't even think about it.

Sha Shiba turned around and continued to run.

Just when it was still proud,

suddenly a black lightning rushed towards it.

"What is that?"

Before Sha Shiba could even react, the black lightning hit it directly.

Ahhhh...

Sha Shiba suddenly felt that his soul seemed to be torn into pieces.

The huge pain made him roar loudly.

Boom.

After a while.

Sha Shiba's huge body fell down.

It died.

It died silently.

Sha Shiba didn't even know.

How did he die?

What was that black lightning?

It didn't see anything else attacking it.

Except that black lightning.

It's a pity.

The dead don't have thoughts.

Otherwise.

Sha Shiba would definitely want to figure it out.

Section 450

What was that black light just now?

Why let it die in such pain?

Zhang Yuhe retracted his index finger and put his hands behind his back.

Saw the Chaos Beast fall in the distance.

He nodded with satisfaction.

"The power of the Soul-Destroying Finger is indeed pretty good."

The finger that Zhang Yuhe pointed out just now was the magical soul-destroying finger.

Compared to other magical powers.

Soul-destroying refers to directly attacking the sea of consciousness of the soul, killing people invisibly.

No matter how strong the Chaos Beast's defense is.

That can't prevent the sea of divine soul consciousness.

Because of Zhang Yuhe, he mastered the Law of Divine Soul and realized this supreme law to the state of great success.

Blessed by the power of law.

The magical power of the Soul-Destroying Finger is countless times more powerful in his hands than others.

He just pointed his finger gently.

Killed directly, a powerful eight-star chaos beast.

Nangong Tianming stood on the fairy ship and saw the chaos beast suddenly collapse.

I couldn't help but be stunned.

He didn't even understand how this chaotic beast died.

"No, there seemed to be a powerful wave of soul passing by just now."

Nangong Tianming was thinking silently while driving the fairy ship.

"Is it Zhang Yuhe?"

"The supreme genius is so terrifying."

There's no one else around here.

Nangong Tianming knew.

Except for Zhang Yuhe, there is no one else here who can kill the Eight-Star Chaos Beast independently.

Not to mention.

Just like that, he killed an eight-star chaos beast silently.

What kind of outrageous method is this?

Nangong Tianming simply didn't think so.

Just now he drove the fairy ship and rushed ahead.

Zhang Yuhe was not seen taking action.

Otherwise,

Maybe it's okay, he can recognize the magical power of the Soul-Destroying Finger.

After a while.

Zhang Yuhe drove the flying boat and soon arrived at the place where Sha Shiba fell.

Looking at the huge chaos beast corpse in front of him.

Zhang Yuhe frowned slightly.

He waved his right hand and put away the body.

Chaos beasts are full of treasures.

Not to mention, this is still an eight-star chaos beast.

Of course he won't waste it.

Nangong Tianming stood beside him and opened his mouth slightly.

He looked like he was hesitant to speak.

He wanted to ask.

What method did Zhang Yuhe use just now to beat this chaotic beast to death?

But he thought about it and still didn't ask.

Nangong Tianming is a mature man.

Of course he knows.

It's not convenient to ask this kind of thing.

Zhang Yuhe stood where he was.

He looked up at Mingsha Ridge and murmured to himself.

"The Chaos Beast from Mingsha should already know that we are coming, right?"

Upon hearing this, Nangong Tianming, who was next to him, responded solemnly.

"That's for sure."

"The beast roar just now was the Chaos Beast transmitting a message."

"What's more, that Chaos Beast is still dead."

"Chaos beasts from the same tribe, their auras are intertwined and connected."

"As long as a Chaos Beast dies, the chief priest in the tribe will know it immediately."

"Perhaps at this time, the Chaos Beasts from Mingsha Ridge are coming towards us in large numbers."

"It's just a good idea to come here together, so we don't have to look for them one by one."

Zhang Yuhe responded lightly.

He didn't have any regard for the Chaos Beasts in Mingsha Ridge.

The highest one is just a nine-star Chaos Beast, so what is there to worry about?

At this time, Mingsha Ridge has gathered countless chaos beasts.

Due to Sand Demon's advance order, all the Chaos Beasts scattered in various places moved closer to the tribe.

Now the assembly has basically been completed.

Sand Demon stood on the altar.

Suddenly, a beast roar came faintly from a distance.

Sand Demontian listened attentively.

After a while.

The expression on his face showed confusion.

"There are really human monks who have broken through."

"But Sha Shiba, did you read that correctly?"

"Only less than 30,000 monks came, and only six Taiyi Immortal Lords?"

"With such little power, how dare they come to Mingsha Ridge?"

"Is this team just the vanguard, with a large force behind it?"

Sand Demon Three stood on the altar, silently analyzing the message that Sha Shiba had just sent back.

After sorting out this information, I slowly fell into deep thought.

It always feels like today's events reveal something unusual.

Everything feels a little weird.

While Sha Motian was still deep in thought.

Suddenly it screamed.

"not good."

Sha Yue, who was standing next to him, saw that Sha Motian was chattering away.

It's a bit speechless.

what the hell is this?

What's wrong?

It also heard the message sent back by Sha Shiba just now.

It's not a big deal.

They just came, a group of human monks looking for death.

After putting them all on the altar, it will be done.

Maybe the Mingsha Ridge tribe can take advantage of this opportunity.

Improve your strength.

Sacrifice all six Taiyi Immortal Lords to the Supreme True God.

If you're lucky.

Maybe their Mingsha Ridge tribe might have a chance to give birth to a king beast.

Sha Yue was about to ask a question when he saw the Sand Demon God nagging.

All I could hear was Sha Motian murmuring to himself.

"Sha Shiba is dead."
