Section 451

"What? How could Sha Shiba die?"

"It's an eight-star chaos beast. How could those human cultivators kill it?"

"Even if it was accidentally surrounded by human cultivators, it couldn't die so quickly."

Hearing Mo Tian's words.

Sha Yue was shocked.

...

Chapter 358 The situation is in chaos

Hearing that Sha Shiba was dead, Sha Yue couldn't believe his ears.

How could this be possible.

Sha Shiba is also an eight-star chaos beast.

In the entire Mingshaling tribe.

There are really few people who are stronger than Sha Shiba.

To be able to kill an eight-star chaos beast cultivator in an instant, how strong must it be.

Even the top Taiyi Immortal Lord can't do it, right?

Could it be the Daluo Immortal King.

Thinking of this.

Sha Yue couldn't help but exclaimed.

"High Priest, you can't be mistaken, right? Sha Shiba is really dead?"

Sha Mo Tian nodded silently.

It didn't want to believe it was true either.

But as the chief priest of the tribe, the intuition in the dark will definitely not be wrong.

As long as there is a Chaos Beast dying in the tribe, no matter how far away it is.

It can sense it.

This is definitely correct.

What Sha Yue can think of, Sha Motian can also think of.

"Is it really the Daluo Immortal King who came?"

"This shouldn't be?"

Sha Motian was very puzzled.

The person who can kill Sha Shiba in an instant must be stronger than the level of Dayi Immortal.

But why would such a person come to Mingsha Ridge?

Besides.

If there is a Daluo Immortal King who wants to destroy Mingsha Ridge, there is no need to go through so much trouble.

Just rush over.

They can't stop it.

And.

According to the message sent back by Sha Shiba just now.

Nangong Tianming is driving the fairy ship and is flying quickly towards the tribe.

How could it be so coincidental?

Sha Shiba just found Nangong Tianming and was beaten to death.

Is there a Daluo Immortal King hidden on Nangong Tianming's fairy ship?

The Nangong Immortal Clan has set their eyes on the territory of Mingsha Ridge.

So they asked a Daluo Immortal King to help?

Does Nangong Tianming have such a big face?

Can he ask the Daluo Immortal King?

At this time, Sha Motian's mind was full of doubts.

Even if he made up his mind, he couldn't think of the key to the problem.

Seeing Sha Motian, he was still talking nonsense.

Sha Yue next to him was very anxious.

At this time, why are you still thinking so much?

Hurry up and ask for help.

No matter if it is a Daluo Immortal King or not.

They can basically not stop those who can kill Sha Shiba in an instant.

At this time, why hurry up and ask for help from Niulanshan.

What are you waiting for?

Do you have to wait until others rush directly to your face?

Isn't that the rhythm of waiting to die?

Thinking of this.

It said to Sha Motian anxiously.

"High Priest, quickly ask for help from Niulan Mountain."

"Otherwise, it will be too late."

Sha Motian looked back at Yisha Yue, his expression very helpless.

What a fool.

Of course he knew that he had to ask for help from Niulan Mountain.

But what should he say?

Now they haven't even seen the enemy yet.

They don't know who the enemy is.

How can he speak to the king beasts in Niulan Mountain?

Should he say it.

Is Nangong Tianming leading less than 30,000 people to attack Mingsha Ridge?

If that's the case.

The king beasts in Niulan Mountain will definitely come.

But they won't help them deal with Nangong Tianming.

But they will slap it to death.

Damn it.

With just the Nangong Immortal Clan's small human forces, they need help in Mingsha Ridge.

It's better to just die.

But Sha Motian knows.

They really need help, and they can't delay.

Thinking of this.

Sha Motian took a deep breath and silently organized his words in his mind.

Soon, he took out an ancient bell and shook it gently a few times.

The crisp bell sound quickly spread far away.

The invisible sound waves spread all the way to the distant Niulanshan tribe.

At this time in the Niulanshan tribe.

Niu Man was standing quietly on the altar.

Around him, more than 20 tall figures gathered.

These were all the king-level chaos beasts of the Niulanshan tribe.

More than 20 king-level chaos beasts gathered together.

The soaring momentum almost shattered the surrounding void.

Niu Man was talking to other chaos beasts.

Suddenly, his expression moved and he took out an ancient ox horn.

Niu Man knocked it gently a few times.

A strange sound wave spread out from the ox horn.

After listening carefully for a while.

Niu Man looked solemn.

He muttered to himself.

"Another level 3 tribe was attacked by human monks."

Hearing this, a tall Chaos Beast nearby asked Niu Man.

"High Priest, which tribe was attacked by humans? What's the situation now?"

Section 452

It was Niu Lin who asked the question.

He was also a powerful king-level chaos beast.

In the Niulanshan tribe.

He was second only to Niu Man.

Just a while ago.

Niu Man called them together to discuss the next sacrificial ceremony.

However, before they started discussing the sacrificial ceremony.

Niu Man received a request for help from the major affiliated tribes.

If it was just one family asking for help, it would be easy to say.

Just send a king-level chaos beast to support.

Now that all places are asking for help, it is a bit difficult to deal with.

Fortunately, those third-level tribes that asked for help did not find the Daluo Immortal King of the human race.

It should be able to hold on for a while.

Niu Man was worried that this was a conspiracy of the human cultivators.

It thought.

Maybe the human race was fishing.

If a king-level chaos beast was sent out alone.

I am afraid it would be ambushed by the Daluo Immortal King of the human race.

During the last sacrificial ceremony, their Niulanshan tribe lost two king-level Chaos Beasts.

This really made Niu Man feel distressed for a long time.

So he planned to wait for a while.

Wait until the situation is clear.

However, the message for help from Mingshaling this time seemed a little different.

This made Niu Man wonder if he had guessed wrong before.

He glanced at Niu Lin, then slowly spoke.

"We just received a message for help from Mingshaling."

"It said that a Daluo Immortal King appeared on their side."

"Because they were responsible for the vigilance, it was an eight-star Chaos Beast."

"However, after discovering the human army, the eight-star Chaos Beast was killed instantly."

Hearing Niu Man's words, there was an uproar at the scene.

Niu Lin frowned.

He said seriously.

"The one who can kill the eight-star chaos beast instantly must be the Great Luo Immortal King."

"High Priest, it looks like we have to go out."

"The actions of the human cultivators this time are obviously very abnormal."

"Maybe they want to wipe out all our affiliated forces."

"We can't let them succeed."

"Otherwise, there will be no affiliated tribes outside."

"In the future, we will have to face the harassment of human cultivators every day."

Niu Man frowned.

It naturally knows the reason.

It's just that the situation is in chaos now.

The human cultivators are attacking everywhere, making it unable to grasp the key points.

It is worried that this is a trap.

It is a trap set by the human Great Luo Immortal King for their Niulan Mountain.

"Is this possible?"

Niu Man muttered silently in his heart.

From the current situation.

The human cultivators participating in the war are all from Wanxianmen and Chaotian Palace, as well as their affiliated forces.

The Divine Beast Sect did not participate in this matter.

To be honest.

Even if the Divine Beast Sect joins.

Niu Man is not afraid at all.

If we really talk about hard power.

They Niulanshan can completely crush the three super powers of the South Sea Fairyland.

The only thing we are afraid of is that there will be forces outside the domain involved.

If that happens, it will be a bit difficult to deal with.

...

Chapter 359 For the tribe

Niu Man felt that he seemed to be shrouded in a layer of fog.

It made it unable to see the direction.

It didn't know what the human cultivators wanted to do this time.

Was it only Wanxianmen and Chaotian Palace that initiated this action together.

Or was there someone else?

Wanxianmen and Chaotian Palace were just the roles of rushing to the front and playing soy sauce.

There are more powerful forces squatting in the back.

If that happens.

That would be terrible.

If they go out to support, won't they be wiped out?

Thinking of this.

Niu Man was extremely entangled.

They must rescue those affiliated forces.

The affiliated forces are not only the outer barrier of Niulanshan, but also part of their strength.

If they rashly abandon these outer tribes.

Not only will it seriously damage the reputation of Niulanshan, it will also weaken their strength.

But now it has not figured out the routine of the human cultivators.

If there is a big pit here, it will be a big trouble.

If you are not careful.

They will trap themselves, that would be nonsense.

Just when Niu Man was still struggling.

Niu Lin next to him whispered to him.

"High Priest, we don't need to worry too much."

"There are only those human forces around."

"Except for the three super forces in the South Sea Fairyland, other forces are very far away from us."

"They should not get involved."

"Because it doesn't do much good for them."

"As for higher-level forces, there is even less to worry about."

"We have the Helan Mountain behind us, and I think Tianxing Daozu will not dare to act rashly."

Niu Man thought for a moment, and he glanced at Niu Lin.

Then he asked slowly.

"Then what do you think of this matter?"

Niu Lin thought for a while, and he responded seriously.

"I think this is a joint effort between Wanxianmen and Chaotian Palace, with no other forces involved."

"They want to clean up the peripheral tribes to reduce the pressure during the next sacrificial ceremony."

"Similar things have happened many times before."

"As long as we provide timely support, those human forces will not be able to cause any big trouble."

After listening to Niu Lin's narration.

Niu Man fell into deep thought quietly.

Maybe what Niu Lin said makes sense.

Section 453

Maybe it thought too much.

After a long while.

Niu Man took a deep breath.

He looked at the king-level chaos beasts in front of him, and then said solemnly.

"I always feel that something is wrong this time."

"But we can't not save those peripheral tribes."

"If we shrink back, we will only make people laugh."

"So I decided that all the chaos beasts below nine stars will stay in the tribe."

"As for the rescue, leave it to us to handle it."

"All the king beasts will go out together, and everyone will stick together."

"In this way, even if the human cultivators have any conspiracy, they can't do anything to us."

"Let's act together. As long as Tianxing Daozu doesn't come out, we are not afraid of any enemy."

Hearing Niu Man's words, everyone looked at each other.

After a long while.

Niu Lin asked stutteringly.

"High priest, don't you leave a few king beasts to protect the tribe?"

According to Niu Man.

Let all these king-level chaos beasts come out in full force.

But in this way.

Do they not want to live anymore?

If one or two human Daluo Immortal Kings come over, wouldn't they be able to destroy their lair?

Niu Man looked into the distance, as if he had seen through the layers of fog.

He spoke lightly.

"I have a feeling that the human Daluo Immortal King must have ambushed halfway."

"Just waiting for us to go over and support."

At this point.

Niu Man paused for a moment.

He said solemnly.

"This may be a big war, we can't be careless."

"If we don't concentrate all our efforts, we may be defeated by the human race one by one."

"As for the safety of the tribe, everyone doesn't have to worry at all."

"I'm sure that the Daluo Immortal Kings of the human race have now gathered together."

"They can't spare any strength to attack the tribe."

"What's more, there are still a large number of nine-star chaos beasts left in the tribe."

"Even if some Daluo Immortal Kings come, they should be able to hold on for a while."

"If we make a mistake, we can come back to support immediately."

"It's decided, let's go together."

"Yes, High Priest."

With Niu Man's order.

Twenty-four king-level chaos beasts took broad steps.

They ran quickly into the distance and soon disappeared in the mountains of the Niulanshan tribe.

...

After Zhang Yuhe pointed at Sisha Shiba, they did not stay where they were.

Instead, they continued to advance towards Mingsha Ridge.

I just don't know why.

In the following journey, they did not find any traces of chaos beasts.

They flew quickly all the way, and didn't even see an ordinary Chaos Beast.

At this time, everyone understood.

The Chaos Beasts in Mingsha Ridge must have retreated back to the tribe.

Everyone thought in their hearts.

What they are about to face may be a brutal battle.

Despite this.

Everyone was not afraid.

The monks and Chaos Beasts have been fighting in the fairy world for countless years.

There are countless battles.

Everyone has long forgotten what fear is.

The most important thing is.

They have Zhang Yuhe this time.

In fact, not only the disciples of Daosheng Sect, but even the disciples of Nangong Immortal Clan.

They are full of confidence in Zhang Yuhe.

During the last beast tide.

Most of them have seen how powerful Zhang Yuhe is.

Besides.

The ancestors are confident, so what do they have to worry about?

Follow the Immortal Lord Ancestor, see the Chaos Beast, and kill it.

Killing a Chaos Beast casually can make a small fortune.

If Mingsha Ridge can be conquered.

That will be countless wealth.

Thinking of this.

Everyone was full of expectations.

...

Sha Motian stood on the altar.

Suddenly he looked up into the distance.

He saw two streams of light passing quickly across the horizon.

Seeing this.

Sha Motian's heart tightened.

He murmured to himself.

"This is Sha Shiba. Did you see the two fairy ships and flying boats?"

Sha Motian looked around.

He saw a large number of Chaos Beasts, densely covering the entire Mingsha Ridge.

In order to deal with the possible arrival of enemies.

Sha Motian recalled all the Chaos Beasts in the tribe to Mingsha Ridge.

Now it depends on whether they can defend the tribe.

Thinking that there might be a Daluo Immortal King on the fairy ship in the distance.

Sha Motian has no confidence at all.

They can't beat the Daluo Immortal King.

"I hope Sha Shiba just died in an accident."

"Nangong Tianming should not be able to invite the Great Luo Immortal King."

Sha Motian stared at the fairy ship that was flying quickly in the distance.

He took a deep breath.

Then waved his hand and shouted.

"The human cultivators are about to invade Mingsha Ridge. I hope everyone will fight bravely."

"For the tribe."

As soon as Sha Motian finished speaking.

The Chaos Beasts all over the mountain also shouted excitedly.

"For the tribe."

"For the tribe."

...

Section 454

The Chaos Beasts all over the mountains shouted excitedly.

The cry of "For the tribe" resounded through the sky.

Zhang Yuhe drove the flying boat and flew quickly all the way.

When they approached, only a million miles away from Mingsha Ridge.

The flying boat and the fairy ship suddenly stopped.

Zhang Yuhe looked into the distance.

At this time, Mingsha Ridge had gathered a large number of Chaos Beasts.

Countless Chaos Beasts gathered between the mountains, which looked very spectacular.

Seeing such a situation.

Zhang Yuhe was a little speechless.

What are these Chaos Beasts doing?

Are they having a meeting?

Why are they staying there?

Under normal circumstances.

When Chaos Beasts see the monks, don't they all rush over like they have no brains?

Now they have all killed to the gate of Mingsha Ridge.

Those Chaos Beasts are still staying in the tribe.

Are they waiting for them to kill in?

When did these Chaos Beasts change their temper?

Seeing the Chaos Beasts in Mingsha Ridge, they became so cautious.

Zhang Yuhe didn't know what to say for a moment.

...

Zhang Yuhe stood on the flying boat and could see the Chaos Beasts in the distance.

Sha Motian stood on the altar and could naturally see Zhang Yuhe and others in the distance.

He carefully observed everyone on the fairy ship.

He carefully felt the breath emanating from these people.

However, after repeated confirmation.

Sha Motian didn't see it.

There was a Daluo Immortal King on the fairy ship and flying boat in the distance.

"Is there really no Daluo Immortal King?"

"Did Sha Shiba just get careless for a moment and get killed by these human cultivators?"

Thinking of this.

Sha Motian's originally nervous mood finally relaxed.

There was no Daluo Immortal King.

Just relying on the six Dayi Immortal Lords on the fairy ship and flying boat in the distance.

He dared to run to Mingsha Ridge.

He was really looking for death.

"Humph."

Sha Motian snorted coldly.

It waved its right hand and said indifferently.

"Let's charge together and capture all the monks who want to offend the tribe."

"Remember, they must be alive."

"I will put them all on the altar to sacrifice to the great Supreme True God."

Boom...

With Sha Motian's order.

Countless Chaos Beasts suddenly started on the spot.

They took broad steps and rushed towards the direction of the fairy ship and the flying boat.

For a moment, the surrounding earth shook and the sky and the earth changed color.

Looking at the vast number of Chaos Beasts rushing towards this side.

The disciples of Daosheng Sect and Nangong Immortal Clan jumped out of the flying boat and the fairy ship one after another.

Everyone was divided into small teams and quickly dispersed around.

Facing a war of this scale.

With so many of them, it is naturally impossible for them to fight together.

If that were the case.

Everyone's magical powers and immortal weapons would not be able to be fully utilized.

More importantly.

They have to make enough battlefield space for the Immortal Lord Ancestor.

They dared not get involved in the battle between the Immortal Lord and the Chaos Beast.

Otherwise.

Any little aftermath would be enough to tear them apart.

Dao Sheng Sect and Nangong Immortal Clan, nearly 30,000 disciples, quickly dispersed around.

Yu Liwei, who was standing next to Zhang Yuhe, also slowly rose into the air.

This was her first battle after she was promoted to Taiyi Immortal Lord.

Yu Liwei really wanted to know how strong she was now.

Could she beat the Seven-Star Chaos Beast.

Looking at the beasts rushing in the distance, Yu Liwei felt a little nervous.

To say that she was not afraid was naturally a lie.

There were at least hundreds of Chaos Beasts of Taiyi Realm in the Mingshaling Tribe opposite.

If she was besieged by a large number of Chaos Beasts, she would not have the confidence to rush out.

If Zhang Yuhe had not been there this time.

She would have turned around and ran away.

Facing a large number of Chaos Beasts, and a large number of Chaos Beasts of Taiyi Realm.

Unless it was the Daluo Immortal King.

Otherwise.

Not many people can remain calm.

Nangong Tianming stood on the fairy ship.

Three thick gun barrels slowly stretched out.

He looked back at Zhang Yuhe.

Zhang Yuhe was still standing on the flying boat, and he had no intention of taking action.

This made him a little anxious.

Under the leadership of Sha Motian, a large number of Chaos Beasts were about to rush to their faces.

Why not take action?

You know.

The reason why Nangong Tianming dared to attack the Mingshaling tribe.

His confidence was completely based on Zhang Yuhe.

If there was no Zhang Yuhe, he would rather stay in Tiangong City.

He dared not run here to take risks.

Although his own strength can be regarded as top in the Taiyi realm.

But facing Mingshaling, hundreds of Taiyi realm Chaos Beasts.

He has no confidence that he can beat them.

In this situation.

It is already very good that he can save his life.

But the problem is.

This time he didn't come alone.

He also brought nearly 20,000 elite disciples from the Nangong Immortal Clan.

Once they were surrounded by the Chaos Beasts.

These elite disciples would have almost no chance of survival.

Thinking of this.

Nangong shouted to Zhang Yuhe anxiously.

"Master Zhang..."

Section 455

Zhang Yuhe nodded lightly.

What are you panicking about?

Although there are indeed many chaos beasts in Mingsha Ridge, and their strength is also very good.

But in his eyes.

These chaotic beasts are nothing more than chickens and dogs.

Just a few sword rays can sweep down a large area.

The reason why Zhang Yuhe was not in a hurry to take action.

He wanted to wait.

Wait until the Chaos Beasts from Mingsha Ridge approach, and wait for more Chaos Beasts to gather together.

By that time.

He only needs to unfold the Nine Heavens Hunyuan Sword Formation to wipe out all these chaotic beasts.

If he took action too early, he was afraid that some of these chaotic beasts would escape.

He was not interested and slowly pursued him.

It's best to take it with you directly.

Reduce subsequent troubles.

Zhang Yuhe stood quietly at the front of the flying boat.

Watching the Chaos Beast running rapidly in the distance, he remained unmoved.

After a while.

The herd of beasts in the distance is getting closer and closer.

Zhang Yuhe muttered to himself.

"It should be almost done."

At this time, the chaos beasts in Mingsha Ridge were led by Sand Demontian.

It formed a wide front and rushed towards them quickly.

Sha Motian was running fast while staring at the fairy ship in the distance.

After repeated confirmation.

It's 100% certain.

On the immortal ship opposite, there was no Daluo Immortal King.

to be honest.

Sha Motian didn't understand very much.

Where did Nangong Tianming get the confidence to dare to come to their Mingsha Ridge to die.

Although Nangong Tianming has good strength.

Maybe they can't keep it.

But don't Nangong Tianming want those disciples and grandsons of the Nangong Immortal Clan?

As for the flying boat, Sha Motian didn't take it seriously at all.

Although there are two Taiyi Immortal Lords on the flying boat.

It's just that these two people are a bit unfamiliar.

Sha Motian didn't know him.

I don't know which force these two people are from in the South China Sea Immortal Domain.

despite this.

Sand Motian didn't take these two people seriously at all.

Even the Immortal Ship can't afford Taiyi Immortal Lord, how strong can it be?

I'm afraid he is the bottom among the Immortal Lords.

Looking at the fairy ships and flying boats in the distance.

A hint of excitement flashed in Sha Motian's eyes.

If we can catch all these six Taiyi Immortal Lords.

Then by offering sacrifices to the Supreme God.

Maybe it could be promoted to a king-level chaos beast.

Thinking of the majesty of the king beast.

Sand Demon couldn't help but let out a loud roar that shook the sky.

...

Chapter 361 Sha Motian is desperate

Seeing the Chaos Beast getting closer and closer.

Some disciples in the distance were already fighting with the Chaos Beasts.

Zhang Yuhe stood at the front of the flying boat and murmured to himself.

"It should be almost done."

Seeing that the time has come.

Zhang Yuhe finally planned to take action.

I saw him wave his right hand.

The nine fairy swords flew out quickly and fell towards a million miles away.

Follow the magic formula and pinch it.

A magnificent sword energy light curtain slowly formed in the distance.

At this time, Sand Demontian was still running wildly while dreaming about the king beast.

However, it suddenly discovered.

I don't know when.

A huge sword array actually trapped all the chaotic beasts in Mingsha Ridge.

"No, there's an ambush."

Feel the powerful pressure emanating from the sword formation.

Sha Motian immediately felt something was wrong.

Once they fall into the sword formation, they may become lambs to be slaughtered.

"No, we must break this sword formation first."

Think of this.

Roar.....

Sand Demon Sky let out a loud roar, and shouted loudly towards the surrounding Chaos Beasts.

"Let's all work together to break this sword formation."

Hear Sand Demon's order.

The herd of beasts that were running wild immediately fell into chaos.

Just now everyone was running forward.

Now, everyone is asked to disperse and attack the sword array on the outside.

Isn't this a joke?

Such a huge team could not be transferred in a short time.

But these chaos beasts will soon no longer have to worry.

Because the boundless sword energy has swept over.

As Zhang Qiyuhe pinched the magic formula.

A massive amount of sword energy instantly swept across the Chaos Beasts in Mingsha Ridge.

The chaos beasts all over the mountains and plains seemed to have been cast by some kind of magic.

The momentum of running wildly stopped immediately.

As several rounds of sword light swept by.

Those Chaos Beasts below six stars were quickly cut into ashes.

After a while.

There were originally countless chaos beasts, but only a hundred or so were left.

The remaining chaos beasts are all seven stars or above.

It is equivalent to the existence of Taiyi Immortal Lord.

However, these Chaos Beasts are actually not much better.

Zhang Yuhe integrated the power of law into the sword formation.

The nine powerful powers of the Supreme Law directly control these chaotic beasts in the Taiyi Realm.

They were all locked in place, completely unable to move.

Oh, no.

You can still move.

At this time, those chaos beasts included Sha Motian and Sha Yue, two powerful nine-star chaos beasts.

Section 456

His whole body was shaking violently.

This is not annoying.

But a kind of extreme pain.

The boundless sword energy inspired by the Nine Heavens Hunyuan Sword Formation.

Although it cannot be cut directly, the defense of these Taiyi realm chaos beasts.

But the power of various laws can still bring great harm to them.

In particular, the power of the Divine Soul Law can penetrate the defense of the Chaos Beast.

Cut directly into the depths of the soul.

The extreme soul pain caused these chaotic beasts to tremble violently.

Roar.....

Hundreds of Taiyi Realm Chaos Beasts roared in unison.

They struggled wildly, trying to break free from their confinement.

However, it was of no use.

Zhang Yuhe has already understood all the nine supreme laws to the state of great success.

The Law of Dacheng corresponds to the Taiyi realm.

Special rules are enough, causing considerable interference to monks and chaos beasts of the same level.

The Supreme Law is even more powerful.

The Supreme Prodigy can easily suppress monks of the same level just by relying on the power of law.

You can even challenge across levels.

With the powerful power of the Supreme Law, Chaos Beasts below nine stars.

Trying to break free from Zhang Yuhe's imprisonment is simply a fantasy.

After a while.

Those seven-star chaos beasts began to fall silently one after another.

Although there are traces of scars on their surface.

The sword energy inspired by the Nine Heavens Hunyuan Sword Formation is not enough to cut through the defenses of these chaotic beasts.

But their soul consciousness sea has been directly cut into pieces by the soul law attached to the sword energy.

The entire Mingsha Ridge tribe had a huge team of Chaos beasts.

So far, there are only a dozen Chaos Beasts left.

Except for Sha Motian and Sha Yue.

All the rest are eight-star chaos beasts.

Zhang Yuhe stood at the front of the flying boat and looked at everything in front of him quietly.

He's not like he used to be.

He picked up the Nine Heavens Flying Spirit Stick and rushed to the sword formation to do it.

Totally unnecessary.

After he was promoted to Taiyi Immortal Lord.

Now the power of the Nine Heavens Hunyuan Sword Formation is no longer the same as before.

He didn't need to make any other moves at all.

Just rely on this sword formation.

It is enough to kill all the creatures under the Great Luo Immortal.

Whether it's a monk or a chaos beast.

It is not enough to fight against the current Nine Heavens Hunyuan Sword Formation.

That being the case.

Why should he bother anymore?

Just wait slowly.

Zhang Yuhe stood on the flying boat and quickly pinched the magic formula in his hand.

While looking indifferently at the remaining Chaos Beasts in the sword formation.

Although the remaining Chaos Beasts are still struggling there.

But Zhang Yuhe knew.

These chaotic beasts cannot struggle for long.

The law of the soul directly acts on the depths of the soul, which is really scary.

These Chaos Beasts are all extremely powerful.

But when being imprisoned by the sword formation.

It can't last very long at all.

Roar.....

Sha Motian looked at the flying boat in the distance and let out a thundering roar.

It wasn't until now that he understood.

It turned out that there was a super killer god hidden on this humble flying boat.

It was careless before.

I thought that without the existence of Da Luo Immortal King, it would be completely impossible for the Nangong Immortal Clan to fight against Mingsha Ridge.

It ignored the craft.

He also ignored the monks on the flying boat.

It was originally thought.

This is just an ordinary Taiyi Immortal Lord.

Don't worry about it at all.

Ordinary Taiyi Immortal Lord, or even a seven-star chaos beast, might not be able to defeat him.

Now it seems.

Where is this, an ordinary Taiyi Immortal Lord?

This is simply an endless abyss.

The abyss that would swallow them whole, the Mingsha Ridge Tribe.

In the eyes of Sha Motian.

Zhang Yuhe is much more terrifying than Immortal King Daluo.

Even if they encounter Daluo Immortal King, there is still a certain chance that they can escape.

After all, there are so many chaos beasts in the entire Mingsha Ridge tribe.

Even if Daluo Immortal King is powerful.

It's impossible to kill them all.

They disperse and run away, and they can definitely escape some of them.

But facing the young man in front of them, they had no power to resist at all.

There was no chance of escape.

This young man stood on the flying boat with a calm expression.

Just rely on a sword array.

The Mingsha Ridge Tribe has developed its power for countless years.

All turned into ashes.

Even Sha Motian himself was trapped in the sword formation at this time, completely unable to move.

I can only wait quietly for death to come.

Think of this.

Endless regret arose in Sha Motian's heart.

Should have known so.

After sensing the news of Sha Shiba's death.

It should take the entire tribe and move to other places immediately.

The Chaos Continent is vast and there is plenty of room for them to survive.

It's just that no matter what you say now, it's too late.

Mingsha Ridge has become history.

Although there are still a few Chaos Beasts scattered around the periphery.

He was not trapped in the sword formation.

But among those chaos beasts, the ones with the highest strength are only six stars.

Even if one or two escape, what's the use?

Moreover.

Except for the young people on the flying boat.

There are a large number of human monks around.

Will they let those Chaos Beasts escape?

Section 457

Think of this.

Sha Motian couldn't help but despair.

It felt like it had fallen into boundless darkness.

...

Chapter 362 Disappeared

When the Chaos Beast from Mingsha Ridge was approaching quickly.

Daosheng Sect and Nangong Immortal Clan disciples formed a small team of five.

Quickly spread out to attack the Chaos Beast.

However, before they could wait, they got into a fight with the Chaos Beast.

Suddenly a huge sword formation rose up.

As several rounds of sword light swept by.

The chaos beasts all over the mountains and plains were wiped out in an instant.

Originally, the number of chaos beasts in Mingsha Ridge was at least one million.

A large number of chaos beasts were instantly cut into pieces by this terrifying sword formation.

In the blink of an eye.

There were actually only about ten Chaos Beasts left that could still struggle.

Moreover, the auras on these chaotic beasts are also moving at a speed visible to the naked eye.

It's sliding down fast.

It probably won't be long.

These powerful chaos beasts will also follow in their footsteps and fall.

See this situation.

Everyone present, from Nangong Tianming to ordinary true immortal disciples.

Everyone was stunned.

Although everyone has long known that Zhang Yuhe was promoted to Taiyi Immortal Lord.

The strength must be extremely powerful.

However, no one expected it at all.

Zhang Yuhe is actually so strong.

Is this even a human being?

He is alone, with only a sword array.

In an instant, more than a million chaos beasts were killed.

And these chaos beasts.

It's not like those during the beast wave.

During the beast tide.

There will be a large number of one-star and two-star chaos beasts mixed in the middle.

But Mingsha Ridge, as a third-level tribe.

The chaos beasts among them are all extremely powerful.

Although there are also one or two star Chaos Beasts.

But in terms of proportion.

The proportion of high-level chaos beasts is much higher than during the beast tide.

the most important is.

There are hundreds of chaos beasts among them, with seven stars and above.

This is all equivalent to the existence of Taiyi Immortal Lord.

In the Nangong Immortal Domain.

Every Taiyi Immortal Lord is a pillar of strength for a great force.

It is an existence that is called the ancestor.

However, these Chaos Beasts are as powerful as Taiyi Immortal Lord.

Under Zhang Yuhe's sword formation.

Not much stronger than those ordinary chaos beasts.

It's just that I held on for a little longer.

They were also wiped out silently by the powerful sword formation.

Under Zhang Yuhe's powerful sword formation.

The Seven-Star Chaos Beast, which is as powerful as Taiyi Immortal Lord, is actually no different from an ordinary Chaos Beast.

There was silence.

Seeing this situation, everyone didn't know what to say.

Originally they thought.

Facing Mingsha Ridge, such a powerful tribe of Chaos Beasts.

Today will definitely be a bloody battle.

Maybe more than half of them will perish.

But this is just the beginning.

The powerful Mingsha Ridge tribe is actually almost dead.

There was no need for them to take action against the remaining dozen or so Chaos Beasts.

This time they will take action again.

That's not killing chaos beasts, but grabbing monsters.

These remaining chaos beasts.

It has long been Zhang Yuhe's meal.

How could other people be embarrassed to take action again?

Everyone could only stand aside and watch quietly.

I was originally looking forward to a shocking battle.

Now they have all turned into mere spectators.

The joys and sorrows of life change so quickly.

This made it difficult for everyone to adapt to it for a while.

Zhang Yuhe stood on the flying boat.

Looking at what was left on the scene, more than a dozen Chaos Beasts were still struggling.

These chaos beasts are all eight stars or above.

All of them are extremely powerful.

Even the top Immortal Lord Taiyi wants to kill an eight-star chaos beast.

It's definitely not that easy.

It requires the cooperation of various means, and then some luck.

Otherwise.

When the Eight-Star Chaos Beasts cannot be defeated, they will also choose to run away.

Once they are running.

Even the top Immortal Lord Taiyi may not be able to retain him.

These chaotic beasts are now imprisoned by the power of law.

Completely unable to move.

But Zhang Yuhe knew.

If you want to completely kill these chaos beasts, you still need to spend more effort.

Think of this.

Zhang Yuhe quickly used the magic formula.

The originally huge sword formation began to shrink rapidly.

From a million miles in radius, it shrinks to only a few miles in radius.

The smaller the range of the sword array, the more powerful it becomes.

As the scope of the sword formation quickly shrunk.

The Chaos Beast trapped inside finally began to lose its support.

Those eight-star chaos beasts also began to fall to the ground one after another.

Another moment passed.

Roar.....

Sha Motian let out a thunderous roar, and then fell down unwillingly.

So far, all the surrounding Chaos Beasts have been swept away by Zhang Yuhe.

The originally powerful Mingshaling tribe disappeared.

Section 458

Even if there are still a small number of Chaos Beasts scattered in other places.

But it's no longer the climate.

Zhang Yuhe waved his right hand.

The nine fairy swords turned into flowing light and fell into his sleeves one after another.

Looking at the corpses of Chaos Beasts all over the ground, as well as the crystal nuclei scattered everywhere.

Zhang Yuhe frowned slightly.

The quantity is a bit high.

The corpse of the Chaos Beast is not bad.

Only Chaos Beasts with seven stars or above have corpses left behind.

As for the Chaos Beasts below six stars, they have already been cut into ashes by the invisible sword energy.

Except for the crystal core, nothing was left at the scene.

See the situation in front of you.

Zhang Yuhe threw out a pagoda-shaped fairy weapon.

The pagoda flew into the air and then grew rapidly.

Chaos beast corpses on the ground, as well as a large number of crystal nuclei.

Quickly fly into the pagoda.

This pagoda is also a space artifact.

It's enough to hold these huge Chaos Beast corpses.

Wait until Zhang Yuhe has finished all this.

Everyone at the scene was still dumbfounded.

What happened today is really shocking.

What is invincibility at the same level?

This is called invincibility at the same level.

Zhang Yuhe swept through the entire Mingshaling tribe by himself.

The terrifying strength of the Supreme Prodigy has once again refreshed everyone's understanding.

It's terrible.

Hundreds of Taiyi Realm Chaos Beasts are just like little chickens.

He was wiped out by Zhang Yuhe in an instant.

It's hard for everyone to imagine.

If one day, Zhang Yuhe breaks through to the level behind Da Luo Immortal King.

How terrible that would be.

However, I think of the terrifying calamity faced by the Supreme Prodigy who breaks through the great realm.

Everyone's mood is a little complicated.

In the long history of the fairy world.

There are really not a few supreme geniuses who have ever appeared.

But in the end, there were only three people who were successfully promoted to Daluo Immortal King.

This shows how difficult this road is.

The Supreme Prodigy possesses strength that far exceeds that of the same level.

But the price involved is beyond the imagination of ordinary people.

Every time they break through a great realm, they go through the gate of hell.

And the further you go to the back, the more so.

There are almost no people out of ten who can pass through the gate of hell.

Everyone looked at Zhang Yuhe.

There is awe, envy, admiration, and some complexity in my heart.

they thought in their minds.

I don't know how far the Supreme Prodigy can go with such a powerful talent.

Will he become the first supreme Taoist ancestor in the history of the immortal world?

...

Chapter 363 Six Immortal Kings

All the chaotic beasts were seen wiped away by Zhang Yuhe's sword array.

Everyone's faces couldn't help but show excitement.

Originally, everyone thought that they might have to go through a bloody battle where life and death were unknown.

Only then can we defeat the Chaos Beast in Mingsha Ridge,

No idea.

They didn't do anything, they just finished it.

Almost all the chaos beasts in Mingsha Ridge are dead.

Now is the time to harvest.

Everyone looked in the direction of Mingsha Ridge and felt extremely excited.

This is a third-level Chaos Beast tribe.

How many good things are there?

The core area of Mingsha Ridge is at least tens of millions of miles in radius.

In this core area, almost no monks have ever been here before.

There must be a large number of elixirs and spiritual fruits growing inside.

Chaos beasts have different systems from monks.

They don't need to practice, nor do they need these heavenly materials and earthly treasures.

For the Chaos Beast.

They only need to capture the monks and then sacrifice them to the Supreme True God.

As long as the level of the sacrifice is high enough and the quantity is large enough.

The Supreme True God will give them feedback on their cultivation and improve their strength.

What are precious treasures of heaven and earth in the eyes of monks are precious to Chaos Beasts.

Completely useless.

Sha Motian led the chaos beasts in the tribe to occupy Mingsha Ridge for countless years.

So many years have passed.

Since no monks broke in.

The elixirs and fairy fruits in this area have always been growing in a barbaric state.

There must be many precious treasures of heaven, materials and earth among them.

Looking at Mingsha Ridge in the distance, everyone was filled with expectations.

If they can, find a rare elixir or fairy fruit or two.

Wouldn't that be a direct takeoff?

Think of this.

Everyone was extremely excited.

Nangong Tianming took off from the fairy ship and soon landed on Zhang Yuhe's flying boat.

He took a deep breath, and then said excitedly to Zhang Yuhe.

"Sect Master Zhang, almost all the chaos beasts in Mingsha Ridge are dead. What should we do next?"

At this time, Nangong Tianming was completely dominated by Zhang Yuhe.

Although Mingsha Ridge is not too far away from them.

He could just dodge a few times and fly over.

There are elixirs and miraculous fruits everywhere, almost at your fingertips.

But without Zhang Yuhe speaking, he didn't dare to move.

to be honest.

Nangong Tianming was already frightened by Zhang Yuhe.

For this ruthless man, hundreds of Taiyi Realm Chaos Beasts could be wiped out with a single backhand.

No matter how much he respected him, it was never too much.

not to mention.

The chaos beasts were all killed by Zhang Yuhe.

If they went to pick fruits without Zhang Yuhe's permission.

If there is a misunderstanding, it will be serious.

Zhang Yuhe smiled and nodded, and then said lightly.

"Let everyone search in Mingsha Ridge separately. Whoever finds the natural treasure will get it."

Section 459

"Don't affect the friendship between the two families just because of this."

Speaking of which.

Zhang Yuhe paused for a moment, then continued.

"By the way, everyone, please pay attention to see if there are any Chaos Beasts that have slipped through the net."

"If you encounter a Chaos Beast that cannot be beaten, be careful to give a warning in time."

"Yes, thank you Sect Master (Sect Master Zhang)."

As soon as Zhang Yuhe finished speaking, the audience burst into cheers.

Everyone quickly turned into streams of light and quickly flew towards Mingsha Ridge.

Such an opportunity to make a fortune may not come across them once in their lifetime.

How could anyone miss it?

Even Nangong Tianming didn't stop for a moment.

He used all his strength to move his body and flew quickly towards Mingsha Ridge in the distance.

Zhang Yuhe stood quietly on the flying boat and did not move.

He was not very interested in the natural treasures of Mingsha Ridge.

It's nothing more than some elixirs and fairy fruits.

He doesn't lack this thing.

There is a Zhangtian bottle in hand.

As long as he can get seeds and seedlings, he can plant them in large quantities.

For Zhang Yuhe.

the most important is.

After capturing Mingsha Ridge.

You have to see if there are any special fairy mines here, or special resources that can be produced for a long time.

If not, then he might have wasted his time this time.

Zhang Yuhe wants to build a huge fairy city in Chaos Continent.

And he's very demanding.

It must be a place that can continue to produce precious resources.

It is worthy of him to build a fairy city.

If it were just ordinary resources, then he wouldn't be interested.

What if they still lose money after the fairy city is established?

That would be nonsense.

After all, maintaining the operation of the fairy city also requires a lot of consumption.

If the output of Fairy City cannot keep up with the consumption.

Then what's the point of doing this fairy city?

Zhang Yuhe is not picky either.

Whether it's a mineral vein, a spiritual land, or a spiritual pond, it's all fine.

As long as it is valuable enough and can be continuously produced.

Zhang Yuhe stood quietly on the flying boat, and he did not follow him.

Searching for mineral veins and resources does not require him to do it himself.

With more than 10,000 disciples of Daosheng Sect, they can naturally turn Mingsha Ridge upside down.

And he believes it.

People from the Nangong Immortal Clan will also help search together.

Anyway, it was already agreed beforehand.

After the territory is conquered, it will be owned by the Dao Sheng Sect.

Unless he doesn't like it.

Otherwise, the Nangong Immortal Clan would not be able to snatch it from him.

Moreover, the Nangong Immortal Clan did not have the guts to compete with him.

...

After all the chaos beasts in Mingsha Ridge were destroyed.

In other battlefields, fierce battles are still going on.

After all, this is just the beginning.

Even some major forces have not yet reached their target location.

The third level chaos beast tribe is not that easy to deal with.

Although this time under the auspices of the Wanxian Sect, the major forces used absolute power.

Launch a surprise attack on the surrounding Chaos Beast tribe.

As long as there are no accidents.

Everyone should gain something.

It's just that they want to take down those third-level tribes.

It's not that simple either.

There must be a bloody battle.

It might even overturn.

On Zhang Yuhe's side, the Chaos Beasts in Mingsha Ridge have been dealt with.

In other battlefields, everything is still going on like in the picture.

A place far away from Mingsha Ridge.

At this time, Niu Man was leading twenty-three king-level chaos beasts from Niulan Mountain, running wildly forward.

A total of twenty-four king-level chaos beasts, running at full speed.

The color of heaven and earth changed.

Fengling Valley.

This is the communication channel between the Niulanshan tribe and the surrounding tribes.

No matter which battlefield the Chaos Beasts in Niulan Mountain want to support.

They all have to pass through here.

Several monks with powerful auras were standing in the void at this time.

They are none other than the Great Luo Immortal King of Wanxian Sect and Chaotian Palace.

In order to weaken Niulanshan's strength.

Under the instigation of Wanshan Immortal King.

The two families joined forces to launch the operation.

At the same time, in order to ensure the success of the operation.

Wanshan Immortal King also invited a powerful helper from Tianxing Immortal Domain.

This person is none other than the great disciple of Tianxing Daozu, Liuyue Immortal King.

Several Immortal Kings stood quietly in the air.

Among them, the Wanxian Sect includes the Wanshan Immortal King, the Taiping Immortal King, and the Xinghui Immortal King.

Chaotian Palace has Chaotian Immortal King and Yongning Immortal King.

Plus the Liuyue Immortal King from the Heavenly Star Immortal Realm.

Their group of six Da Luo Immortal Kings is all the strength to fight against the Niulan Mountain King Beast.

Immortal King Wanshan activated an immortal mirror and suspended it above everyone's heads.

The fairy mirror shed a faint light, completely covering everyone's figures.

...

Chapter 364 The curiosity of Immortal King Liuyue

The Wanshan Immortal King stood in mid-air with a calm expression.

Although there are only six of them.

As for the king-level chaos beast in Niulan Mountain, according to the latest intelligence.

There should be twenty-four.

But he still didn't worry at all.

Immortal King Wanshan is full of confidence in their action this time.

Kill all the king-level chaos beasts in Niulan Mountain.

Of course they can't do it.

But if it is weakened by more than half, there should still be a chance.

There are indeed many king-level chaos beasts in Niulan Mountain.

Even four times more than them.

However, there are also differences in strength among king-level Chaos Beasts.

Section 460

After the Chaos Beast evolves to the King Level, a cloud will appear above its head.

Among them, the newly promoted king-level chaos beast has a single color of clouds on its head.

Every time it evolves after that, the clouds above its head will add another color.

According to the different colors of the clouds above their heads, everyone divides the king-level chaos beasts into one to nine colors.

The strength of king-level chaos beasts below three colors is roughly equivalent to that of the early Daluoxian.

And because the monks have many methods.

Most of the king-level chaos beasts below three colors may not be able to beat the early Daluo Immortal King.

A four- to six-color king-level chaos beast, with strength equivalent to that of a mid-stage Great Luo Immortal.

A seven- to nine-color king-level chaos beast, with strength equivalent to the late Da Luo Immortal.

According to the knowledge of Wanshan Immortal King.

A small portion of the king-level chaos beasts in Niulan Mountain are those of three colors or below.

As for the king-level chaos beasts of seven colors or above, there can be no more than five at most.

Although they only came to six Da Luo Immortal Kings this time.

But its true strength is not much weaker than the king-level chaos beast in Niulan Mountain.

The Immortal King of Wanshan himself is the Perfect Great Luo Immortal.

And Liuyue Immortal King has already touched the threshold of the Dao Ancestor Realm.

The strength is much stronger than Immortal King Wanshan.

It is no exaggeration to say that she is a half-legged ancestor.

It is precisely because of such a strong helping hand.

Only the Immortal King of Wanshan dared to lead everyone here to attack the king-level chaos beast in Niulan Mountain.

more importantly.

In the plan of Wanshan Immortal King.

If the king-level chaos beast in Niulan Mountain rushes over to support.

It is also impossible to dispatch as a whole.

There must be a group of them left behind, the king-level chaos beasts to guard the house.

There are a total of six battlefields in the periphery.

Even on every battlefield, Niulanshan sends two to three king-level chaos beasts to support them.

Then there are probably only about ten king-level chaos beasts coming over.

With their strength, they can completely stop it.

If you're lucky.

It can even annihilate all the king-level chaos beasts that come over in one fell swoop.

After all, except for himself and Liuyue Immortal King, the remaining four Immortal Kings are not weak.

Each of them stopped a king-level chaos beast, which was no problem at all.

As for the remaining king-level chaos beasts, there should be no more than ten.

Wanshan Immortal King said.

He and Immortal King Liuyue had it all.

Just as Immortal King Wanshan was still thinking about the outcome of the next battle.

Suddenly his expression changed.

He took out an immortal mirror.

After playing a magic formula.

See the message on the Immortal Mirror.

Immortal King Wanshan couldn't help but be shocked.

"Isn't it possible? Mingsha Ridge was destroyed so quickly?"

"Is the Supreme Prodigy just that strong?"

He just received a message from Nangong Tianming.

For such a big operation this time, Immortal King Wanshan naturally needs to keep in touch with all the major forces at all times.

When emergencies occur, it is best to report and coordinate in a timely manner.

According to Nangong Tianming.

After they arrived at Mingsha Ridge.

Zhang Yuhe showed great power and displayed a terrifying sword formation.

All the chaos beasts in Mingsha Ridge were wiped out, including hundreds of Taiyi realm chaos beasts.

Wanshan Immortal King put away the Immortal Mirror and thought silently in his heart.

This can't be fake, right?

how can that be possible?

The action has just begun.

Were all the chaos beasts in Mingsha Ridge wiped out by Zhang Yuhe?

He knows Zhang Yuhe.

After all, if a supreme genius appears in the South China Sea Fairyland, there is no reason why he should not pay attention to him.

He had seen it during the last meeting in Ten Thousand Immortals City.

In the image of Wanshan Immortal King.

Zhang Yuhe's aura was restrained, and his immortal energy was extremely powerful.

At first glance, you can tell that this is not a simple role.

despite this.

No matter how outstanding Zhang Yuhe was, Immortal King Wanshan didn't pay too much attention to him before.

After all, Zhang Yuhe is still just a newly promoted Taiyi Immortal Lord.

Compared with Daluo Immortal King, there is still a big gap.

It's just that Wanshan Immortal King didn't expect it at all.

Zhang Yuhe's strength is actually so exaggerated.

With one set of sword formations, the chaos beasts of the entire Mingsha Ridge tribe could be swept away.

Such strength.

I'm afraid it's not much worse than the ordinary Daluo Immortal King, right?

Think of this.

Immortal King Wanshan couldn't help but regret a little.

If he had known earlier, Zhang Yuhe would be so powerful.

He should have a good communication with Zhang Yuhe.

Let Zhang Yuhe come over and join them to deal with the king-level chaos beast.

After all, compared to the king-level chaos beast.

A third-level tribe like Mingsha Ridge is not worth mentioning at all.

As long as you can kill one more king-level chaos beast, it will be much better than wiping out several third-level tribes.

Wanshan Immortal King raised his head and looked into the distance, hesitating in his heart.

He was considering whether to call Zhang Yuhe over now for support.

I don't know if it's urgent or not.

After all, if there is one more Daluo Immortal with fighting power, there will be more protection.

"Forget it, I guess the king-level chaos beast in Niulan Mountain will be arriving soon."

Immortal King Wanshan thought about it carefully and gave up the idea.

Mingsha Ridge is too far away from here.

And it's been a while.

It is estimated that the Chaos Beast in Niulan Mountain is not far away at this time.

It's not urgent to ask Zhang Yuhe to come over for support now.

There are six Daluo Immortal Kings here.

As long as Niulan Mountain is concerned, it won't be overwhelming.

He would be confident that he could intercept all the king-level chaos beasts.

Just as the Immortal King Wanshan was still in deep thought.

The Immortal King Liuyue beside him flashed his beautiful eyes a few times.

She asked the Immortal King Wanshan curiously.

"Supreme Prodigy? A new Supreme Prodigy has appeared in the South Sea Immortal Realm?"

She couldn't help but be a little curious after hearing the words of the Immortal King Wanshan.

Supreme Prodigy is not common in the entire fairy world.

There has been no Supreme Prodigy in their Tianxing Immortal Realm for many years.

Zhang Yuhe is quite famous in the South Sea Immortal Realm.
