

## Top talent 481

Chapter 481

"snort."

Seeing Tianxing Taoist Ancestor, he looked like he was attentive and fearless.

Helan Ruobei couldn't help but snorted, then turned and left.

In fact, it can already be heard.

This time it must have been an accident.

Tianxing Daozu had no intention of provoking a war with the Chaos Beast.

That being the case.

Then why is it still here?

Do you really want to get beaten up and then leave?

It's not that cheap yet.

As for the life and death of the Niulanshan tribe, it no longer wants to care about it.

It's just a fourth-level tribe. If it's destroyed, just destroy it.

Anyway, there are still many fourth-level tribes under Helan Mountain.

It's no different than Niulanshan.

They can just find their place again when there is a chance next time.

Seeing Helan Ruobei turned around and left.

A faint smile couldn't help but appear on Tianxing Daozu's face.

This Helan Ruobei is still very knowledgeable.

Otherwise.

He still had to work hard.

Tianxing Daozu stood in mid-air. He turned back and looked in the direction of Niulan Mountain, thoughtfully in his heart.

What happened this time was indeed a bit beyond his expectation.

Originally, Immortal King Wanshan wanted to weaken Niulan Mountain's strength.

He is also supportive.

Otherwise.

He would not let Immortal King Liuyue come here to support him.

Even he himself has been paying attention to the battle situation here.

Just let Tianxing Daozu, what he didn't expect was.

A ruthless person like Zhang Yuhe actually appeared in the South China Sea Immortal Realm.

A little guy who has just been promoted to Taiyi Immortal Lord.

With just one effort, he wiped out the entire Niulan Mountain tribe.

"Is it really just the Supreme Prodigy? Why didn't I know that the Supreme Prodigy could be so fierce?"

Tianxing Daozu murmured to himself.

He quickly learned about Zhang Yuhe's information.

However, how could a newly promoted Taiyi Immortal Lord be so powerful?

He has seen many supreme geniuses, but he has never seen such a fierce character.

Facing Zhang Yuhe's attack.

The numerous Taiyi realm chaotic beasts in Niulan Mountain were completely powerless to fight back.

Was he wiped out so easily?

This simply subverted his understanding of Taiyi Immortal Lord and this realm.

Is there such a fierce Taiyi Immortal Lord?

Anyway, Tianxing Daozu has spanned a long history.

I have never seen such a fierce Taiyi Immortal Lord.

"Maybe this little guy has another adventure?"

Tianxing Daozu thought silently for a while, and then waved his right hand.

The giant cauldron blasted out a huge black hole in the void.

He stepped into the black hole and quickly disappeared.

As Tianxing Daozu left, the scene returned to calm.

A Taoist ancestor of the human race met a supreme Chaos Beast.

There was no violent collision between the two sides.

They just left each other peacefully.

This is also a very wonderful ending.

In fact.

Reaching the realm of Tianxing Daozu.

If not necessary.

Of course he wouldn't do it.

Once he and Helan Ruobei started taking action.

This is something that affects the whole body.

Who knows if there will be a chain reaction that could lead to an unpredictable situation?

For Tianxing Daozu.

As long as Helan Ruobei doesn't continue to move forward.

It doesn't make any difference whether it's with words or with fists.

Anyway, as long as the effect is achieved.

...

After Zhang Yuhe searched the entire Niulan tribe.

At this time, he was standing over the altar, and all three thousand incarnations had returned.

As for now.

The harvest from this operation was unexpectedly rich.

Not only did he find a place where he could build a fairy city.

With the rich resources near Niulan Mountain, it is more than enough to build a king-level fairy city.

And he also harvested a massive amount of cultivation resources.

the most important is.

He also found a legendary treasure place of innate spirit gathering.

He had never thought of such a gain before.

But what he didn't expect was even more.

There was once a huge crisis that was almost about to befall him.

Only to be blocked back by Tianxing Daozu.

regarding this matter.

Zhang Yuhe was completely unaware.

At this moment, he was still immersed in the joy of harvest.

Ignorance is also a kind of happiness.

...

### Chapter 379 Opportunity to Show Strength

Zhang Yuhe didn't know that a huge crisis was about to befall him.

It was only after Tianxing Daozu took action.

The crisis soon disappeared.

At this time, Zhang Yuhe was standing above the altar, silently lost in thought.

He was thinking about what he should do to ensure that Niulan Mountain was in his own hands.

Although before this operation.

Immortal King Wanshan has something to say first.

Whoever conquers the territory will own it.

no doubt.

He conquered the Niulanshan tribe by himself.

Logically speaking.

There is certainly no dispute about this.

Wait until the war is over.

The territory of Niulan Mountain is naturally owned by Daosheng Sect.

There's just a problem here.

He just solved the chaos beasts below nine stars.

Section 482

As for those king-level chaos beasts, they were all restrained by the six Da Luo Immortal Kings.

If we really want to talk about contribution.

Zhang Yuhe must be unable to compete with those Daluo Immortal Kings.

"Would you like to go back and take a look? Maybe there is still a chance to kill one or two king-level chaos beasts?"

Zhang Yuhe raised his head and looked in the direction of Fengling Valley, thinking silently in his heart.

If he could fight side by side with those Daluo Immortal Kings.

Naturally, no one will compete with him for the territory of Niulan Mountain.

Able to go head-to-head with king-level chaos beasts.

That shows that his strength is comparable to that of Da Luo Immortal King.

Have enough strength.

Naturally, he is qualified to occupy the precious territory of Niulan Mountain.

Anyway, there is nothing to do here for the time being.

He had already wiped out all the chaotic beasts near Niulan Mountain.

The valley containing the innate spiritual treasure land had also been hidden by him in advance.

Now there is absolutely no need for him to continue to stay here.

As for the development and construction of fairy cities near Niulan Mountain.

That will have to wait until after this war is over.

Now everywhere is in chaos and there is absolutely no conditions for construction.

And he's the only one here, so he can't do anything.

Building a fairy city is a big deal.

That would require mobilizing a large number of manpower from the Dao Sheng Sect.

"Forget it, let's go take a look first."

"I don't know if those king-level chaos beasts were killed by Wanshan Immortal King and others."

"I hope it won't be in vain, right?"

Just when Zhang Yuhe made up his mind and was ready to go back and take a look.

Suddenly his expression changed.

An immortal mirror appeared in his hand.

After playing a magic formula.

The voice of the Immortal King of Ten Thousand Mountains came from the mirror.

"The high priest Niu Man is escaping towards Niulan Mountain, please stay out of the way."

At this time, Niu Man was running wildly towards Niulan Mountain.

I remember that when I left Niulan Mountain, my face was full of high spirits.

And he also had twenty-three king-level chaos beasts with him.

Such a strong lineup is enough to sweep away everything.

However, Niu Man now looked downcast and had scars all over his body.

I can only run around alone.

As for the king-level chaos beasts around me before.

They had already been basically killed by the Da Luo Immortal King of the human race.

If it weren't for Liuyue Immortal King, it would be because it consumes too much.

It can no longer support the heaven and earth, if this Taoism continues to operate.

Then it must have followed in the footsteps of other king-level chaos beasts.

When the effect of the Taoist technique of Qiankun Tiandi disappeared.

Niu Man relies on his strong defense.

Withstanding the fierce attack from Wanshan Immortal King and others, he quickly broke out of the siege.

At this time, it was running towards Niulan Mountain.

It's not because it has any thoughts about the Niulanshan tribe.

In fact.

Through special telepathy.

Niu Man already knew clearly.

Basically all the chaos beasts in the Niulanshan tribe were killed by the monks.

The reason why it still runs in this direction.

That's because Niu Man understands in his heart.

This is the only way it can survive.

The human race's Great Luo Immortal King has been chasing after him.

Without support, it will be caught up and killed sooner or later.

It has only one thought now.

That is to hope that the support from Helan Mountain can arrive earlier.

It believed that the horn on the altar must have sent a message.

And the venerable master of Helan Mountain must have received the message.

If the Helan Mountain tribe could support one or two venerables...

"snort."

Think of this.

Niu Man couldn't help but snorted coldly.

It thought bitterly in its heart.

If the respected Chaos Beasts from Helan Mountain could provide timely support.

Then the six Daluo Immortal Kings chasing behind him would definitely be dead.

But what Niu Man didn't know was.

The support it had been thinking of had long been blocked by Tianxing Daozu.

No matter which direction it goes today.

They are all destined to be dead ends.

Wanshan Immortal King waved his hammers and chased after him excitedly.

Today's victory made him feel extremely excited.

Twenty-three of the twenty-four king-level chaos beasts in Niulan Mountain have been killed by them.

Except for the bully in front of him.

All other king-level chaos beasts have been killed by them.

Now he just needs to deal with the bully in front of him.

That was equivalent to wiping out all the top combat power of the entire Niulan Mountain tribe.

Niu Man ran wildly.

Immortal King Wanshan followed closely behind.

Liuyue Immortal King consumed too much.

As she regained her breath, she followed closely behind.

The Immortal King of Wanshan flies in the air, and his body is as fast as lightning.

But Niu Man's speed is not slow either.

It ran all the way, trampling all the mountain peaks into flat ground.

Normally.

The running speed of the Chaos Beast is basically the same as that of monks of the same level.

Wanshan Immortal King can catch up with Niu Man, but he doesn't have many opportunities to attack.

Unless he can trap the bullman or slow it down.

Unfortunately.

As a nine-color king beast, Niu Man is extremely powerful.

Ordinary confinement magical powers are simply ineffective against it.

despite this.

Immortal King Wanshan is still chasing closely behind him.

He was not worried at all that he would not be able to catch up.

Because at this time, Niu Man's body was already covered with scars.

Especially in its heart.

Previously, Liu Yue Xian Wang used a spear to pierce a big hole.

With such a serious injury.

Wan Shan Xian Wang didn't believe that he would not be able to catch up.

As long as he kept chasing behind.

Section 483

Any amount of consumption can kill a cow.

I saw Niu Man running all the way towards Niulan Mountain.

Immortal King Wanshan immediately took out the Immortal Mirror and sent a warning message to Zhang Yuhe.

He was worried that Zhang Yuhe would run into Niu Man.

Although in his opinion.

Zhang Yuhe's strength is indeed very good.

Able to sweep away hundreds of Taiyi Realm Chaos Beasts in a short period of time.

He is simply the most powerful Immortal Lord Taiyi in the history of the Immortal World.

But the Taiyi Realm Chaos Beast is not the same thing as the King-level Chaos Beast.

not to mention.

Niu Man is not an ordinary king-level chaos beast.

But it is a top-notch nine-color king beast.

He was worried that if Zhang Yuhe accidentally ran into Niu Man head-on.

Might get slapped to death.

If that's the case.

That would be a shame.

Therefore, Immortal King Wanshan sent a summons to Zhang Yuhe to pay attention and stay out of the way.

After Zhang Yuhe received the summons, he did not think about getting out of the way, but looked up into the distance.

Originally, he wanted to find a king-level chaos beast to try his hand at.

Now that the opportunity has come, how can he avoid it?

Moreover, confronting the king-level Chaos Beast head-on was also an opportunity for him to show off his strength.

He wants to occupy the territory of Niulan Mountain and build a super fairy city.

Then he must let others see his strength.

People with strength will be respected at all times.

They will also have the right to speak.

...

## Chapter 380 Frontal interception

Zhang Yuhe stood quietly above the altar, with nine fairy swords shining brightly, slowly circulating around him.

According to the message just sent by Immortal King Wanshan.

At this time, Niu Man was running towards this side, running fast.

As for the situation of other king-level chaos beasts, Wanshan Immortal King did not mention it during the summons.

Zhang Yuhe doesn't care about this either.

He just wanted to be here, waiting quietly.

Waiting for the arrival of Niu Man.

Zhang Yuhe already knew this.

The high priest Niu Man is a powerful nine-color king beast.

The strength is comparable to the top Da Luo Immortal King.

despite this.

He didn't show any fear.

Although Zhang Yuhe is facing his current extreme strength.

There is no clear concept yet.

He was not sure whether he could defeat a king-level chaos beast.

But there is one thing.

Zhang Yuhe is certain.

That is.

In front of the king-level chaos beast, he must have the ability to protect himself.

No matter how powerful the king-level chaos beast is.

It's impossible to put him in crisis.

Even if he couldn't defeat Niu Man, he probably wouldn't be in much danger.

Zhang Yuhe has this confidence.

not to mention.

Now it is not necessary for him to face the powerful high priest of Niulan Mountain alone.

Aren't Wanshan Immortal King and Liuyue Immortal King still chasing after them?

He only needed to intercept Niu Man and hold him back for a while.

When Immortal King Wanshan and others catch up, we can all fight together.

This task is not difficult at all for Zhang Yuhe.

Could it be that Niu Man, the high priest of Niulan Mountain, could kill him in seconds?

This is impossible.

Zhang Yuhe stood above the altar, staring into the distance.

After a while.

Millions of miles away, several powerful auras rose into the sky.

Zhang Yuhe looked around.

I saw a tall figure running towards this side.

The tall mountain peaks were instantly trampled to the ground by this figure.

Behind this tall figure.

There are two more streams of light, catching up quickly.

See this situation.

Zhang Yuhe's heart trembled.

he knows.

The high priest Niu Man has arrived.

"It's time to take a look, where is the limit of my strength?"

"Facing the nine-color king beast, I don't know how long I can withstand it?"

Zhang Yuhe murmured to himself.

I saw a bullman in the distance running towards me at a fast speed.

He was not afraid at all.

"go."

Zhang Yuhe waved his right hand.

The nine fairy swords surrounding him flew quickly into the distance.

Niu Man ran forward wildly.

It looked up towards Niulan Mountain.

At this time, there was already silence in the tribe.

The originally bustling tribe now couldn't even see a single Chaos Beast.

Although it has already been mentally prepared.

But after seeing such a situation, Niu Man still couldn't help but feel cold in his heart.

The originally powerful Niulanshan tribe was completely wiped out.

Think of this.

Niu Man was extremely unwilling.

It was silently angry in its heart.

"Don't let me get out."

"As long as I escape from this level, the human race's fairy city will never think of peace in the future."

Just at this time.

Niu Man saw several fairy swords flying in the sky, and also saw Zhang Yuhe above the altar.

It couldn't help but snorted coldly.

"snort."

"The little Taiyi Immortal Lord actually dares to block a car with his hands. He is really looking for death."

Niu Man did not take Zhang Yuhe seriously.

In its opinion.

Zhang Yuhe's cultivation level is only at the early stage of Taiyi Immortal.

With such a weak strength, it actually dared to come up and block its way.

Section 484

It is simply a matter of life and death.

Niu Man did not change direction, but rushed directly towards the altar.

"Be careful, get out of the way."

Immortal King Wanshan looked at Zhang Yuhe in the distance and shouted loudly.

It's not the Nine-Colored King Beast, it's comparable to the ordinary Chaos Beast.

In his opinion.

No matter how strong Zhang Yuhe is, he can't stop Niu Man's attack.

Zhang Yuhe raised his head and looked into the distance with an extremely cold expression.

I saw him quickly using the magic formula.

A huge sword formation quickly rose in the distance.

The Nine Heavens Hunyuan Sword Formation instantly enveloped Niu Man.

Zhang Yuhe controlled the range of the sword array while quickly using the magic formula.

The boundless sword energy, carrying a frightening pressure, swept across the world in an instant.

Niu Man's running momentum suddenly seemed to have stalled.

Zhang Yuhe integrated all nine supreme laws into the sword formation.

Although Niu Man's strength is far stronger than him.

The power of the Supreme Law of Dacheng Realm cannot restrain and control Niu Barbarian.

But the Supreme Law is not a cabbage on the ground.

There's no problem in interfering with Niu Man's actions.

Niu Man's running momentum immediately stopped.

Facing the sword energy sweeping around it, it didn't take it too seriously.

These sword energies cannot even scratch its fur.

But what scares me is.

These sword auras actually carry all kinds of inexplicable powerful auras.

It seems to be stuck in a quagmire, powerful but nowhere to be used.

What's even scarier is.

I don't know what kind of strange power these sword energies carry, but they can actually hit the sea of souls directly.

Niu Man felt as if someone was constantly cutting him with a knife deep in his soul.

The pain involved is simply unimaginable.

"Roar....."

Niu Man let out a thunderous roar.

It waved the black spear in its hand vigorously.

The spear tip swept across the sky and the earth, instantly blocking out all the surrounding sword energy.

Just as Niu Man was getting ready to continue running forward.

Zhang Yuhe picked up the Nine Heavens Flying Spirit Stick and suddenly flew over Niu Man's head.

I saw the golden stick shadow all over the sky, instantly shrouding Niu Man.

The shadow of the stick carried the powerful power of the Supreme Law and stopped Niu Man again.

"Roar....."

Niu Man was completely angry.

It never occurred to me.

Even a small Taiyi Immortal Lord dared to provoke it in front of it.

It's just looking for death.

Niu Man waved the spear in his hand.

The spear is like an Optimus Pillar, but its speed is as fast as lightning.

He immediately glanced in front of Zhang Yuhe.

Faced with Niu Man's desperate struggle.

Zhang Yuhe showed no signs of fading.

He waved the Nine Heavens Flying Spirit Stick in his hand and rushed forward quickly.

Boom...

The golden stick shadow and the black spear collided instantly.

There was a loud noise.

The surrounding void seemed to be pressed by some invisible force.

A large piece collapsed immediately.

The violent collision made Zhang Yuhe's body feel as if it was about to be torn apart.

He vomited blood and flew away quickly.

The strength of the nine-color king beast cannot be underestimated.

Even though Niu Man had already been seriously injured.

But it's still not something he can bear now.

After all, Zhang Yuhe's current cultivation level is really too low.

He had just been promoted to Taiyi Immortal, far away from such a terrifying existence as Niu Man.

There are many realms across.

By overwhelming strength.

Niu Man only swung one shot and severely wounded Zhang Yuhe and drove him back.

But after passing through Zhang Yuhe's block.

Niu Man's life has come to an end.

Immortal King Wanshan, who was originally following closely behind him, had already caught up.

I saw the Immortal King of Wanshan waving the double hammers in his hands and slamming them down towards Niu Man quickly.

The hammer shadows all over the sky quickly surrounded Niu Man.

Immortal King Liuyue, who was lagging behind, quickly rushed over.

Two powerful Daluo Immortal Kings.

Surrounded Niu Man again, and then launched a rapid attack.

...

Chapter 381 Beat the dog to death

"Roar....."

Niu Man let out a thundering roar.

It knows.

I can't leave today.

Originally, I thought there would be some opportunities.

Just run a little longer.

Maybe we can wait until the support comes from Helan Mountain.

But now it seems.

It can't go away anymore.

Not only Wanshan Immortal King and Liuyue Immortal King have already caught up.

In fact, it is not afraid of being caught up.

As long as it takes a few more serious injuries, it can still fight its way out of the siege.

The Chaos Beast's powerful defense and super vitality are its source of confidence.

Even if it stands still.

Let Wanshan Immortal King and Liuyue Immortal King fight, I guess it can handle it for a while.

But not anymore.

Because the damn sword array around it severely restricted its strength.

The boundless sword energy not only seriously affected its ability to move.

More importantly.

I don't know what kind of strange power these invisible sword energies carry.

You can actually attack directly into the depths of its soul sea.

Making it simply unbearable.

Facing this annoying sword formation.

Niu Man had to devote almost half of his energy to dealing with the invisible sword energy around him.

In this situation.

How could it possibly have another chance to escape?

Section 485

Niu Man is really unimaginable.

That strength seemed to be that of a young monk in the early stage of Taiyi Immortal.

How could such a terrifying sword array be arranged?

Wanshan Immortal King swung his double hammers and smashed them down quickly towards Niu Man.

Compared to before, Niu Man was still extremely ferocious.

However, after being trapped in the sword formation.

Niu Man now has no strength at all.

But he could only be beaten passively.

There is no backhand power at all.

Both Wanshan Immortal King and Liuyue Immortal King understand.

All this is due to the huge sword array around him.

before this.

There is also the Wanshan Immortal King, who has heard of Zhang Yuhe's magical powers.

I know that Zhang Yuhe, relying on a mysterious sword formation, can suppress monks and chaos beasts across levels.

But when I saw this mysterious sword formation with my own eyes.

He couldn't help but sigh.

The sword formation activated by Zhang Yuhe is really a bit unbelievable.

He relied on a sword formation with the strength of Taiyi Immortal in his early stage.

It can actually suppress most of the nine-color king beast like Niu Man.

This simply subverted the imagination of Immortal King Wanshan.

How could there be such a powerful Taiyi Immortal Lord?

It's really terrible.

Immortal King Liuyue waved the golden spear in his hand.

While silently observing the huge sword array around him.

Relative to Wanshan Immortal King.

Her vision is naturally much higher.

After all, Immortal King Liuyue is the oldest Immortal King in the immortal world.

After a long time.

She has seen the growth of countless geniuses.

Even the supreme genius, she has seen a lot.

However, she has never seen such a heaven-defying existence like Zhang Yuhe.

Feeling the huge coercion emanating from the invisible sword energy around him.

Immortal King Liuyue couldn't help but guess.

"Does this Zhang Yuhe not only master one supreme law?"

She felt a variety of powerful law auras from the sword energy.

This is something incredible.

The nine supreme laws of the immortal world.

If you want to understand one of them, it will be as difficult as climbing to the sky.

As long as you master a supreme law, you can be called the supreme genius.

Relying on the power of the Supreme Law, one can become invincible at the same level.

As for geniuses who master multiple supreme laws at the same time, they have never appeared in the fairy world.

But the invisible sword energy around him clearly carries a variety of auras.

Very similar to several supreme laws she had seen before.

"Is there really such a defiant person who masters multiple supreme laws at the same time?"

Immortal King Liuyue simply couldn't believe his own judgment.

If that's the case.

That would be terrible.

It was hard for her to imagine how Zhang Yuhe did it?

"Is he at home every day, eating the Fruit of Enlightenment?"

"Otherwise, how could one have such heaven-defying understanding and be able to master multiple supreme laws?"

...

Zhang Yuhe finally managed to stabilize his body after flying back tens of thousands of miles.

He took a deep breath and slowly regained his chaotic breath.

The head-on collision with Niu Man just now.

It really gave him a huge impact.

Wait until your own breath returns to calmness.

Zhang Yuhe turned around and looked towards the battlefield in the distance.

Fortunately, these two powerful Da Luo Immortal Kings are here.

Otherwise.

Now he has to turn around and run away.

Niu Man is worthy of being the top nine-color king beast.

The strength is stronger than imagined.

Just one collision made him unable to withstand it.

What if we come here a few more times?

Wouldn't it be possible for him to be beaten to death by Niu Man?

Of course.

This is also because there are two powerful Daluo Immortal Kings chasing behind.

Otherwise.

It was impossible for Zhang Yuhe to go head-to-head with Niu Man.

Could it be that if he can't beat him, he still can't run?

In terms of speed.

Zhang Yuhe is fully confident that he can get rid of both Niu and Man.

Under the blessing of the laws of space.

The shuttle speed of the Galaxy Wandering Dragon Movement Technique is completely unimaginable.

There will definitely be no problem if you get rid of Niu Man.

Zhang Yuhe looked back at the battlefield.

Under the rapid attack of Wanshan Immortal King and Liuyue Immortal King.

At this time, Niu Man had no backhand power at all.

It had just been a while.

Niu Man had a few more terrible scars on his body.

Zhang Yuhe didn't think any more.

He picked up the Nine Heavens Flying Spirit Stick and rushed towards Niu Man again.

This opportunity to kill a dog.

If I don't give it a few more blows, I'll be sorry for myself.

Zhang Yuhe controlled the sword array while waving his long stick, quickly hitting Niu Man down.

Niu Man waved the spear in his hand, struggling to resist the invisible sword energy around him and the attacks of the two Immortal Kings.

Seeing Zhang Yuhe rushing towards him.

It couldn't help but feel cold in its eyes.

If you want to talk about Niu Man, who is the person you hate the most?

That must be Zhang Yuhe.

It was precisely because of Zhang Yuhe's interception just now that its way of survival was completely cut off.

And after seeing the sword formation around him.

Niu Man understands now.

The person who wiped out the Niulanshan tribe could not be someone else.

It must be Zhang Yuhe.

Originally, he thought that it might be other Da Luo Immortal Kings who attacked the Niulan Mountain tribe.

But now it can make judgments without even thinking.

The man who wiped out the Niulanshan tribe must be Zhang Yuhe.

Because Zhang Yuhe happened to be here, and he also had the strength.

With this terrifying sword formation.

Section 486

How could those Chaos Beasts in Niulan Mountain be stopped?

Thinking of this.

Niu Man was filled with hatred.

It completely ignored the attacks of the Immortal King Wanshan and the Immortal King Liuyue.

Waving the spear in his hand, he rushed towards Zhang Yuhe like a flash of lightning.

Seeing this situation.

Zhang Yuhe turned the stick shadow.

He used all his strength to activate the Galaxy Dragon Body Technique.

His body flashed quickly and avoided Niu Man's attack in an instant.

Niu Man now seemed extremely ferocious.

In fact, it was just making the last dying struggle.

He was not interested.

Fighting a Chaos Beast that was about to die.

Just now, it was to stop Niu Man.

He fought for a while.

Now it was completely unnecessary.

After dodging an attack.

Zhang Yuhe waved the long stick again.

The golden stick shadows in the sky continued to cover Niu Man.

At this time, Niu Man was like a mad bull, and Zhang Yuhe was like a red cloth that angered the mad bull.

As for the Immortal King Wanshan and the Immortal King Liuyue, they were the long swords that killed the mad bull.

Under the lure of Zhang Yuhe.

Niu Man completely ignored all attacks and rushed towards it madly.

Unfortunately.

All this is destined to be in vain.

Zhang Yuhe will not give it a chance.

Under the blessing of space laws and body skills.

As long as Zhang Yuhe is willing.

Even Niu Man in his prime has no chance to touch a corner of his clothes.

Not to mention.

At this time, Niu Man only has half his life left at most.

There is no big threat anymore.

...

## Chapter 382 The Death of Niu Man

With the joining of Zhang Yuhe, Niu Man became even crazier.

It completely ignored the attacks of the Immortal King Wanshan and the Immortal King Liuyue.

Waving the spear in his hand, he stared at Zhang Yuhe and smashed.

Unfortunately.

The hatred in Niu Man's heart is destined to be inextinguishable.

Because Zhang Yuhe would never give it any chance.

Zhang Yuhe used all his strength to activate the Galaxy Dragon Body Skill.

His figure was floating in the air.

Even though Niu Man was a powerful nine-colored king beast.

He was completely unable to lock onto Zhang Yuhe's figure.

He stared at Zhang Yuhe like crazy.

Not only did he fail to achieve his revenge, but he also accelerated his own death.

The Wanshan Immortal King swung his double hammers, and each hammer would not miss.

The heavy hammers kept falling on Niu Man.

The Liuyue Immortal King's spear was like a dragon.

He stabbed Niu Man with one spear after another.

Piercing blood holes on his body.

Even if its defense was strong.

Facing the attacks of the two Daluo Immortal Kings, it was almost unable to hold on.

As the injuries on Niu Man's body became more and more serious.

The speed at which its body moved became slower and slower.

After a while.

Zhang Yuhe didn't even need to use his body skills to dodge anymore.

He relied on the power of the supreme law carried by the sword array and the stick shadow.

He was able to imprison Niu Man in place.

"Roar..."

Niu Man waved the spear in his hand weakly and let out a thunderous roar.

The spear of the Immortal King Liuyue was like a rainbow, piercing Niu Man's huge body again.

Immediately afterwards.

The Immortal King Wanshan smashed down with two hammers, knocking Niu Man to the ground directly.

Boom...

After a short beating, Niu Man finally fell unwillingly.

Its eyes were wide open, staring at the direction of the altar.

Looking at this place that it had created for countless years.

However, now all this has disappeared.

Until his death.

Niu Man still didn't understand.

Why hasn't the support from Helan Mountain arrived yet?

Although Helan Mountain is a very long distance away from here.

But with the speed of those Venerable-level powers, they should have arrived long ago.

Didn't the Venerable of Helan Mountain receive the message for help from Niulan Mountain?

Or did the horn on the altar not send out a message for help?

Thinking of this, Niu Man was a little confused.

He slowly closed his eyes and reluctantly returned to the embrace of the Supreme True God.

Seeing Niu Man finally fall, Wanshan Immortal King breathed a sigh of relief.

To be honest.

After a long battle, he was a little bit exhausted.

Starting from Fengling Valley.

The six Daluo Immortal Kings killed 24 king-level chaos beasts in a row.

Such a brilliant victory almost set a precedent in the South China Sea Immortal Domain.

Wanshan Immortal King took a deep breath.

He looked up and looked into the distance.

There was not even a chaos beast in the entire Niulan Mountain tribe.

Obviously.

All the chaos beasts here have been killed by Zhang Yuhe.

He turned and looked at Zhang Yuhe, and his eyes couldn't help but be a little weird.

What a ruthless man.

A cultivator at the early stage of Taiyi Immortal could actually wipe out a level 4 tribe.

This is incredible.

However, he had just seen Zhang Yuhe's strength.

He was indeed ridiculously strong.

He might even be stronger than an ordinary Daluo Immortal King.

Zhang Yuhe could withstand the attack of Niu Man.

You know.

That was a nine-color king-level chaos beast.

Section 487

People like Chaotian Immortal King might not be able to catch Niu Man even with one move.

The only option is to turn around and run away.

Zhang Yuhe was able to catch Niu Man's hard blow.

Plus that terrifying sword formation.

In terms of strength.

Zhang Yuhe is definitely better than Immortal King Chaotian and others.

It's terrible.

Think of this.

Immortal King Wanshan couldn't help but sigh.

How could there be such a heaven-defying existence in the world?

After a while.

Chaotian Immortal King and others finally rushed over.

Saw Niu Man's body on the ground.

Everyone's faces couldn't help but show excitement.

Now Niu Man is dead.

This means.

The entire Niulanshan tribe has completely disappeared in the long river of history.

To them.

more importantly.

Without the threat from the Niulanshan tribe, everyone can safely expand their territory.

In the past, it was because of the existence of the Chaos Beast from Niulan Mountain.

Everyone's development in the Chaos Continent has always been greatly restricted.

Not only the third-level tribes around them did not dare to fight easily.

Even every time there is a beast tide, we have to go all out to deal with it.

Otherwise.

If you are not careful, the fairy city will be invaded by the chaos beast.

Now I no longer have this worry.

Everyone can continue to expand the territory ahead and collect resources with peace of mind.

Because there is no longer a powerful Chaos Beast tribe in the vast surrounding area.

within this area.

The strength of the human monks has completely overwhelmed the Chaos Beasts.

One can imagine.

in the near future.

The entire South China Sea Immortal Territory will usher in a period of rapid development.

Immortal King Liuyue waved his right hand and put away the corpse of the Chaos Beast on the ground.

She smiled and said to everyone.

"Come on, let's go over there and have a look."

"good."

Zhang Yuhe stretched out his hand.

The nine fairy swords quickly crossed the horizon and sank into his sleeves.

After a while.

Everyone came to the altar together.

Suddenly, Immortal King Wanshan frowned slightly.

He waved his right hand.

Pick up an ancient horn from the altar.

After careful observation.

Immortal King Wanshan turned to Zhang Yuhe and asked.

"Sect Leader Zhang, did you see anything strange at the altar just now?"

Hearing this, Zhang Yuhe couldn't help but be stunned.

When he first killed the Niulanshan tribe.

He noticed the horn.

Back then, this horn was still glowing with bloody red light.

at the beginning.

Zhang Yuhe thought so.

This is Niulan Mountain, asking for help from other tribes.

But now it's been so long.

I didn't see any movement either.

If Immortal King Wanshan hadn't asked.

He almost forgot about this matter.

Think of this.

Zhang Yuhe nodded and responded seriously.

"When I first came here, this horn used to emit red light all over the sky. The phenomenon was very obvious."

Hearing Zhang Yuhe's words.

Immortal King Wanshan couldn't help but exclaimed loudly.

"No, Niulanshan has already sent out a message asking for help."

"Maybe the noble Chaos Beast from Helan Mountain is already on its way over."

"We have to retreat as soon as possible. If we are blocked by the supreme Chaos Beast, we will be completely doomed."

Immortal King Wanshan knew very well.

Although he and Liuyue Immortal King are indeed very good in strength.

Especially Liuyue Immortal King, she has mastered the art of heaven and earth.

Among the Daluo Immortal Kings, he is almost invincible.

But facing the supreme Chaos Beast, they were also unable to catch even a single move.

After all, that is an existence comparable to the Daozu Emperor.

It is definitely not comparable to Da Luo Immortal King.

Everyone couldn't help but be shocked when they heard the words of Immortal King Wanshan.

They all know it.

Behind Niulan Mountain is the Helan Mountain tribe near the Sea of Origin.

There are a large number of supreme Chaos Beasts there.

It's not something they can afford to offend.

What if a supreme-level Chaos Beast comes running over...

Think of this.

Immortal King Chaotian said anxiously.

"Then let's retreat quickly?"

"Return to the fairy city first and observe for a while?"

Everyone agreed.

No one dares to meet the supreme Chaos Beast.

Just at this time.

Immortal King Liuyue took out the Immortal Mirror.

After playing a magic formula.

She smiled and said to everyone.

"Don't worry, everyone. The master-level Chaos Beast in Helan Mountain has been blocked by Master."

...

Chapter 383 This is our territory from now on

Immortal King Liuyue was checking the information on the Immortal Mirror.

Then he smiled and said to everyone.

"Don't worry, everyone, the Chaos Beast in Helan Mountain has been blocked by Master."

After hearing her words, everyone couldn't help but let out a long sigh of relief.

Now that Tianxing Daozu has taken action, they really don't have to worry anymore.

In everyone's heart.

Section 488

The Heavenly Star Dao Ancestor is the Optimus Pillar of dozens of immortal realms around him.

As long as Tianxing Daozu takes action, there is no crisis that cannot be resolved.

Everyone was relieved when they heard the words of Immortal King Liuyue.

Zhang Yuhe, on the other hand, couldn't help but feel a little scared.

He never knew that behind the Niulan Mountain tribe was the Helan Mountain near the Sea of Origin.

If he had known this information earlier.

At first, he didn't even dare to run towards Niulan Mountain.

How strong is Helan Mountain?

Almost all the monks in the immortal world know it.

That is the super ancient force that coexists with the fairy world.

There are many Chaos-level beasts over there in Helan Mountain.

Just kill one.

Then wouldn't he be finished immediately?

And it can be heard from Immortal King Liuyue's words just now.

It was true before that there were senior-level Chaos Beasts coming to support him.

But it had been blocked by Tianxing Daozu.

Otherwise.

He may have been beaten into ashes by the respected Chaos Beast of Helan Mountain.

Think of this.

Zhang Yuhe couldn't help but feel a little scared.

He reflected on himself silently.

Careless.

He was indeed a bit reckless.

If it weren't for Tianxing Daozu, he would have been paying attention to this battle.

Maybe he is gone long ago.

"It's still not stable enough."

Zhang Yuhe muttered silently to himself.

I will still have to be more careful in the future.

Don't be too impulsive.

...

Backed by Tianxing Daozu.

The major forces in the South China Sea Immortal Territory quickly attacked.

The chaos beast tribes around the fairy city were quickly wiped out.

The territory of the South China Sea Immortal Territory in Chaos Continent has rapidly expanded several times.

Ten days later.

A huge flying boat slowly landed on the altar of Niulan Mountain.

Yu Liwei brought the elders and disciples of Daosheng Sect and rushed over to join Zhang Yuhe.

"Meet the sect master."

After seeing Zhang Yuhe, everyone shouted respectfully in unison.

At this time, everyone's faces were still filled with excited smiles.

The process of this operation went surprisingly smoothly.

They first captured Mingsha Ridge and occupied a foothold.

Just as everyone was making preparations to plan the construction of the fairy city near Mingsha Ridge.

Shocking news came.

Their sect leader actually wiped out the Chaos Beasts in Niulan Mountain by himself.

Take down this fourth-level tribe.

When I first heard the news.

Everyone could hardly believe their ears.

Where is Niulan Mountain?

That is the fourth level Chaos Beast Tribe.

in the long past.

A single Niulan Mountain tribe overwhelmed the monks in the entire South China Sea Immortal Territory, unable to lift their heads at all.

Such a powerful Chaos Beast tribe was actually wiped out by their lord?

How is this possible?

As follow-up news comes.

Everyone finally has a clearer understanding of what happened.

It turned out that it was Wanshan Immortal King and others who had dragged down all the king-level chaos beasts in Niulan Mountain.

There is no king-level chaos beast.

With Zhang Yuhe's talent, he could easily wipe out Niulan Mountain.

despite this.

This is also very shocking news.

To know.

Niulan Mountain has stood in the Chaos Continent for countless years.

There are almost countless high-level chaos beasts in the tribe.

Even without those king-level chaos beasts.

There are so many Taiyi realm chaos beasts in the tribe.

Not to mention.

There are also a huge number of other chaos beasts.

But there are so many powerful chaos beasts.

In front of Zhang Yuhe, there was no resistance at all.

It was quickly cleared out.

The lord of the clan is really too strong.

Zhang Yuhe glanced at everyone, and he smiled and nodded.

After the war.

Those Daluo Immortal Kings all returned to the Immortal City to take charge.

This time everyone has secured such a large territory, and they have a lot of things to arrange.

As for the Niulanshan site, there is no dispute at all.

No one even mentioned it.

By default, the territory of Niulan Mountain belongs to the Daosheng Sect.

It's not just because.

Zhang Yuhe wiped out the chaos beasts in Niulan Mountain alone.

According to previous agreement.

This place is indeed owned by Dao Sheng Sect.

more importantly.

Everyone has seen Zhang Yuhe's strength.

Zhang Yuhe withstood Niu Man's attack head-on, and his strength was not inferior to that of Da Luo Immortal King.

It may even be stronger than many Da Luo Immortal Kings.

With Zhang Yuhe's current strength.

There is no problem at all in occupying a fourth-level tribe.

Those Daluo Immortal Kings didn't even check to see what resources there were around Niulan Mountain?

Because these things have nothing to do with them.

This is the territory of Daosheng Sect.

No matter how precious the resources are, they belong to Zhang Yuhe.

There was no need for them to check.

This is also a respect for Zhang Yuhe.

A person of strength.

You will be respected everywhere.

After this war.

The Daosheng Sect acquired Mingsha Ridge and a large area near Niulan Mountain.

This is still Zhang Yuhe, and he doesn't want to compete with others.

Section 489

Otherwise.

Just based on his current strength.

Among the great forces in the South China Sea Immortal Territory, who can defeat him?

Zhang Yuhe's plan is to establish a foothold in Niulan Mountain first.

After the Dao Sheng Sect's overall strength increases.

They can then develop deeper into the Chaos Continent.

As for those places close to the human fairy city, he doesn't like them.

Those places have long-term monk activities and limited resource output.

Why should he fight?

Wouldn't it be better to have a territory deep in the Chaos Continent?

Just like Niulan Mountain.

Almost no monks have ever been here before.

The ground is full of natural and earthly treasures that can be picked up everywhere.

Zhang Yuhe believes it.

Deep in the Chaos Continent.

There must be many places like Niulan Mountain.

As long as the strength is enough.

The so-called resources are not a problem.

As long as you fancy the Chaos Beast's territory, you can conquer it.

If you wipe out a large tribe at will, what resources will you lose?

Of course.

That will be a long time coming.

Zhang Yuhe has a clear understanding of his own strength.

He still has room for improvement.

At least until he can escape from the master-level chaos beast.

Only then will they consider the issue of further development of Dao Sheng Sect in the future.

And for the current Dao Sheng Sect.

The territory of Niulan Mountain is already large enough.

How many people are there in the Daosheng Sect?

Even if they all migrate over.

They are all dissatisfied with this vast area.

Zhang Yuhe glanced at everyone.

He took a deep breath and then spoke slowly.

"This will be the territory of our Dao Sheng Sect from now on."

"We are going to build a huge fairy city here."

"This will be our foundation in the Chaos Continent."

"Let us work hard to build together and achieve the eternal foundation of Tao Sheng Sect."

"good....."

Hear Zhang Yuhe's exciting speech.

The scene was filled with cheers.

More than 10,000 Daosheng Sect disciples shouted in unison.

It was as if they saw the future.

See hope.

someday in the future.

They followed the lord of the clan.

Lead the entire Tao Sheng Sect to glory.

Build Dao Sheng Sect into a holy place in the immortal world.

...

## Chapter 384 Fairy City Plan

After meeting Zhang Yuhe.

More than 10,000 Daosheng Sect elders and disciples took action quickly.

They were divided into numerous squads.

Some headed towards the outer areas of Niulan Mountain to search and alert.

And check the distribution of the Chaos Beast tribe around Niulan Mountain.

Niulanshan is a family, a fourth-level Chaos Beast tribe.

There are basically no other tribes distributed within hundreds of millions of miles.

But if we continue going forward, we will probably have it.

Zhang Yuhe wants to build a super fairy city in the Niulan Mountain area.

Then he naturally had to find out the distribution of the surrounding Chaos Beasts first.

And arranged for the sect disciples to be on guard in advance.

Otherwise.

If a Chaos Beast knocks on your door one day, you may not even know it.

Zhang Yuhe draws a big circle with Niulan Mountain as the center.

A large number of Jinxian elders and disciples were sent to search the periphery.

According to Zhang Yuhe's request.

These elders and disciples are each facing the same direction.

It will take several years of continuous searching to determine the safety range of Niulan Mountain.

If there are unstable factors.

Then report it immediately.

Zhang Yuhe will take action directly to eliminate the Chaos Beast tribes that may threaten Niulan Mountain in advance.

As for the remaining sect disciples.

He is responsible for surveying the mountains and rivers of Niulan Mountain in a wide area.

Provide necessary information for the subsequent construction of Fairy City.

Zhang Yuhe's goal is not to build an ordinary fairy city.

If only a small acropolis was built.

That certainly doesn't have to be that troublesome.

He just needs to unleash his consciousness with all his strength.

You can see the surrounding situation clearly.

But Zhang Yuhe's goal.

They want to build a super royal city here in Niulan Mountain.

It would be too laborious for him to do the survey by himself.

Anyway, there are so many sect disciples here.

Distribute tasks so that everyone has something to do.

It can also increase their sense of belonging and honor to the sect.

Participated in the planning and construction of the sect's first fairy city.

Isn't this glorious enough?

The fairy cities in Chaos Continent are based on their garrison strength and city size.

It is divided into Acropolis, King-level Immortal City, King-level Immortal City and Heaven-level Immortal City.

The size of the acropolis generally does not exceed a radius of ten thousand miles.

Unless it is an acropolis with special significance.

Otherwise.

The size of the acropolis is generally around three to five thousand miles.

Let's put it in the fairy world.

Such a city can be said to be very small.

After all, even Zhang Yuhe built the Kunlun Fairy City in Blue Star.

It has a radius of five thousand miles.

But in the Chaos Continent, the Acropolis is basically like this.

Because the main function of the acropolis is to serve as a warning outpost for the monarch-level fairy city.

Share the attack pressure of Chaos Beasts.

Section 490

The other is to mine fairy ore.

The function of the acropolis is relatively simple, so there is no need to build it too big.

Moreover, the defensive strength of the guard city is generally not too strong.

In addition to the normal auxiliary personnel, only a few Golden Immortal monks will be sent to guard.

The Sovereign Immortal City is the main base of activities for monks in the Chaos Continent.

Even the smallest King City is at least a million miles in circumference.

There are even some monarch-level fairy cities built to the size of tens of millions of miles.

As the guarding force of the Sovereign Immortal City, there will be at least one Taiyi Immortal Lord.

The Sovereign Immortal City is one of the most important forces for monks in the Chaos Continent.

As for the king-level fairy city.

As far as Zhang Yuhe knows.

Even the smallest king-level fairy city has a radius of hundreds of millions of miles.

Every king-level fairy city is like an independent world.

Form a complete social form of cultivating immortals.

Zhang Yuhe's goal is to build a king-level fairy city in the Niulan Mountain area.

Although his cultivation level has just been promoted to Taiyi Immortal Lord.

Follow the normal rules of Chaos Continent.

Only an immortal city with the Immortal King Daluo as its commander is qualified to be called a royal city.

But for Zhang Yuhe.

It doesn't matter.

He just wanted to establish the regulations of the fairy city first.

As for how outsiders view it?

Should we regard it as a monarch-level fairy city or as a king-level fairy city.

What does it matter?

...

In the sky above the place that contains the innate spirit gathering treasure.

At this time, a magnificent hall was suspended above it.

The main hall completely enveloped the entire valley.

Unless the main hall is moved.

Otherwise.

No one can find out.

Under this hall, there is a huge valley hidden.

No one even knows.

The valley below also contains an innate spiritual treasure land.

This main hall is the Taixu Palace that Zhang Yuhe brought out from the Taixu Secret Realm.

Taixu Hall is its own space and is a precious space artifact.

After Zhang Yuhe's transformation.

No matter it is the appearance or internal structure of Taixu Palace.

There have been huge changes.

Even the former Taixu Sect disciples probably wouldn't be able to recognize him.

On the plaque at the main entrance of the hall, it is engraved with [Galaxy Hall].

Four vigorous and powerful characters.

From now on, this will be the Dao Sheng Sect, in the core of the Chaos Continent.

At this time, in the Galaxy Hall, the principals of the Daosheng Sect's halls gathered together.

Except for Lian Zhengyu, who needs to stay at the sect station in the Ji'an sea area.

Everyone else is here.

Everyone in the hall was extremely excited.

After this period of survey, they were near Niulan Mountain.

Discovered a variety of rich resource points.

There are mineral veins, spiritual lands, and fairy ponds.

Various resources are very abundant.

As long as the Dao Sheng Sect mines stably, it can produce a steady stream of output.

You will never have to worry about resources again.

While everyone was still having a heated discussion.

Zhang Yuhe slowly walked into the hall from the outside.

Saw Zhang Yuhe arriving.

Everyone immediately shouted respectfully in unison.

"I've met the sect master."

Zhang Yuhe stretched out his hand and nodded slightly.

After everyone sat down.

Zhang Yuhe said slowly.

"After this period of survey, the trends of the mountains and rivers around Niulan Mountain have been basically clearly surveyed."

"Next step, we will start building the fairy city."

"I have made detailed plans for the construction of Fairy City."

Speaking of which.

Zhang Yuhe paused for a while.

I saw him wave his right hand.

A huge fairy city planning map slowly appeared in front of everyone.

Everyone turned their heads and looked at the drawings.

I saw the fairy city on the planning map, majestic and spectacular.

The most important thing is.

The Fairy City covers an extremely vast area, covering almost the entire area around Niulan Mountain.

All are included in it.

The size of the entire fairy city has exceeded hundreds of millions of miles in radius.

Seeing Zhang Yuhe, he showed the plan.

Everyone couldn't help but feel excited.

no doubt.

This is the plan of a king-level fairy city.

Otherwise.

There is no need at all, it is built so big.

Although the current superficial strength of Dao Sheng Sect is not too strong.

There are only two Taiyi Immortal Lords, Zhang Yuhe and Yu Liwei.

With just such little power, trying to build a king-level fairy city seems a bit overestimating one's capabilities.

But everyone thinks this is normal.

Because Dao Sheng Sect has Zhang Yuhe.

Zhang Yuhe is extremely powerful.

After this war.

If there are still people, treat Zhang Yuhe as an ordinary Taiyi Immortal Lord.

That must be a fool.

Zhang Yuhe's strength is completely comparable to that of Da Luo Immortal King.

It may even be stronger than the ordinary Da Luo Immortal King.

The strength is there.

Isn't it reasonable to build a king-level fairy city?

If the fairy city planning is too small.

Then everyone will find it strange.

Originally, everyone thought that their lord, the sect leader, might still be as stubborn as before.

Now it seems.

The lord of the clan seems to be rising up.

Directly near Niulan Mountain, a king-level fairy city was planned.

So domineering.
