Section 52

Who doesn't know who yet.

It might be possible that the He and Li families had other evil things going on.

But they really don't want to believe that the He and Li families are colluding with the Demon God Sect.

After all, the Demon Clan and the Demon God Sect are too far away for them.

There has never been any record of Demon God Cult activities in Yunzhong Mansion.

Where can the He and Li families go to collude with the devil?

Even if Fengxin Tower is really the stronghold of the Demon God Sect, how could the He and Li families have the courage to collude with Fengxin Tower?

Qian Weiguang and Zhang Pengcheng were more willing to believe it.

These are just excuses deliberately made by Zhang Yuhe. He just wants to destroy the He and Li families.

Because the He and Li families have indeed shown some disrespect towards Dao Sheng Sect in recent years.

Especially when Zhang Yuhe first took office.

It can be said that the He and Li families did not give any face at all.

So the new guardian immediately found an excuse to exterminate the He and Li families.

Qian Weiguang and Sun Pengcheng were really frightened.

They were afraid of Zhang Yuhe and accused them of colluding with the Demon God Cult.

In Yu Fantian, the Demon God Cult is an absolute taboo.

No matter who it is, once they get involved in the Demon God Sect's affairs, they will die.

And not alone.

The whole clan must die together.

The Dao Sheng Sect would never be lenient when it came to the Demon God Sect.

Once Zhang Yuhe is released, they will also be charged with colluding with the Demon God Cult.

So where can they go to reason?

Zhang Yuhe's eyes were cold. He didn't know what Qian Weiguang and Sun Pengcheng were thinking at this time.

And he had no interest in knowing.

It is a fact that the He and Li families colluded with the Demonic Cult.

But he didn't have to explain to these people.

As a representative of the Daosheng Sect, the guardian envoy sitting on one side must act in accordance with the sect's principles.

As for people outside the sect, don't take it too seriously.

Upon hearing that Qian Weiguang and Sun Pengcheng quickly clarified their relationship with the He and Li families, they expressed complete ignorance.

Zhang Yuhe didn't bother too much about this matter.

To be honest, Fengxin Tower has been operating in Yunzhong Mansion for hundreds of years.

It should be said that the Qian and Sun families are both clean and have nothing to do with Fengxinlou.

He didn't believe it.

After all, among these two forces, there are hundreds of thousands of monks alone, and there are countless mortals from both families.

It is impossible that among so many people, not one of them has been infiltrated by the Demon God Cult.

However, Zhang Yuhe also understands the principle that if the water is clear, there will be no fish.

He didn't want to pursue it too closely.

If we really want to investigate seriously, I'm afraid there won't be a few people left alive in the entire Yunzhong Mansion.

Zhang Yuhe still needs someone to help him.

Could it be that he could manage such a large Yunzhong Mansion by himself?

Zhang Yuhe glanced at Qian Weiguang and Sun Peng with cold eyes and said lightly.

"The He and Li families have colluded with the Demon God Sect and will be exterminated according to the orders of the Dao Sheng Sect."

"There should be remnants of both families in the city now. As for the surrounding cities, there are probably even more remnants."

"Now, we will recruit manpower from your two families to wipe out the remaining evildoers of He Li. Do you have any objections?"

"No objection. The He and Li families colluded with the Demon God Cult and should be punished for their crimes. As a prominent local family, we, the Qian family, should obey the orders of the Lord Guard, suppress rebellion, and maintain the peace and tranquility of Yunzhong Mansion."

As soon as Zhang Yuhe finished speaking, Qian Weigang nodded crazily like a little chicken.

Sun Pengcheng, who was standing nearby, also quickly echoed.

He was even a little annoyed, he was really frightened just now.

He didn't react at once, so Qian Weiguang got the better of him.

He should have agreed first.

If you respond too late, it will be a disaster if you offend this terrible guard.

Zhang Yuhe looked at the two people's understanding and nodded with satisfaction.

He raised his head and looked in the direction of the town hall and shouted loudly.

"Where is Wang Guofeng?"

When something unexpected happened in Yunzhong City, Wang Guofeng quickly walked out of the house.

At this time, Wang Guofeng was in the open space outside the governor's mansion, looking at Zhang Yuhe standing in the air.

I saw Zhang Yuhe before. He was overwhelming the whole city with one man, and he wiped out two tribes with just a wave of his hand.

This made Wang Guofeng feel excited and made him feel like a man.

Hearing Zhang Yuhe call his name.

Wang Guofeng quickly ran over from the mountain peak where the garrison was located.

"My subordinate, Wang Guofeng, has met the Guardian Envoy."

Seeing Wang Guofeng coming, Zhang Yuhe nodded first, and then said in a loud voice.

"Wang Guofeng, I hereby appoint you as the inspector of Yunzhong Mansion. You will be temporarily in charge of the monks from the Qian and Sun families to eliminate all the rebels who collude with the Demon God Sect."

"Don't let anyone slip through the net, you understand."

"Yes, I will live up to your trust."

Wang Guofeng responded loudly.

He thought secretly excitedly.

This trip to Yunzhong Mansion was indeed the right one.

As soon as he came, he hugged Zhang Yuhe's super thick legs.

Although it is not a formal position, he is the inspector of the town government.

But as long as Zhang Yuhe is still serving as the garrison here.

Then he, the inspector, is inferior to one person and superior to tens of thousands of people in Yunzhong Mansion.

Moreover, as soon as he took office, he got a huge job.

Is there any fatter job than confiscating homes and exterminating clans?

To wipe out the remnants of the He and Li families, what kind of mission is this for Wang Guofeng?

This is simply an opportunity to make a fortune.

Zhang Yuhe didn't care about Wang Guofeng's thoughts, as long as he could do things for him seriously.

As for Qian Weiguangneng and Sun Pengcheng next to him, they didn't have any thoughts at all.

Even though Wang Guofeng was just a Jindan cultivator, they still politely stepped forward to greet him.

"Qian Weiguang greets the inspector, and I hope you will take care of me in the future."

"You two seniors are too polite. We are all cultivated by the town guard. We should do our best to do things for you."

Facing Qian Weiguang and Sun Pengcheng, the two Yuanying cultivators, Wang Guofeng did not show off.

Instead, he politely greeted them as a junior.

"Okay, the rest of the things will be left to you. The blockade formation in the city will be lifted in a quarter of an hour."

After Zhang Yuhe finished speaking, he turned into a stream of light and flew towards the town guard house.

...

Chapter 53 Aftermath

After Zhang Yuhe flew into the town guard house, he walked into a secret room and sat cross-legged on the practice platform.

"Huh, I finally got it done."

Today was too exciting for Zhang Yuhe.

I thought I was just going to Jingkong City to investigate the situation.

Who knew they would start fighting right away?

To be honest, it was just a coincidence.

Why did the Demon God Cult wait until he just came to serve as the garrison commander to do things?

If Mingyue Fei and others had opened the passage a few days earlier, he would have nothing to do.

At that time, he was still practicing in Daosheng Sect.

I really have to thank Wang Guofeng for this.

If it weren't for the information he provided, Zhang Yuhe would definitely have been kept in the dark.

Even if he had long suspected the He and Li families, it was impossible for him to go to Jingkong City all of a sudden.
