Section 521

This scale can not only help him block fatal blows.

more importantly.

This black scale can also summon the incarnation of the Black Dragon Dao Ancestor.

As long as you don't encounter a Chaos Beast.

Anyone who sees the incarnation of the Black Dragon Dao Ancestor will probably give him a bit of a thumbs-down.

Even the Dao Ancestor Emperor should not easily turn against the Black Dragon Dao Ancestor.

Ao Lie looked at the sky anxiously.

I hope that the phantom of Black Dragon Dao Ancestor can make Tian Xing Dao Ancestor retreat.

Tianxing Daozu stepped out of the void vortex and saw the shadow of the black dragon in the distance.

His brows couldn't help but frown slightly.

The Black Dragon Dao Ancestor placed Ao Lie in the South China Sea Immortal Domain as a nail into the human race's territory.

to be honest.

He already knew this.

Didn't pay too much attention to it.

As long as Ao Lie stays still and doesn't do evil.

He didn't even bother to pay attention.

But not now.

Ao Lie actually teamed up with Long Yuanguang to open the seal of the passage connecting the Chaos Continent.

Lure the Chaos Beasts from Helan Mountain into the South China Sea Immortal Realm.

This is a taboo thing.

Tianxing Daozu will never tolerate it.

Even Tianxing Daozu was still a little skeptical.

Could it be that the Black Dragon Daozu was leading this matter behind the scenes?

I want to use the hands of the Chaos Beast to disrupt the human race's rear.

What's more.

Could it be that the Black Dragon Dao Ancestor has already colluded with the Chaos Beast?

Think of this.

Tianxing Daozu's mood seemed to be extremely heavy.

It is not unheard of for Dao Ancestor to collude with Chaos Beasts.

long ago.

There used to be demon clan Taoist ancestors who colluded with the Chaos Beasts and wanted to seek a higher level of cultivation.

But that incident was quickly revealed.

The Dao Ancestor of the Demon Clan was also suppressed by the Dao Ancestors of the other three tribes.

I saw the shadow of the black dragon Taoist ancestor in the distance.

Tianxing Daozu couldn't help but doubt.

This time Ao Lie and Long Yuanguang teamed up to open the sealed passage of Liuhetian.

Is there someone behind it, the Black Dragon Daozu?

If that's the case.

So this matter is a bit complicated?

Just when Tianxing Daozu was still deep in thought.

The shadow of the black dragon in the distance suddenly spoke calmly.

"It's such a trivial matter, why should Brother Li be so angry?"

"Brother Li, can you give me some face and let Ao Lie go back first?"

"I promise that he will never leave the Black Dragon Immortal Realm again in this life."

The surname of Tianxing Taoist ancestor is Li, and his original name is Li Tianxing.

But in this fairy world.

There are really not many people who know his name.

Long years can smooth everything.

Except for those powerful people who are also in the realm of Tao Ancestor.

How many people will know, what is the original name of Tianxing Daozu?

not to mention.

No one dared to call Dao Ancestor by his real name.

Seeing the black dragon's shadow, it looked calm and calm.

Tianxing Daozu couldn't help but feel angry.

Is this still a small thing?

Not to mention Ao Lie and Long Yuanguang, they opened the space channel and led the chaotic beasts from Helan Mountain into the South China Sea Immortal Realm.

What terrible consequences it will bring.

Just colluding with the Chaos Beasts is an unforgivable felony.

The accepted standards of the fairy world.

Anyone who colludes with the Chaos Beasts will die.

Even Emperor Daozu is no exception.

Why would Ao Lie still want to live after he did such a thing?

I'm afraid I'm overthinking it.

From the words of Black Dragon Daozu.

Li Tianxing became even more suspicious.

Behind this incident, there may be the shadow of the Black Dragon Daozu.

That being the case.

He would even less know how to let Ao Lie go back.

Think of this.

Li Tianxing said lightly.

"Black Dragon, have you forgotten the Great Emperor's Alliance?"

"At the beginning, Emperor Tianzuo summoned everyone and made a covenant together."

"Three tribes of humans, monsters and demons fight against the Chaos Beast."

"No matter who it is, as long as it colludes with the Chaos Beast, the three races will kill him together."

"Are you going to violate your covenant and protect this traitor from the demon clan?"

"I advise you not to take a dip in this muddy water."

"Even if Emperor Tianzuo takes the blame, you won't be able to escape."

Hearing what Li Tianxing said, Black Dragon Daozu was very unhappy.

He said with a cold snort.

"An Tianzuo is the ancestor of your human race, he can't control our demon race."

Li Tianxing was not angry when he heard that Black Dragon Daozu had no worries.

He said calmly.

"You have the ability to say this in front of Emperor Tianzuo."

The expression of the black dragon's shadow froze.

He was just having fun.

An Tianzuo, the great emperor of the human race, is still recognized as the number one person in the immortal world.

Master the innate Taoist weapon, the Thunder Sword.

The power is extremely powerful.

Even if they are both Taoist ancestors.

Black Dragon Daozu understands in his heart.

In front of Emperor Tianzuo, he couldn't survive a few moves.

Even trying to escape is impossible.

in the long years.

Emperor Tianzuo once killed dozens of supreme-level chaos beasts.

Emperor Tianzuo had killed all the supreme Chaos Beasts from the twelve major tribes of the Origin Sea.

He has even killed several Taoist ancestors of various tribes.

Facing such a ruthless person.

How dare the Black Dragon Emperor dare to be so presumptuous.

What he just said was just a way of expressing excitement in front of Li Tianxing.

If Emperor Tianzuo really wanted to come in person, he wouldn't even dare to fart.

Section 522

...

Chapter 405 There is no more Divine Beast Sect in the world

Hearing Li Tianxing's words, Black Dragon Phantom did not dare to be presumptuous.

Emperor Tianzuo's reputation is really too great.

No matter how arrogant the Black Dragon Dao Ancestor is.

I dare not say a word about Emperor Tianzuo.

The black dragon phantom looked around.

He changed the topic and then returned to the original question.

"I wonder what Brother Li can do to let Ao Lie go."

For this direct descendant of his, Black Dragon Daozu was very fond of him.

He didn't want Ao Lie to die like this in the South China Sea Immortal Realm.

Unfortunately.

Now he is just a shadow incarnation.

Not in person.

not to mention.

Even if he comes in person, he may not be able to save Ao Lie from Li Tianxing.

Although Tianxing Daozu is not as powerful as Emperor Tianzuo.

But among the many Taoist emperors in the immortal world.

Li Tianxing is also among the top figures.

Not even a little bit stronger than him.

Black Dragon Daozu was very helpless.

It's too hard to come.

Then it can only be soft.

He asked for mercy.

I hope Li Tianxing can let Ao Lie go.

The invasion of the South China Sea Immortal Realm by the Chaos Beasts is indeed a great event.

But for Daozu.

In fact, this is nothing.

It's just a fairyland.

Even the monks in the South China Sea Immortal Domain were all killed by the Chaos Beasts.

For the entire fairy world.

At most, it can only be regarded as an ordinary incident.

Emperor Daozu is devoted to the great road, how can he care about the life and death of ordinary monks?

So the Black Dragon Daozu thought.

He relented and asked for a favor for Ao Lie.

Li Tianxing should give him this face.

After all, for this little thing.

Li Tianxing is unreasonable and will fall out with him.

However.

What the Black Dragon Daozu didn't expect was.

Li Tianxing refused directly.

He said calmly.

"Black Dragon, please stop having such wishful thinking. Ao Lie will die today."

"As for you..."

Li Tianxing took a serious look at the black dragon shadow.

He paused for a moment.

Then he continued to speak calmly.

"I hope you're not involved."

"Otherwise, Emperor Tianzuo will not stand idly by."

Tianxing Daozu just finished speaking.

I saw him wave his right hand.

The three giant cauldrons holding the sky rotated rapidly.

The giant cauldron covers the sky and the sun.

The black dragon shadow and Ao Lie were all trapped in it.

As the three giant cauldrons slowly pressed down.

The black dragon shadow and Ao Lie instantly turned into ashes.

Disappeared between heaven and earth.

Tianxing Daozu waved his right hand.

The three giant cauldrons returned to him.

He raised his head and glanced in the direction of Liuhetian in the distance.

Then he muttered to himself.

"Come on, come on. At most, it's just a tribe in Helan Mountain. It can't make big waves."

He didn't, and rushed directly towards the space channel.

This is the fairyland of the South China Sea.

It is the main battlefield for human monks.

The Chaos Beasts from Helan Mountain came here to do nothing but die.

Don't try to take advantage of it too much.

"Let's deal with the Divine Beast Sect first."

Long Yuanguang and Ao Lie colluded with the Chaos Beast to open the space passage seal.

This is the unforgivable sin.

Although both of them had been beaten to death.

But the Divine Beast Sect is still there.

There has never been any mention of Zhu Lianyi in the fairy world.

But there is one exception.

That is colluding with the Chaos Beast.

According to the original agreement between the Taoist Emperor of the Immortal World.

no matter who.

Just collude with the Chaos Beast.

There is only one end.

Genocide.

It's not enough if you die yourself.

But to destroy the entire clan.

Long Yuanguang and Ao Lie died.

Then there is no need for the Divine Beast Sect to continue to exist.

If not he hasn't, find direct evidence.

Even the Black Dragon Dao Ancestor had trouble escaping.

They will still be suppressed.

Tianxing Daozu waved his right hand.

The sky-holding giant cauldron instantly blasted out a dark vortex in the void.

Just at this time.

He suddenly saw a stream of light flying quickly in the distance.

It is the Immortal King of Wanshan.

Immortal King Wanshan is worried that there may be major changes in Liuhetian.

So he flew all the way and rushed here quickly.

Tianxing Daozu frowned slightly and said in a faint voice.

"Go back, the Chaos Beast in Helan Mountain has entered the South China Sea Immortal Domain."

"Go back and gather the monks to deal with the upcoming battle."

After saying this.

Tianxing Daozu took one step into the void vortex and quickly disappeared.

Section 523

The Immortal King of Wanshan, who was flying rapidly, suddenly heard the voice of Tianxing Daozu.

He couldn't help but be stunned.

He soon stopped.

He looked up at Liuhetian in the distance.

It's just for the time being and I can't see any problems.

But since the Heavenly Star Dao Ancestor has transmitted the message.

That can't be wrong.

The space channel in Liuhetian was indeed reopened.

But what he didn't understand was.

Now that Tianxing Daozu has arrived here.

Why not stop it in time?

Or.

In fact, Tianxing Daozu came too late?

Too late to stop it?

Or.

Tianxing Daozu has other plans?

Immortal King Wanshan pondered for a moment.

He took a deep look at the direction of Liuhetian in the distance.

Then he immediately turned around and flew towards Wanxianmen.

Since a war is inevitable.

Then he would have to prepare well.

Not to mention repelling the Chaos Beast.

At least we must find a way to preserve the inheritance of Ten Thousand Immortals Sect.

Immortal King Wanshan felt heavy.

The Chaos Beast of the Helan Mountain Tribe is really not something he can handle.

That was a super tribe with more than twenty supreme-level chaos beasts.

As for the chaos beasts below the king level, they are even more numerous.

If there is no external assistance.

The monks from the entire South China Sea Immortal Realm.

In the eyes of the Chaos Beasts in Helan Mountain, they are just a piece of food.

"I hope Tianxing Daozu will deal with it."

Wanshan Immortal King was thinking silently while flying quickly.

Tianxing Daozu did not pay attention to the Chaos Beast on the other side of the Liuhetian Passage for the time being.

In his opinion.

The Chaos Beast in Helan Mountain is looking for death.

The opponent once broke into the South China Sea Immortal Territory.

Now I actually want to do it again.

Do you really think he doesn't exist?

That being the case.

Then let them in.

to be honest.

It has been a long time since he killed a noble-level Chaos Beast.

Take advantage of this opportunity.

See if you can, kill two.

When in Chaos Continent.

He didn't dare to mess around yet.

After all, there are indeed a lot of respected Chaos Beasts from various major tribes.

Just don't pay attention.

You might get beaten up.

But this is the fairyland of the South China Sea.

It is the rear area of the human race.

The chaotic beast from Helan Mountain dared to enter here again.

I really can't figure it out.

I'm afraid I'm not here to give him benefits.

Tianxing Daozu changed the teleportation array several times in succession.

Soon he appeared outside the gate of the Divine Beast Sect.

Looking at the mountain gate of Nuoda.

Countless Divine Beast Sect disciples were flying back and forth.

Tianxing Daozu didn't hesitate at all.

I saw him wave his right hand.

Three giant cauldrons holding up the sky covered the sky and the sun, and quickly pressed down towards the gate of the Divine Beast Sect.

Countless Divine Beast Sect disciples suddenly felt that the end of the world was coming.

They all shouted unwillingly.

"Why."

"Ah ah ah, why is this?"

They had no idea what was going on.

Why did such a terrifying power suddenly appear?

However, some people recognized Tianxing Daozu.

A Daluo Immortal King roared unwillingly.

"Tianxing Daozu, what did we do wrong? Why did we destroy the Divine Beast Sect.?"

Tianxing Daozu responded calmly.

"Long Yuanguang and Ao Lie colluded with the Chaos Beast. The evidence is solid."

"The Divine Beast Sect must be destroyed."

After saying this.

The three giant cauldrons were quickly pressed down.

The entire Divine Beast Sect was instantly photographed and turned into a platform.

Then it sank into the sea.

Tianxing Daozu looked at everything in front of him quietly, with no trace of pity on his face.

Of course he knows.

Most of the Divine Beast Sect disciples must be innocent.

Even these Divine Beast Sect disciples are all innocent.

The only people who colluded with the Chaos Beast were Long Yuanguang and Ao Lie.

The rest of the Divine Beast Sect were completely unaware.

despite this.

Tianxing Daozu still showed no mercy.

That's the rule.

Those who collude with the Chaos Beasts will be exterminated.

Without such a strong deterrent.

Then others will follow suit.

They all think that one person can do things and only one person should be responsible for them.

They were all lucky enough to collude with the Chaos Beast.

Then this fairy world is going to be in chaos?

...

Chapter 406 The coming is fierce

Tianxing Daozu stood in mid-air, calmly watching the Divine Beast Sect disappear on the sea.

Although he knew it very well.

Most of these disciples of the Divine Beast Sect are innocent.

But so what?

These people have enjoyed various benefits brought by the Divine Beast Sect.

Section 524

Naturally, we need to bear the various consequences brought by the Divine Beast Sect.

Long Yuanguang and Ao Lie colluded with the Chaos Beast.

This is an unforgivable crime.

The other disciples of the Divine Beast Sect will naturally have to bear this great cause and effect.

If he doesn't take it seriously.

From now on, everyone will follow suit.

Then there will be endless numbers of people colluding with the Chaos Beasts.

If that's the case.

The whole fairy world will be in chaos.

The reason why the three races of humans, monsters and demons can fight against the chaos beasts side by side.

It rarely happens that someone colludes with Chaos Beasts.

It is precisely because of this high-pressure deterrence rule.

Let alone the small Divine Beast Sect.

Even the Tao Ancestor Holy Land.

As long as someone dares to collude with the Chaos Beast.

In the end, there is no escape, and the ending is to be destroyed.

This is the iron law of the fairy world.

Even Emperor Daozu needs to abide by the covenant.

No one can touch this bottom line.

Tianxing Daozu glanced at the sea.

Then he waved his right hand.

The giant cauldron blasted out a dark vortex in the void.

He stepped out and quickly disappeared.

...

Liuhetian.

Helan Ruobei stood quietly near the passage, his violent aura spreading across the world.

around him.

There were also four Chaos Beasts standing, also exuding a tyrannical aura.

They are also supreme Chaos Beasts.

In order to prevent the Dao Ancestor Emperor among the monks, they blocked the entrance of the passage in advance.

After the space storm in the channel calmed down.

Helan Ruobei led four noble-level chaos beasts and took the lead in entering the South China Sea Immortal Domain.

But what surprised him was.

After they come over.

No monk was seen nearby.

Not to mention the Taoist ancestor of the human race.

Even ordinary human monks, they didn't see a single one.

What made him feel even more strange was.

Long Yuanguang, who had cooperated with them to open the passage seal, also disappeared.

"Don't these two people even want the original things?"

Helan Ruobei said silently to himself.

Although he never planned to make an agreement with Long Yuanguang and Ao Lie.

After all, after the channel seal is opened.

These two people have no use value anymore.

Why would a useless person come here?

For the Chaos Beast.

The only function of Long Yuanguang and Ao Lie is to serve as sacrifices to the Supreme True God.

However, when Helan Ruobei passed through the space passage and entered the South China Sea Immortal Realm.

Unexpectedly, I didn't see the figures of Long Yuanguang and Ao Lie.

This feels very strange.

And there is.

There was such a big movement when the passage seal was opened.

Could it be that no one in the South China Sea Immortal Realm discovered it?

"Old ghost Tianxing didn't leave any backup plan near the seal. This shouldn't be the case."

Although Helan Ruobei's heart was full of doubts.

But he didn't care.

Now he just needs to firmly guard the space channel.

By the time Helan Mountain arrived, a large number of chaotic beasts had all entered the South China Sea Immortal Domain.

Then his goal will be achieved.

Just at this time.

Countless tall Chaos Beasts are passing through the passage in a steady stream.

Quickly enter the South China Sea Immortal Realm.

Looking at Liuhetian outside, it is still filled with all kinds of chaotic Taoist auras.

Seriously blocking the Chaos Beast's outward expansion speed.

Helan Ruobei couldn't help but frown slightly.

I saw him punch out.

The violent fist shadow instantly swept across the world.

Following Helan Ruobei, he kept throwing punches.

These are the lingering charms of Taoism that linger in Liuhetian for countless years.

It was quickly cleared out.

In the past, Tianxing Daozu wanted to protect the seal of the space channel and prevent it from being interfered with.

Only then did these remaining Taoist charms be deliberately preserved.

No cleaning was done.

But for Helan Ruobei.

These remaining Dao Yun hindered the advancement speed of the Chaos Beast.

Of course he wanted to clear it out.

It's just a remnant of Tao Yun.

For a respected Chaos Beast like him.

It's not too much of a hassle to clean up.

Even if he is the Tao Ancestor, he can withstand the Tao techniques he has performed personally.

Not to mention these remaining Taoist rhymes.

Countless chaos beasts passed through the passage and quickly spread around the South China Sea Immortal Domain.

...

Since receiving the message from Tianxing Daozu.

Immortal King Wanshan soon returned to Wanxian Sect.

He immediately ordered.

Let all the disciples who are outside return to the sect as soon as possible.

at the same time.

Let the monks in Wanxianfang City and surrounding gathering points immediately evacuate to a distance.

You can retreat to wherever you like.

It is best to evacuate to Chaos Continent.

In short, it's just one sentence.

The capable elite monks stayed in the South China Sea Immortal Territory to prepare for the upcoming war.

As for those weak monks, they must retreat immediately.

Once the chaos beasts invade the South China Sea Immortal Territory.

These weak monks.

Apart from serving as a sacrifice to the Chaos Beast, it has no effect.

Although Immortal King Wanshan responded quickly.

But the Chaos Beast from Helan Mountain arrived too quickly.

Countless chaos beasts swept the world.

Section 525

The monks scattered all over the place were quickly captured by the Chaos Beasts.

The fate that awaits them is to be put on the altar by the Chaos Beast.

It is used to worship the Supreme True God and becomes the material for the promotion of Chaos Beasts.

The Wanshan Immortal King stood quietly above the mountain gate.

to be honest.

He even wanted the entire sect to evacuate to the Chaos Continent.

Because it is really unsafe in the South China Sea Immortal Domain.

Once the chaos beasts in Helan Mountain pounced on the Wanxian Sect.

No matter what, he cannot be stopped.

After all, Helan Mountain is a super large tribe.

If a noble-level Chaos Beast came over, he would have trouble escaping.

How to protect the sect?

It's just that Tianxing Daozu hasn't given any specific orders yet.

This made him afraid to act rashly.

The major sects in the South China Sea Immortal Domain enjoy the protection of the Heavenly Star Dao Ancestor.

At such a critical moment.

Naturally, we must obey the orders of Tianxing Daozu.

This is normal.

Otherwise.

Even if they retreat to Chaos Continent.

Without the protection of Tianxing Daozu.

They are also unable to gain a foothold in the Chaos Continent.

Sooner or later, they will be destroyed by the Chaos Beast.

"Who is Tianxing Daozu? What's his plan?"

Immortal King Wanshan thought silently for a long time.

Still can't figure out why.

Just at this time.

A huge vortex suddenly appeared in the distant void.

Tianxing Daozu took one step forward and instantly appeared above the Ten Thousand Immortals Sect.

Immortal King Wanshan immediately stepped forward and shouted respectfully.

"Meet Dao Ancestor."

Tianxing Daozu nodded gently.

He looked around and then said calmly.

"Be prepared, the Chaos Beast from Helan Mountain is coming soon."

"It is estimated that your mountain gate cannot be saved."

"But as long as people are still there."

"I have informed Liuyue that she will soon mobilize monks from various immortal realms to support the South China Sea Immortal Region."

Hear this.

Wanshan Immortal King was silent.

obviously.

The Chaos Beast in Helan Mountain is extremely fierce.

Even Tianxing Daozu couldn't stop him.

Although Immortal King Liuyue will lead monks from various immortal realms to come for support.

But that takes time.

before support arrives.

They can only rely on themselves.

But fortunately, he has already collected all the low-level monks from the sect into the space fairy weapon.

As long as he doesn't die.

Even if the Mountain Gate is destroyed, the Ten Thousand Immortals Gate will still exist.

...

Chapter 407 Fighting

Immortal King Wanshan raised his head and looked into the distance, feeling extremely heavy.

He is not afraid of ordinary chaos beasts.

He was afraid that he would be targeted by the supreme Chaos Beast.

Ordinary chaos beasts are even nine-color king beasts.

No matter how many there are.

He can't beat him but he can also run away.

If the sect is gone, it will be gone.

As long as he can escape with the disciples in his sect, it will be fine.

But once he is targeted by the supreme Chaos Beast.

Wanshan Immortal King has no confidence that he can escape again.

The strength of the supreme Chaos Beast is comparable to that of the Dao Ancestor Emperor among the monks.

The strength is extremely terrifying.

No matter how arrogant he is.

I dare not say that I can escape from the master-level chaos beast.

Just when Wanshan Immortal King was still worried.

The Tianxing Taoist next to him had obviously guessed the thoughts of Immortal King Wanshan.

he said with a smile.

"You don't have to worry too much."

"This time in Helan Mountain, a total of five supreme-level chaos beasts came."

"The Helan Mountain Tribe's sphere of influence is extremely vast, and every place needs supreme Chaos Beasts to take over."

"This should be the limit of what they can mobilize."

"At that time, I will contain all these noble-level chaos beasts and bring them to another dimension to fight."

"You just need to deal with those Chaos Beasts below the king level."

"Thank you, Daozu."

After hearing this, Immortal King Wanshan finally breathed a sigh of relief.

As long as there are no respectable Chaos Beasts, he will not be afraid.

If he can't be beaten, he won't run away.

Whenever he wants to run.

No matter how many Chaos Beasts there are, they can't keep him here.

Immortal King Wanshan has this confidence.

...

Near Liuhetian.

Countless chaos beasts from Helan Mountain covered the entire sea surface.

Helan Ruobei and four other senior-level chaos beasts led a huge team.

He quickly rushed towards Wanxianmen.

Helan Ruobei is very clear about the distribution of forces in the South China Sea Immortal Territory.

This is the Wanshan Sea Area.

There is a super power, Wanxianmen.

Then he would start with Wanxianmen.

As for the remaining chaos beasts, they scattered towards various sea areas.

The Fairyland of the South China Sea is vast and includes hundreds of independent sea areas.

There are a large number of monks living in every sea area.

In Helan Ruobei's eyes.

These monks are the supplies they use for worship in Helan Mountain.

He didn't want to miss any part of it.

It's just that the area of the South China Sea Immortal Territory is really too big.

And the Chaos Beast cannot use the teleportation array to rush on its way.

They want to sweep across the entire South China Sea Immortal Territory.

Section 526

Even if there are no obstacles.

It may take hundreds of years.

But Helan Ruobei was not worried.

There are five of their respected Chaos Beasts sitting in charge.

Just block the Dao Ancestor of the human race.

The Chaos Beasts in Helan Mountain can naturally capture and transport all the monks from the Immortal Realm back to the Chaos Continent.

Relying on the huge numerical advantage, the South China Sea Immortal Territory was completely unable to block their attack.

They're just a bunch of lambs waiting to be slaughtered.

Countless chaos beasts in Helan Mountain quickly dispersed into hundreds of teams.

Pounce in the direction of various sea areas.

Helan Ruobei personally led a group of elites and went straight to Wanxian Sect.

He wanted to occupy the Wanxian Sect first and use it as their temporary base in the South China Sea Immortal Domain.

Wait until all the sacrifices in the entire fairyland are captured.

They retreated to Chaos Continent.

On the other side of the space channel, there are still a large number of Chaos Beasts, which are continuously entering the South China Sea Immortal Domain.

This time Helan Ruobei is bound to win.

He won't let go until he harvests a large wave of sacrifices.

Tianxing Taoist Ancestor stood quietly above Wanxianmen.

Immortal King Wanshan, Immortal King Taiping, and Immortal King Xinghui, with a large number of sect elites, stood silently behind them.

Everyone understands.

They are about to face an unprecedented war.

After this war, perhaps most of them will perish.

But they were not afraid.

Wanxianmen is their home.

They are willing to pay any price to protect their homeland.

Tianxing Daozu looked into the distance, and suddenly he spoke calmly.

"coming."

Everyone was stunned.

They all looked into the distance.

After a while.

All kinds of violent auras were seen rising into the sky in the distance.

A terrifying black line, with a terrifying aura, rushed straight towards Wanxian Sect.

See this situation.

Tianxing Daozu rose into the air and quickly greeted him.

Three giant cauldrons holding up the sky guarded his body, flowing slowly.

Helan Ruobei rushed all the way.

On the way, they encountered some islands where monks lived, and they quickly captured them.

As for the monks on the island, they were all arrested quickly.

There is an honorable Chaos Beast sitting in charge.

These monks, who have the highest level of cultivation, no higher than the Golden Immortal, don't even have a chance to self-destruct.

The captured monks soon began to be transported to the Chaos Continent.

At the same time, new Chaos Beasts passed through the space passage and joined the team.

In Helan Ruobei's view.

Everything is going on in an orderly manner.

Just at this time.

Three giant cauldrons holding the sky suddenly appeared from the void and quickly pressed towards the Chaos Beast team.

The giant cauldron formed a mysterious formation and quickly fell towards the periphery of the team.

The Heavenly Star Dao Ancestor flashed from the void.

I saw him pinching the magic formula.

Three giant cauldrons holding the sky rotate rapidly.

The terrifying aura instantly enveloped the surrounding Chaos Beasts.

A large number of Chaos Beasts didn't even know that something had happened.

The terrifying aura brought by these three giant cauldrons was directly suppressed into blood mist.

"Hmph, old ghost Tianxing, you are the only one who dares to come here."

See this situation.

Helan Ruobei couldn't help but snorted coldly.

I saw him shaking his fist rapidly.

Fist shadows filled the sky and attacked in all directions, knocking back three giant cauldrons holding up the sky.

Just for a while.

A large number of Chaos Beasts have died.

There are many king-level chaos beasts among them.

Daozu's power is extremely violent.

Chaos beasts below the level of the Master cannot even block the momentum of Dao Ancestor.

Helan Ruobei's face was gloomy.

I saw him wave his right hand.

The huge team of Chaos Beasts quickly dispersed around.

Beside him, there were only four supreme-level chaos beasts left.

Other Chaos Beasts did not dare to get involved in the battle between the Sovereign Powers.

Even if it just touches the edge, it will be blown into a bloody mist.

Helan Ruobei looked at Tianxing Daozu and asked with a gloomy expression.

"Old ghost Tianxing, you are the only one who dares to come here."

Tianxing Daozu responded calmly.

"I alone am enough."

They are just five noble-level chaos beasts.

He's confident he can block them all.

It was even possible for him to find an opportunity and kill one or two.

Helan Ruobei took a deep breath and said with an angry face.

"Old ghost Tianxing, I haven't seen you for a few years, but you have become a lot more arrogant."

The last time he was in Chaos Continent, he was forced to retreat by the Heavenly Star Dao Ancestor.

for this matter.

Helan Ruobei has always been worried about it.

What he didn't expect was.

This time they have five supreme Chaos Beasts.

Daozu Tianxing actually dares to be so crazy.

This made Helan Ruobei very unhappy.

Although the Dao Ancestor Emperor among the monks is generally stronger than the Supreme Chaos Beast.

But that also depends on the quantity.

Now they are five to one, and I have the advantage.

Helan Ruobei really didn't know where the ancestor Tianxing got his confidence.

Think of this.

He looked at Tianxing Daozu and said in a hateful tone.

"I hope you won't run away later."

Helan Ruobei's anger stemmed from his heart.

He didn't believe it.

This time with a five to one advantage, he would still be unable to defeat Tianxing Daozu.

He even had expectations.

Can we find an opportunity to kill Tianxing Daozu directly?

Let Tianxing Daozu become the second Daozu in history to be killed by their Helan Mountain tribe.

...

Section 527

Chapter 408 Let's kill together

Helan Ruobei waved his right hand.

The four supreme chaos beasts next to him slowly spread out to the surroundings.

They wanted to surround Tianxing Daozu.

In Helan Ruobei's view.

This time they had five supreme chaos beasts, and Tianxing Daozu was only one person.

Although Tianxing Daozu was powerful.

But it was impossible for him to beat their five chaos beasts.

This was an opportunity.

It was their chance to keep Tianxing Daozu completely.

"Hmph."

Seeing this situation.

Tianxing Daozu couldn't help but snorted coldly.

These Helan Mountain Chaos Beasts really dared to think.

Just five supreme chaos beasts wanted to keep him.

I'm afraid they were thinking too much.

But it was good this way.

He was thinking about how to have a chance to kill one or two supreme chaos beasts.

If these chaos beasts scattered and fled at the beginning.

Then he really had no way.

Now the other party all came up.

It was just what he wanted.

Thinking of this.

Tianxing Daozu waved his right hand.

Three giant tripods that could support the sky quickly rotated and fell to the surroundings.

As the spell was pinched.

The void shattered instantly.

Tianxing Daozu and the five supreme chaos beasts soon disappeared from the sea.

Daozu fought and shattered the void.

They usually opened up an independent battlefield first.

If they fought here.

Daozu and the chaos beasts went all out.

I'm afraid the entire South Sea Fairyland would be destroyed by them.

Tianxing Daozu used the Taoist art Qiankun Tiandi.

He quickly pulled Helan Ruobei and the other four supreme chaos beasts into the different dimension.

It was different from the Taoist art that Liuyue Xianwang had used before.

The Taoist art Qiankun Tiandi was used by Tianxing Daozu.

The effect was incomparable.

He pulled the five supreme chaos beasts into the different dimension.

Completely disappeared from the South Sea Fairyland.

It was already unknown where the battle had ended.

...

As Tianxing Daozu and the Supreme Chaos Beasts all disappeared.

The remaining Chaos Beasts at the scene were not too worried.

The collision of Supreme powers was originally like this.

They continued to merge together and quickly killed towards Wanxianmen.

Wanshan Immortal King stood in the air, watching the Chaos Beasts all over the sky rushing over.

But there were no Supreme Chaos Beasts among them.

Seeing this situation, he couldn't help but breathe a sigh of relief.

However, the strength of the Chaos Beasts at the scene was still far greater than that of Wanxianmen.

Wanshan Immortal King took a rough look.

There were more than 60 King-level Chaos Beasts alone.

As for the Chaos Beasts in the Taiyi Realm, there were countless.

At least nearly 10,000.

The remaining Chaos Beasts were all above four stars, equivalent to the Golden Immortal Realm among cultivators.

Such strength.

Let alone their Wanxianmen.

Even if all the cultivators in the entire Nanhai Immortal Realm were added together.

It is estimated that they would not be able to beat them.

Despite this.

Wanshan Immortal King was not afraid.

He took a deep breath.

Then he turned to the Immortal King Chengping and the Immortal King Xinghui and said.

"We can't defend the sect's headquarters."

The Immortal King Chengping nodded silently.

His expression couldn't help but be a little sad.

He also saw the situation on the scene very clearly.

There were too many Chaos Beasts from Helan Mountain.

There were more than 60 King-level Chaos Beasts alone.

How could they fight?

There were only three Daluo Immortal Kings in Wanxian Sect.

As for the strength comparison below Daluo Immortal, it was even more disparate.

The endless Chaos Beasts almost covered the entire sea surface.

The Immortal King Wanshan took a deep breath and said solemnly.

"Disciples below Taiyi Immortal, all enter the Immortal Artifact Space."

"Elders above Taiyi Immortal go to battle, we fight our way out."

"Yes, Sect Master."

Soon, the Immortal King Wanshan unfolded a pagoda.

The pagoda bloomed with rosy clouds, taking in a large number of disciples of Wanxian Sect.

After a while,

The huge Wanxianmen only had three Daluo Immortal Kings and dozens of Taiyi Immortal Lords left.

This was all their strength now.

Boom...

The chaos beasts in the sky had already killed their way outside the Wanxianmen Mountain.

Facing the violent attacks of the chaos beasts.

Even though the Wanxianmen Mountain Protection Formation was an extremely powerful fourth-level immortal formation.

They did not hold on for even a moment.

Countless chaos beasts from the Helan Mountains broke through the Wanxianmen Mountain Protection Formation and quickly killed them.

The Wanshan Immortal King sacrificed an immortal ship.

On the left and right sides of the immortal ship, he reached out dozens of thick gun barrels.

This was a Xuan-level immortal ship.

It was the treasure of the Wanxianmen Sect.

However, this immortal ship was not a truly complete one.

A true Xuan-level immortal ship should have nearly a hundred top-grade immortal-destroying cannons.

This Wanshan immortal ship had only eighty immortal-destroying cannons in total.

There were forty on each side.

However, the Immortal King Wanshan did not want to rely on the Immortal-Destroying Cannon on the Immortal Ship to destroy the Chaos Beast in front of him.

Because this is not realistic.

Although the firepower of the top-grade Immortal-Destroying Cannon is indeed very fierce.

But the Chaos Beast has a stronger defense.

Section 528

It may be a bit difficult to use the top-grade Immortal Destroyer to deal with the Nine-Star Chaos Beast.

It is necessary to concentrate multiple immortal-killing cannons to bombard them at the same time to kill the Nine-Star Chaos Beast.

As for those king-level chaos beasts, high-grade immortal-killing cannons basically have little effect.

Unless hundreds of immortal cannons fire at the same time.

The purpose of Wanshan Immortal King sacrificing the fairy ship was mainly to take advantage of the fairy ship's defense and speed.

Lead everyone to rush out.

The defense of the Xuan-level fairy ship is astonishing.

It is difficult for ordinary king-level chaos beasts to destroy Xuan-level immortal ships.

Wanshan Immortal King looked around and shouted loudly to the Taiyi Immortals around him.

"Everyone get on the fairy ship and fight out together."

"Yes, Sect Master."

Dozens of Taiyi Immortal Lords boarded the immortal ship together.

Wanshan Immortal King took the lead, with Taiping Immortal King and Xinghui Immortal King guarding him.

The fairy ship turned into a stream of light and quickly rushed outside.

The immortal cannons on both sides of the immortal ship opened fire violently.

Don't ask to kill the Chaos Beast.

As long as the approaching Chaos Beast can be repelled.

The fairy ship rushed directly towards the dense chaos beasts.

Dozens of king-level chaos beasts immediately rushed forward.

Immortal King Wanshan stood at the front of the immortal ship.

He took a deep breath and spoke to Immortal King Taiping next to him.

"You control the fairy ship, and I will open the way in front."

After saying this.

The Immortal King of Wanshan jumped up.

Waving the double hammers in his hands, he quickly charged into the herd of Chaos beasts.

The dense chaos beasts blocked the entire void.

If he doesn't kill a bloody path.

The Xuan-level immortal ship simply cannot rush out.

As for the teleportation array?

Then there is no need to think about it.

The battle between the top Taiyi Immortal Lords may shake the void.

When the enemy comes.

Trying to teleport away is no different than sending yourself to death.

It's easy to get teleported out of place and get lost in the void.

Wanshan Immortal King waved his double hammers and charged forward.

Even the nine-color king beast.

He can also knock it back with one strike.

It may be a little troublesome to kill the Nine Color King Beast.

But if he wants to find a way out, he can still do it.

It would be difficult for his pair of hammers to kill a king-level chaos beast in a short period of time.

However, it is still easy to repel the king-level chaos beast.

This is why Wanshan Immortal King is strong enough.

An ordinary Immortal King would obviously not be able to defeat the King-level Chaos Beast with one blow.

Immortal King Taiping controlled the immortal ship while sacrificing the immortal weapon.

Cooperate with the Wanshan Immortal King to rush forward quickly.

Immortal Lord Taiyi on the immortal ship also took action one after another.

They either used magical powers or sacrificed fairy weapons to meet the dense chaos beasts around them.

But they don't dare to do like the Wanshan Immortal King.

Charge directly into the dense herd of beasts.

In the entire South China Sea Immortal Realm, there are people as fierce as Wanshan Immortal King.

I probably won't find another one.

The cultivation level of Wanshan Immortal King has already reached the perfection of Da Luo Immortal.

The Nine Principles also realized the state of perfection.

He even cultivated his immortal body to perfection.

You can say that.

He just needs to be able to practice another Taoist technique.

He is qualified to attack the realm of the supreme Taoist Ancestor.

It is precisely because of such tyrannical strength.

Only the Immortal King of Ten Thousand Mountains dared to fight alone among the beasts.

As long as there is no respectable Chaos Beast around.

What can anyone do to him?

...

Chapter 409 News

The news of the invasion of chaos beasts in Helan Mountain spread throughout the entire South China Sea Immortal Territory in an instant.

Although except for Wanshan Sea Area.

In other sea areas, due to the long distances, no Chaos Beasts have appeared yet.

But everyone understands.

The Helan Mountains are coming fiercely, and naturally they cannot be satisfied with just a mere ten thousand mountains and sea.

Other sea areas will also be invaded sooner or later.

And combined with all kinds of confusing news.

A monk has already discovered it.

The Chaos Beasts in Helan Mountain are dividing into hundreds of teams.

Running quickly to various sea areas.

Maybe it won't be long.

Those sea areas close to the Wanshan Sea Area will soon be invaded by Chaos Beasts.

When the news spreads, everyone is in danger.

The first method that many monks think of.

That is to quickly teleport to the Chaos Continent.

I want to hide there for a while.

But for most monks.

They couldn't leave even if they wanted to.

Monks live long lives.

In the long years of cultivation, various intricate relationships have naturally been created.

They have families and sects.

There are all kinds of concerns.

If you leave, what will happen to your family and sect?

Moreover.

If the South China Sea Fairyland falls into the hands of the Chaos Beast.

Then the Chaos Continent may not necessarily be safe.

A large number of monks left the Chaos Continent.

But more monks, for various reasons, can only stay in the South China Sea Immortal Domain.

Except for ordinary monks.

All major forces are also conducting emergency evacuation.

Compared to ordinary monks.

Those big forces are more aware of the seriousness of this disaster.

Even some big forces.

Directly withdraw all forces to the Chaos Continent.

They don't even want the base camp that has lasted for countless years in the South China Sea Immortal Territory.

All of a sudden.

Section 529

The major fairy cities in the Chaos Continent were immediately overcrowded.

...

Galaxy Fairy City, meeting hall.

Zhang Yuhe was sitting at the top of the hall.

He has just retreated, only for a few thousand years.

He was awakened and had to stop practicing.

Because something big happened in the South China Sea Immortal Territory.

Yu Liwei, who is responsible for the daily affairs of Xiancheng, sent him an urgent summons.

Chaos beasts invade the South China Sea Fairyland.

when hearing the news.

Zhang Yuhe was simply stunned.

in his reflection.

The Nanhai Fairyland is located in the rear area.

Normally not even a hair on the Chaos Beast can be seen.

Now there will actually be a large number of Chaos Beasts invading the South China Sea Immortal Territory.

How incredible is this?

Zhang Yuhe sat quietly at the top.

All the heads of the Daosheng Sect's halls were also recalled urgently.

Zhang Yuhe looked at Wang Guofeng next to him and asked with some confusion.

"Tell me, what happened?"

As the deputy hall master of the Taoist Hall, Wang Guofeng is also in charge of the work of the Information Hall.

He usually assists Lian Zhengyu in handling daily affairs within the sect.

After receiving the news of the invasion of Chaos Beasts.

He urgently teleported to Galaxy Immortal City from the sect's base in the Ji'an sea area.

Wang Guofeng gathered his thoughts, took a deep breath, and then said solemnly.

"Sect Master, just yesterday, Long Yuanguang, the leader of the Divine Beast Sect, and Ao Lie, the guardian beast of the sect, jointly opened the space passage to Liuhetian in the Wanshan Sea Area."

"Ling the Chaos Beasts from the Helan Mountain Tribe to the South China Sea Fairyland."

Hearing this, Zhang Yuhe couldn't help but be stunned.

He immediately interrupted Wang Guofeng's words and asked immediately.

"Wait a minute, you mean Long Yuanguang of the Divine Beast Sect colluded with the Chaos Beasts of Helan Mountain?"

"Where do they get such courage?"

"Is it just the two of them who have taken refuge in the Chaos Beast, or has the entire Divine Beast Sect taken refuge in the Chaos Beast?"

Facing Zhang Yuhe, there were continuous questions.

Wang Guofeng shook his head and spoke slowly.

"We don't know the specific reason yet."

"But according to the news from Wanxian Sect."

"Long Yuanguang and Ao Lie have been killed by Tianxing Daozu."

"Not only that, the entire Divine Beast Sect has also been wiped out from the South China Sea Immortal Domain by Tianxing Daozu."

Hearing this, Zhang Yuhe was speechless.

He once regarded the Divine Beast Sect as his lifelong enemy.

However, there are some wonderful things in the world.

He hasn't started yet.

The entire Divine Beast Sect, including its leader Long Yuanguang, was killed by Tianxing Daozu.

Think of this.

Zhang Yuhe couldn't help but shake his head.

A person seeking death.

This time it was finally over.

The Divine Beast Sect has been in the South China Sea Immortal Realm for countless years.

It can be said that he is extremely arrogant.

No one can control it.

However, what Zhang Yuhe didn't expect was.

Long Yuanguang actually knows how to commit such a terrible death.

Collusion with the Chaos Beasts.

He can do it all.

Are you afraid that you are impatient with life?

Is it true that Heavenly Star Daozu is blind?

Do they think that their collusion with the Chaos Beasts will not be exposed?

Zhang Yuhe didn't know what Long Yuanguang was thinking.

But none of that matters now.

Since it was Tianxing Daozu himself who took action.

Then Long Yuanguang must be completely dead.

The once great enemy was inexplicably gone.

This made Zhang Yuhe feel a little weird.

Could it be that he has the aura of a protagonist?

Anyone who opposes him will die inexplicably?

When Zhang Yuhe was thinking silently.

Wang Guofeng slowly narrated the information he had collected.

Just when Long Yuanguang opened the seal of the passage, Tianxing Daozu rushed to the South China Sea Immortal Domain.

Long Yuanguang and Ao Lie were slapped to death.

Then he photographed the Divine Beast Sect and the entire sect under the sea.

Tianxing Daozu was outside the Wanxian Gate, welcoming the Chaos Beast from Helan Mountain.

Drag all five supreme-level chaos beasts into the alien space.

Then the Immortal King of Wanshan drove the Xuan-level Immortal Ship and led the monks of the sect.

Killed out from the encirclement of the Chaos Beasts in Helan Mountain.

They don't even want the sect's residence.

That's all the news about Wang Guofeng for the time being.

Zhang Yuhe thought for a while.

He stood up and asked slowly.

"Where are the Immortal King of Wanshan and the monks of Wanxian Sect now? Is there any specific news?"

The Wanxian Sect is the backbone of the South China Sea Immortal Domain.

Zhang Yuhe is very concerned about the whereabouts of Wanshan Immortal King and others.

Wang Guofeng shook his head.

"After breaking out of the encirclement, Immortal King Wanshan once sent a message to various places."

"Let all forces evacuate the weak monks as soon as possible to avoid being captured by Chaos and becoming the qualifications for the promotion of Chaos Beasts."

"Furthermore, Wanshan Immortal King also said that Tianxing Dao Ancestor has asked Liuyue Immortal King to mobilize forces in other immortal realms."

"It is estimated that in a short time, Immortal King Liuyue will bring the support forces from various immortal regions into the South China Sea Immortal Region to eliminate the Chaos Beasts."

Hearing this, Zhang Yuhe nodded gently.

It's easy to handle if you have support.

Otherwise.

It may be difficult to deal with this crisis just relying on the power of the South China Sea Immortal Territory.

Even the strongest Wanxian Sect was forced to abandon the sect and run away.

As for other major forces.

Once surrounded by the Chaos Beasts of Helan Mountain, there would be no chance to escape.

The question now is.

When will the support of the Immortal King Liuyue arrive?

The Taoist Patriarch Tianxing controls dozens or even hundreds of immortal realms.

It obviously takes time to mobilize forces from various immortal realms.

And we have to integrate these forces together and then concentrate them in the South Sea Immortal Realm.

This is not something that can be done in a short time.

That is to say.

Section 530

The cultivators in the South Sea Fairyland need to rely on their own strength.

First, survive the next period of time.

Not to mention repelling the Chaos Beast.

At least, we have to find a way to preserve the existing strength.

If it really doesn't work.

You can also do what the Wanshan Immortal King did.

Just abandon the mountain gate station and run away with the sect disciples.

Temporarily avoid the edge of the Chaos Beast.

Wait for a counterattack in the future.

...

Chapter 410 Return to Ji'an Sea Area

After listening to Wang Guofeng's narration, there was silence in the hall.

Since the establishment of the Galaxy Fairy City.

The Daosheng Sect has shifted its development focus to the Chaos Continent.

There are not too many disciples left in the sect.

Originally, everyone thought.

The South Sea Fairyland is peaceful.

It doesn't need too many people to stay.

Especially in the Ji'an Sea Area.

The level of cultivators is generally not high.

The Daosheng Sect only needs to put a few Golden Immortal elders to guard the sect station.

However, no one ever thought of it.

There will be a large number of Chaos Beasts invading the South Sea Fairyland.

This is something that no one could have predicted.

Wanshan Sea Liuhetian.

Everyone knows this place.

After all, this is the first Jedi in the South Sea Fairyland.

It's just that everyone didn't know it before.

There is also a space channel there that can connect to the distant Helan Mountain Tribe.

Now Long Yuanguang is courting death.

He actually opened that channel and led the Chaos Beasts of the Helan Mountain Tribe into the South Sea Fairyland.

Faced with such a situation, everyone didn't know what to say for a while.

Even as strong as the Wanxian Sect, they couldn't withstand the attack of the Chaos Beasts.

Then, can the Daosheng Sect in the Ji'an Sea stop the Chaos Beasts of the Helan Mountains?

Although the Ji'an Sea is located in a remote area.

It is very far away from the Wanshan Sea.

Those Chaos Beasts that walked out of the channel should not be able to reach the Ji'an Sea for a while

But that is a matter of time.

Now the Chaos Beasts of the Helan Mountains are centered in the Wanshan Sea.

Quickly invade the surrounding sea areas.

Maybe in a few days.

They will hear the news that other sea areas have been invaded by chaos beasts.

Thinking of this.

Everyone's mood can't help but be heavy.

At this time.

Lu Yunfei suddenly stood up and said.

"Master, I will return to the sect first to take charge?"

Zhang Yuhe waved his hand, and then said slowly.

"Palace Master Lu, it's useless for you to go back alone."

"This time, the chaos beasts in Helan Mountain are extremely fierce, and even Wanxianmen can't stop them."

"If we want to defend the sect station in Ji'an Sea, we may need to make multiple preparations."

"It's just that the Galaxy Fairy City has just been established, and Taiyi Immortal Lord is also needed here."

At this point.

Zhang Yuhe had a headache.

The strength of Daosheng Sect is still too weak.

On the one hand, he has to protect the fairy city, and on the other hand, he has to consider the safety of the sect in Ji'an Sea.

Taking both ends into consideration made him feel a little powerless.

The Galaxy Fairy City must not be given up.

And there must be a Taiyi Immortal Lord in charge.

There are only three Taiyi Immortal Lords in the Daosheng Sect.

It's a bit difficult to deal with.

Zhang Yuhe pondered for a while.

Suddenly he stood up and said solemnly.

"The sect's base in the Ji'an Sea Area cannot be easily abandoned."

"Fortunately, the Ji'an Sea Area is located in a remote area, and we have enough time to respond."

"I have decided to transfer all the Golden Immortal elders in the Immortal City back to the sect."

"As for the important task of guarding the Immortal City."

Having said that.

Zhang Yuhe turned his head to look at Yu Liwei, and then said solemnly.

"Palace Master Yu, the Immortal City is left to you to guard."

"Be sure to pay attention to the situation of the surrounding Chaos Beasts."

"If you find that the situation is not right and there are signs of Chaos Beasts attacking the city, issue an alarm immediately."

"Yes, Sect Master."

Yu Liwei stood up and responded respectfully.

Zhang Yuhe glanced at everyone and continued to speak.

"As for the rest of you, follow me and Lord Lu and return to the Ji'an Sea to guard it."

"As long as there is a slight possibility, we must defend the sect's base."

"Yes, Lord."

Everyone stood up immediately and responded respectfully in unison.

Zhang Yuhe nodded gently.

"Go and get ready. Lord Lu and I will return to the sect first."

After saying this.

Zhang Yuhe stood up and left the hall.

After a while.

He returned to the vicinity of the Seven Stars Immortal Pond.

Looking at the center of the Immortal Pond, the golden long stick stood up to the sky, and the nine immortal swords flowed slowly.

There was an inexplicable Taoist rhyme in the Immortal Pond.

After years of cultivation.

The Nine Heavens Flying Spirit Stick was finally promoted to the level of a top-grade immortal weapon.

As for the Nine Heavens Hunyuan Immortal Sword, there was no particularly obvious change.

After all, this is a life-saving magic weapon refined after birth.

And the cultivation time is relatively short.

It is not so easy to automatically upgrade the grade of the immortal sword.

Despite this.

Zhang Yuhe is still very satisfied.

This innate spiritual gathering place is indeed extraordinary.

Finally, the Nine Heavens Flying Spirit Stick was upgraded to a higher level.

Zhang Yuhe waved his right hand.

The long stick and the immortal sword in the immortal pool quickly flew into his sleeves.
