Section 53

We really need to let the Demon God Sect open the channel smoothly and let countless demons flow into Yu Fantian.

Let him be busy in the future.

Once so many demons flow into Yunzhong Mansion.

After Zhang Yuhe, he probably won't be able to practice peacefully anymore. He will have to wipe out demons everywhere every day.

Although the demons that can come through the passage are not too strong.

But that also depends on who you compare with.

To Zhang Yuhe, all the demons below Nascent Soul are scum, and he can wipe out a large group of them with just one sword.

But for the local forces in Yunzhong Mansion, it was a huge disaster.

Any demon in the Golden Core Realm is a formidable enemy that they cannot deal with.

Maybe we need him, the guardian envoy, to come forward in person.

Fortunately, with the information provided by Wang Guofeng, Zhang Yuhe was able to discover the devil's conspiracy in time.

With the powerful strength of the Nine Heavens Hunyuan Sword Formation, he not only wiped out all the Demon God Cult forces in Yunzhong Mansion in one fell swoop.

And he also successfully killed a horned demon in the Void Refining Realm.

Of course, the most important thing is that Zhang Yuhe successfully destroyed all the demons coming from the passage in Jingkong City.

These demons were not allowed to escape.

As for the He and Li families, that's just a head start.

To be honest, from beginning to end, Zhang Yuhe didn't pay much attention to these two local gangsters.

His target has always been the Demon God Cult and the Demon Clan.

Now that the matter has come to an end, Zhang Yuhe couldn't help but let out a long sigh of relief.

Let Wang Guofeng handle the remaining finishing matters. He really didn't want to bother with it anymore.

As for Wang Guofeng, will he take advantage of the opportunity to make a profit?

Zhang Yuhe didn't take it to heart at all.

Just fish it if you want, it's not a big deal.

As long as it doesn't cause him any big trouble.

Zhang Yuhe believed that Wang Guofeng, as the president of the Blue Star Immortal Cultivation Alliance.

He has much more experience in dealing with these matters than he does himself.

Even if he wants to gain some benefits, Wang Guofeng will still grasp the opportunity.

There will definitely be no trouble.

"Now let's see what the harvest is today."

Zhang Yuhe waved his hand, and various storage rings, storage bracelets, and even storage bags filled the entire secret room in an instant.

There were indeed a lot of people killed today.

Not to mention those demons.

He and Li's family headquarters were wiped out by him, but Zhang Yuhe did not forget to loot the contents inside.

Moreover, he also killed seven god-transformation monks and a demon from the Void Refining Realm.

"You should gain something by killing so many people."

Looking at the storage equipment all over the floor, Zhang Yuhe began to count happily.

...

A quarter of an hour later, Yunzhong City's defensive array was unsealed and the teleportation array was reopened.

A piece of shocking news spread quickly throughout Yu Fantian like lightning.

Yunzhong Mansion discovered the secret base of the Demon Sect.

The Demon God Sect colluded with the local He and Li families in Yunzhong Mansion to set up the Tiangang Boundary Breaking Formation in Jingkong City in an attempt to open the passage between the two realms and attract the demon army.

Fortunately, Zhang Yuhe, the garrison envoy of Yunzhong Mansion, discovered the Demon Sect's conspiracy in time.

The guarding envoy Zhang Yuhe, Master Zhang, showed great power and destroyed all the demon sects in one fell swoop.

Not only that, all the demons that poured into Yu Fantian from the passage were also killed by Zhang Yuhe, the guard of Yunzhong Mansion.

Even the passage between the two realms opened by the Demon God Sect was re-sealed by the Guardian Envoy.

A disaster sweeping the world disappeared before it even started because of Zhang Yuhe's presence.

As for the outcome of the He and Li families, not many people paid attention.

Because everyone knows the consequences of colluding with the Demon God Church.

Needless to say, the fate of the He and Li families must have long since turned into the dust of history.

...

A mountain peak somewhere in the inner gate of Daosheng Sect.

He put away his identity jade token before paying, and his whole body was stunned.

He had just received news that something huge had happened just a few days after he left Yunzhong City.

There is actually a secret plan by the Demon God Cult in Yunzhong Mansion, and it has been going on for hundreds of years.

The beautiful Princess Ming Yue, the owner of Fengxin Tower, is actually an incarnation of the leader of the Demon God Sect.

Remembering that he had dealt with Concubine Mingyue for decades.

I couldn't help but wipe my sweat before paying tomorrow.

"Fortunately, I run fast. Otherwise, if such a big thing happened, I would definitely not be able to withstand it."

Before I paid my dues, I was secretly grateful for my choice to step down early.

"How did Junior Brother Zhang find the Demon God Cult?"

Thinking that Zhang Yuhe had accurately discovered the conspiracy of the Demon God Sect only a few days after taking office.

I am puzzled before I pay it.

As for Zhang Yuhe, he destroyed all the demon sects in Yunzhong Mansion alone.

At the same time, countless demons were eliminated and the passage between the two worlds was sealed.

I didn't believe a word of this statement before I paid it.

How long has Zhang Yuhe been practicing? Where does he have such great ability?

"It should be that Junior Brother Zhang discovered the Demon God Sect's conspiracy and then reported it to the sect. Finally, the elders of the sect took action to resolve the Demon Clan and the Demon God Sect."

Before paying, I secretly thought about the process of the matter.

Because this is also the normal way for Dao Sheng Sect to respond to emergencies.

"Junior Brother Zhang is so lucky."

I couldn't help but feel a little envious before paying Ming.

In his opinion, because of this incident, Zhang Yuhe could not only gain a lot of merit.

Moreover, Dao Shengzong also deliberately shaped him into a hero who saves the world.

Yes.

Ming Fuqian believed that the rumors outside were propaganda from the Daosheng Sect.

The Daosheng Sect had ruled Yufantian for countless years, and almost every once in a while, they would find an opportunity to create individual heroes.

This would enhance the public's admiration and belief in the Daosheng Sect.

However, Ming Fuqian was just envious and had no other thoughts.

He was even a little fortunate.

Fortunately, Zhang Yuhe was there, otherwise, there would be a big mess.

As an inner disciple of the Daosheng Sect, Ming Fuqian naturally did not want Yufantian to be in chaos.

...

Compared with the natives of Yufantian, the players' news spread faster.

Because the players have a chat channel, they can communicate without obstacles anytime and anywhere.

When Zhang Yuhe opened the Yunzhongcheng formation, the players in the city quickly became agitated.

"Oh my god, how did the formation of Yunzhong City start? Will there be monsters attacking the city?"

"It's not good if there are monsters attacking the city, you can just kill monsters and make a small fortune."

"Shocking news, the He and Li families in Yunzhong Prefecture colluded with the Demon God Cult and have been exterminated by the garrison commander."

"I saw it too, the garrison commander is really awesome, he can exterminate a clan with one move."

"Of course, the garrisons in various places are all inner disciples of the Daosheng Sect, how can they not be awesome?"

"By the way, what is the demon clan? Can anyone explain it?"

"Wait, look who that is, is it our president?"

"Damn, it's really the president, when did the president sneak into the garrison?"

"Which president?"

"Nonsense, of course it's our Blue Star Xiuxian Alliance, President Wang Guofeng."

"The latest news, President Wang has been appointed as the inspector of Yunzhong Prefecture."

"Ah..."

"This world is changing too fast, did I miss anything?"

...
