Zhang Yuhe has no bottleneck troubles. As long as he keeps practicing, he can keep making breakthroughs.

"Very good, practice quickly."

### Chapter 55 Return to the Scripture Tower

After experiencing the effects of the practice, Zhang Yuhe was very satisfied with this Five Elements Spirit Gathering Formation.

I don't know where Zhao Mingyue got this magical formation.

Dao Sheng Sect should not have any formations like this that can speed up cultivation.

There are rumors that this woman Zhao Mingyue seems to have some special adventure.

Her magical power, which has thousands of incarnations, was obtained from a certain adventure.

This Five Elements Spirit Gathering Formation may have been acquired by Zhao Mingyue together with the thousands of supernatural powers that can be transformed into a body.

Thinking of this, Zhang Yuhe couldn't help but feel a little strange.

It feels like the Dao Sheng Sect is a group of villains who do many evil things.

Zhao Mingyue, the leader of the Demon God Sect, is the real protagonist.

Zhao Mingyue was born in a small family. After the family was destroyed, she embarked on the path of casual cultivation.

From then on, this woman seemed to be cheating, having all kinds of adventures, and making rapid breakthroughs in her cultivation.

Not only that, Zhao Mingyue is like a weakling who cannot be killed.

He founded the Demon God Sect from scratch and single-handedly fought against the Dao Sheng Sect that had dominated Yu Fantian for millions of years.

It's really incredible that he hasn't been beaten to death yet.

Isn't this the proper protagonist?

Zhang Yuhe felt that he should try to stay away from this woman in the future.

Unless it can be killed directly.

Otherwise, it would be best not to let him hear the news about Zhao Mingyue.

...

"Go back to the sect first."

Zhang Yuhe walked out of the secret room, transformed into a stream of light, and flew quickly towards the teleportation array.

After solving Jingkong's problem before, Lu Mingfang assigned him 500 merit points as his reward for this matter.

Five hundred meritorious deeds is not a small amount.

If there are no special events, it will just rely on the sect's years of merit.

I'm afraid it would take three to four hundred years to get five hundred meritorious deeds.

Now that I have merit in hand, I naturally want to spend a lot of money.

Zhang Yuhe planned to return to the sect first and go to the Jinglou to exchange for a magical power.

Exactly five hundred meritorious deeds can be exchanged for a heaven-level high-grade magical power.

Through many battles with the monks today, especially the process of killing the Horned Demon Clan in the end.

Zhang Yuhe felt that he still had many shortcomings.

His methods of fighting enemies are really too simple.

Apart from a sword formation, there are almost no other means.

Although the Nine Heavens Hunyuan Sword Formation is indeed extremely powerful.

The Nine Heavens Hunyuan Sword Formation is as defensive as Mount Tai and as offensive as blazing fire, integrating both attack and defense.

It is indeed a powerful and perfect magical power.

However, as a sword formation.

The Nine Heavens Hunyuan Sword Formation cannot be cast instantly and requires a certain amount of time to set up the formation.

Especially now that he has little experience in fighting enemies and is not very proficient in the use of sword formations.

Every time a sword formation is arranged, or when switching between offense and defense, there will be a certain gap.

When facing a weak enemy, that's no problem.

Once you encounter a strong enemy, I'm afraid it will be easy for someone to seize this opportunity and give him a try.

The Nine Heavens Hunyuan Sword Formation alone seems to be a bit insufficient.

Therefore, Zhang Yuhe felt that he needed to learn some other magical powers to strengthen his strength.

...

Zhang Yuhe continuously transferred to the teleportation array and soon arrived at Zhongzhou City.

He quickly passed by Zhongzhou City, flying all the way towards the Dao Sheng Sect.

In less than half an hour, Zhang Yuhe arrived outside the mountain gate.

The speed of Tianhuang Flying Immortal Technique is indeed powerful enough.

Thinking about it, it took him several days to fly from Zhongzhou City to Daosheng Sect.

Of course, the most important thing is that Zhang Yuhe's current strength is far from what it was before.

Soon, Zhang Yuhe arrived near the Jinglou.

The old man who was guarding the sutra building was still taking a nap with his eyes closed.

Zhang Yuhe quickly stepped forward and shouted respectfully.

"Disciple Zhang Yuhe has met Elder Fang."

The long-bearded old man slowly opened his cloudy eyes. When he saw Zhang Yuhe, he couldn't help but said in surprise.

"Hey, it's you again, kid. Didn't you just come here a few days ago?"

Before Elder Fang finished speaking, he suddenly slapped his head fiercely, as if he remembered something.

He said calmly

"By the way, I heard that you killed a horned demon in the Void Refining Realm in Yunzhong Mansion?"

"It's all thanks to Elder Lu and Senior Brother that this disciple was lucky enough to succeed."

Zhang Yuhe replied modestly.

He was a little speechless, the news must have spread too fast.

How long has it just been?

How come even this old man guarding the Sutra Tower knew about it?

"Haha, what credit can they have?"

Elder Fang said with a somewhat disdainful expression.

"As for Old Ghost Lu's temper, I don't know him yet. He won't take action until you die."

"As for that reckless man Li Tian, let alone that. He is not even worthy of carrying the shoes of the horned demon in the Void Refining Realm."

"I heard that you used a powerful sword formation to grind the horned devil to death?"

"Is that sword formation a magical power from the Hunyuan Heavenly Scripture?"

"Yes."

Facing Elder Fang's continuous questions, Zhang Yuhe nodded helplessly in response.

"It looks like it will be difficult to survive in the future."

He only made a move once, but it seems that everyone in the world knows about it.

Damn, even the magical power he used is known to these people.

Who is the big mouth who is talking about it everywhere?

Is it Lu Mingfang or Li Tian?

"It should be Lu Mingfang."

Zhang Yuhe guessed silently.

Although he has not been in contact with Li Tian for a long time, with Li Tian's arrogant personality.

Obviously, he will not spread it everywhere.

Then it can only be Lu Mingfang.

There is no fourth person at the scene.

"I didn't expect Lu Mingfang, who looks so serious, to be a big mouth."

Zhang Yuhe complained silently.

"Ah yawn...."

In a hall somewhere in Daosheng Sect, Lu Mingfang was handling affairs and suddenly yawned.

"What's going on? Is someone cursing me?"

Lu Mingfang quickly calculated with his fingers.

...

Elder Fang looked at Zhang Yuhe with squinting eyes, and he was more and more satisfied.

He patted Zhang Yuhe's shoulder gently and said with a smile.

"Yes, the future of Daosheng Sect belongs to you young people."

"By the way, are you going to exchange for magical powers again?"
