Section 65

You don't have to do anything yourself, and there will be a steady stream of supplies.

Zhang Yuhe looked at the three people with satisfaction, and then spoke.

"You have worked hard over the years, all of you go down, Wang Guofeng stay."

Qian Weiguang and Sun Pengcheng said quickly.

"It's not hard, it's our honor to serve you."

After that, the two did not stay any longer, but bowed and left the garrison.

...

Chapter 64 Li Tian's promotion

Qian Weiguang and Sun Pengcheng left, leaving only him and Wang Guofeng at the scene.

Zhang Yuhe looked up at the sky and said lightly.

"I'm going back to the sect."

Hearing this, Wang Guofeng asked excitedly.

"Senior, have you broken through to the Refining Void Realm?"

There has been no major events in Yunzhong Mansion recently, and Zhang Yuhe returned to Daosheng Sect, so there is only one possibility.

He has broken through, and he is going back to Daosheng Sect to be promoted to elder.

Zhang Yuhe nodded slightly.

He has broken through to the Refining Realm, so naturally he will no longer serve as the Yunzhong Garrison Envoy.

Now you just need to return to the sect to report, and you will soon become an elder of the Daosheng Sect.

Unlike the inner disciples.

The elders of the Daosheng Sect do not need to hold positions, they can stay in the sect to practice with peace of mind.

They can also travel around as they please, and the Daosheng Sect has almost no restrictions on the elders.

It can be said that you can do whatever you want, just don't rebel.

As long as there is no particularly major incident, the elders will not be summoned.

At this time, Wang Guofeng was both excited and a little melancholy. He asked Zhang Yuhe carefully.

"Senior, can I still follow you to do things?"

Wang Guofeng understood that since Zhang Yuhe was no longer the garrison commander of Yunzhong Prefecture.

Then his temporary appointment as an inspector would naturally come to an end.

In the past ten years, the identity of the inspector has brought him a lot of convenience.

Not only did he successfully break through to the Golden Core Great Perfection, but he also collected a large number of immortal cultivation resources.

With these resources, his future cultivation path will be much easier.

But Wang Guofeng knew that the road to immortal cultivation was endless, and only by holding on to Zhang Yuhe's thighs tightly could he go further on this road.

It didn't matter whether he was an inspector or not.

The key was to continue to follow Zhang Yuhe, even if he was just a janitor.

In Wang Guofeng's view, holding on to Zhang Yuhe's thighs was like walking on the road to heaven.

Zhang Yuhe glanced at Wang Guofeng and knew what he was thinking, but he didn't care.

He really needed someone to help him run errands.

As his cultivation continued to improve, many of the resources he needed now could no longer be bought in the player's trading market.

Even though there were many dealers in the trading market, they couldn't resell some high-end goods.

Since Wang Guofeng still wanted to follow, let him follow, just to run errands for him.

"Come back to Daosheng Sect with me first, and we'll see how to arrange it then."

After that, Zhang Yuhe rolled up his robe sleeves and took Wang Guofeng to the teleportation array.

...

A hall somewhere in Daosheng Sect.

Li Tian's cold eyes were slightly excited.

Compared with ten years ago, Li Tian now exuded a powerful aura.

He was already in the Void Refining Realm.

He quickly stepped into the hall.

In the hall, Lu Mingfang sat quietly on a chair.

Li Tian shouted to Lu Mingfang respectfully.

"Disciple Li Tian greets Elder Lu."

Lu Mingfang looked up at him and felt the Void Refining Realm aura emanating from Li Tian.

He couldn't help but be a little surprised.

"You broke through? As expected, you are a Fire Spirit Body, and your cultivation speed is not comparable to that of ordinary people."

Li Tian has been practicing Taoism for less than a thousand years.

There are no more than five people in the history of Daosheng Sect who broke through to the Void Refining Realm in a thousand years.

Lu Mingfang stood up and said happily.

"Very good, the sect will have another elder from now on."

"Come with me, I will take you to meet the Sect Master."

As the deacon elder, Lu Mingfang is in charge of the affairs of inner and outer disciples.

When it comes to the promotion of elders, it must be approved by the sect master first.

Every elder is the existence of the suppression of the Daosheng Sect and needs to be treated seriously.

However, when Lu Mingfang was about to leave the hall with Li Tian.

Suddenly, his brows furrowed, and a jade card appeared in his hand.

Lu Mingfang stretched out his hand to point at the jade card.

Zhang Yuhe's voice came from the jade card.

"Report to Elder Lu, the disciple has fortunately broken through the Refining Void Realm and is returning to the sect. Please arrange for someone to come and take over the affairs of Yunzhong Mansion."

Hearing Zhang Yuhe's voice, Lu Mingfang and Li Tian were stunned.

"One hundred years, only one hundred years to break through to the Refining Void Realm, what kind of abnormal talent is this kid?"

Lu Mingfang couldn't imagine it at all, how could someone practice so fast?

It has only been one hundred and ten years since Zhang Yuhe joined the Daosheng Sect.

In such a short period of time, he actually practiced from a novice Qi training scum to the Refining Void Realm.

What kind of cattle and horse talent can be so abnormal.

"Could this kid be the reincarnation of a true immortal?"

Zhang Yuhe's cultivation speed was completely beyond his cognition.

Lu Mingfang didn't know what to think.

Li Tian, who was standing next to him, was completely stunned.

Originally, he thought that by breaking through to the Refining Void Realm, he had finally gotten rid of his embarrassing identity as his senior brother.

My junior brother was much more powerful than me, so wouldn't that be embarrassing?

For a proud person like Li Tian, this is simply unacceptable.

So, after returning to the sect last time, he never stepped out of the cave again.

He has been practicing hard until he recently realized the opportunity to break through and returned from the outside world.

However, before he could be happy for long, Zhang Yuhe also broke through.

"This guy, is he deliberately coming to slap me in the face?"

Li Tian complained silently.

But he soon thought it through.

It's good that Zhang Yuhe broke through. Anyway, everyone will be the elders of the sect in the future, and there will be no difference between high and low.

Well, thinking about it this way, it seems acceptable.

Lu Mingfang ignored Li Tian's thoughts. He cast a spell, then took a long breath and said to the jade card.

"Since you have broken through to the Refining Void Realm, then return to the sect first, and I will arrange someone to guard Yunzhong Mansion."

After leaving Zhongzhou City, Zhang Yuhe stood on the flying boat and heard Lu Mingfang's voice from the jade card.

He thought for a while and asked again.

"Elder Lu, I want to bring someone into the sect, is it feasible?"

He also brought Wang Guofeng with him.

Wang Guofeng was not a disciple of Daosheng Sect, so he could not enter the mountain gate.

Although the elders of Daosheng Sect could recruit followers, and the followers could also follow them in and out of Daosheng Sect.

But he really didn't know how to do the specific procedures.

"First, place the person at the reception desk outside the mountain gate. After you meet the sect master and are officially promoted to the elder of the sect, you can take the person into the mountain gate."

Zhang Yuhe put away his identity jade card and said to Wang Guofeng next to him.

"Let's go to the reception desk first, and wait until I finish my business, and then take you into the sect."
