Section 681

Seeing Helan Ruojiu running towards him.

Zhang Yuhe stretched out his right hand.

A long golden stick appeared in his hand.

The most innate treasure, the Nine Heavens Flying Spirit Stick.

After tens of millions of years of cultivation, he has upgraded this innate treasure to the level of a top-notch immortal weapon.

In terms of power.

Even if it's not as good as the companion weapon of the Supreme Chaos Beast, it's probably not much different.

Zhang Yuhe had no plans.

Start the sword formation from the beginning, or use the Taoist magic to return chaos to the void.

Not to mention the magical power of Hunyuan Guiyi.

He wanted to try it first.

myself under normal circumstances.

How big is the gap between him and the supreme Chaos Beast.

Facing Helan Ruojiu's fierce attack, Zhang Yuhe did not flinch.

Instead, he waved the Nine Heavens Flying Spirit Stick and went directly to meet him.

See this situation.

Helan Ruojiu couldn't help but feel a little surprised.

A newly promoted Great Luo Immortal King, where does this courage come from.

Dare to confront it head-on.

I'm afraid I don't know how to write the word "death".

Although it feels strange in my heart.

But the spear in Helan Ruojiu's hand did not regain even half of its power.

Since the other party is so anxious to die.

That's good too.

It also wants to solve the problem early and leave as soon as possible.

After all, this place is too close to the South China Sea Immortal Realm.

If the Heavenly Star Dao Ancestor catches up, it will be difficult to escape.

He Lanruo's nine spears shattered the void and came straight towards Zhang Yuhe.

Zhang Yuhe showed no fear.

He waved the Nine Heavens Flying Spirit Stick and pounced forward equally quickly.

Boom...

The spear and the Nine Heavens Flying Spirit Stick collided violently.

The earth-shaking loud noise echoed throughout the world.

Even monks as far away as the Galaxy Immortal City can hear it.

A large number of monks rose into the air, and everyone flew to the top of the city.

Look in the direction of the sound.

I saw the void shaking in the distance and the sky full of red light.

Obviously there are top forces fighting in a distant place.

Lu Yunfei stood on the city wall, looking at the red sky in the distance.

A trace of worry could not help but arise in my heart.

Not long ago.

Zhang Yuhe suddenly flew out of the city.

At first, he didn't pay much attention.

After all, as the leader of Daosheng Sect, Zhang Yuhe does not need to report to him wherever he goes.

But now I can see the terrible battle scene in the distance.

Lu Yunfei couldn't help but worry.

He muttered to himself.

"Isn't that the sect leader who is fighting a battle with the Chaos Beast?"

Lu Yunfei turned his right hand and took out an Immortal Mirror.

He wanted to ask Zhang Yuhe.

Just after thinking about it for a while.

He reluctantly put away the Immortal Mirror.

If the one fighting over there is Zhang Yuhe.

It makes no sense for him to send a summons.

Zhang Yuhe, who was in the middle of the battle, definitely had no time to pay attention.

And the distance is too far, so they can't go there to support.

the most important is.

The sight of the battle in the distance was so terrifying.

People like them now, I'm afraid they can't even withstand the aftermath of the war, right?

Said it was support in the past.

It's already good if you don't cause any trouble for Zhang Yuhe.

The situation is unknown now.

He seemed to be unable to do anything except put Galaxy Fairy City on high alert.

Boom...

Along with the spear and the Nine Heavens Flying Stick, a violent collision occurred.

Zhang Yuhe's entire figure kept retreating rapidly.

Retreating all the way to millions of miles away.

He slowly stabilized his figure.

Zhang Yuhe took a deep breath, but his face was full of excitement.

He muttered to himself.

"Is this the power of the Supreme Chaos Beast? It is indeed terrifying."

...

Chapter 511 Tianxing Daozu's quick support

Zhang Yuhe took a deep breath.

He looked into the distance.

In the violent collision just now, he was knocked back millions of miles.

But Helan Ruojiu stood firmly in place and did not move a step.

obviously.

In terms of hard power.

Compared with the Supreme Chaos Beast, there is still a big gap between him and him.

Even after comprehending the Law of Chaos.

His physical strength has improved several levels.

Compared to the monks of the same level, he is so strong that he doesn't know where he is.

Even much stronger than the king-level chaos beast.

But it is incomparable to the supreme Chaos Beast.

As the top power in the fairy world.

Moreover, Chaos Beasts are originally known for their physical strength.

He couldn't beat Helan Ruojiu, that was normal.

After all, as a monk.

He relies on more than just strength.

Monks rely on magical powers and immortal weapons.

Helan Ruojiu stood in the distance, his face couldn't help but look a little solemn.

It did not pursue him.

Although in the collision just now, it did have the upper hand.

But Zhang Yuhe across from him was just an early-stage Great Luo Immortal King.

When did the human race's Great Luo Immortal King become so fierce?

You can actually confront it head-on.

And Helan Ruojiu can also see it.

Although Zhang Yuhe was knocked back millions of miles just now.

Section 682

But he was not injured.

A human cultivator in the Daluo realm, when he collided head-on with the Venerable Chaos Beast.

He was not injured.

Then when Zhang Yuhe and his magical weapons came out.

Is it possible that Helan Ruojiu, a Venerable Chaos Beast, could not take down Zhang Yuhe.

Thinking of this.

Helan Ruojiu couldn't help but hesitate.

It was thinking.

Should we continue to fight.

After all, this place is already very close to the territory of the South China Sea Fairyland.

With such a big commotion just now.

It is hard to guarantee that it will not be discovered by Tianxing Daozu.

If Tianxing Daozu suddenly appears.

It may not be able to escape.

Otherwise.

Just run now.

Although he failed to take down Zhang Yuhe, the Daluo Immortal King.

It is a bit embarrassing to say it out.

But it is better to be embarrassed than to lose your life.

Just when Helan Ruojiu was still hesitating.

Zhang Yuhe waved the long stick in his hand and rushed up again.

Seeing this situation.

Helan Ruojiu was simply furious.

It was a dignified Chaos Beast of the Venerable Class. Doesn't it have any face?

This was really provocative.

Originally, it was thinking.

Why not take it while it's good.

Just let Zhang Yuhe go.

After all, Helan Ruojiu was also worried that Tianxing Daozu might come to support at any time.

But now it was obviously not possible.

Facing the provocation of a Daluo Immortal King, if it still wanted to run away.

Then it would rather die.

Roar...

Helan Ruojiu let out a violent roar.

Then he waved the spear in his hand and rushed up.

It would not run away today.

Helan Ruojiu had made up his mind.

It would never leave today unless it beat Zhang Yuhe to death.

Otherwise.

Where would it put the face of a dignified Chaos Beast of the Venerable Class.

The two fought again, and the spear and the immortal stick collided violently.

The surrounding void was shattered.

The red light filled the sky, and could be seen even from billions of miles away.

Tianxing City.

In a quiet little courtyard somewhere.

The wolf spear in the hand of Tianxing Daozu was waved quickly, and a vivid picture.

It soon appeared in front of him.

Suddenly.

Tianxing Daozu's expression changed.

He put down the wolf spear in his hand, quickly soared into the air, and looked into the distance.

It was just because the distance was too far.

Even if Tianxing Daozu was extremely powerful.

He couldn't figure it out.

But as a Daozu.

Li Tianxing would naturally have a way.

He just waved his right hand.

A huge map soon appeared in front of him.

Countless light spots flashed on the map.

Each of the light spots represented the power of a Daluo realm.

Whether it was the Daluo Immortal King of the human race or the King-level Chaos Beast.

As long as you break into the monitoring range of the map, you will be detected.

As a Daozu famous for his formation.

Li Tianxing had long ago.

A huge monitoring array was set up in the entire Tianxing Domain.

It is specially used to monitor the top forces that may appear.

Just now, he felt that a powerful force had broken into the territory of Tianxing Domain.

That's why he came out to check.

After unfolding the array map.

In addition to the countless flashing light spots on the map.

There was another light spot that was particularly dazzling.

Seeing this situation.

Li Tianxing couldn't help but look solemn.

He muttered to himself.

"A venerable chaos beast?"

"How could a venerable chaos beast suddenly approach Tianxing Domain?"

"Could it be that the Helan Mountain Tribe wants to do something with the demon again?"

Li Tianxing kept calculating the location of the venerable chaos beast on the map.

Suddenly he shouted.

"Not good, that's near the Yinhe Fairy City."

"Could it be that the venerable chaos beast of the Helan Mountain Tribe wants to raid Zhang Yuhe?"

Thinking of this.

Three giant tripods quickly flashed around him.

As Li Tianxing waved his right hand.

The giant tripod blasted out a huge black hole in the void.

Li Tianxing quickly soared into the air, and ran quickly towards the direction of the Galaxy Fairy City along the black hole in the void.

Zhang Yuhe must not be allowed to get into trouble.

In Li Tianxing's opinion.

Zhang Yuhe is the most promising supreme prodigy in the fairy world for countless years to be promoted to Daozu.

As long as Zhang Yuhe can grow up smoothly.

Then many problems in the fairy world may be well solved.

Even for those Daozu emperors who can't see the way forward.

It is possible to open a new road.

You can say that.

Zhang Yuhe is their hope.

Although this hope is not too big.

But it is at least a hope.

He must not let the Chaos Beast kill him under his nose.

Besides.

Even if it is an ordinary Daluo Immortal King.

He can't watch and let the Chaos Beast kill him.

Section 683

Must be saved, and quickly.

Li Tianxing quickly shuttled forward in the void, his face extremely gloomy.

The Chaos Beasts in Helan Mountain are becoming more and more excessive now.

After they invaded the South China Sea Immortal Territory last time and were repelled by them.

A sustained campaign of retaliation was also launched.

Now it's even more rampant.

He actually sent a noble-level Chaos Beast to directly invade the edge of the Tianxing Domain.

This made Li Tianxing completely intolerable.

He was thinking silently as he shuttled forward quickly.

Should we contact other Dao Ancestor Emperors and launch a large-scale operation?

To combat the arrogance of the Helan Mountain tribe?

In fact, Li Tianxing didn't know.

This time Helan Ruojiu entered the edge of the Tianxing Domain.

It was Zhang Yuhe who took the initiative to cause it.

Zhang Yuhe wiped out more than a dozen fourth-level tribes in succession.

He also asked the Luoyan Mountain tribe to activate a request for help signal.

Just take a look at the respected Chaos Beast in Helan Mountain.

That's the weird thing.

...

Chapter 512 Leave me your life

Zhang Yuhe picked up the Nine Heavens Flying Spirit Stick and rushed towards Helan Ruojiu crazily.

After being knocked back every time.

He will immediately rush forward again.

At this time, Helan Ruojiu no longer had the previous contempt.

After the violent collision just now.

It's very clear now.

Zhang Yuhe's strength is not much worse than that.

At least in terms of physical strength, it has surpassed the king-level chaos beast.

Compared with the supreme Chaos Beast, it is only a hair's breadth away.

Although it can knock Zhang Yuhe away every time.

But Helan Ruojiu understood.

It is not that easy to beat Zhang Yuhe to death completely.

Because until now.

Zhang Yuhe has not yet used any magical powers.

I haven't even used other immortal weapons.

With only a long golden stick, he has been able to persist until now.

According to the Helan Mountain Tribe, the investigation is known.

Zhang Yuhe's natal immortal weapon should be a set of nine immortal swords.

And Zhang Yuhe's strongest magical power is that terrifying sword array.

But until now.

Since Zhang Yuhe didn't have it, he sacrificed his natal immortal weapon.

He didn't unfold that terrifying sword formation.

Just relying on the power of the physical body.

Zhang Yuhe can fight it to such an extent.

This makes Helan Ruojiu dare to have any contempt?

It's even a bit doubtful.

If Zhang Yuhe fully unleashes his magical powers and his natal magical weapons.

I'm afraid I can draw a tie with it.

Helan Ruojiu had never seen such a powerful Daluo Immortal King before.

Haven't even heard of it.

But this made it even more determined.

Zhang Yuhe must be beaten to death today.

Otherwise.

If hundreds of millions of years pass.

Wait until Zhang Yuhe has improved his cultivation to the level of Daluo Immortal.

I'm afraid it can overwhelm the supreme Chaos Beast.

Helan Ruojiu thought silently in his heart.

Such a genius of the human race.

He must not be allowed to grow.

Think of this.

The spear in Helan Ruojiu's hand became more ferocious.

The gun shattered the void.

He kept pushing Zhang Yuhe back.

Zhang Yuhe waved the Nine Heavens Flying Spirit Stick to resist Helan Ruojiu's fierce offensive.

One side kept retreating.

But as time goes by.

Facing Helan Ruojiu's crazy attack, he was already a little unable to hold on.

"It seems like this is my limit."

"I still can't defeat the supreme Chaos Beast."

"Even a tie is very difficult."

"But it doesn't matter, I can still turn it up."

Zhang Yuhe was thinking silently as he flew back.

If you can't beat it, open it up.

This is his trump card when facing fierce enemies time and time again.

Every time he activates the magical power of Hunyuan Guiyi, he can turn defeat into victory.

This time will naturally be no exception.

not to mention.

Zhang Yuhe also has a powerful Taoist skill that he has not yet used.

so.

Although Helan Ruojiu suppressed her very hard.

Zhang Yuhe didn't have any worries.

What are you afraid of?

He put it off for so long.

In fact, he was just afraid that Helan Ruojiu would run away.

If at the beginning.

If he explodes with all his strength.

Then it would be strange for Helan Ruojiu not to run away directly.

But it's almost done now.

Waited for so long.

Helan Ruojiu's ferocious nature has been completely inspired by him.

Now this noble-level chaos beast will definitely not run away easily.

It was also time for him to unleash all his strength and beat Helan Ruojiu to death in one wave.

Think of this.

A powerful aura suddenly erupted on Zhang Yuhe.

Nine fairy swords surround him.

Zhang Yuhe decisively activated the magical power of Hungui Yi.

The aura on his body increased rapidly.

Soon he was promoted from the early stage of Daluo Immortal to the state of perfection.

There is even a continued upward trend.

Section 684

It is almost equivalent to the realm of half-step Daozu.

Seeing this situation.

Helan Ruojiu, who was originally fierce, could not help but be stunned.

Can it be like this?

What kind of explosive magical power is this?

How can it be directly exploded from the early stage of Daluo Immortal to the perfection of Daluo Immortal.

This is too exaggerated.

Seeing Zhang Yuhe's momentum rising.

Helan Ruojiu suddenly stopped.

It did not continue to rush.

The reason is very simple.

When Zhang Yuhe did not explode, he only had the strength of the early stage of Daluo Immortal.

He could fight back and forth with it.

Now Zhang Yuhe suddenly exploded his strength to the perfection of Daluo Immortal.

Then he must suppress it.

However, Helan Ruojiu did not retreat too far.

As a venerable chaos beast that has lived for who knows how many years.

It has seen various magical powers of countless cultivators.

In Helan Ruojiu's view.

Like Zhang Yuhe's explosive magical power.

The more violent the explosion, the shorter the duration.

And there are strong sequelae.

In this case.

Why does it still rush forward?

Wouldn't it be better to just delay time?

Wait until Zhang Yuhe's burst time is over.

It can directly pick up the dead body.

There is no need to fight at all.

For Helan Ruojiu.

The only thing it needs to consider is.

Can't let Zhang Yuhe escape when he bursts.

It just needs to hold Zhang Yuhe.

Drag until the burst magic power ends.

That's the rhythm of beating the dog to death.

It's a pity.

Helan Ruojiu obviously thought wrong.

Zhang Yuhe didn't have any intention of running away.

He opened the Hunyuan Guiyi magic power, but it was not used to run away.

Instead, he took advantage of the full burst to take away the supreme chaos beast in front of him.

Zhang Yuhe stood in the sky, and the powerful momentum continued to rise from him.

He just waved his right hand.

Nine immortal swords fell quickly into the distance.

A magnificent sword array light curtain slowly rose around.

Standing in the sword light curtain.

Helan Ruojiu was not worried at all.

What a joke.

It was a powerful Venerable Chaos Beast, the top power in the entire fairy world.

With the sword array magic of a Daluo Immortal King.

Could it still be trapped?

Although Zhang Yuhe's sword array magic was indeed famous.

But Helan Ruojiu was still not worried.

It was just trying.

What was so magical about Zhang Yuhe's sword array?

Why could it suppress so many King-level Chaos Beasts at the same time.

"Hmph."

Seeing Helan Ruojiu standing arrogantly in the sword array, with no intention of breaking out.

Zhang Yuhe couldn't help but snorted coldly.

Really arrogant.

But this is just right.

Originally, he was worried that Helan Ruojiu would forcefully break through the sword array and run away.

In that case, he would have to spend more effort.

Since he hasn't run away yet.

Then don't leave again.

Leave your life to me.

Thinking of this.

Zhang Yuhe quickly pinched the magic formula.

The invisible sword array in the sky swept across the world in an instant.

The sword energy carried the power of ten laws, and the huge divine power directly enveloped Helan Ruojiu.

At the beginning.

Helan Ruojiu didn't care too much about these invisible sword energies.

With its body of a supreme chaos beast.

Even the best immortal weapon couldn't break its defense.

It could even withstand ordinary Taoist weapon attacks.

Not to mention the invisible sword energy.

However.

When the huge divine power enveloped him.

Helan Ruojiu couldn't help but shout.

"Not good."

...

Chapter 513 Death is certain.

When the invisible sword energy in the sky, carrying the terrifying divine power, enveloped him.

Helan Ruojiu couldn't help but be shocked.

Originally, it didn't take these sword energies seriously.

What a joke.

Think of Helan Ruojiu, a dignified supreme chaos beast.

As the top power in the fairy world.

How can it be hurt by a mere sword energy.

This is indeed the case.

When the invisible sword energy cut into Helan Ruojiu.

Not even a hair of it was hurt.

The powerful invisible sword energy could not cut its skin.

However.

What Helan Ruojiu did not know was.

Zhang Yuhe integrated all nine supreme laws and the powerful power of the chaos law into the sword formation.

Although the damage of the sword energy itself could not cut through the defense of the supreme chaos beast.

But the terrible power carried by the power of various laws.

It is not something that ordinary people can resist.

Even Helan Ruojiu, as a powerful supreme chaos beast.

Facing such terrible power.

Section 685

It also felt difficult to cope with.

Roar.....

The sword energy passed through the whole body.

The terrifying divine power suppressed Helan Ruojiu on the spot.

There are even some weird powers that are constantly cutting into the depths of its soul sea.

The endless soul pain made Helan Ruojiu roar loudly.

It waved the black spear with difficulty.

Cut off all the invisible sword energy around him.

The sword energy could not cut directly into the body, and the pain in the depths of the soul sea slowly disappeared.

Helan Ruojiu quickly waved his spear while looking into the distance.

Now it looked at Zhang Yuhe with a look full of fear.

A Daluo Immortal King could actually force it to this point.

It's simply unthinkable.

Yet this is indeed the case.

Now Helan Ruojiu finally understood.

Why before, when we were in the South China Sea Fairyland.

Zhang Yuhe was able to suppress thousands of king-level chaos beasts at the same time with his sword formation.

Such terrifying power.

Not to mention those king-level chaos beasts.

Even a powerful and powerful Chaos Beast like it must go all out.

Only in this way can the influence of the invisible sword energy on oneself be blocked.

Otherwise.

As long as the sword energy cuts into the body.

Those terrifying divine powers can suppress it in place.

Although Helan Ruojiu kept waving his spear to block the sword energy.

But its current speed of action is still greatly suppressed.

Because most of the energy needs to be allocated.

To block the influence of invisible sword energy on it.

The strength that can be exerted is naturally extremely limited.

Helan Ruojiu quickly rushed towards the edge of the sword array while waving his spear.

It knows.

This damn sword array light curtain must be broken as soon as possible.

Otherwise.

If you have been trapped in the sword formation.

It's hard to say no, if something unexpected happens again.

to be honest.

Now Helan Ruojiu is scared.

It is afraid that once it is trapped for too long.

Likely to die.

"snort."

He Lanruojiu was seen rushing toward the outside of the sword formation's light curtain with the sword energy filling the sky.

Zhang Yuhe couldn't help but snorted coldly.

Only now did I react.

Isn't it too late?

Let me give you a taste of the power of Taoism.

Think of this.

Zhang Yuhe quickly used the magic formula.

A huge black millstone slowly appeared in the air.

The grindstone rotates gently.

The huge divine power instantly suppressed Helan Ruojiu in place.

Roar.....

Helan Ruojiu let out a thundering roar.

It relied on the spear in its hand to block out the invisible sword energy that filled the sky around it.

However, facing the sudden appearance of the black millstone, it could no longer move.

The divine power of the millstone was suppressed, and Helan Ruojiu could not move at all.

No matter how hard it struggles.

It can't resist the terrifying power brought by the black millstone.

At this time, Helan Ruojiu regretted it endlessly.

Should have known so.

It should be right before Zhang Yuhe fully deployed the sword formation.

Just quickly break through the void and escape.

It still had a chance then.

Because it will take some time for Zhang Yuhe to display the sword formation.

But it's too late to say anything now.

Feel the terrifying power brought by the black millstone.

Helan Ruojiu understood.

It can't stop this wave.

Because now, it can't move at all.

It became a dead target that could not move.

No matter how strong its defense is, it will be beaten to death by Zhang Yuhe sooner or later.

Think of this.

Helan Ruojiu was as panicked as an old dog.

It doesn't want to die.

I imagine it has traversed the fairy world for countless years.

How could he be willing to die here?

Died at the hands of a Da Luo Immortal King?

Absolutely not.

We must find a way to get rid of the suppressive power of the black millstone.

Roar.....

Helan Ruojiu waved the spear in his hand and struggled hard.

However, no matter how hard it struggled, it could never take another step forward.

The double suppression of the sword formation and Taoism directly suppressed it to death.

Couldn't move at all.

Zhang Yuhe stood tall in the sky with an extremely indifferent expression.

He looked at everything in front of him quietly.

The movement of pinching the magic formula in his hand did not stop at all.

The black millstone rotates slowly.

When the millstone turns half a circle.

He Lanruo spit out a mouthful of blood.

The surface of its solid body was constantly leaking traces of blood.

It was almost unbearable.

As the black grindstone turns.

The vast divine power became more and more terrifying.

Helan Ruojiu had no idea what the terrifying millstone in the sky was.

How could there be such a terrifying supernatural power in this world?

Not even such a powerful Chaos Beast as it is, can't stop the power of Mopan.

Under the grinding of the millstone.

Everything around him completely turned into nothingness.

The power of Taoist Chaos Returning to the Void was completely beyond Helan Ruojiu's knowledge.

It's just beyond comprehension.

Section 686

Why can Zhang Yuhe display such terrifying magical powers?

This is beyond the normal means of Da Luo Immortal King.

Even the Dao Ancestor Emperor among the monks is nothing more than this.

In fact.

When facing Emperor Daozu.

Just don't get stuck.

Helan Ruojiu can still come and go freely.

The ordinary Dao Ancestor Emperor couldn't kill it at all.

However, facing Zhang Yuhe, he displayed his Taoist magical powers.

Helan Ruojiu had no power to resist at all.

It could only watch helplessly as the black millstone slowly rotated.

The divine power that defies the heavens is constantly suppressed.

But I can't do anything.

Even struggling is no longer possible.

at the beginning.

Helan Ruojiu could still wield the spear and kept struggling.

But with the black grindstone, after turning half a circle.

It can no longer move at all.

Helan Ruojiu's huge body was like a lamb waiting to be slaughtered.

I can only wait quietly for death.

At this time, Helan Ruojiu's eyes were wide open and his mouth was slightly open.

But no sound could be made.

It feels like its life is passing quickly.

I wanted to let out an angry roar, but I couldn't do it at all.

Zhang Yuhe quickly moved the magic formula while quietly looking at everything in front of him.

he knows.

Helan Ruojiu is finished.

Dead.

...

Chapter 514 Unbelievable!

Zhang Yuhe looked at Helan Ruojiu in the distance with an extremely cold expression.

no doubt.

The noble-level chaos beast in front of him was already dead.

Even if God comes, he cannot save it.

Under the crushing power of Taoism, Chaos Guixu.

Although Helan Ruojiu's body did not suffer much damage on the surface.

Relying on strong defensive capabilities.

It is simply impossible for those invisible sword energies to cut through its leather armor defense.

But Zhang Yuhe never expected to rely on the Nine Heavens Hunyuan Sword Formation to kill this supreme chaos beast.

The power of the Nine Heavens Hunyuan Sword Formation is indeed good.

Especially now, he has upgraded all nine fairy swords to the level of top-grade fairy weapons.

And they are all integrated with innate spiritual materials.

He even placed these nine fairy swords in the Seven Star Spirit Pond and soaked them for tens of millions of years.

The power of the Nine Heavens Hunyuan Sword is no longer comparable to that of the original.

despite this.

If you want to rely on the sword formation, you must kill this powerful noble-level chaos beast.

It's obviously impossible.

Zhang Yuhe's true reliance is Taoism.

The power of Chaos Returning to the Void is extremely terrifying.

Under the terrifying power of Taoism.

Even the molecules in the air can turn into nothingness.

not to mention.

Now Zhang Yuhe has also activated the Hunyuan Guiyi magical power.

Strength increased tenfold.

It is almost comparable to the level of a half-step ancestor.

At this time, the Chaos Returning to the Void Taoist Technique was performed in his hands.

The power is far from what it was before.

There is no problem at all in killing the supreme Chaos Beast in front of him.

As the black grindstone rotates slowly.

Layers of blood mist kept coming out of Helan Ruojiu's body.

It's just that these bloody mists just emerged, and they were quickly overwhelmed by the terrifying power of Taoism.

Directly turned into nothingness.

So on the surface, there are still no scars visible on Helan Ruojiu.

However in fact.

Under the suppression of Taoism Chaos Guixu.

At this time, Helan Ruojiu was already like a sieve.

The whole body was hollowed out.

That is, a noble-level Chaos Beast with powerful vitality.

Otherwise.

Even if he had ten lives, he would have died long ago.

despite this.

Now Helan Ruojiu can no longer hold on for long.

Its eyes were wide open and its mouth was slightly open.

His face was full of unwillingness.

It never occurred to me.

He would fall into the hands of a human race's Great Luo Immortal King.

Time passed slowly.

As the black grindstone is about to complete one revolution.

Helan Ruojiu's huge body finally collapsed to the ground.

As the top power in the fairy world.

Helan Ruojiu fell to the ground unwillingly and left with endless regret.

Zhang Yuhe waved his right hand and took back his Taoist magical power.

The nine fairy swords flew back quickly, slowly flowing around the body.

The surrounding fairy energy quickly poured in.

Restore Luoyan Mountain, which was originally reduced to nothingness, to its normal state.

Of course.

The original mountains, rivers and lakes had disappeared long ago.

Looking at Helan Ruojiu's huge body lying on the ground in front of him.

Zhang Yuhe took a deep breath.

At this time, his face couldn't help but show excitement.

Kill a supreme Chaos Beast.

Can you be unhappy?

As the top power in the fairy world.

Even the Dao Ancestor Emperor would find it difficult to kill a supreme Chaos Beast alone.

Unless the battlefield is set up in advance and the layout is prepared to trap the supreme Chaos Beast.

Otherwise.

In the entire fairy world.

There are really only a few Daozu Emperors who can kill the supreme Chaos Beast alone.

Zhang Yuhe is just a newly promoted Great Luo Immortal King.

Section 687

But he can kill a supreme Chaos Beast alone.

This is definitely a first-of-its-kind feat.

Think of this.

Zhang Yuhe couldn't help but be excited.

In order to kill this supreme chaos beast.

He was totally on fire.

Show off all the means you can use.

Finally, Helan Ruojiu was beaten to death.

At this time, Zhang Yuhe's Dantian sea was almost exhausted.

The power of Taoism Chaos Guixu is indeed very terrifying.

But the consumption of this Taoist technique is also very exaggerated.

That is Zhang Yuhe, because he practiced the Hunyuan Heavenly Scripture.

The Dantian is as wide as the sea, and the immortal energy is almost inexhaustible.

If replaced by an ordinary Da Luo Immortal King.

I'm afraid it's impossible to use this Taoist technique at all.

Maybe the black millstone just turned for a while.

It can consume all the immortal power in the Dantian of a Da Luo Immortal King.

Zhang Yuhe stood tall in the sky and silently circulated the Hunyuan Scripture.

He had to restore some of the immortal energy in his dantian first.

Boom...

Just at this time.

There was a sudden loud noise in the sky, and a huge black hole slowly appeared.

See this situation.

Zhang Yuhe couldn't help being surprised.

Could it be that there are other respected Chaos Beasts from the Helan Mountain Tribe coming to support them?

He immediately put away his skills and looked at the black hole in the sky with full vigilance.

I saw three giant cauldrons holding up the sky, slowly flying out of the black hole.

The figure of Tianxing Daozu appeared between the three giant cauldrons.

See this situation.

Zhang Yuhe breathed a long sigh of relief.

It really startled him.

He thought it was the supreme Chaos Beast from Helan Mountain coming over.

It turned out to be Tianxing Daozu.

But it's normal to think about it.

This place is not far from Galaxy Fairy City.

It can be regarded as the edge area of the Tianxing Domain.

There was so much noise in the battle just now.

It would be strange if Tianxing Daozu didn't come over to take a look.

Zhang Yuhe took a deep breath and shouted respectfully towards the Tianxing Daozu in the distance.

"Meet Dao Ancestor."

Tianxing Daozu glanced around.

When he saw Helan Ruojia's body on the ground.

I couldn't help being shocked.

he asked in disbelief.

"Did you beat him to death?"

Zhang Yuhe nodded lightly.

Do you even need to ask?

There is no third living being within hundreds of millions of miles.

Not to mention people, not even a tree or a blade of grass was left.

Under his Taoist power.

Everything around him has long since turned into nothingness.

Seeing Zhang Yuhe nodding in confirmation.

Tianxing Daozu still couldn't believe it.

How is this possible?

He immediately flew down.

He quickly came to the place where Helan Ruojiu fell to the ground and took a closer look.

Although Helan Ruojiu had been dead for a while.

But it has the terrifying aura of a noble-level Chaos Beast.

Still exuding a touch of coercion.

In fact, Tianxing Daozu only needs to take a look.

He knew that this was a respected Chaos Beast from the Helan Mountain Tribe.

As the Taoist Emperor of the human race.

He has had countless interactions with respected Chaos Beasts from various major tribes.

In the long years, the two sides fought countless battles.

The He Lan Ruojiu in front of him had fought against him many times.

But what he didn't expect was.

Such a powerful noble-level chaos beast actually died in Zhang Yuhe's hands.

This is the result in front of me.

He really couldn't believe it.

This is the supreme Chaos Beast, the most powerful force in the immortal world.

Even compared to himself, he is not much weaker.

And Zhang Yuhe is just a newly promoted Great Luo Immortal.

He was actually able to beat such a powerful Chaos Beast to death.

This completely subverted the understanding of Tianxing Daozu.

...

Chapter 515 Helan Ruobei's anger!

Tianxing Daozu inspected it carefully for a while.

He had to admit that the powerful Chaos Beast in front of him was indeed killed by Zhang Yuhe.

Because the surface of Helan Ruojiu's body was densely covered with countless sword marks.

This was obviously injured by Zhang Yuhe's sword energy.

What just puzzled him was.

These dense sword marks are for the supreme Chaos Beast.

Not fatal at all.

That is to say.

The honorable chaos beast in front of him did not die from Zhang Yuhe's sword formation.

But died from other magical powers.

As for the specific magical power, Tianxing Daozu didn't ask.

He looked around.

I saw that there was still a strange emptiness of Taoism remaining on the vast battlefield.

It was as if there was an extremely terrifying magical power that had wiped out everything around him.

Although it has now been restored to some extent, it is still a legacy of the battlefield.

Tianxing Daozu can still make some guesses.

It must have been Zhang Yuhe just now, through the power of the powerful sword formation.

Trap this noble-level chaos beast.

Then he used his super powerful magical power to directly kill the Chaos Beast.

Silently feeling the remaining power of the magical powers around him.

Tianxing Daozu felt a little frightened.

"What a terrifying magical power."

Zhang Yuhe's unknown magical power was actually able to obliterate the supreme Chaos Beast.

Section 688

Then it is natural to threaten to get Emperor Daozu.

As an early stage Da Luo Immortal.

But it can burst out and threaten the power of Emperor Daozu.

It's simply outrageous.

Unfortunately.

Until now, he hadn't noticed it.

What kind of magical power did Zhang Yuhe use before to have such terrifying power?

Tianxing Daozu did not think about Taoism.

First of all, Zhang Yuhe has just been promoted to the Daluo realm, only three million years ago.

The prerequisite for practicing Taoism is to understand all nine laws to perfection.

In the eyes of Tianxing Daozu.

In just three million years, it is naturally impossible for Zhang Yuhe to fully comprehend all nine laws.

more importantly.

If you want to practice Taoism, you need to use the original things and open the source of the body.

It is impossible for Zhang Yuhe to have such a thing.

He was still thinking about it.

When the Kyushu Conference is held, ask other Taoist ancestors.

See who has the inventory.

Prepare it for Zhang Yuhe first.

Tianxing Daozu looked around.

Zhang Yuhe stood silently behind him and did not speak.

After a while.

Tianxing Daozu raised his head and looked into the distance, then said with a smile.

"Let's go back first."

"This time, another honorable Chaos Beast died in the Helan Mountain Tribe."

"I don't know if they will take the risk."

"What if Helan Ruobei rushes over with the more than twenty remaining supreme-level chaos beasts in the tribe?"

"It's also a big problem for us."

"Now that we have taken advantage, let's leave quickly."

"good."

Zhang Yuhe nodded lightly.

In fact, he had already wanted to leave.

You killed a noble Chaos Beast, why don't you stay here?

Are you waiting to be beaten by Helan Ruobei and his team?

It's just that Tianxing Daozu didn't speak just now.

It was hard for him to say anything.

Moreover, Zhang Yuhe has confidence in Tianxing Daozu.

Last time, with one against five, Tianxing Daozu was able to kill an honorable Chaos Beast.

Thinking about it, even if He Lan Ruobei really led a team here, it wouldn't be too much of a threat.

In Zhang Yuhe's heart.

The strength of Tianxing Daozu.

That's a lot of strength.

There is no need to worry about being attacked by the noble Chaos Beasts of Helan Mountain.

Tianxing Daozu waved his right hand.

The three giant cauldrons holding up the sky instantly created a huge black hole in the void.

He turned back to look at Zhang Yuhe.

Prepare to take Zhang Yuhe back through the void together.

However.

Zhang Yuhe clenched his right hand into a fist and punched into the void.

Another huge black hole appeared in front of us.

Zhang Yuhe soared into the sky, jumped directly into the black hole and disappeared.

See this situation.

Tianxing Daozu was simply stunned.

Can the Great Luo Immortal King really be so fierce?

One punch shattered the void and created a space passage.

Isn't this exclusive to Emperor Daozu?

When will the Great Luo Immortal King be able to have such great power?

Although he had heard of it, during the last Dao Sheng Sect Immortal King celebration.

Zhang Yuhe also appeared in this way.

But Tianxing Daozu didn't pay too much attention.

After all, as long as you are well prepared.

Use the power of formations or other methods to open a temporary passage.

It's still possible.

But what did he see just now?

Zhang Yuhe just punched lightly and blasted a space passage directly in the void.

Even more relaxed than his Taoist ancestor.

Before every time he shuttles.

You have to use the natal instrument to open a temporary passage in the void.

However, Zhang Yuhe could do it with only his physical strength.

Is this divine power too exaggerated?

He really couldn't understand.

This is the physical body of a human monk. Can it be done?

Tianxing Daozu stood there and thought for a long time.

I didn't even think of a reason why.

He couldn't help but shook his head and murmured to himself.

"It seems that this supreme genius is far more powerful than I imagined."

Originally, he was worried that Zhang Yuhe would be in danger.

Then he rushed over to support.

Now it seems.

It's totally unnecessary.

Just rely on what Zhang Yuhe showed just now.

The immortal world is so vast, who can threaten him?

You can say that.

With Zhang Yuhe's current strength.

As long as he doesn't commit suicide.

In this fairy world.

It would be difficult for anyone to kill him.

Think of this.

Tianxing Daozu couldn't help but be speechless.

Fortunately, he had hurried over just now.

As a result, in addition to seeing the corpse of a supreme Chaos Beast.

Just saw nothing.

Now Zhang Yuhe has shown his ability to travel through the void again.

Then he is still worried.

Such a peerless genius is already unstoppable.

There's no need at all, it's up to them old guys to worry about it.

Think of this.

Tianxing Daozu soared into the sky and quickly disappeared from the black hole.

...

The sea of origin, the Helan Mountain tribe.

Section 689

At this time, Helan Ruobei's face was gloomy.

There were several tall mountains around.

Now it has been beaten into ashes by its anger.

Just now.

It sensed the breath of Helan Ruojiu, and suddenly there was no news.

It was obviously dead.

This made it furious.

Helan Ruobei gritted his teeth and spat out a few words.

"Old ghost Tianxing, I will never let you go in Helan Mountain."

In recent years.

Two of their Helan Mountain tribe's supreme chaos beasts have fallen in the hands of Tianxing Daozu.

How could Helan Ruobei not be angry?

Yes.

It has already blamed Tianxing Daozu for Helan Ruojiu's death.

In Helan Ruobei's view.

The matter is very obvious.

Around this Tianxing domain.

Except for Tianxing Daozu.

There is no other person who can beat Helan Ruojiu to death.

Now Helan Ruojiu is dead.

So if it wasn't Tianxing Daozu who did it, who else could it be?

Thinking of this.

Helan Ruobei became more and more angry.

It muttered to itself.

"It seems that we have to find a way to push other tribes to fight against the monks together."

...

Chapter 516 Enlightenment Fruit Tree

In the wilderness deep in the Chaos Continent.

A stream of light streaked across the sky and flew quickly into the distance.

Zhang Yuhe stood at the front of the fairy ship.

Looking at the silent wilderness around him, no one could be seen at all.

At this time, he had left the Tianxing Realm and was flying towards the Cangyue Realm next door.

Ever since Helan Ruojiu was killed.

Zhang Yuhe was worried that the Helan Mountain Tribe would retaliate.

Even Tianxing Daozu had such concerns.

For this reason, he stayed in Yinhe Xiancheng for nearly two hundred years.

As a result, after a long time of commotion.

There was no movement from the Helan Mountain Tribe.

The imagined revenge did not come.

They worried for nothing.

After Tianxing Daozu left.

Zhang Yuhe was in seclusion in Yinhe Xiancheng for a period of time.

Before, he wiped out more than ten level 4 Chaos Beast tribes.

He got some complete Chaos Immortal Crystals from the altars of these tribes.

They can be used to refine Chaos Cannons.

He just planned to travel.

He refined some Chaos Cannons and placed them in the Galaxy Immortal City.

He could also avoid his worries.

Chaos Cannons are equivalent to the combat power of Daluo Immortal, or even stronger.

As long as the crystal core filled is powerful enough, there will be no problem in killing the Nine-Colored King Beast.

As long as a few Chaos Cannons are left in the Galaxy Immortal City.

Then even if there are King-level Chaos Beasts attacking.

Lu Yunfei and others can deal with it.

After arranging all the affairs.

Zhang Yuhe set off.

There is not much time left before the Jiuzhou Conference.

He has to get to Tianzuo Holy Land as soon as possible.

However, Tianzuo Holy Land is extremely far away.

He started from Tianxing Domain and had to pass through five domains in the middle.

Before he could finally reach Tianzuo Domain.

Each domain is separated by a vast Chaos Wasteland.

Even if Zhang Yuhe controls an Earth-class Immortal Ship.

To fly from one domain to the next domain.

It will take at least thousands of years.

...

Zhang Yuhe stood at the front of the Immortal Ship, looking at the vast wasteland in front of him.

Thousands of years have passed since he left the Tianxing Domain.

As he continued to go deeper into the Chaos Continent.

The number of cultivators he met on the road became fewer and fewer.

At the beginning, it was better.

Occasionally, he could still meet some cultivators who were adventuring in the Chaos Continent.

But in the past few hundred years.

Zhang Yuhe has never met any human figures again.

Only he was flying alone in the Chaos Continent.

In the vast wasteland.

In addition to the countless Chaos Beast Tribes.

There were only endless mountains and rivers.

This was a place that cultivators had never set foot on.

Zhang Yuhe took out the map and compared it carefully.

Then he couldn't help shaking his head.

According to his current speed.

It would take at least two thousand years to reach the Cang Yue Realm.

It was too far away.

It was not that his speed was not fast enough.

In fact.

The Earth-class Immortal Ship flying at full speed was already far faster than the ordinary Daluo Immortal King.

Despite this.

It took nearly three thousand years to fly from the Tianxing Realm to the Cang Yue Realm.

This was still Zhang Yuhe's carefree attitude.

Even if he encountered a Chaos Beast Tribe, he would not take a detour.

He would fly directly over the tribe.

If he encountered a Chaos Beast blocking him, he would kill it directly.

He was so powerful that he could do whatever he wanted.

Time passed slowly.

Zhang Yuhe was alone, flying alone in the wasteland of the Chaos Continent.

Until two thousand years later.

Zhang Yuhe suddenly found that a stream of light was passing quickly in the distance.

Seeing this situation.

He was overjoyed.

Section 690

This indicates that.

He was about to walk out of the wasteland, and he should not be far from the Cang Yue Territory.

As long as you enter the territory of Cang Yue Territory.

Then he can use the teleportation array in the local fairy city.

Quickly teleport into the distance, then continue forward.

This can help him save a lot of time.

Ten days later.

Zhang Yuhe slowly stood up from the fairy ship.

Watching the stream of light flying in the distance.

He couldn't help but frown slightly.

The number of monks I have met recently has suddenly increased.

This made him feel very strange.

at the beginning.

Zhang Yuhe thought that he had entered the territory of Cang Yue Territory.

But when he took out the map, he compared it carefully for a while.

It was finally confirmed.

His current location is the fairy city closest to Cang Yue Territory.

At least it's still a month away.

For ordinary monks.

This is definitely the depths of Chaos Continent.

Occasionally, a few monks would travel such a long distance to take risks, and that would be reasonable.

But now, monks appear one after another.

This is very abnormal.

Could it be that something big happened around here?

Or.

The monks of the Cang Yue Region are having a battle with the Chaos Beast somewhere nearby?

Otherwise.

Zhang Yuhe really couldn't understand why there were so many monks rushing here.

Moreover, the cultivation level of these people is not too high.

In addition to seeing two Da Luo Immortal Kings.

Most of the monks who passed by just now were Taiyi Immortal Lord.

There were even Golden Immortal monks involved.

to be honest.

In such a dangerous place, although Zhang Yuhe can walk on the ground.

But for the Golden Immortal monk, that would be too dangerous.

Zhang Yuhe saw several fourth-level chaos beast tribes alone.

This indicates that.

There will definitely not be a small number of king-level chaos beasts nearby.

Such a dangerous place.

How come there are so many monks coming?

Zhang Yuhe really couldn't understand.

"Forget it, just ask someone directly."

Just at this time.

A stream of light streaked across the sky in the distance.

A Taiyi Immortal Lord was piloting an immortal ship to fly forward quickly.

"It's just you."

Zhang Yuhe turned the fairy ship and flew directly towards it.

At the same time, the aura of the Great Luo Immortal King was revealed without reservation.

At this time, Liu Changjiu was piloting the fairy ship to fly forward quickly.

Just a month ago.

He got some breaking news.

Someone wanted to discover the breath of the Enlightenment Fruit Tree deep in the Chaos Continent.

This made Liu Changjiu very excited.

That's the Enlightenment Tree.

If we rank the fairy fruits and trees known to the fairy world.

Then the Enlightenment Fruit Tree is definitely ranked first.

the reason is simple.

The Enlightenment Fruit can permanently improve a monk's understanding.

Just eat one Enlightenment Fruit.

Even a fool can become a genius.

Unfortunately.

Enlightenment fruit trees rarely appear in the world.

In the long years of the immortal world, there are very few monks who can successfully pick up the Fruit of Enlightenment.

This time, the Enlightenment Fruit Tree actually appeared near their Cang Yue Territory.

How could Liu Jiujiu not be excited about this?

The monks from various immortal realms heard the news and rushed towards this direction at a faster speed.

Even in the depths of the Chaos Continent, danger is everywhere.

But for the sake of enlightenment and fruition, no one cares about these things.

Liu Changjiu is one of them.

He thinks very clearly.

Even if you can't pick the fruit of enlightenment.

Even if you just feel it, the aura emanating from the Enlightenment Fruit Tree.

He is also satisfied.

Because according to ancient records.

As long as you can get close to the Enlightenment Fruit Tree and feel the vast and boundless atmosphere.

It can instantly improve the monk's understanding.

Although this improvement is only temporary.

Wait until you leave the Enlightenment Fruit Tree and reach a certain range.

This temporarily enhanced perception will soon disappear.

But this was enough to attract him to venture deep into the Chaos Continent.

Even if it only improves your understanding for a short period of time.

It is enough for him to benefit from it throughout his life.

This opportunity must not be missed.

...

Chapter 517 Luohe Wasteland

As the leader of a large force.

Liu Changjiu's biggest dream is to be promoted to the realm of Da Luo.

Then push the sect into a super power.

It's just a pity.

He has stayed at the perfect level of Great Yi Immortal for nearly two billion years.

It still failed to resolve and break through the bottleneck of Daluoxian.

He had thought of many ways and traveled throughout the Cang Yue Region.

However, Daluoxian's bottleneck is like a solid iron gate.

Keep him out.

Liu Jiujiu was not worried about overcoming the tribulation.

After practicing Taoism for so many years.

He has also accumulated a lot of wealth, and he has a good relationship with an elder from Cang Yue Holy Land.

As long as the bottleneck can be resolved.

Then he can use the Tribulation Platform of Cang Yue Holy Land to break through the Great Luo Immortal and overcome the Heavenly Tribulation.
