

Top talent 691

Section 691

This time the Enlightenment Fruit Tree appeared.

For Liu Changjiu, it is an opportunity not to be missed.

If you can successfully resolve the bottleneck with the help of the aura of the Enlightenment Fruit Tree.

Then he will make a lot of money.

As for picking the fruit of enlightenment.

to be honest.

Liu Changjiu did not have such extravagant hopes.

According to classic records.

I want to successfully harvest the fruit of enlightenment.

You need to pass the test of the enlightenment fruit tree.

In the long years of fairyland.

There are only a few monks who can pass the test of Enlightenment Fruit Tree.

Liu Jiujiu has self-awareness.

Among Taiyi Immortal Lord, he only lived a long life and had no particularly outstanding talents.

Pass the test of the Enlightenment Fruit Tree.

He didn't dare to think about it.

Just when Liu Changjiu was still deep in thought.

Suddenly a stream of light blocked the front of his fairy ship.

He looked forward in surprise.

That is also a fairy ship.

It's just that the fairy ship in front of him is not only extremely huge.

Moreover, the terrifying power exuded by the fairy ship is also extremely terrifying.

Liu Changjiu looked up.

I saw a figure in white standing at the front of the fairy ship opposite.

The figure in white clothes stood calmly, with a terrifying aura soaring into the sky.

Liu Changjiu has lived for so many years, so he is naturally well-informed.

He immediately shouted respectfully.

"Liu Changjiu of Wu Ming Immortal Realm, pays homage to the Immortal King."

Liu Changjiu did not know Zhang Yuhe.

But he knows.

The person in front of him must be a powerful Da Luo Immortal King.

The way was blocked by an immortal king.

This frightened him greatly.

even though.

Fights rarely occur between human monks.

As for bullies bullying small ones, it rarely happens.

But there are exceptions to everything.

In this deserted place.

If the other person is unhappy, slap him to death.

Then where can he reason?

so.

Facing the unknown Da Luo Immortal King in front of him, Liu Changjiu showed great respect.

As the saying goes.

Don't reach out to hit the smiling person.

Just be respectful.

Then even the eccentric Immortal King would generally not cause trouble for him.

Seeing the other party being so respectful.

Zhang Yuhe said with a smile.

"Don't be so nervous, I just want to ask you something."

"Why are there so many monks passing by here suddenly?"

"This place is located deep in the Chaos Continent, so there shouldn't be a large number of monks coming here."

"Did something happen?"

Hearing Zhang Yuhe's words.

Liu Changjiu couldn't help but let out a long sigh of relief.

He already understands.

The Great Luo Immortal King in front of me should be passing by here.

It is very likely that it is not the local Da Luo Immortal King of Cang Yue Great Territory.

Otherwise.

The enlightenment fruit tree appeared in this world, such a big thing.

As the Great Luo Immortal King, it is impossible not to know.

despite this.

He didn't dare to lie.

Instead, he responded honestly.

"Reporting to the Immortal King, a month ago, a monk discovered the aura of the Enlightenment Fruit Tree deep in the Chaos Continent."

"It is precisely because of this that everyone is venturing deep into the Chaos Continent now."

"I hope I can get a chance."

"Oh, and such good things?"

Hearing this, Zhang Yuhe couldn't help but become interested.

he continued to ask.

"Do you know where the Enlightenment Fruit Tree is?"

"It's in Luohe Wasteland, about six hundred billion miles away from here."

After Liu Jiujiu finished speaking.

He immediately took out a blank jade slip and marked the location of Luohe Wasteland on the map.

Then he handed over the jade slip respectfully.

Zhang Yuhe took the map and looked at it for a while.

Then he said with a smile.

"Thank you very much, little friend."

I saw him wave his right hand.

A crystal core flashing with two-color light slowly flew towards Liu Changjiu.

This is a two-color king beast crystal core.

For Taiyi Immortal Lord.

Any king beast crystal core is extremely precious.

Because it is difficult for them to have channels to obtain such things.

Liu Jiujiu took over the crystal core.

He said with excitement.

"Thank you Immortal King."

Zhang Yuhe smiled and waved his hand.

Liu Changjiu is very knowledgeable.

He didn't try to have any friendship.

Instead, he turned the fairy ship around and turned into a stream of light and flew away.

The Great Luo Immortal King in front of me.

Not only did he not cause any trouble for him, but he was just answering a question that everyone knew.

I gave him one, the precious king beast crystal core.

He is already very content.

Liu Jiujiu was able to live in the immortal world for such a long time due to his cultivation level as Immortal Lord Taiyi.

What counts is not strength, but knowing how to advance and retreat.

Looking at Liu Changjiu's retreating figure.

Zhang Yuhe couldn't help but smile.

He muttered to himself.

"It's kind of interesting to encounter the Enlightenment Fruit Tree."

Section 692

"Now I have to go and take a look."

Think of this.

Zhang Yuhe quickly turned the fairy ship and flew towards the Luohe Wasteland in the distance.

Although his understanding is incredible.

The Enlightenment Fruit shouldn't have much effect on him.

After all, Zhang Yuhe's understanding is already off the charts.

Like the Enlightenment Fruit, a natural treasure that increases understanding.

To others, it must be a heaven-defying treasure.

But for him.

Maybe it's not even the icing on the cake.

It can only be eaten as an ordinary fruit.

despite this.

Zhang Yuhe still plans to go and take a look.

It doesn't take much time anyway.

As the first of the top ten immortal trees in the immortal world.

He also wanted to see what was so magical about the Enlightenment Fruit Tree.

As for whether you can pick the fruit of enlightenment?

Just let it happen.

Regarding the test of the Enlightenment Fruit Tree, Zhang Yuhe had seen a lot in the classics.

According to the classic records.

Whenever the Enlightenment Fruit Tree appears, a vast aura of Taoism will hang around it.

This kind of breath is extremely terrifying.

Even the Daozu Emperor was unable to resist head-on.

The monk wants to obtain the fruit of enlightenment.

You can only keep moving forward by sensing those Taoist auras.

The closer you get to the fruit tree of enlightenment, the greater your harvest will be.

If you can walk to a fruit tree, it will be within ten thousand miles.

Then it is possible to be granted the fruit of enlightenment.

As the number one fairy tree in the fairy world.

The enlightenment fruit tree is naturally enlightened and has already enlightened the spiritual wisdom.

It will grant monks the fruit of enlightenment according to its own preferences.

As for grabbing it hard?

Don't even think about it.

Although in the classics, there is never any record of the enlightenment fruit tree hurting people.

But no one has ever obtained the fruit of enlightenment through hard robbery.

Not even the Daozu Emperor.

...

Chapter 518 I'll do it

Zhang Yuhe is not very interested in the fruit of enlightenment.

But he is very interested in the legendary Enlightenment Fruit Tree.

He really wanted to see what magic this first spiritual creature in the fairy world had.

The Enlightenment Fruit Tree will appear once every tens of millions of years.

It's just that the location is different every time.

You can even say that.

The enlightenment fruit tree may appear anywhere in the fairy world.

According to the guesses of those Daozu emperors.

The state of the enlightened fruit tree may have already transcended the level of the fairy world.

That is to say.

The realm of enlightenment fruit trees should be above that of Tao ancestors.

This may be the creature with the highest level of cultivation in the entire immortal world, except for the Supreme True God.

There was once a great Taoist emperor who wanted to capture the Enlightenment Tree, but ended up in disgrace.

The powerful divine power of the Dao Ancestor Emperor, even the drooping Dao charm of the Enlightenment fruit tree, could not withstand it.

I still want to get the idea of enlightenment fruit tree.

Naturally, it is not good.

Fortunately, this Enlightenment Fruit Tree never meant to hurt anyone.

It never pays attention to provocative monks.

Just standing quietly in the void.

When the test time is over, it will suddenly disappear.

No one has ever known where this enlightenment fruit tree came from.

No one knows either.

Why did the Enlightenment Fruit Tree suddenly disappear?

This is already beyond the level of the fairy world.

Even Emperor Daozu couldn't understand it.

It is precisely because of this.

Only then would Zhang Yuhe become extremely interested in the Enlightenment Fruit Tree.

Now that we have encountered it.

Then he must go and see it.

This is a level above the fairy world.

Apart from the Supreme True God of the Origin Sea, there is only the great power of Kyushu who once spread civilization.

It has reached this level.

Zhang Yuhe was very curious that a fruit tree could actually rival the great powers of the Nine Provinces.

He even had some doubts.

Could this Enlightenment Fruit Tree be brought to the Immortal Realm by the Great Power of Nine Provinces?

Otherwise.

With the foundation of the fairy world, how could such a strange fruit tree grow?

Zhang Yuhe was thinking silently while driving the fairy ship.

But it doesn't matter.

He just went over to take a look.

He must have realized that understanding the Taoist charm of the Taoist fruit tree would definitely be of some benefit to his future cultivation.

After half a day.

The fairy ship Galaxy quickly flew to Luohe Wasteland.

Zhang Yuhe looked into the distance.

Only seen in the distant void.

A sacred tree that holds the sky reveals a tall crown.

among the tree canopy.

Nine unique divine fruits exude an alluring Taoist charm.

As for the complete form of the sacred tree, it cannot be seen at all.

Because around the sacred tree, the vast Taoist rhyme turned into mist.

Completely covering a radius of tens of millions of miles.

Even if Zhang Yuhe exerts all his spiritual consciousness.

Nor can it penetrate the vast mist.

"It's really amazing."

See this situation.

Zhang Yuhe muttered silently to himself.

As a Daluo Immortal King, he is also well-informed.

But he never thought about it.

A fruit tree can actually exude such a magnificent Taoist charm.

hard to imagine.

If this enlightenment fruit tree can transform this vast Tao charm into fighting power.

Section 693

How terrible that would be.

I am afraid that all the monks in the entire fairy world will unite.

It can't be stopped.

This is no longer a level thing.

It's like the difference between a mortal and a true immortal.

No wonder the fruit of enlightenment has such a heaven-defying effect.

This shouldn't be a sacred tree that can grow in the fairy world.

After seeing the enlightenment fruit tree on site.

Zhang Yuhe became more and more certain.

This enlightenment fruit tree should come from outside the fairy world.

And there is a great possibility that it was the great master of the Nine Provinces who brought him to the immortal world.

Although the great power of Kyushu has fallen for countless years.

But this enlightenment fruit tree has always existed in the fairy world.

Looking at the nine shining divine fruits on the tree crown in the distance.

Zhang Yuhe couldn't help but become interested.

"Maybe I should try and see if I can get some fruit to try?"

Originally he thought.

With his incredible understanding.

This magical fruit of increased understanding will definitely have no effect on him.

But after seeing the Enlightenment Fruit Tree.

Zhang Yuhe no longer thinks so.

Who can guarantee the divine fruit on such a magical tree?

There will be no other adverse effects.

It doesn't hurt to get one or two fruits to eat.

There's no harm in doing it anyway.

But before that.

He still has some trouble to solve.

Zhang Yuhe looked into the distance.

Around the sacred tree's Daoyun mist, a large number of chaotic beasts gathered densely.

There are a large number of monks around who want to participate in the test of the Enlightenment Tree.

But he couldn't get through it at all.

A large number of chaos beasts will surround the Enlightenment Tree in a radius of tens of millions of miles.

Everyone gathered around.

If everyone wants to participate in the test, they must kill the Chaos Beast's defense line.

The Enlightenment Fruit should be of little use to Chaos Beasts.

Moreover, the test of enlightenment fruit tree is only for monks.

Chaos beasts simply cannot participate in the test.

They can't even get into that layer of Daoyun mist.

However, the Chaos Beast is not a fool either.

Although they realize the benefits of fruit trees, they cannot get them.

But they are not willing to let the monks benefit.

So when the Enlightenment Fruit Tree first appeared in this world.

More than a dozen level four tribes around them immediately united and came out.

They summoned a large number of Chaos Beasts and surrounded them all around the Enlightenment Fruit Tree.

Don't let anyone get close.

There were streams of light passing by in the distance.

The monks from the Cang Yue Great Region are constantly arriving.

Although more and more monks gathered together.

But no one dared to take action.

Because there are more than a dozen chaos beasts from the fourth-level tribe gathered here.

As for the second- and third-level tribes, there are countless of them.

There are thousands of king-level chaos beasts alone.

There are not even ten Daluo Immortal Kings among the monks.

After all, this is the territory of the Chaos Beast.

Chaos beasts from various tribes can quickly gather together.

But the monk received the news and rushed here again.

It takes a lot of time.

Maybe when they come over.

The Enlightenment Fruit Tree may have disappeared, but this is something difficult to say.

The enlightened fruit tree does not stay in one place for a long time.

According to the classic records.

Every time the Enlightenment Fruit Tree appears in this world, it will only stay for a maximum of three months.

Sometimes it only lasts a month and then disappears.

Zhang Yuhe looked around, but he did not find Cang Yue Daozu.

I don't know if this Taoist ancestor went to other places.

Otherwise.

The enlightenment fruit tree appeared in this world, such a big thing.

There is no reason for him not to come.

There is no Taozu to take charge of the overall situation.

Those Daluo Immortal Kings were completely helpless against the massive chaos beasts around them.

The most likely possibility is that everyone waits until the Enlightenment Fruit Tree disappears.

You won't even get half a dime of benefit.

Maybe most of them will be killed by Chaos Beasts.

The reason why those Chaos Beasts didn't take action now.

That's because they want to maintain a line of defense and prevent monks from entering the foggy range of the Tao Yun of the Tao Enlightenment Fruit Tree.

Once enlightenment the fruit tree disappears.

It would be strange if these chaotic beasts didn't pounce on them.

See the situation in front of you.

Zhang Yuhe said silently to himself.

"I'll do it."

"Sweeping all these Chaos Beasts will give everyone a chance to participate in the test of the Enlightenment Fruit Tree."

...

Chapter 519 The Legend of the Galaxy Immortal King

Luohe Wasteland.

A large number of monks gathered together in small groups.

Looking at the chaos beasts all over the mountains and plains in the distance.

Everyone's heart was full of bitterness.

The opportunity is here.

Yet they were unable to obtain it.

So many Chaos Beasts sealed off the entire perimeter of the Enlightenment Fruit Tree.

They want to enter the misty land of Daoyun.

The first thing to do is to kill the Chaos Beast's blockade.

Otherwise.

Everyone is tens of millions of miles away.

Apart from looking at the tall tree crowns in the distance, nothing could be seen.

Not to mention passing the test of the Enlightenment Tree.

Even if you want to comprehend something, the Tao charm brought by the Enlightenment Fruit Tree cannot be achieved.

It's really too far apart.

Just want to break through the blockade of the Chaos Beast.

Section 694

With their strength, no one can do it.

There are so many chaotic beasts around the Enlightenment Fruit Tree.

Among them, there are thousands of king-level chaos beasts alone.

As for the chaos beasts in the Taiyi Realm, there are countless of them.

Although there are indeed many monks on site.

And most of them are high-level monks above the Taiyi realm.

After all, there are only a few Golden Immortal monks who can come to Luohe Wasteland.

But compared to Chaos Beast.

This gap is still too big.

There are more than a dozen fourth-level tribes, plus countless second- and third-level tribes.

The high-level combat power alone is at least a hundred times that of a monk.

Such a big gap in strength.

The monks at the scene did not dare to act rashly.

No matter how tempting the fruit of enlightenment is.

That's not as important as your own life.

If you know clearly that you can't do something, but go ahead and rush it.

That would be tantamount to death.

No monk who can cultivate to the Taiyi realm will risk his life.

A large number of monks gathered in the distance, but they all hesitated.

Looking at the chaos beasts all over the mountains and plains, no one dared to charge.

Everyone was very anxious at this time.

The time the Enlightenment Fruit Tree stays is limited.

It's been almost a month now.

Who knows when this alluring sacred tree will disappear.

Faced with an opportunity that only comes once in billions of years, everyone has no idea what to do.

How can they not be anxious?

On a mountain peak in Luohe Wasteland.

More than a dozen Daluo Immortal Kings gathered together.

One of them spoke.

"What should we do now? You should come up with a charter."

"We can't, just watch."

"If we wait any longer, the Enlightenment Fruit Tree will disappear."

"What else can I do but wait? There are so many Chaos Beasts ahead, do you dare to rush over?"

"If you dare to lead the charge, I will follow closely behind."

The person who spoke was momentarily speechless.

He doesn't want to die yet, so of course he doesn't dare to rush.

If you really have the courage.

Then will they still hang out here?

He had already been killed.

After a while.

He asked again to a young man in white clothes next to him.

"Brother Liu, I haven't contacted you yet, is he Daozu?"

"If Dao Ancestor Cang Yue appears, these chaotic beasts in front of us will be completely vulnerable."

The young man in white took out the Immortal Mirror and took a look at it, then shook his head helplessly.

This person's name is Liu Shiyuan, from Cang Yue Holy Land.

All the Daluo Immortal Kings present respected him.

Everyone hopes to use the power of the Holy Land to break through the Chaos Beast's defense line.

Not to mention picking up the fruit of enlightenment.

At least we should rush into the mist of Daoyun and have a good understanding.

Unfortunately.

Liu Shiyuan sent summons to Cangyue Daozu many times, but received no response.

Thinking about it, Cang Yue Dao Ancestor may have left the Cang Yue Territory.

The Immortal Mirror's contact range is limited.

As long as you go outside the large area, you can no longer be contacted.

Unless special means are used.

Such as setting up a communication array and so on.

But he didn't even know where Cang Yue Daozu had gone.

Even if you want to set up a communication array, you can't anchor the coordinates.

However, although Liu Shiyuan was unable to contact Cangyue Daozu.

But an urgent message has been sent to Cang Yue Holy Land.

Think of this.

Liu Shiyuan said slowly.

"Don't worry, everyone, I have already sent my message to the Holy Land."

"Presumably at this time, Daluo Immortal Kings from all over the country are rushing here."

"When the time comes, we must gather the strength of the entire Cang Yue Territory. I don't believe we can't break through the Chaos Beast's defense line."

Hearing Liu Shiyuan's words.

Everyone was very speechless.

What is this?

Wait until all the Daluo Immortal Kings from various places have arrived.

I'm afraid that the sacred tree in the distance has long since disappeared, right?

No matter how many Daluo Immortal Kings come by then, it will be of no use.

Are you just preparing to fight with those Chaos Beasts in the distance?

Just when everyone is at a loss.

Suddenly, several streaks of light quickly passed by in the distance.

The stream of light fell on the outside of the Chaos Beast's defense line.

soon.

A huge sword energy light curtain slowly rose.

The sword energy light curtain covers tens of millions of miles.

Remove all the chaos beasts on the scene, including the alluring sacred tree in the middle.

All are included in it.

See this situation.

Everyone was simply stunned.

"Who is this person?"

"You are so brave. You dare to challenge so many chaos beasts alone."

"I don't know, I've never seen it."

"Maybe it's the Immortal King from outside?"

...

Zhang Yuhe stands at the front of the fairy ship.

Facing the strangeness of the monks around him, he looked indifferent.

Although there are indeed many Chaos Beasts in the distance.

I'm afraid there are hundreds of millions.

But there isn't even a supreme-level chaos beast.

What does he have to be afraid of?

You don't even need to use magic.

Just rely on the power of the sword array.

He can wipe out all these chaotic beasts.

Follow the magic formula and pinch it.

The invisible sword energy that filled the sky swept across the entire world in an instant.

The sword energy carries huge divine power, shrouding all the chaotic beasts in it.

Those Chaos Beasts haven't even reacted yet.

Section 695

He was directly swept into ashes by this terrifying sword energy.

There were only a few king beasts left on the scene, still struggling desperately.

But the current Zhang Yuhe is not comparable to the original one.

After being promoted to Da Luo Immortal King.

Even if he doesn't unleash his full strength.

You can still easily suppress the king-level chaos beast with the help of the sword formation.

Even the nine-color king beast cannot break free from his sword formation.

The monks around saw this situation.

Completely shocked.

"Who is this person? It can't be some Taoist ancestor, right?"

"Do you know any of them?"

"never seen it."

"But I can be sure that this person is definitely not a monk from our Cang Yue Region."

"And this person is obviously also an Immortal King, and he doesn't have any aura of Dao Ancestor in his body."

"Yes, but can Daluo Immortal King be so strong?"

"The chaos beasts all over the mountains and plains were killed by him in an instant."

"Not even the king-level chaos beast can resist his terrifying sword formation."

"I have never seen such a terrifying Da Luo Immortal King."

Just at this time.

Liu Shiyuan's eyes lit up next to him, and he spoke excitedly.

"Do I know who this person is?"

"who is it?"

Everyone turned their eyes to look at Liu Shiyuan.

"If I guessed correctly, he should be the Galaxy Immortal King from the Sky Star Domain."

"It is said that the Galaxy Immortal King has already understood the Supreme Law as early as the True Immortal Period."

"He is an extremely powerful supreme genius."

"And the Galaxy Immortal King's signature magical power is a terrifying sword array."

"When he was still an Immortal King, the Galaxy Immortal King used the power of the sword array to suppress thousands of king-level chaos beasts at the same time."

...

Chapter 520: The Venerable One Goes First

Zhang Yuhe stood at the front of the fairy ship, looking at the sword array in the distance.

The remaining king-level chaos beasts were still struggling desperately.

He couldn't help but frown slightly.

"Why don't you die honestly? It's really troublesome."

Because the coverage area of the sword array is really too large.

And now he has not activated the Hunyuan Guiyi magical power.

I want to wipe out all these king-level chaos beasts with the invisible sword energy alone.

It does take some more time.

Zhang Yuhe also thought about reducing the scope of the sword formation.

Wipe out all the remaining king beasts as soon as possible.

However, there is no way.

In the center of the sword formation is the huge Enlightenment Tree.

The Enlightenment Tree occupies a vast area.

Those Chaos Beasts arranged a defense line around the Enlightenment Tree.

Therefore, the scope of the sword formation he deployed must be that large.

Only then can all the chaos beasts be enveloped in it.

There is simply no way to shrink it.

"Forget it, I'll just do it myself."

Think of this.

Zhang Yuhe jumped into the air from the fairy ship and quickly pounced on the Chaos Beast in the distance.

At this time, there are about a hundred king-level chaos beasts left.

At least they are all seven colors or above.

Unfortunately.

Under the suppression of the Nine Heavens Hunyuan Sword Formation.

These powerful chaos beasts cannot even move.

Seeing Zhang Yuhe flying towards him.

These king-level chaos beasts all showed signs of despair.

They just want to prevent the monks in the Cang Yue Region from enlightenment.

Who knew he would run away from such a ruthless person like Zhang Yuhe.

I had known this would happen.

They will definitely stay in their own tribe and will not come out even if they are killed.

Zhang Yuhe quickly flew towards one of the king-level chaos beasts.

He did not sacrifice the Nine Heavens Flying Spirit Stick.

Instead, he punched out casually.

The huge fist shadow, with terrifying power, directly penetrated the Chaos Beast.

A powerful seven-color king beast was instantly killed by him with one punch.

Zhang Yuhe quickly flashed his figure and launched a crazy killing spree.

Wherever you go.

Whether it is a seven-color king beast or a nine-color king beast.

They are not his enemies with one punch.

All it takes is one punch from him.

Everything must be blown to pieces.

In terms of pure power, there is still a big gap between Zhang Yuhe and the Supreme Chaos Beast.

But the king-level chaos beast was in front of him.

Then there is absolutely nothing to say.

No matter how strong the defense of the king beast is, it can't stop his fist.

After a while.

Zhang Yuhe closed his fist and stood up.

All the chaos beasts all over the mountains and plains have been killed by him.

Not even a single fish slipped through the net.

The road has been cleared.

Zhang Yuhe stood there, quietly looking at the vast mist of Dao Yun in front of him.

After getting closer.

Only then did he truly realize the power of the Enlightenment Tree.

As a Da Luo Immortal King.

Standing outside the mist of Daoyun.

Zhang Yuhe felt like an insignificant ant.

The realm of the Enlightenment Tree is several levels higher than his.

It is definitely not comparable to ordinary Taoist ancestors.

Unfortunately.

Zhang Yuhe didn't know.

What kind of realm is there beyond Tao Ancestor?

Although Hunyuan Tianjing can still be practiced after Dao Ancestor.

However, in the Hunyuan Scripture, there is no record of the subsequent realm.

But there was one thing that made Zhang Yuhe feel very strange.

The realm of the Enlightenment Tree is so high, and its strength must be extraordinary.

Why do you still stay in the fairyland?

Can't it go back?

Section 696

It was the phantom of the Supreme True God, blocking its way back.

Therefore, the Enlightenment Tree can only keep wandering in the fairy world.

Unless someone can beat the shadow of the Supreme True God to death.

Reopen the way forward.

Can it go back?

Zhang Yuhe looked at the vast mist of Daoyun in front of him and silently guessed in his heart.

...

Although the chaos beasts that blocked the Enlightenment Tree were all wiped out by Zhang Yuhe.

But no one among the monks at the scene rushed over excitedly.

In fact, the power that Zhang Yuhe showed just now was a bit too scary.

One set of sword formations wiped out hundreds of millions of chaos beasts.

Later it became even more outrageous.

Those powerful king-level chaos beasts.

In Zhang Yuhe's hands, it's like a little chicken.

One punch at a time.

You don't even need a second punch to kill.

It's just terrible.

Facing such a ruthless person, how could anyone dare to act?

Zhang Yuhe said nothing.

Absolutely no one.

Dare to rush into the mist of Daoyun.

the most important is.

Most of the monks present did not know Zhang Yuhe.

No one knows what his temper is like.

If they came here rashly and angered Zhang Yuhe, wouldn't it be a disaster?

When they faced the Chaos Beast just now, they didn't dare to charge.

Now face Zhang Yuhe.

Then I wouldn't dare to rush.

Just at this time.

Liu Shiyuan, who was standing in the distance, turned his head and said to the immortal kings around him.

"Come on, let's go there together and pay a visit to the Galaxy Immortal King, shall we?"

"That's exactly what it means."

"It is necessary to get to know such a peerless talent."

soon.

Liu Shiyuan brought a group of Daluo Immortal Kings to Zhang Yuhe.

"Liu Shiyuan of Cang Yue Holy Land has met the Galaxy Immortal King."

Zhang Yuhe was quite surprised when he saw the young man in white clothes in front of him.

He really hadn't thought about it.

You can meet Da Luo Immortal King of Cang Yue Holy Land here.

even though.

This place originally belonged to the edge of the Cang Yue Territory.

But the entire Cang Yue domain is vast and boundless.

The Luohe Wasteland is closer to the Wu Ming Immortal Domain and far away from the Cang Yue Holy Land.

There is still an endless distance to travel.

Just like the South China Sea Immortal Realm, and the Heavenly Star Holy Land.

It would be extremely inconvenient for ordinary monks to come here.

Even if there are teleportation arrays connecting the various immortal realms.

You also need to switch teleportation arrays multiple times to get by.

Normally.

Immortal Lord Taiyi rarely leaves his immortal realm.

One side of the Immortal Domain is already big enough.

Enough for the Immortal Lord to travel and have adventures.

What's more, it's a huge area.

So Zhang Yuhe was surprised to see the monks of Cang Yue Saint here.

He responded with a smile.

"I have met Immortal King Shiyuan, and I have met all fellow Taoists."

Looking at Zhang Yuhe's friendly smile.

Everyone finally breathed a sigh of relief.

They were originally worried that Zhang Yuhe would want to monopolize the opportunity of the Enlightenment Fruit Tree.

even though.

The test of the fruit tree of enlightenment lies only in oneself.

There is no question of competition.

But they have never met Zhang Yuhe and don't understand Zhang Yuhe's temperament.

Even though Liu Shiyuan was well-informed, he had only heard the legend of Zhang Yuhe.

As for Zhang Yuhe's character, what exactly is he like?

He wasn't very clear either.

If that's the case, I don't want to share the opportunity with them.

They didn't recruit either.

We can't have a fight, right?

None of the Da Luo Immortal Kings present had the courage.

Zhang Yuhe killed the king-level chaos beast as easily as killing a chicken.

Then they, this group of Daluo Immortal Kings, were in front of Zhang Yuhe.

It's also a fistful of goods.

It's not much better than those king-level chaos beasts that fell to the ground.

After Zhang Yuhe greeted everyone politely.

Naturally, he also knew the purpose of these people.

Think of this.

he said with a smile.

"Time is precious now, let's go and understand the charm of the sacred tree first."

"After this is over, we will find a place to sit and talk."

"Okay, then thank you Daoist Zhang."

Liu Shiyuan cupped his hands towards Zhang Yuhe and thanked him.

But they, this group of people, still did not move.

Instead, he waited for Zhang Yuhe to go in first.

An honorable man goes first.

In the fairy world, strength is respected.

Naturally, everyone did not dare to walk in front of Zhang Yuhe.

See this situation.

Zhang Yuhe smiled slightly.

Then he took a step forward and entered the mist of the Tao Yun of the Enlightenment Tree.

...

Chapter 521 The Test of the Enlightenment Tree

Zhang Yuhe stepped into the fog of Tao Yun.

The scene in front of him changed instantly.

In the originally invisible fog, there suddenly appeared a staircase leading to the sky.

The stairs wind up from the foot of the mountain to the misty clouds.

On both sides of the stairs, there is an abyss that cannot be seen to the bottom.

See this situation.

Zhang Yuhe couldn't help but his eyes narrowed slightly.

Section 697

With his current strength, it can certainly be seen.

Whether it is a staircase or an abyss, they are all transformed into Taoist rhymes.

In Luohe Wasteland, there should have been no such natural scenes before.

A creation of the void, yet it seems real.

The realm of the Enlightenment Tree was so high that it was probably beyond his imagination.

See these.

Zhang Yuhe couldn't help but think.

Even the realm of the Enlightenment Tree is so terrifying.

So how strong is the strength of the Nine Provinces?

And the Supreme True God who is able to fight all the mighty powers of the Nine Provinces to death together, and even to this day, still retains a trace of his remnant soul.

How fierce should it be?

Zhang Yuhe originally thought that.

Wait until he reaches the perfection of Da Luo realm.

He should be completely invincible in the fairy world.

He was confident that he could suppress even the Dao Ancestor Emperor who held an innate Taoist weapon.

That was that time.

Maybe, just go and chat with the Supreme True God.

Now it seems.

He may have underestimated the power of the Supreme God.

The Great Power of Nine Provinces, the Supreme True God, and the Enlightenment Fruit Tree are three visitors from outside the fairy world.

Among them, the great power of the Nine Provinces has long since fallen, and the Supreme True God should also be dead, leaving only a trace of his soul.

Otherwise.

It is impossible for monks in the immortal world to fight with chaos beasts for countless years.

Now only the Enlightenment Tree is still intact.

I don't know what happened in that war that year.

But Zhang Yuhe knew.

The Supreme True God is definitely more powerful than he imagined.

Even if there is only a trace of residual soul left, its power cannot be underestimated.

If you want to compete with the Supreme True God, you may have to wait until he reaches the Taoist Ancestor Realm.

Zhang Yuhe stood there, silently sensing the Taoist aura around him.

The Tao charm of the Enlightenment Tree is vast and boundless.

Now that you are in it, you can feel the boundless power even more.

Deep in the mist of Tao Yun.

Zhang Yuhe felt that his thinking had become clearer and smoother.

he knows.

It's not because his understanding has been improved.

In fact.

Zhang Yuhe's understanding should have reached a certain limit long ago.

Even if you want to improve a little bit, it is extremely difficult.

The Tao rhyme emanating from the Enlightenment Tree can not only enhance the monk's understanding.

There should be some other effects.

At this time, Zhang Yuhe's mind was like a high-speed machine.

Suddenly it was lubed again.

Runs more smoothly.

Yes, that's what it feels like.

Think of this.

Zhang Yuhe's eyes lit up.

This Enlightenment Tree still has something to offer.

Originally he thought.

Because my understanding has already exploded.

The Enlightenment Fruit will definitely have no effect on him.

It can only be eaten as an ordinary fruit.

Now it seems.

That's obviously not the case.

Even the Tao rhyme rippling from the Tao Enlightenment Tree can make his thinking clearer and smoother.

If you eat a few Enlightenment Fruits.

Wouldn't that mean taking off on the spot?

Think of this.

Zhang Yuhe couldn't help but feel hot in his heart.

He was not very interested in the Fruit of Enlightenment before.

Just came here to watch the fun.

Now it seems.

He still had to fight for it.

See if you can pick a few Enlightenment Fruits.

Zhang Yuhe looked up at the winding stairs in front of him.

He muttered to himself.

"Then let me give it a try and see how far I can go."

In the long years, the Enlightenment Tree has appeared countless times.

The test of the Enlightenment Tree has naturally been recorded in the classics.

According to records in classics.

It is actually very simple to consider passing the Enlightenment Tree.

Just go all the way up the stairs.

The further you go, the more benefits you get.

If you can walk there, you will be within ten thousand miles of the Enlightenment Tree.

You will get a fruit of enlightenment.

This seems to be very easy indeed.

Just climb a ladder.

For a monk, isn't this as simple as drinking water?

Not to mention a great Luo Immortal like Zhang Yuhe.

Even under a true immortal.

It can also quickly cover thousands of miles.

However.

Naturally, it would not be so simple for the Enlightenment Tree to set up such a test.

According to the classic records.

After the monk climbed the stairs, every step forward was very difficult.

The farther you go, the pressure brought by Dao Yun will become stronger and stronger.

Want to go further.

It is necessary for monks to rely on the power of their own laws to resist the pressure of Tao Yun.

The more you understand the laws, the higher and stronger the realm of the laws will be.

The further you can go on the ladder of enlightenment.

Look at the stairs winding up in front of you.

Zhang Yuhe couldn't help but be a little curious.

He wanted to know.

How far can I go, and whether I can reach enlightenment.

Take a look at the true appearance of the Enlightenment Tree.

After all, in the history of the fairy world.

There have been people who have obtained the fruit of enlightenment.

That is to say.

Someone has arrived, within ten thousand miles of the Enlightenment Tree.

If we talk about it according to the power of law.

Section 698

Since the beginning of the fairyland's history.

There shouldn't be anyone stronger than him.

To this.

Zhang Yuhe was full of confidence.

He comprehended the nine supreme laws, and also comprehended the higher-level laws of chaos.

Not only that.

He also advanced all the powers of these ten laws to the level of perfection.

In the history of the fairy world.

The ones with the highest achievements in law understanding are probably the three supreme geniuses who once reached the level of Daluoxian.

But the three supreme geniuses each only understood one supreme law.

Compared with Zhang Yuhe, the difference cannot be summed up.

Others can travel within thousands of miles and obtain the fruit of enlightenment.

Of course Zhang Yuhe can do it too.

He never doubted this.

The only thing that interested him was.

Can he come to the side and see the true appearance of the Enlightenment Tree?

Although the Enlightenment Tree has appeared in front of the monks countless times.

But no one has ever seen the true face of this god.

Except for the tall tree canopy and the omnipresent fog.

No one can see anything.

Zhang Yuhe thought.

If you go within ten thousand miles, you can get an Enlightenment Fruit.

So what if he goes one step further.

What would be the benefit of walking directly under the sacred tree?

Can you take away this magical Enlightenment Tree?

Think of this.

Zhang Yuhe couldn't help but look forward to it.

If you can take the Enlightenment Tree with you.

If you practice under the Enlightenment Tree for a long time, the effect must be very unbelievable, right?

Um!

Not urgent.

Give it a try first.

Try the Tao Yun pressure of the Tao Enlightenment Tree on the stairs to what extent it is a test.

Zhang Yuhe stepped up the stairs with a slight smile on his face.

...

Chapter 522 Hey, where is my Enlightenment Fruit?

When Zhang Yuhe entered the fog of Daoyun.

Liu Shiyuan smiled and said to the group of Daluo Immortal Kings next to him.

"Let's go in too."

"Nearly a month has passed since the Enlightenment Tree appeared in this world, and it is estimated that there is not much time left."

"We don't dare to think about the fruit of enlightenment. We just hope that we can understand more and understand the charm of the Tao tree."

"It would be better to make the future road to immortality smoother."

"Yes, Immortal King Shiyuan is right, let's seize the time and go in."

All the Da Luo Immortal Kings at the scene stepped into the mist one after another.

The other monks around him did not continue to watch.

Everyone jumped into the sky one after another and plunged into the vast mist of Tao Yun.

After a while.

The entire Luohe Wasteland fell into silence.

There wasn't even a human figure around, not even a Chaos Beast.

...

Zhang Yuhe stepped up the stairs step by step.

A faint pressure rushed towards him instantly.

He felt it silently.

Not too strong.

If you don't sense it carefully.

He couldn't even feel the existence of this coercion.

But Zhang Yuhe knew.

This is just the beginning.

According to the classic records.

This staircase to the sky is at least tens of millions of miles long.

Normally.

As long as you understand an ordinary law, you can reach the state of great success.

You can walk through it easily, there are a million miles ahead.

If all the nine ordinary laws are understood to reach the state of great success.

Then it is possible to walk five million miles through the ladder.

This is already the limit of ordinary Taiyi Immortal Lord.

If you want to go further.

Then there will be very high requirements for the laws that monks understand.

The special law is perfected and can travel seven million miles.

If the special laws are perfected, one can travel nine million miles.

If the nine laws you understand are all special laws.

And if they all reach the state of consummation.

Then you can go thousands of miles away.

That is to say.

You can get close to it, within ten thousand miles of the Enlightenment Tree.

This is the only way for ordinary Da Luo Immortal King to obtain the fruit of enlightenment.

Of course.

If it is the Supreme Law, then it is a different matter.

According to classic records.

There was once a supreme genius in the Taiyi Realm who came within ten thousand miles of the Enlightenment Tree.

And successfully obtained the fruit of enlightenment.

As for the three supreme geniuses in the Daluo realm in the history of the fairy world.

There is no record in the classics about them on the ladder of enlightenment.

It's very possible.

Those three supreme geniuses have never encountered the Enlightenment Tree in this world.

After all, the fairy world is so big.

Enlightenment trees appear randomly everywhere.

The chances the monk encountered were already very slim.

Most monks have never encountered the Enlightenment Tree in their entire lives.

This is also normal.

...

Time passed slowly.

Zhang Yuhe was on the stairs, advancing slowly and unhurriedly.

Sometimes he would stop occasionally to comprehend the charm of the sacred tree.

Unknowingly.

He has traveled five million miles.

Um!

With one step taken.

Zhang Yuhe suddenly felt a huge coercion and rushed towards him instantly.

Section 699

Five million miles of stairs is a critical threshold.

Most cultivators can only stay here in the end.

They can't go any further.

Zhang Yuhe slowly circulated his skills, and the powerful law aura.

Flowed gently around him.

The pressure on the stairs disappeared immediately.

Zhang Yuhe stood in place, silently comprehending the surrounding Dao rhyme aura.

After a long time.

He opened his eyes.

He muttered to himself.

"What is recorded in the classics is indeed correct. The farther you walk on the stairs, the more benefits you get."

After crossing the five million miles of stairs.

The Dao rhyme aura of the enlightenment tree made his mind more ethereal.

In such an environment.

Whether it is practicing or comprehending the magical skills, the effect will be multiplied.

Zhang Yuhe looked up and looked into the distance.

His heart was full of expectations.

Now he has just walked halfway, and there is a good effect.

If he can walk under the sacred tree, how mysterious the perception will be.

To be honest.

Now Zhang Yuhe has completely overturned his previous guess.

Originally, he thought.

The Enlightenment Tree was most likely brought to the fairyland by the Great Power of Jiuzhou.

Now he no longer thinks so.

Because along the way, the vast Dao rhyme of the Enlightenment Tree.

It really shocked him.

If the Great Power of Jiuzhou had such a mysterious divine tree as a companion.

It makes no sense that he would fight to the death with the Supreme True God.

Sitting under the Enlightenment Tree to practice every day, what kind of magical power and secret method can't be learned?

Can't beat a chaos beast?

Zhang Yuhe doesn't believe it.

Maybe this Enlightenment Tree is not in the same group with the Great Power of Jiuzhou and the Supreme True God.

"Forget it, why think about these."

Zhang Yuhe shook his head gently to clear the chaotic thoughts in his mind.

Then he continued to move forward slowly.

There is a powerful law to protect him.

The surrounding Dao rhyme pressure has no effect on him at all.

Zhang Yuhe couldn't help but speed up his pace.

He was not in a hurry to comprehend the Dao Yun on the road.

He wanted to see where his limit was.

Could he walk under the Dao Enlightenment Tree?

As the speed kept increasing.

Zhang Yuhe broke through all the way.

Six million miles, seven million miles, eight million miles.

After a while.

He came to the place where the stairs were nine million miles away.

The Dao Yun pressure around him had become extremely terrifying.

Zhang Yuhe even doubted.

If an ordinary Taiyi Immortal Lord walked here.

He would probably be crushed into a blood mist.

However, these tyrannical Dao Yun pressures had no effect on him.

Zhang Yuhe had reached the limit of the fairy world in terms of the comprehension of the laws.

If even he couldn't stand it.

Then no one in this fairy world would be able to go further.

These tests set by the Dao Enlightenment Tree were naturally not for fun.

There were always some purposes.

It was impossible for it to set up tests that exceeded the limit of the fairy world.

Otherwise.

If no one could ever reach the end.

Then what is the meaning of this test?

After advancing all the way to nine million miles.

Zhang Yuhe did not stop.

He continued to move forward with a calm expression.

It was as if he was walking on an ordinary forest path.

The powerful pressure of the Dao rhyme around him had no effect on him at all.

I don't know how long it has been.

Suddenly, a huge pressure that was several times stronger than before suddenly attacked him.

Zhang Yuhe immediately accelerated the speed of the operation of the technique.

Nine supreme laws, plus the law of chaos.

Full firepower.

The powerful power of the law, like materialization, surrounded him.

Formed a solid copper wall to protect him.

Zhang Yuhe looked up and looked forward.

I saw the Dao rhyme in front of me, and a mysterious shadow of a sacred tree.

It was looming in the distance.

Seeing this situation.

He muttered to himself.

"Have we reached the range of 10,000 miles from the Enlightenment Tree?"

"It's really strong."

"No wonder it takes cultivators who have fully comprehended the nine special laws or comprehended the supreme law to come here."

After stepping into the range of 10,000 miles from the Enlightenment Tree.

Zhang Yuhe could clearly feel the terrible pressure of the Dao Yun here.

An ordinary Daluo Immortal King would probably not be able to stand for even a moment.

He would be directly crushed into a meat pie.

Zhang Yuhe silently comprehended for a while.

He suddenly remembered.

He seemed to have overlooked something.

"Hey, where is my Enlightenment Fruit?"

...

Chapter 522 Purple-clothed Girl

Zhang Yuhe woke up from his comprehension and suddenly remembered.

He didn't see the Enlightenment Fruit.

Didn't it say.

As long as you walk within 10,000 miles of the Enlightenment Tree.

You will be granted the Enlightenment Fruit?

Zhang Yuhe looked around and confirmed it carefully.

That's right.

This must be the place, and it has entered the range of 10,000 miles.

But why didn't he attain enlightenment?

Section 700

Did the Enlightenment Tree fall asleep?

Forgot to give him a reward?

Although Zhang Yuhe did not have high expectations for the Enlightenment Fruit.

This kind of natural treasure that increases enlightenment should not be of much use to him.

But he would not be disgusted if he could get a fruit to eat.

Now that he has met the requirements, he has not been given the Enlightenment Fruit.

This seems to be a little different from what is recorded in the classics.

Thinking of this.

Zhang Yuhe was a little speechless.

"Forget it, let's move on?"

"If you really don't give it to me, I will run to the tree to pick it myself later."

...

At the end of the stairs, a purple tree about ten feet high quietly took root in it.

The surrounding flowers and birds were singing, and there was a peaceful atmosphere.

When Zhang Yuhe stepped into the area of thousands of miles.

The branches of the small tree shook gently twice.

A beautiful figure of a purple-clothed girl emerged from the small tree.

The figure was beautiful and graceful, like a goddess coming to the world.

The purple-clothed girl looked through the mist and looked at Zhang Yuhe on the stairs.

Her heart was filled with some curiosity.

"This person seems to be a little special. He can walk within ten thousand miles at the early stage of Daluo Immortal."

"He should have comprehended many supreme laws, right?"

"This kind of genius is worth cultivating."

"Maybe the hope of returning in the future will be placed on him."

The purple-clothed girl pondered for a while, then waved her hand.

Two crystal clear fruits suddenly fell from the tree.

The divine fruit flew slowly towards Zhang Yuhe along the stairs.

Looking at the white-clothed figure on the stairs, the girl's beautiful eyes flickered gently.

"Since you are a little interesting, I will give you one more fruit."

"I hope you can go further."

She slowly walked to the small tree and waved her hand.

A swing fell from the tree.

The purple-clothed girl sat on the swing, swaying gently, while quietly looking at Zhang Yuhe on the stairs in the distance.

"It's so boring here. I don't know when I can return to the Chaos Sea."

"Damn big crocodile, it blocked the way back."

"It's a pity that I can't fight."

"Otherwise, I must beat it to death."

"Hmph."

The purple-clothed girl clenched her pink fists and looked at the distant direction of the Sea of Origin.

She couldn't help but snorted.

...

Although he didn't see the fruit of enlightenment, Zhang Yuhe didn't care too much.

Instead, he continued to walk slowly forward.

After entering the range of ten thousand miles.

The surrounding Dao Yun pressure has become more and more terrifying.

Zhang Yuhe even has some doubts.

Even if the Daozu Emperor comes, it is estimated that at most, he will stop here.

But he is fine.

After activating the power of the law, although he still feels some pressure.

But it's not a big problem.

Zhang Yuhe thinks.

If it's just this level, the last ten thousand miles.

It shouldn't be difficult for him.

At this time.

Zhang Yuhe suddenly stopped.

His eyes slightly condensed and looked forward.

Two streams of light were seen flying slowly towards him along the stairs.

The light seemed slow but fast.

It soon flew in front of him.

"Uh, how could it be two enlightenment fruits?"

Looking at the two fruits quietly floating in front of him, Zhang Yuhe couldn't help but feel a little confused.

According to the records in the classics.

Shouldn't each cultivator only get one enlightenment fruit?

Is the record in the classics wrong?

Zhang Yuhe thought for a while, but couldn't figure it out.

But he didn't get entangled.

One more enlightenment fruit is never a bad thing.

Who would complain about too many good things?

He reached out and took a fruit.

The divine fruit exuded a pleasant fragrance, which went into his heart.

"Try it first."

It was also the first time for him to see the enlightenment fruit.

The classics described this kind of divine fruit as magical.

It was almost the first divine thing that could change fate.

However, the specific effect would have to wait until he had eaten it to know.

Zhang Yuhe took a bite gently.

The divine fruit melted in his mouth.

A mysterious energy slowly flowed through his body, reaching the depths of his soul.

This feeling.

It was great.

But that was all.

Zhang Yuhe silently comprehended it.

He did not find any changes in his comprehension.

Or rather.

Comprehension is something that cannot be felt at ordinary times.

"Well, forget it. I am too lazy to think so much. Anyway, my comprehension is enough."

"More or less, it doesn't make a big difference."

"But the taste of this enlightenment fruit is really good."

"It's a pity that it can't be eaten casually."

"After all, this thing is too precious for ordinary cultivators."

If you eat it as an ordinary fruit, it would be too much of a waste of heaven's gift.

I'm afraid you will be struck by lightning.

Zhang Yuhe thought silently while putting away another enlightenment fruit.

Then he urged the power of the law and continued to walk slowly forward.

After eating a fruit of enlightenment, Zhang Yuhe felt refreshed.

His pace also became faster.

...

At the end of the stairs.

The purple-clothed girl sat on the swing, quietly looking at Zhang Yuhe in the distance.

Her beautiful eyes were full of surprise.
