Section 701

This person is really strange.

In the past.

When other monks obtained the Fruit of Enlightenment, they treasured it as if they had obtained a treasure.

You have to adjust your state repeatedly before you can slowly eat the fruit of enlightenment.

There is no one like Zhang Yuhe.

Picking up an Enlightenment Fruit is like the second senior brother eating a ginseng fruit.

It was gone in one bite.

This is too little attention to the fruit of enlightenment, right?

See this situation.

The girl in purple clothes became more and more curious about Zhang Yuhe.

She wandered in the fairy world for countless years.

I have never seen anyone like Zhang Yuhe.

Moreover, Zhang Yuhe's whole body displayed the aura of law.

Now she has seen it.

He actually realized the nine supreme laws and the breath of one law at the same time.

The girl in purple is more familiar.

That is the law of chaos.

She tilted her little head and couldn't help but fall into deep thought.

"Can the law of chaos be understood in this primitive world?"

"It shouldn't be."

"Even among the proud ones of the Chaos Sea, I haven't heard of many people who can understand the laws of chaos."

"How does this person's brain grow? How can he comprehend so many powerful laws?"

Think of this.

The girl in purple suddenly showed excitement on her beautiful face.

"Haha, that's fine too."

"Maybe if this person takes another step, he might be able to kill that big crocodile."

"In that case, I can follow and return to the Sea of Chaos together."

The girl in purple became more and more excited as she thought about it.

There was light shining in her beautiful eyes.

...

Chapter 524 The True Enlightenment Tree

The girl in purple is sitting on the swing, holding her chin with her right hand.

Look at Zhang Yuhe on the stairs in the distance.

She said silently to herself.

"Well, isn't this test too difficult?"

"Should I put some water properly?"

"Oh, let's forget it. Let's wait until he can't hold on any longer and then pick him up."

She was full of curiosity about Zhang Yuhe on the stairs.

Why is there such a heaven-defying person in this Immortal World?

He can actually comprehend and perfect all the nine supreme laws.

He even understood the law of chaos.

To know.

This is just a primitive world.

Unable to sense the origin of chaos.

Normally.

In this world, it is impossible for anyone to come into contact with the Law of Chaos.

Yet it is what it is.

Zhang Yuhe not only understood the law of chaos, but even mastered this law.

Realized the state of perfection.

The girl in purple was even a little suspicious.

Is she the Enlightenment Tree, or is Zhang Yuhe the Enlightenment Tree?

How could anyone have such an incredible understanding?

In fact, what she didn't know was.

Although the monks are in the fairy world, they cannot sense the origin of chaos.

But there are chaos beasts in the fairy world.

These chaotic beasts bred from the Supreme True God are born with a hint of the law of chaos.

Zhang Yuhe slowly understood the laws of chaos by observing the corpse of the chaos beast.

He had gone to great lengths to understand the laws of chaos.

In fact, Zhang Yuhe didn't know either.

The laws of chaos that I have understood do not exist in the fairy world.

If he knows himself, he understands a kind of law that does not exist in the fairy world.

I will definitely say something to myself.

【Awesome】

From here, we can see how terrifying Zhang Yuhe's understanding is.

The girl in purple sat on the swing and looked quietly at Zhang Yuhe who was slowly walking up.

Time passed slowly.

Zhang Yuhe climbed up the steps.

The pressure of Tao Yun around him has become stronger and stronger.

It was so strong that when he fully deployed the power of the law, he felt a little overwhelmed.

Zhang Yuhe complained silently while making difficult progress.

Is this a test set for monks in the immortal world?

He was surprised.

Apart from him, I'm afraid there won't be another person when the fairy world is destroyed.

You can withstand such terrible Dao Yun pressure.

Isn't it a joke to have such a difficult test?

There is no one at all who can live with it.

I don't know how much time has passed.

Zhang Yuhe moved forward slowly.

Suddenly he felt relieved.

The originally huge pressure of Dao Yun disappeared in an instant.

He looked up and forward.

Only a strange world appeared in front of him.

The steps underfoot had long since disappeared and turned into soft grass.

"It turns out that I have reached the end of the stairs."

Zhang Yuhe muttered silently to himself.

He looked around.

Although this space is not large, it has mountains, rivers and lakes.

The birds are singing and the flowers are fragrant, and there is a peaceful atmosphere.

"Where is the Enlightenment Tree?"

"Is the entire space inside the Enlightenment Tree?"

"There can't really be such a big tree, right?"

Think of this.

Zhang Yuhe couldn't help being shocked.

Although the space in front of me doesn't look very big.

But it also depends on what it is compared to.

If the trunk of a tree is so vast.

That would be an exaggeration.

Sudden.

Zhang Yuhe's eyes narrowed slightly.

Section 702

His eyes penetrated the sky.

Not far from him, there was a small lake.

In the center of the lake, there was a small island.

A strange purple tree took root on the island.

The branches swayed gently.

There were seven crystal clear fruits on the tree, exuding an inexplicable Taoism.

Zhang Yuhe couldn't help but wonder.

"Is this purple tree the enlightenment tree?"

At this moment.

An ethereal and gentle voice came faintly from a distance.

"Fool, why are you still standing there? Come here quickly."

Zhang Yuhe's heart trembled.

Until this time.

He discovered.

There was a swing hanging on the purple tree.

A beautiful and beautiful girl in purple was sitting on the swing and swinging gently.

Seeing this situation.

Zhang Yuhe couldn't help but be shocked.

Just now, he looked around, even when he saw the purple tree.

He also did not find the existence of the purple-clothed girl.

It was as if this purple-clothed girl did not exist in the world.

What kind of magical realm is this?

If he does not want to see, he will not see?

Thinking of this.

Zhang Yuhe could not help but feel scared.

He is now the Great Luo Immortal King.

If we talk about strength.

He is also the top existence in the entire fairy world.

No one can suppress him.

However, the purple-clothed girl was clearly in front of him.

But he could not see her.

If the purple-clothed girl did not speak.

He would not know that such a person existed.

Until now, Zhang Yuhe understood.

It turned out that the purple tree was the real body of the Enlightenment Tree.

And the purple-clothed girl should be the transformation of the Enlightenment Tree.

It is not a transformation, but just an illusion.

Zhang Yuhe did not dwell on why the Enlightenment Tree did not transform.

Even in his Wanlingtu space, the ginseng spirit can completely transform.

How could the Enlightenment Tree be unable to transform when it is in such a terrible realm?

Zhang Yuhe didn't think too much.

This was not a problem he should consider.

Now that he encountered the body of the Enlightenment Tree, he naturally had to go over and take a good look.

As for the danger?

That's not to worry about.

Although the realm of the Enlightenment Tree is far beyond the limit of the Immortal Realm.

But this Enlightenment Tree has existed in the Immortal Realm for countless years.

But there has never been a record of hurting people.

The Enlightenment Tree is very friendly to cultivators.

Especially to human cultivators, it is very friendly.

This is the summary of the cultivators' cognition of the Enlightenment Tree over the long years.

"Go and have a look."

Thinking of this.

Zhang Yuhe soared into the air and soon landed in the center of the island.

He shouted respectfully to the purple-clothed girl.

"I am Zhang Yuhe, meet the senior."

Although the other party was just a tree, and it was a phantom.

But Zhang Yuhe still behaved very respectfully.

On the road of cultivation, the one who reaches it first.

All things have spirits.

The realm level of the Enlightenment Tree is unknown how many times higher than his.

Naturally, it was him, the senior on the road of the Great Dao.

"Hehe, you finally came up."

The purple-clothed girl jumped off the swing and floated gently in front of Zhang Yuhe.

She surrounded Zhang Yuhe and looked at him carefully for a long time.

"You are very powerful."

"I originally thought that you would definitely not pass the test, and was thinking about whether to let you off a little."

"I didn't expect that you could actually make it all the way up."

"Your understanding of the law is probably better than most virtual gods."

"It's not much worse than some true gods."

Hearing the purple-clothed girl's words.

Zhang Yuhe was confused.

What virtual gods, what true gods?

What the hell are these.

Is it a realm above Daozu?

...

Chapter 525 Old Things in the Past

Zhang Yuhe was a little confused.

Virtual gods?

True gods?

What are these things.

Is it a realm above Daozu?

Thinking of this.

Zhang Yuhe asked the purple-clothed girl carefully.

"Senior, is the realm above Daozu the realm of Void God?"

Hearing this.

The purple-clothed girl said with a somewhat depressed look.

"Don't call me senior."

"I have a name, my name is Wu Yiyi."

"You can call me Wu Yiyi, or Yiyi."

"I really don't understand why you cultivators are so serious."

Uh.

Zhang Yuhe was a little confused.

Seeing that your realm is so high, I am afraid of being beaten for being too enthusiastic, so I am more respectful.

Who knows, it seems that I didn't get it right.

People don't buy this.

But think about it.

After all, Wu Yiyi is a tree.

No matter how magical the Enlightenment Tree is, she is essentially a tree.

Section 703

It will definitely be very different from the thoughts of ordinary monks.

Think of this.

Zhang Yuhe immediately changed his tone.

"Yiyi, is the virtual god realm above Dao Ancestor?"

Wu Yiyi responded disdainfully.

"Huh, Dao Ancestor?"

"In the midst of chaos, who dares to claim to be the ancestor of the Dao? Even the supreme Eternal Supreme would not dare to say so."

"You don't even deserve to be called a Taoist disciple."

"What you call Tao Ancestor here is just Lu Jiuzhou's pretense, leaving no real inheritance."

"To be precise, above Daluo is the False God Realm."

"After the law is perfected, it initially comes into contact with the origin of the rules, but the divine power has not yet been born."

"So it can only be called a virtual god."

After listening to Wu Yiyi's narration.

Zhang Yuhe was thoughtful.

Above Daluo is the False God, and behind it should be the True God realm.

Then the source of the chaos beasts in the fairy world.

It's the Supreme True God. It should be in the True God realm, right?

Zhang Yuhe counted with his fingers.

fine.

Only two realms higher than myself.

Wait until he is promoted to the Dao Ancestor Realm, which is the Virtual God Realm.

With Hunyuan Guiyi's magical power turned on, he can definitely beat him.

After all, the Supreme True God has not fully recovered.

It is even possible that there is only a remnant of the soul left.

It is estimated that the momentum is intimidating, and the strength should not be much stronger.

Think of this.

Zhang Yuhe couldn't help but let out a sigh of relief.

As long as he can defeat the Supreme True God.

Originally he was a little worried.

Even if he reaches the realm of immortality, he still cannot defeat the Supreme True God.

That would be big trouble.

After all, the Supreme True God is blocking their way out.

Zhang Yuhe didn't want to be trapped in the fairy world forever and call himself his ancestor.

How boring that is.

Beyond the fairy world, there is a vast world.

He still wanted to take a look.

wrong.

Zhang Yuhe suddenly remembered.

Wu Yiyi seemed to have mentioned Lu Jiuzhou just now.

Could it be that the great master of Kyushu?

Think of this.

He immediately asked excitedly.

"Yiyi, is the Lu Jiuzhou you are talking about the great man who spreads civilization in the fairy world?"

"Are you familiar with him?"

Zhang Yuhe really wanted to know some information about the Nine Provinces powerful man.

After all, the civilization of the immortal world was spread by the great powers of Kyushu.

And that Nine Provinces great master should have mastered some kind of complete inheritance.

It's just that the inheritance of the immortal world seems to be missing some key things.

This makes it difficult for everyone to see the way forward.

If it weren't for Wu Yiyi, what he said just now.

Zhang Yuhe doesn't know.

It turns out that the Dao Ancestor Realm in the Immortal Realm should actually be called the Virtual God Realm.

After the virtual gods, there is the realm of true gods.

They don't even know the realm behind it, let alone the inheritance.

Hearing Zhang Yuhe, asked about the great power of Jiuzhou.

Wu Yiyi's face couldn't help but show anger.

She said depressedly.

"Don't mention that shameless villain."

"If it hadn't been for him back then, how could I have ended up in this kind of place?"

Speaking of which.

Wu Yiyi paused for a while.

She slowly walked to the swing.

The swing swayed gently.

Wu Yiyi's light and sweet voice slowly sounded in Zhang Yuhe's ears.

"When I was born from the origin of chaos, I met Lu Jiuzhou from Donghua Palace."

"This shameless evil thief actually wants to kidnap this girl into his cave."

"What's more, Donghua Palace is the human race's holy land in the Sea of Chaos, and it's the most suitable place for me to grow up."

"I am not a fool, of course I am unwilling."

"It's a pity that I was born from the origin and haven't transformed yet, nor have I learned how to fight."

"So I had no choice but to run away all the way."

"That evil thief has been chasing me for decades."

"Finally I saw a strange space vortex, and then I got into it."

"Whoever knew it would come to this primitive world."

Listening to Wu Yiyi's account of her grudges with Lu Jiuzhou, Zhang Yuhe couldn't help but feel curious.

"What happened later?"

"Haha, it's the evil thief's bad luck too."

"When I escaped into this primitive world, I found that it was actually occupied by a Chaos Beast of the True God Realm."

"This girl runs fast, and the Chaos Beast can't catch up with me."

"But the evil thief is in trouble."

"I bumped into that Chaos Beast, and ended up being chased and beaten hard."

"Lu Jiuzhou is only at the seventh level of True God, but that Chaos Beast is at the perfect level of True God."

"Even if he is a disciple of Donghua Palace, his methods are endless."

"But in the end, we just fought with that Chaos Beast and died together."

"To be sure, that Chaos Beast is not completely dead."

"It's a pity that there is still a trace of the remnant soul left."

"It would have been great if both of them had died."

"That way, this girl won't be trapped here."

Hear this.

Zhang Yuhe finally had a general understanding of what happened back then.

The great master of the Nine Provinces accidentally discovered the Enlightenment Tree and naturally wanted to take it for himself.

After all, it is a treasure of heaven and earth. Anyone who sees it wants to get it in their own hands.

Unfortunately.

Although Wu Yiyi was just born that year, she hadn't even transformed yet.

But her ability to escape was indeed not bad, and she ran all the way into the fairyland.

The most important thing is.

The fairyland had an owner back then.

It was occupied by a Chaos Beast in the True God Realm.

The Chaos Beast saw someone entering its territory.

Naturally, it couldn't stand it.

It couldn't catch up with Wu Yiyi, so it chased Lu Jiuzhou and beat him hard.

Section 704

The final result should be a loss for both sides.

However, Lu Jiuzhou's injury is estimated to be much more serious.

After spreading civilization in the fairyland, he completely perished.

But the Chaos Beast, relying on a wisp of residual soul, has survived to this day.

Wu Yiyi, Lu Jiuzhou, Chaos Beast.

Due to various coincidences, the three parties collided in the fairyland.

Finally, the civilization of the fairyland was created.

There is no right or wrong here.

It can only be said that it is fate.

By the way.

Just now Wu Yiyi mentioned the space vortex.

They entered the fairyland through a space vortex.

Thinking of this.

Zhang Yuhe asked hurriedly.

"Yiyi, where is that space vortex? Can we get out of the fairyland?"

"What is the place outside the fairyland? Is it the Chaos Sea you mentioned before?"

"It's just an ocean there?"

...

Chapter 526 I haven't started to fool you yet, and you're running away?

According to the speculation of the Taoist ancestors

There should be a passage to the outside world in the center of the Sea of Origin.

But this is just everyone's guess.

There is no real evidence.

No one has seen it with their own eyes.

Because in the center of the Sea of Origin, there is the shadow of the Supreme God.

No one dares to go there.

Even the strongest emperor Tianzuo in the fairy world cannot withstand the pressure of the Supreme God.

As for the other Daozu.

As long as they see the shadow of the Supreme God, they will be suppressed and unable to move.

Despite this.

Everyone still firmly believes.

The way to the outside world is in the Sea of Origin.

The reason is very simple.

Over the long years, those Daozu emperors have almost turned the entire fairy world upside down.

Except for the center of the Sea of Origin, everyone has basically looked for other places.

No passage that can lead out of the fairy world was found.

But this passage must exist.

After all, the great power of Jiuzhou is obviously not a native of the fairy world.

He can reach the fairy world from the outside world.

Then the cultivators in the fairyland can naturally get out.

It's just that no one has found the exact location of this passage.

After excluding all possibilities.

The Daozu Emperors all agreed.

In the center of the Sea of Origin, where the Supreme True God resides.

There must be a way out of the fairyland.

Zhang Yuhe thought.

As an outsider fairy guest, Wu Yiyi must know the exact location of this passage.

That's why he asked this question.

Wu Yiyi looked into the distance and responded depressedly.

"Yes, that space vortex is in the Sea of Origin."

"Through that space vortex, you can go to the Chaos Sea."

"It's a pity that the abominable big crocodile has been guarding near the vortex."

"Although the big crocodile is only half dead."

"But this girl was forced to flee here not long after she was born. She has never practiced and can't even beat a half-lived big crocodile."

"I can't get out at all."

"Big crocodile? Is it the Supreme True God?"

Zhang Yuhe was stunned. What the hell is this thing?

"Huh, a little crocodile monster dares to call himself the Supreme? But it is a true god."

"It is it, guarding the vortex every day."

"I tried to sneak out several times, but failed."

Speaking of this.

Wu Yiyi paused for a while, and her bright eyes looked at Zhang Yuhe.

She said with some expectation.

"I can't transform, so I can't practice, and my strength can't be improved at all."

"The key is that I never fight."

"But you can, you are the most talented cultivator I have ever seen."

"You are much stronger than those so-called Daozu emperors."

"Come on, I'm rooting for you."

"When you are promoted to the virtual god realm, you will blow up the big crocodile."

"We can go to the Chaos Sea together, haha."

Wu Yiyi was more excited, her bright eyes were like stars.

Looking at her excited look.

Zhang Yuhe was speechless.

"Are you so optimistic about me?"

But the fact is true.

In Zhang Yuhe's opinion.

The Supreme True God was already seriously injured, and only a remnant soul was left.

It's just that his realm is high.

It's not certain that his strength will be very strong.

Zhang Yuhe is not afraid.

When he is promoted to Daozu, that is, the virtual god realm.

He will definitely be able to beat him.

At that time, he can go and see the vast sky outside the fairyland.

Thinking of these.

Zhang Yuhe was looking forward to it.

But what exactly is the place outside the fairyland?

Is the Chaos Sea that Wu Yiyi mentioned just a vast ocean?

"Yiyi, what is the Chaos Sea? Is it a world of a higher level than the fairyland?"

Facing Zhang Yuhe's question.

Wu Yiyi shook her head.

"Actually, I'm not very clear."

"I fled here when I was just born, and I don't know much about the Chaos Sea."

"I only know that it is very big and there are countless strong people."

"The virtual gods and true gods are only ordinary, and there are many powerful god kings."

"It is even rumored that there is an invincible eternal supreme."

At this point.

Wu Yiyi jumped off the swing.

She seemed a little impatient.

"Oh, don't ask so many questions, I don't know anything."

Section 705

"The most important thing for you now is to practice quickly."

"Wait until you are promoted to the Void God Realm, then kill the big crocodile."

"Then we can go to the Chaos Sea together."

"Will you know everything by then?"

Uh.

Seeing Wu Yiyi's face suddenly change.

Zhang Yuhe was a little speechless.

Women are really fickle.

Even if Wu Yiyi is just a tree, it is also a female tree.

She is also a woman.

She changes really fast.

Although Wu Yiyi's words do seem to make sense.

No matter how much he asks, it is actually useless.

If he can't beat the Supreme True God.

No matter how much he knows, it will only add to his troubles.

But the problem is.

There is no rush for practice.

He has just been promoted to the Daluo Realm.

Every step forward will require a long period of precipitation.

How can it be done quickly if you want?

But it seems that there is a way.

Zhang Yuhe looked at the purple tree in front of him, which was Wu Yiyi's enlightenment tree.

He was thinking.

When he just came here.

Zhang Yuhe had already discovered.

As long as he stayed near this place, his mind became empty.

It was like entering a state of enlightenment.

If he could practice in such an environment for a long time.

Zhang Yuhe was sure.

His practice speed could be increased by at least ten times.

In this way.

Even after becoming a Daluo Immortal, the progress of practice was extremely slow.

He could also improve his practice quickly.

At most, after tens of millions of years.

Zhang Yuhe was confident that he could advance his practice to the perfection of Daluo Immortal.

But how could he trick Wu Yiyi into following him?

Zhang Yuhe always believed in speaking with fists.

The bigger the fist, the truth.

He really hadn't learned how to trick people.

Just when he was still struggling.

Wu Yiyi suddenly spoke.

"But cultivation is really slow."

"I've had enough of it and don't want to wait so long."

"How about this, in order to make you cultivate faster."

"I'll follow you for a while."

"I hope you can kill that big crocodile as soon as possible."

"Then we can leave this damn place together."

As soon as Wu Yiyi finished speaking, she disappeared instantly.

The ten-foot-high Enlightenment Tree in front of him quickly shrank in size.

It turned into a purple ring and slowly put it on the middle finger of Zhang Yuhe's left hand.

The surrounding scene changed instantly.

The mist and stairs in the distance had long disappeared.

The strange space where he was in also turned back into a wasteland.

Zhang Yuhe looked at the purple ring on his left middle finger and was stunned.

"I haven't even started to fool you yet, and you're running with me?"

...

Chapter 527 It seems like someone is being beaten.

Originally, Zhang Yuhe was still thinking.

How can he trick Wu Yiyi into following him?

After all, this is the Enlightenment Tree.

Who wouldn't be envious?

Carrying the Enlightenment Tree with you is like carrying an Enlightenment artifact with you.

It is even more likely that the effect is better than that of the Enlightenment artifact.

However.

Before he could figure out how to fool people.

The Enlightenment Tree turned into a ring and was worn on his left hand.

This...

Happiness came a little too suddenly.

So much so that Zhang Yuhe didn't react for a moment.

Was he favored by the goddess of luck?

Or.

Did he trigger a lucky critical strike?

Otherwise.

How could such a good thing happen to him.

Others felt a little bit of the Taoist aura of the Enlightenment Tree.

Just treat it as a once-in-a-lifetime opportunity.

As for the Enlightenment Fruit, it is something that ordinary people dare not even think about.

Now Zhang Yuhe took away the Enlightenment Tree and the pot.

Oh, that's not right.

It should be the Enlightenment Tree that came to him on its own.

He hadn't figured out how to fool him yet.

The Enlightenment Tree turned into a ring and was put on his hand.

Zhang Yuhe now felt like he was hit on the head by a gold nugget.

This feeling is completely indescribable.

Happiness came too suddenly and too thoroughly.

Zhang Yuhe opened his spiritual sense and silently looked at the ring on his left hand.

He saw a unique space formed inside the ring.

The purple tree took root inside the space.

Wu Yiyi appeared again and sat on the swing under the tree.

Swinging back and forth.

Seeing this situation.

Zhang Yuhe seemed to have some enlightenment.

Wu Yiyi had been wandering in the fairy world for a long time. She was really bored.

She couldn't practice in the fairy world, and she didn't have any friends to talk to.

Just like this, she spent countless years alone in the fairy world.

If it were an ordinary person, he would probably have gone crazy long ago.

It was hard for Zhang Yuhe to imagine.

If he was trapped in the lower world, he wouldn't be able to see the way forward for billions of years.

What a despair that would be.

Section 706

It is very rare that Wu Yiyi can persist until now without breaking down.

Saw Wu Yiyi on the swing.

Zhang Yuhe felt an inexplicable heartache.

You must speed up your cultivation.

Advance your cultivation to the perfection of Da Luo realm as soon as possible, and then start to make a breakthrough.

As long as you are promoted to the virtual god realm, you will immediately defeat the supreme true god.

Open the way to the outside world and take Wu Yiyi to a wider world.

According to Wu Yiyi's level, the fairy world is really too small.

So small that she couldn't even practice.

When the mist of Daoyun and the stairs suddenly disappeared, Luohe Wasteland returned to its original appearance.

Those monks who were intoxicated with enlightenment finally woke up.

Some people are excited, some people are disappointed.

Everyone's opportunities are different.

Although everyone has experienced the same test and feels the same Taoist atmosphere.

But what kind of harvest there will be in the end depends on personal opportunities and abilities.

Not everyone will gain something.

Just at this time.

Liu Shiyuan led a group of Daluo Immortal Kings and flew down next to Zhang Yuhe.

"Sect Master Zhang, I wonder if you can come and sit at your residence if you have time?"

"All the fellow Taoists in the Cang Yue Region have admired Sect Master Zhang's reputation for a long time."

"Everyone wants to get to know you and discuss the path to immortality together."

"Okay, then I won't bother Immortal King Shiyuan."

Zhang Yuhe responded with a smile.

It is also a good thing for monks to sit and talk.

You won't get far by working behind closed doors.

Although he still has to rush to Tianzuo Holy Land, there is no rush in this matter.

He still has time and cannot delay important matters.

...

Three years later.

A stream of light flew out from Shiyuan Immortal City and quickly disappeared into the distance.

Liu Shiyuan led a group of Daluo Immortal Kings and stood on the city wall.

Looking at the direction in which Zhang Yuhe was going away, he couldn't help but sigh.

"The Galaxy Immortal King's peerless talent is far beyond what we can compare with."

"Perhaps in this fairy world, a supreme genius of the Dao Ancestor Realm will really be born."

"Yeah, if that's the case, that would be great."

"If the Galaxy Immortal King can successfully advance to the realm of Tao Ancestor."

"Then the threat of Chaos Beasts will no longer exist."

"I don't know if he can withstand the Dao Ancestor Heavenly Tribulation."

"The calamity that the Supreme Prodigy has to face is really terrible."

"Hopefully he can succeed."

...

The fairy ship flew quickly across the wilderness.

Zhang Yuhe sat cross-legged at the front of the fairy ship.

behind him.

A small tree, about ten feet tall, took root and the fairy ship swayed gently.

A beautiful girl in purple was sitting on the swing and swaying gently.

A soft smile appeared on the girl's face, and the whole world seemed to be eclipsed.

Zhang Yuhe silently ran the Hunyuan Scripture.

The surrounding fairy energy gathered towards him like a swarm.

Slowly inject into the Dantian through the meridians.

Originally, Zhang Yuhe was not too anxious about cultivation.

After all, cultivation is a long-term solution.

There is no need to rush.

But after seeing Wu Yiyi.

Zhang Yuhe always had the urge to practice.

Even if I stop for a while, I feel like I feel guilty.

Zhang Yuhe didn't want to let down Wu Yiyi's trust and expectations for him.

Wu Yiyi believed that he could be promoted to the virtual god realm, and believed that he could defeat the Supreme True God.

I believe he can open the way forward.

Take the lonely girl and leave this troubled place.

Go to the wider world.

Zhang Yuhe secretly made up his mind that he must work harder.

Don't waste any moment of your practice time.

Can't live up to the girl's expectations.

...

Time passes slowly.

The fairy ship has been moving rapidly through the wilderness according to the established direction.

Those chaotic beasts in the wilderness saw the huge pressure of the earth-level immortal ships.

I don't dare to come here to commit suicide.

Zhang Yuhe was immersed in cultivation and never stopped for a moment.

There is the Enlightenment Tree behind you.

He is always in the process of enlightenment, and his cultivation speed is faster than usual.

At least ten times faster.

The vast Dantian sea is slowly rising.

Although after the Great Luo Immortal, the cultivation speed is extremely slow.

But Zhang Yuhe is extremely talented.

In addition, there is the blessing of the Enlightenment Tree.

His cultivation progress is still progressing by leaps and bounds.

Zhang Yuhe believes it.

It only takes a million years at most for him to break through to the middle stage of Daluo Immortal.

This kind of practice is simply unbelievable.

To know.

The normal Great Luo Immortal King advances a small realm every time.

It will take at least hundreds of millions of years.

This is still under normal circumstances.

If your practice is not going well.

For example, if you encounter a bottleneck, the time it will take is unimaginable.

Zhang Yuhe has never felt the existence of a bottleneck.

He just needs to continue to refine the spirit energy to fill the Dantian sea.

You can automatically realize the leap of realm.

This is an advantage that ordinary people cannot match.

This is also the fundamental reason for Zhang Yuhe's rapid rise.

Time passed slowly.

The fairy ship swept through the wilderness and crossed a large area.

Thirty thousand years later.

The fairy ship is getting closer and closer to Tianzuo Domain.

One day.

Just when Zhang Yuhe was still intoxicated in cultivation.

Wu Yiyi, who was sitting on the swing, suddenly shouted excitedly.

"Zhang Yuhe, Zhang Yuhe, look, someone seems to be being beaten over there."

Section 707

...

Chapter 528 Immortal King Jinghai

Hearing Wu Yiyi's call, Zhang Yuhe woke up from his practice.

He frowned slightly.

This is not the first time such a thing has happened.

Every time there is a little trouble.

Wu Yiyi wanted to shout something.

In this chaotic continent, isn't it normal for someone to get beaten?

Whether it is monks hunting Chaos Beasts, or Chaos Beasts hunting monks.

These are common things.

Zhang Yuhe would take action before.

Whenever a monk is in danger, he tries his best to help him.

Later he became numb.

There are too many things like flying on the Chaos Continent for a long time.

He can't control it at all.

If there is anything, he has to take care of it.

Then how can you practice?

But since he had woken up, Zhang Yuhe naturally wanted to get up and take a look.

He stood up slowly and looked up into the distance.

The huge pressure of divine consciousness instantly enveloped the entire world.

However.

After a while.

Zhang Yuhe saw nothing.

Except for some scattered chaos beasts, there was not even a ghost around.

Where is anyone being beaten?

Zhang Yuhe looked at Wu Yiyi doubtfully.

seems to be asking.

You read that right.

Sister, don't make trouble.

I still want to practice.

Don't you want to leave the fairy world as soon as possible?

Wu Yiyi jumped off the swing.

She said depressedly.

"You are too weak, that's why you can't see it."

"But that person is running towards us. You will be able to see him later."

Hear this.

Zhang Yuhe was speechless for a moment.

Got hit.

Since embarking on the path of cultivating immortality.

Except for Wu Yiyi, no one seems to have ever called him weak.

His majestic Da Luo Immortal King can even counter-slash the top power of the supreme Chaos Beast.

Being called too weak?

All right.

Compared with Wu Yiyi.

He does seem to be weaker.

Wu Yiyi was born in the origin of chaos, and was born in the true god realm.

Zhang Yuhe was like a weak ant in front of her.

He is indeed qualified to say that he is weak.

After a while.

He looked into the distance again.

I saw a violent aura rising into the sky.

See this situation.

Zhang Yuhe couldn't help but frown slightly.

He muttered to himself.

"How could a supreme-level Chaos Beast appear here?"

This place is still so far away from the sea of origin.

How could a noble-level Chaos Beast come here?

In the distance, a huge Xuan-level immortal ship was quickly traveling through the void.

A tall chaos beast was chasing closely behind.

The speed of the Xuan-level immortal ship is indeed very fast, and its defensive capabilities are also extremely powerful.

But facing the supreme Chaos Beast, that's not enough.

At this time, the immortal ship had been punched through thousands of holes.

Fortunately, the core components have not been damaged yet.

Otherwise.

It is no longer possible to maintain fast flight.

Immortal King Jinghai stood at the front of the immortal ship, his face pale.

Eighteen Dinghai Pearls surround the fairy ship, forming a faint water curtain.

He originally planned to go to the Chaos Continent to collect some fairy medicine.

Never thought about it.

The elixir hadn't been collected yet, but they had encountered a noble-level Chaos Beast.

Relying on the defense of Xuanjie Immortal Ship and Dinghaizhu, he escaped all the way here.

It's just that the noble Chaos Beast behind him has been chasing after him.

He looked up into the distance.

A trace of despair arose in my heart.

This place is really far away from the Tianzuo Domain.

Although he has been constantly sending messages for help to the Holy Land.

I hope Emperor Tianzuo can come to the rescue as soon as possible.

Unfortunately.

Due to the long distance, there has been no response from the Holy Land.

The message from the Immortal Mirror cannot be delivered to the Holy Land at all.

Looking at the noble Chaos Beast behind him, he rushed forward again.

Immortal King Jinghai gritted his teeth and tried his best to activate the eighteen Dinghai Pearls.

Boom...

The huge fist of the Supreme Chaos Beast instantly penetrated Ding Haizhu's water curtain defense.

Directly bombarded the fairy ship.

Crunch...

A heartbreaking voice came out.

The powerful Xuan-level immortal ship is about to be unable to support itself.

Immortal King Jinghai spurted out a mouthful of blood, and his face became paler.

He looked into the distance, his heart full of unwillingness.

"Am I going to die here today?"

As the elder of Tianzuo Holy Land.

Originally, as long as the Holy Land remained immortal, he could live happily ever after.

Who knew it would be so unlucky.

He just came out to collect some fairy medicine, how could he encounter a noble Chaos Beast?

The Great Luo Immortal King had absolutely no power to resist when facing the supreme Chaos Beast.

I can't fight again and again, and I can't run away.

In fact, Immortal King Jinghai knew it very well.

Unless the Dao Ancestor Emperor is passing by this place.

Section 708

Otherwise.

He will die today.

But the problem is.

There are only a few dozen Taoist ancestors in the immortal world.

The possibility of appearing right here.

Infinitely close to zero.

Just at this time.

Immortal King Jinghai suddenly noticed that a stream of light was rapidly approaching in the distance.

He shouted loudly while driving the Immortal King.

"Run quickly, there is a Supreme Chaos Beast behind you."

Immortal King Jinghai was speechless.

Because he had already clearly seen the aura of the person coming from a distance.

It was just the early stage of Daluo Immortal King.

With such strength, why come here and die.

He couldn't defeat the supreme Chaos Beast.

Is it possible that you, a Daluo Immortal in his early stage, can't defeat him?

You can't see the violent aura behind it.

When others see danger, they always take detours.

Good for you.

He actually came forward.

Immortal King Jinghai was unable to change the situation, so he could only remind him kindly.

I hope the other party can avoid the noble Chaos Beast chasing after him.

Just die alone.

There is no need to drag others into trouble.

He also knows why bears chase people.

But he didn't think so.

The early stage Great Luo Immortal could help him buy time to escape.

Even if he wanted to divert trouble, he still couldn't escape.

That being the case.

So why should you be a bad person before you die?

However.

Even if he kept reminding loudly.

The early stage Great Luo Immortal in the distance had no intention of stopping.

Just facing him, he rushed over.

Not only that.

The other party seems to have used some kind of powerful explosive magical power.

The aura on his body is rising rapidly.

From the early stage of Da Luo Immortal, he soared all the way to the perfection of Da Luo Immortal.

There is even a slight upward trend.

See this situation.

Immortal King Jinghai was simply stunned.

What kind of magical power is this, and why is it so powerful?

But it seems useless.

Facing the supreme Chaos Beast, even if it is the Great Luo Immortal Perfection, it is useless.

He is the Great Luo Immortal Perfection, and he is being chased and beaten by the noble Chaos Beast behind him?

Zhang Yuhe turned into a stream of light, his eyes fixed on the distinguished Chaos Beast in the distance.

As for the reminder from the Great Luo Immortal King, he didn't pay attention at all.

It's just a respected Chaos Beast, it's not like he hasn't killed it before.

But this guy is pretty good.

When facing a crisis, you can still think of reminding him to leave quickly.

This shows that he did not save the wrong person.

Zhang Yuhe quickly traveled through the void while activating the magical power of Hunyuan Guiyi.

Facing the supreme Chaos Beast, he did not dare to have any reservations.

If you don't turn it on, he won't be able to kill him at all.

Finally, I encountered a lone Supreme Chaos Beast.

Zhang Yuhe didn't want to let it go.

Or just beat him to death.

Kill one and lose one.

...

Chapter 529 Are you telling me that you are the Great Luo Immortal King?

Supreme Mingjiu was in the void, moving forward quickly.

As the Supreme Chaos Beast of the Supreme Mountain Tribe.

among the venerables.

Its strength is not too strong, just at the bottom.

It is precisely because of this.

The usual task of Supreme Mingjiu is to monitor and inspect the various affiliated tribes.

Under normal circumstances, it is not used to fight on the front line.

This is a very good job.

He doesn't have to face the Dao Ancestor Emperor among the monks, but he can also show his majesty among the Chaos Beasts.

It has been doing this job for countless years.

It's simply not too fun.

just now.

Supreme Akijiu is preparing, on his way to the next affiliated tribe.

Suddenly, a human race Daluo Immortal King appeared in the field of vision.

This made it a big surprise.

It was like a monk who just went out and quickly encountered a big medicinal plant.

Daluo Immortal King among monks, for Chaos Beasts.

It is the great medicine for their evolution.

Now that we have met.

Of course, there is nothing to say. You must beat him half to death first, and then capture him as a sacrifice.

In the eyes of Chaos Beasts, monks are the qualifications for their evolution.

There is no reason to let it go.

Gotta catch it.

Although this Great Luo Immortal King does seem to have some abilities.

Shui only owns one Xuan-level immortal ship.

Fast speed and strong defense.

And there is also a unique set of natal immortal weapons.

The defensive water curtain formed by those eighteen Dinghai Pearls is truly extraordinary.

But it seems that the Supreme Mingjiu.

All this is just a cloud.

It is a noble Chaos Beast, a mere Great Luo Immortal.

No matter how many means you have, no matter how strong your skills are.

It is impossible to escape from its palm.

Supreme Akihisa punched a big hole in the immortal ship.

But the fairy ship did not stop.

After all, it is a Xuan-level immortal ship, and its defensive capabilities are indeed extraordinary.

After the fairy ship pulled away, it continued to run forward.

Supreme Akihisa followed and accelerated to catch up.

Just at this time.

Section 709

Suddenly, a stream of light rushed over from a distance.

Seeing this situation.

Supreme Mingjiu could not help but be stunned.

Then it turned into ecstasy.

It muttered to itself silently.

"There is such a good thing, buy one get one free?"

Because it had seen clearly that the one rushing over was also a Daluo Immortal.

He just came out to inspect the affiliated tribes of the Supreme Mountain.

But he was able to capture two Daluo Immortal King-level sacrifices.

Supreme Mingjiu was simply stunned by this huge surprise.

You know.

Daluo Immortal King-level sacrifices are rare.

Even if these supreme chaos beasts go out, it is difficult to capture them.

After all, the Daozu Emperor among the cultivators takes good care of the Immortal Kings under his command.

They will not be easily caught.

Supreme Mingjiu never thought that he could catch two at once.

This is probably not the blessing of the goddess of luck.

Supreme Mingjiu is not worried that these two people can escape from him.

As long as the Daozu Emperor didn't come, these two sacrifices would be its prey.

If the other party escaped.

It would be unworthy of being the supreme beast.

Zhang Yuhe passed through the wilderness at high speed, and as for the Galaxy Immortal Ship.

Naturally, he had put it away long ago.

Facing the Supreme Chaos Beast, even the Earth-level Immortal Ship would not be of much use.

He still had to rely on himself.

Seeing Zhang Yuhe, he quickly flew past him and rushed straight to the Supreme Chaos Beast behind him.

Jinghai Immortal King gritted his teeth.

He also put away the Immortal Ship, and at the same time sacrificed 18 Dinghai Pearls, surrounding his body.

Then he followed.

He knew.

Even if the two of them joined forces, they couldn't beat the Supreme Chaos Beast.

There was only one step between the Immortal King and the Supreme Chaos Beast.

But this step was like a natural moat.

Enough to make people despair.

Despite this.

Jinghai Immortal King had no choice.

Others risked saving him.

Naturally, he had no reason to run away.

The most important thing was.

Even if he wanted to run, he couldn't.

No matter how fast the Daluo Immortal is, he can't be faster than the Supreme Chaos Beast.

In this case.

It's better for the two of them to fight together.

Maybe there is still a chance to repel the Supreme Chaos Beast behind him.

Risk your life.

Fight to the death, maybe there is still a chance.

However.

When the Jinghai Immortal King put away the immortal ship and prepared to turn around to support Zhang Yuhe.

He was stunned by the scene in front of him.

He saw a magnificent sword formation unfolding quickly.

The huge power of the sword formation instantly fixed the Supreme Chaos Beast in place.

"You told me this is a Daluo Immortal? Daozu Emperor is only this good, right?"

...

Zhang Yuhe faced the Supreme Chaos Beast.

Without saying a word, he directly unfolded the sword formation.

Before that, he had already opened the Hunyuan Guiyi magical power.

Now he is in his peak state.

Facing the Supreme Chaos Beast, Zhang Yuhe was not afraid at all.

Last time in Luoyan Mountain, he had killed a Supreme Chaos Beast.

And compared to Helan Ruojiu.

The Supreme Mingjiu in front of him might be even weaker.

As Zhang Yuhe unfolded the sword formation.

The Supreme Mingjiu's forward momentum was instantly stopped.

The might of the huge sword formation directly fixed it in place.

Roar...

The Supreme Mingjiu roared.

He stretched out his right hand.

A pitch-black spear appeared in his hand.

Originally, it did not intend to use its companion weapon.

After all, it was just dealing with the Daluo Immortal.

There was no need to go all out.

The Supreme Mingjiu originally thought.

It only needed two punches to beat the opponent half to death.

Then pick it up and take it back to the tribe as a sacrifice.

However, what it did not expect was that.

The newly appeared Daluo Immortal was so powerful.

Just a sword formation could suppress it in place.

You know.

It is a noble and noble Chaos Beast.

How could it be suppressed by a Daluo Immortal King?

This is simply unscientific.

However, this is the fact.

Supreme Mingjiu did not think too much.

It knew.

The invisible sword energy in the sword formation is the source of divine power.

As long as all these invisible sword energy are blocked outside.

This sword formation can do nothing to it.

Wait until it rushes out of the sword formation.

That little Daluo Immortal King will definitely not be able to block its fist.

Supreme Mingjiu waved his spear, and the black shadows in the sky protected it.

The vast amount of invisible sword energy around it could no longer cut it.

The divine power of the sword formation that originally imprisoned it disappeared in an instant.

Hum...

Feeling the pressure relieved, Supreme Mingjiu could not help but snorted coldly.

It glanced at Zhang Yuhe coldly.

Then it waved its spear and quickly killed the periphery of the sword formation.

Zhang Yuhe stood in the sky.

Facing the fast-moving Supreme Mingjiu, his expression was indifferent.

There was no panic on his face.

In Zhang Yuhe's opinion.

Section 710

Supreme Akihisa trapped in a sword formation.

It's just a desperate struggle.

Zhang Yuhe quickly used the magic formula.

A huge millstone suddenly appeared in the air.

The millstone rotates slowly.

The terrifying pressure instantly enveloped the Supreme Mingjiu.

"not good."

Supreme Mingjiu had just escaped from the divine power of the sword array.

But he soon found that he was suppressed by another, more terrifying divine power.

Roar.....

It quickly swung its spear, trying to break away from the terrifying power.

Unfortunately.

Supreme Mingjiu obviously overestimated his own strength and underestimated the horror of Taoism.

The power of the Taoist magic of returning chaos to the void is far beyond comparison with ordinary magical powers.

Once covered by this Taoist technique.

If you want to escape again, it may be even harder than climbing to heaven.

Even if it's a supreme Chaos Beast, that won't work.

I can only wait quietly for death.

...

Chapter 530 Two Kills of the Supreme Chaos Beast

Supreme Mingjiu looked at the millstone above his head, his heart filled with fear.

It had never thought that a Daluo Immortal King could be so terrifying.

With just one magical move, it was suppressed in place.

No matter how hard it struggles.

He couldn't break free from that terrifying divine power.

I feel that my life force is passing quickly.

Supreme Mingjiu's heart was filled with endless regret.

It just came out to patrol the affiliated tribes, how could it encounter such a ruthless person as Zhang Yuhe.

I should have known this was the case.

It shouldn't have gone after Immortal King Jinghai in the first place.

Wouldn't it be more comfortable for Xiaoyao to dominate the subordinate tribe?

Unfortunately.

In this fairy world, there is no regret medicine.

No matter how much it regrets, there is nothing it can do to save it.

What made Supreme Mingjiu feel even more desperate.

Now Zhang Yuhe, who is still in the Da Luo realm, has such terrifying strength.

How terrifying it would be if Zhang Yuhe was promoted to the realm of Dao Ancestor.

It's really that time.

Can the twelve major tribes of the Origin Sea still be able to block Zhang Yuhe's divine power?

Supreme Mingjiu seems to have seen it, one day in the future.

All the chaos beasts in the immortal world will be wiped out by Zhang Yuhe.

Think of this.

It couldn't help roaring.

"Supreme True God, are you just like this, watching the monks continue to rise?"

"Watch your descendants and followers slowly go to destruction?"

In the heart of the Chaos Beast.

The Supreme True God is their totem and their father.

It is the source of Chaos Beast's power.

However.

In the battles with the monks again and again, the Supreme True God never took action.

Almost all chaos beasts near the Sea of Origin can sense the breath of the Supreme True God.

But the great Supreme True God never cares about their life and death.

Nowadays, talented people like Zhang Yuhe are rising.

Could it be that the Supreme True God still doesn't take action?

Just watch them, step by step towards destruction?

The Supreme Mingjiu didn't know that the great Supreme True God in its heart actually only had a remnant soul left.

It is simply impossible to escape from the sea of origin.

Otherwise.

Its remaining soul will immediately dissipate with the wind.

at this moment.

Supreme Mingjiu's faith collapsed instantly.

As the millstone slowly rotates.

Supreme Mingjiu's vitality was draining away faster and faster.

It seemed to see that the god of death was waving to it.

...

Immortal King Jinghai stood in the distance, looking at the terrifying millstone in the sky.

I couldn't help but tremble in my heart.

Even the Chaos Returning to the Void Taoist Technique only targets Supreme Mingjiu.

Just a trace of the remaining divine power.

Immortal King Jinghai was still filled with fear.

He just couldn't understand it.

How could Zhang Yuhe, the Daluo Immortal King who suddenly appeared, show such terrifying power?

Is this still Daluo Immortal King?

I'm afraid the Dao Ancestor Emperor in the Immortal Realm is not so scary.

Immortal King Jinghai has lived in the immortal world for countless years.

He has basically met all the dozens of Taoist ancestors in the immortal world.

He also participated in every battle between monks and chaos beasts.

He has seen many Dao Ancestors take action.

But he has never seen such terrifying divine power in any Taoist ancestor.

If it weren't for Zhang Yuhe's clear Daluo Immortal aura when he first appeared.

He would think so.

Maybe there is another one in the immortal world, the terrible Dao Ancestor Emperor.

But it didn't.

The aura on Zhang Yuhe's body was unmistakable.

Even if he activates the magical power of Hunyuan Guiyi, it will only be the Great Luo Immortal Perfection.

A Daluo Immortal King actually has such terrifying strength.

Crush it instantly with a single strike, a powerful and supreme Chaos Beast.

And judging from the current situation.

This noble-level chaos beast may not be able to hold on much longer.

It will die.

Da Luo Immortal King killed the supreme Chaos Beast.

What a terrible legend this is.

It simply overturned Immortal King Jinghai's understanding of the Daluo Realm.

It's not surprising to go against all odds.

Whether it is the real fairyland or the golden fairyland, there have been precedents.

But Immortal King Daluo reversed the feat of beheading the supreme level Chaos Beast.

In the history of the fairy world, it has never appeared before.

...

Zhang Yuhe stood in the sky, his expression calm.
