Section 731

As for the cost of collecting village materials.

Zhang Yuhe didn't ask.

No need to ask.

Each of these Taoist emperors is rich all over the world.

They lack nothing.

What is missing is a way out of the fairy world.

As long as Zhang Yuhe can be successfully promoted to the realm of Dao Ancestor.

And successfully beat the Supreme True God to death.

Open the way to the Sea of Chaos.

This is the best reward for these great Taoist emperors.

...

Qinglong Holy Land, somewhere in the sea.

Two figures were sitting opposite each other on the fairy ship.

The Demon Emperor picked up the teacup, took a small sip, and then asked slowly.

"Brother Qinglong, I wonder how you have considered the matters discussed before?"

Qinglong put down his teacup.

He sighed softly, and then said helplessly.

"Hey, you know An Tianzuo's strength, and the Taoist ancestor of the human race has many methods."

"I'm afraid it's not that easy to plot against An Tianzuo."

"I still think it's a bit too risky and I don't want to get involved in this anymore."

"And I feel that there is no future at all in cooperating with Chaos Beasts."

"In the eyes of the Chaos Beasts, we are just the material for their evolution."

"Trying to find a way to the outside world from the hands of the Chaos Beast is tantamount to seeking the skin of a tiger."

"It's impossible for those Chaos Beasts to let us leave the fairy world."

"If we want to leave the fairy world, we still have to rely on ourselves to open a way forward or find a new path."

"Isn't the human race rising again now, a new supreme genius?"

"Just wait, maybe he can succeed."

"We can then leave the fairy world together without taking any risks."

...

Chapter 545 Find another way

Hearing Qinglong's words, the Demon Emperor couldn't help but fall into silence.

As early as tens of billions of years ago.

The high priest of the Supreme Mountain, Supreme Fire Cloud, brought him messages through other people.

I hope he can unite with the Daozu Emperor of the two demon clans to deal with An Tianzuo.

Just get this thing done.

The Supreme Fire Cloud can make the decision and let them leave the fairy world through the passage guarded by the Supreme True God.

Initially, the Demon Emperor was not concerned about this matter.

He even slapped the traitor who spread the message to death.

The Demon Emperor was very clear about Supreme Fire Cloud's intentions.

Because An Tianzuo is too great a threat to the Chaos Beast.

The number of supreme-level chaos beasts that fell in An Tianzuo's hands totaled nearly fifty.

The twelve major tribes of the Origin Sea all dream of getting rid of An Tianzuo.

But they simply can't do it.

No matter how they are laid out.

Even if he is trapped in a tight siege, An Tianzuo can still fight his way out.

An Tianzuo's strength is really terrifying.

It simply transcends the Taoist ancestor level of the fairy world.

It is almost a unique existence.

Even once.

The Supreme Fire Cloud led An Tianzuo to the depths of the original sea.

He wanted to use the power of the Supreme True God to suppress An Tianzuo, and then take the opportunity to kill him.

The result was still no success.

Even in the face of the pressure of the Supreme True God, An Tianzuo can still escape.

Unless the Supreme True God takes action himself.

But the problem is.

The Supreme True God cannot take action at all.

Unless a monk runs to it.

After experiencing countless failures,

Supreme Fire Cloud then changed his mind and wanted to start from within the monks.

After all, the three races of humans, demons, and demons themselves are not united.

It sent a message to the Demon Emperor through the traitor of the demon clan, on the condition that An Tianzuo be killed.

The Demon Emperor and others left the fairy world.

When I first received the message.

The Demon Emperor didn't believe it at all.

The hatred between the demon clan and the chaos beasts is as deep as the sea.

The number of demon monks kidnapped by the Chaos Beasts has long been uncountable.

There was even a time when the Dao Ancestor Emperor of the Demon Clan fell into the hands of the Chaos Beast.

the most important is.

The Demon Emperor simply did not believe that Supreme Fire Cloud would keep his promise.

Will really let them leave the fairy world.

Even in the depths of the original sea, is there a passage out of the fairy world?

This is all an uncertain question.

The Demon Emperor is more willing to believe it.

Supreme Fire Cloud is fishing with a straight hook, without even bait.

Just want him to take the bait.

The three clans of human beings, monsters, and demons fell into cannibalism.

Isn't this a daydream?

How could he be fooled.

But it didn't take long.

The Demon Emperor quickly changed his mind.

Because the Supreme Fire Cloud once again sent someone to send a message, and this time he also brought a picture stone.

The image stone records the scene in the center of the Origin Sea.

One of them is a vast and boundless space vortex.

After seeing the image stone.

The Demon Emperor hesitated.

Because he can see it.

That space vortex is extremely unusual.

Maybe it's the passage out of the fairy world.

The Chaos Beast has really mastered a passage out of the fairy world.

And that passage is right in the middle of the Origin Sea.

The Demon Emperor has tried many times to get closer to the depths of the original sea.

In the end, they were all frightened away by the terrifying power of the Supreme True God.

After many attempts.

The Demon Emperor finally woke up.

I want to leave the fairy world and go to a higher level world.

He must cooperate with the Chaos Beast.

There is no other way.

Because the Supreme True God is too terrifying.

Just a wisp of his aura was enough to make him unable to raise any resistance.

Section 732

Without the permission of the Chaos Beast, he would not be able to get close to the space passage that he dreamed of.

At this moment, the Demon Emperor finally wavered.

He decided to take a chance.

Although An Tianzuo is powerful, he is definitely not that easy to kill.

No matter how many arrangements are made, An Tianzuo may not be able to be killed.

more importantly.

There is no guarantee that Supreme Fire Cloud will fulfill its promise.

despite this.

The Demon Emperor still decided to take a gamble.

Because he has no choice.

He'd had enough.

In the immortal world, one cannot make any progress in cultivation for hundreds of millions of years.

If this continues.

He was afraid that he would go crazy.

Even if there is only a glimmer of hope.

As long as you can leave the fairy world and go to a higher level world.

He is willing to make enemies of the world and sell his soul.

Anyway, the relationship between the demon clan and the human clan is not very good to begin with.

We just have a superficial alliance.

Ambush and kill An Tianzuo, for the Demon Emperor.

Absolutely no guilt whatsoever.

The Demon Emperor knows very well.

Even if there is no Chaos Beast incident, sooner or later there will be a fight between the Demon Race and the Human Race.

Now it's just that he took action in advance.

After making a decision.

The only thing he needed to consider was how to successfully ambush An Tianzuo.

It's definitely not possible to come in the open.

The twenty-four Taoist ancestors of the human race.

Even if the two demon clans united, they would definitely not be opponents.

The best way is to lure An Tianzuo out alone.

Use the large formations arranged in advance to trap them, and then rely on their numerical advantage.

An Tianzuo was surrounded and killed.

There's just a problem here.

How can we lure An Tianzuo out alone?

And they also had to introduce the ambush circle they had arranged in advance.

The Demon Emperor thought about it for a long time, and finally thought of Qinglong Daozu.

The relationship between the demon clan and the human clan has long been at a standstill.

There were many conflicts between him and An Tianzuo.

Although the relationship between the demon clan and the human clan is not very good.

But at least on the surface, they are still normal allies.

The Demon Emperor considered.

If they can win over Qinglong Daozu, not only can they be greatly enhanced, their strength will be greatly enhanced.

Increase the certainty of ambush An Tianzuo.

more importantly.

The relationship between Qinglong, an old antique, and the Dao Ancestor of the human race is pretty good.

There should be a way to introduce An Tianzuo into the ambush circle.

Unfortunately.

Even though he mentioned it multiple times.

Qinglong all said that he needed to think about it.

Now they are directly refusing to participate.

That being the case.

Then he can only change his partner.

After a decision is made.

Of course, the Demon Emperor was not the one, so he only contacted Qinglong, the Taoist ancestor of the Demon Clan.

He also mentioned his thoughts to other Dao ancestors of the demon clan in a confidential manner.

If the Qinglong road doesn't work, then we have to take other roads.

The Demon Emperor pondered for a long time.

He stood up suddenly and said calmly.

"Since Taoist Brother Qinglong doesn't want to participate, I won't force you any more."

"It's just that I still plan to find other Taoist friends from the demon clan. I hope that the Taoist brothers won't object."

Qinglong Daozu picked up the teacup and took a small sip.

Then he responded helplessly.

"You must also know about the demon clan."

"I can never control what other people think."

"If someone is willing to follow your path, I will naturally not interfere and cannot interfere."

The Demon Emperor nodded slightly.

Of course he knows.

The demon clan is in disarray, and each of the thirteen Taoist emperors is in charge of it.

Qinglong, the official talker on the surface, basically has no binding force on other demon clan Taoist ancestors.

Think of this.

The Demon Emperor said calmly.

"In this case, I will take my leave."

After saying this, he turned into a stream of light and disappeared into the distance instantly.

...

Chapter 546 Qinglong: I will endure until the end of time, and I will endure until the end of the world

"Why....."

Looking at the Demon Emperor's figure in the distance, Qinglong couldn't help but sigh.

He was not optimistic about the Demon Emperor's plan this time.

the reason is simple.

Is An Tianzuo so easy to kill?

As the first person recognized in the fairy world.

An Tianzuo's reputation was achieved with the spear in his hand.

There is a kind of person.

When his strength reaches a certain level, he can ignore all calculations.

Because the powerful strength is enough to crush all conspiracies and conspiracies.

In Qinglong's view.

An Tianzuo is such a person.

Even if they tried every possible means, they could not do anything to An Tianzuo in the end.

The Demon Emperor actually wanted him to come forward and lead An Tianzuo into an ambush.

It's just ridiculous.

Even if the ambush succeeds in the end, so what?

Does the Demon Emperor really think that relying on the fifteen Dao Ancestor Emperors of the Demon Clan?

Can An Tianzuo be surrounded and killed?

It's too overestimating.

Think of this.

Qinglong couldn't help but shake his head.

But in the end, the most critical reason was that he gave up participating in this plan.

Or he didn't believe in the Chaos Beast.

No matter how many guarantees the Supreme Fire Cloud makes.

Section 733

He wouldn't believe it either.

How could the Chaos Beast let them leave the fairy world?

This is simply a dream.

Moreover, even if Supreme Fire Cloud really agrees, so what?

Can they pass the test of the Supreme True God?

If they believe it.

He ran excitedly to the depths of the sea of origin.

I'm afraid that before they can see the space passage, they will be swallowed up by the Supreme True God and not even the dregs will be left.

How could the Supreme True God refuse to eat the delicacies delivered to his mouth?

In Qinglong's view.

The entire plan of the Demon Emperor is completely unworkable.

Even if he was stupid, he wouldn't get involved.

Relatively speaking.

Qinglong felt that An Tianzuo's idea was indeed feasible.

It can even be said that it is the only way to go.

That is, beat the Supreme True God to death.

Or run away.

Unfortunately.

This is so difficult.

The Supreme True God is extremely powerful.

They don't even know how much higher the level of the Supreme True God is than themselves.

Just a wisp of breath made them unable to resist.

"Will there really be someone in the immortal world who can beat the Supreme True God to death?"

"Not even An Tianzuo dares to face the Supreme True God."

"Will there still be a Tao Ancestor Emperor who is stronger than An Tianzuo?"

"Will that little guy succeed?"

Qinglong muttered silently to himself.

In fact, he was very conflicted in his heart.

Of course he hoped that Zhang Yuhe could successfully survive the catastrophe and be promoted to the realm of Dao Ancestor.

Just the past history told him.

This is impossible to succeed.

There have been countless geniuses who have understood the supreme law in the fairy world.

There are even three people who, like Zhang Yuhe, have been promoted to the Daluo realm.

At that time, the three tribes of humans, demons, and demons tried their best to support these three people and survive the Tao Ancestor Heavenly Tribulation.

Unfortunately.

The final result was very disappointing to everyone.

The Heavenly Tribulation of the Dao Ancestor caused by the Supreme Prodigy was truly terrifying.

When the three supreme geniuses were going through the tribulation, Qinglong was on hand to observe.

Thinking of the terrible catastrophe back then.

He is still afraid now.

The Heavenly Tribulation of the Dao Ancestor guided by the Supreme Prodigy is even more powerful than the aura of the Supreme True God.

It's just terrible.

After three attempts.

Basically, all the Taoist ancestors are in despair.

Everyone agreed.

In this fairy world, it is impossible for the supreme genius of the Dao Ancestor Realm to appear.

Because no one can withstand such a terrible disaster.

No matter how strong you are, no matter how much preparation you make, it will be of no use.

A calamity more terrifying than the Supreme True God.

Who can withstand this?

If you can really stand it.

It would be better to rush directly to the sea of origin and beat the Supreme True God to death.

Why is it necessary? It costs so much trouble.

This is a dead end.

to be honest.

He is not optimistic about Zhang Yuhe.

Even Zhang Yuhe is many times more powerful than the previous three supreme geniuses.

He's still not optimistic.

Because the supreme genius, the Dao Ancestor Heavenly Tribulation that he will face is simply unsolvable.

"Hey, just take it slow."

Think of this.

Qinglong couldn't help but sigh.

He had already planned it.

I was too lazy to struggle, so I just calmed down and waited slowly.

Wait until the end of the era and the day when heaven and earth are destroyed.

He didn't believe it.

The Supreme True God is still able to continue guarding that passage.

That day has arrived.

He will find another chance to break out of the fairy world.

Qinglong's idea is simple.

That is one word, [Gou].

If you live until the end of time, the world will be destroyed.

He believes it.

Even the Supreme True God is injured no matter how serious he is.

At the end of the era, it will definitely leave the fairy world.

I won't stay in the fairy world waiting to die.

As long as the Supreme True God leaves, he can naturally leave.

That being the case.

Why should he take the risk and struggle?

As for being unable to improve your cultivation level in the fairy world, will it be difficult?

Qinglong said.

This is nothing.

Big deal.

He just used his secret technique to put himself into deep sleep.

An era of hundreds of billions of years is indeed very long.

But he wasn't, too, unable to make it through.

...

A stream of light quickly streaked across the wilderness.

The Demon Emperor stood on the immortal ship with a stern look on his face.

After hitting a wall in front of Qinglong Daozu, he did not give up.

Qinglong doesn't want to get involved, so let's find someone else.

He didn't believe it.

The dozen or so Dao Ancestor Emperors of the Monster Clan will all be as stubborn as Qinglong.

The Demon Emperor looked ahead.

This time he planned to go to the Black Dragon Holy Land to convince the Black Dragon Dao Ancestor to join his plan.

Relatively speaking.

The Black Dragon Dao Ancestor should be able to be persuaded more easily.

Because he only recently learned about it.

The Black Dragon Taoist Ancestor had a legitimate son who once died in the South China Sea Immortal Domain.

And he died in the hands of Tianxing Daozu,

Section 734

Not only that.

Even the spiritual incarnation of Black Dragon Daozu was slapped away by Tianxing Daozu.

That is to say.

Black Dragon has a grudge against Tianxing Daozu.

And the hatred is not small.

With the strength of the black dragon.

He definitely couldn't avenge this revenge on his own.

An Tianzuo is here.

The black dragon didn't even dare to have any thoughts of revenge.

The Demon Emperor thought.

Such people should be easier to convince.

As long as An Tianzuo can be killed.

The remaining Dao Ancestors of the human race are not to be feared at all.

When the black dragon wants to take revenge, wouldn't it be easier?

The Demon Emperor stood on the immortal ship, constantly pondering the plan in his heart.

Before leaving.

He did not ask Qinglong Daozu to keep it secret.

Because he knows.

An old cunt like Qinglong.

Before things are clear, they will never be told.

Maybe Qinglong is still waiting for them to successfully ambush An Tianzuo.

After all, this powerful human emperor is also a big threat to Qinglong.

Killing An Tianzuo would be a good thing for both the demon and demon clans.

Even without the conditions offered by Supreme Fire Cloud, they would have reached this point sooner or later.

It's just that Qinglong Daozu is too stubborn.

I simply didn't dare to participate in his plan.

"Forget it, let's think about how to convince the black dragon."

Think of this.

The Demon Emperor fell into deep thought quietly.

He was thinking about how to convince the black dragon and what reasons he would give.

Let the black dragon general An Tianzuo be led into the ambush circle alone.

It's a series of plans.

Don't make a wrong step.

One wrong step and everything is over.

...

Chapter 547 The Black Dragon's Determination

Black Dragon Holy Land, somewhere on the deserted sea.

A golden high platform was quietly suspended in the air.

The Demon Emperor and the Black Dragon Dao Ancestor sat opposite each other on the high platform.

The pleasant aroma of wine wafted in the wind, covering the entire sea area.

The two toasted to each other and drank, chatting happily.

After a long time.

The Demon Emperor asked with a smile.

"Brother Black Dragon, I don't know what you just said. How do you think about it?"

"As long as you can successfully introduce An Tianzuo into the ambush circle, leave the rest to me."

"With the power of the fifteen Taoist ancestors of my demon clan, An Tianzuo will be killed."

"After this is accomplished, we can all leave the fairy world and go to a wider world."

"As for your feud with Li Tianxing, if necessary, we can help you resolve it."

Hearing what the Demon Emperor said.

Black Dragon did not reply directly, but fell into deep thought silently.

Killing An Tianzuo and beating Li Tianxing to death was originally his dream buried deep in his heart.

Different from Qinglong.

The Black Dragon Dao Ancestor has never had any good impressions of human monks.

Because the human race occupies the best territory in the fairy world.

He became enlightened late.

All the good places are occupied by humans.

When it was his turn to create a holy land, he almost couldn't find a suitable place.

In the end, he had no choice but to choose the current Black Dragon Holy Land as a place to stay.

Although the Chaos Continent is vast, it has some good territory.

But that was the Chaos Beast's territory, and he couldn't afford to offend it.

In the eyes of the black dragon.

It is more practical to seize the territory from the Chaos Beasts than from the Human Race.

It is precisely because of this.

He then secretly sent Ao Lie to the South China Sea Immortal Domain.

I want to lay a nail first, and then look for opportunities later to slowly erode Tianxing Daozu's territory.

Ao Lie and Long Yuanguang colluded with the Chaos Beast.

In fact, Black Dragon already knew it.

He also wanted to use the hands of the Chaos Beast to attack the strength of the Sky Star Territory.

Unfortunately.

Long Yuanguang and Ao Lie were beaten to death by Li Tianxing just as they started to attack.

Even the black dragon appeared in the form of spiritual power, but it could not save Ao Lie's life.

Li Tianxing didn't give him any face at all.

Or.

Li Tianxing had long seen Heilong's hidden moves.

It's just that no measures were taken.

Later, Long Yuanguang and Ao Lie opened the space channel and led the chaotic beasts from Helan Mountain to come.

Li Tianxing happened to be caught red-handed.

There is nothing to say.

Li Tianxing slapped them both to death.

Even if the black dragon came to intercede, nothing would change.

Black Dragon deeply hated this matter.

There is a kind of person like this.

After being caught stealing, even if others don't pursue it.

He will still hold a grudge.

Black Dragon is such a person.

he thinks.

I lost face.

Li Tianxing beat Ao Lie to death directly in front of his incarnation.

Just don't give him face.

As for the cause of the matter, he didn't care at all.

It's not that Ao Lie has a high status in his heart.

to be honest.

The black dragon has many heirs.

Ao Lie is not very valued by him.

Otherwise.

He will not be sent to the South China Sea Immortal Realm.

The reason why the black dragon hates this star is.

I simply felt that I had lost face.

A huge loss of face.

Section 735

If it weren't for that, he wouldn't be able to beat Li Tianxing.

At that time, he went over to look for trouble.

Unfortunately.

Li Tianxing's strength is far beyond his comparison.

not to mention.

Behind Li Tianxing, there was An Tianzuo, the number one person in the immortal world.

The black dragon didn't dare to provoke him at all.

Compared to the unity of the Taoist ancestors of the human race, the entire demon race is a piece of scattered sand.

Even if Black Dragon wanted to, find someone to help him.

Then no one is willing to help him.

He has always kept this grudge silently in his heart.

I think about revenge all the time.

Now the Demon Emperor is coming.

This made Black Dragon feel a little moved.

But he didn't rush to reply.

He was considering the pros and cons of the matter.

If we take advantage of this opportunity, we can kill An Tianzuo.

That is of course the best.

Although the human race is powerful.

But without An Tianzuo in charge, there would be nothing to fear.

The two races of demons and demons will inevitably unite and immediately suppress the remaining Dao Ancestor Emperor of the human race.

But the problem is.

In case the Demon Emperor's plan fails, let An Tianzuo escape.

What to do?

Black Dragon is very clear about how terrifying An Tianzuo is.

Back then, there was a Dao Ancestor in the Yao Clan because he colluded with the Chaos Beast.

Got caught.

As a result, An Tianzuo did not hesitate and beat the demon clan Taoist to death on the spot.

What happened back then caused a big commotion.

It is precisely because of this incident that the entire demon clan has become a mess.

Qinglong did not stand up for the demon clan Taoist, which made other demon clan Taoist ancestors alienated.

No one regards him as the leader of the demon clan anymore.

If he can't even protect his own people, who will regard him as a leader?

Black Dragon fell into deep thought silently.

He was worried if this failed.

Then An Tianzuo will definitely not let him go.

He has no confidence.

Able to survive An Tianzuo's pursuit.

Tangled ah.

At this time, Black Dragon Daozu was really confused.

He wanted An Tianzuo to die, but he didn't want to take the risk himself.

I don't know how sure the Demon Emperor is, whether he can really beat An Tianzuo to death.

Will a man as strong as An Tianzuo really be beaten to death?

Even if you fall into a trap, it's not that easy to kill.

The Demon Emperor sat next to him, picked up the wine glass and took a sip.

He seemed to see Black Dragon's concerns.

He couldn't help but smile and said.

"Brother Black Dragon, don't worry, as long as you can lead An Tianzuo into the established ambush circle."

"Then he must die."

"Because this time, except for us demons, Supreme Fire Cloud promised."

"It will also lead the respected Chaos Beasts in each tribe to attack together."

"The number of Dao Ancestor Beast Lords participating in the battle will reach hundreds."

"No matter how powerful An Tianzuo is, he will never be able to escape."

"Supreme Huoyun is very determined. He must kill An Tianzuo this time."

"If you don't want to participate, then I will have to find someone else."

"I believe there will definitely be other Taoist ancestors among the demon clan who are interested in this matter."

Hearing what the Demon Emperor said, Black Dragon Daozu quickly stood up and responded.

"Brother Mo, don't be so anxious. I agree to this."

Black Dragon did not hesitate any longer.

Because he saw the hope of ambush An Tianzuo.

If what the Demon Emperor just said is true.

If Supreme Fire Cloud really leads all the supreme Chaos Beasts from the twelve major tribes to participate in the battle.

Then this is equivalent to concentrating almost all the top power in the entire fairy world.

Come and besiege An Tianzuo.

And they can also set up ambushes in advance.

Black Dragon didn't believe it.

Faced with such a siege, An Tianzuo was still able to escape.

That is impossible.

If An Tianzuo was really that strong.

He has already reached the center of the sea of origin, how can he still stay silently in the fairy world.

Thinking of these,

Black Dragon's face couldn't help but show excitement.

He seemed to have seen the fall of An Tianzuo and the destruction of the human race.

Seeing myself traversing the fairy world, constantly expanding territory.

As for leaving the fairy world, Black Dragon is not in a hurry.

It didn't take too long for him to be promoted to Dao Ancestor.

He is not free enough in the fairy world.

In no rush to leave.

...

Chapter 548 As if victory is right in front of you

Seeing the black dragon finally relenting, the Demon Emperor couldn't help but smile.

to be honest.

They want to lure An Tianzuo out alone, and also introduce the ambush circle they set up.

This is not an easy thing.

If it were not someone An Tianzuo trusted, it would be difficult to do it.

At least they, the demon clan, definitely can't.

An Tianzuo has no trust at all in the Dao Ancestor Emperors of the Demon Clan.

In fact, Black Dragon is not the best candidate.

In fact, the relationship between the Black Dragon and the Daozu Emperor of the human race is not very good.

Fortunately, there was no overt conflict between them.

If Qinglong is willing to participate in this matter, that would be perfect.

The relationship between Qinglong and the Daozu Emperor of the human race is relatively harmonious.

Moreover, he and An Tianzuo still have some old friendships.

If Qinglong comes forward, An Tianzuo will definitely not be on guard.

Unfortunately.

Qinglong Daozu is really too stubborn.

I just don't want to take risks.

The Demon Emperor really had no choice but to find the Black Dragon Dao Ancestor.

But fortunately, he had already thought of a comprehensive plan.

Section 736

As long as Black Dragon operates according to his plan.

No matter how smart An Tianzuo is, he will definitely be fooled.

Black Dragon picked up the wine glass and took a sip.

Then he asked the Demon Emperor seriously.

"I wonder where Brother Demon plans to choose the location for the ambush?"

The Demon Emperor said with a smile.

"The Sea of Chaos, as long as Brother Tao leads An Tianzuo there."

"I will arrange the formation in advance."

"As long as An Tianzuo enters the formation, he will never want to escape."

Hear this.

Black Dragon couldn't help but frown slightly.

The Sea of Chaos is the most dangerous place in the fairy world.

It is full of all kinds of chaotic laws and complicated time and space cracks.

Even the ordinary Dao Ancestor Emperor would not dare to enter easily.

Otherwise.

It's possible to get trapped in it.

Of course.

People like An Tianzuo definitely cannot be trapped.

There is no dangerous secret realm in the fairy world that can trap An Tianzuo.

despite this.

An Tianzuo has no reason to enter the sea of chaos.

What excuse was he going to use to lure An Tianzuo there?

But the Demon Emperor should have some arrangements.

Otherwise, the battlefield would not have been specifically set in the Sea of Chaos.

Think of this.

The black dragon turned to the Demon Emperor and asked.

"Brother Mo, An Tianzuo is a shrewd man, if there is no good reason."

"I definitely can't help but bring him to the Sea of Chaos."

The Demon Emperor laughed.

"Don't worry, he will definitely pass."

After saying this.

He took out a picture stone, handed it to the black dragon and said.

"As long as you take this picture stone and go to An Tianzuo, he will believe you."

The black dragon took the image stone and was filled with doubts.

Is there any mystery behind this?

After playing a magic formula.

The scene recorded on the recording stone slowly appeared before his eyes.

I saw a desolate and chaotic atmosphere, constantly displayed in the pictures.

Suddenly the scene changed.

A desolate island appeared in front of him.

I saw a temporary cave opened in the center of the island.

Maybe it's because of the passage of time.

By this time the cave had collapsed.

A black spear, exuding an astonishing aura, stood quietly in the center of the cave.

This spear looks like something extraordinary at first glance.

the most important is.

On the training platform in the center of the cave, a figure sat cross-legged.

It's just that this person has no breath at all.

It has obviously been dead for a long time.

See this situation.

Black Dragon couldn't help being surprised.

He was a little unsure and asked the Demon Emperor.

"Brother Demon, is this Liu Qingyuan? The Qingyuan Taoist who fell three thousand years ago."

"Didn't he die at the hands of the Chaos Beast? How could he fall into the Sea of Chaos?"

The Demon Emperor responded with a smile.

"I don't know the specific reason."

"Maybe it was because Liu Qingyuan was too seriously injured and was chased by the Chaos Beast."

"In the end, with no way out, I fled into the sea of chaos."

"It's a pity that he couldn't come out in the end."

"I guess he died in the Sea of Chaos because his injuries broke out and could no longer be suppressed."

Speaking of which.

The Demon Emperor paused for a moment, and then said calmly.

"I wonder if Brother Heilong thinks An Tianzuo will be fooled by this picture stone?"

The Black Dragon Daozu nodded gently.

"He's definitely going."

For this, Black Dragon is full of confidence.

The relationship between Liu Qingyuan and An Tianzuo is very unusual.

Now that Liu Qingyuan's whereabouts have been discovered, An Tianzuo can't help but go and take a look.

That's the weird thing.

Black Dragon knows.

Liu Qing was originally An Tianzuo's junior brother.

Three thousand years ago.

A fierce battle broke out between the monks and the chaos beasts.

In that war.

An Tianzuo showed off his power and killed more than ten supreme-level chaos beasts one after another.

But the monks also suffered heavy losses back then.

Each of the three tribes of humans, monsters, and demons has a Taoist ancestor who died.

Among them, on the human side, the one who fell was Qingyuan Daozu.

Liu Qingyuan and An Tianzuo came from the same sect, and later they were both promoted to the realm of Taoist ancestors.

It became a popular story for a while.

But no one expected it.

After a great battle, Liu Qingyuan actually died.

At the time, no one even knew how he died.

Until the soul lamp he left in Tianzuo Holy Land suddenly went out.

Everyone just realized it.

Liu Qingyuan was actually dead.

An Tianzuo once traveled all over the fairy world, trying to find the whereabouts of Liu Qingyuan.

In the end there was no result.

Black Dragon had no idea that Liu Qingyuan would actually die in the Sea of Chaos.

No wonder no one knows.

He was very curious.

How did the Demon Emperor get this news?

But think about it carefully.

Black Dragon soon understood.

obviously.

This is the news provided by Chaos Beast.

After seriously injuring Liu Qingyuan, those noble-level chaos beasts did not give up.

Instead, they pursued him all the way to the Sea of Chaos.

It's just because the war is urgent and the Sea of Chaos is extremely dangerous.

Therefore, those Chaos Beasts did not continue to pursue them.

Section 737

Only those supreme chaos beasts who participated in the hunt would know the whereabouts of Liu Qingyuan.

It seems.

In order to ambush An Tianzu, Supreme Huoyun really put some thought into it.

Looking at the photo stone in his hand.

The face of the Black Dragon Daozu could not help but show excitement.

With this key information, there is no need to worry that An Tianzu will not be fooled.

Thinking of this.

He turned to the Demon Emperor and asked.

"I wonder when I think it would be more appropriate to go to An Tianzu?"

The Demon Emperor said with a smile.

"Let's set it in 100,000 years. We have to arrange the formation in advance."

"And we have to communicate with Supreme Huoyun."

"It will take a lot of time for all parties to mobilize their forces."

"100,000 years should be enough to make all preparations."

"An Tianzu is not an ordinary person. If we are not fully prepared, we dare not act easily."

The Black Dragon Daozu nodded gently.

"Okay, I'll go find An Tianzuo again in 100,000 years."

"Hahaha."

The two looked at each other and laughed at the same time.

As if victory was just around the corner.

...

Chapter 549 Mother-son Immortal Jade

100,000 years later.

Tianzuo Holy Land, Jiuzhou Hall.

An Tianzuo stood quietly in the hall with a photo stone in his hand.

Just now.

The Black Dragon Daozu came to the door and said that he had found out about Liu Qingyuan's whereabouts.

And he also gave this photo stone.

To be honest.

An Tianzuo had no trust in the Black Dragon Daozu at all.

In his eyes.

Both the demons and monsters had bad intentions.

If it was Qinglong who came to the door.

He might believe it.

After all, Qinglong was notorious for being a coward and dared not offend him easily.

But An Tianzuo was a hundred times worried about the other Daozu emperors of the demon race.

Especially the Black Dragon.

This guy was full of hostility towards the human race.

And he also had a grudge against Li Tianxing.

Now he is so kind that he specially came to tell him where Liu Qingyuan is.

There is no conspiracy here.

An Tianzuo doesn't believe it.

But even if it is a trap.

He has to step on it.

Because the image stone cannot be fake.

From the pictures recorded above, it can be seen.

Liu Qingyuan did fall in the chaos.

Now that he knows the news.

He must go there and take a trip.

The human race pays attention to returning to their hometown.

Even if Liu Qingyuan has fallen for hundreds of billions of years.

An Tianzuo will bring him back.

"I hope Black Dragon doesn't play any tricks, otherwise, hum..."

Thinking of this.

A hint of fierceness flashed in An Tianzuo's eyes.

He slowly walked out of the hall.

Looking at the sky outside, he couldn't help but fall into deep thought.

After delivering the image stone, Black Dragon immediately left the holy land.

An Tianzuo didn't try to keep him.

He was 90% sure that this was a trap.

A plot specifically targeting him.

Black Dragon was just one of the runners.

"Who is setting this plot?"

"Demon Emperor, is it you?"

An Tianzuo stood outside the hall, muttering to himself.

In this fairy world, who dares to plot against him?

Except the Demon Emperor.

An Tianzuo couldn't think of anyone else who would have the guts.

Of course.

Chaos Beast is also possible.

Maybe Black Dragon had already surrendered to Chaos Beast, and is he uniting with Chaos Beast to plot against him?

An Tianzuo stood there and thought for a long time, but he didn't come to an accurate conclusion.

He took a deep breath.

Then he muttered to himself.

"I want to see what kind of plot you have set up in the Sea of Chaos."

As for the so-called conspiracy,

An Tianzuo didn't take it to heart at all.

In this fairy world,

Who can do anything to him.

Even if the demons and monsters join forces with all the Daozu emperors,

He was not afraid at all.

An Tianzuo was fully confident in his own strength.

Except for the unattainable Supreme True God.

In the fairy world.

He was not afraid of anyone.

"What conspiracy?"

"Can it stop the World-Destroying Gun in my hand?"

Thinking of this.

An Tianzuo took off into the air and quickly flew to the distant communication array.

Although he felt that no matter what the enemy's calculations were, it would not be difficult for him.

But to be on the safe side.

An Tianzuo thought.

He should find a helper, which would be safer.

After a while.

An Tianzuo landed on the communication array.

The two disciples in charge of guarding the array saw him coming.

They immediately shouted respectfully.

"Greetings, Sect Master."

An Tianzuo waved his right hand.

Section 738

He said calmly.

"You guys go down first."

"Yes, Sect Master."

The two disciples immediately bowed and left.

An Tianzuo stood on the platform.

Follow the magic formula and pinch it.

A faint light slowly lit up on the array platform.

In the distant Tianxing Holy Land.

Li Tianxing was holding a wolf hair and waving it quickly on the rice paper.

Suddenly his expression changed, and he gently put down the wolf hair in his hand.

Looking at the direction of the communication array in the distance.

Li Tianxing frowned slightly and murmured to himself.

"Did something happen? Why did Tianzuo suddenly activate the communication array?"

The Immortal Realm is vast and boundless, and communication across large domains is extremely troublesome.

You must use the communication array.

The communication arrays in major holy places are generally not easily activated.

Because the consumption of the communication array is really too large.

If not necessary.

Everyone would rather spend thousands of years and make a trip in person.

None of them are willing to activate the communication array.

Now An Tianzuo sends a summons to him.

Something is obviously going on.

After a while.

Li Tianxing stood on the communication platform and listened to Wu Tianzuo's narration.

He replied solemnly.

"Okay, I'll set off right away. After we meet up, we will head to the Sea of Chaos together."

After the arraignment has concluded.

He Tianxing fell into deep thought silently.

An Tianzuo was right to be cautious.

no doubt.

This must be a conspiracy.

And it's a big conspiracy.

Those who dare to scheme against An Tianzuo are naturally more than just brave.

There should be a certain degree of certainty.

In this fairy world.

If you want to deal with An Tianzuo, you must also be certain.

How much strength does it take to dare to play such a scheme?

Li Tianxing even doubted it.

Except for the human race.

The two demon clans and the Chaos Beasts may all be involved in this matter.

No wonder An Tianzuo was a little worried and wanted to ask him to join him.

It's not that he's bragging.

As for the ability to save life.

Of all the Taoist emperors in the entire immortal world, no one can compare to him.

Li Tianxing has this confidence.

Because he has already integrated all his understanding of the Tao of Battle into his natal immortal weapon.

The three cauldrons of heaven, earth and man form a powerful defensive barrier.

Even the innate Taoist weapon cannot be broken.

Otherwise.

When I was in the South China Sea Fairyland.

How could he defeat one against five, and even kill a supreme Chaos Beast?

But he himself was unscathed.

It relies on the peerless formation formed by the three cauldrons of heaven, earth and man.

It is precisely because of this.

Only An Tianzuo would find him.

The two of them join forces.

One attack and one defense.

Completely unafraid of any attack.

No matter how many people there are on the other side, they can still protect themselves.

Li Tianxing thought silently.

"But you still can't be careless."

Since the enemy dares to make such a calculation, it may be possible that something unexpected will happen.

Think of this.

He immediately took out the Immortal Mirror.

After playing a magic formula.

After a while.

Immortal King Liuyue rushed over.

"Master, do you have any instructions?"

Li Tianxing took out one and handed over the crystal clear fairy jade.

Then he said solemnly.

"Tian Zuo and I are going out on a trip. This trip may be dangerous."

"This is the Immortal Jade passed down from the mother-in-law, with special formation patterns engraved on it."

"No matter how far away you are, as long as you are still in the fairy world, you can send a brief message."

"You should always pay attention to the information above."

"If something unexpected happens, I will send you a message through another fairy jade."

"As soon as you receive the message, go to the Galaxy Immortal King immediately."

...

Chapter 550 Demonic Sword

After handing the Immortal Jade passed down from mother to son to Immortal King Liuyue.

Li Tianxing gave another solemn explanation.

Because he knows.

If something unexpected happens during this trip.

Then in the entire fairy world.

It is estimated that only Zhang Yuhe has the ability to save them.

As early as three million years ago.

Zhang Yuhe has broken through to the late stage of Daluo, and now he is probably close to reaching perfection.

In the early days of Daluoxian.

Zhang Yuhe can fight the supreme Chaos Beast.

Once he breaks through, the Great Luo Xian will be perfect.

Then how powerful should he be?

Li Tianxing didn't dare to think about it at all.

Maybe even more powerful than An Tianzuo?

When I heard Li Tianxing's explanation.

Immortal King Liuyue asked eagerly.

"Master..."

Li Tianxing waved his hand.

"You don't need to ask anything, just keep an eye on this Immortal Jade from the Mother and the Mother."

"I go first."

After saying this.

Section 739

Li Tianxing soared into the sky and disappeared in the distance in an instant.

Looking at the direction where the master left.

Immortal King Liuyue was filled with anxiety.

Since she entered the holy land.

She had never seen the master so solemnly instruct things.

Obviously.

This matter must be very dangerous.

But she didn't understand it very much.

In this fairyland.

What kind of danger can stop the master and Emperor Tianzuo?

And.

Since this trip is so dangerous, why does the master have to go?

Isn't it over if you don't go.

Isn't it safe to stay in the holy land?

Immortal King Liuyue returned to the cave and held the fairy jade in his hand tightly.

She always kept in mind what Li Tianxing told her.

She didn't even dare to practice anymore, but just kept staring at the fairy jade in her hand.

For fear of missing the information that might appear.

Li Tianxing turned into a stream of light and quickly shuttled through the wilderness.

He knew that this trip might be very dangerous.

Despite this.

When he sent the message before, he did not dissuade An Tianzuo.

Since the incident has already happened, we should deal with it with all our strength.

There is no use in retreating.

Since someone dared to plot against An Tianzuo this time.

Then maybe they will plot against other Daozu of the human race next time.

Maybe they will plot against him.

You can't avoid it.

If you avoid it this time, there will be another time.

In this case.

Why should he persuade them?

They just want to follow the enemy's thinking.

Let the enemy surface.

He wants to see.

Who are the people who are plotting against An Tianzuo and the human race.

Is it the Demon Emperor or the Monster Race?

Is it the twelve tribes in the Sea of Origin?

Or, these three forces have completely united together.

They want to join forces to destroy the human race.

The open enemy is not terrible.

The human race is powerful, and there are as many as twenty-four Daozu Emperors alone.

If the enemy attacks openly.

Li Tianxing was not afraid at all.

For billions of years.

The emperor of the human race has been roaming the fairy world.

No matter how big the crisis is, it can be resolved in the end.

Li Tianxing was worried.

What if the demons and monsters joined forces with the Chaos Beasts and hid in the dark.

If they suddenly attacked.

They might be caught off guard.

Taking advantage of this opportunity.

It is just right to lure out all the enemies hidden in the dark.

At that time.

Who is the enemy and who is the friend.

It will be clear at a glance.

...

Somewhere in the wasteland of Chaos Continent.

Li Tianxing traveled quickly all the way.

On the distant mountain, a figure suddenly appeared in his field of vision.

An Tianzuo stared into the distance.

Wait until Li Tianxing landed on the mountain.

He said gratefully.

"This time, I have to trouble Brother Tianxing to accompany me."

Li Tianxing responded with a smile.

"Tianzuo, we are old friends, no need to be so polite."

"And this is not just your problem."

"The enemy dares to plot against you, in fact, they are plotting against our entire human race."

Speaking of this.

Li Tianxing paused for a while.

He sighed and continued.

"I don't know who Black Dragon teamed up with this time to be so bold."

"But the Demon Emperor must be involved in this."

"I just don't know if the Chaos Beasts of the Sea of Origin are involved."

An Tianzuo said lightly.

"Don't think about it, there must be the shadow of the Chaos Beasts."

"Otherwise, with the Demon Emperor and Black Dragon, they don't have the courage."

It's been so long since the incident.

An Tianzuo has figured it out long ago.

Only the Chaos Beasts of the Sea of Origin are making trouble.

The Demon Emperor and Black Dragon have the courage to plot against him.

Otherwise.

With the two demon races, there are less than thirty Daozu Emperors in total.

Do you dare to fight him?

And An Tianzuo is very sure.

Qinglong must not be involved in this matter.

Otherwise.

The person who came to pass the message would not be Heilong.

And with Qinglong's character of hiding when encountering trouble, he obviously would not participate in such a thing.

Maybe at this moment, he has already performed the secret technique of turtle breathing to avoid the world.

An Tianzuo is very clear.

Only Chaos Beasts can do such a thing.

There are at least 600 Supreme Chaos Beasts in the twelve major tribes of the Origin Sea.

This is a very terrifying force.

Enough to destroy everything.

It is precisely because of these considerations.

He called Li Tianxing over.

Otherwise.

If he is alone.

Once he is surrounded by Chaos Beasts, and the other party is well prepared.

He may really have a hard time getting out.

Section 740

But now there is Li Tianxing, who will go with him.

Then don't worry.

Others don't know.

But he knew it very well.

Li Tianxing's strength is no longer inferior to Demon Emperor Qinglong.

If it weren't for one thing missing, an innate Taoist weapon.

I am afraid that Li Tianxing's strength is not even weaker than him.

Moreover, Li Tianxing's natal weapon is famous for its defense.

The two of them attack and defend.

No matter how big the crisis is, even if you can't defeat it, you can still protect yourself.

After the two of them met, they didn't say much.

Instead, it turned into a stream of light and quickly flew towards the sea of chaos.

Even now, the sea of chaos is like a dragon's pond and a tiger's den.

They also want to have a try.

...

The sea of chaos, a hidden place.

The surroundings are filled with turbulent voids and all kinds of terrifying laws and rhythms.

A strange light flashed across the area quietly.

In such a dangerous place.

An ordinary Great Luo Immortal King might not be able to hold on for even a minute if he breaks in.

Even Emperor Dao Ancestor did not dare to roam freely in the sea of chaos.

On top of a mountain peak.

The Demon Emperor stood quietly among them.

A pitch-black long knife, shining with frightening pressure, floated quietly above his head.

Waves of inexplicable divine power rippled from the long sword to the surroundings.

Dispel all the strange powers of laws nearby.

This is one of the three great innate Taoist tools in the immortal world.

Demonic Knife.

It is also relying on the power of the Demon Sword.

Only the Demon Emperor can give orders to the entire Demon Clan, and no one dares to disobey him, even the Dao Ancestors of other Demon Clan.

Those who were disobedient would have been hacked to death by the Demon Emperor long ago.

There are hundreds of millions of demons in the entire fairy world.

It's the Demon Emperor's one-word hall.

Compared with the demon clan.

The cohesion of the demon clan is completely different.

There is simply one heaven and one underground.

In fact, Qinglong also has an innate Taoist weapon in his hand.

What a pity.

Qinglong is really too stubborn.

As a result, his reputation as the leader of the demon clan has long been completely lost.

The Dao Ancestor Emperors of the demon clan almost didn't look at him seriously.

No matter how strong Qinglong is.

Those Dao Ancestor Emperors of the demon clan still looked down upon them.

...

Chapter 551 Gods and Demons Imprisonment Formation

The Demon Emperor stood on the top of the mountain, looking at the deserted island in the distance.

That was the place where Liu Qingyuan died, and it was also the battlefield they chose for the ambush.

In order to avoid alerting the enemy, they did not even set foot on the deserted island.

But on the outskirts of the desert island.

The Demon Emperor has already arranged a shocking formation.

He was absolutely sure.

As long as An Tianzuo sets foot on a desert island, he should never think about escaping again.

Because this is not an ordinary formation.

This is the peerless trapped formation that he understood through observing the Nine Provinces Divine Monument.

The Demon Emperor named this formation the God-Devil Imprisonment Formation.

Once the formation is activated, the entire world can be imprisoned by him.

What's more, An Tianzuo?

The only issue the Demon Emperor needs to consider now is.

That is.

Will An Tianzuo come?

When did you come over?

Before Black Dragon handed the image stone to An Tianzuo.

The Demon Emperor is here and has arranged everything.

Now the black dragons have rushed over, but they haven't seen An Tianzuo's shadow yet.

This made the Demon Emperor and others feel anxious.

They did not arrange anyone to follow An Tianzuo, nor did they arrange warning formations along the way.

In order to prevent An Tianzuo from discovering it in advance, they tried their best to do nothing.

Just wait here quietly.

But thousands of years passed.

Not even An Tianzuo's shadow has been seen yet.

This makes them a little uncomfortable.

Just at this time.

The Black Dragon Taoist standing next to him couldn't help but said anxiously.

"It's been so long, An Tianzuo won't come."

The Demon Emperor said calmly.

"It will come. Just wait. Even if it takes a million years, we will still have to wait."

Although the Demon Emperor himself was very anxious in his heart.

But his expression was still calm and calm.

The temperament is very good.

Seeing the Demon Emperor's indifferent expression, the Black Dragon Daozu took a deep breath.

In fact, he also knows.

If you want to plot against An Tianzuo, you have to have some patience.

It's just that he's very scared.

He was worried that An Tianzuo had long seen through it.

What if An Tianzuo doesn't come over anymore and goes directly to the Black Dragon Holy Land?

so what should I do now?

Will he have to wander around the fairy world from now on?

More importantly.

I really want to be discovered by An Tianzuo.

Even if he wanted to wander into the fairy world, he probably wouldn't be able to do so for long.

Once An Tianzuo becomes determined, he will pursue him to the end.

Then no one in the entire fairy world can protect him.

Unless he wants to hide in the middle of the sea of origin.

But obviously.

The black dragon doesn't dare to go there either.

That is the territory of the Supreme True God.

Even if the Chaos Beast of the Origin Sea makes more promises.

He didn't dare to wander around the territory of the Supreme True God.

Isn't this sending oneself into the tiger's mouth?
