Section 741

Thinking of this.

Black Dragon could not help but grit his teeth.

There is no turning back after the bow is drawn.

Since the thing has been done, even if he wants to regret it, it is useless.

Now he can only pray that An Tianzuo can arrive earlier.

And jump safely into the trap set by the Demon Emperor.

But Black Dragon is still a little worried.

Even if An Tianzuo steps into the trap, can they definitely kill him?

Thinking of this.

Black Dragon looked around.

In addition to him and the Demon Emperor.

The other fourteen Daozu Emperors of the Demon Clan have also been in place.

But he did not see the shadow of the Chaos Beast.

Didn't the Demon Emperor tell him.

The Supreme Fire Cloud will lead the twelve tribes of the Supreme Chaos Beasts to participate in this operation?

Now he didn't even see the shadow of a Chaos Beast.

Could it be that the Demon Emperor has been fooling him?

If that's the case.

That would be too bad.

Black Dragon doesn't believe it.

With just sixteen of them, they can kill An Tianzuo.

Even if they set up a big formation in advance, it is impossible.

Once An Tianzuo shows his power.

It is possible to kill them all.

If there is no Chaos Beast to support him, Black Dragon is even a little scared.

Thinking of this.

He whispered to the Demon Emperor.

"Brother Demon, has the Supreme Fire Cloud come? Why didn't I see it?"

Seeing Black Dragon's worried look, the Demon Emperor smiled and said.

"Don't worry, they are already in place."

"The twelve major tribes of the Sea of Origin, under the leadership of the Supreme Fire Cloud, have a total of 618 Supreme Chaos Beasts, all of which have been deployed in place."

"Just wait for An Tianzuo to step into the deserted island, and they will naturally show up."

Hearing this.

Black Dragon finally breathed a sigh of relief.

But he was also slightly surprised.

Is the Supreme Fire Cloud so cruel?

He actually brought more than 600 Supreme Chaos Beasts.

How many Supreme Chaos Beasts are there in the twelve tribes of the Sea of Origin?

At most, there can't be more than 700.

This is a real full-scale mobilization.

They are not worried.

Will their own nest be destroyed?

In fact, it can also be seen from here.

The Chaos Beasts are afraid of An Tianzuo.

In order to deal with him alone.

Supreme Fire Cloud almost did his best and even didn't defend his nest.

From this, it can be seen how powerful An Tianzuo is.

Otherwise.

The Demon Emperor and Supreme Fire Cloud would not be so serious.

Black Dragon couldn't help but sigh.

If someday, he can also reach the height of An Tianzuo.

That would be great.

Thinking of this.

A trace of jealousy even flashed in Black Dragon's eyes.

But soon.

He thought viciously again.

Even if An Tianzuo is stronger, so what.

This time he must be dead.

More than 600 Supreme Chaos Beasts.

Even if each of them punched, they could smash An Tianzuo into pieces.

What's more.

There was also the Demon Emperor, a fierce man holding an innate Taoist weapon next to him.

In the eyes of Black Dragon.

The Demon Emperor's strength should not be much weaker than An Tianzuo.

After all, they both had innate Taoist weapons.

...

An Tianzuo and Li Tianxing crossed countless mountains and rivers.

They flew quickly all the way across the Chaos Continent.

Five hundred years later.

They finally arrived at the edge of the Sea of Chaos.

Feeling the majestic and chaotic Taoist atmosphere in the distant void.

Li Tianxing couldn't help but frown slightly.

He had been to the Sea of Chaos many times.

It was just to find some special immortal materials before.

The laws of the Sea of Chaos are chaotic, but it can produce some very precious immortal materials.

For example.

The Void Immortal Crystal for refining the Earth-level Immortal Ship.

It can only be found here in the entire Immortal Realm.

As the top-level Taoist Emperor.

As long as he is careful.

Those chaotic laws and rhymes are not a big threat.

But this time is different.

This time they have to face not only the danger of the Chaos Sea itself.

The greater danger comes from those unknown enemies.

Maybe it's the Demon Emperor, maybe it's the Taoist Ancestor of the Demon Clan, or the Supreme Chaos Beast.

The biggest possibility.

It's all three.

Thinking of this.

Li Tianxing's expression moved slightly.

Three giant tripods flashed out and slowly surrounded the two people.

Protect them in it.

Arrived here.

Li Tianxing dare not be careless.

It's better to take some precautions in advance.

...

Chapter 552 Not enough!

Li Tianxing slowly unfolded the Three Elements Tripod of Heaven and Earth, forming a powerful formation.

Protect the two people in it.

An Tianzuo stretched out his right hand.

Section 742

A silver spear appeared in his hand instantly.

The moment the spear appears.

The surrounding void even had a faint tendency to be broken.

The power of the world-destroying spear has not yet been fully demonstrated.

It's already extremely scary.

That world-destroying power is enough to destroy everything.

An Tianzuo held a spear and said to Li Tianxing calmly.

"let's go."

"good."

The two of them stepped directly into the sea of chaos without any hesitation.

They all know it in their hearts.

Just enter the sea of chaos.

Then a war will be inevitable.

Already on the way here.

They had a vague feeling of uneasiness.

The spiritual sense of Emperor Daozu is very effective.

Combined with the previous speculation.

no doubt.

Just keep moving forward.

What will greet them will be traps carefully laid by the enemy.

Every step they take is one step closer to the trap.

despite this.

Neither An Tianzuo nor Li Tianxing had any hesitation.

They just barged in without even communicating.

have nothing to say.

Since someone is plotting against the human race.

Then find out the enemy.

to their level.

What ultimately determines victory or defeat is strength.

All conspiracies and tricks will be insignificant in the face of absolute strength.

Whether it is An Tianzuo or Li Tianxing, they are full of confidence in their own strength.

Now the two of them join forces.

Even the entire fairy world is against them.

They are also confident that they can kill and turn the world upside down.

The two of them traveled across the sea of chaos.

Li Tianxing's Three Talents Cauldron of Heaven and Earth formed a faint curtain of light.

Guard them firmly.

The chaotic Dao Yun Law around them was not close yet.

They were dispersed by this large formation.

Time passed slowly.

The Demon Emperor stands on top of the mountain.

Suddenly his expression changed, and then he said calmly.

"coming."

Hear this.

The black dragon next to him couldn't help but feel happy.

"Who's here, is it An Tianzuo?"

The Demon Emperor nodded slightly.

After a while.

He said with some doubts.

"It seems that An Tianzuo is not the only one, there are others coming too."

They hid in the hidden formations arranged in advance and did not dare to unfold their spiritual consciousness wantonly.

So as not to alarm An Tianzuo.

For the two people approaching quickly in the distance.

The Demon Emperor only felt a faint aura.

He wasn't sure either.

After all, it's still a bit far away now.

"Besides An Tianzuo, is there anyone else?"

Black Dragon Daozu couldn't help but be surprised.

There was one more person, which was beyond their expectation.

An Tianzuo is such a proud person.

Why would you ask for help?

Could it be that he had discovered a long time ago that he was lying to him before.

An Tianzuo came prepared.

Think of this.

Black Dragon felt a little uneasy in his heart.

The Demon Emperor looked back at him with some disdain in his heart.

It's all coming to an end.

Can they still retreat?

Moreover.

Isn't there just one more person?

There are sixteen Tao Ancestor Emperors here, surrounded by Supreme Fire Cloud, and more than six hundred supreme-level Chaos Beasts led by them.

Not to mention there was only one more person.

Even the Dao Ancestor Emperor of the human race came here together.

He wasn't worried at all.

Only An Tianzuo dared to step onto that deserted island.

Even if more people come, it will be of no use.

You will definitely be trapped by them until you die.

Think of this.

The Demon Emperor said calmly.

"Just wait for now. We will find out later who came with An Tianzuo to die."

Black Dragon took a deep breath and slowly calmed down his uneasy mood.

When things got to this point, he had no way out.

He could only fight to the death and destroy An Tianzuo.

After a while.

Two streaks of light streaked across the distant sky.

The black dragon looked around.

When he saw clearly the figure in the distance, his expression suddenly changed.

Black Dragon said fiercely.

"It's old ghost Tianxing."

"I didn't expect that he would come here with An Tianzuo."

The Demon Emperor looked quietly into the distance and did not respond.

behind him.

The fourteen demon emperors also held their breath and looked into the distance silently.

Although there was a little accident.

Next to An Tianzuo, there is another Li Tianxing.

But none of the demon emperors had any worries.

For this day.

They have been preparing for a long time.

Even if something unexpected happens, I will still swear to kill An Tianzuo.

The only way is to kill An Tianzuo.

Section 743

Only then can their demon race get rid of the oppression of the human race and become the ruling force in the fairy world.

This is the only way for their demon clan to rise.

An Tianzuo and Li Tianxing quickly traveled through the sea of chaos.

The outline of a desert island slowly came into view.

An Tianzuo suddenly stopped and glanced around lightly.

Li Tianxing asked.

"But something unusual was discovered."

An Tianzuo shook his head.

"uncertain."

Just now, he suddenly felt a strong hostility rushing into his heart.

It was just when he followed that artistic conception and looked around.

But saw nothing.

The Demon Emperor has been preparing for so long.

The hidden formation has been arranged long ago, so naturally he will not be able to see it easily.

Li Tianxing looked at the deserted island in the distance.

That's their destination.

According to the image stone provided by Black Dragon Taoist.

Liu Qingyuan died there.

We are still some distance away from the deserted island.

But Li Tianxing has already felt a huge crisis.

He knew it almost without thinking.

The deserted island now is a dragon's pond and a tiger's den.

As long as they dare to take a step inside.

Will be violently attacked.

despite this.

Li Tianxing didn't say a word.

Isn't this exactly the result he had expected before?

The two of them stayed in place for a long time.

An Tianzuo said calmly.

"Let's go."

"good."

As they get closer.

The whole picture of the desert island slowly appeared in their field of vision.

An Tianzuo even felt the aura emanating from Liu Qingyuan's natal Taoist weapon.

The two of them flew slowly while being cautious.

Li Tianxing slowly gathered the three giant cauldrons.

In order to form a more stable defensive circle.

Boom...

When they just flew over the desert island.

A shocking loud noise shook the world.

Countless dazzling lights lit up on the edge of the desert island.

The light shines in the sky and reaches the sky.

A huge array of light curtains rose instantly, covering the entire desert island.

An Tianzuo and Li Tianxing stood in the air.

They looked around.

Sixteen powerful figures were seen appearing at the edge of the formation's light curtain.

The Demon Emperor, Black Dragon and others finally appeared.

See this situation.

Not only was An Tianzuo not surprised, he was even a little surprised.

Even the Demon Emperor and the Black Dragon dare to plot against him?

I'm afraid that's not the case, it's just too arrogant.

Think of this.

An Tianzuo said calmly.

"Demon Emperor, are you the only ones?"

A long black knife slowly circulated around the Demon Emperor's body.

Seeing An Tianzuo, he looked indifferent.

He couldn't help but said harshly.

"An Tianzuo, don't be too arrogant."

"Aren't the sixteen of us enough to deal with the two of you?"

An Tianzuo shook his head gently, and then responded lightly.

"not enough."

His light words were full of contempt for the Demon Emperor and others.

If only these people.

Then he might be overly worried.

Just these sixteen people can't stop his world-destroying spear.

not to mention.

There was also Li Tianxing nearby to help.

...

Chapter 553 Asking for help!

Suddenly being ambushed, An Tianzuo not only did not panic.

He even had some doubts.

Just a few people like the Demon Emperor and the Black Dragon.

Why do you dare to ambush yourself?

Where does this courage come from?

Seeing An Tianzuo, his expression was indifferent.

The Demon Emperor was simply furious.

Damn it, you don't take him seriously.

Think of him as the majestic demon emperor, whose status is equal to An Tianzuo.

Moreover, he also brought over all the Taoist ancestors of the entire demon clan.

An Tianzuo was so contemptuous.

This is completely intolerable.

Think of this.

The Demon Emperor shouted fiercely.

"An Tianzuo, you are on the verge of death, yet you are still so arrogant."

At this time, he was not in a hurry to launch an attack.

Because the Supreme Fire Cloud, the supreme Chaos Beast leading each tribe, has not yet arrived.

Anyway, the God and Demon Imprisonment Formation has been activated, so there is no need to worry about An Tianzuo running away.

They had plenty of time to slowly wear An Tianzuo to death.

The Demon Emperor was completely confident in the trap he had learned from the Nine Provinces Divine Monument.

In order to create this trap.

They spent billions of years preparing with all their strength.

In the eyes of the Demon Emperor.

Even the Supreme True God may not be able to break out if he is trapped in the formation.

If you want to break this formation, you can only do it from the outside.

But An Tianzuo and Li Tianxing were both trapped in the formation.

It was impossible at this point, someone could save them.

An Tianzuo waved his right hand.

He put away Liu Qingyuan's fallen Dharmakaya and his natal Taoist tools, and then silently observed the formation in front of him.

Although he looked calm on the outside, his vigilance in his heart did not relax at all.

Since the Demon Emperor dared to take action, he must have some confidence.

And the formation in front of him looked very extraordinary.

It was completely different from the trap formation he knew before.

An Tianzuo thought.

No matter what trump cards the Demon Emperor had.

He should break this formation first and kill out.

They were trapped in the formation, completely tied up.

There was no initiative at all.

Only by breaking the formation could they move freely.

In that case.

No matter how many trump cards the Demon Emperor had, it would be useless.

"Try it first."

Thinking of this.

An Tianzuo waved his spear.

The spear pierced the sky with the power of annihilation.

However, a shocking scene appeared.

When the World-annihilating Spear, with its terrifying divine power, killed towards the light curtain outside the deserted island.

The light curtain only shook slightly and soon returned to calm.

Seeing this situation.

An Tianzuo's heart trembled.

He knew.

They were in trouble today.

The Demon Emperor was indeed well prepared.

The formation in front of him was much more terrifying than he had imagined.

Just now, he seemed to stab out lightly, but in fact, he had already burst out with all his strength.

He did not hold back.

However, the formation in front of him was still as stable as Mount Tai.

There was no sign of damage.

You know.

In the entire fairy world.

In terms of attack power.

If An Tianzuo said he was second, no one would dare to claim to be first.

Now he could not break the formation in front of him with a full-strength attack.

How could he not be surprised.

An Tianzuo looked at Li Tianxing next to him and asked solemnly.

"Brother Tianxing, can you see the mystery of this formation?"

An Tianzuo thought.

As the number one person in the art of formation, there should be no formation in the fairy world that can escape his eyes.

In fact.

As early as the moment the God and Demon Prison Heaven Formation was opened.

Li Tianxing was observing this formation.

He thought hard for a long time.

It can be confirmed.

There has never been a similar formation in the fairy world before.

Hearing An Tianzuo ask.

Li Tianxing suddenly had an idea.

He said solemnly.

"If I'm not mistaken, this formation should come from the Jiuzhou Divine Monument."

"When I was observing the Divine Monument, I saw similar formation patterns."

"I just didn't expect that the Demon Emperor actually understood the complete arrangement method."

"We are in trouble this time."

An Tianzuo's heart trembled, and he slowly asked.

"Is there a way to break the formation?"

Li Tianxing shook his head.

"This is a pure trap formation, and it has no lethality."

"The formation pattern is as round as the sky. If you want to break this formation, unless the attack power exceeds the limit of the fairy world."

"Otherwise, you can only start from the outside."

Hearing this.

An Tianzuo was thoughtful.

Generally speaking.

The trap formation needs to be coordinated with the killing formation to show its power.

What's the use of a pure trap formation?

Does the Demon Emperor just want to trap them here?

But what's the point?

Although they are trapped here, they can't communicate.

But what does it matter?

They are not in danger anyway.

Does the Demon Emperor dare to come in?

Moreover, the demon clan Daozu came out in full force, and the human clan Daozu would find something unusual sooner or later.

Someone would come to rescue them naturally.

The Demon Emperor stood in the distance.

When he saw that An Tianzuo's full-strength shot could not shake the formation.

He couldn't help laughing wildly.

"Hahaha, An Tianzuo, this is the formation passed down by the great power of Jiuzhou."

"Unless you can reach the height of the great power of Jiuzhou, otherwise, you will die today."

Seeing An Tianzuo was completely trapped.

The Demon Emperor knew.

The plan he arranged was already more than half successful.

As long as they waited for the Supreme Fire Cloud to come with the supreme chaos beasts of each tribe.

Then they would rush into the formation and kill An Tianzuo in one fell swoop.

With the help of the God and Demon Prison Heaven Formation, they could move freely.

And they also had a huge advantage in numbers.

No matter how strong An Tianzuo is, he will be worn out by them sooner or later.

At this moment.

A huge black hole suddenly appeared nearby.

Powerful and violent auras kept coming out of the black hole.

"Oh no, it's the Supreme Fire Cloud."

Seeing this situation.

Li Tianxing was shocked.

Although he had thought of it a long time ago.

The arrangement of the Demon Emperor must not be so simple.

Relying on these Dao ancestors of the Demon Clan and a black dragon.

How could they dare to ambush An Tianzuo.

There must be a Chaos Beast to support them from behind.

But Li Tianxing never thought that.

The Supreme Fire Cloud would be so crazy.

The Supreme Chaos Beasts that appeared one after another in front of him were probably more than 600.

This should basically be all the Supreme Chaos Beasts of the twelve major tribes in the Sea of Origin.

The Supreme Fire Cloud came out in full force, so he didn't worry about his own nest?

Li Tianxing knew.

Section 745

They might really be in big trouble this time.

Facing the siege of more than 600 supreme-level chaos beasts, there are also fifteen demon ancestors.

Especially in the hands of the Demon Emperor, he also has an innate Taoist weapon.

As for the Black Dragon Daozu next to him, he was completely ignored by him.

No matter how fierce An Tianzuo is, he can't stop him with so many people surrounding him.

Although Li Tianxing is full of confidence in his Three Talents of Heaven and Earth.

As long as he concentrates on defense.

Don't even think about killing these enemies in front of him easily.

But if you defend for a long time, you will lose. He naturally understands this truth.

the most important is.

They were trapped in the formation.

The Demon Emperor and the Chaos Beast can attack continuously.

And they can only be tired of defending.

If it goes on for a long time, there is no guarantee that accidents will not happen.

"It seems that it is necessary to ask for help from the Galaxy Immortal King."

Li Tianxing thought silently.

...

Chapter 554 Everyone has their own Xiao Jiujiu

Seeing the Supreme Fire Cloud appear, Li Tianxing no longer hesitated.

If it were just that he was trapped by the formation.

They can also try and think of other ways.

but now.

With the Supreme Fire Cloud, more than 600 Supreme Chaos Beasts arrived.

If you don't ask for help again.

Maybe they might fall here.

Think of this.

Li Tianxing quietly took out the Zimu Immortal Jade.

As a magic formula was played.

The Zimu Chuanxian Jade quickly turned into a ball of powder and dissipated in the hand.

This is a super communication method developed by Li Tianxing himself.

There is only this pair in the fairy world.

And it can only be summoned once.

It's gone when it's used up.

"I hope Liuyue will see the message and inform the Galaxy Immortal King to come over as soon as possible for support."

"But now we have to rely on ourselves to survive for a while."

Li Tianxing thought silently.

Galaxy Fairy City is extremely far away from the Sea of Chaos.

It was Zhang Yuhe who set off immediately after receiving the summons.

That would also take thousands of years.

during this time.

They must be able to withstand the attacks of the Demon Emperor and the Chaos Beast.

An Tianzuo looked at the black hole in the distance with an extremely indifferent expression.

he knows.

A bloody battle is inevitable.

If there wasn't this trap.

No matter how many supreme-level Chaos Beasts there are, he won't be worried.

He is confident that he can kill him.

But not now.

Because there is that terrifying trap formation.

The other party can attack in a steady stream.

But they could only passively fight back.

The situation is very unfavorable to them.

Maybe he will really fall here.

An Tianzuo held the spear tightly and looked at the enemy in the distance with a cold expression, thinking silently in his heart.

"Even if I die, I will drag half of the enemy into the water."

He turned back to look at Li Tianxing next to him, feeling a little regretful in his heart.

If he had known that this would be the situation, he should not have called Li Tianxing.

I thought that because of myself, my friends would die with them.

An Tianzuo couldn't help but feel a little guilty.

Li Tianxing obviously saw what An Tianzuo was thinking.

he said with a smile.

"Brother An, don't worry, we won't die this time."

"I have already informed the Galaxy Immortal King."

"It won't be long before the Galaxy Immortal King will arrive to support us."

"We just need to wait and see for a while now."

Hear this.

An Tianzuo couldn't help but be a little shocked.

In this sea of chaos, how did Li Tianxing communicate to others?

The distance is so far, and there are terrible laws of chaos surrounding it.

Even if you arrange a large communication array, it may not be effective, right?

But he thought about it quickly.

Li Tianxing has many methods, maybe he really has some special method.

It can carry out ultra-long-distance communication.

Because this is the time.

There was no need for Li Tianxing to comfort him.

Think of this.

An Tianzuo's expression perked up.

Of course no one wants to die if they can live.

Since there is hope now, we can wait for rescue.

Then he would naturally not fight to the death with the enemy.

As for whether it can last for a while.

An Tianzuo is still confident.

...

The Supreme Fire Cloud walked out of the black hole, followed by a group of black and chaotic beasts.

Without exception, these Chaos Beasts are all Supreme Chaos Beasts.

In order to kill An Tianzuo.

Supreme Fire Cloud completely let go of everything.

It didn't even arrange for anyone to stay in the tribe's nest.

Because An Tianzuo is too great a threat to them.

If encountered alone.

No noble-level chaos beast can escape.

In the entire fairy world.

An Tianzuo's strength is unique.

If An Tianzuo is not beaten to death.

They, this group of noble-level chaotic beasts, will never have peace.

They don't even dare to stay away from the sea of origin alone.

so.

As long as An Tianzuo can be killed.

Supreme Fire Cloud is willing to pay any price.

Section 746

Like the conditions proposed by the Demon Emperor.

Let the Dao Ancestor Emperor of the Demon Clan leave the fairy world through the space passage of the Sea of Origin.

Supreme Fire Cloud also agreed without hesitation.

Of course.

As for these people, are they really able to leave?

Then it's none of its business.

It can only make decisions for itself, but it cannot be the master of the Supreme God.

If the Demon Emperor and others have the ability, they can slip away from the Supreme True God.

That's their thing too.

As long as the Supreme Fire Cloud achieves its own goal.

As for the life and death of the Demon Emperor and his group, it will not care.

It also wishes that these people would also die together.

In the eyes of the Supreme Fire Cloud.

All monks deserve to die.

Everyone should be a sacrifice honestly and walk to the altar by themselves.

Whether it is human race, demon race or monster race, there is no difference.

The Supreme Fire Cloud stood on the top of the mountain, and it did not even look at the Demon Emperor.

He just waved his right hand and said lightly.

"kill."

"Roar....."

More than six hundred supreme-level chaos beasts roared in unison.

The violent momentum soared into the sky, even breaking the surrounding laws of chaos into pieces.

More than six hundred supreme-level chaos beasts gathered together.

This is an extremely terrifying force, capable of destroying heaven and earth.

The violent Chaos Beast waved the companion weapon in its hand, passed through the formation light curtain, and directly killed An Tianzuo and Li Tianxing on the desert island.

The Demon Emperor stood on the top of the mountain, but he did not move.

The relationship between him and the Chaos Beast is just a cooperative relationship.

Moreover, there is no trust at all in this kind of cooperation.

It's just because they have a common goal that they can come together.

If the group of supreme Chaos Beasts led by Supreme Fire Cloud cannot do anything to An Tianzuo.

Only the Demon Emperor will take action.

As for now.

He was in no hurry.

If he could just sit back and enjoy the results, why would he do it himself?

He knows An Tianzuo's horror better than anyone else.

The Demon Clan only has fifteen Dao Ancestor Emperors.

What if An Tianzuo pulls someone into trouble before he dies?

Wouldn't it be a huge loss for him?

Just watch it first.

The long black knife slowly circulated around the Demon Emperor.

The fourteen Demon Race Dao Ancestors stood quietly behind him, expressionless on their faces.

Without the Demon Emperor's order, they would naturally not take action again.

Only the Black Dragon Daozu had a look of anxiety on his face.

Because this time, he offended An Tianzuo terribly.

If An Tianzuo cannot be beaten to death.

Then he himself is not far from death.

The black dragon took a look at the battle situation on the desert island in the distance, and then looked back at the Demon Emperor next to him.

But he didn't speak.

He naturally knew the Devil Emperor's thoughts very well.

In fact, Black Dragon's own thoughts were similar to those of the Demon Emperor.

Let the Chaos Beast go up and gnaw on An Tianzuo's hard bone.

Anyway, he himself would not dare to go up easily.

At this time, An Tianzuo was in great power.

If he rushes over.

An Tianzuo will definitely keep his target firmly on his head.

Black Dragon knew exactly what he had done.

He also knows his own strength.

He couldn't block An Tianzuo's shot.

Going up now is to die.

It's better to wait.

One sentence.

Everyone wants the Chaos Beast to fight and enjoy the results themselves.

The battle has just begun.

All parties involved in the cooperation are fighting for Xiao Jiujiu in their hearts.

...

Chapter 555 Supreme Yuanhe

Although each of the partners has his or her own side.

But Supreme Fire Cloud didn't care at all.

It's not really cooperative anyway.

If there is a chance.

It even wanted to kill the Demon Emperor and others as well.

for it.

In fact, it only takes the Demon Emperor to trap An Tianzuo.

Then the cooperation between it and the Demon Emperor will come to an end.

Supreme Huoyun never expected that the Demon Emperor would join forces to kill An Tianzuo.

In its opinion.

Monks are a bunch of people who are afraid of death.

How could they, the Chaos Beasts, be so brave?

Moreover.

They have more than 600 supreme-level chaos beasts. Are they still afraid that they can't kill An Tianzuo?

No matter how fierce An Tianzuo is.

With so many Chaos Beasts, one of them could beat An Tianzuo to pieces with just one fist.

As for Li Tianxing next to him, he was completely ignored by it.

to be honest.

It has not yet paid any attention to the ordinary monks and Taoist ancestors in the immortal world.

Their strength is not much stronger than that of these noble Chaos beasts.

Having one more Li Tianxing has no impact at all.

Boom...

The Supreme Fire Cloud led a group of supreme Chaos Beasts and quickly headed towards the deserted island.

An Tianzuo held the spear tightly and looked indifferent.

Li Tianxing slowly unfolded the Three Talents Cauldron of Heaven and Earth.

Three giant cauldrons holding up the sky, showing a mysterious layout, quickly circulated around them.

The Supreme Fire Cloud took the lead.

I saw it holding a sledgehammer and rushing over quickly.

However, before waiting for it, it rushed to An Tianzuo.

A giant cauldron holding the sky suddenly appeared in front of it, blocking its way.

"Go away."

The Supreme Fire Cloud roared.

The sledgehammer in his hand swung rapidly, knocking away the giant cauldron blocking the way.

Section 747

However, not before it could take another step forward.

Another giant sky flew over, still blocking it.

Although there are only three of Li Tianxing's giant cauldrons.

But once he waits for him to fully deploy the formation.

The giant cauldron seems to be everywhere.

No matter which direction the Chaos Beasts attack from, there will always be a giant cauldron standing in front of them.

Even if they blast the giant cauldron away quickly, it will be of no use.

Because soon, there will be a new giant cauldron to fill the previous position.

Supreme Fire Cloud led more than 600 supreme-level chaos beasts and attacked desperately for a long time.

As a result, they haven't even touched a hair of either of them.

They simply arrived in front of Anxie Tianzuo and Li Tianxing.

Chaos beasts don't have magical powers, so they can only fight close to each other.

Now they can't even be touched.

How can we fight this?

Been making trouble for a long time.

They can only play with the three giant cauldrons.

"Roar....."

After Supreme Fire Cloud knocked the giant cauldron away with a hammer, he let out a depressed roar.

How the hell are you going to do this?

They can't even get close, so how can they kill An Tianzuo?

Helan Ruobei held a long spear and shot the giant cauldron in front of him flying.

It silently observed the changes in this huge cauldron formation.

Want to find some flaws in it.

Unfortunately.

Li Tianxing's Three Talents Formation of Heaven and Earth is like a perfect world.

There are no flaws at all.

In fact.

When I was in the South China Sea Fairyland.

Helan Ruobei and Li Tianxing have been fighting for hundreds of years.

Likewise, not even a hair on Li Tianxing was hurt.

It's just that there were fewer people in them at the beginning.

At that time, there were only five supreme-level chaos beasts.

Now there are more than 600 of them, but they still can't open this huge cauldron array.

This made Helan Ruobei feel very incredible.

And it knows it.

Li Tianxing's formation is not only powerful in defense.

The trap killing ability is also very outstanding.

One of their companions was trapped in the giant cauldron formation.

Only then was he killed by Li Tianxing.

Think of this.

Helan Ruobei quietly took two steps back.

Don't push too hard now.

What if Li Tianxing's formation changed and he was trapped in it.

That would be big trouble.

After all, in addition to Li Tianxing, there was also An Tianzuo, the terrifying god of murder.

Dandan is watching from the side.

If you fall into a large formation alone, you are almost certain to die.

Who can block An Tianzuo's shot?

Except for Helan Ruobei.

The other twenty or so respected Chaos Beasts from the Helan Mountain Tribe also quietly took a few steps back.

Now is not the time to fight.

If you want to fight, let the chaos beasts from other tribes fight first.

They, Helan Mountain, are weak and can no longer sustain losses.

The other Chaos Beasts at the scene were unaware of this.

They didn't know that Li Tianxing's giant cauldron formation would undergo other changes.

Everyone is thinking.

Aren't you just a tortoise with a hard shell?

We have so many supreme Chaos Beasts here.

Even the hardest turtle shell can be broken open by you.

Supreme Fire Cloud thought so too.

It waved the sledgehammer in its hand and kept hitting the giant cauldron in front of it.

In its opinion.

Although monks have many methods, they are indeed very mysterious.

But no matter what kind of method it is, there will be certain limits.

As long as their attacks break through this limit.

This way, the formation set up by Li Tianxing can be completely blasted away.

Brutal force breaks all laws.

As soon as the battle started, it became a stalemate in an instant.

Li Tianxing sat cross-legged in the air and quickly pinched the magic formula in his hand.

Controlling the Three Talents Formation of Heaven and Earth, it operates rapidly.

An Tianzuo stood with a gun in hand, ready to go.

Of course, he had known for a long time that Li Tianxing's formation had other mysteries.

So it never moved.

He is waiting for an opportunity.

An Tianzuo knows very well.

I want to drag Zhang Yuhe over to support.

He must show enough deterrence and not let these chaotic beasts attack too hard.

Otherwise.

Even if Li Tianxing's huge cauldron formation was strong in defense, it would be useless.

Sooner or later, they will be attacked by Chaos Beasts.

And want to achieve a deterrent effect.

The best way.

Of course, kill the Chaos Beast.

As long as he can, quickly kill a few supreme Chaos Beasts.

Then the remaining Chaos Beasts would not dare to be so arrogant anymore.

Even if they continue to besiege.

He will also shrink his hands and feet.

That is equivalent to a disguised reduction in Li Tianxing's defensive pressure.

Supreme Yuanhe waved a long black stick while slamming the giant cauldron in front of him.

While roaring violently.

Among the more than 600 Supreme Chaos Beasts present, there were more than 200 from the Supreme Mountain Tribe.

Close to half.

Supreme Yuanhe is also one of them.

And compared to other tribes' respected Chaos Beasts, they may have other ideas.

When attacking, he did not completely let go of his hands and feet.

Worry about losses.

But the Chaos Beasts in the Supreme Mountain have no such idea at all.

Ever since the Supreme True God came to the immortal world.

Their Supreme Mountain has always been the first tribe in the Origin Sea.

It has never been surpassed by other tribes.

Section 748

Their strength lies in their confidence.

The Chaos Beasts of the Supreme Mountain are never afraid of any danger.

As long as the high priest lets them rush, everyone will move forward.

The same is true on site.

The Chaos Beasts from the Supreme Mountain were the most aggressive in their attacks.

Sudden.

When the Supreme Yuanhe blasted away a giant cauldron holding up the sky.

No new giant cauldron appeared.

It couldn't hold its feet at once and rushed in.

...

Chapter 556: The gun comes out to destroy the world, and the sword is like a long river

Supreme Yuanhe blew away the giant cauldron beside him with a stick.

This time, there was no new giant cauldron to fill its original position.

Falling in front of it, a gap suddenly appeared.

Because it has always been the case before, blasting in front of me.

Now a gap suddenly appeared.

Supreme Yuanhe couldn't hold his feet at all, so he naturally took one step and stepped into the formation.

An Tianzuo's eyes flashed with a sharp look.

He has been waiting for the opportunity.

Now I see Supreme Yuanhe stepping into the formation.

And the back was sealed again by the giant cauldron.

Just at this time.

An Tianzuo moved.

I saw him jump up.

The spear shattered the void, carrying a terrifying aura of destruction, and instantly struck in front of Supreme Yuan He.

At this time, Supreme Yuanhe was still confused.

It doesn't even know.

Why did you just walk in?

Even after so much effort, I was unable to blast away the formation.

Could it be that his own strength exploded and he blasted away the formation?

Have you made a success of yourself?

Just when Supreme Yuanhe was still in a state of confusion.

The world-destroying gun carried endless divine power and killed it in an instant.

Until this time.

Only then did Supreme Yuanhe react.

Where did it blast the big formation?

This is a fucking trap.

A trap for it.

It was that old ghost Li Tianxing who let it in specially.

"Roar....."

After thinking about all this.

Supreme Yuanhe was greatly frightened.

Seeing An Tianzuo coming to kill him.

It waved the long stick in its hand vigorously, and at the same time shouted loudly towards the Supreme Fire Cloud in the distance.

"High Priest, save me."

However.

It's too late now.

An Tianzuo prepared a strike.

The terrifying divine power is completely unstoppable.

Although Supreme Yuanhe struggled hard, he could not change any outcome.

The spear pierced the sky, instantly piercing its huge body.

Although the defensive capabilities of the Supreme Chaos Beasts are extremely powerful.

But facing An Tianzuo's World-Destroying Spear, it was completely useless.

The endless aura of destruction even destroyed more than half of Supreme Yuan He's body.

Well.....

Supreme Yuanhe didn't have time, let out a scream, and fell down silently.

An Tianzuo put away his gun and returned, continuing to stand next to Li Tianxing.

He didn't even put away the body of Supreme Yuanhe.

The huge semi-jointed body of Supreme Yuanhe is like a silent deterrent.

It struck into the hearts of a group of supreme Chaos Beasts.

There was silence.

The originally violent Chaos Beast looked like a frightened rabbit.

Quickly exit the desert island.

Even the leader of the team, Supreme Fire Cloud, was no exception.

They were afraid that An Tianzuo's spear would fall on their heads.

Not taking action for many years.

An Tianzuo's strength is still so terrifying.

He only fired one shot and killed a powerful supreme-level chaos beast.

How could the other Chaos Beasts at the scene not be frightened?

The Demon Emperor, who was originally watching the battle from a distance, slowly stood up.

He muttered to himself.

"It seems like we're in a bit of trouble now."

In fact, it was not a strange thing for An Tianzuo to kill a noble-level chaos beast.

Thinking about the arrival of Supreme Fire Cloud, I had already been mentally prepared.

If you want to ambush An Tianzuo, how can you do it without paying a price?

However.

So inexplicably, a noble-level chaos beast was killed.

This makes them uncomfortable.

None of the chaos beasts at the scene even saw clearly what happened just now.

All they saw was a dazzling gun light flashing past.

Then Supreme Yuanhe died.

the most important is.

Supreme Yuanhe died in Li Tianxing's giant cauldron formation.

How did it get in?

Could it be that Li Tianxing's giant cauldron formation has more than powerful defensive capabilities?

Are there other functions?

For example, sleep-deprivation?

If so.

Then they would be in big trouble.

Although there are many respected Chaos beasts on the scene.

But if this continues, one by one will be dragged into the giant cauldron formation.

It seems that these chaotic beasts won't be able to survive for long.

A single supreme-level Chaos Beast fell into the formation.

Who can stop An Tianzuo's shot?

The Supreme Yuan River cannot be stopped.

They are also unstoppable.

If you really want to calculate carefully.

Among all the Supreme Chaos Beasts, Supreme Yuan He is considered to be a relatively powerful being.

It can't even stop it, let alone others.

Section 749

The scene was dead silent.

No one dared to speak.

An Tianzuo stood on the deserted island, and he did not think of fighting his way out.

There was a large formation set up by the Demon Emperor outside, and they could not get out at all.

They could only wait for rescue slowly.

What they had to do now was to delay time.

Delay until Zhang Yuhe came.

Supreme Fire Cloud stood outside the deserted island with a cold look.

The battle had just begun.

They lost a supreme chaos beast, and the one who died was from their Supreme Mountain.

Despite this.

It would not feel bad.

If you want to ambush and kill An Tianzuo, there will be deaths.

It just makes it headache.

If you don't figure out Li Tianxing and the giant tripod formation.

They can't let go.

Originally, it thought that this giant tripod formation was just an iron turtle.

They just need to smash the turtle shell.

Now it seems.

This is just a hedgehog.

They have no way to bite it.

If you don't do it right, you will be stabbed to death.

The Supreme Fire Cloud slowly turned around, looked at the Demon Emperor in the distance, and said lightly.

"Demon Emperor, it's your turn now."

"Just break Li Tianxing's giant cauldron formation, and leave the rest to us."

Because the Chaos Beast has no magical powers, it can only rely on brute force to fight in close combat.

So Li Tianxing and An Tianzuo stayed in the giant cauldron formation.

Let them be helpless.

But the Demon Emperor is different.

As a cultivator.

The Demon Emperor has a body of magical powers, which is extremely terrifying.

The Supreme Fire Cloud believes.

As long as the Demon Emperor is willing to take action, he will definitely be able to break the damn giant cauldron formation.

"Okay, I'll do it."

The Demon Emperor did not hesitate.

He knew.

He couldn't drag things on any longer.

As the saying goes, the first effort is strong, the second is weak, and the third is exhausted.

Once the Chaos Beast loses its spirit.

Their action this time may be declared a failure.

Although the God and Demon Prison Formation he set up was indeed extremely powerful.

It could trap An Tianzuo.

But trapping him alone would not kill him.

What would be the use?

Are they just going to stay here?

Once the matter leaked out.

Those human Dao ancestors would turn around and attack the lair of their demon clan.

What should they do?

So.

There is only one best way.

That is to get rid of An Tianzuo and Li Tianxing as soon as possible.

Delay will lead to changes.

This matter cannot be delayed.

Thinking of this.

The Demon Emperor jumped up.

The black long swords surrounding it suddenly chopped towards the deserted island in the distance.

The sword light was like a long river, hanging in the sky.

A huge tripod that could support the sky quickly flew out of the formation, trying to block the black sword river.

However, facing the full-strength attack of the Demon Emperor.

The giant tripod was instantly chopped away.

The second giant tripod flashed quickly, but it also could not stop the Demon Emperor, the sharp sword river.

As the third giant tripod was chopped away.

The river of knives crossed the sky and chopped directly into the giant tripod formation.

...

Chapter 557 Trapped in the Sea of Chaos, Tell the Galaxy Immortal King Quickly

The black river of knives split the giant tripod formation and rushed straight to Li Tianxing.

But Li Tianxing was not moved at all.

He still sat cross-legged in the same place, controlling the giant tripod to seal the gap behind.

"Hmph, you are doing something bad for the tiger."

At this time.

An Tianzuo next to him snorted coldly.

He shook his spear.

The spear pierced the sky and easily wiped out the river of knives.

The knife chopped by the Demon Emperor from a distance was intercepted by the Three Elements Tripod of Heaven and Earth.

When it reached the center of the deserted island, it was already a spent force.

For An Tianzuo and Li Tianxing, such a powerful Daozu Emperor.

There was no threat at all.

But they also knew.

Trouble really began to come.

Compared with the Chaos Beast, it can only use brute force.

Cultivators can use magical powers and immortal weapons.

Li Tianxing's giant cauldron formation can certainly intercept the magical powers and immortal weapons of cultivators.

But this interception is limited.

The Demon Emperor can cut the sword light into the formation alone.

If the fifteen Dao ancestors of the demon clan, plus the Black Dragon Dao Ancestor, attack together.

It will be a bit difficult to intercept.

Some will definitely be missed.

Once the gap widens.

Those supreme chaos beasts will take the opportunity to kill into the formation.

This is a bit difficult to deal with.

But An Tianzuo will help fill in the position to intercept.

It shouldn't be a big problem.

Li Tianxing thought silently while controlling the formation.

...

Seeing the Demon Emperor split the formation with a sword, although it didn't have much effect in the end.

But the Supreme Fire Cloud was still very excited.

This shows.

Li Tianxing's giant cauldron formation is not flawless.

As long as the Demon Emperor and those demon clan Dao Ancestors continue to attack.

Section 750

Sooner or later, this formation will be blasted away.

Think of this.

Supreme Fire Cloud shouted loudly.

"Come together and blast away Li Tianxing's turtle shell."

The war broke out again.

However, compared to before, those noble-level chaos beasts have become much more cautious now.

They stood there and kept blasting at the giant cauldron in front of them.

But they themselves have no idea of moving forward.

There are lessons learned from Supreme Yuanhe.

They all know it very well.

Only by completely blasting away the entire formation can they rush in.

If you enter a small gap, you will die.

In case the gap is closed again.

We have to face An Tianzuo, the God of Killing, alone.

They don't have the guts.

It's okay to besiege together.

Challenge An Tianzuo?

Unless it's a brain twitch.

Otherwise, they wouldn't do such a thing.

Demon Emperor Black Dragon and other demon clan ancestors also joined the attack.

In an instant.

All kinds of magical weapons roam the world.

From time to time, there will be the aftermath of various magical powers that rush into the formation.

An Tianzuo stood next to Li Tianxing.

He didn't take action again.

There's no rush yet.

As long as the enemy doesn't rush into the formation, he won't take action.

As for killing him?

Totally unnecessary.

Others don't know how powerful Li Tianxing's formation is.

An Tianzuo knows it very well.

This three-talent formation of heaven and earth is interconnected and endless.

Even if it is breached by the enemy, it can be quickly re-sealed.

That is to say.

There will definitely not be too many enemies that can rush in every time.

With him, An Tianzuo, standing by.

If a small number of enemies rush in, they are seeking death.

more importantly.

The consumption of the Three Talents Cauldron of Heaven and Earth is very small.

If you have a little control.

Li Tianxing can even maintain the formation.

Eternal.

So An Tianzuo is not in a hurry.

He just blocked the aftermath of those who entered the formation.

There was no thought of rushing out.

Wait, then.

Wait until Zhang Yuhe comes.

At that time, they will attack from both inside and outside.

Not to mention annihilating all enemies.

At least, the chaos beasts of the twelve major tribes must be severely damaged.

As for the Demon Emperor and the Black Dragon?

An Tianzuo didn't take it to heart at all.

These are dead fish on the press board.

I can run away from the monk, but I can't run away from the temple.

Wait until he rushes out.

He vowed to destroy all the demon clan.

As for the Black Dragon Holy Land?

Maybe he doesn't even need to do it.

Qinglong will help him solve it.

...

As the Demon Emperor and others joined in the attack.

The situation changed instantly.

An Tianzuo and Li Tianxing can no longer stay in the middle of the desert island indifferently like before.

Especially An Tianzuo.

He needs to keep taking action to block the aftermath of those rushing in.

But in general.

It's just a little trouble.

Originally he was looking forward to it.

Could there be a Chaos Beast, taking advantage of the briefly opened gap to rush in?

It didn't.

These chaos beasts are not fools either.

If the number of people who rush in is too small, they will simply come to kill him.

After the Demon Emperor joined the battlefield.

Although the situation became more intense.

But overall, there hasn't been much change.

The enemy couldn't get in, and they had no idea of getting out.

Don't break the trap arranged by the Demon Emperor on the outside.

They can't get out of this desert island.

If you just go out and kill the enemy randomly.

It's totally unnecessary.

The number of enemies is really too much.

Facing the siege of so many people.

Even An Tianzuo didn't dare to say he was sure he could kill a few.

In case something goes wrong.

You will get hurt yourself.

In this situation, he has to maintain himself at his peak.

Absolutely no injuries.

Just wait.

...

Tianxing City.

Immortal King Liuyue sat cross-legged in the cave.

An immortal jade floated quietly in front of him.

Thousands of years have passed since Li Tianxing left.

There is nothing unusual about this immortal jade.

despite this.

She didn't dare to be careless.

Even in these thousand years, she has never dared to let herself enter the state of cultivation.

He didn't even dare to take a step out of the cave.

Afraid of missing information that may appear.

She will guard this fairy jade until Li Tianxing returns safely.
