Section 751

Suddenly.

The Mother-Child Immortal Jade lit up, a faint light.

Seeing this situation.

Immortal King Liuyue was greatly panicked.

She stood up in a flash.

After a while.

As the light disappeared.

Li Tianxing's voice came from the Immortal Jade.

"Trapped in the Sea of Chaos, tell the Galaxy Immortal King as soon as possible."

The message was simple and the content was vague.

The Mother-Child Immortal Jade could carry limited information.

It could not convey too much information.

Soon.

The Mother-Child Immortal Jade turned into a ball of powder and slowly dissipated in front of his eyes.

Hearing the voice from the Immortal Jade.

Immortal King Liuyue was completely panicked.

According to Li Tianxing's previous instructions.

He and Emperor Tianzuo needed to go out and might encounter danger.

As for where to go and what to do.

Li Tianxing did not say.

He just told Immortal King Liuyue.

If they were in danger, they would send a message through the Immortal Jade.

Now receiving the message from the Immortal Jade.

Then there is no doubt.

Master and his friends are in danger.

With the strength of Master and Emperor Tianzuo, in this fairyland.

What kind of danger can threaten them?

And why did Master and his friends go to the Sea of Chaos?

Immortal King Liuyue was completely unaware of all this.

But she didn't dwell on it.

What happened specifically is not important now.

Immortal King Liuyue took a deep breath.

She always kept in mind Master's instructions.

Once she received the message, she would immediately go to Immortal King Yinhe.

Because only Immortal King Yinhe could save Master and Emperor Tianzuo.

Thinking of this.

Immortal King Liuyue quickly rushed out of the cave and headed straight for the teleportation hall in the distance.

...

Chapter 558 Body Movement Deduction, Teleportation Conjecture

[Yinhe. Yitian Mansion]

Zhang Yuhe stood on the training platform and looked into the void in the distance.

As he continued to deduce and differentiate.

In Zhang Yuhe's eyes, the originally empty void.

Slowly decomposed into tiny particles.

As early as 100,000 years ago.

Zhang Yuhe successfully broke through to the perfection of Daluo Immortal.

But he was not in a hurry to come out.

Last time he went to Tianzuo Holy Land.

It made Zhang Yuhe feel that he still had a big gap in speed.

At that time, he ran back and forth from Tianzuo Holy Land for nearly 100,000 years.

It was really time-consuming.

In fact, this is also normal.

The fairy world is vast and boundless.

Even many Daozu emperors dare not say that they have run all over the fairy world.

It takes thousands of years to run a trip to the adjacent domain.

If the two domains are far apart.

I am afraid that it may take millions of years to get there.

As for those uninhabited marginal areas, let alone.

I don't know how long it will take to run over.

So Zhang Yuhe thought.

Can you think of a way to deduce and improve your body skills.

See if you can increase your flying speed.

Relying on fairy ships to fly is completely useless.

The flying speed of the fairy ship is not even as fast as his own.

Zhang Yuhe thought.

He must deduce a reliable body movement.

The magical power of the Galaxy Dragon Body was originally very good.

This is the body movement he deduced when he was in the Golden Immortal Stage.

Although he later made some improvements.

But it is still not enough.

He still thinks it is too slow.

Next, Zhang Yusha has to prepare for the tribulation.

To refine the top-grade fairy-level lightning-absorbing column, the corpse of the king beast is needed.

And what Zhang Yuhe wants is not one or two, nor hundreds or thousands.

Instead, it requires tens of millions of corpses of king-level chaos beasts.

According to Li Tianxing's speculation.

There are probably less than 20 million king beasts in the entire Chaos Continent.

In other words.

Zhang Yuhe wants to collect enough king beast corpses.

Then he has to kill almost all the king-level chaos beasts in the entire fairy world.

The entire Chaos Continent is so vast and boundless.

Even if he was invincible and pushed forward quickly.

If he wanted to completely flatten the entire Chaos Continent.

It would probably take hundreds of millions of years, or even longer.

Such a long time was totally unacceptable to Zhang Yuhe.

Of course.

Flattening the Chaos Continent was not just his job.

Other holy places would definitely help out.

Even so.

It would also take a long time.

This was not a matter of strength.

The vast space was the obstacle for Zhang Yuhe to achieve his goal.

If he could instantly reach any place in the fairyland like Wu Yiyi.

How great it would be.

Zhang Yuhe had also tried to learn a higher level of body movement from Wu Yiyi.

Unfortunately.

Wu Yiyi's answer disappointed him greatly.

It was not that Wu Yiyi was unwilling to teach him.

It was that he simply could not learn.

Section 752

According to Wu Yiyi.

She didn't rely on physical skills to reach all parts of the fairy world instantly.

She relies on something higher than the power of law.

is the rule.

Daluoxian can be promoted to the virtual god realm by comprehending Taoism.

Taoism is the manifestation of rules.

So in a strict sense.

False God can be regarded as half-stepping into the threshold of the rules.

But it's still the outer door.

Only true immortal monks can truly understand the power of rules.

It is precisely because of mastering the power of rules.

Only Wu Yiyi can reach any place in the fairy world.

It's like a giant that can travel hundreds of miles with just a few steps.

This is not relying on magical powers at all, but a higher level of realm crushing.

A true god can completely ignore space obstacles in the fairy world.

But under the true God, it obviously won't work.

The virtual god, the Daozu Emperor, cannot do it.

Zhang Yuhe has not yet been promoted to Tao Ancestor, so that's even worse.

He had also considered whether to give it a try.

See if you can understand a certain rule.

As a result, Wu Yiyi poured a basin of cold water on him.

According to Wu Yiyi.

The fairy world is just a primitive world, and there is no power of rules to manifest.

Even if his understanding is unparalleled, he cannot be in the immortal world.

I realized something out of thin air that didn't exist in the first place.

Because this is something that is above the fairy world and belongs to a higher level.

Only in the sea of chaos can the rules be understood.

After hitting a wall with Wu Yiyi.

Zhang Yuhe did not give up easily.

Since in the fairy world, you can't reach any location just by relying on normal body and magical powers.

Then could he change his mind?

Zhang Yuhe soon thought of the quantum entanglement theory that had been circulated in Blue Star.

According to the theory of quantum entanglement.

Two quanta that are infinitely far apart will still influence each other and produce some kind of change.

Of course.

This theory has not been confirmed on Blue Star.

At least when he was still at Blue Star, this was still just a hypothesis.

But Zhang Yuhe quickly thought of the teleportation array in the fairy world from this theory.

in a sense.

The teleportation array uses powerful energy to break through the void of the fairy world and reach distant places instantly.

But regarding the mutual positioning of the teleportation arrays and the calibration of coordinates.

He thought he had never thought about it deeply.

Think about it now.

The so-called coordinate positioning of the teleportation array may be achieved through some kind of space particles.

That being the case.

So is it possible to teleport oneself to a distant place without using a teleportation array?

To achieve the purpose of teleportation through two entangled particles?

After thinking of this idea.

Zhang Yuhe has been there, constantly deducing and analyzing.

He must first perfectly analyze the structure of space.

As he continued to deduce.

The originally empty void slowly decomposed into countless small black particles in his eyes.

Zhang Yuhe focused on one of the particles and continued to make deductions and observations.

The particles began to gradually enlarge in his eyes.

Invisible.

It slowly turned into a small sphere, and then expanded into a vortex the size of a pond.

Sudden.

Zhang Yuhe looked to the other end of the whirlpool.

He saw the endless wasteland, the chaos beasts, and the scattered monks.

We even saw fairy cities.

"Hey, this seems to be Luohe Fairy City, right?"

Through the vortex of particle expansion, he actually saw the distant Luohe Fairy City.

To know.

Luohe Immortal City is in the distant Cang Yue Territory.

There is an endless distance to the Galaxy Fairy City.

Even if he flies at full speed, it will take him thousands of years to arrive.

Now through the microscopic particles in the void, he actually saw such a distant place.

See this situation.

Zhang Yuhe couldn't help but feel excited.

Since he can see the distant Luohe Fairy City through microscopic particles.

So can he, through these particles, be transported to Luohe Fairy City?

Give it a try.

Just do what comes to mind.

Zhang Yuhe did not hesitate.

Follow the magic formula and pinch it.

An incarnation flashed quickly.

Of course he wouldn't let himself test it himself.

This is too dangerous.

If you get lost in the void, it will be difficult to find your way back.

Let's let the avatar try it first.

Anyway, even if the incarnation had an accident, it wouldn't matter.

It's just a loss of some energy.

He can practice and come back in minutes.

Zhang Yuhe made a stroke with his right hand in the void.

Tiny particles quickly amplify in the void and gradually turn into a vortex the size of a pond.

The avatar rose into the sky and flew quickly towards the vortex.

...

Chapter 559 Teleportation [Heaven and Earth Wuji]

The strength of the avatar is two levels lower than Zhang Yuhe's own.

However, his current cultivation level has been promoted to the late stage of Daluo Immortal.

Therefore, the incarnation also has the perfect strength of the Golden Immortal.

Even with the blessing of various laws of power, it is much stronger than the normal Taiyi Immortal Lord.

Jump behind the particle vortex.

Zhang Yuhe's incarnation soon appeared from the other side.

"Hahaha..."

Looking at the surrounding wasteland.

Zhang Yuhe couldn't help but laugh wildly with excitement.

He carefully identified it and knew that this was in the wilderness outside Luohe Fairy City.

Looking far away.

Section 753

He could even see the vague outline of Luohe Immortal City.

Soon, the avatar dissipated.

Zhang Yuhe's true body was also transmitted from the particle vortex.

After careful confirmation.

He can be completely sure that this place is far away from the Tianxing Domain.

Belongs to the Cang Yue Domain, which is endlessly far away.

Looking at the wilderness before me.

Zhang Yuhe muttered to himself.

"What a powerful teleportation technique. It can actually be teleported to such a long distance."

The more he thought about it, the more excited he became.

Through this teleportation technique, he can reach anywhere instantly.

As long as you are still in the fairy world, you can arrive instantly.

This teleportation technique is simply terrifying.

It should have been separated from the category of magical powers or Taoism.

Zhang Yuhe didn't expect it at all.

He just deduced it for tens of thousands of years and finally deduced this terrible teleportation technique.

Able to teleport anywhere in the fairy world.

This is completely above the laws of the fairy world.

this moment.

Zhang Yuhe seemed to see a broader world and a higher world.

He had a premonition.

I seemed to have realized something extraordinary.

This strange teleportation technique is probably in the Sea of Chaos.

It is also an incredible art.

Zhang Yuhe made a stroke with his right hand.

A vortex appeared again.

He jumped up.

Soon he returned to Yitian Mansion.

Across endless distances, teleported back and forth instantly.

This feeling is very refreshing.

Saw Zhang Yuhe coming back.

Wu Yiyi immediately jumped off the swing.

She looked around Zhang Yuhe carefully several times.

After a long time.

She then asked.

"Just now I seemed to feel that you went to a far away place and then came back very quickly."

"how did you do it?"

Zhang Yuhe smiled slightly.

"Nothing, just testing out the magical power of teleportation that I just realized."

"Teleportation magical power?"

Wu Yiyi's shining eyes widened.

she asked in disbelief.

"Are you talking about teleportation? Can you teleport to a long distance without using a teleportation array?"

"Then you also said that this is a magical power you just realized?"

Zhang Yuhe smiled and nodded.

Wu Yiyi took a deep breath, and then spoke slowly.

"I think you are the Enlightenment Tree."

"Otherwise, how could he have such a terrible understanding?"

"It only took tens of thousands of years to create a teleportation technique that can ignore the laws of the void."

"You know what this means?"

"Anyway, I've never seen anyone in the Sea of Chaos with such magical powers."

"Don't say it's the False God or the True God, not even the God King."

Hearing Wu Yiyi's words, Zhang Yuhe fell into deep thought silently.

From the very beginning.

He just felt it.

The teleportation technique that I just realized is probably a bit unbelievable.

Now it seems that this is really the case.

Even the Sea of Chaos may not have similar magical powers.

Arrival via teleportation is like a bug.

to be honest.

Until now.

Zhang Yuhe didn't even know how he did it.

He just got some inspiration from Blue Star's scientific conjecture.

Then he continued to analyze the mysteries of space.

Through such continuous analysis, I naturally understood this teleportation technique.

Well.....

"It seems like we need to give this magical power a catchy name, right?"

"You can't always teleport, teleportation screams."

"It doesn't sound cool enough."

Zhang Yuhe muttered silently to himself while thinking quickly.

"How about calling it Galaxy Feitian?"

"No, it's too tacky."

"Somersault cloud?"

"It doesn't seem very appropriate. My teleportation technique is much better than the Great Sage's Somersault Cloud."

"The Great Sage's one somersault is only one hundred and eight thousand miles, which is completely worth mentioning."

"Hey, it's so hard to come up with a name."

"How about calling it [Wuji]? I can do whatever I want in the world."

After some confusion.

Zhang Yuhe finally named this teleportation technique Heaven and Earth Wuji.

"I hope this magical power can still be used normally after arriving in the Sea of Chaos."

In fact, Zhang Yuhe is not sure either.

Because in different levels of the world, the rules may be completely different.

Just like when I was in Yu Fantian.

He can increase the speed of cultivation by arranging the spirit gathering array.

But after arriving in the fairy world, life and death are at stake.

No matter how he improves.

The spirit gathering array has no effect at all in the fairy world.

In fact.

Except for special places like the innate treasure land.

There are only some special elixirs that can increase the speed of cultivation.

As for wanting to use formations to gather the spirit of the fairies.

It won't work at all.

It's as if it is limited by some supreme rule.

Zhang Yuhe doesn't know either.

The limitlessness of heaven and earth he had just comprehended was behind the Sea of Chaos.

Can it still be used?

"I hope it works."

Zhang Yuhe thought silently.

If he could still teleport everywhere in the Sea of Chaos.

Then he is almost invincible.

Section 754

No one can kill him.

No matter if you are a God King or a Supreme.

Instantly teleported from one end of the world to the other.

Can you catch up?

The magical power of the Infinite World can be regarded as the best skill for escaping.

It is much more powerful than any talisman or artifact.

"Forget it, I am too lazy to think so much. I will know it naturally when I reach the Chaos Sea in the future."

Zhang Yuhe calmed down and sat down slowly on the training platform.

No matter what.

At least in the fairy world, he can teleport everywhere.

This can save him a lot of trouble.

No need to worry about the journey in the future.

Zhang Yuhe sat cross-legged on the training platform, his right hand constantly cutting open the void.

Particle vortexes appeared in the air one after another.

He just comprehended the Infinite World.

He still needs to practice more.

At this time.

Zhang Yuhe's expression suddenly moved.

A teleportation mirror appeared in his hand.

After casting a spell.

Lu Yunfei's voice came from the fairy mirror.

"Master, Liuyue Immortal King wants to see you, saying that there is an urgent matter."

Zhang Yuhe put away the fairy mirror, and his brows could not help but frown slightly.

Why would Liuyue Immortal King come to him at this time?

And there is an urgent matter?

Why should he find Tianxing Daozu if he has something to do?

Zhang Yuhe was full of doubts.

Before the retreat.

He had already agreed with Lu Yunfei.

If there is no emergency, don't call him.

Now Liuyue Immortal King came and specifically asked him to have an urgent matter.

Obviously Lu Yunfei couldn't handle it.

So he had to send him a message.

"Forget it, let's go out and take a look first."

...

## Chapter 560 Void Positioning

Zhang Yuhe walked out of Yitian Mansion and soon came to the Milky Way Hall next to it.

At this time, Liuyue Immortal King was anxiously waiting in the hall, and Lu Yunfei silently accompanied him.

To be honest.

He was a little confused.

Immortal King Liuyue suddenly ran over in a hurry, and then said that there was an emergency and he wanted to see Zhang Yuhe.

But he didn't say what it was.

This made Lu Yunfei very depressed.

He felt that it might be that his cultivation was too low.

Let Immortal King Liuyue think that it was useless to tell him.

Or.

This might involve things at a higher level.

He shouldn't know.

In short.

Lu Yunfei was very depressed.

Although in normal times, because Zhang Yuhe was in seclusion for a long time.

All the affairs of Daosheng Sect were presided over by him.

It seemed that he was indeed in a prosperous situation.

However.

Once something big happened.

He didn't even have the qualifications to know.

Who made him only Taiyi Immortal Lord now.

He didn't even reach the late stage of Immortal Lord.

He was only in the middle stage of Immortal Lord.

He couldn't talk to the Immortal King Daozu of the Holy Land at all.

If the cultivation was too low, it meant that he had no face.

If it weren't for the name of Daosheng Sect, even ordinary Immortal Kings might not even look at him straight in the eye.

Seeing Zhang Yuhe walk into the hall.

Liuyue Immortal King stood up in an instant.

The anxious look on her face could not be concealed at all.

Liuyue Immortal King shouted anxiously.

"Master Zhang..."

Seeing her anxious look.

Zhang Yuhe was very surprised.

Is there any problem that Tianxing Holy Land can't solve?

Why do you have to find him here?

After slowly sitting down in the hall.

Zhang Yuhe asked with some doubts.

"Fairy, what happened to the Holy Land?"

Liuyue Immortal King shook her head.

She took a deep breath and then spoke slowly.

"This is what happened."

"About a thousand years ago, Master suddenly told me that he was going out with Emperor Tianzuo, and that they might be in danger on this trip."

"Before leaving, Master left a special fairy jade."

"And he solemnly told me that if I was in danger, he would send a message through the fairy jade."

"I will come to you as soon as I receive the message."

"So, you received the message?"

Zhang Yuhe's heart trembled, and he hurriedly asked the Immortal King Liuyue.

He did not ask where Li Tianxing and An Tianzuo went.

What they were going to do.

These are not important now.

The important thing is.

Now the Immortal King Liuyue has come.

This means.

Li Tianxing and An Tianzuo must have been in danger.

Zhang Yuhe couldn't imagine it at all.

With the strength of these two people, what kind of danger in the fairy world could threaten them?

Zhang Yuhe had heard of the reputation of Emperor Tianzuo when he was still Taiyi Immortal.

He is the undisputed number one in the fairy world.

How could Li Tianxing and An Tianzuo be in danger together?

Did they go to the Sea of Origin?

Were they hit by the Supreme True God?

That shouldn't be possible, right?

At this time.

Section 755

Liu Yue Immortal King nodded helplessly, and then said helplessly.

"Just now, the voice of the master suddenly came from the fairy jade."

"The content of the message is very short, only a dozen words."

[Trapped in the Sea of Chaos, tell the Yinhe Immortal King as soon as possible. ]

After finishing speaking.

Liu Yue Immortal King looked at Zhang Yuhe expectantly.

She knew.

Although Zhang Yuhe has not yet broken through to the realm of Daozu.

But his strength is far beyond the ordinary Daozu Emperor.

According to the master.

As early as tens of millions of years ago, when Zhang Yuhe was promoted to Daluo Immortal.

He was able to fight against the Venerable Chaos Beast.

Now Zhang Yuhe's aura is already Daluo Immortal Perfection.

His strength has long been unfathomable.

Maybe he will be even more powerful than Emperor Tianzu.

As long as Zhang Yuhe is willing to take action, he may be able to save the master from trouble.

And she also believes in the master's judgment.

Otherwise.

Before leaving.

Li Tianxing would not let her go directly to Zhang Yuhe after receiving the message.

After all, there are more than 20 Daozu in the human race.

Under normal circumstances.

She should be asked to find other Daozu.

Obviously.

Li Tianxing is completely confident in Zhang Yuhe's strength.

After listening to the narration of Liuyue Immortal King, Zhang Yuhe did not speak.

He slowly stood up and muttered to himself.

"Sea of Chaos?"

Why did Li Tianxing and An Tianzuo go there?

Are they looking for some precious treasures?

But the question is.

How could they encounter irresistible danger in the Sea of Chaos?

For ordinary cultivators.

Entering the Sea of Chaos is indeed a matter of life and death.

But with the strength of Li Tianxing and An Tianzuo, it is obviously impossible for them to be trapped by the dangers of the Sea of Chaos.

"Is it someone who set up a trap?"

"Is it the demon clan or the monster clan? Or the chaos beast?"

Zhang Yuhe quickly guessed it.

The reason is very simple.

With the strength of Li Tianxing and An Tianzuo, they can roam freely in the fairy world.

No matter how dangerous the place is, no matter how unpredictable the secret realm is, it is impossible to trap the two of them.

Since Li Tianxing is now forced to seek help from outside.

There is only one possibility.

Someone set up an ambush to ambush them.

It was a deliberate plan.

No matter how strong they are, there is no guarantee that there will be no accidents.

Zhang Yuhe thought silently while slowly walking out of the hall.

Although Liuyue Fairy King was very anxious, she did not make a sound to disturb him.

Instead, she and Lu Yunfei followed silently to the outside of the hall.

At this time.

A surprising scene appeared.

Zhang Yuhe drew his right hand.

A vortex the size of a pond suddenly appeared in the void.

The vortex seemed to be connected to another world.

Liuyue Fairy King looked through the vortex to the other side.

I saw strange scenes flashing in the vortex.

Zhang Yuhe kept cutting through the void, and various scenes quickly changed on the other side of the vortex.

He was locating the location of the Sea of Chaos.

Since he had never been to the Sea of Chaos.

So it was indeed a little troublesome to locate it.

He could only determine the location of the Sea of Chaos through constant attempts.

Suddenly.

As a new vortex appeared in the void.

A chaotic breath of Taoism appeared on the other side of the vortex.

Zhang Yuhe's eyes condensed slightly, and he muttered to himself.

"This should be the Sea of Chaos, right?"

"Then where is Li Tianxing and I, An Tianzuo?"

After locating the Sea of Chaos.

Zhang Yuhe cut through the void again, looking for Li Tianxing's location.

Not long after.

A violent momentum rose to the sky on the other side of the vortex.

Zhang Yuhe looked to the other side through the particle vortex.

A grand battlefield scene soon appeared in his field of vision.

An Tianzuo stood with a gun, and Li Tianxing unfolded three giant tripods.

Combined into a powerful defensive formation.

Outside the formation, hundreds of noble beasts were surrounding them and attacking fiercely.

In addition to the Chaos Beast, Zhang Yuhe also saw the Demon Emperor and the Black Dragon.

And more than a dozen Demon Daozu.

Outside Li Tianxing's giant cauldron formation, there was also a faint light curtain.

Zhang Yuhe could see at a glance that this was a powerful trap formation.

Seeing this situation.

Zhang Yuhe already understood what happened.

He muttered to himself.

"So that's it."

"The Demon Emperor Black Dragon and the Chaos Beast arranged the formation in advance to trap Li Tianxing and An Tianzuo in it."

"No wonder they asked for help."

...

Chapter 561 Hum, let's see how long you can hold on!

"Master..."

Through the particle vortex opened by Zhang Yuhe, he saw the vast battlefield on the opposite side of the Chaos Sea.

Liuyue Immortal King couldn't help but exclaimed softly.

Although for the time being, Li Tianxing was not in any danger.

But the violent aura on the opposite side is too scary.

The Demon Emperor Black Dragon plus more than ten Demon Daozu Great Emperors.

What's more terrifying is.

In addition to the demons, there are hundreds of powerful supreme chaos beasts.

Li Tianxing and An Tianzuo, only two people, have to face so many terrible enemies.

Just think about how dangerous the situation is.

No wonder the master would send a message to her through the fairy jade.

Section 756

Think of this.

Immortal King Liuyue's heart suddenly trembled.

She turned to look at Zhang Yuhe, but she didn't know how to speak.

The enemy is simply too powerful.

There are more than ten Daozu emperors and hundreds of supreme-level chaos beasts.

How could Zhang Yuhe go and save people?

No matter how powerful Zhang Yuhe is, it is impossible to deal with so many enemies at the same time.

Zhang Yuhe stood outside the main hall.

Through the particle vortex, look at the distant battlefield.

A faint smile actually appeared on his face.

"That's good. It's all in one piece, so I don't have to look for them one by one."

"Just take advantage of this opportunity to wipe out all the noble-level chaos beasts from the twelve major tribes of the Origin Sea."

Zhang Yuhe thought silently in his heart.

As for the Demon Emperor and those Demon Race Dao Ancestors, he didn't even take a second look.

Since the Demon Emperor seeks death.

Then just wipe out all the demons.

Think of this.

Zhang Yuhe stretched out his right hand.

Only a few streaks of light were seen, quickly flying over from Yitian Mansion in the distance.

Nine fairy swords surrounded him, flowing slowly.

A long golden stick appeared in his hand instantly.

He looked back at Immortal King Liuyue and Lu Qufei, and then said lightly.

"I'll go over and take a look. Please keep this matter confidential and don't make it public."

Immortal King Liuyue nodded gratefully.

She thought to herself.

As long as Zhang Yuhe is willing to help, Li Tianxing can't be saved.

At least it can help relieve some stress.

Lu Yunfei opened his mouth slightly, trying to persuade Zhang Yuhe not to take risks.

But I don't know how to speak.

In fact.

He had no idea how strong Zhang Yuhe was.

Why did Tianxing Daozu ask Liuyue Immortal King to ask for help from Zhang Yuhe when he was in danger?

Emperor Daozu was in danger, but he asked a Daluo Immortal King for help.

This is a very weird thing.

"Is it possible that in the eyes of Tianxing Dao Ancestor, the sect master is stronger than ordinary Dao Ancestors?"

Lu Yunfei thought silently.

Only this explanation can make sense.

He didn't know.

As early as tens of millions of years ago, Zhang Yuhe was able to kill the supreme Chaos Beast.

He even killed two supreme-level chaos beasts in a row.

Only a few human race Taoist ancestors knew about this.

Zhang Yuhe did not say anything.

Lu Yunfei was completely kept in the dark, he had no idea about this.

Otherwise, he wouldn't be bothered.

At this time, Zhang Yuhe was like a giant dragon hiding in the fairy world.

Ready to take off for nine days.

Zhang Yuhe stepped out gently and jumped into the particle vortex in the void.

After a while.

The void regained its calm.

Only Liuyue Immortal King and Lu Yunfei were left at the scene, and they were stunned.

They still don't understand what those void vortexes were all about.

at the beginning.

Originally they thought this was just Zhang Yuhe's exploratory method.

You can use these space vortexes to investigate the situation in the entire fairy world.

But when they saw Zhang Yuhe disappear from the whirlpool.

A terrible thought arose in the hearts of the two of them.

Zhang Yuhe could not have passed through the Void Vortex and directly traveled to the Sea of Chaos.

What kind of method is this?

It's just terrible.

It was completely beyond their knowledge.

...

After a while.

Zhang Yuhe appeared outside the Sea of Chaos.

He did not locate the teleportation location directly near the battlefield.

That would be a little too scary.

He was worried that he would scare away the Chaos Beast and the Demon Emperor.

First teleport to the outskirts of the Sea of Chaos, and then slowly touch it.

Strive to catch all the more than 600 supreme-level chaos beasts in one fell swoop.

Anyway, Li Tianxing and An Tianzuo are not in any danger now.

Based on previous observations.

These two people will survive for thousands of years without any problems.

Zhang Yuhe thought.

He could just take advantage of this opportunity to wipe out all the noble-level chaos beasts from the twelve major tribes.

What happens next is simple, isn't it?

There is no supreme Chaos Beast sitting in charge.

The remaining chaos beasts in the entire fairy world are just a pile of loose sand.

It is completely impossible to be the monk's opponent.

Human monks can even push all the way to the edge of the sea of origin.

Zhang Yuhe stood on the outskirts of the Sea of Chaos, looking into the distance.

All kinds of violent momentums were seen rising in the middle of the sea of chaos.

The momentum soared into the sky, even completely shattering the surrounding laws of chaos.

See this situation.

Zhang Yuhe even doubted it.

Maybe wait until after this war.

The Sea of Chaos, the most dangerous place in the fairy world, might be bulldozed.

"Let's touch it first and take a look."

Zhang Yuhe observed from a distance for a while, then quickly jumped into the sky.

Quietly, he moved toward the battlefield.

After he crossed into the sea of chaos.

Various inexplicable Taoist laws appear around me from time to time.

The power of law drew strange cracks in the surrounding void.

If it were an ordinary Daluo Immortal King, he would have just taken a few steps.

They would be directly overwhelmed by the chaotic aura of laws.

Zhang Yuhe quietly moved in and thought silently.

Nine fairy swords surrounded him, flowing slowly.

Zhang Yuhe injected the power of the law of chaos into the fairy sword.

The chaotic aura around him was all dispersed by the power of the law of chaos on the fairy sword before he even got close.

For others, the Sea of Chaos is indeed a dangerous place that one cannot enter.

Even the ordinary Dao Ancestor Emperor, after entering the sea of chaos.

You have to move forward cautiously and take detours if you encounter danger.

Section 757

But Zhang Yuhe was as if the ground was flattened.

I can't feel any pressure at all.

...

In the middle of a deserted island in the distance.

Li Tianxing sat cross-legged and quickly performed the magic formula in his hand.

The three sky-high giant cauldrons rotated rapidly, firmly guarding him and An Tianzuo.

Supreme Fire Cloud wielded the sledgehammer and attacked the giant cauldron in front of him.

Although they have not yet blasted away Li Tianxing's giant cauldron formation.

But after the Demon Emperor joined the battlefield, the situation was obviously developing in a direction that was beneficial to them.

At the beginning.

They were completely helpless with Li Tianxing's huge cauldron array.

Now it can continuously blast holes.

If it weren't for the fact that there was An Tianzuo, the God of Killing, sitting nearby.

They had already followed the gap and entered.

Unfortunately.

There are lessons learned from Supreme Yuanhe.

They dare not.

If the entire giant cauldron formation is not completely blown away.

They didn't dare at all and rushed in alone.

"But it's soon."

"Hmph, let's see how long you can last."

Supreme Fire Cloud raised his head and glanced at Li Tianxing in the middle of the desert island.

I couldn't help but snorted in my heart.

What was originally designed to be a crushing game has now turned into a bladder game.

It was also a little upset.

Fortunately, now they have seen hope.

Victory is at hand.

As long as they hold on a little longer.

It is bound to open a large formation and kill An Tianzuo and Li Tianxing on the spot.

Supreme Fire Cloud's eyes flashed with fierce color, and he was thinking silently in his heart.

...

Chapter 562 Are you telling me that you are an Immortal King?

Zhang Yuhe hid his figure and moved forward quickly.

After a while.

He saw the battlefield in the distance.

Only a faint light curtain was seen, completely covering the desert island.

Even if the battle is fierce on the desert island, the Taoism is everywhere.

This formation light curtain is still motionless.

"What a powerful trap."

See this situation.

Zhang Yuhe muttered silently to himself.

With his attainments in formations, he actually didn't see the origin of this trapped formation for a while.

No wonder that with the strength of An Tianzuo and Li Tianxing, they were trapped and helpless.

Zhang Yuhe was suspicious.

If you are trapped inside, there may be nothing you can do.

The trap set up by the Demon Emperor is indeed too supermodel.

Zhang Yuhe thought.

This trapped formation must have a great origin.

I don't know where the Demon Emperor learned this formation method.

They were able to completely trap An Tianzuo and Li Tianxing with a large formation.

However, this trap formation is very powerful.

Even Zhang Yuhe couldn't see the reason for it.

But if he wanted to break the formation, it wouldn't be too difficult.

Trapped formations generally start from the outside and trap the inside.

It may be very difficult for a trapped person to break the formation.

But now Zhang Yuhe is outside.

If he wanted to break through the Heaven Prison Formation arranged by the Demon Emperor, it wouldn't be too easy.

As long as you find the formation base, you can attack any corner of it.

It can completely smash the God-Devil Imprisonment Formation carefully arranged by the Demon Emperor.

Zhang Yuhe didn't even need to deliberately search for the formation base.

He only needs to unfold the Nine Heavens Hunyuan Sword Formation.

Array outside array.

Use the power of the sword array to sweep the entire perimeter of the God and Demon Imprisonment Formation.

Naturally, you can break this formation.

Think of this.

Zhang Yuhe quietly used the magic formula.

The nine fairy swords were hidden in the void and quickly fell towards the periphery of the Heaven Prison Formation.

At this time, the battle on the desert island was fierce.

Whether it's Li Tianxing and An Tianzuo, or the Demon Emperor and Supreme Fire Cloud.

None of them noticed Zhang Yuhe's arrival.

No one saw his actions.

When the nine fairy swords are all arranged in place.

Zhang Yuhe no longer hid his figure.

I saw him rising into the sky, his tyrannical momentum reaching into the sky.

At this time, he had no reservations at all and had already activated the Hunyuan Guiyi magical power.

Anyway, all the enemies in the entire fairy world who can be called opponents are here.

All the Dao Ancestor Emperors of the demon clan were dispatched.

The twelve major divisions of the Origin Sea, under the leadership of Supreme Fire Cloud, almost all came out.

As long as he can wipe out all the enemies on the scene.

Then the human race will have no rivals in the fairy world.

It is only a matter of time to wipe out the entire fairy world.

That is why.

Zhang Yuhe almost didn't think about it and just turned it on.

After activating the magical power of Hunyuan Guiyi.

The powerful aura continued to rise on him.

In an instant, he attained perfection from Daluo Immortal and broke through the barrier of False God Realm.

Not only that.

When his aura reached the virtual god realm, it was still improving rapidly.

It soon surpassed the original limit of the fairy world.

under normal circumstances.

The Dao Ancestor Emperors in the Immortal Realm are all just the first level of the Void God.

No matter how hard they practice, they can't take another step forward.

Even if he is as strong as An Tianzuo, his cultivation is the same as other Taoist ancestors.

They are all in the first level of Virtual God Realm.

But Zhang Yuhe relied on the heaven-defying blessing of Hunyuan Guiyi's magical power.

Strength has been rising rapidly.

The constraints of the fairy world were quickly broken.

From Daluo Immortal to Perfection, he has been promoted all the way to the fifth level of Virtual God Realm.

Then it slowly stopped.

Section 758

Saw Zhang Yuhe suddenly appeared.

Supreme Fire Cloud was completely confused.

Where did this person suddenly appear?

And that aura was extremely terrifying.

At first glance, he is not easy to mess with.

Compared to Supreme Fire Cloud, my mind is still a little confused.

The Demon Emperor reacted quickly.

During the last Kyushu Conference, he met Zhang Yuhe.

Even now Zhang Yuhe looks extremely unscientific with a terrifying aura.

But the Demon Emperor still recognized him at a glance.

Almost at the moment Zhang Yuhe appeared.

The Demon Emperor screamed in horror.

"This is the human race's Galaxy Immortal King. Stop him quickly and don't let him destroy the outer gods and demons prison formation."

"Otherwise, An Tianzuo and Li Tianxing will rush out of the formation."

"Then we won't be able to stop it anymore."

Demon Emperor Black Dragon and the fourteen demon ancestors retreated.

He quickly rushed towards Zhang Yuhe.

Relatively speaking.

The Chaos Beast is about to slow down a beat.

"Galaxy Immortal King?"

At this time, Supreme Fire Cloud was still in a daze.

After hearing the words of the Demon Emperor.

It remains unbelievable.

With such a powerful aura, are you telling me that this is an Immortal King?

What a nonsense!

Supreme Fire Cloud has never met Zhang Yuhe.

Although the major tribes have been collecting information on monks.

A dazzling figure like Zhang Yuhe is naturally within the collection range of Chaos Beasts.

But Supreme Fire Cloud would never pay attention to such information.

A human monk who has not even broken through to the Dao Ancestor Realm.

How could it be worth its attention?

Except for the Taoist Emperors of various tribes, Supreme Huoyun will not pay attention to other monks.

Now a monk with such a powerful aura suddenly appeared.

Who is this person?

Galaxy Immortal King?

How could such a terrifying Immortal King appear in this fairy world?

Supreme Fire Cloud was completely confused.

It didn't even react to the Demon Emperor's wild screams.

All the Chaos Beasts on the scene reacted half a beat too slowly.

Of course.

No matter how fast they react, it's actually of no use.

Li Tianxing, who was trapped in the middle of the desert island, saw Zhang Yuhe appear.

I couldn't help but feel ecstatic.

He didn't even know why Zhang Yuhe came so quickly.

I just sent out the summons, not long ago.

Zhang Yuhe had already appeared.

Could it be that Zhang Yuhe happens to be nearby?

But now is obviously not the time to worry about this matter.

Zhang Yuhe appeared in time.

This means that the time has come for them to get out of trouble.

Li Tianxing laughed.

I saw him quickly using the magic formula.

The giant cauldron formation quickly transformed.

Switch from the original defense mode to the trap mode.

The three sky-high giant cauldrons quickly expanded towards the edge of the desert island.

The powerful power instantly overwhelmed the Demon Emperor and a group of supreme Chaos Beasts.

He was suppressed on the spot.

The Demon Emperor Black Dragon, who originally retreated, and the fourteen Demon Dao Ancestors.

The figure couldn't help but stagnate.

Of course.

With Li Tianxing's strength, it is impossible to really suppress so many enemies.

He doesn't have such strength.

I dare not have such an idea.

Li Tianxing's idea is simple.

With the arrival of Zhang Yuhe.

Now the offensive and defensive momentum has been completely reversed.

He just needs to help Zhang Yuhe and delay a little more time.

Wait until Zhang Yuhe breaks the damn trap outside.

When the time comes, it's up to them whether they want to fight or leave.

Li Tianxing believes it.

If the God and Demon Imprisonment Formation were not there.

An Tianzuo can definitely lead them out.

No matter how many enemies there are.

It is impossible to keep them anymore.

...

Chapter 563 Destroy!

The moment Li Tianxing changed formations, An Tianzuo directly raised his gun and charged into the enemy group.

He had the same idea as Li Tianxing.

That is.

I want to buy Zhang Yuhe some more time.

Don't let the enemy interfere with Zhang Yuhe.

Otherwise.

What if Zhang Yuhe is also restrained by the enemy and fails to break through the surrounding trapping formation.

Wouldn't that mean everything is back to square one?

This is not okay.

An Tianzuoti shot into the enemy group, and Li Tianxing changed formations.

Completely giving up defense.

All he wants to do is hold the enemy back.

Zhang Yuhe glanced at the desert island and couldn't help but shake his head.

It's totally unnecessary.

With his current strength, would he still be afraid of these supreme Chaos Beasts and the Demon Emperor Black Dragon?

What a joke.

Follow the magic formula and pinch it quickly.

A faint sword Qi light curtain slowly rose around the periphery.

At this time, we are near this unknown desert island.

It has three major formations inside and out.

The outermost one is Zhang Yuhe's Nine Heavens Hunyuan Sword Formation.

Immediately following was the God-Demon Prison Formation arranged by the Demon Emperor in advance.

The innermost part is the Three Talents Formation of Heaven and Earth deployed by Li Tianxing.

Section 759

Three large formations, one ring inside the other.

An array within an array.

It forms a strange picture.

Roar.....

The Supreme Fire Cloud roared wildly.

At this time it finally reacted.

After breaking free from the suppression of the Three Talents Formation of Heaven and Earth, it took a quick step forward.

Rush straight towards Zhang Yuhe.

Other noble-level chaos beasts also rushed out from the desert island.

The Demon Emperor held the Demon Sword and quickly rose into the air.

Although An Tianzuo and Li Tianxing both tried their best to hold back the enemy.

But there is no way.

The number of enemies is really too much.

Even if they tried their best, they could only hold back dozens of noble-level chaos beasts.

The remaining Chaos Beasts and Demon Race Dao Ancestors, after getting rid of the restraint.

Still rushing towards Zhang Yuhe quickly.

"Hmph, looking for death."

See this situation.

Zhang Yuhe couldn't help but snorted coldly.

Now he has fully deployed the Nine Heavens Hunyuan Sword Formation.

Trapped in his sword formation, do you still want to struggle?

How much do you look down on him?

Follow the magic formula and pinch it.

The violent storm of sword energy swept across the entire world in an instant.

Boom...

The violent invisible sword energy is like destroying the dead.

Directly blasted the God-Devil Imprisonment Formation arranged by the Demon Emperor into pieces.

Zhang Yuhe did not deliberately look for the formation base.

Totally unnecessary.

Under his sword array.

Sword energy is everywhere.

Wherever the invisible sword energy passed, everything was swept into ashes.

The Demon Emperor's formation base left on the outside is naturally no exception.

As the gods and demons imprisoned the sky, they shattered.

The tyrannical power instantly enveloped everyone.

Whether it's the Demon Emperor Black Dragon or those powerful Supreme Chaos Beasts.

He was instantly suppressed in place, unable to move at all.

Zhang Yuhe integrated all the power of the law into the sword formation.

At this time, the power of the sword array is no longer comparable to what it was before.

Back then, he was still in the early stage of Daluo Immortal, after he activated the magical power of Hunyuan Guiyi.

He Lan Ruojiu can be suppressed by relying on the power of laws in the sword formation.

Now his cultivation level has reached the perfection of Daluo Immortal.

And after activating the magical power of Hunyuan Guiyi, he was directly promoted to the fifth level of the Virtual God Realm.

It is only one step away from the sixth heaven.

Not to mention the nine supreme laws and the laws of chaos, their power is extremely powerful.

Even if it is a general special law, with his current realm advantage.

It can also suppress the opponent for a short period of time.

To know.

In the entire fairy world.

Whether it's the Dao Ancestor Emperor or the Supreme Chaos Beast.

Their true realm is actually only at the first level of the Virtual God Realm.

Their realm is even lower than Zhang Yuhe.

How could he block the terrifying power of the Nine Heavens Hunyuan Sword Formation.

Ahhhh...

A terrifying divine power suddenly enveloped him.

The Demon Emperor panicked instantly.

He waved the long knife in his hand with difficulty, trying to break the confinement of the sword formation.

However, all this is in vain.

Under the suppression of Zhang Yuhe's power of law, he couldn't even move.

Roar.....

Supreme Fire Cloud held a sledgehammer and roared wildly.

At this time, it had smelled a breath of death.

Everyone knows it.

Being suddenly restrained and suppressed, what will happen next.

It is obvious.

There is no other possibility except death.

"Ho, Supreme True God, are you just going to watch your people being slaughtered by monks like this?"

The Supreme Fire Cloud looked in the direction of the Origin Sea and kept roaring.

By this point it was crystal clear.

No one can save them now.

Except for the great Supreme True God.

However.

No matter how the Supreme Fire Cloud calls out.

All this is destined to be in vain.

Because the Supreme True God cannot come out at all.

If the Supreme True God could step out of the sea of origin.

Then the pattern of the fairy world would no longer be what it is now.

With the tyrannical power of the Supreme True God.

How can we give the three tribes of humans, monsters and demons a chance to rise?

obviously.

The Supreme God cannot move.

Perhaps due to some restrictions, it simply cannot leave the sea of origin.

Or more likely it is.

At this time, the Supreme True God only has half his life left, so he should just linger there.

So many years have passed.

Except for a few Taoist emperors, they have seen the phantom of the Supreme True God.

No one has seen its true form.

If he wasn't seriously injured and dying.

How could it not come out and move around?

The Demon Emperor Black Dragon and more than a dozen demon ancestors, as well as more than 600 supreme-level chaos beasts.

Being suppressed in the sword formation, he struggled and roared in terror.

As the invisible sword energy swept across.

Well.....

ah.....

All of this powerful enemy fell silently.

Whether it's the Dao Ancestor of the Demon Clan or the physically powerful Supreme Chaos Beast.

Unable to stop them, Zhang Yuhe swept across with a round of sword energy.

After activating the magical power of Hunyuan Guiyi.

He has the advantage of realm, coupled with the powerful power of law.

It is not easy to kill these Demon Race Dao Ancestors and Supreme Chaos Beasts.

Section 760

To be honest.

This is even a bit too bullying.

In fact, even if Zhang Yuhe does not activate the magical power of Hunyuan Guiyi.

He can slowly grind these enemies to death.

But he doesn't like trouble.

Just be direct and simple.

Just cleanly sweep them all away and that's it.

Anyway, in this fairyland.

No one can threaten his safety anymore.

Zhang Yuhe doesn't need to keep this burst move in his hand like before.

It's totally unnecessary.

Solve the matter as soon as possible.

He also plans to go to the twelve major tribes to take a look.

Sweep away all the king-level chaos beasts there, and then see if the Supreme True God will appear.

Zhang Yuhe's next goal.

Is to kill the Supreme True God after surviving the heavenly tribulation.

So.

He wants to feel it in advance.

How powerful is the legendary Supreme True God.

With just a phantom.

He can suppress the Taoist Emperor of the fairyland to the point of being unable to move.

As a breeze blew by, the scene was silent.

The battlefield that had shaken the sky was quiet in an instant.

Except for Zhang Yuhe, An Tianzuo and Li Tianxing, there was no living creature around.

After the sword energy swept through.

The heaven and earth were annihilated.

As for the chaotic Dao Yun Laws around, they had been swept away long ago.

...

Chapter 564 A calculation finally came to nothing

From the time Zhang Yuhe appeared and opened the Hunyuan Guiyi magical power, it was only a blink of an eye.

More than a dozen demon ancestors and more than 600 supreme chaos beasts all fell silently.

This also included the Demon Emperor who mastered the innate Dao weapon.

Under Zhang Yuhe's sword formation.

Whether it was the Demon Emperor or the ordinary Dao Ancestor Beast Lord, there was no difference.

All beings were equal.

After a round of sword energy swept through, they all died.

It was as if these people were not the top Dao Ancestor Beast Lords in the entire fairy world.

But ordinary weak chaos beasts.

How could a powerful Daozu beast master be so vulnerable?

This scene is simply terrifying.

You know.

In the entire fairy world, in the long history of billions of years.

The total number of Daozu beast masters who have fallen will not exceed one hundred.

However.

Zhang Yuhe just casually unfolded the sword formation.

The invisible sword energy swept lightly.

Like the autumn wind sweeping the fallen leaves.

More than 600 Daozu beast masters were swept into the garbage dump of history.

How terrible it is.

At this time, Li Tianxing and An Tianzuo were standing in the center of the deserted island.

The two were completely stunned.

They originally thought.

After Zhang Yuhe broke through the outer God and Demon Prison Heaven Formation.

They still needed to go through a bloody battle before they could break out of the siege.

As for.

Killing all the enemies on the scene?

That was something they dared not even dream of.

It was good enough to get away safely.

Facing a difference of dozens of times in numbers.

Even An Tianzuo did not dare to confront head-on.

He just wanted to break out first.

As for this place, he would slowly get it back later.

However, what he didn't expect was.

Zhang Yuhe didn't even take action directly, but just gently pinched the magic formula.

Relying on the power of the sword array.

In an instant, all these powerful enemies were wiped out.

What kind of strength is this?

Is it the Daluo Immortal, or the Taoist Ancestor?

Or.

Now Zhang Yuhe's strength has completely surpassed the Taoist Ancestor?

An Tianzuo and Li Tianxing looked at each other and couldn't help but look at each other.

Their hearts were full of disbelief.

Zhang Yuhe stood in the sky, and the powerful aura on his body began to slowly converge.

Now all the enemies were killed by him.

There was no need to keep the Hunyuan Guiyi magical power in the open state.

After all, the consumption of this explosive magical power is really too great.

If the Hunyuan Guiyi magical power is maintained until the end.

Even if Zhang Yuhe's Dantian is as wide as the sea, it can be basically consumed.

Fortunately, this burst of magical power can be closed in advance, and there is no need to wait until it ends naturally.

This can also save Zhang Yuhe some consumption.

He also plans to go and sweep all the twelve tribes of the Sea of Origin later.

If the Dantian is empty, how can he get through.

As the Hunyuan Guiyi magical power dissipated.

Zhang Yuhe's aura returned to the perfection of Daluoxian.

He flew and landed in the center of the deserted island.

Looking at An Tianzuo and Li Tianxing.

Zhang Yuhe said with a smile.

"Are the two seniors okay?"

Hearing Zhang Yuhe's words, the two reacted.

Li Tianxing hurriedly said gratefully.

"Thank you, Sect Master Zhang, for coming to rescue in time."

"Otherwise, Brother An and I might not be in good shape, haha."

An Tianzuo also nodded slightly and bowed to Zhang Yuhe to express his gratitude.

Li Tianxing even changed his name.

Now they no longer dare to treat Zhang Yuhe as a junior.

It is no longer like before, calling out "Little friend Zhang, little friend".

Although Zhang Yuhe's aura has now recovered to the perfection of a Daluo Immortal.

In terms of cultivation, he is indeed still a junior.

But the strength that Zhang Yuhe showed just now.
