Section 76

The main thing is that he is familiar with the place, and he survived the tribulation there last time without any danger.

Maybe that place is the blessed place for his tribulation.

Metaphysics is something that cannot be fully believed, but it is also necessary to believe it.

"Ask Li Tian if he is free and ask him to protect me."

He was indeed a bit reckless when he survived the tribulation alone in Yunmang Mountain last time.

This time he needs to find someone to protect him.

As for who to find to protect him?

Wang Guofeng is obviously not good enough.

Although Wang Guofeng has successfully broken through to the Nascent Soul Realm after obtaining the Infant Transformation Pill.

But what can an early Nascent Soul do?

Can he protect this big guy who is about to break through to the Combination Realm?

Nonsense.

Zhang Yuhe quickly thought of Li Tian, the former senior brother who lived next door.

The main reason was that he was not familiar with other people in the sect, and he had only dealt with Li Tian twice.

He was a little familiar with him.

So he went to find him.

Thinking of this, Zhang Yuhe took out his identity jade card and sent a message to Li Tian.

"Big Brother, are you free recently? Come with me to overcome the tribulation."

A cave somewhere in Wangxian Peak.

Li Tian suddenly noticed something. He took out his identity jade card to check and heard Zhang Yuhe's voice from the jade card.

He couldn't help but frown.

Overcome the tribulation? Overcome what tribulation?

Hasn't it just been more than a hundred years since Junior Brother Zhang broke through the Refining Void Realm?

Has he already reached the Great Perfection of Refining Void? Is he about to break through to the Fusion Realm?

Impossible.

Absolutely impossible.

Li Tian was completely unwilling to believe that this was true.

How long has it been?

They both broke through to the Refining Void Realm at almost the same time, and he was still in the early stage of Refining Void.

How could Junior Brother Zhang break through to the Fusion Realm so soon?

Li Tian frowned and asked Zhang Yuhe through the jade card.

"Who wants to overcome the tribulation? When?"

"Junior Brother, I just sensed the opportunity for a breakthrough and need to go out to overcome the tribulation and break through the Fusion."

Fuck.

Hearing this, Li Tian couldn't help but burst out a swear word.

This Junior Brother Zhang is really a pervert, he is not a human being.

He quickly stood up and flew quickly to the nearby Yinhe Peak.

Although he heard Zhang Yuhe's confirmation, Li Tian still didn't want to believe it.

Let's go and take a look first, it feels so outrageous.

When he arrived at the top of Yinhe Peak, he felt the deep breath of Zhang Yuhe all over his body.

Li Tian didn't want to talk at all.

It's so perverted.

Is this still a human being?

I have tried so hard, why am I still left so far behind?

After a long while, he asked sullenly.

"Where are you going to cross the tribulation?"

Li Tian felt a little embarrassed when he called out Junior Brother.

The former Junior Brother is now far ahead of himself in cultivation.

Maybe in a few days, he will have to call Junior Uncle.

Li Tian felt that he couldn't think about it anymore.

If he thought about it, he might lose his Tao heart.

"Let's go to Yunmang Mountain in Yunzhong Prefecture. That's where I passed the tribulation last time."

"When do we leave?"

"Now."

"Okay."

Both of them were crazy about cultivation, so they didn't say any more nonsense.

The two of them turned into streams of light and flew quickly out of the mountain gate.

...

Chapter 75 Daosheng Sect is doing things, and idle people retreat

Yunmang Mountain, Thunder Lake.

Thunder Lake was the name given by Zhang Yuhe. It was the lake where he passed the tribulation last time.

"This lake has really become much bigger."

After more than a hundred years, he came here again, and he couldn't help but feel a little emotional.

Li Tian, who was standing next to him, looked around for a while and asked.

"Junior brother, are you going to pass the tribulation here?"

"Yes, here."

After Zhang Yuhe finished speaking, he swung a sword light, and the sword light swept across a mountain in the distance.

Instantly cut the tall mountain in half.

Following that, he rolled up his robe sleeves, and half of the mountain rose into the air and quickly fell to the middle of Thunder Lake.

Boom...

The mountain fell into the lake, stirring up a huge wave.

After the lake returned to calm, half of the mountain emerged from the water in the center of Thunder Lake.

There was originally a small island in the center of the lake, but when he last transcended the tribulation.

The small island in the lake had been completely destroyed by the tribulation.

There was no other way.

He could only move a mountain from nearby and put it in the center of the lake.

Moving mountains and seas is not a difficult task for a cultivator in the Refining Void Realm.

Zhang Yuhe flew to the top of the mountain in the center of the lake. He looked around for a while, then nodded gently.

"Not bad."

After looking at the surrounding environment, he was very satisfied with it.

"Get ready first."

Zhang Yuhe soared into the air, and the sword light flashed again, instantly cutting off a section of the mountain top, revealing a neat platform.

"Set up the second-level Renshui Thunder Absorption Array, and then prepare to transcend the tribulation."

Zhang Yuhe waved his right hand, and huge pillars quickly fell to the mountain outside the Thunder Lake.

One hundred and eight lightning-absorbing pillars went straight into the sky and were laid around the Thunder Lake.

Each of these lightning-absorbing pillars that he had improved was a mid-grade spiritual treasure.

In order to collect the materials for refining the lightning-absorbing pillars, Wang Guofeng spent a lot of effort.

Fortunately, he had money, so he could buy them with spirit stones or exchange them for treasures.

Wang Guofeng traveled to all the major cities in Yufantian and spent a full twenty years to finally collect all the materials.

Li Tian stood by and observed silently. When he saw those lightning-absorbing pillars, he opened his mouth in surprise.

"Junior brother, I wonder what these pillars are used for?"

Hearing this, Zhang Yuhe felt a little strange, and he responded.

"These are all lightning-absorbing pillars, used to set up the Renshui lightning-absorbing array, don't you know it, senior brother?"

The Renshui lightning-absorbing array is very famous in the Daosheng Sect. Almost all cultivators above the level of transformation should have known about this array.

After all, it is an array that can weaken the heavenly tribulation, and everyone will study it seriously.

Of course, as for whether it can be arranged and whether enough lightning-absorbing pillars can be obtained, that is another matter.

Hearing Zhang Yuhe's answer, Li Tian was silent.

Damn it.

Junior brother, do you think I don't know how to count?
