

Top talent 761

Section 761

It's really scary.

Enough to make them look up to you.

No matter how ignorant people are, they will never treat him as a descendant.

Zhang Yuhe waved his right hand.

A pagoda-like fairy weapon appeared in mid-air instantly.

Collect all the items on the ground and the corpses of the Chaos Beasts.

After doing all this.

He smiled and said to Li Tianxing and An Tianzuo.

"You two seniors don't have to be polite. I just did it casually and it's not a big deal."

Hear this.

Li Tianxing and An Tianzuo were speechless.

What the hell.

You have almost wiped out all the revered Chaos Beasts in the Immortal Realm.

Moreover, they also wiped out the Dao Ancestor Emperor of the demon clan.

Tell me, is this not a big deal?

So what qualifies as a big deal?

This is such a big, earth-shaking event.

Even though I think so.

But the two did not speak.

Because judging from the strength Zhang Yuhe showed just now.

It seems that it is indeed too easy to kill those Dao Ancestors and Beast Lords.

It's really not a big deal.

As for Zhang Yuhe, this is the case.

An Tianzuo looked at Zhang Yuhe, filled with countless doubts.

He really wanted to ask about Zhang Yuhe's explosive strength just now.

What kind of state is it?

Has it already broken through the limit of the fairy world?

Is it above Tao Ancestor?

besides.

Why could Zhang Yuhe come so quickly.

I'd say it's right nearby.

He didn't believe it.

There is no such thing as a coincidence.

The only explanation is.

Zhang Yuhe had mastered some means of traveling quickly.

You can reach all parts of the fairyland instantly.

Think of this.

An Tianzuo took a deep breath.

This is simply outrageous.

But even though he was full of doubts, he didn't ask.

It's not a good thing to pry into other people's secrets.

It can be annoying.

At this time, Zhang Yuhe suddenly asked.

"By the way, why did the two seniors come here, and they happened to be ambushed by demons and chaos beasts."

The two looked at each other.

An Tianzuo sighed and said.

"About a thousand years ago, the black dragon suddenly came to our door..."

"Although I had already expected that this might be a trap."

"It's just that I didn't expect that the Demon Emperor would not only collude with Chaos, but that Supreme Fire Cloud would also be so crazy."

"It actually brought over all the noble-level chaos beasts from the twelve major tribes."

"What I didn't expect even more was that the Demon Emperor obtained that powerful trapping formation from nowhere."

"It can actually trap us firmly on a deserted island, with no chance to escape."

"If you hadn't come to rescue us, we might have been stuck on this desert island."

After listening to An Tianzuo's narration, Zhang Yuhe nodded gently.

What happened was pretty much what he had guessed before.

The demons and chaos beasts, together with the Black Dragon Dao Ancestor, set up a trap in advance to plot against An Tianzuo.

As a result, An Tianzuo called Li Tianxing together.

Then Li Tianxing sent a distress message through a special messenger Xianyu.

Wait until Zhang Yuhe comes over.

Naturally, all the plans of the Demon Emperor and the Chaos Beast went bankrupt.

Not only that.

They even lost their lives on this unknown desert island.

The plan finally came to nothing.

The structure of the fairy world may soon undergo great changes.

The once invincible Chaos Beast may soon disappear from the fairy world.

...

Chapter 565 Supreme Mountain, Chaos City

The three people exchanged what happened on a desert island.

After a while.

Zhang Yuhe suddenly asked.

"Two seniors, what are you going to do after this incident?"

Li Tianxing responded directly without thinking.

"Needless to say, of course we must destroy the demons first."

"As for the Chaos Beasts, leave it later and take your time. There are really too many Chaos Beasts in the entire Chaos Continent."

"Even if there are no noble-level Chaos Beasts sitting around now, I want to wipe them all out."

"I'm afraid it will take at least hundreds of millions of years."

An Tianzuo next to him also nodded and said.

"That's right, destroy the demons first."

"The Devil Emperor was the one responsible for what happened this time."

"If the demons don't deal with us, it won't be a matter of a day or two."

"Now that there is no Dao Ancestor in charge, it's time to wipe them all out."

Zhang Yuhe nodded lightly.

He suddenly thought of another question.

It is right that the demons should be exterminated.

But what about the demon clan.

This time the Black Dragon was also involved.

Even this incident was caused by the black dragon.

If there is someone who is not the Black Dragon Taoist, give An Tianzuo a shadow stone.

There will be nothing more to come.

Think of this.

Zhang Yuhe asked.

"What about the demon clan? Do we need to destroy them together?"

Li Tianxing and An Tianzuo looked at each other.

They did not respond directly.

After a long time.

An Tianzuo said slowly.

"Let the demon clan let it go first. After all, only Black Dragon is involved."

"Other demon clan Taoist ancestors did not get involved."

"Besides, this fairyland cannot have only humans."

Section 762

"Otherwise, if there is no competition in the future, the human race will decline sooner or later."

Zhang Yuhe nodded lightly.

He felt that An Tianzuo's words made sense.

It doesn't hurt to keep the demon clan.

Anyway, as long as he is here, there is no need to worry about the demon clan making a big splash.

When he leaves the fairy world, he will naturally take away all the Taoist ancestors of the demon clan.

I won't let them stay in the fairy world and cause trouble.

Think of this.

Zhang Yuhe said slowly.

"In that case, I will send you each back to the Holy Land first. You can go back and organize your forces to destroy the demons first."

"I'll ask for more later. I'll go to the Sea of Origin to have a look, and I'll sweep away the twelve major tribes first."

Hearing Zhang Yuhe's words.

An Tianzuo and Li Tianxing couldn't help but be stunned.

What does this mean?

Send them back to the Holy Land?

Do you need to send it back to the Holy Land?

They can go back by themselves.

Now that all the enemies are dead, it is impossible to encounter danger again.

Just when they were scratching their heads.

I saw Zhang Yuhe making a stroke with his right hand.

A vortex the size of a pond suddenly appeared in the void.

Looking through the vortex to the other side.

An Tianzuo couldn't help being surprised.

Because the other side of the vortex is where Tianzuo Holy Land is.

"this....."

An Tianzuo was simply shocked and speechless by the sight in front of him.

Could it be that through this space vortex, he could directly return to Tianzuo Holy Land?

Just now, Zhang Yuhe was able to come to the rescue so quickly.

Also traveling through the vortex?

An Tianzuo looked at Zhang Yuhe in disbelief, as if he had a lot to ask.

But I don't know where to start.

Zhang Yuhe said with a smile.

"Senior An, through this space vortex, you can return directly to the Holy Land."

"Okay, then I'll give it a try."

An Tianzuo didn't hesitate.

I saw him taking one step forward, and his figure instantly fell into the vortex.

As the vortex slowly closed.

An Tianzuo's figure also disappeared in front of the two people.

Li Tianxing next to him asked Zhang Yuhe in shock.

"Brother An is back to the Holy Land?"

"Yes, even if there is a deviation, it will not be too far."

Zhang Yuhe nodded lightly.

Then he smiled and said to Li Tianxing.

"I'll send senior back first."

After saying this.

Zhang Yuhe cut through the void again.

A vortex leading directly to Tianxing Immortal City slowly appeared in front of the two of them.

Li Tianxing looked confused.

After a while.

He took a slow breath, then jumped into the vortex.

As the two disappeared.

Zhang Yuhe was the only one left on the entire desert island.

He looked around and muttered to himself.

"The matter has been resolved. It's time for me to go to the Sea of Origin to have a look."

"I hope the phantom of the Supreme God will not disappoint me."

Think of this.

Zhang Yuhe cut through the void with his right hand, constantly locating the direction of the sea of origin.

After a while.

A huge stone city appeared on the other side of the vortex.

"Is this Chaos City?"

Look at the huge city in front of you.

Zhang Yuhe thought silently in his heart.

Normally.

Chaos beasts dwell in the wilderness.

They don't build cities.

There are exceptions.

That is the Supreme Mountain Tribe.

Of all the chaos beasts in the entire fairy world, the only ones are the Supreme Mountain Tribe.

A huge city was built on the edge of the Origin Sea.

Zhang Yuhe penetrated the vortex and looked towards the direction of Chaos City.

I saw that the entire city was very roughly built.

The city walls are uneven and the city is in chaos. It doesn't have the neat and neat feeling of the human fairy city.

If it weren't for its huge size, it would be like a stone city built by a primitive tribe.

However, this is in line with the rough image of the Chaos Beast.

"Go and take a look first."

Zhang Yuhe flew up and instantly stepped into the particle vortex in the void.

Roar.....

After a while.

When Zhang Yuhe appeared in the sky above Chaos City.

The chaos beasts in the city immediately roared wildly.

"Quick, there are monks invading, quickly beat the human monks to death."

"This monk is so bold that he dares to come to Chaos City and run wild."

"Catch the one alive and sacrifice him to the Supreme True God."

At this time, the Chaos Beasts in the city didn't know.

All the sages in their tribe had been killed by Zhang Yuhe long ago.

Seeing Zhang Yuhe, these Chaos Beasts appeared swaggering over Chaos City.

Not only were there no panic, but everyone was very excited.

Because in their long careers, monks are rarely seen.

Unless there is a war.

Otherwise.

Chaos beasts in the Supreme Mountain usually stay in the city.

Usually it is not easy to find a monk to kill.

As for the sacrifices required for the sacrifice, there is no need to do them yourself.

They come from the supreme mountain tribe.

If you want to get some sacrifices, do you still need to do it yourself?

Those affiliated tribes will naturally deliver them on time.

As the first tribe in the Origin Sea.

In the eyes of other Chaos Beasts, the Supreme Mountain is like a holy land.

He is the Supreme True God, the spokesperson in the fairy world.

That is why.

Section 763

The Chaos Beast of the Supreme Mountain Tribe has always lived a very happy life.

They don't even need to make sacrifices themselves.

He rarely experienced war.

And even if they are in the same sea of origin.

The strength of the Supreme Mountain is far ahead of other tribes.

There are more than two hundred supreme-level chaos beasts alone in the Supreme Mountain.

Accounting for almost half of the entire fairy world.

Have strength and status.

The Chaos Beasts of the Supreme Mountain naturally have arrogance.

Now I see Zhang Yuhe appearing swaggeringly above Chaos City.

This is completely intolerable.

...

Chapter 566 A fish slipped through the net

When I saw Zhang Yuhe appearing in the sky above Chaos City.

Countless chaos beasts in the city let out roars that shook the sky.

Whether it is a supreme Chaos Beast or a Chaos Beast under Nine Stars.

They all rushed over together as if they had seen the tempting food.

"Humph, I don't know whether to live or die."

Seeing this situation, Zhang Yuhe couldn't help but snorted coldly.

These chaos beasts are really brainless.

Don't you know that he is very powerful at this time?

Zhang Yuhe said nothing.

I saw him wave his right hand.

The nine celestial swords moved quickly toward the edge of Chaos City and fell.

A faint sword Qi light curtain slowly rose around the city.

There is no protective formation in Chaos City.

These chaos beasts also don't know how to use formations.

As the sword array unfolded.

The huge divine power instantly enveloped the entire city.

Endless sword energy swept across the world.

As the sword energy swept across the city.

Countless chaos beasts all fell silently in an instant.

Even the supreme Chaos Beast couldn't stop Zhang Yuhe, and a round of sword energy swept across him.

What's more, these are ordinary Chaos Beasts.

No surprises.

The chaos beasts in the entire city were directly swept away by Zhang Yuhe.

Not even one is left.

The huge Chaos City soon became deathly silent.

This sacred place has been run by the Supreme Mountain Tribe for countless years.

In this way, Zhang Yuhe was completely wiped out from the fairy world.

Zhang Yuhe put away the Chaos Beast corpse on the ground while looking at the Origin Sea in the distance.

He wanted to see it.

Will the Supreme True God react?

After all, the Chaos City in the Supreme Mountain can be regarded as the holy land for all chaos beasts.

It is their most important place of worship.

Logically speaking.

Now Zhang Yuhe wiped out all the chaos beasts in the city.

Then the Supreme True God should have some reaction.

Otherwise.

After all the chaos beasts in the fairy world were wiped out by them.

There is no more sacrifice from the Chaos Beast.

How can the power of the Supreme True God be extended outwards?

Maybe the Supreme True God relied on the Chaos Beast's sacrifice to suppress the injury.

Only then can I survive till now.

However.

Zhang Yuhe stood above Chaos City and waited for a long time.

Didn't see any reaction either.

"Did the Supreme True God not notice what happened here?"

Zhang Yuhe thought silently in his heart.

"Forget it, let's wipe out all the other eleven tribes first."

Zhang Yuhe flashed his figure and quickly flew into the wilderness outside the city.

It is naturally impossible for the Chaos Beasts in the Supreme Mountain to be attacked, as they are all concentrated in the city.

There are also a large number of Chaos Beasts scattered in the surrounding wilderness.

As the sword formations unfolded rapidly.

All the chaos beasts within tens of billions of miles around were wiped out by him.

Whether it is the powerful nine-color king beast or the weakest one-star chaos beast.

Zhang Yuhe didn't let him go.

What he wants is total annihilation.

The relationship between the Chaos Beast and the monks is naturally hostile.

There is absolutely no possibility of peaceful coexistence.

Chaos beasts use monks as qualifications to achieve the purpose of evolution and improvement.

Monks are their food.

Such evil things should not exist.

Zhang Yuhe is now strong enough.

Naturally, he would not let the Chaos Beast survive in the fairy world.

It must be completely exterminated.

While he was moving quickly, he was silently paying attention to the changes on the other side of the Origin Sea.

However.

Until he wiped out all the chaos beasts around him.

Didn't see any movement either.

"Forget it, let's go to the next tribe."

Zhang Yuhe was not too entangled.

I saw him making a stroke with his right hand.

A vortex of particles the size of a pond appeared slowly in the void.

He stepped into the whirlpool and soon came to the second large tribe.

Yanran Mountain.

Compared with the Supreme Mountain, the strength of the Yanran Mountain tribe is relatively inferior.

But that also depends on who you compare with.

If compared with monks.

There are at least nearly a hundred supreme-level chaos beasts in the entire Yanran Mountain.

This power alone is far greater than the Dao Ancestor Emperor of the three human and demon clans.

Unfortunately.

This powerful force has long been eliminated by Zhang Yuhe in the sea of chaos.

"At this time, Yan Ranshan probably doesn't have the strength to fight against me."

Zhang Yuhe thought silently.

Just at this time.

A loud roar came from the depths of Yanran Mountain.

"Hey, you are looking for death. The little Daluo Immortal King dares to come to my Yanran Mountain to run wild."

Zhang Yuhe's eyes narrowed slightly.

Section 764

I saw a huge figure running from the depths of Yanran Mountain.

See this situation.

Zhang Yuhe couldn't help but be stunned.

He muttered to himself.

"I didn't expect that there would be some fish that slipped through the net here."

What came was a noble-level Chaos Beast.

Originally, Zhang Yuhe thought that the Supreme Fire Cloud had brought all the supreme Chaos Beasts to the Sea of Chaos.

They were all killed by him.

Now it seems.

There are still fish that have slipped through the net.

Isn't there one?

Yan Ran Tianxiong ran quickly and soon reached the vicinity of Zhang Yuhe.

It suddenly stopped and glanced around.

Because all the supreme chaos beasts in the tribe responded to the call of Supreme Fire Cloud.

Go to the Sea of Chaos and participate in the ambush of An Tianzuo.

The high priest was worried about the safety of the tribe and specially arranged for it to stay with the tribe.

But Yan Ran Tianxiong didn't expect it at all.

There are indeed human monks who dare to run wild in Yanran Mountain.

Although there is only one person coming, the Da Luo Immortal King of the human race.

But it still didn't dare to be careless in any way.

What if there are still a few Dao Ancestor Emperors hiding around here?

It looked around vigilantly, fearing that there were other monks ambushing around.

However, after careful investigation.

Neither Yan Ran nor Tianxiong saw the monk again.

It looked at Zhang Yuhe with a spear in hand and asked calmly.

"How dare you, a little great Luo Immortal, come to Yanran Mountain alone?"

Zhang Yuhe stands tall in the sky, surrounded by nine fairy swords, slowly flowing around.

He glanced at Yan Ran Tianxiong, and then responded calmly.

"Just me alone is enough."

"You are really looking for death. Just let me sacrifice you to the Supreme True God."

There was indeed no one around, after other monks ambush him.

Yan Ran Tianxiong stopped talking nonsense.

I saw it kicking off its legs and waving its spear towards Zhang Yuhe.

A violent breath came to him.

There was no trace of fear on Zhang Yuhe's face.

When he was in the Sea of Chaos just now, he killed more than 600 supreme-level chaos beasts.

Are you still afraid of this fish slipping through the net?

Although Hunyuan Guiyi's magical power is still in a cooling state.

Temporarily unavailable.

But what does it matter?

Even without the blessing of this explosive magical power, he could still beat this noble-level chaos beast to death.

Zhang Yuhe stood tall in the sky and shouted softly.

"go."

The nine fairy swords quickly moved towards and fell from the mountain in the distance.

The faint sword energy light curtain instantly enveloped Yan Ran Tianxiong.

Yan Ran Tianxiong, who was running wildly, could not help but stagnate.

The pressure carried by the sword formation locked it in place on the spot.

Yan Ran Tianxiong was simply furious.

How could it be imprisoned by a human race Great Luo Immortal?

It waved the spear in its hand vigorously and shouted loudly at the same time.

"Open it for me..."

...

Chapter 567 Locating the Supreme True God

Because Zhang Yuhe now does not have the blessing of Hunyuan Guiyi's magical power.

The confining power of the sword array is definitely much worse than before.

Yan Ran Tianxiong raised his spear and finally completely blocked out the invisible sword energy around him.

When it felt the pressure relax, it was about to continue rushing towards Zhang Yuhe.

A huge millstone suddenly appeared in the sky.

With terrifying divine power, Mopan once again suppressed Yan Ran Tianxiong in place.

"Roar....."

Yan Ran Tianxiong was angry.

How could it, a majestic Chaos Beast, always be suppressed by the great Luo Immortal of the human race?

This is simply unbearable.

Isn't it shameless?

ah!

At this time, Yan Ran Tianxiong still didn't know that its end was coming soon.

Just when it wants to repeat its old tricks.

When he continued to wave the spear in his hand to break the confining force around him.

Only then did Yan Ran Tianxiong realize it.

Under the pressure of the millstone's divine power.

At this time, it couldn't even move a finger.

"No way, absolutely impossible."

Yan Ran Tianxiong was completely panicked.

It's beyond belief.

How could a human race's Great Luo Immortal King be so powerful?

It was actually able to suppress it continuously, unable to move in place.

If it was the first time, it was because it was too careless and was enveloped by the sword formation.

So what's going on now?

besides.

What is that terrifying millstone in mid-air?

Is it the manifestation of the monk's divine channeling technique?

What kind of magical power can have such terrifying power?

Yan Ran Tianxiong struggled hard.

However, no matter how hard it tried, it couldn't move at all.

At this time, it had already felt that its life force was rapidly passing away.

It seemed to feel the call of death.

Yan Ran Tianxiong's eyes widened, his expression full of disbelief.

At the same time, it is also full of endless unwillingness.

Zhang Yuhe stood tall in the sky with an expression of indifference.

Another supreme-level Chaos Beast is about to fall into his hands.

But there was no fluctuation in his heart.

No joy or sorrow.

He has killed too many noble-level chaos beasts.

He doesn't care if he kills one more person.

No feeling at all.

Numb.

Completely numb.

As the millstone rotated slowly, bursts of blood mist continued to rise from Yan Ran Tianxiong's body.

Then, under the power of the Taoist magic, it quickly turned into nothingness.

Section 765

Roar.....

At this time, the other Chaos Beasts of the Yanran Mountain Tribe finally reacted.

They roared one after another, and then ran towards Zhang Yuhe quickly.

Although the millstone in mid-air exuded divine power, it frightened them.

But in order to save the venerable members of the tribe, they continued to move forward.

And they know it too.

Once Yan Ran Tianxiong falls, they will also be close to death.

Countless chaos beasts rushed towards them.

However.

Before they could get close to Zhang Yuhe.

The Taoist chaos returned to the void, and the divine power left behind was directly imprisoned in place.

Then he fell down quickly and silently.

Chaos beasts below the honorable level, even the nine-color king beast.

He couldn't resist the traces of divine power exuded by Chaos Guixu.

The chaos of Taoism returns to the void, and the power of the gods defies the heavens.

Even if there is no magical blessing.

With this Taoist power, Zhang Yuhe can easily kill the supreme Chaos Beast across levels.

As for ordinary Chaos Beasts, let alone that.

Before they could reach the edge of the millstone, they fell directly to the street.

These chaotic beasts couldn't stop even a trace of escaping divine power.

despite this.

The remaining Chaos Beasts still swarmed forward like moths to the flame.

Zhang Yuhe glanced around, but he ignored it.

Let's beat the big guy in front of us to death first.

When the millstone in the sky turned more than half a circle.

Yan Ran Tianxiong finally couldn't hold it any longer.

Dang clang...

Its hands dropped weakly, and the spear in its hand fell to the ground.

follow closely.

Its huge body suddenly fell to the ground.

Zhang Yuhe waved his right hand and quickly switched sword formations, covering the entire Yanran Mountain.

As the sword energy swept across.

The entire Yanran Mountain Tribe fell into deathly silence in an instant.

All the chaos beasts were dead.

Zhang Yuhe sacrificed the space fairy weapon and put away the corpse of the chaos beast on the ground.

Then he drew his right hand in the void and immediately rushed to the next tribe.

Time passed slowly.

Zhang Yuhe relied on the teleportation technique to quickly rush between the major tribes.

After half a day.

He wiped out all the ten major tribes in the Origin Sea.

You can say that.

From now on.

Chaos beasts have completely lost their foundation for survival in the fairy world.

Although there are still a large number of tribes in the vast chaotic continent.

The number of Chaos Beasts is still very large.

But without the support of these twelve major tribes, other small tribes.

He was completely powerless to fight against the monks again.

Faced with the raids by the monks, sooner or later one day they will completely disappear into the long river of history.

Zhang Yuhe stood at the edge of the Sea of Origin, feeling a little hesitant.

"Do you want to go to the center of the Origin Sea to see it?"

Until now, the legendary Supreme True God has still not appeared.

Zhang Yuhe even had some doubts.

Is there a Supreme True God?

It can't be fake, right?

He swept all twelve major tribes into the garbage heap of history.

The Supreme True God is like this, can he keep his composure?

It shouldn't be.

Is the Supreme True God already dead?

Died from serious injuries?

"No matter, let's go take a look first."

Zhang Yuhe struggled for a long time.

He still planned to go to the center of the Origin Sea to have a look.

If he didn't feel the pressure of the Supreme True God, he would be a little unsure.

According to what Li Tianxing said.

The pressure of the Dao Ancestor Heavenly Tribulation brought by the Supreme Prodigy is almost the same as that of the phantom of the Supreme True God.

Zhang Yuhe wanted to experience it in advance.

How powerful is this terrifying pressure?

That way he can be mentally prepared when he goes through a tribulation in the future.

Anyway, Zhang Yuhe is not worried about what the phantom of the Supreme True God can do to him.

If he can't beat him, won't he run away?

There is no limit to the world, and this teleportation technique is with you.

He is absolutely invincible in this fairy world.

No one could threaten his safety.

Even the Supreme True God will not be an exception.

Zhang Yuhe was full of confidence in this regard.

"First use the particle vortex to position it and take a look."

Think of this.

Zhang Yuhe made a stroke with his right hand.

A vortex of particles slowly appeared in mid-air.

He looked through the whirlpool into the distance, seeing nothing but the endless sea.

Just can't see anything.

Is there not even a desert island in the vast ocean of origin?

Zhang Yuhe frowned slightly.

"Come again."

He kept cutting through the void, and a square particle vortex appeared in the void.

The Origin Sea is vast and boundless, even larger than the entire Chaos Continent.

Moreover, almost no one has ever set foot in the vast ocean of origin.

He also had no map reference.

Zhang Yuhe didn't even know.

Where exactly will the Supreme True God be?

We can only find it slowly through constant positioning.

...

Chapter 568 The Essence of the Supreme True God

The particle vortex is centered on Zhang Yuhe and continues to radiate to the entire sea of origin.

It's just that the sea of origin is really weird.

In such a vast and boundless ocean, there is not even a desert island.

Not only that.

Zhang Yuhe could not feel any life on the sea.

It was as if this was an endless dead sea.

Section 766

Zhang Yuhe quickly explored the sea of origin through the particle vortex.

He became increasingly suspicious.

The legend is not false.

Maybe there is no Supreme True God at all.

There was not even a bird on such a lifeless ocean.

How could the Supreme True God stay in such a ghost place?

But Zhang Yuhe knew that this matter couldn't be false.

After all, there are more than one or two people who have seen the phantom of the Supreme True God.

Instead, many Dao Ancestor Emperors have seen it.

And most of these Dao Ancestor Emperors are still alive.

Just like An Tianzuo and Li Tianxing, they both saw the phantom of the Supreme True God in the Sea of Origin.

There is no need for these Dao Ancestor Emperors to fabricate such lies together.

more importantly.

In order to make the Demon Emperor believe in the existence of space channels. .

It is clearly shown in the image stone provided by Supreme Fire Cloud.

In the middle of the Origin Sea, there is a huge desert island.

And above that desert island, there was a huge space vortex.

It seems to lead to an extraterrestrial world.

After beating the Demon Emperor to death.

Zhang Yuhe checked the items he left behind, including this photographic stone.

It all shows.

There must be another mystery in the center of the Origin Sea.

It's just that he hasn't found it yet.

"Look for it slowly."

Think of this.

Zhang Yuhe cut through the void again, and continued to explore the sea of origin through the particle vortex.

Sudden.

A huge desert island appears in the whirlpool.

"Hey, there's something weird about this place."

Zhang Yuhe looked through the whirlpool to the desert island in the distance.

I saw that the desert island was vast and boundless, even larger than the entire Ji'an sea area.

Not so much a desert island.

It would be better to say that this is a huge continent.

It is different from other places in the Origin Sea.

In other places, Zhang Yuhe could not feel any life.

But on this deserted island, it is full of life.

Tall trees tower into the sky.

The trees on the desert island seem to be extremely tall.

It is much taller than the trees in other places in the fairyland.

But what makes Zhang Yuhe feel strange.

There are no animals on this desert island.

Although the trees were green and hurried, it was still deathly silent.

It's as if there is some kind of terrifying existence that has taken over this place as its territory.

Other animals simply don't dare to live here.

"Could it be that the Supreme True God is here?"

Zhang Yuhe thought silently while quickly checking the entire desert island through the particle vortex.

Suddenly a huge lake appeared in his field of vision.

The lake is vast and boundless, at least hundreds of millions of miles in circumference.

It's even bigger than the entire Galaxy Fairy City.

Over the lake.

A huge black hole exudes a terrifying aura, as if it can lead to endless and distant places.

See this situation.

Zhang Yuhe muttered to himself.

"Is this the space passage out of the fairy world and to the outer world?"

Unfortunately.

Because he left in a hurry, he didn't take Wu Yiyi with him.

Otherwise.

Wu Yiyi would definitely recognize it.

After all, she was the one who entered the fairy world from the chaotic sea outside the territory.

This is the passage you should take.

Looking at the huge black hole above the lake, Zhang Yuhe couldn't help but be stunned.

He was basically certain.

This is the passage out of the fairy world.

"Finally found a way forward?"

Zhang Yuhe muttered silently to himself.

Through particle vortex positioning, he finally found the way out of the fairy world.

As long as he wants.

You can teleport immediately through this black hole.

Maybe we can get out of the fairy world and go to a wider world.

"No, where is the Supreme True God? Where is the Supreme True God?"

Only then did Zhang Yuhe suddenly wake up.

His purpose this time was to find the Supreme True God.

Just because of the sudden discovery of the space vortex leading to the outside world.

For a moment, he almost forgot about the Supreme True God.

The passage out of the fairy world is right there, why is the Supreme God not here?

Could it be that the Supreme True God has indeed fallen long ago?

Just when Zhang Yuhe was still a little confused.

The picture of particle vortex began to be reflected on the lake.

At this time he couldn't help being surprised.

I saw a huge black shadow lying quietly on the lake.

Due to the size of the black shadow, it was really too big.

The full picture of the particle vortex Zhang Yuhe created cannot be seen at all.

Zhang Yuhe pondered for a while.

I saw him making a stroke with his right hand.

A new particle vortex was precisely positioned over the black shadow.

Until this time.

The black shadow had a complete picture, and it was completely reflected in his field of vision.

See this situation.

Zhang Yuhe muttered to himself.

"Is this the true form of the Supreme God?"

I saw a huge body lying quietly on the lake.

The body is so huge that it occupies almost one-third of the entire lake.

Zhang Yuhe looked carefully.

This looks like an oversized crocodile monster.

The entire body of the crocodile monster is almost three thousand miles long.

Zhang Yuhe has also seen many huge creatures in the fairy world.

For example, the main body of a supreme chaos beast is usually tens of miles tall.

But a creature as big as this crocodile monster.

He has never seen one before.

"Hmm? The Supreme True God seems to be dead?"

Section 767

Zhang Yuhe did not feel any vitality from the crocodile monster through the particle vortex?

Seeing this situation.

Zhang Yuhe's face couldn't help but look a little strange.

No way.

Is the Supreme True God really dead?

Only a huge body is left, suppressing the space channel?

Zhang Yuhe has confirmed.

This huge crocodile monster is the real body of the Supreme True God.

Because Wu Yiyi once said.

The Chaos Beast that fought with Lu Jiuzhou at the beginning was a crocodile monster.

Zhang Yuhe believes.

In this fairyland.

Such a huge crocodile monster cannot appear at the same time.

There is no doubt.

This is the Supreme True God.

But the question is.

The Supreme True God is so powerful, is he really dead?

If that's the case.

Where did the phantom that An Tianzuo and Li Tianxing saw before come from?

You can't say.

It's the Supreme True God who is resurrected.

Just when Zhang Yuhe felt a little confused.

A faint shadow slowly formed above the crocodile monster's head.

The shadow seemed like a smaller version of the crocodile monster.

However, despite this.

The small crocodile shadow was also hundreds of miles in size.

It was still a huge monster.

Seeing this situation.

Zhang Yuhe's heart trembled.

He finally understood what was going on.

The Supreme True God was not completely dead.

Or rather.

Its divine body had long been annihilated, but there was still a trace of its soul.

If the soul is not annihilated, it is not considered dead.

This ghost thing is not dead yet.

Thinking of this.

Zhang Yuhe couldn't help but feel a little frightened.

...

Chapter 569 After I break through, I will send you to the west

A crocodile shadow hundreds of miles in size slowly formed on the lake.

The crocodile shadow turned its huge head and looked at Zhang Yuhe in the distance.

"Roar."

A shocking roar came from the crocodile shadow.

The roar brought endless divine power, instantly shattering the particle vortex opened by Zhang Yuhe.

The picture disappeared instantly.

Zhang Yuhe stood at the edge of the Sea of Origin and heard the roar from afar.

He couldn't help but feel fear in his heart.

The soul shadow of the crocodile monster only roared.

It can hit the depths of the soul.

If the cultivators with weaker strength were killed by this roar, they would probably be killed directly.

Zhang Yuhe's heart trembled.

Nine immortal swords slowly flowed around him, forming dense sword energy light curtains.

Not only that.

Zhang Yuhe also integrated all the power of the law into the sword formation.

Facing the Supreme True God.

He dared not be careless in the slightest.

Although the Supreme True God only had half of his life left at this time.

It was even possible that he didn't even have half of his life.

He only had one breath left.

Despite this.

Zhang Yuhe still didn't dare to be careless.

This was a Chaos Beast that had reached the perfection of the True God Realm.

At that time, even Lu Jiuzhou, such a powerful cultivator.

All of them were killed by the Supreme True God.

Zhang Yuhe didn't think that he would be more powerful than Lu Jiuzhou.

This is impossible.

Not to mention that he can't activate the Hunyuan Guiyi magical power now.

Even if he has the Hunyuan Guiyi magical power.

The strength he burst out can't be compared with Lu Jiuzhou.

Because Zhang Yuhe hasn't comprehended any rule power yet.

This is an essential difference.

Even if the Hunyuan Guiyi magical power pulls his realm up.

At most, it can only be promoted to the fifth level of the virtual god realm.

There is still an irreparable gap from the true god realm.

Fortunately, the Supreme True God at this time only has a trace of soul to survive.

And this trace of soul seems to be unable to leave the body too far.

It shouldn't be able to kill here.

So Zhang Yuhe has nothing to fear.

As long as he focuses on defense, he doesn't have to worry too much.

At worst, he will use the Tiandi Wuji magical power to teleport and run away.

Could it be that the Supreme True God can still chase him all the time?

Zhang Yuhe slowly unfolded the sword formation and looked up into the distance.

He saw a huge crocodile phantom covering the entire sky.

This formation was very scary.

If Zhang Yuhe had not just seen the full appearance of the Supreme God through the particle vortex.

He might have been frightened.

He thought that the phantom of the Supreme God would really be so huge.

In fact, the phantom of the Supreme God is only a few hundred miles in size.

And it is so far away.

If it were not for the manifestation of divine power.

Zhang Yuhe stood at the edge of the Sea of Origin and should not be able to see even a star.

The phantom of the Supreme God is like covering the sky and the sun.

Its cold eyes looked at Zhang Yuhe in the distance.

Endless divine power, like the end of the world, quickly enveloped Zhang Yuhe.

The light curtain supported by the Nine Heavens Hunyuan Sword Formation was constantly shattered by this terrible divine power.

Layers of sword energy light curtains continued to disappear and then re-supported.

Zhang Yuhe looked into the distance with a calm expression.

At this moment, he had understood the Supreme True God's tactics.

This crocodile monster couldn't move at all.

Section 768

He can only bully the weak monks with a hint of divine soul pressure.

As long as he can withstand the pressure of the Supreme True God's soul.

Then you can't do anything to him.

Zhang Yuhe relied on the layers of sword energy light curtains to completely block the pressure of the Supreme True God's soul.

Then he has nothing to fear.

And he just wanted to feel it.

What kind of power is there when the True God Realm is complete?

The next time he goes through the tribulation.

Is the Heavenly Tribulation also this powerful?

Zhang Yuhe opened the sword array while silently feeling the pressure of the Supreme True God's soul.

have to say.

The Supreme God is indeed terrifying.

Even if it is just a ray of residual soul, it can still suppress the endless sea of origin.

Zhang Yuhe could feel that the void around him seemed to have stagnated.

If it weren't for his Nine Heavens Hunyuan Sword Formation, which was powerful enough.

He might be oppressed by the soul of the Supreme True God and imprisoned until death.

Roar.....

After a while.

Seeing that Zhang Yuhe was completely helpless.

The Supreme True God couldn't help but let out a violent roar.

"Boy, come over if you have time."

"Otherwise, you will stay in this primitive world for the rest of your life."

The Supreme True God roared wildly.

The shadow covering the sky began to slowly retreat and dissipate.

This phantom only has the two axes.

Since it can't do anything to Zhang Yuhe, it will naturally not waste its efforts.

It took a long time for it to accumulate this little soul power.

If not necessary.

None of it is wasted.

And the Supreme True God knows it very well.

As long as Zhang Yuhe wants to get out of the fairy world.

You must go to the desert island where its body is located.

The Supreme True God thought.

When the time comes, it will be able to do so, with the help of part of the body's power.

Slowly clean up Zhang Yuhe.

As the shadow of the Supreme True God dispersed, the terrifying divine power around him began to gradually disappear.

The entire sea of origin returned to calmness.

Zhang Yuhe stood in the void, feeling silently in his heart.

Threats to the Supreme God.

He didn't take it to heart.

Zhang Yuhe could tell from the pressure of the divine soul just now.

The strength of the Supreme True God is indeed very terrifying.

If an ordinary Great Luo Immortal King comes over, the Supreme True God may be able to kill him with just one look.

despite this.

Zhang Yuhe didn't have any worries.

When Hunyuan Guiyi's magical power is not activated, he can block the pressure of the Supreme True God's soul.

Then once he opens this magical power, he will explode.

Then there is no need to be afraid.

not to mention.

Now Zhang Yuhe is still just Da Luo Immortal King.

Wait until he survives the catastrophe and is successfully promoted to the virtual god realm.

Don't say it's just a remnant soul.

Even if it is the complete form of the Supreme True God, he dares to touch it.

Zhang Yuhe stared into the distance, thinking silently in his heart.

"Just wait, when I break through to the False God Realm, I will send you back to the west completely."

"There is only a wisp of remnant soul left, and you are still reluctant to die. What are you doing here?"

Zhang Yuhe stands tall in the sky.

After feeling the pressure of the Supreme True God.

He felt more confident about the upcoming tribulation.

In his opinion.

If the calamity is only this level.

He can certainly handle it.

After all, it is time to overcome the tribulation.

He can also use the great formation to weaken the power of the Heavenly Tribulation.

And you can also make some other preparations.

But Zhang Yuhe also knew.

The calamity faced by everyone will be different.

Although Li Tianxing once said.

The power of the Dao Ancestor Heavenly Tribulation that the Supreme Prodigy received was comparable to the pressure of the Supreme True God.

But Zhang Yuhe understood.

He and other supreme geniuses are not the same thing at all.

Other supreme geniuses have only understood one supreme law.

And he has already understood all nine supreme laws.

And he also understood the higher-level laws of chaos.

Not only that.

Zhang Yuhe's own talent is extremely unparalleled.

Under the condition of superposition of various factors.

He could totally imagine it.

When he breaks through to the virtual god realm, the catastrophe will come.

It will definitely be extremely terrifying.

It is definitely more calamity than those three supreme geniuses faced in the past.

Countless times stronger.

despite this.

Zhang Yuhe is still full of confidence.

Because he will be more prepared than others.

The improved version of the Renshui mine-absorbing array will not be fully deployed.

He will definitely not go and try to break through.

Zhang Yuhe thought.

A great tribulation formation formed by nearly ten million thunder-absorbing pillars that were at the level of top-notch immortal weapons.

I can definitely help him survive the catastrophe of Dao Ancestor.

No matter how terrible the disaster is, he can still bear it.

...

Chapter 570 The army gathers!

Zhang Yuhe stood there for a long time.

Suddenly he made a stroke with his right hand.

A vortex the size of a pond slowly appeared in the void.

Chifengling is a fourth-level tribe located deep in the Chaos Continent.

For the Chaos Beasts in Chifengling, their location is not very good.

Because it is too far away from the monk's city.

Section 769

Every time they want to capture some sacrifices, it will be very difficult.

The monk city is too far away, and it would take hundreds of years or even longer for them to get there.

And there are very few monks who come near Chifengling.

They want to capture some sacrifices, but they don't know where to start.

Unless there is a racial war.

Otherwise.

Under normal circumstances, they rarely gain anything.

Since there were no offerings of sacrifices.

In the long years, Chifengling's strength has hardly improved.

Until now.

There is only one king-level chaos beast in the entire tribe, the high priest Chi Yuelin.

Among the many fourth-level tribes.

Chifengling is considered the weakest group.

At this time, the high priest Chi Yuelin was sitting on the top of the mountain next to the altar.

Although the location of their tribe is not good, it is not convenient for hunting sacrifices.

But it's better to be safe.

Chiyue Lin never had to worry about monks coming to harass their tribe.

This place is an endless distance away from the monk's city.

Even if the monk is too idle, he will not come here.

Because it is safe and worry-free.

And Chaos Beasts don't need to practice.

Chi Yuelin slept next to the altar almost every day.

Just at this time.

A figure suddenly appeared in mid-air.

See this situation.

Chi Yuelin couldn't help but be confused.

What's happening here?

There are really monks, come to their tribe.

It clicked and stood up immediately.

Roar.....

Chi Yuelin roared wildly.

"There is an invasion of monks. Everyone gathers, captures the human monks, and sacrifices them to the Supreme True God."

Countless chaos beasts surged up from the mountains and forests.

Zhang Yuhe stands in the void.

I saw it wave its right hand.

A huge sword formation completely enveloped the entire Chifengling Mountains in an instant.

As a round of sword energy swept across.

The huge Chifengling Mountains instantly fell into deathly silence.

Zhang Yuhe sacrificed the space fairy weapon and put away the corpse of the chaos beast on the ground.

Then he drew his right hand in the void and quickly disappeared.

Since leaving the sea of origin.

Zhang Yuhe relied on the infinite magical power of heaven and earth to teleport throughout the Chaos Continent.

As soon as he finds a king beast, he will teleport there immediately.

Then he unfolded the sword array, killed the king-level chaos beast, and continued to look for the next target.

For thousands of years.

Zhang Yuhe almost conquered all the fourth-level tribes in the Chaos Continent.

Scanned them all.

As a large number of king-level chaos beasts were killed by him.

The number of bones required to refine the thunder-absorbing pillar is not far behind.

Just clear out a few more level four tribes.

He should be able to return to the Galaxy Fairy City and prepare to start refining the thunder absorbing pillar.

Zhang Yuhe focused on his preparations for overcoming the tribulation.

As for other things, he didn't care at all.

For example.

Wipe out the demon clan and destroy the Black Dragon Holy Land?

These are all little things.

I believe An Tianzuo and others will definitely be able to do a good job.

No need for him to take action.

...

Just when Zhang Yuhe was still killing king beasts everywhere.

At this time, Tianzuo Holy Land was already crowded with immortal ships.

A large number of human monks quickly converged on the Holy Land from all directions.

Ever since Zhang Yuhe sent him back.

An Tianzuo immediately activated the communication array and sent messages to all holy places of the human race.

Detailed explanation of the previous battle on the Sea of Chaos.

When everyone hears.

Zhang Yuhe single-handedly swept away hundreds of supreme-level chaos beasts.

And he also wiped out all the Dao Ancestor Emperors of the demon clan.

Everyone simply thought that they were dreaming.

Or An Tianzuo is dreaming.

Talking in sleep.

After repeated confirmation.

Everyone finally believed that this was indeed true.

Regarding An Tianzuo's proposal.

None of the Taoist ancestors of the human race objected.

It's only the Demon Emperor's fault that he sought death.

He dared to ambush An Tianzuo.

The Demon Emperor started a war, so naturally they couldn't just sit back and watch.

And now that the Demon Emperor is dead, An Tianzuo has successfully returned.

If this doesn't wipe out the demon clan, then that's a weird thing.

The demons occupy such a good territory, and now they can be separated.

I believe everyone can benefit from it.

Everyone agreed with An Tianzuo's proposal.

After thousands of years of gathering.

The armies of monks from various holy places arrived at Tianzuo Holy Land one after another.

But An Tianzuo was not in a hurry.

He wanted to wait until all the power he could muster was gathered before taking action.

This is a war of genocide, not a small fight.

Although all the Dao Ancestor Emperors of the demon clan have died.

But in the entire Demon Realm, the number of demons far exceeds hundreds of millions.

The army of monks must be concentrated to ensure that all the demons are killed.

He cannot think of it.

There will still be some left in the future, the resistance force of the demons.

Or don't do it.

If you take action, you will be killed directly.

Let the demon race completely disappear from the history of the fairy world.

Tianzuo Holy Land, Kyushu Hall.

Twenty-four human race Taoist ancestors gathered together.

Less than 10 million years have passed since the last Kyushu Conference.

The Taoist ancestors of the human race are reunited again, which is also a very rare thing.

Section 770

Usually everyone is in their own area.

If nothing major happens, it is difficult for everyone to meet.

This time, in order to completely destroy the demon race.

The twenty-four Daozu emperors of the human race reunited in the Jiuzhou Hall again.

At this time, the hall was very lively.

A long-bearded Daozu asked Li Tianxing.

"Old ghost Tianxing, I heard that you also accompanied Tianzu to the Sea of Chaos?"

Li Tianxing responded with a smile.

"Yes, fortunately, the Galaxy Immortal King rescued us."

"Otherwise, the two of us would have fallen there."

Hearing this.

The Daozu emperors next to him couldn't help but prick up their ears.

Everyone was very curious about what happened.

Although An Tianzu had told them in detail through the communication array long before this.

But there is naturally a big difference between communication and talking in person.

The long-bearded Daozu next to him asked again.

"Tianxing, tell us in detail, what is the current strength of the Galaxy Immortal King?"

"How can he kill so many Chaos Beasts alone, including the Demon Emperor?"

"Yes, yes, Tianxing old ghost, tell us in detail?"

Li Tianxing pondered for a while, then spoke slowly.

"I don't know what the current strength of the Galaxy Immortal King is."

"But it is certain that he must have surpassed the limit of the fairy world."

"Otherwise, it would be impossible to sweep away all the enemies with just one round of sword energy."

"Just one round of sword energy?"

Hearing this.

Everyone took a breath of cold air.

This is too exaggerated.

That is a supreme chaos beast, and the Demon Emperor is a super powerful.

Completely on par with An Tianzuo.

Can't even Zhang Yuhe resist a round of sword energy?

Are you exaggerating?

Everyone looked at Li Tianxing with disbelief.

Full of doubts.

Such a result is really hard for them to believe.

If.

Zhang Yuhe fought for 300 rounds and fought against hundreds of Supreme Chaos Beasts.

Finally, he killed all the enemies.

This is reasonable.

Damn.

Tell me.

Just a round of sword energy swept over, more than 600 Supreme Chaos Beasts, and more than ten Daozu Great Emperors of the Demon Race.

All died?

Why does it feel so fake.

It's fooling fools.

...

Chapter 571 Qinglong's decision

Just when everyone was full of disbelief, An Tianzu next to him sighed.

He slowly said.

"When the Galaxy Immortal King bursts out with all his strength, his strength must have exceeded the limit of the fairy world."

"It's definitely not a normal Daozu realm, that simple."

"Even if I can't stop his full-strength attack."

Hearing this.

Everyone looked at each other in surprise.

Even An Tianzu couldn't stop Zhang Yuhe's attack.

This is too exaggerated.

You know.

An Tianzuo's own strength can overwhelm other Daozu and Zun-level Chaos Beasts.

Now even he can't withstand Zhang Yuhe's attack.

Could it be that Zhang Yuhe has broken through the Daozu realm and has taken a few steps forward?

Otherwise, how could he be so fierce?

Even if he is a supreme Tianjiao, he can challenge across levels, but he shouldn't be so strong.

"Brother An, has the Galaxy Immortal King passed the heavenly tribulation and achieved the Daozu realm?"

An Tianzuo shook his head and then spoke slowly.

"No."

"The Galaxy Immortal King is still in the Daluo realm when he doesn't explode."

"That's for sure."

"And everyone knows how terrible the heavenly tribulation of the Daozu realm is."

"What's more, the heavenly tribulation that a supreme Tianjiao like him needs to face is even more terrifying."

"Once the heavenly tribulation comes, I'm afraid that all the cultivators in the fairy world will feel it."

Hearing this.

Everyone nodded silently.

Indeed.

The Daozu Heavenly Tribulation is far from being comparable to ordinary Heavenly Tribulation.

Once the Heavenly Tribulation comes, its terrifying might cannot be hidden at all.

So there is no possibility that Zhang Yuhe can quietly survive the Heavenly Tribulation.

This shows.

Now Zhang Yuhe is still in the Daluo realm.

It's just that the Daluo realm with such strong strength is really hard for everyone to imagine.

"By the way, will the Galaxy Immortal King participate in this demon-killing operation?"

Li Tianxing next to him said helplessly.

"It shouldn't be. Since we separated in the Sea of Chaos last time, we haven't contacted the Galaxy Immortal King again."

"At that time, he said he would go to the Sea of Origin and wipe out the twelve tribes."

"Now thousands of years have passed, and we don't know what the result will be."

"The Sea of Origin is too far away, and we can't get in touch with him."

"I also asked Lu Yunfei of the Taoist Saint Sect, and the Galaxy Immortal King didn't come back."

"I guess he should still be near the Sea of Origin at this time?"

"That's a pity."

"I thought I could see the Galaxy Immortal King show his might this time."

"Haha, Brother Cangyue thinks too much."

"Now the demon clan doesn't even have a Taoist ancestor, so why does the Galaxy Immortal King need to take action?"

"After all our units have assembled, we can just push forward."

"That's right."

Everyone continued to discuss other matters.

At this time, Li Tianxing suddenly spoke up.

"By the way, everyone should speed up the preparation of the materials that the Galaxy Immortal King needs to collect."

"This is a major event related to the Galaxy Immortal King and his ability to survive the heavenly tribulation."

"Compared to this matter, other things can be put aside."

"Don't worry, since we received the message three million years ago, we have been speeding up the collection."

"Whether the Galaxy Immortal King can survive the heavenly tribulation is a major event related to everyone's future."
