

## Top talent 811

Section 811

How could everyone not be shocked?

In their opinion.

Zhang Yuhe had been concentrating on cultivation, and they rarely saw him walking in the fairyland.

How did he find the space channel and determine the location of the Supreme God's body?

This is very unscientific.

Zhang Yuhe nodded gently.

"Sure, I saw it with my own eyes, it must be true."

Everyone looked at each other.

Everyone didn't understand how Zhang Yuhe found the center of the Sea of Origin.

And.

Could it be that the Supreme God has been sleeping?

He didn't notice when Zhang Yuhe touched him?

This shouldn't be.

At this time.

An Tianzuo asked Zhang Yuhe tentatively.

"Is it that teleportation technique?"

Zhang Yuhe smiled and nodded.

He just made a stroke with his right hand.

A vortex of particles the size of a pond slowly appeared in the void.

Looking through the vortex to the other side.

A huge land appeared in front of everyone.

In the center of this land, there is also a vast lake.

A mysterious and deep vortex channel hangs over the lake.

This space channel seems to exist from ancient times.

Everyone will know it as long as they take a look.

This must be the channel from the fairyland to the outside world.

There is no reason.

Everyone has this feeling.

Seeing this situation.

Everyone was very excited.

"Haha, it is indeed a space channel."

"Now that the location of the space channel has been determined, can we walk out of the fairyland immediately?"

"Wait, look, what is floating on the lake?"

Hearing someone reminding.

Everyone immediately looked towards the lake.

I saw an oversized crocodile monster floating quietly on the lake.

The size of the crocodile monster was so huge that it completely exceeded everyone's imagination.

No one has ever seen a crocodile that is nearly three thousand miles long.

Let alone seeing it.

Everyone dared not even think about it.

How could there be such a huge crocodile monster?

This is too exaggerated.

"Is this the Supreme God?"

Everyone immediately came to their senses and guessed silently in their hearts.

At this time, the Qinglong Daozu, who had been silent, suddenly spoke.

"No, this crocodile monster seems to be dead."

"Hey, it's true. There is no vitality in this crocodile monster."

The crocodile monster floated quietly on the lake, and its terrifying momentum.

Even if it was separated by an endless distance, it still made everyone feel terrified.

However, everyone suddenly discovered.

This crocodile monster has been dead for many years.

Because they couldn't feel any vitality in the crocodile monster.

No matter how you look at it, it's dead.

Everyone looked at Zhang Yuhe in confusion.

They believed.

Zhang Yuhe must know something.

After all, Zhang Yuhe can know the location of the Supreme God.

There is no reason not to investigate.

Facing the eyes of everyone.

Zhang Yuhe sighed, and then slowly spoke.

"Yes, this is indeed the true body of the Supreme God."

"It is not wrong to say that it is dead."

"Then why, we have seen the shadow of the Supreme God before."

An Tianzuo asked very puzzled.

This is not a legend, nor is it recorded in the classics.

Many of the Taoist ancestors present have encountered the shadow of the Supreme God.

Since it has been dead for a long time, what is the matter with the shadow they encountered?

Everyone looked confused.

Zhang Yuhe pondered for a while, then slowly spoke.

"If I'm not mistaken."

"When Jiuzhou Mighty came to the fairyland, he had a great battle with the Supreme True God."

"As for the result of that battle, it is estimated that Jiuzhou Mighty died of his injuries."

"The Supreme True God's body was also severely damaged by Jiuzhou Mighty."

"But it is not dead, and there is still a trace of soul left."

"After billions of years of recuperation."

"The Supreme True God's soul should have recovered a lot."

"The phantom you have seen may be the manifestation of the Supreme True God's soul."

"In other words, its body has been destroyed, but its soul is still there."

Zhang Yuhe has not finished speaking.

Li Tianxing next to him suddenly exclaimed loudly.

"Look, everyone, look, the Supreme True God seems to be alive."

Everyone hurriedly looked towards the lake.

I saw a faint shadow slowly emerging above the crocodile monster's head.

At this time, the Supreme True God was completely angry.

Here he comes again.

How long has it been?

It's not letting people live in peace, right?

It looked up at the particle vortex in the sky and let out an angry roar.

"Damn kid, it's really annoying to spy here every day."

Boom...

The Supreme True God slapped out with one claw, and the void was instantly shattered.

The picture presented by the particle vortex disappeared directly from everyone's eyes.

...

Chapter 599 There are always more solutions than difficulties!

On the Milky Way Peak.

Everyone looked at each other.

At this time, everyone was excited about finding the space channel and shocked to see the Supreme True God.

The location of the space channel was determined.

This means.

Section 812

They found a way out of the domain.

But thinking about the terrifying figure on the lake they saw before.

Everyone was shocked again.

Even the most ignorant people.

Seeing such a huge crocodile monster, they can know how terrifying it is.

That is, a crocodile monster with a body length of nearly three thousand miles.

The only good news.

That is.

The Supreme True God must have been severely injured.

Even its body has been completely destroyed, with only a wisp of soul remaining.

Despite this.

Everyone did not underestimate it.

Everyone understands the principle that the tiger dies but its power remains.

What's more.

The Supreme True God is not dead yet.

Even that wisp of remaining soul is definitely not that easy to deal with.

More importantly.

Is it true that the Supreme True God only has this wisp of soul left?

Does it have other means?

For this question.

None of them dared to guarantee it.

What if the crocodile corpse on the lake suddenly jumped up.

Who can stop it?

No one dared to think about it.

Everyone was silent for a long time.

At this time.

An Tianzuo suddenly turned around and asked Qinglong Daozu.

"Qinglong, do you think the soul of the Supreme True God can be integrated with its body?"

Qinglong is the oldest Daozu in the fairy world, no one else.

And as a demon, he has a certain connection with the Chaos Beast.

Maybe he can provide some key information.

That's why An Tianzuo asked this question.

Qinglong Daozu pondered for a while, and then slowly said.

"It is definitely possible to achieve a short-term fusion."

"Otherwise, there would be no need for the Supreme True God's soul to guard its body."

"It can completely possess other Chaos Beasts."

"Or take over a Chaos Beast and start practicing again."

"The reason why it didn't do that."

"Obviously, in the eyes of the Supreme True God, its body is much stronger than any Chaos Beast in the fairy world."

"At the critical moment, there will definitely be no problem in merging into one."

"That's a bit difficult."

Hearing what Qinglong Daozu said, everyone couldn't help but feel a little discouraged.

The pressure displayed by the Supreme True God's soul alone.

It can directly imprison most of them and make them unable to move.

If this merges with the divine body, how powerful it would be.

Everyone dared not think about it.

Facing such a powerful Supreme True God.

Can Zhang Yuhe beat him?

Everyone turned to look at Zhang Yuhe, and there seemed to be some doubts in their hearts.

They hope to get a positive answer from Zhang Yuhe.

In fact.

In everyone's mind.

Zhang Yuhe's strength is also a mystery.

Maybe Zhang Yuhe is confident that he can beat the Supreme True God.

The Supreme True God who has merged with the divine body may also be able to beat him.

Looking at everyone's expectant eyes.

Zhang Yuhe took a deep breath and then spoke slowly.

"According to the information I have obtained, the strength of the Supreme True God in his heyday is the perfection of the True God realm."

At this point.

Zhang Yuhe paused for a while, then explained in detail.

"Outside the Immortal Realm, Dao Ancestors like us who have just broken through are called the Void God Realm."

"The Void God Realm has nine layers, and we are now in the first layer of the Void God Realm."

"Above the Void God is called the True God Realm, which also has nine layers."

"And the heyday of the Supreme True God is the great perfection of the nine layers of the True God Realm."

"Much stronger than the Great Power of Jiuzhou."

"It is indeed not easy to deal with."

"So that's how it is. Above Daluo is the Void God, and above the Void God is the True God Realm."

Hearing Zhang Yuhe's narration, everyone was filled with intense shock.

Everyone was very curious.

Where did Zhang Yuhe get this information from.

Not only did he know the realm outside the Immortal Realm, but he also knew the strength of the Supreme True God in his heyday.

This is very unreasonable.

If it weren't for the people who saw the Supreme True God with their own eyes back then.

It should be difficult to get this information.

"Could it be the Great Power of Jiuzhou?"

"The Great Power of Jiuzhou left a special inheritance somewhere in the Immortal Realm, and was obtained by Zhang Yuhe?"

Everyone guessed silently.

They didn't know.

Zhang Yuhe got this information from Wu Yiyi.

Wu Yiyi was the first person to enter the fairyland and see the Supreme God.

But Lu Jiuzhou caught up with her and blocked a bullet for her.

Wu Yiyi was naturally very clear about the strength of the Supreme God.

When Lu Jiuzhou fought a battle with the Supreme God, she was watching the battle.

If Wu Yiyi was not a scum without fighting power.

Maybe she would have destroyed the Supreme God's soul long ago.

She ran back to the Chaos Sea long ago.

If that were the case.

There would be no legend about the Enlightenment Tree in the fairyland.

Zhang Yuhe would not know so much information.

Hearing Zhang Yuhe's narration.

Although they were full of curiosity.

But no one asked.

They were not fools.

How could they ask about such taboos?

Zhang Yuhe was very generous if he could share some information with them.

If you really want to ask.

Maybe Zhang Yuhe would fall out on the spot.

"The True God Realm is perfect. It's almost higher than us. It's two whole realms. How can we beat this?"

An Tianzuo murmured to himself.

"Yeah, the gap is too big."

Section 813

After learning about the strength of the Supreme True God, everyone almost despaired.

This is equivalent to asking an early Taiyi Immortal to deal with a perfect Daluo Immortal.

No matter how powerful he is, he can't win.

And the actual gap may be even greater than this.

After all, the later the stage.

Every small realm is a huge gap.

How many small realms are there between them and the Supreme True God?

If Zhang Yuhe is not wrong.

The ninth level of the virtual god realm, the ninth level of the true god realm.

If you count it carefully.

They are actually eighteen small realms lower than the Supreme True God.

How despairing is this?

Seeing everyone silent.

Zhang Yuhe smiled and said.

"Don't panic."

"The Supreme True God is indeed very strong, but that was in the past."

"That's right."

Hearing this, everyone's eyes lit up.

They were also confused.

The Supreme True God was once severely injured and forced to leave his soul.

The strength that can be exerted now is estimated to be less than one tenth.

Thinking of this.

An Tianzuo asked Zhang Yuhe excitedly.

"Zhang Daoyou, I wonder how confident you are that you can deal with the Supreme True God."

Zhang Yuhe responded lightly.

"It's hard to say, but it doesn't matter much."

"If you can't kill it in one shot, then fight it a few more times."

"With the current state of the Supreme True God, it will definitely not be able to withstand a protracted war."

"As long as you harass it a few more times, the remaining soul of the Supreme True God will collapse sooner or later."

Zhang Yuhe was not sure how much strength the Supreme True God had left.

But he was confident that he could kill the Supreme True God.

A half-crippled crocodile monster, no matter how powerful it was in the past, what can it do.

He can teleport over and play a hand of Chaos Return to Void.

Then leave quickly.

Just do it one more time.

It would be strange if the Supreme True God, who was only left with one breath, didn't collapse directly.

For Zhang Yuhe,

Killing the Supreme God has never been a difficult task.

It just takes a little more thought.

After all, there are always more solutions than problems.

...

Chapter 600 Planning the Future of the Immortal World

Hearing Zhang Yuhe's words, everyone couldn't help but breathe a sigh of relief.

Actually, that's right.

Zhang Yuhe has the teleportation magic.

Even if he can't beat the Supreme God for a while.

He can kill it with exhaustion.

And the Supreme God is so badly injured that it is far from recovering his former strength.

Even if he merges with the divine body, it is estimated that he can't hold on for long.

Zhang Yuhe is completely invincible with the teleportation magic.

This battle is sure to win.

Thinking of this.

The Taoist ancestors couldn't help but smile.

This is the real hope.

The road is ahead.

Just wait for Zhang Yuhe to defeat the Supreme God.

Everyone can walk out of the fairy world and move towards a wider world.

Explore a higher realm.

For this day.

They have waited too long.

Now they finally see the light.

An Tianzuo took a deep breath and then slowly asked Zhang Yuhe.

"I wonder if you need us to do anything, Zhang Daoyou?"

"Yes, if you need us, please tell us."

"We will do our best."

The Daozus were excited and responded one after another.

There is no way.

They can't do anything to fight the Supreme God.

They have to rely on Zhang Yuhe completely.

If they don't do something else.

How will they deal with themselves in the future?

They are a group of Daozu emperors. It's not good to let others take them down.

They have to do something at least.

Show a sense of existence.

Zhang Yuhe glanced at everyone and pondered for a long time.

He slowly spoke.

"I plan to rest for a while, and after consolidating my cultivation, I will challenge the Supreme God."

"For the time being, let's set it after 100,000 years."

"But some things do need to be arranged in advance."

Speaking of this.

Zhang Yuhe paused for a moment.

Li Tianxing beside him asked quickly.

"What you said, Daoist Zhang, are some arrangements for the affairs of the fairyland before we leave?"

Zhang Yuhe nodded gently, and then continued.

"Yes."

"After we solve the problem of the Supreme True God, I believe everyone will go to the outer domain."

"But this fairyland is where we grew up after all."

"We have practiced in the fairyland for a long time."

"Now that everyone is leaving, we must make detailed arrangements to avoid trouble in the future."

The Dao ancestors nodded silently after hearing Zhang Yuhe's narration.

This matter really needs to be handled properly.

Don't wait until they leave.

There is no Dao ancestor to suppress the fairyland.

The disciples of each family will fight in the fairyland.

That's not good.

An Tianzuo asked in a deep voice.

"What plans do you have, Daoist Zhang? Please speak frankly."

Zhang Yuhe was not hypocritical.

He just waved his right hand.

Section 814

A rough map of the fairy world slowly appeared in front of everyone.

Zhang Yuhe stretched out his hand on the ground and tapped it a few times.

Five bright spots of light appear particularly bright on the map.

Four of the light spots are located in the four directions of the fairy world.

The remaining light point is marked in the center of the sea of origin.

Zhang Yuhe stood with his hands behind his hands, and then spoke slowly.

"Currently, there are four known soul-gathering treasure places in the fairy world."

"They are in Tianzuo Holy Land, Qinglong Holy Land, Demon Realm, and one is in Galaxy Fairy City."

"These four spiritual treasure places are located in the four directions of the fairy world."

"I once calculated that corresponding to the five elements and five directions, there should be a treasure gathering place in the immortal world."

"I judge that the fifth spirit gathering treasure place should be in the middle of the sea of origin."

"That is, the supreme true god is hidden in the lake."

"I plan to build four giant cities based on the four spiritual treasure places to guard the four directions of the fairy world."

"At the same time, starting from these four giant cities, we will build a large number of fairy cities along a straight line towards the sea of origin."

"After defeating the Supreme True God, finally build the fifth giant city in the center of the Origin Sea."

"In this way, through the teleportation array in the fairy city, the monks can go anywhere in the fairy world."

Zhang Yuhe just finished speaking.

The dots of light on the map began to light up one by one.

Eventually, these light points formed four straight lines, converging in the center of the sea of origin.

Zhang Yuhe thought.

The fairy world is really too big.

Ordinary monks have no chance of going very far.

Even Taiyi Immortal Lord will find it difficult to leave his immortal realm in his lifetime.

Inconvenience will limit the development of the fairy world.

It's also easy to cause trouble.

If you can build a fairy city, use the teleportation array in the fairy city.

If it connects the entire fairy world.

So if something happens somewhere.

Monks from other places can also quickly send support.

Moreover, it is easy to pass and can greatly promote communication in the fairy world.

The overall level of the monks will also be greatly improved.

This condition did not exist before.

The vast and boundless continent of chaos completely separates the major domains.

There is the threat of Chaos Beast.

Even if they want to build a large number of fairy cities, they can't hold it.

Now the threat from Chaos Beasts can basically be ignored.

This plan to open up connections with the entire fairy world is completely feasible.

The Taoist ancestors looked at the bright spots on the map and couldn't help but feel excited.

This is really a big deal.

If this can be achieved.

That great merit will be passed down to the immortal world forever.

But there's a problem.

Why does Galaxy Fairy City also have a Spirit Gathering Treasure Land?

before this.

They were completely unaware.

Zhang Yuhe occupies a treasured land for gathering spirits. After such a long time, no one knew about it.

can only say.

It's really hidden deep.

But no one paid any attention to it.

Although the Soul Gathering Treasure Land is precious, it is compared to leaving the fairy world.

This is not worth mentioning at all.

For their group of Taoist emperors.

No matter how precious the Spirit Gathering Treasure Land is, it cannot help them improve their cultivation level.

What's the point of coming?

After wiping out the demon clan.

The spirit-gathering treasure land left behind by the Demon Emperor is still sealed.

They have no use for these spiritual gathering treasures.

But according to Zhang Yuhe's plan.

Used to build giant cities and connect the entire fairy world.

Such good things benefit all sentient beings.

There is no reason for anyone to object.

Qinglong expressed his stance first.

"On behalf of the Qinglong Holy Land, I fully support Daoyou Zhang's plan to build a fairy city that connects the entire fairy world."

"Yes, this plan is indeed feasible."

"From now on, monks in the immortal world will be blessed."

Everyone expressed support for Zhang Yuhe's plan.

Just at this time.

An Tianzuo frowned slightly.

"According to Fellow Daoist Zhang's plan, build the Immortal City from all directions in the Immortal Realm, all the way to the Sea of Origin."

"I'm afraid this is a huge project."

"I want to build all these fairy cities."

"Even if all the Holy Lands try their best, it will take at least tens of millions of years to barely achieve it."

"Are we going to stay in the fairy world for so long?"

Zhang Yuhe waved his right hand and said lightly.

"That's not a problem."

"We only need to build the giant cities in the four directions of the fairy world first, and as for the fairy cities in the middle."

"Just set up the framework and let the monks from various places handle the rest."

"That's no problem."

An Tianzuo nodded.

He understood what Zhang Yuhe meant.

Before their group of Taoist ancestors left the immortal world.

First, build the framework in the fairy world.

It just so happens that this can be used to bring the monks in the immortal world together.

After they leave.

Ambitious people take the opportunity to cause trouble.

Everyone works together to build the fairyland.

Doesn't this unite all the monks in the immortal world?

Even those who intend to cause trouble will not find a chance.

have to say.

Zhang Yuhe's plan is indeed a good idea.

...

Chapter 601 Then let's go together

After Zhang Yuhe's proposal, the future plan of the fairyland was quickly finalized.

For the Daozu Emperor.

Although the fairyland is not worth lingering in, everyone does not want it to be in trouble in the future.

After all, this is where everyone can prove their way and grow.

Everyone is still thinking about it.

Maybe they will come back again in the future.

Just when everyone was preparing to discuss the specific details of the fairy city construction plan.

Section 815

Yang Yueyue, Li Tian and other immortals and kings of Daosheng Sect quickly rushed to Yinhe Peak.

Feeling the deep and deep breath emanating from Zhang Yuhe.

Everyone shouted in unison.

"Meeting the Sect Master."

At this time, everyone was so excited that it could not be added.

Zhang Yuhe successfully promoted to the realm of Daozu.

Their Daosheng Sect now has a Daozu in charge.

It is a real holy land.

How could everyone not be excited.

Zhang Yuhe nodded to everyone.

At this time.

Li Tianxing next to him said with a smile.

"Sect Master Zhang has been promoted to the realm of Daozu. This must be announced to the fairy world and a grand celebration must be held."

"Haha, that's right, such a big happy event must be celebrated."

A group of Daozu echoed.

Zhang Yuhe looked into the distance.

He responded lightly.

"Let's put the celebration aside for now."

"It's not too late to hold it after killing the Supreme True God."

Speaking of this.

Zhang Yuhe changed the subject.

"I will go back to retreat first. I will trouble you to take care of the construction of the fairy city."

"Please rest assured, fellow Daoist Zhang, we will definitely do it properly."

The crowd continued to discuss for a while.

Zhang Yuhe told Yang Yueyue, Lu Yunfei and others about some things.

Then he flew away quickly.

Yitian Mansion.

After seeing Zhang Yuhe appear.

Wu Yiyi jumped up excitedly.

She circled around Zhang Yuhe several times, and then praised him.

"Haha, it's very good. You have survived such a fierce heavenly tribulation."

"I was worried that you would be killed by the heavenly tribulation."

Zhang Yuhe was very speechless.

Can you speak?

Are you just looking forward to my death?

Of course, he also knew

that Wu Yiyi was joking.

Thinking that he had successfully survived the heavenly tribulation and was promoted to the realm of virtual god.

Finally, he had the ability to take Wu Yiyi back to the Chaos Sea.

A faint smile appeared on Zhang Yuhe's face.

He said softly.

"Yiyi, we will be able to go to the Chaos Sea soon."

"After I consolidate my cultivation, I will go and kill the Supreme True God."

"Yes."

Wu Yiyi responded softly, with a sweet smile on her face.

Zhang Yuhe walked to the practice platform and slowly sat down cross-legged.

Although he did not suffer any damage during the tribulation.

Even when the tribulation was the most severe, it was tens of millions of miles away from him.

There was no chance to hurt him at all.

Despite this.

Continuing to cross the tribulation for ninety-nine days still made him feel physically and mentally exhausted.

He really needs to recover.

Zhang Yuhe sat cross-legged on the practice platform and slowly closed his eyes.

Time passed slowly.

At this time, the outside world was completely in an uproar.

The news that the Taoist Sect Master Zhang successfully promoted to the Daozu realm had already spread throughout the fairy world.

The reputation of the Galaxy Emperor gradually spread throughout the fairy world.

At the same time.

Under the mobilization of the major holy places.

Countless cultivators acted quickly together.

According to Zhang Yuhe's plan, the giant cities in the four directions started construction first.

Even the Galaxy Fairy City began to expand further.

Along the direction of the four giant cities, fairy cities rose from the ground.

And each fairy city was built according to the specifications of the Earth-level Fairy City.

The entire fairy world seemed to have entered a great construction era.

As for the Chaos Beasts around the Fairy City, they had long been swept away by the cultivators.

There were no Venerable Chaos Beasts sitting in the city.

Even the King-level Chaos Beasts were swept away by Zhang Yuhe in advance.

The remaining Chaos Beasts were no match for the cultivators at all.

There was no need for the Dao Ancestors to take action.

The Daluo Immortal Kings of each fairyland could easily sweep away all the Chaos Beasts along the way.

The cultivators were full of momentum.

The Chaos Beasts that once dominated the fairy world for billions of years were now on the decline.

As the cultivators gradually swept away.

It can basically be foreseen.

In the distant future.

Chaos beasts will be completely extinct in the fairy world.

...

One hundred thousand years later.

Zhang Yuhe stood on the training platform.

Nine fairy swords surrounded him and slowly circulated.

The sharp aura on the surface of the fairy swords seemed to be able to easily tear the void.

Zhang Yuhe took a fairy sword and carefully examined it for a while.

A faint smile appeared on his face.

"Finally, all of this set of natal fairy swords have been upgraded to virtual artifacts."

Looking at the fairy swords shining with spiritual light, Zhang Yuhe muttered to himself in his heart.

After consolidating the realm of cultivation.

Zhang Yuhe started to upgrade the natal fairy sword.

It was not until recently that it was completely completed.

Virtual artifact is just a term used in the Chaos Sea.

In the fairy world.

It should be called a Taoist weapon.

After putting away the fairy sword.

Zhang Yuhe turned his head and looked at the Seven Star Fairy Pond not far away.

In the center of the fairy pond.

A golden sky-lifting long stick stood quietly in it.

This is the Nine Heavens Flying Spirit Stick.

As long as he returns to Yitian Mansion.

Zhang Yuhe will place the Nine Heavens Flying Spirit Stick in the Immortal Pond to nourish it.

"Hey, it's still a top-grade immortal weapon."

Section 816

Feel the aura emanating from the Nine Heavens Flying Spirit Stick.

Zhang Yuhe felt a little regretful.

Although he has always invested a large amount of fairy materials and fairy mines at any cost.

But so far, the grade of the Nine Heavens Flying Spirit Stick is still at the level of the best immortal weapon.

It is still far away from the Taoist level.

"Forget it, there's no need to count on this thing."

Zhang Yuhe stretched out his right hand.

The Nine Heavens Flying Spirit Stick in the center of the Immortal Pond quickly turned into a stream of light and flew into his sleeves.

Originally, Zhang Yuhe was still thinking about it.

If the Nine Heavens Flying Spirit Stick can be successfully promoted.

That would be great.

Compared with ordinary Taoist tools.

The power of the innate Taoist weapon must be enhanced to a very high level.

According to Wu Yiyi.

In the sea of chaos.

Like ordinary Taoist weapons in the fairy world, they are all called virtual artifacts.

The innate Taoist weapon is called a semi-sacred weapon.

Just from the names, you can hear the huge gap between the two.

Zhang Yuhe can feel it.

I want the Nine Heavens Flying Spirit Stick to be promoted to the semi-artifact level.

There is still a long distance.

It may take hundreds of millions of years to continuously cultivate, but it may not be successful.

It was naturally impossible for Zhang Yuhe to wait for such a long time.

That is to say.

He has no use for this innate treasure.

"Let it stay in the fairy world from now on."

Zhang Yuhe thought silently.

He has already planned it.

Wait until you kill the Supreme True God.

In the middle of the sea of origin, build a super giant city.

Zhang Yuhe guessed.

There should also be a treasure land for gathering spirits there.

By the time.

He left the Nine Heavens Flying Spirit Stick in the giant city.

It can be used as a foundation for a huge city while cultivating it.

Zhang Yuhe put away the Nine Heavens Flying Spirit Stick and was about to go out.

Wu Yiyi walked up excitedly.

"Zhang Yuhe, are you ready to fight the crocodile monster? I want to go with you."

Without waiting for Zhang Yuhe's response.

The Enlightenment Tree located in the valley quickly turned into a stream of light and flew over.

Then it turned into a purple ring and was gently put on Zhang Yuhe's left hand.

See this situation.

Zhang Yuhe was speechless.

"Okay, let's go together then."

...

## Chapter 602 The decisive battle at the top of the fairy world

Zhang Yuhe took a look at the purple ring on his left hand and smiled slightly on his face.

He didn't pay much attention.

Anyway, no one recognized Wu Yiyi when she transformed into a ring.

Of course.

Even if someone discovers it, it won't be a big deal.

In this fairyland.

Zhang Yuhe has long been fearless.

There is nothing that can threaten him now.

After taking out the Immortal Mirror and sending a message.

Zhang Yuhe soon arrived at Galaxy Peak.

Standing on the highest peak of this fairy city, looking into the distance.

I saw that the Milky Way Fairy City at this time was more than ten times larger than before.

The towering city wall covers all directions, as if the entire fairy city is an independent world.

As one of the giant cities that suppresses all directions in the future of the fairy world.

Galaxy Fairy City has such a scale, that's what it should be.

After a while.

Streams of light quickly fell on Galaxy Peak.

"metropolitan."

"Fellow Daoist Zhang."

After receiving the news that Zhang Yuhe was leaving the customs.

The Taoist ancestors immediately flew over and rushed over.

The Immortal Lords and Immortal Kings of Daosheng Sect also arrived at Galaxy Peak almost at the same time.

Everyone understands.

What does it mean for Zhang Yuhe to leave the customs this time?

This will be the most critical decisive battle since civilization existed in the fairy world.

If Zhang Yuhe succeeded in beating the Supreme True God to death.

So from now on.

The situation in the fairy world will definitely undergo earth-shaking changes.

This not only opened the way to the outside world for the Dao Ancestors.

At the same time, it was also completely extinct, the source of the chaos beasts in the fairy world.

Just kill the Supreme True God.

Those remaining chaotic beasts will become rootless duckweeds.

It would be easy to be wiped out by the monks.

If the Supreme True God does not die.

Then the chaotic beasts in the fairy world will be like weeds, growing again with the spring breeze.

Kill them all.

Looking at Zhang Yuhe standing on the top of the mountain, everyone's hearts surged.

An Tianzuo took a deep breath and asked Zhang Yuhe solemnly.

"Fellow Daoist Zhang, are you sure whether we should set off now?"

"I can go with you if necessary."

"I have the World-Destroying Spear to protect me. The pressure of the Supreme True God cannot do anything to me."

Zhang Yuhe looked into the distance and responded calmly.

"No, I can handle it by myself."

Zhang Yuhe understands very well.

There is an insurmountable gap between the Taoist ancestors in the immortal world and the Supreme True God.

Even as the first person in the immortal world.

An Tianzuo was absolutely unable to withstand it, and the Supreme True God struck at will.

The pressure of the soul of the Supreme True God is just a small problem.

The key is the true body attack of the Supreme God, which will be very terrifying.

It's not something that ordinary people can stop.

That is the Great Perfection of the True God Realm.

How can we underestimate it?

Even all the Dao Ancestors in the Immortal Realm swarmed forward.

Section 817

It's not enough for the Supreme True God, so he slapped him with one hand.

Zhang Yuhe knows.

Except for himself in this battle.

No one else is eligible to participate.

It's time for a fight.

Any trace of the aftermath of the war might be able to turn an ordinary Dao Ancestor emperor into ashes.

Zhang Yuhe raised his left hand and looked at the purple ring on his hand.

I thought silently in my heart.

Maybe only Wu Yiyi can accompany him to fight against the Supreme True God.

After all, Wu Yiyi's true body is also the Enlightenment Tree of the True God Realm.

Although she does not have magical powers in combat, she has realm.

Safety is no problem.

Everyone on Galaxy Peak was silent.

After a long time.

Li Tianxing said with a smile.

"In this case, Fellow Daoist Zhang will send us to the edge of the Origin Sea first."

"We can't get involved in the war, but we can still be spectators from a distance."

"Haha, that's right. Fellow Daoist Zhang, you must send us there first."

"Otherwise, by the time you finish fighting, we may not have reached the Sea of Origin yet."

"We can't miss such a big battle."

"It's easy to talk about."

Zhang Yuhe smiled slightly.

I saw him making a stroke with his right hand.

A vortex of particles the size of a pond appeared slowly in the void.

At the other end of the vortex is a desolate and dilapidated city.

That was the former residence of Supreme Mountain.

Chaos City.

For more than two million years.

Although the monks continue to eliminate the chaos beasts, there are still many places on the edge of the sea of origin.

But no one dared to go there.

Because the pressure of the soul of the Supreme True God is enough to cover the entire sea of origin.

Even the area around the Sea of Origin is also shrouded in its divine power.

Ordinary monks go over.

Once the Supreme True God breaks out, there will be death but no life.

Even the weaker Dao Ancestor may not be able to withstand it.

So this huge stone city is still desolate at this time.

Not yet, it was developed by monks.

"Sect Master, can we go over and watch the battle?"

Just at this time.

Yang Yueyue, who was standing next to him, asked him in a low voice.

"Sect Master, we also want to go over and watch the battle."

The Dao Sheng Sect's Immortal Lords and Immortal Kings were all excited.

Everyone wanted to go over and watch the battle.

Right.

Facing the impending outbreak of the greatest war in the fairy world.

Who wouldn't want to go and have a look?

Such a big scene.

They may never see it again in their lifetime.

"Okay, let's go there together."

After saying this.

Zhang Yuhe turned his head again and said to An Tianzuo and Qinglong Daozu.

"Two Taoist friends, I will trouble you later and help me protect these descendants of the Taoist Sect."

The pressure of the Supreme True God's soul is extremely terrifying.

Ordinary monks can't stop it at all.

Even the ordinary Dao Ancestor Emperor may be imprisoned by the pressure of the Supreme True God.

What's more, the group of Immortal Lords and Immortal Kings of Daosheng Sect.

But with An Tianzuo and Qinglong here, there will be no problem.

They have innate Taoist weapons to protect themselves and can hold up a defense.

Completely able to withstand the pressure of the Supreme True God's soul.

"Sect Master Zhang, please rest assured, this matter will be taken care of by me."

Qinglong Daozu said with a smile.

"Then I'll go over first."

Holding the world-destroying gun, An Tianzuo took the lead in passing through the particle vortex and reached the Chaos City on the opposite side in an instant.

Others quickly followed suit and were teleported quickly.

Zhang Yuhe looked into the distance and took a step forward.

Almost instantly.

More than a hundred of them were teleported from Galaxy Peak to the distant edge of the Origin Sea.

In the fairy world.

The teleportation power of Tiandi Wuji is simply a bug-like existence.

Ignore the distance barrier and go wherever you want.

It is simply a must-have for home travel.

Chaos City.

Standing on a section of dilapidated city wall.

Zhang Yuhe gently pinched the magic formula.

Nine fairy swords shone out, surrounded him, and circulated slowly.

The fairy sword stirred up layers of sword energy barriers to protect him firmly.

Facing the Supreme True God.

Zhang Yuhe didn't dare to be careless in the slightest.

How powerful is the perfection of the True God Realm?

Zhang Yuhe didn't know.

Even Wu Yiyi had told him many times.

But the knowledge gained from other people's narratives is always somewhat abstract.

And it can't be done accurately.

Only by experiencing it yourself can you get the true feeling.

Zhang Yuhe did not dare to be careless.

He put up his defense first.

In case something unexpected happens.

With the defensive power of the Nine Heavens Hunyuan Sword Formation, he could still withstand a few more blows.

Zhang Yuhe didn't believe it.

The Supreme True God can break through the defense of the Nine Heavens Hunyuan Sword Formation in an instant.

This is impossible.

Not to mention that the Supreme True God is still seriously injured and weak.

Even in its heyday.

Zhang Yuhe is confident.

With the Nine Heavens Hunyuan Sword Formation, it can also withstand several attacks from the Supreme True God.

The huge city is desolate, and the fairy swords are circulating.

Zhang Yuhe is heroic and arrogant to all living beings.

A battle at the pinnacle of the fairy world is about to break out.

Section 818

Chapter 603: You won't be in trouble this time, right?

Everyone gathered on the wall of Chaos City and looked into the distance.

At this time, everyone's hearts were full of expectations and excitement.

Especially Yang Yueyue and Lu Yunfei, waiting for the Immortal Lord and Immortal King of Dao Sheng Sect.

This was their first time coming to the edge of the Origin Sea.

In the past, everyone had only heard about the legend about the Origin Sea.

But when it comes to getting close to the sea of origin, it is simply unthinkable.

Two million years ago.

Around the edge of the Origin Sea, twelve major chaos beast tribes gathered.

There are more than 600 honor-level chaos beasts alone.

As for the chaos beasts below the king level, there are millions of them.

How could an ordinary Immortal King or Immortal Lord be able to come to such a terrifying and dangerous place?

Even the Great Emperor Dao Ancestor came to the edge of the Sea of Origin.

They all had to hide their bodies quietly.

Don't dare let the Chaos Beast find out.

Otherwise.

If discovered by the Twelve Tribes, they would face the siege of countless supreme-level Chaos Beasts.

The ordinary Dao Ancestor Emperor cannot stop him at all.

so.

Even though this place is rich in original things, people rarely come here unless necessary.

As for the last two million years.

Although the supreme Chaos Beasts had already been wiped out by Zhang Yuhe.

But there are still a lot of Chaos Beasts in the periphery.

Daozu the Great can travel unhindered.

But for the Immortal King and Immortal Lord, there are still certain risks here.

The key is.

For two million years.

Everyone is busy working on Zhang Yuhe's tribulation.

I don't have time to run so far.

Yang Yueyue looked into the distance, filled with curiosity.

"This is the original sea. Why is it so lifeless? It doesn't seem to have any life at all."

Qinglong Daozu said with a smile.

"It should be that the Great Power of Nine Provinces and the Supreme True God had a great battle here."

"The aftermath of the war wiped out everything in the entire Origin Sea."

"That's why people feel that there is emptiness everywhere."

"Mighty Nine Provinces?"

Yang Yueyue blinked her eyes.

What kind of boss is this?

He was actually able to fight head-on with the Supreme True God.

She has never heard of it.

The other Immortal Lords and Immortal Kings of the Dao Sheng Sect quickly pricked up their ears.

Everyone is full of curiosity.

They seemed to have heard some incredible legend just now?

Who is the Great Power of Kyushu?

Li Tianxing next to him laughed, and then spoke slowly.

"This happened in ancient times, and you will gradually know about it in the future."

...

The fairy sword circulated slowly.

Zhang Yuhe looked into the distance.

After a long time.

He said calmly.

"I'm going to get ready, please protect yourselves."

"Fellow Daoist Zhang, please be careful."

"Take care of yourself."

Zhang Yuhe smiled slightly.

He took a deep breath and then made a stroke with his right hand.

A vortex of particles the size of a pond slowly appeared in the void.

On the other side of the vortex.

A huge crocodile monster floated quietly on the lake.

Zhang Yuhe took one step forward and quickly disappeared from everyone's eyes.

The particle vortex in the void also began to slowly close.

What Zhang Yuhe wants is fast.

He wanted to be there before the Supreme True God could react.

Just make a sneak attack first.

so.

The moment the transmission channel opened, Zhang Yuhe didn't hesitate at all.

It was sent directly.

Standing over the lake.

Zhang Yuhe didn't even look at the surroundings carefully.

I saw him quickly using the magic formula.

A huge millstone appeared in the void instantly.

The pitch-black millstone overwhelmed the world and shrouded the crocodile monster in the lake.

Roar.....

The Supreme True God wakes up instantly.

A faint ghost shadow slowly rose above the head of the crocodile monster.

After seeing the millstone in the sky.

The Supreme True God couldn't help being surprised.

It felt that its soul was under the pressure of the millstone.

There is actually a tendency to collapse.

As the grindstone rotates gently.

The shadow of the Supreme True God's soul soon became much darker.

"Boy, you're looking for death."

The Supreme True God let out a shocking roar.

At this point it no longer dares to be careless.

The phantom of the soul quickly merges into the main body.

The originally dead crocodile monster began to glow with a trace of life.

Zhang Yuhe stood in mid-air, with nine fairy swords slowly flowing around.

A dense screen of sword energy formed around him.

Zhang Yuhe quickly pinched the magic formula, urging the Taoist chaos to return to the void, and slowly pressed towards the crocodile monster in the lake.

He wanted to take advantage of the Supreme True God before he could react.

Deal a wave of damage first.

even though.

It would definitely be impossible to kill the Supreme True God directly in one wave.

But just come a few times in a row.

Zhang Yuhe believes it.

The Supreme True God, who was seriously injured and dying, should not be able to withstand too much consumption.

Sooner or later he will be killed.

He did not resort to sword array to siege.

Zhang Yuhe knows.

The defense of the Supreme True God must be extremely terrifying.

Section 819

It was obviously impossible to suppress the Supreme True God simply by relying on the power of the sword array.

It is even more impossible to bring even a trace of harm to the Supreme True God.

If you want to destroy the Supreme True God, you can only rely on Taoism to return chaos to the void.

And he still needs to rely on the defensive power of the sword array to protect himself.

Unable to launch sword formation siege.

Zhang Yuhe knew it very well.

Facing the powerful Supreme True God.

No matter how careful you are, it's never too much.

Zhang Yuhe was urging the Taoist chaos to return to the void while staring at the crocodile monster in the lake.

Under the rotation of the millstone.

The water in the lake disappeared completely in an instant.

Even the surrounding void seemed to become a little stagnant.

At this time, the crocodile monster in the lake was still motionless.

It's like he's really dead.

But Zhang Yuhe knew.

The Supreme God is not dead.

Not even Lu Jiuzhou was killed at the beginning, the super boss.

How could he die so easily.

The huge crocodile monster divine body is now exuding majestic power.

Roar.....

The crocodile monster in the lake suddenly roared.

The Supreme God slowly raised its head, its huge head.

Two huge eyes, with a hint of coldness flashing through them, stared at Zhang Yuhe.

"Boy, if I don't cut you into pieces today, it will be difficult to relieve the hatred in my heart."

At this time, the Supreme True God was really angry.

Originally he thought.

Even if Zhang Yuhe comes to find him, it will be tens of billions of years later.

No idea.

Only one hundred thousand years have passed.

Zhang Yuhe suddenly appeared and immediately unleashed a terrifying Taoist power.

It paid no attention.

When the soul left the body, it was transformed into chaos by Zhang Yuhe's Taoism, and a small part of it was wiped out.

This allowed it to rest for hundreds of millions of years before it finally stabilized its soul power.

There is a tendency to collapse again.

This hatred, this hatred.

How could the Supreme True God not be angry?

I saw him roar wildly.

The huge crocodile tail swept across the sky quickly like a pillar that tilted the sky.

Boom...

The millstone that was spinning slowly in the sky collapsed and dissipated in an instant.

The huge crocodile body quickly rose into the air.

The huge body covered the sky and the sun, as if the devil had come to the world.

See this situation.

Zhang Yuhe couldn't help being surprised.

It never occurred to him.

Even the chaos of Taoism can be directly dispersed by the Supreme True God.

Before that.

Even in the face of the Dao Ancestor Heavenly Tribulation, those terrifying golden thunders.

They didn't turn the chaos back into nothingness, and the black millstone it manifested was not broken into pieces.

The Supreme True God just flicked his tail and scattered the black millstone.

What a terrifying power this is.

It's simply exaggerated.

"Is the Supreme True God stronger than the Dao Ancestor Heavenly Tribulation?"

Think of this.

Zhang Yuhe's heart trembled.

It won't be a failure this time.

...

Chapter 604 Do you want to run?

Zhang Yuhe stood tall in the sky, his expression slightly solemn.

He was a little panicked.

The Supreme True God seems to be so fierce that it's a bit unbelievable.

Even the Taoist millstone manifested by Chaos Guixu can be swatted away with one tail.

It was simply beyond his imagination.

What kind of strength is this?

Is the Dzogchen of the True God so powerful?

Moreover, the Supreme True God was seriously injured and should not have recovered yet.

Even if he is seriously injured, he is still so violent.

So how powerful was it in its heyday?

It's just terrible.

Zhang Yuhe was a little panicked.

He narrowed his eyes slightly and looked around.

I was thinking about whether to just teleport away.

Roar.....

Just at this time.

The Supreme True God let out a thundering roar.

I saw its huge body flashing rapidly.

The big claws that covered the sky and the sun immediately smacked towards Zhang Yuhe.

Boom...

Before Zhang Yuhe could react.

The huge crocodile claws seem to span endless time and space.

It was captured in an instant, on the sword energy light screen on the periphery.

The sword energy light curtain was shattered layer by layer.

Zhang Yuhe's entire body was shot tens of thousands of miles away.

too fast.

The movements of the Supreme True God were really too fast.

They were approaching Zhang Yuhe and there was no time to respond.

Even if he was always on guard.

Still too late to react.

He was immediately slapped away by the Supreme True God.

This is a kind of realm crushing.

The Dzogchen Realm of True God is so terrifying.

Even if it is the Dzogchen Realm of True God under serious injury.

Also incredibly strong.

After swatting Zhang Yuhe away with one claw.

The Supreme True God has no intention of stopping at all.

Its huge body is like a devil coming to the world.

Covered the whole world.

Huge crocodile claws, as fast as lightning.

No matter how Zhang Yuhe dodges.

Section 820

will be accurately photographed.

At this time, Zhang Yuhe was like a sandbag.

Being slapped by the huge claws of the Supreme True God, he kept retreating.

But at this time, Zhang Yuhe didn't panic anymore.

Because he suddenly discovered a key problem.

Although the Supreme True God's offensive was overwhelming, it looked unbelievably fierce.

But it was impossible to break through the defense of the Nine Heavens Hunyuan Sword Formation.

Under Zhang Yuhe's full urging.

The sword energy light curtain was shattered by the Supreme True God.

Not even as fast as he recovered.

No matter how the Supreme True God attacks.

Nine fairy swords surround Zhang Yuhe, forming a solid defensive barrier all the time.

"You can't even hit me."

"Then why should I be afraid?"

Zhang Yuhe thought silently while activating the sword formation.

"Let you be arrogant for a while."

He didn't believe it.

The Supreme True God can always be so fierce.

The injury was so severe.

Normally the body is just like dead.

He can only survive by relying on a ray of soul.

If the Supreme True God is in such a state, he can maintain such a fierce offensive.

That's the weird thing.

Zhang Yuhe guarded the sword formation.

Occasionally, he can still find time to use the magic formula to activate the Taoist chaos to return to the void.

Unfortunately.

This powerful Taoist technique, when faced with the Supreme True God.

It was like meeting a nemesis.

Whenever the black millstone has just arrived.

He was slapped away by the Supreme True God.

can only say.

The art of returning chaos to void.

When dealing with extremely fierce enemies like the Supreme True God.

It's really not easy to use.

I can't hold it down at all.

He couldn't even maintain the Taoist magic.

But Zhang Yuhe also understood.

The strength gap between him and the Supreme True God is indeed too big.

There is almost a difference between two big realms.

No matter how powerful the divine channel technique is, it is difficult to be effective.

"No, just being beaten without fighting back is nothing."

Zhang Yuhe was thinking silently while activating the sword array with all his strength.

Except for the sword formation.

The Taoist magic of returning chaos to the void is his most powerful magical power.

However, this magical power is now unable to exert its effect.

This made him feel a little uncomfortable.

You can't just stand there and get beaten all the time.

"How about trying other magical powers?"

Just do what comes to mind.

After being shot away by the Supreme True God again.

Zhang Yuhe stretched out his right index finger and pointed forward slowly.

A jet-black spiritual light pressed across the void and headed straight for the Supreme True God.

Soul-destroying finger.

This magical power originally obtained from Taixu Palace was now used by Zhang Yuhe.

The power is no longer what it used to be.

Under the blessing of the divine soul law of Dzogchen.

The jet-black light beam shattered the void and instantly fell on the head of the Supreme God.

Ahhhh...

The moment he was hit by the Soul-Destroying Finger, the Supreme True God froze.

follow closely.

It continued to let out miserable howls.

"Haha, it works."

See this situation.

Zhang Yuhe couldn't help but be overjoyed.

Of course he didn't just pick up a magical power and use it.

That's why he used the Soul-Destroying Finger, which was considered a relatively low-end magical power for him.

That's because Zhang Yuhe thinks.

The power of the Supreme True God is extremely strong, and his defense is even more exaggerated.

If you hit it with ordinary magical powers, you won't even be able to tickle it.

The magical power must be restrained accordingly to be effective.

Zhang Yuhe thought of it quickly.

The Supreme True God was seriously injured by Lu Jiuzhou in his early years.

He was even beaten until his soul and body were separated.

Only a ray of soul remains.

Although now the soul and body are temporarily merged into one.

But there will definitely be big flaws in this.

The soul-destroying finger refers to this magical power that can ignore defense and specialize in the depths of the soul sea.

Zhang Yuhe thought.

Facing the Supreme True God, this special enemy.

Maybe using this magical power will be effective.

The facts show.

Zhang Yuhe was right.

After being hit by the soul finger.

The violent figure of the Supreme True God stopped instantly.

He almost fell from the sky.

obviously.

That soul-destroying finger just now.

It brought great harm to the Supreme True God.

Otherwise.

It doesn't howl that loudly either.

Since the soul-destroying magic power is effective against the Supreme True God.

Of course Zhang Yuhe would not be polite.

He quickly pressed the magic formula.

Black auras of light quickly rushed toward the Supreme God's head.

Roar.....

At this time, the Supreme True God was completely angry.

It never occurred to me.

A small human race in the False God Realm can actually be so troublesome.

The soul-destroying finger just now almost caused its soul and body to separate.

Facing the black auras coming one after another.
